

Chapter 3914

“Joke, George Han, do you really think you are a god? If you want to brag, you have to watch it first. Are you capable of your own? Are you alone? Are you here to scare a fool?” Ye Shijun snorted coldly.

“Who told you that I’m alone?”

George Han suddenly accelerated and charged down from the top of the mountain.

To a certain extent, George Han was indeed terrifying, but when Ye Shijun’s anger shouted that he was only one person, the army calmed down. Facing George Han’s attack, everyone rushed forward.

George Han was like a whale falling into a shoal of fish, and as soon as he entered the crowd, he immediately killed the Quartet.

Even though the soldier beside Ye Shijun was far from the day before, it was obviously not enough to see the pervert of ShangGeorge Han.

However, even if George Han had fallen soldiers everywhere, the asymmetry in power did not make the whole situation change too

obviously.

A group of soldiers flocked to George Han in a continuous stream.

Ye Shijun hid behind the crowd, staring coldly at George Han who was surrounded.

Of course he’s not a fool. During the heyday of George Han, he went head-to-head with George Han. Isn’t this looking for abuse or what?

He was impulsive, but not mindless.

He has to wait for consumption, and when George Han is completely exhausted and has no resistance, he will show his power.

“Come on, come on, he has only one person, let’s kill him.” Ye Shijun kept instructing people to kill George Han.

No matter how good the water is, people will drown in the continuous water!

Following Ye Shijun’s command, more and more soldiers joined the battle, and for a while, swords and swords shadowed.

“City Lord Zhu, what do you think?” Ming Yu asked Zhu Yanshuo, standing far away from the battlefield.

Zhu Yanshuo coughed slightly: “To tell the truth

, the general attack at the bottom of the mountain, and the attack by George Han on the top of the mountain is what we expected. After all, this is a front and rear attack, an attack from the left and right, this is the art of war.”

“However, I What I didn’t expect was that George Han’s attack was coming, but he came alone.”

“My subordinates dare to say something, they don’t know whether they should praise him George Han for this matter, or whether they should do it alone . My sympathy and pity for him.”

“After all, taking a single person down can not only show George Han’s unparalleled courage, but at the same time reveal all kinds of sadness.”

Ming Yu heard the words and actually felt the same way. However, there is still a trace of worry on the eyebrows: “However, I always feel that there is a deceit in this. George Han does not seem to be a reckless person. He dared to attack us alone, and he should have come prepared. Right ?”

Zhu Yanshuo nodded: “His conspiracy

should be to use his personal strength to contain us, and then cooperate with the attack down the mountain to complete the general attack, in fact, Ye Shijun is right, as long as we don’t let him move the tiger away from the mountain.”

“That’s true . Is it simple?” Ming Yu frowned.

Although it really looks like this, but for some reason, Ming Yu always feels a little uneasy.

“George Han Mountain is also a group of senior executives at most, the number of which is at most a few hundred people. The subordinates think that they will bring us some trouble, but they will definitely not play a big role.” The words ended, Zhu Yanshuo Looking at the top of the mountain: “If Elder Shenlong is not at ease, his subordinates suggest that we can send three special troops at this time, two of which are in ambush on the left and right in the shape of wings, and the last one is always alert to the front, and at any time. It can deal with these executives teaming up to raid.”

Ming Yu thought for a while and nodded.

Zhu Yanshuo hurriedly nodded to the three commanders next to him, and the three commanders quickly deployed after taking orders.

In less than a moment, the three elite troops were ambushed on the left and right sides according to Ming Yu’s instructions, and the center was on standby at any time.

“Kill.”

Almost as soon as the deployment was completed, the three troops quickly rushed down from the top of the mountain on the left and right sides, including the frontal position where George Han had just come down.

“As expected!” Zhu Yanshuo clenched his fist tightly as he watched the three troops attack from three sides.

He guessed George Han’s intention correctly!

