

## The One and The Only Chapter 371 - 380

He Yun widened his eyes and said angrily: "Our company has never heard of Lord Tang's order. We can cooperate with whomever we love to cooperate with, can you control it?"

Cyclops Leng hum: "In our south, our Lord Tang can control it. Now I announce that your shipment has been confiscated by us!"

He Yun said angrily: "You are a robbery, do you know what company we are?"

The one-eyed dragon raised his hand and slapped He Yun's face fiercely with a slap, so that the corners of He Yun's mouth were bleeding.

He pointed to He Yun nose, shouting and said: "I control what your company, you dare to go against the command of our Lord Tang, Song Painting sell the equipment, we dare device directly confiscated"

One-Eyed Jacks Here, a big hand He waved, instructed a large group of people behind him:

"Go, take the truck and equipment away!"

He Yun wiped the blood from the corner of his mouth, and warned with a high face, "You dare to move this batch of equipment, you will soon regret it. "The one-eyed dragon grinned and sneered: "I have never regretted the word in my dictionary."

"Also tell you, who would dare to sell the equipment to Song Pingting in the future, and we will confiscated it as usual. This is the end of trouble with our Lord Tang. "

After that, Cyclops and his men took away the truck and the goods. Only He Yun was standing on the side of the road with a bunch of drivers and people accompanying the car.

When the cargo was lost, the drivers were all anxious, and said to He Yun one after another:

"Captain, our cargo was robbed, call the police!"

He Yun shook his head: "These people are Tang Beidou's men. Tang Beidou is here.

Jiangnan Province has a distinguished status, and it is estimated that they can't be helped by the police." The

drivers were dumbfounded: "What should I do?"

He Yun said with a sneer, "It's okay. Our Feilong company is a military enterprise, and it's not easy to mess with."

"More importantly. Yes, these goods belong to Mr. Yash."

"Mr. Yash, these guys dare to rob Mr. Yash's goods. They are simply stealing confessions

from the table of the king and seeking their own death."

He Yun finished speaking and called Yash Nics to explain the situation.

At this time, Yash Nics, Song Pingting, and a group of company executives were downstairs

in the company, waiting for He Yun's motorcade to arrive.

Unexpectedly, the first batch of equipment they purchased would be robbed by Ouyang Ting

and Ye Zhiqiu.

When Song Pingting saw Yash Nics finished answering the phone, her expression was

wrong. She hurriedly asked: "What's wrong, is the supplier's fleet coming?"

Yash Nics said, "I have arrived in Mannity City."

Song Pingting and others heard the words. Just about to show a smile, Yash Nics

continued: "But just now I got the news that Ouyang Ting and Ye Zhiqiu sent someone to

take away all the equipment we bought."

"They threatened that anyone who dared to sell the equipment to us would be confiscated."

Song Pingting opened her eyes wide when she heard this, and said aloud: "Too

overbearing, this is a robbery, we call the police." The

surrounding company executives sighed and whispered: "Mr Song, Ouyang Ting and Ye

Zhiqiu are all Tang Ye Tang Ye is known as the King of Jiangnan."

“It is said that even the respect of the province is courteous to him.

When we see him in

Mannity City, we must bow down and flatter.”

“They have the final say, we will even call the police. , I guess it won’t work.”

“Yes, we were banned by the Gemini Group abroad, and by Lord Tang at home. We are going to die.”

Song Pingting’s face paled, and she finally saw Jiangnan. The king is great.

It seems that this batch of looted goods do not want to come back, and the alarm will not be useful.

And Ningda Group will not even think about buying equipment in the future, it is estimated

that every time you buy it, you will be robbed once.

Song Pingting was so anxious that her tears were about to fall, and the Ningda Group was

about to be driven to a dead end!

Just when Song Pingting was anxious and tears in tears, Yash Nics said lightly: “What kind

of thing is Jiangnan King, even if it is the king of heaven, I will pay a price for stealing our goods!”

“My wife, don’t worry, I Guarantee one hour, and the robbed goods will be sent back to us obediently.”

The One and The Only Chapter 372

Yash Nics said , Song Pingting and a group of Ningda Group executives were dumbfounded.

Yash Nics is afraid that he wants to be crazy, because Tang Ye’s group of people are so

arrogant, and they don’t even place the city respect and the province respect. How can they

obediently send the stolen goods back?

Yash Nics calmly comforted Song Pingting: “Don’t worry, I said they will send it back

obediently within an hour, and they will definitely send it back.”

Yash Nics walked away and took out his mobile phone to call Dianchu. He said lightly: "The first batch of equipment delivered by Feilong Company to Ningda Group was robbed."

