

## Chapter 3692

A jade sword happened to fly in front of Mingyu's toes.

The distance between the two is only a tiny difference, and it is extremely wonderful and surprising.

And this jade sword, its owner obviously can only be George Han.

Only George Han would dare to stand in the courtroom, wielding knives and guns.

Seeing this, a group of executives suddenly became angry and started to scold, but they saw Ming Yu waved his hand slightly, signaling them not to make a sound.

Immediately afterward, Ming Yu looked at George Han lightly, but was not angry, and smiled slightly: "George Han, what do you mean?"

"Although the food looks delicious, have you heard a word?"

Ming Yu A smile: "I'd like to hear the details."

"It's gold and jade, but it's lost." George Han sneered disdainfully.

"George Han, what do you mean? These things are all made by the top chefs in my city lord's mansion with top-quality ingredients. Usually, let alone other people, even if the

city lord wants to eat, it is as hard as the sky. You actually said them. It's gold and jade, and it's filthy. You're like a wild boar who can't eat scum."

"Whether the food is good or not depends on the person. If this person is right, even eating dirt will be fun, but if the person is wrong, Not to mention your gluttonous feasts, even the world's top delicacies from mountains and seas are just like chewing wax." George Han dismissed.

"George Han, you are such a big jerk. Elder Shenlong specially ordered the best chef to prepare the best feast for you. It's okay if you don't appreciate it, and you are still ranting about it."

"Yes, the surname is Han, your mother\*\*\*\*er is really hateful. I warn you, if you want to be smart and sensible, immediately apologize to my parents, otherwise, don't blame me for being polite to you." His eyes were directly on the guy who said you were welcome. When he saw George Han's

eyes, the guy instantly closed his mouth in embarrassment. How arrogant he said before, now he How cowardly.

"George Han, you have been trapped for three days, and now it's a whole day of fighting, don't eat anything, do you have the strength?" Ming Yu said slightly.

"Actually, I'm quite hungry." George Han smiled and said, "However, the reason why people are people is that people understand many distinctions between noble and lowly, for example, how can people eat dog food?" When the

words fell, George Han raised his hand lightly, and the golden and jade table in front of him was immediately completely overturned.

All kinds of delicacies that were originally incomparably exquisite on the table were scattered all over the place in an instant, and the chicken feathers were all over the place.

“Don’t say people eat them, even if they are the gluttonous food, they are not interested in eating them.” George Han looked at the evil gluttonous food behind him.

The glutton of evil nodded like smashing garlic.

“Have you

seen it? Everyone knows that gluttonous food is greedy. No matter what it can eat or not, it can greedily eat into its stomach. But look at the garbage you make, and you won’t even eat it.” George Han Leng sneered.

Hearing this, Ye Shijun and Zhu Yanshuo gritted their teeth angrily. George Han was clearly insinuating that what they made was inferior to dog food, so they were naturally inferior to dogs.

Really hateful, really annoying.

“George Han, don’t pretend to be in front of us. Who do you think you are now? You’re just a defeated army. Where do you have the guts and face to show off your might in front of me?”

“That’s right, Elder Shenlong invited you to have a feast to give you face, but you don’t know what to do, and you insulted me. Come on, kill this dog thief immediately, hang his dog’s head at the city gate, and make sacrifices People cast aside.”

Zhu Yanshuo and Ye Shijun spoke and cursed

one after another, and Ye Shijun even attracted soldiers outside the hall and hundreds of masters hiding in the hall.

As soon as they appeared, the palace that was still quite empty was suddenly crowded.

George Han was not afraid at all, glanced around the crowd, looked up at Ming Yu, and smiled:

“Anyway, you have been shameless with me for so long, Ming Yu, don’t you know me too well? With these people, do you want to subdue me? Are you dreaming?”

Ming Yu was slightly angry, she believed that she had overestimated George Han to the maximum, but what she didn’t expect was that even so, George Han still remained Still say so.

If it were an ordinary person, she would definitely be angry and cursing, but George Han...

