

Chapter 3906

“What did you just say?” Ming Yu’s mood, which had been cleaned up, was completely shattered at this time. The people of the Divine Soul Hall, they were the best among them, but...

but they were suddenly defeated by the enemy at the foot of the mountain. That group of enemies... Ming Yu’s brain suddenly exploded, how could this happen?

She stood up abruptly and looked at the Seventh Special Envoy: “You...you said just now...that there are a large number of mysterious troops under the mountain? The number is extremely large?”

“Then...then how many are there?” Seventh Special Envoy looked at Mingyu , full of grief: “Elder Shenlong, according to my estimation, the number of the other party is at least tens of thousands.”

“Tens of thousands? ” Suck. How many tens of thousands? This... how is this possible? ! “Seventh special envoy, you wouldn’t deliberately...deliberately falsely report the number of opponents in order to exonerate yourself?”

Zhu Yanshuo said in surprise. “City Lord Zhu, am I that kind of person?” The seven special envoys shouted slightly dissatisfied, and at the same time, he looked at Ming Yu, very sincere: “Elder Shenlong,

I think you should be very clear about the quality of the people in the Soul Hall. ” We are not afraid of death, and naturally we will not make any excuses for failure. The fact is that I led more than 30 elites to the bottom of the mountain at your command.”

“But as soon as we arrived in the jungle at the foot of the mountain, we encountered an elite block. They were of excellent quality, extremely high cultivation, and extremely ruthless. They knocked us down almost in an instant.

” Under the swearing protection of several disciples, they reluctantly pulled out. However, when they retreated, their subordinates did not just think about running for their lives, but observed the situation around them.”

“Although many of those people were hidden deep in the woods, However, they couldn’t hide it from my eyes.” Speaking of this, the Seventh Special Envoy paused: “There are a lot of people hiding in the woods. From what I looked around at the time, there were at least tens of thousands

of people .” They are the bravest and most fearless troop in our team. At the same time, their cultivation base can be regarded as the elite of our army. They can beat them quickly in a short period of time, which shows that the opponent’s background is really not small.”

“They should It’s also George Han’s elite troops.”

“It’s also an elite army of tens of thousands of people, City Lord Zhu, it seems that your guess is wrong. The bottom of the mountain is not what you said, just George Han. “

It’s fortunate that the Seventh Special Envoy came back desperately, otherwise, we’ll just follow our wrong information, hehe, when George Han’s troops directly outflank us, I’m afraid we haven’t reported it yet.”

“Hey, you’re right, once tens of thousands of people directly cover us, and Han 3,000 on the top of the mountain in front of us defends and makes it difficult for us to attack for a while, then we will really be completely attacked by people from back and forth. At that time, we will Falling into a great passive.”

“Huh, some people, in order to take credit and make a contribution, open their mouths and talk nonsense, do some unconventional things, and show themselves very arrogant, different, in fact, huh, huh, Taking everyone’s life to make a joke here, taking our future as an attack.”

“That’s right, it’s just a small army, hey, some people.”

Some people were angry and shocked, but naturally they were angry with Zhu Yanshuo. Filled with endless ridicule and disdain, just now, how high a group of people held him, so now, how hard they fell when they fell him.

Zhu Yanshuo gritted his teeth and was very depressed, but the counterattack at this time will only attract public anger.

He looked at Ming Yu puzzled: “It’s really my misjudgment this time, but... but this George Han is too unruly to play cards, he actually ambushed at the bottom of the mountain. He should have fallen into the city. Some elites?”

Ming Yu didn’t blame Zhu Yanshuo, in fact, this was something she herself had never thought of.

The risk of military action must be like this. He George Han is no longer a gambler, but a lunatic!

A nerve!

But thinking about it carefully, this is indeed what George Han did.

Ming Yu slapped a palm directly on the tree next to him: “Okay, since he wants to be crazy, let’s go crazy with him.” After the

words were finished, Ming Yu’s eyes flashed a fierce light, and suddenly he smiled coldly...