"I want them to send this batch of equipment to Ningda Group within an hour."

Dian Chu heard the words. Shen said: "Feilong Company is a military industry company backed by our Northern Army, and this batch of goods is still owned by your master. They dare

to snatch it ." "Master, rest assured, I must let the looters get the equipment within an hour.

Send it back and let them take their own fruits." After

Dian Chu hung up the phone, he immediately called the Raptors Special Forces regiment

stationed at a base in Mannity.

Two thousand special Raptors soldiers assembled quickly.

Large military trucks draped in tarpaulins rushed out of the base, ran across the long street,

and quickly tracked the past according to the GPS positioning of the equipment provided by

Feilong Company.

Dian Chu, dressed in the uniform of the school officer, sat in the front of a military truck.

He closed his eyes and rested, and the other soldiers in the cabin were fully armed and

holding a black submachine gun. Their figure swayed slightly with the bumps of the vehicle,

and their faces were all serious.

In an old warehouse in the eastern suburbs of Mannity City, there are ten large trucks and

dozens of small vehicles parked in the yard.

With a cigarette in his mouth, the one-eyed dragon grinned and told his subordinates: "We

have confiscated Yash Nics's goods, and I'm probably not convinced.

Yash Nics and Dong

Tianbao have a good relationship, so you can't guarantee that Dong Tianbao will bring

someone to the door.”

“Everyone must be alert for me. If Dong Tianbao’s miscellaneous thing really comes, then I will kill him.” The

Cyclops’ subordinates all smiled and said, “Hehe, Long Brother, let’s I followed Mr. Ouyang in the provincial capital, and we are still Lord Tang. Dong Tianbao, a small squatter in Mannity City, what is it?”

” Yes , if they dare not come, let’s forget it. If they dare to come, we Just destroy them all.” Just when Cyclops and his gang were talking triumphantly about how to destroy Dong Tianbao.

Suddenly someone came in in a hurry from outside and said anxiously: “Brother Long, it’s not OK.” The

one-eyed dragon stared at a one-eyed one, and cursed angrily: “What’s the matter, panicking?” The

subordinate reported: “He Yun, the transportation captain of this batch of goods, came to the outside door with a bunch of drivers and accompanying personnel. It seems to be saying that they should return the goods to them as soon as possible, and then be conceited.” The

Cyclops cursed: ” Damn it, I thought it was Dong Tianbao who came to die. I didn’t expect it to be the transport driver of this batch of goods. They are nothing. Let’s go out and abolish them.” The

Cyclops brought hundreds of men, holding them one by one. Iron pipes and machetes, and some of them were holding pistols in their hands.

Murderously came to the gate of the warehouse, and he saw He Yun and more than thirty people gathered at the gate, demanding to return the equipment.

Seeing the Cyclops came out, He Yun was not afraid at all. He straightened his chest and said loudly, "We have reported your robbery to our company. If you are interested, please return the equipment to us now. , It's still too late." The one-eyed dragon grinned sneer, showing a black pistol pinned to the belt around his waist, and then asked He Yun grinningly: "What did you say, there is a kind of you say again?"

He Yun looked Looking at the pistol on the waist of the Cyclops, he raised his head and said: "You don't want to play sideways when someone has a gun. I'm afraid you can't beat us with more people, and you can't beat us with more guns!" The Cyclops pulled out his pistol and pointed at He Yun's forehead: "Fuck, who's bragging to scare? Believe it or not, I shot you down."

The One and The Only Chapter 373

He Yun closed his eyes and listened carefully.

After a while, I heard the faint sound of a speeding truck coming from a distance.

He said slowly: "Come!" The one

-eyed dragon was stunned: "What's here?"

He Yun opened his eyes and smiled and said, "The person who supported our company is here!" The one

-eyed dragon was frightened, wondering if it was Dong Tian. Borrowing?

At this moment, he and his men had also heard the sound of the truck engine coming from a distance.

Then, they opened their eyes in shock.

One after another military heavy trucks, galloping like beasts.

A military truck at the front, like a wild horse, rushed at full speed.

I braked suddenly when I was approaching!

The wheels made a few deep marks on the dirt road, and finally stopped less than one

meter away from Cyclops and He Yun.

The remaining dozens of large military trucks also stopped one after another.

Then, special soldiers in camouflage uniforms with live ammunition, well-trained, jumped off the trucks and assembled quickly.

In the shocking gaze of the Cyclops and others, Dian Chu, dressed in school official costume, jumped directly from the two-meter-high car, like a god descending.

