

Chapter 3938

George Han and Amelia Su have been here for a long time, and no one knows what the two couples are doing.

I only know that after a while, there was a buzzing sound in the middle of the forest, and occasionally I could smell a few beast calls, and these beast calls were different.

Under the mountainside, most of the disciples had already fallen asleep and recuperated under the arrangements of Mingyue and Jianghu Bai Xiaosheng, some were assigned to stay at night, and of course, some were excited. "Damn

, I said before that I need to share things when I join here, but in the end, my mother really divided things."

Divine Soldier."

"Hey, you heard it, there are still a lot of medicinal pills to be distributed."

"Yes, my buddies, they joined when they should have fallen into the city. They used to be better than me in the past. Poor, now it's

two ."

"f***, is it so fierce?"

"I lied to you as a puppy, he's on vigil now, if you don't believe me, I'll call him over tomorrow morning, and you can see for yourself."

"Damn, being with the right person is really one of the most important choices in life. If we want to change someone else, we really don't know when we will be able to make a difference. Shit, it's a pity that we came a step late, if we had to surrender early, We might all be able to get the f*** out of here now."

"Listen to my buddy, it's easy to do something in George Han, as long as you are willing to work hard and be loyal enough, then these are all things. small issue."

"Yeah, I also heard that George Han is quite smart, and he takes good care of his subordinates. He is definitely not someone like Ye Shijun. If you want to be promoted, you have to flatter him. Here in George Han, as long as You can do things, you are loyal enough, and you will

not ."

Under the night, the group of people who had just surrendered were talking a lot, and everyone's eyes were also full of excitement.

In the entire army, only they were still in a state of excitement at this time.

"However, this difficulty seems to be quite sad. After all, the other party still has 300,000 troops. Our side... Even if we join, the number may be less than 100,000."

“Yeah, this is really difficult . Yes. However, we are following George Han, I don’t think we need to worry too much, after all, we have never beaten them with 200,000 people before. There are only a few hundred people on the mountain and thousands of strange beasts.”

Speaking of this, a disciple He covered his face with laughter and embarrassment: “Don’t

find say it, I feel embarrassed and ridiculous when I think about it.” “Grass, follow Ye Shijun’s pig head, how the f does the shame come, the key is his vanity. It’s so f***ing strong

, I’m drunk.”

“Hey, he’s still the Crown Prince, and he’ll have to take us with him for many years. Hey, it’s too damn good if we don’t play with him sooner or later.”

” No way. Well, 200,000 people have been raped by hundreds of people, and when I think about it, I feel ashamed to be in the army.

” After eight lifetimes of blood mold, to be honest, I don’t want to be with him for a long time, but I never had a chance to leave.”

“That’s right, I wanted to join George Han for a long time, even if there were no benefits. I am also willing, and Mingjun is much better than Shunjun, because you are under Shunjun, and you don’t even know how you died at any time.”

“It’s alright now, the rain is over, f*** it, when the fight starts tomorrow. , let’s do our best, once we come here, use this to show our loyalty

, Second, let’s do a show in front of those guys, and tell him Ye Shijun with our actions, how much he failed to be a fool than the prince. No matter how good a soldier is, in his hands, he must become a waste. “

That’s right, we have to prove that this war is always lost, it’s not that our soldiers are useless, it’s Ye Shijun’s waste.” A

group of people said that they were full of promise and full of ambition, but just when the words of several people were rising, suddenly, two figures appeared in front of them at an unknown time.

Everyone was suddenly shocked, Especially when I looked up and saw these two gradually clear figures under the night, I was so scared that I couldn’t speak.

Then, one of the figures pointed to the woods in the distance and smiled softly.

The group of people all stood up from the ground obediently, and then a group of people slowly walked towards the woods..

Chapter 3939

The group is very light and slow, so that people resting on the mountainside do not notice.

Ten minutes later, the group stopped in the middle of the woods.

The leading black shadow smiled softly: “I heard everything you said just now.”

“It’s a good thing to come out and have ambition. However, if you can’t do what you say, it will be a waste.”

After the words fell, the shadow turned around and looked at the group of timid soldiers lightly.

It was George Han.

The group of soldiers standing at the front glanced at each other, one of them gritted his teeth, and took the lead: “Alliance leader, we are all men and men, we don’t fight for steamed buns, we fight for our breath, since we say it, we will naturally It can be done.”

“Yes, I know that we all surrendered.

It is normal for the leaders and brothers to despise us. However, we will never despise ourselves.

” Look down, the more we have to prove to others that they are wrong.”

“Okay!” George Han smiled and looked at everyone: “I believe everyone’s words are absolutely true, not for anything else, just for us all. It’s a man.”

“Although you just joined us, I believe in your brothers.” After saying this, George Han nodded towards Amelia Su next to him.

Amelia Su got up and whistled slightly.

For a while, the surrounding forest can clearly feel the swaying mountains and mountains. After that, huge black shadows began to appear around, and gradually approached and surrounded the crowd.

The group of people was suddenly shocked, and hurriedly drew their swords and formed a group, relying on each other

to deal with foreign enemies.

And when the shadow began to appear in the moonlight, the crowd was even more surprised and frightened.

Those are all golden yellow beasts. Although they have different appearances and shapes, they are all majestic and majestic, like divine beasts descending from the sky.

“Don’t be nervous, it’s all on your own.”

Seeing a group of people nervous and scared, George Han smiled softly.

Hearing George Han’s words, and the fact that these strange beasts just stood obediently to the side after they arrived at the crowd, they were relieved.

“How is it?” George Han glanced at the strange beasts and asked the group of people in front of him.

All of these people nodded, and some even praised: “It’s too fierce, this group of golden beasts, just looking at their formation is scary enough.”

“Yes, it’s like a group of divine beasts descended from the

world . It 's the same.”

“I smell money. Every strange beast is dressed in golden armor. It's so f***ing rich.” “As long as you like it.” George Han looked at Amelia Su and smiled.

Amelia Su nodded: “They are all your mounts.” The group of people were watching the army of strange beasts and sighing. When they heard Amelia Su's words, they all immediately became dumbfounded, and the expressions on their faces also froze.

“Leader... What did the lady of the alliance just say?”

“Did I hear it wrong, or did I have hallucinations?” “They belong to us? Is this... is this making us happy?”

People are also stupid.

Amelia Su smiled slightly: “What's the matter, the wife of the alliance leader is useless, isn't it?”

“No, no, Mrs. Alliance Leader, of course your words are easy to use, but...”

“Since my words are easy to use, why don't you listen? Do you need me to repeat them again?”

The man stopped talking, looking excitedly. Looking at Amelia Su: “Mrs. Alliance Leader, is what you said really true?”

Amelia Su nodded with a chuckle.

“Damn, these strange beasts are really ours, brothers, why are you still standing there in a f***ing stupid way, dividing the beasts.”

As soon as the voice fell, the man took the lead and ran towards the strange beast he looked at the most. , and as he moved, the rest of the team rushed towards the army of strange beasts one by one.

For a time, the whole scene was both lively and festive. Amelia Su slowly glanced at George Han, but at this time, George Han finally raised his chest slightly, stood up, raised his hand, and signaled the audience to stop...
