

Chapter 3824

five light burst!

Almost instantly, the entire City of Earth Fire was illuminated.

This underground space lost all darkness in an instant, and Anti-Buddha was in the sun for a while.

“This...”

Little Dragon Ant was completely stunned: “How much energy does this have to create such a huge light.”

“My father just now...”

Amelia Su didn't understand, George Han Fangcai clearly had completely lost his energy, otherwise he would not have been caught off guard by the crazy inhalation of the Five Elements Divine Stone, or even fainted and almost died.

But now, why did Han 3011 break out like this immediately after he woke up?

Of course, only George Han knew the matter.

It's too fake!

It's time to cool down again.

In other words, it has already arrived, but at the moment when George Hanyi is awake, he has no other choice.

The fact is that this one and only attempt at this moment of life and death played its superpower.

George Han's energy exploded back in his hands, and the activation of the Five Elements Divine Stone was naturally also within his grasp.

And with George Han's energy returning to the nest, under this operation, the Five Elements God Stone Defense Buddha is responding to George Han's previous question. It is using its actions to tell George Han who is the master and who Another slave.

George Han is obviously the master.

When the Five Lights were prosperous and stable at the same time, the Ant-Man in the Five Lights also began to usher in their new life.

The faces of the seemingly dead Ant-Man turned ruddy again, and then their breathing began to appear, and their eyes opened slightly.

Everything is like a dream just now, but when I wake up from this dream, I am so relaxed and happy, but I am so comfortable.

“Successful, Mother Mother, Father Father, he succeeded.” Little Dragon Ant shouted excitedly.

Amelia Su nodded again and again, with uncontrollable excitement and joy on her face: "Yes, he succeeded in three thousand, and he succeeded."

"Ha, he saved more than 80,000 people in one breath, and praised my father as a contemporary medical god. It's not an exaggeration at all."

"Phew!" In the

air, George Han also let out a sigh of relief at this time, withdrew his strength, and then he took the Five Elements Divine Stone into his arms and flew down.

As soon as the Five Elements Divine Stone was closed, the light dissipated, and the City of Earth Fire returned to its original darkness.

But the ant people here are completely and completely different at this moment. At least in their eyes, the city of earth fire suddenly brightened a lot.

If their line of sight was still in the

normal range before, then at this moment they are at least twice as much as before.

"You don't have to be surprised." Qi You Qi stood up at this time and greeted everyone with a puzzled look: "Your sight has improved, not because the city of Earth Fire suddenly became brighter, but you are at this moment. Everyone's cultivation base has become extremely high."

"In other words, your cultivation base is high, and your natural perception ability is high."

After speaking, everyone was surprised after a moment, and some people even tried it directly. Try it, and sure enough, the steps are like flying, and the strength is like a mountain.

"Damn it, I seem to be at least dozens of times stronger than before."

"Yeah, I might have been able to hit one before, but now how do I feel like I can hit ten?"

"Damn, I feel like I The body is full of power."

"I feel the same way." The

queen ant

did not speak, she was also silently and excitedly carrying out her own feelings.

She couldn't elaborate on this feeling, but she could clearly feel that in her body at this time, a huge and incomparable power was being nurtured in her dantian and also in the meridians.

She was a little excited, but when she saw that George Han stumbled slightly after landing, a trace of worry and guilt appeared on her face.

At this moment, Qi Qi Qi and the others walked to the queen ant's side in a few steps, and then said something in her ear.

When she heard these words, the queen ant's eyes widened. Afterwards, she looked at Qi and Qi and asked, "Is this true?"

“This subordinate will never dare to deceive the city master.” the way.

The ant queen nodded heavily, and then flew directly above the ant colony, frowned, and shouted loudly: “All ant-men obey!”

Chapter 3825

“I’m waiting.”

After listening to the ant queen, all the ants respectfully listened to the order, and their voices should drink. “The ant family has always respected the

ant queen since its existence. Apart from that, there is no one else. This is the rule of the past.”

“However, today, I want to break this rule.”

There was a lot of discussion for a while.

“The ant family has always respected the ant queen. This is born in the bones, remember that it is in the blood. What does the ant queen suddenly say this for?

” Rules.”

“These rules are the most important for our ant clan, how can we change them at will.”

Although everyone’s discussion was very quiet, when these voices were fully gathered, they suddenly became abnormal. out loud.

Although the ant family never dared to disobey the queen’s orders,

they .

Of course, the queen ant could hear these voices, but her face became even more ugly: “Why, have your consciences been eaten by dogs?”

“Aren’t you all happy before? Why, now there is more bullshit. “

However, no matter how much nonsense and objections you have, I still decide that the rules must be changed.”

“I officially announce that from today, George Han will be the honorary ant king of my ant clan, and Amelia Su will be the honorary ant king of my ant family. The honorary queen of my ant family.”

“Are you listening clearly?”

When the words fell, a group of Ant-Man looked at each other in dismay.

“Honorary ant king, honorary ant queen?”

Not to mention them, George Han, Amelia Su and the others here were also at a loss.

Although it is a good thing to drop a pie in the sky, this kind of pie is not necessarily too large, and the person who hits it directly will be confused.

“Although it is an honor, what I want to say

is that their rights are equal to mine, that is to say, the words they say and the orders are what I say and the orders.”

“Queen, I object.

At this time, George Han stood up: “The ant family has its own rules and its own king. Why do you push my husband and wife up.” “

Yes, our husband and wife have nothing to do with these .” I’m interested.” Amelia Su said, “Why do you want to break the rules of our ancestors because of us?” “

If the two of you refuse, then I will step down from the ant queen’s throne, and the ant family will only listen to your husband and wife.”

Why?” George Han said with a frown, having seen such a forceful method before.

The queen ant smiled bitterly: “Actually, I also know that you must have discovered that we pretended to be poisoned. I admit that after seeing the abilities of Qi and Qi and others, both selfishly and for the future of the entire ant clan. , I have become greedy.”

“I hope to use this method to help everyone in our ant family to improve their cultivation.”

“But it is precisely because of this greed that I almost become a sinner who will repay kindness and revenge. , I am the decision maker, this is my mistake, of course, I should pay for

it.” After that, she looked at all the Ant-Man and said, “You can have now, survived, and your cultivation base has improved, Do you know what’s going on behind the scenes?”

“There is no quiet time, it’s just that someone is carrying the burden for us.”

“George Han is in the process of treating us because the number of our people is so large that it consumes a lot of money and is extremely dangerous.”

“Their family almost lost their lives here.” As soon as

the words fell, the ant-men were shocked, and they all turned their eyes to George Hanliang. There was nothing

else , only full of respect and gratitude.

“Seven and Seven, because they have received such treatment and reinforcement before, although they were unable to move during the process, their consciousness was still there, so they clearly saw the whole process of the incident.”

“Three thousand and his wife for the sake of We are all dead and alive.”

“So, I want to ask you all, shouldn’t we repay such a great kindness?” After the

words were finished, Ant-Man was silent for a while, but the next second, a thunderous roar like a torrent broke out: “Repay!”

“That’s right, how can you not repay such a kindness?”

“The ant queen has the grace of giving birth, but the George Hanliang couple have the grace to recreate us. The ancestors’ rules should indeed be changed. It ‘s changed.”

Hearing the support from the crowd below, the ant queen finally smiled with satisfaction: “However, honor is just a kind of honor, I think, give the treasure of our ant clan to their husband and wife, you, can you have any? Opinions?”