Dian Chu coldly shouted: "Enclose the scene. Birds are not allowed to let go. If there are any rebels, they will be shot dead on the spot."

"Yes!"

Two thousand Raptors special soldiers roared together and quickly. Completely seal off the scene.

All the submachine guns that used the black hole were aimed at the Cyclops and others.

Cyclops and his men, where have they seen this formation, were so scared that their lips were white, their feet trembling, and they all raised their hands and surrendered.

The one-eyed dragon looked at Dian Chu in horror, and said in a trembled voice: "This sir, we are Lord Tang's people. Is there any misunderstanding in this?"

Pop!

Dian Chu raised his palm and slapped it on the Cyclops' face with one slap.

Like a grenade exploding on a calm lake, the powerful hand strength made the Cyclops face bloody.

Dian Chu slapped the Cyclops with a slap, and yelled with anger, "Blind your dog eyes, do you know what company this batch of goods belong to, Feilong Company!"

"Do you know that Feilong Company is backed by? It's our Northern Army? The robbery dare to grab us?" The one

-eyed dragon covered his wounded face and looked at the angry Dian Chu in horror. Only then did they know why a large number of special soldiers were dispatched to arrest them.

It turns out they stabbed a big basket!

They turned out to be the Feilong Company's goods. You must know that the Feilong

Company is a military industrial enterprise backed by the Northern Army.

Mistakes, great mistakes!

This is really a robber who has robbed the soldiers' food!

Cyclops scared again and again for mercy: "Sir, I was wrong, we were wrong, I beg you to

look at the face of Don Lord, and forgive us for once!"

Snapped!

The Cyclops was slapped fiercely again, and this slap caused him to lose a few teeth.

Dian Chu cursed coldly: "What is Tang Beidou worthy of me to give him face?"

"Listen well, I want you to send the equipment back to Ningda Group as soon as possible,

and personally ask for Mr. Yash. Forgive Miss Song."

"Only if they forgive you, will you have a chance to take a stab at it."

"Otherwise, the Devil Prison of our Northern Army will treat you well."

The Cyclops tremblingly said: "Yes, yes, we will send the equipment back to Mr. Yash, and

beg for forgiveness."

The One and The Only Chapter 374

Ningda Group, Song Pingting, wearing a skirt suit, was pacing back and forth anxiously.

Song Zhongbin and Lin Wei and a group of company executives are also waiting with anxiety.

Only Yash Nics was the most calm and smiled to persuade everyone not to worry.

Song Pingting couldn't help rolling her eyes to Yash Nics, and said angrily: "We finally found

the equipment supplier, but I didn't expect that the first batch of equipment would be robbed halfway. Can you not worry? ”

Yash Nics, I don't think we should daydream here anymore.”

“Ouyang Ting and the others are not good people. They dare to send someone to grab our equipment. They will definitely not send it back obediently, or we should call the police quickly.

Right ?” Before Yash Nics had spoken, Song Zhongbin and a group of company executives sighed: “Ah, behind Ouyang Ting is Lord Tang. Lord Tang is known as the King of Jiangnan, and he covers the sky in Jiangnan. Don't call the police. It's useless to go to the Lord's office !” Just when Song Pingting's face was pale and Song Zhongbin's company executives were very discouraged.

Suddenly the company's security captain Wang Long came in hurriedly and reported: “Mr. Song, there are a bunch of evil-looking guys downstairs from the company.”

Song Pingting was shocked when she heard this: “Is it possible that Ouyang Ting sent someone to rob him.” If we leave our equipment, send someone to smash our company?”

Wang Long shook his head repeatedly and said, “No, although the group of people look fierce, but their attitude is exceptionally good, as if they are here to return it. The equipment of our company, come to admit mistakes and beg for mercy!”

What? !

Song Pingting, Song Zhongbin, Lin Wei and others opened their eyes wide.

Everyone unanimously focused their eyes on Yash Nics, and their expressions were very shocking.

