

Chapter 3630

Wrong?

George Han looked at him puzzled, completely stunned at this moment.

He didn't know what Sheng Yuan meant.

Could it be that the power of yin and yang is relatively weak? Are you exaggerating too much?

"I mean, you underestimate the power of yin and yang."

"At the beginning of the world, there is only chaos, and when chaos transforms into qi, it is yin and yang. At this point, yin becomes earth, yang becomes sky, and the world is first formed. It can be said that yin and yang it represents heaven and earth."

"Heaven and earth, how can it be the so-called power you call it?" Sheng Yuan chuckled lightly.

George Han was stunned: "What do you mean..."

"I mean that the power of yin and yang that you see now is only a small part of the power between heaven and earth, or it is just a glimpse of the leopard in the tube, your future. There is still a long way to go, and the power gained in the future will naturally be even more endless." Sheng Yuan smiled.

George Han is obviously still in shock, but after thinking about it carefully, Sheng Yuan's words are actually in the normal range.

After all, yin and yang are heaven and earth, and it is truly unimaginable how powerful the power of heaven and earth is.

George Han's heart also moved a little because of this.

After all, it is absolutely impossible for anyone to be able to master this kind of God's secret method to calm down.

"It's said that your kid picked up the treasure." Sheng Yuan smiled mysteriously.

"Although getting along with you is extremely depressing, it is also full of joy and surprises. However, there is no such thing as a banquet in the world. Right now, it is time for you and me to part ways."

"Go, break the gossip formation, let everything here be peaceful, and let the dead souls here get rid of the pain." When the

words fell, when Sheng Yuan raised his hand, the entire space suddenly rumbled, and the next second, from a ray of sunlight shot down from the top of the head, and it came straight down.

The light is extremely conspicuous in the dark, but it also makes the whole space brighter.

Taking a closer look, George Han was stunned to find that the light was not one, but two.

It's just that there is a light in it, which is actually a black light, completely hidden in the darkness, and it is difficult to detect it for a while.

"Move!"

He smiled coldly and waved one hand.

boom!

Under the head, a huge gossip lit up and pointed out a curve.

The eight characters of Gan, Dui, Zhen, Xun, Kun, Gen, Li and Kan should also be determined according to the inner week of gossip.

With the rotation of the central yin and yang line, the entire gossip began to slowly rotate.

“There are seven gates of death and one gate of life in the hexagram. When you enter from the gate of death, you naturally come out to die, and when you enter from the gate of life, you can find the formation eye, and use the power of yin and yang in your hand to move the formation eye, then this The formation can be broken, do you understand?” When the

words fell, Sheng Yuan looked at George Han. 33 Novel Net

George Han nodded fiercely: “I understand.”

“This hexagram is composed of innate gossip and acquired gossip. The hexagrams are intricate and complex, so although there are eight, but most of them are hidden in danger, and everything is illusion. , and there are all kinds of laws, which are extremely difficult. If you are an ordinary person, you will definitely be completely smashed in the gossip when you enter it

. I can't last more than two hours under these circumstances.”

“However, don't worry, when you master these two celestial arts, the risks in each of them are no longer risks to you. On the contrary, it is very likely that a dragon will enter the deep sea and a lonely sail will meet the wind.”

“However, There is a certain destiny in each, and I have not gone into it to understand it, whether it is life or death, whether it is a blessing or a disaster, it is difficult to make a judgment, everything is your chance, and everything is your destiny.”

“Go, Young people, go on your own path.” Sheng Yuan smiled, his body was about to be simulated.

However, at this moment, George Han hurriedly said, “Do you have any last wishes? I mean...”

“For example, take your bones back to Bafang World for burial? Or...”

“Haha, since it came Then Anzhi, the jungle is destroyed and the souls fly, what's the point of where the bones go?” He shook his head: “However, there is something that really needs your help.”

“Please tell me.” George Han said seriously: “As long as George Han can do it, he must do his best.”

Sheng Yuan nodded: “Okay, it's not difficult to do.”

“Dig my grave, dig my corpse!”

“What?”

Chapter 3631

to dig graves?

Still digging up the corpse?

This is definitely the most outrageous request that George Han has ever heard, and it is also the most ridiculous request.

This requires him to dig someone's grave and dig someone's corpse, which is at least understandable.

After all, the other party may be his enemy, and it is normal to take revenge on the other party in this way.

But this requires others to dig their own graves and dig up their own corpses, which is a bit of a bullshit.

Isn't this a scrambled egg?

Isn't this a grudge against you?

Not only is this ridiculous, it's even a little funny.

"That...I'm asking again, you just asked me to dig your grave and dig up your corpse? Are you sure?"

"I really don't know what he wants to do.

"I'm sure." Sheng Yuan smiled, seeing George Han's puzzled face, he shook his head: "Everyone in the world will die, so life and death itself is a normal thing."

"The living consider the dead, but the dead are the biggest I hope I believe it's not because of how beautiful he is after his death, he can't see it, and it's meaningless, isn't it?"

George Han nodded, which is true.

"Then what do you think is the greatest wish of the deceased?" he asked with a smile.

George Han never thought about this question, but if he was asked to answer it, it was actually not difficult.

Of course, his wish was that Amelia Su and Han Nian could live well, live happily, and live happily.

This should be the greatest wish of any dying person, right? !

"Yes, the dead hope that their living relatives can be better, I am no different from you." Sheng Yuan smiled.

"But what does this have to do with digging your grave and digging up your corpse?" George Han said with a frown.

In essence, these two events cannot be said to be irrelevant, only that they are completely unrelated.

"My name is Sheng Yuan, but my surname is Zhong, and I was the head of the Zhong family during my lifetime. Naturally, I also wear the emblem of the patriarch of my clan on my hand. I hope you can dig my grave and find the emblem. Ring."

“Although I also know that the world has changed, after so many years, the Zhong family may have no descendants, but...”

“But it is always a hope.” George Han said.

Sheng Yuan nodded heavily: “Yes, this is the last thing I can do for the Zhong family before I disappear.”

“George Han, can you promise me? If someone recognizes this piece by chance in the future. If you are the emblem, can you treat him well for me?”

“Of course, this should not let you pay in vain.”

“I ruled the world during my lifetime, and I also collected a lot of good things for the Zhong family. The descendants are still alive, and I believe that there must be some treasures that are still passed down to the world. These things, you can divide them into two at that time.” He said.

George Han shook his head: “George Han is not interested in anything from the Zhong family. The George Han gang has never valued anything in return.”

“If you say, after so many millions of years, even hundreds of millions of dollars. If there are still descendants of the Zhong family alive in 2010, I will definitely treat me as my elder brother and younger brother, which is considered as a reward for your kindness for teaching me the two celestial arts today.”

Hearing George Han’s words, he looked at George Han again . With a firm gaze at this time, Sheng Yuan nodded with satisfaction: “I believe, I will not see the wrong person.”

“With your words, I have no regrets in this life.”

“For you, the two celestial arts are like adding wings to a tiger, and like a dragon swimming into the sea. You must practice more. With such a body, you must have unimaginable disasters and trials. It should help You have a lot of work to do.”

“Okay, there will be a goodbye to send you thousands of miles away, the gossip formation has already started, you can go.” After the

words fell, Sheng Yuan’s hand moved again, and suddenly, the entire gossip stopped turning, and the yin and yang eyes also changed. Two rays of light were emitted and reflected on George Han’s body.

As the two rays of light brightened, they suddenly disappeared and took back into the gossip, and George Han on the ground disappeared completely...
