

Chapter 3922

The army is burly for several miles. Even if they are far away, it is clear that this army is definitely an elite army. .

Seeing the reinforcements, the lame soldiers who had already been fooled by George Han suddenly regained their spirits.

Especially those senior executives are the most excited at this time.

“Haha, here, here, our reinforcements are here.”

“Look at this unit, it is at least the elite of nearly 10,000 people.”

“The arrival of the unit not only means that our combat effectiveness is enhanced, the most important thing is that it represents the fall of the city. It has been won over there in one fell swoop. To put it more bluntly, it is our army, which will come to support in a steady stream. Haha, the army of 400,000 people has gathered, Han 3,000, you will not even die at that time. You know, you still have the right to brag about how talented you are?”

“You have to spend your life if you have money, George Han, do n’t you understand the truth?”

A sneer.

Some heart-wrenching people heard these words and completely dispelled their thoughts for a while.

After all, even if George Han’s side is hype, there is one thing that is irrefutable. No matter how good it is, they have no life to enjoy it.

Judging from the current situation, George Han is sure to lose.

“I’m the master now. After I kill George Han, all the gold and silver treasures and all kinds of magic weapons he showed off will be distributed to you.” Ye Shijun looked at George Han and sneered.

These things are indeed tempting, but for Ye Shijun, its temptation is obviously not comparable to the thrill of revenge for killing George Han.

“Haha, Young Master Ye is very arrogant.” Some executives immediately echoed excitedly: “Brothers, those

treasures look very tempting. Haha, if you kill someone, we will make more money. I have never done such a cool thing in my life. It’s a matter.”

“f*** him, we can still make a fortune after being promoted, a great joy in life.”

“Go!” Someone

shouted, and then rushed to George Han ahead of time.

Someone made the first move. Naturally, more people were willing to follow. Along with one person, ten thousand people moved.

Amelia Su, Fu Mei and the others saw this and went up with their knives in succession. However, George Han at this time directly shook over a few people around them with his qi force, and faced the besiegers, who was just Wei Wei flew away, and after dodging their attack, she didn't make another move.

Seeing that George Han retreated to the small mid-air, a group of people had a different interpretation.

"Haha, George Han, didn't you f***ing act like you just now? Why, now you're cowardly?"

"

"f***, you don't even dare to pay back your hand, are you just so unreasonable?"

"Actually, he doesn't even have one. Can you think about it? Suddenly called a timeout, and then bragged that he didn't want to kill us, so he persuaded us. In fact, he couldn't hold it anymore, and he made a bad excuse."

"Haha, bullshit, bragging it's cool to look up, but once someone pierces it, it will hurt your face." A group of

people laughed, full of ridicule.

George Han shook his head helplessly: "Look how happy you are."

"I just believe that some brothers are willing to join us after listening to the words just now, so I don't want to blindly hurt them, you really know how to do it. Bullshit."

A few people didn't get angry because of this, but smiled softly: "Come on, you continue to play, we are listening."

"What's the matter, a small army is here, you

Are they so excited? "George Han said with a smile: "Actually, according to the nature of your thinking too much, it may indeed be like being beaten to the point of excitement. "

"However, haven't you thought about other possibilities?" " For example..."

George Han was just halfway through, but Ye Shijun smiled disdainfully: "Then I will follow your bragging characteristics and guess, for example, do you think those people might be yours?" "

George Han didn't say anything, it was a default, but when he turned to the group behind Ye Shijun, they burst into thunderous laughter.

"f***, Ye Gongzi, your guess is so accurate, this is more stupid than Really want to say that these people were brought by him. "

"Oh Nima, my stomach hurts so much, hahahahaha. "

George Han smiled lightly, looking at the troops down the mountain, his face filled with his own confident smile...

Chapter 3923

Look, idiot, those people are tall and strong, your people?”

“I’m not afraid to tell you, that’s all The troop, even if we are far apart, we can clearly know that it is a disciple of the Troll Palace. The people of the Troll Palace are as their name suggests, and everyone is like a giant. We are quite impressed by this.”

“The Troll Palace, Hehe, the old-fashioned clan forces of the Demon Race, don’t look at the mere 10,000 people, in fact, these people are all elites because of their body shape.”

“That’s right, these people are casually placed There is a huge amount of energy everywhere. With them coming to help, the situation will definitely change. Not to mention, they can free up their hands to help us, which means that other armies can free up their hands.”

“George Han, wash . Clean your neck.” A

group of people couldn’t tell how happy they were, after all, the current difficult situation suddenly saw the dawn, and the excitement was uncontrollable. There were so many words and intensive ridicule.

George Han didn’t speak, smiled slightly, and was silent for a moment, then said with a smile: “In that case, don’t say I bullied you, just give you a chance, just wait for them to arrive, how?”

Hearing George Han’s words , a group of people laughed at first, and the next second, the group burst into laughter.

“f***, I’ve seen people who are courting death, but I’ve never seen someone who is so cheap to court death.”

“George Han, your motherf***er is really good, I don’t know if your kid is mentally ill or not His mother-in-law’s pretense can’t get used to it, but anyway, just based on what you said just now, I don’t dislike you so much.”

“You are more sympathetic to him, right? Hahahaha. “

Hahahaha.”

A group of people laughed frantically and disdainfully. Over there, Amelia Su and the others were also confused.

“What the hell is George Han doing?” Ningyue frowned: “I can understand persuading the other side to surrender, but seeing the enemy reinforcements coming, not only did they not retreat or step up their attack, how could they still... still wait. “

The Giant Demon Palace is an old-fashioned powerhouse of the Demon Race. Although the number of people who come here is not very large, its strength must not be underestimated. We are already in an extremely difficult situation. Shall we push into the fire pit?”

“Yeah, we are not in an advantageous situation, I really don’t understand...

“

Even the old subordinates, even if they trust each other, at least this time, it is difficult for everyone to understand .

Amelia Su didn't say anything, silently listening to the questions of the few people in her ears, her brows furrowed tightly for a while.

As a wife, as the person who knows George Han best, she knows that George Han must have her reasons for doing this, but what kind of reasoning is, she thought about it, and at a loss, no one came.

"Wait, just follow what you want, let's wait."

Ye Shijun slapped the coffin and said in a cold voice: "People are begging for death, do we have to refuse, in that case, wouldn't it appear that we are a gang People are too impersonal?" If

you say wait, you wait.

Ye Shijun temporarily stopped the attack, and a group of people waited in place .

George Han also did not launch any attack, and stood in the same place as the other party in a waiting manner.

Dumbfounded is Futian.

Obviously there was still a war above, why suddenly there was no movement.

The natural sight at the foot of the mountain is not as good as that at the top of the mountain. Futian waited for a long time, and then heard the soldiers report that a giant was found outside.

Afterwards, before Futian could respond, a secret letter came from above to ask to open the door, and let a group of people wait to come in. It was the people from the friendly troll hall.

Hearing this news, Futian was very happy, after all, their reinforcements finally came.

But this joy didn't even have time to stay for a few more seconds, but Futian's brows suddenly wrinkled tightly.

"Looks like... it doesn't seem right?"