Yash Nics said that the person who robbed Ningda Group's equipment would obediently return the equipment within an hour, begging for forgiveness. Unexpectedly, now the robbers really sent the equipment back! Song Pingting and others, with shock and doubt in their eyes, they seemed to be asking:  
How did you do it?  
Yash Nics chuckled softly: "Everyone, what are you doing? The robbers have already sent the equipment back. Let's go out and see if the equipment is damaged?"  
Song Pingting nodded and greeted the company subordinates around him: "Go away Go out and have a look."  
Song Pingting, Yash Nics, Song Zhongbin, and a group of Ningda Group executives came to the door of the company building.  
I saw ten large container trucks and dozens of small vehicles parked in the parking lot in front of the building.  
The truck is loaded with the first batch of equipment from the Feilong Group and Xiaolong Company to the Ningda Group.  
He Yun, the captain of the transportation driver, came over with a list and respectfully said to Yash Nics and Song Pingting: "Mr. yash, Miss Song, the first batch of equipment sent to you by our Xiaolong company is here. This is Check and accept the list."  
Song Pingting ordered her staff to check and accept the equipment. At the same time, she looked at a short distance in amazement. There were more than one hundred cyclops, full of flesh, dyed colorful hair, and tattoos. They.  
She asked in a low voice: "Captain He, who are these people?"  
He Yun said calmly: "They are the robbers who robbed equipment!"  
What? !  
Song Pingting and others looked at the Cyclops and others in horror.

Yash Nics's gaze also fell on the Cyclops and the others, and said coldly, "You took our

equipment?”

Song Pingting hurriedly pulled Yash Nics’s sleeves, and whispered: “Yash Nics, don’t speak

up. So rush. These people are not good at first sight. They are fortunate enough to send the

equipment over. Don’t anger them anymore.”

However, the Cyclops and the desperadoes have heard Yash Nics’s anger .

Moreover, the Cyclops’ eyes fell on Yash Nics, and immediately brought hundreds of people

around him to come over.

When Song Pingting and others saw this, their faces were pale with fright. Even the security

captain Wang Long said in horror: “In broad daylight, don’t mess around!”

However, an unexpected scene appeared.

Cyclops and hundreds of his subordinates walked in front of Yash Nics, and they all knelt

down with a plop!

Song Pingting thought that the Cyclops wanted to be rough on Yash Nics, and she

instinctively wanted to protect Yash Nics. But I didn’t expect that these fierce bandits would

kneel down in front of Yash Nics in a uniform movement.

Her eyes widened, her mouth opened, and her face was shocked.

Song Zhongbin, Lin Wei, Wang Long, and other members of the Ningda Group did not give

too much attention to each one, and their shocked eyes were about to bulge out.

Is this really the case? ? ?

The One and The Only Chapter 375

The One eyed dragon burst into tears and knelt in front of Yash Nics trembling, begging: “Mr.

Yash, Miss Song, we know that we are wrong, we shouldn’t grab your equipment.”

“I beg you adults Don’t remember the villain, let us be a fart.”

Song Pingting, Song Zhongbin and others looked at Yash Nics with weird expressions.

Hundreds of fierce and wicked bandits knelt in front of Yash Nics. The scene was too shocking and weird. How did Yash Nics do it? Yash Nics looked at the one-eyed dragon kneeling on the ground at this time and said indifferently: "I only shed tears when I saw the coffin. It's a bit late." Hearing the words, the one-eyed dragon and others smashed their heads desperately, and their foreheads were bleeding. He kept begging, "Mr. Yash, Miss Song, please forgive us." "They said, if I can't get your forgiveness, we will die." Song Ping Ting was kind-hearted, and the one-eyed dragon knelt in front of her, which made her feel overwhelmed. Not to mention the one-eyed dragons, they knocked their heads like garlic, each of them knocked their heads full of blood. She looked at Yash Nics: "Yash Nics, why don't you forgive them, just hand them over to the police?" Yash Nics wanted the Cyclops to kneel at the gate of Ningda Group Building for a day and night. But at this time, when he heard Song Pingting's words, he smiled and said, "Okay, I'll spare them once if I listen to your wife." Song Pingting 's pretty face turned red when she heard Yash Nics's words, and her heart felt sweet. of. Yash Nics's eyes fell on the Cyclops and the others, and said coldly: "You are forgiven for dead sins, and you cannot escape your living sins. Go to the Codex and receive the punishment yourself!" The Cyclops and others repeatedly thanked them: "Yes, yes, yes. Let's get the punishment now."

Cyclops and his men left in embarrassment and took the initiative to receive punishment.

No one dared to escape, because Dian Chu had already registered them all.

The whole city is full of surveillance. If anyone dares to escape, he is the military's A-class

wanted criminal. If caught, he will be shot on the spot.

Instead, he took the initiative to see Dian Chu and took the initiative to receive punishment.

Then he would be able to come out as long as he had been in the North Border Military

Prison for five years through labor reform.

After five years and the shooting, which is more serious, Cyclops can still be distinguished.

Therefore, no one thought about running away, and they all went to meet Dian Chu honestly

and accept punishment.

Ningda Group is full of joy.

Everyone was very happy, but also curious about how Yash Nics did it?