“George Han, you want to play yin, hehe, it’s a pity, I have already anticipated it.” Ye Shijun sneered and sneered at George Han loudly: “George Han, your kid is just like this. .”

George Han smiled coldly: “Really?”

Ye Shijun’s pupils suddenly widened, as if he saw an incredible scene...

Chapter 3915

Although George Han just looked at him with a faint smile and did nothing, Ye Shijun can read from George Han's eyes to an indescribable horror.

Anti-Buddha, George Han has let him see something in general.

"Ye Shijun, you've been beaten so badly by me, I believe that even a pig should learn to be smart. Just because of me, I want to attack you? Don't you think it's possible?"

"I dare to come, of course, I have plans."

"f*** it out."

George Han shouted angrily.

Roar!

Ten thousand beasts roared in unison, and they slowly stepped on.

"It's those strange beasts again!" Ming Yu was shocked.

"f***, we obviously didn't see any trace of these strange beasts before, how could it be..." Zhu Yanshuo was extremely depressed

, and suddenly, he suddenly thought of something: "It's that heavenly book, George Han definitely put that in advance. Helped the strange beasts to be put into the book of heaven, so I don't know what ghosts do not think..."

Ming Yu gritted his teeth, yes, she also reflected it.

"Damn, I actually ignored these guys." Ming Yu drank coldly.

Ye Shijun was also suddenly shocked at this time, but after calming his mind a little, he shouted angrily at the troops behind him: "Block those animals for me." As soon as

the voice fell, the army behind him slammed forward and met the army of strange beasts.

The army of strange beasts was also not to be outdone.

George Han was not idle, even if he was surrounded by a heavy siege, he still wanted to kill.

Amelia Su, Ningyue, and Mo Yang each led a large army all the way, and

also met the three-way ambush army.

Halfway up the mountainside, which was originally quite calm, at this moment, the sound was deafening, and the war was burning!

"Fu Lao, it's going to start a fight." The

commander pointed to the mountainside behind him and said in a hurry.

Futian's face was icy cold, but his heart had already panicked into an old dog. He was afraid of death, feared to death, but his greed for power and wealth was extremely strong, so strong that it was outrageous... The battle on the

mountain was fierce, he would be a little bit. Worry, if he sticks to the position, if there is any accident behind him, then he will be in a very miserable position.

His heart was a little shaken, but at this time he had no other choice: "Tell everyone, be prepared, our task is to defend the front line, and

other matters have nothing to do with us."

"This subordinate understands." The

commander finished and hurried down. Deployment, Futian looked at the mountainside worriedly.

"f***, George Han, what kind of medicine are you selling in the gourd? At this time, you can still start such a large-scale battle?" Futian looked at the battlefield and sighed, but he was completely speechless for a while.

He really wanted to go up and see it to understand, but thinking that there were still enemy troops behind him, he felt helpless for a while.

Bang bang bang!

The fighting continued.

"Patriarch, there is also a fight over the mountains."

Standing before the siege, the servant beside Pei Gu looked at the mountains and said involuntarily.

Pei Gu looked around and saw that the sky above the mountains was almost lit up by the flames of war, and the battle situation there was extremely

tragic.

The servant turned his eyes slightly and saw that Pei Gu's expression was a little wrong, and couldn't help but wonder: "Patriarch, why are you so worried?"

Pei Gu took a breath and returned to his senses: "This is really strange."

"Strange?"

"Over there . It is said that the fallen city is an empty city, but our attack has been severely hindered, and we have not been able to capture it for more than ten hours, so there should be a lot of soldiers in the fallen city."

"But if there are many soldiers in the fallen city, the group will Why did such a large-scale battle break out in the mountains?"

"Does George Han have so many troops?"

"I was suddenly thinking of a question." Pei Gu suddenly asked.

The servant was stunned: “What is the master thinking about?”

“I was thinking about what Xiao Qi said to me. Could it be that I really chose the wrong one?”