Chapter 3907

Zhu Yanshuo observed it slightly, and instantly understood the meaning of Ming Yu: “Elder Shenlong means...”

“Since George Han wants to Let’s play this game with us, then we’ll do a trick with him. Zhu Yanshuo.”

“My subordinates are here.” Zhu Yanshuo responded hurriedly.

“Notify the surrounding soldiers to immediately attack the fallen city, and after the fallen city is captured, let them send troops to support us.” Ming Yu said.

Some executives were immediately puzzled: “Elder Shenlong, shouldn’t the best way at the moment be to let the peripheral soldiers attack George Han with us?”

“In this way, not only can we solve our predicament, but also turn him back at the same time. George Han’s dumplings.”

“That’s right, Elder Shenlong, what Commander Li said makes sense, we have to make him George Han pay the price.”

“I also support Commander Li’s words.”

Ming Yu smiled slightly, in his eyes However, there was a little bit of disdain, but Zhu Yanshuo explained: “George Han bet so much with us, we want to win, naturally we have to win thoroughly.”

“Didn’t he transfer all the soldiers who should be in the city to play a desperate game? ? Then we will eat all his money. Now, the city is completely empty. Once we attack, there will be no resistance in the city. After we have captured the next city, we will attack back, and it will not delay in itself. When will we, with our 200,000 troops, even if Han 3,000 packs our dumplings, what can we do?”

“Let’s not mention winning, let’s mention the most basic one, 200,000 people will guard them for a while, Isn’t that too much?”

Hearing Zhu Yanshu’s explanation, everyone suddenly realized, and someone laughed at me: “Hey, wait for our peripheral soldiers to eat the city for George Han, and then come back to reinforce us, then we will not only achieve our strategic goal, but also let George Han eat the city. George Han didn’t even get home.”

“Well said, Elder Shenlong is worthy of being Elder Shenlong, this is a wonderful move, at that time George Han was just a grasshopper in our hands, we could play whatever we wanted. “

Hmph, what about the lunatic, some of the behaviors of the lunatic may indeed have miraculous effects, but once they lose, it is completely complete.”

Everyone understood Ming Yu’s intention, and it was Ming Yu’s idea, and their natural attitude changed greatly. Compliment one by one.

Seeing that everyone had no objection, Ming Yu looked at Zhu Yanshuo: “Let’s go and let the peripheral soldiers launch a general attack.”

Zhu Yanshuo nodded, then quickly ran to the surrounding open space, took out a small tube in his hand, and after removing the lid, A green flame soared into the sky.

boom!

The green flame exploded in the air instantly, and the light shone on the sky.

On the top of the mountain, Ningyue, Amelia Su and others all looked up.

“It seems that they are going to launch a general attack.” Amelia Su murmured: “With less than 100,000 people, we have to deal with an army of 400,000, 3,000. Can we really do it?” “

Kill!”

In addition, the shouting of killing is already shocking!

The army of 200,000 people rushed towards the city like a tsunami.

At the main entrance on the east side, the Pei family's army, which was different from other large armies, also attacked with neat steps, and the neat steps seemed to make the earth tremble constantly.

Behind the crowd, on the sedan chair, Pei Gu was lying peacefully, with a slight smile on his lips: "Those who love to gamble will eventually lose their fortunes one day."

"George Han, my little Qi has praised you to the sky, and now it seems that you are nothing more than that."

"It's a pity that this good city should fall into the hands of others, gamblers, bah."

He spat in disdain, despising this kind of person who made a fortune by gambling and gambling. , they are destined to be very young.

"Patriarch, they asked us to take down the city within ten hours, and then go to the mountains to support."

"Joke, not to mention the other 100,000 troops, just my Pei family's 100,000 troops, to take down a city defense. Does the empty city also need ten hours?"

"I only need half..." Before the

words were finished, suddenly, on the city wall in front, a rain of arrows with various spells attacked the sky...