Song Pingting asked Yash Nics, Yash Nics said with a smile: "In fact, it has nothing to do

with me, mainly because the equipment supply company we work with is awesome. They

dare to grab the equipment from Xiaolong. They will definitely be unlucky."

Song Pingting I haven't studied the Snapdragon company carefully, and thought it was an

ordinary pharmaceutical equipment company.

She asked in surprise at this time: "Hey, is the Snapdragon company very powerful?"

Yash Nics said with a smile: "The Snapdragon company is a branch of the Feilong Group,

which specializes in the field of pharmaceutical equipment. Feilong

Group, do you say it is

good? ? "

Song Ping Ting, who gasped, surprised: "Xiaolong companies had to cooperate with us, is a

subsidiary of the famous dragon military enterprise group, no wonder that the robbers were scared silly. ”

Song Ping Ting and the others are even more excited that they have not been able to cooperate with the Gemini Group and the Blue Sky Group. Instead, they have become business partners with the Feilong Group, a famous military industry group.

Ningda Group will no longer have to worry about the first-hand equipment in the future, and the future has suddenly become brighter.

Song Pingting couldn't help but said to Yash Nics excitedly: “Husband, you are so amazing!”

“Huh?”

Ouyang Ting and others heard. Everyone was dumbfounded.

Ouyang Ting asked suspiciously: “What the hell is going on?”

Ye Zhiqiu said with a wry smile: “We kicked the steel plate this time, the company that

provides equipment to the Ningda Group. It turned out to be a well-known military industry

enterprise, a subsidiary of the Feilong Group. Xiaolong Company!”

Ouyang Ting gasped when he heard the words, “Is the Feilong Group, a powerful military

enterprise with the Northern Army?”

Ye Zhiqiu nodded: “Yes!”

“That’s why the Cyclops are afraid of them. I honestly sent the Feilong Group’s equipment

back, and honestly received the punishment, and was assigned to the North Border Military

Prison for labor reform.”

Ouyang Ting was surprised and murmured: “So, no wonder the Cyclops did not follow. I said

hello and returned the equipment to Song Pingting. It turns out that these equipment are

from the Feilong Group, so I can’t move them!”

Ye Zhiqiu smiled bitterly: “The Feilong Group is backed by the Northern Army. There are

rumors that the Feilong Group was supported by the Northern Marshal.”

“If you oppose the Feilong Group, you can’t get through with the Northern Marshal.”

“Fortunately, the Cyclops are very good. Be careful, he and his men took the matter down

and did not confess us. This is also a blessing in misfortune.”

Ouyang Ting said angrily: “Song Pingting has become a partner with Feilong Group. She

doesn’t have to be a partner anymore.

“We are worried about equipment problems.” “We originally planned to completely block

Song Pingting’s plan to purchase equipment with Gemini Group, but it has completely failed.

What can we do?"

Ye Zhiqiu said with a smile: "Ha ha, brother Ouyang is not anxious , I have a new countermeasure."

Ouyang Ting asked quickly: "What countermeasure, come and listen?"

Ye Zhiqiu smiled, clapped his hands and shouted outside the door:

"Come in!" The

voice fell, one with a pony tail. , Dressed in a full skirt, a small beautiful woman walked in.

She respectfully saluted Ye Zhiqiu and Ouyang Ting, and smiled flatly:

chief of the quality inspection department of Ningda Group."

Ouyang Ting was confused. Looking at Ye Zhiqiu: "Brother Ye, what's the matter?"

Ye Zhiqiu said with a smile: "This Miss Yash is an executive of the Ningda Group, and

she has a good personal relationship with Song Pingting." "She can get in touch with a lot of

things. Ningda Group's secrets, and because she belongs to the quality inspection

department, she has the opportunity to get access to the confidential archives of liver

Ouyang Ting opened his eyes wide and asked in surprise: "You want her..."

Ye Zhiqiu was proud of it. Smiled and said: "Yes, I want her to find a chance to steal all the

liver cancer vaccine samples and confidential files from Ningda Company."

“And I am now an executive of the Ningda Group. I am still the director of the Quality Inspection Department. I have the opportunity to get access to liver cancer vaccine samples and confidential documents, and I will surely steal the things to you in the shortest time.”

One afternoon, Yash Nics drove to the Ningda Group and picked up Song Ping. Ting.

Yash Nics and Song Pingting thought they were thieves at first, and were surprised. Yash

Nics shouted, "Who?"

embarrassed and her eyes flashed deep. Panicking, she pretended to be calm and said: "Mr.