Who can guarantee that what he said is false?!

But just as Ming Yu was thinking about it, George Han over there suddenly smiled sinisterly, and in the next second, the black energy on his body began to spread wildly..

### **Chapter 3693**

Those who were close to George Han, or those who were planning to rush to George Han, were directly repulsed by the airwaves. Even Mingyu at this time knew that the energy was strong, and hurriedly

threw a water circle in his hand, sending the air around. All the incoming energy was absorbed into the water circle and dissolved, which was barely a near miss.

However, even so, Ming Yu couldn't help frowning deeply at this time.

At this moment, the energy in George Han's body is still so huge.

While this was really shocking, he had to reconsider George Han's words.

It seems that he may not really be bragging.

"How is it, Mingyu, do you believe it now?" George Han sneered.

As soon as the voice fell, not only did the group of people who were closer to shouting

George Han retreated, even Ming Yu was vigilant and kept a certain distance from George Han at this time.

letter.

How can you not believe it?

Even at this moment, George Han can still rely on the leaked information to really hurt people. This alone has exceeded all expectations.

George Han smiled slightly, looked up at the high palace, sighed, and said, "To be honest, this place is very well built. I think it must be a lot of labor and money, right?"

Seeing George Han's eyes Zhu Yanshuo was a little nervous when he voted, and he was a little speechless.

No one wants to be named by George Han at this time.

"If it's broken, what a pity you say." George Han said with a smile.

Zhu Yanshuo didn't know how to answer, so he could only look to Mingyu for help, hoping to get her instructions.

"George Han, what do you want

?" Ye Shijun asked impatiently at first.

"It's a pity that this place is broken. When you bugs die, there will be other people who will be the new city lords in the future. It won't even be suitable for you to have a place to stay. So, let's go out and fight, what do you think? ?" George Han said.

go out to fight?

George Han's proposal is really confusing.

But the confusion is nothing else, but simply because your enemies are still thinking about your place, which is of course incredible.

However, under this condition, the two of them obviously can't be the master, so they can only look at Ming Yu.

Ming Yu thought for a while and said, "Hasn't George Han warned us that it's not enough for these people here to subdue him, and since that's the case, then we'll listen to the advice."

"There are more defenses outside. , just go outside and fight, you say, Han

George Han ." Ming Yu said.

Although I don't know what the hell George Han is doing, how can Mingyu refuse this self-interested condition?

The outside is wide and wide, which is more conducive to the spread of the army, and a large number of defenses are outside.

George Han didn't speak, with a faint smile, he led Linlong and the gluttonous glutton of Evil to walk straight out of the hall.

A group of soldiers obediently surrounded and retreated, and went all the way to the very center of the playground in front of the hall, and George Han stopped.

And as George Han stopped, the masters in the hall quickly squeezed out and cooperated with the soldiers who had surrounded George Han to surround George Han even tighter.

"Wow!"

Almost at the same time, a small horn blew in Zhu Yanshuo's hand.

Whoa!

In an instant, the sound of armor sounded from all around, and next to the surrounding objects with George Han as the center, densely packed elites appeared neatly.

At the same time,

behind the elites, there are countless phalanxes of masters.

Don't say it's a fight, even if you look at it at this time, your scalp feels numb.

"Huh!"

Ten thousand soldiers shouted in unison, with extraordinary might, and then lined up neatly and slowly toward George Han.

Every step they took, they had the potential to step on the mountains and rivers, and the ground they stepped on was rumbling and dusty.

"There are at least tens of thousands of people." George Han smiled softly.

Ming Yu also smiled and said, "George Han, what about now?"

“I, George Han, never like to talk big, and I don’t like to tell lies, so if I was in my prime, I might be able to fight. But After spending a whole day on me, I want to make a comeback by myself, which is almost nonsense.” George Han briefly analyzed, then looked at Mingyu: “So...”

“The answer is very simple.”

George Han Xiaoxiao: “I must die!
