

Chapter 3762

Soon, the curtain was lifted, and two people dressed in common people's clothes walked in quickly.

It seems like ordinary people, but in fact, they walk in a fiery manner, and they look very human at first glance.

As soon as they came in, the two knelt down and saluted respectfully.

Mingyu was very happy, and Zhu Yanshuo also said at this time: "He George Han probably didn't expect that we would have detectives ambush in the people long ago, even if we left the city, we still have everything going on there. He knows everything like the back of his hand."

"That's right, the mantis catches the cicada, and the oriole is behind, he didn't expect us to have a backer, huh, we all know exactly what the situation is when we fall into the city, and in the future, when we counterattack, it will be equivalent to He George Han didn't even wear clothes or trousers."

"Hahaha!" The group of

people were quite happy, after all, the spies had successfully arrived here, which means that George Han did

n't notice these things at all.

Mingyu is also a little happy, after all, this is a good sign.

Looking at the spies, she said softly: "Let's all get up and talk, you have been chasing all the way, it's been hard work." The

two looked at each other, nodded and stood up.

"The two of you, what should happen to the situation, come here quickly and truthfully." Zhu Yanshuo urged.

"Yeah, hurry up and tell me how many people George Han killed last night."

"We will remember these accounts clearly. When we kill them again, we will definitely avenge those brothers."

A group of people were filled with righteous indignation, and they never thought about it. Now they say that they are invincible in the world. When they wanted to escape, they did nothing but promises, and did not care about the lives of others.

"I think last night must have been very lively." Ye Shijun also interjected.

Naturally, he should be referring to

Han 3,000 ****, and the soldiers, led by the remaining executives, made the last desperate resistance.

The two spies glanced at each other, and the lead one spoke first: "Last night...it was really lively in the city."

As soon as these words came out, the group burst into laughter.

“George Han is a fool, he really thought he had won the prize, what’s the matter, even if a tiger is old, it is still a tiger, and it will bite him bloody before dying.”

“That’s right, he George Han must have had a lot of fights last night. Haha, who can blame this? Then don’t blame him George Han pretending to be forceful? Why did he only give us 30 places.

” To be clear, you shouldn’t be smart and make this mess, now it’s alright, he has to hold the hot potato with both hands.” The

leader looked a little embarrassed

, glanced at Mingyu, and saw that she was looking at him very seriously, Then he opened his mouth: “Everyone misunderstood, the liveliness in the city last night was not the confrontation between the two armies, nor the mad killing of George Han, but...”

“Just what?” Zhu Yanshuo frowned and stood abruptly. up.

“It’s just that George Han is holding a banquet and having fun with the people.”

“What about the soldiers?”

“I don’t know the specific situation, but I only know that a large number of soldiers chose to follow George Han, and they call themselves members of the Mysterious Man Alliance. , and those soldiers who lost the election were also sent away last night by Han 3000, and their whereabouts are unknown.”

“Damn, these soldiers are so rubbish? Such rubbish? As soon as we left, they rebelled on the back? Damn, what about their professionalism? What about their pride as soldiers?”

“****, these gangs. Silly, I’m afraid he’s being

fooled by others, what kind of goodness can he George Han have? Follow him, are they crazy?”

“No, I think his kid is clearly showing off.

” Disdain, and even open criticism.

But they don’t know at all, with their abandonment behavior, what qualifications do they have to comment on others’ actions, and the double standard style only targets others and not themselves.

“Grass, the soldiers rebel, what about our mother’s gang of high hangings? They are all our people, are they **? Don’t you know what to do?”

“Yes, as our executives, this When the goddamn after we left, they were the highest commanders, and they just watched?”

The gang of double-faced dogs were furious, as if they wanted to eat people.

At this moment, the leading spy spoke: “This morning, the city is still very lively...”

Chapter 3763

The double-standard dogs are angry, and when they hear the spy say this, they get angry on the spot.

“It’s none of our business to get down and lively. We’re asking, what about those executives?”

“Yes, usually one of them is considered to have a lot of status because of our appreciation. Now that we have left, they are even more so. The power is in hand, if we don’t act at this time, how long are we going to wait?”

“This is an opportunity for them to make achievements.”

The standard of the double-standard dog is always that the pot belongs to others, and he himself is the role model of morality, so, Even though it was obvious that they had abandoned others first, their taste had completely changed in their mouths.

Going around in circles, his shameless behavior has changed, and it has become an excuse and reason for giving others a chance.

“The matter mentioned by the subordinate is related to our group of executives.

” The spy replied with his head lowered.

Hearing this, some people shut up, but Zhu Yanshuo and Ming Yu frowned at this moment.

What does this mean?

Right now, I can’t figure it out, but no matter what, I always give someone a bad feeling.

“Continue talking.” Ming Yu said.

“Yes.” The spy glanced at the other people and said, “Early in the morning, it’s time to hold a large-scale celebration in the city.”

“He George Han is going to make a full set of dramas? What are you doing? Bullshit celebration? Just because he took in a group of incompetent soldiers?”

“I’m so complacent about such a small thing. I think he’s three thousand, and it’s just that. If it weren’t for luck, and he got some skills, I’m afraid. Just like that.”

“Can you shut up when I let people talk?

It’s really noisy, like a swarm of flies.” Ming Yu finally couldn’t listen anymore, and drank coldly: “If you are so angry at you, or you will kill the general. Go back and vent, but what about it?” After

speaking, everyone closed their mouths and no longer dared to say a single word.

You want them to talk, everyone here is a king, but if you really want them to be real, how many are tough guys?

“What celebration? We received our soldiers, didn’t you say they had feasted the whole city last night?” Ming Yu grasped the point and asked softly.

“It’s the enthronement.” Another spy said.

“Ascension**?” Zhu Yanshuo frowned, looked back at Ming Yu, and said, “This George Han can’t wait to announce that he is ruling the city so quickly? This is too hasty, he has no

foundation It ‘s stable.”

“Besides, it doesn’t seem to be like the style of George Han. Did he deliberately demonstrate to us?”

Hearing Zhu Yanshuo’s words, Ming Yu frowned slightly, although he really couldn’t figure out what George Han was doing. What does it mean, but Zhu Yanshuo’s words seem to have some truth.

But just when Mingyu had some intention of accepting Zhu Yanshuo’s remarks, the spy continued to speak: “The two misunderstood, this enthronement is not George Han.”

“It’s not George Han? Who is that? But George Han.” Which three thousand subordinates?”

“It’s not George Han’s subordinates, but...” The spies were a little afraid to answer, after all, they knew very well that once this person was mentioned, they would definitely...

“But who, You said it.” Ye Shijun shouted in a hurry.

“It’s Fu Lin,” the scout said.

“Fulin?”

When they heard the name, everyone was almost shocked.

Even Ming Yu was completely stunned in place, apparently not reflecting it for a while.

Fulin?

This is the senior management and relatives of the family, and it is Ye Shijun’s brother-in-law.

Is he George Han crazy? Looking for such a person to be the city lord who should fall? What is his intention?

“Are you sure you read it right?” someone asked.

“The subordinates will not be mistaken, and it is not only him, including the Ye family and some senior executives who should fall into the city, all of them have been promoted and appointed to important positions, and this celebration is also prepared for them.

” Ye Shijun staggered back a few steps, and then sat down on the ground. Suddenly, he seemed to remember something: “Go, go, call me that **** Fumei.”