Song Pingting: "It's a pity, then we will have a chance to eat together another day."

Song Pingting took the elevator together with Yash Nics and Chen Fangfang and got off the parking lot.

The elevator descended slowly. Yash Nics noticed that Chen Fangfang's forehead was slightly sweaty, his eyes faintly revealed panic, and he was clutching the bulging briefcase tightly.

Yash Nics squinted his eyes and said intentionally or unintentionally:

"Chairman Chen, your forehead is sweating, you seem to be nervous?"

Chen Fangfang was startled, and hurriedly said: "Are you there? No, haha!"

Yash Nics was noncommittal and aimed. He glanced at the particularly bulging briefcase in Chen Fangfang's hand.

He said with a faint smile: "Chief Chen, your briefcase seems to be too small and full of things. It feels like you should change to a slightly larger briefcase."

Chen Fangfang became nervous, and said calmly: "Haha, I have been too busy recently with too many documents. Sometimes I have to bring a bunch of documents home to work overtime after work."

"Counselor Yash is right. I should consider changing to another university. A little briefcase."

Song Pingting said moved: "This period of time is really hard for you." Ding!

The elevator door opened and it has arrived at the company's underground parking lot.

Like a frightened bird, Chen Fangfang said goodbye to Yash Nics and Song Pingting, and hurriedly escaped from the ladder.

She got in a brand new Ferrari 488 supercar and drove away.

Song Pingting watched the Ferrari sports car disappear from the field of vision in surprise,

and muttered: "Chen Fangfang is so rich, he has changed to a multi-million-dollar sports

car!”

Yash Nics smiled, pulled out the car key and handed it to Song Pingting. :

“Wife, you can drive today.”

Song Pingting nodded, and walked straight towards the BMW 7 Series in the distance, to drive the car over.

Yash Nics took the opportunity to take out his mobile phone and called Dianchu: “Dianchu, mobilize the Skyeye monitoring system, and arrange two other agents to help me track and investigate one person.”

Dianchu: “Yes!”

When she got out of the car, an inconspicuous middle-aged man with a snakeskin bag

accidentally collided with her.

soiled skirt, he cursed fiercely: “You hillbilly don’t have eyes, you hit me, you know my LV

skirt How expensive is it?”

This honest man turned out to be an agent.

He took out a briefcase from the snakeskin bag and handed it to Yash Nics like a trick, and said respectfully: "Youth marshal, the things have been taken back by me, please have a look."

Yash Nics shook his head: "No need. Let me see, you find a way to secretly send back to Ningda Company. You arrange several agents at the same time to hide in Ningda Group, and such things must not happen again."

"Yes, Marshal!"

"Mr. Ouyang, Mr. Ye, I can live up to your trust. I stole the liver cancer vaccine samples and confidential information from the Ningda Group."

Ouyang Ting and Ye Zhiqiu With surprises on his face, Ouyang Ting said excitedly: "Haha,

Chen Fangfang, you did a good job. When the professors in the laboratory have tested the vaccine, I will immediately transfer the remaining 100 million to your account."

Chen Fangfang was excited.

Her face flushed, and she said repeatedly, "Thank you, President Ouyang, thank you,

President Ye." She is in the Ningda Group, with an annual salary of 500,000, and Ye Zhiqiu gave 20 million before. She has tasted the taste of a rich person.

Get another 100 million!

Oh my God, she is so happy and crazy, she can show her strength wherever she goes in the future!

Ouyang Ting handed the vaccine samples and information documents to the confidants

around him, and ordered them to be sent to the laboratory, and asked the laboratory

professors to copy the vaccine as soon as possible.

Then, he smiled and said to Chen Fangfang: "Fangfang, you did a good job. You are ready to

move to our Blue Sky Company. I have arranged a position of deputy general manager for

you."

Chen Fangfang said in surprise, "Okay, I'll just turn around. Resign from Ningda Group and

go to work at Blue Sky Company."

Ye Zhiqiu smiled and said, "You come to our Blue Sky Company, and I have a task for you!"

Chen Fangfang smiled flatly, "Mr. Ye, please order!"

Ye Zhiqiu said: "I want you to go to the Ningda Group to dig people, and dig all the key

executives of the Ningda Group to our Blue Sky Company. I am going to dig across the

Ningda Group first, and then buy the Ningda Group at a low price."

It turned out that Ye Zhiqiu and Ouyang Ting felt that copycat products might not be able to

beat Song Pingting's genuine products.

They felt that if they could acquire the Ningda Group at a low price, and hold both the

original copy and the copycat in their hands, it would be foolproof.

