

Chapter 3822

“Han Si...?” Amelia Su was shocked.

And almost at the same time, that huge force directly replenished Amelia Su’s body, and instead of Amelia Su’s force, it continued to reinforce George Han.

Energy is consuming frantically, and at the same time, the five lights are also tending to stabilize.

“Han Si, you were just born, where did you get so much energy?” Amelia Su asked suspiciously.

“Mother, Han Si was born not long ago, but I’m afraid I don’t know how many years Han Si has existed in the egg?”

“Hehe, in all these years, don’t call me a dragon. Ant, even if I’m a big winter melon, I can get a little bit of something, right?”

Amelia Su nodded and understood the reason, but she was worried: “But in fact, the energy consumed this time is probably very huge. , even if you have a lot of energy when you were born, if you are sucked in, will you... have problems?”

“I mean... you...”

“Hehe...” Xiaolongyi simply smiled and didn’t care. : “If I get sucked out, the big deal is that I will become a shriveled dragon ant. What should I be afraid of? The big deal is death.”

“Anyway, if there is no father, I will not even have a chance to come out. Now, I have put the world I’ve read it over and over, it’s enough.”

Amelia Su was a little moved when she heard Xiaolong Ant’s words and nodded: “Don’t worry, none of us will die, there are so many wonderful places in this world, I don’t have enough books!”

“Han Si, come on!”

“Come on, mother mother, let’s fight.” After the

words were finished, the two mothers and sons almost simultaneously stimulated all the true energy in their bodies, frantically supporting George Han.

As the two really entered in large numbers to support George Han, the situation became more stable at this time.

“Father, wake up!”

“Three thousand!” The

two of them called out anxiously. They deliberately adjusted their energy to the maximum. Of course, their purpose was not only to support George Han in urging the Five Elements Divine Stone, but more importantly, to be able to There is more energy to heal George Han.

If George Han can wake up, then this “battle” cannot be said to be worth fighting, but at least it does not mean that it will end immediately.

But if this guy can't wake up, then this "battle" is already facing an announcement that it will give results.

"Han Si!" Amelia Su shouted anxiously.

The little dragon ant immediately responded: "Mother, the child is here."

"Can you hold on any longer? I think... try again!"

"With the power of the child, it is fine to do it again, but..." The

little dragon ant did not continue, but Amelia Su understood that what he meant was that it was the last time.

If they still can't succeed, they don't even have the capital to persist.

The three people will fail completely, and there will be no possibility of turning over again.

"Then how about we fight again? Just one time, and the last time." Amelia Su gritted her teeth and supported her with incomparable difficulty.

The little dragon ant smiled and said: "What the mother says, the child will do."

"Okay, I count three to one, we will work together. If we lose, our family will go to Huangquan together."

"Okay! After the

words were finished, Amelia Su took a deep breath: "Three, two, one, get up!"

With Su Ying's light drink, the two of them started hands almost at the same time, and all the energy in the body was instantly released without reservation. It turned to George Han.

Suddenly, George Han's body burst into bursts of energy, and the entire body also showed a burst of silver light because of this energy.

"Success or failure is at this point, George Han, don't let us down, you must wake up."

"Yes, my father, wake up."

The "mother and son" were almost completely collapsed. Shi was no longer powerless, and could only look to George Han's side with all his hopes.

If he can't wake up, they will no longer have any power to fight back, and this game can only be defeated.

In the flash of silver light, the hopes of the two of them were entrusted, but with the extinction of the silver light, the hopes of the two of them began to shatter...

Chapter 3823

When the silver light completely dissipated, the hearts of the two seemed to be smashed by a giant hammer at almost the same time, and they were completely broken. Lose.

George Han still did not wake up in the silver light, which indicates that the joint effort of the two of them did not seem to be successful.

“Failed, completely defeated.” Amelia Su gave a wry smile and murmured to look at the little dragon ants: “It is our incompetence that made you die with us at a young age.”

“If there is an afterlife, I hope you will return. If I can be our son, I promise you, we will take good care of you.”

Little Dragon Ant smiled, as if he didn’t care at all: “Mother, there is no need to feel guilty, although a normal life is indeed a very happy thing, but there are A moment of vigor and vigor is also considered another kind of wonderful.”

“The child has no regrets about the other, but I feel a little regret that I haven’t been with my parents for too long, but don’t talk about the next life, even if it is this life, let me choose again. , children still choose you to be my parents.”

Amelia Su smiled lightly, very pleased: “I am very satisfied to have your words, I believe your father will also be very happy.” After the

words were finished, Amelia Su finally looked at Glancing at George Han, whose light had disappeared again, he closed his eyes slightly, gave up his resistance, and waited for the final time to come.

Little Dragon Ant also glanced at his parents and chose to close his eyes and wait.

They will be madly sucked in by the Five Elements Divine Stone at George Han’s end, and eventually they will be sucked to death completely.

After that, the Five Elements Divine Stone will stop spreading due to lack of energy, and the forced stop operation is very likely to backfire on the 80,000 people below.

In fact, the ending can be basically imagined. The City of Earth Fire will usher in a catastrophe, and in this catastrophe, I am afraid that no one will be spared.

Because of greed, the city of fire will harm George Hanliang and his wife, and will also harm all of them.

Quiet, everything is quiet.

No one can change this situation, and no one will try to change this situation.

Everything makes it look like there is a living person, but it is no more than a real dead place.

But suddenly, Amelia Su noticed that something seemed wrong, because it was obvious that according to the estimate, at this moment, the energy should be insufficient, and the Five Elements God Stone should enter the point of crazy absorption.

But at this time, Amelia Su didn’t feel the slightest difference, but just like before, nothing happened.

No, the situation... is still changing!

At this time, Amelia Su could clearly feel that the little energy in her body was slowly losing, but the speed of this loss was much slower than what they had just delivered.

How could this be?

She suddenly opened her eyes to see what was going on, but as soon as she opened her eyes, she was completely stunned.

The Five Elements Divine Stone was still running fast and steadily, but George Han, who had already fainted in front of it, was flying beside it, slowly urging Zhenneng in his hands to maintain its operation.

“Three thousand?” Amelia Su exclaimed in surprise.

Hearing Amelia Su’s voice, Xiaolongyi also opened his eyes and couldn’t help being overjoyed: “Father, are you awake?”

“What’s wrong? I’m in my seventies or eighty, or I’m dying. I can’t wake up if I close my eyes?” Han George Han smiled slightly: “Don’t worry, I was just too tired just now. Tigers also have time to nap, don’t they?”

“You two go to rest, it’s left to me here.”

Motivated, the power suddenly became more majestic, which directly caused the Five Elements Divine Stone to instantly radiate.

“I can kill myself with my own things? It’s against you.”

“Today, I will show you, the Five Elements Divine Stone, who is the master and who is the slave.”

“Give me up!”

Boom! !