When Chen Fangfang heard that the new task assigned to her was to hire people with high

salaries, she immediately said with a smile: "President Ouyang, President Ye, don't worry, I

will dig all the capable employees of Song Pingting and dig Ningda Group. Until it collapses."

Ouyang Ting and Ye Zhiqiu laughed loudly and said: "Song Pingting has a girlfriend

like you . If she is unlucky, who told her not to prevent fire, theft, and girlfriend!”

The One and The Only Chapter 379

next day, in the morning.

Song Pingting held a regular meeting with a group of company executives.

The supervisor of the quality inspection department had been in the regular meeting for half

an hour before he appeared in the meeting room belatedly.

Song Pingting frowned, and asked with concern: “Fangfang, how did you come to the

company for such an important meeting today? Are you sick?”

On weekdays, when I see Song Pingting, sister Ting is always short. Chen Fangfang

changed his respectful attitude and became extraordinarily domineering.

She raised her face and snorted coldly: “You are only sick, and your whole family is sick!”

The executives in the entire conference room were all shocked.

Even Song Pingting looked at Chen Fangfang in disbelief.

Lin Wei, Song Pingting’s secretary, said angrily: “Chairman Chen, please pay attention to

your words, you dare to be rude to President Song!”

Chen Fangfang sneered, “Hehe, great prestige. But I’m here to resign today. , Song Pingting,

you are no longer my boss, I don’t need to look at your face.”

Song Pingting looked at Chen Fangfang in surprise: “What’s wrong with you today, Fangfang,

why are you resigning?”

Chen Fangfang said triumphantly: “Because I have money, and because I have decided to

quit to become the deputy general manager of Blue Sky Company, your small temple can no

longer accommodate my big Bodhisattva.”

Song Pingting and others were taken aback again, but Chen Fangfang unexpectedly jumped

to the job. Blue Sky Company.

Song Pingting looked at the proud Chen Fangfang with complicated eyes, and said calmly:

“Since you have a better choice, I respect your decision, and congratulations on your becoming the vice president of Blue Sky Company.” Chen Fangfang said: “You Of course, you can only watch me go. Is it possible that you still want to keep me.” “I am with you and only have an annual salary of 500,000. But I am in the blue sky company, and Ouyang always gives me an annual salary of 2 million. Wouldn’t I? Stay for your lousy sister?”

When these words were spoken, Song Pingting’s face was pale, and she couldn’t believe that Chen Fangfang would say such vicious words.

Song Pingting’s secretary, Lin Wei, couldn’t help it, and said angrily:

“Chen Fangfang, you are really shameless.”

“You didn’t have a job and couldn’t afford to pay the rent. It was President Song who rescued you and appointed you to serve as the Ningda Group. The head of the department, give you an annual salary of 500,000.”

“It’s okay for you to switch to a hostile company now, and you are still ungratefully insulting Mr. Song. Did your conscience let the dog eat?”

Song Pingting grabbed Lin Wei, shook his head and said: “Forget it, let her go!”

“Go?” Chen Fangfang pointed to her own nose and said with a sneer: “Of course I will leave, but before I leave, I have a few words to say to all the executives here.” Chen Fangfang set his sights on the executives on the scene, and said triumphantly:

“Everyone, let me tell you the news that Blue Sky Group has obtained vaccine samples, and they will soon develop their liver cancer vaccine.”

Song Pingting fell silent . “You said that the blue sky company developed a new liver cancer vaccine, it is impossible!”

Chen Fangfang sneered: "Why not?"

Song Pingting said: "How can liver cancer vaccine research be so easy, if the blue sky

company can develop a new vaccine, early it's spread throughout the medical community."

"It's impossible for them to develop a vaccine unless they can get the vaccine from our

Ningda University and make a copycat..."

Song Pingting suddenly thought of something when she said this, she looked in horror.

Xiang Chen Fangfang: "Chen Fangfang, you are so convinced that Blue Sky can develop a

new vaccine. Couldn't you betray our confidential documents and vaccine samples to Blue

Sky?"

Chen Fangfang smiled: "Are you smart!"

Song Pingting told the scene The executives of Ningda Group were all shocked.

Lin Wei said angrily: "Chen Fangfang, you are rebellious, you are betraying company secrets, you are breaking the law."

Chen Fangfang blinked: "Do you have any evidence for betraying company secrets?"

Lin Wei was stunned: "Did you admit it just now?"

Chen Fangfang sneered, "I'm talking about it, it's illegal to talk about it?"

Song Pingting waited. People looked at Chen Fangfang in disbelief. The shame of this

woman was beyond their imagination.

Chen Fangfang looked at the executives at the scene triumphantly and said with a sneer:

"Blue Sky will soon launch their own liver cancer vaccine. There is a shortage of people."

"President Ouyang has already told me that if you are willing to change jobs, You will get double your current salary."

"Ningxia Group will soon be overthrown by the Blue Sky Group. If you are aware of the current affairs

, please pack your things and go to the Blue Sky Group for work with me.”

The One and The Only Chapter 380

Chen Fangfang said , and everyone at the scene immediately started talking.

Many people were whispering, saying: “Chen Fangfang sold the vaccine samples to Blue

Sky, and Blue Sky will soon copy new vaccines.”

“Blue Sky is powerful, and Ningda is not an opponent. And Blue Sky is digging. People’s

salary is very high, or, let’s quit?”

Everyone whispered, and one by one decided to quit.

Some people even ignored Song Pingting and gathered around Chen Fangfang. Mr. Yash

slapped Chen Fangfang’s flattery.

Chen Fangfang proudly looked at Song Pingting proudly like a peacock showing off

feathers.

Song Pingting didn’t expect to be like this, so anxious and angry, all the tears came out.

But at this moment, Yash Nics opened the door and walked in.

Song Pingting could have been able to resist the tears from streaming down. When she saw

Yash Nics, grief came from it. She couldn’t help it anymore. She cried out aggrieved

husband and threw herself into Yash Nics’s arms.

Yash Nics hugged Song Pingting and comforted her in a low voice.

Then, his gaze fell on Chen Fangfang and the others, and said coldly:

“Chen Fangfang, you

have done your own crimes and cannot live.” When

Chen Fangfang saw Yash Nics, he showed a little frightened expression.

At the door of the company yesterday, Yash Nics let hundreds of Cyclops kneel down,

making Chen Fangfang feel that Yash Nics was not easy to provoke.

However, she thought that she was already a member of the Blue Sky Company, with

Ouyang Ting and Ye Zhiqiu behind her back.  
She immediately came up with confidence. She held up her face and looked at Yash Nics with a sneer: “Hehe, Blue Sky will soon develop its own vaccine. Your Ningda Group will soon be overthrown, and you still have What arrogant?”  
The corner of Yash Nics’s mouth rose slightly, and said with a smile, “Is it a liver cancer vaccine or a glucose solution?”  
Chen Fangfang was stunned when he heard the words: “What do you mean by this?”  
Yash Nics said with a light smile, “Nothing. I just want to tell you that the so-called vaccine sample you stolen from our Ningda Group is actually just glucose solution.” When this was said, everyone was shocked.  
Song Pingting also looked at Yash Nics and asked in surprise: “Yash Nics, what are you saying is true?”  
Yash Nics smiled and said, “Yes, I noticed her sneaky, so I dropped the vaccine sample. She stole it. The vaccine samples and confidential information that went out to be dedicated to the Blue Sky Company are actually fake.”  
Yash Nics’s words caused an uproar at the scene again.  
Chen Fangfang also showed panic on her face. She glared at Yash Nics and said in surprise, “Hehe, you want to confuse me and want me to publicly admit that I stole your company’s vaccine samples? I won’t be on you.  
Right !” Chen Fangfang’s words caused Song Pingting and others to look at Yash Nics again.  
Everyone is unpredictable now, I don’t know who Yash Nics and Chen Fangfang are telling the truth?  
Yash Nics smiled and teased: “What I said is true or false. I guess your master will contact you soon. Now I give you a chance to apologize and admit your mistakes. This is also your last chance.”

Song Pingting told one The senior executives all looked at Chen Fangfang together.

Chen Fangfang's eyes were uncertain, but she didn't believe Yash Nics was telling the truth.

The vaccine samples she stole must be true, and the confidential documents must be true too!

Yash Nics must be cheating her now!

In addition, Chen Fangfang was unwilling to give up the benefits he had already obtained,

and even more unwilling to beg Yash Nics and Song Pingting for mercy.

She sneered and said: "Yash Nics, you should put away your set, you want to scare me, you

too underestimate my Chen Fangfang."

Yash Nics snorted coldly: "It seems that I will give you the last chance, but you don't want it!"

Chen Fangfang straightened his chest, held his face high, and said pretentiously: "It is not

you who gave me the chance, but I gave you the chance. "

President Ouyang told Mr. Ye that he is willing to spend a billion to buy the shares of Ningda

Group in your hands. This is your last chance."

"Otherwise, your Ningda Group will wait to be suppressed by Blue Sky. Go bankrupt!"
