

Super Rich Dad Chapter 394-396

Chapter 394. Chu Yuan's Rant

You Yun smiled and said, 'They're all some friends from Chu Jiang's business circle, they had something to do yesterday and couldn't make it to the banquet, but when they heard that you were a hit at the auction, Young Jiang, they were all very eager to get to know you a bit.'

Jiang Hao nodded silently and didn't think too much of it, as it so happened that the lift was coming, so the two of them got on it directly.

Soon, the lift reached the 6th floor of the hotel, and You Yun respectfully asked Jiang Hao to get off the lift, and You Yun was about to take the two to a private room not far away when his mobile phone suddenly rang.

After answering the phone, a look of embarrassment appeared on his face and he hurriedly said, 'Oh, Mr. Jiang, I'm so sorry, I have a friend here and he's downstairs, why don't you go to the private room by yourself first? I'll go and get him, I'll be right back.'

You Yun felt that it was a bit rude of him to leave Jiang Hao here like this, so he was afraid that Jiang Hao would be angry with him.

But the person downstairs was also a guest he had invited, so it was not very nice of him not to go and greet him.

However, Jiang Hao didn't think too much about it and said indifferently, 'It's alright, you go ahead, I'll wait for you in the room.'

You Yun was overjoyed at this and hurriedly said with a smile, 'That's really thankful to you, Jiang Shao, that less than, come here quickly'

You Yun shouted at a young man dressed in a suit not far away, and that young man hurriedly ran over with quick steps.

'You quickly, take Jiang Shao to the private room, I have something to do,' You Yun said.

The youth smiled and nodded heavily, 'Yes Mr. You, Mr. Jiang, please come with me.'

As he spoke, the youth bowed slightly and politely led the way, leading Jiang Hao towards the private room not far away.

When he reached the door, the youth gently knocked on the door, then slowly pushed it open and politely said, 'Young Jiang, please come in.'

Once the door was pushed open, before Jiang Hao could enter, he heard the sound of a chair being pushed away from the private room.

There was even a soft muttering, 'People are coming here, aren't they?'

It seemed that the people in the private room were full of anticipation for Jiang Hao's appearance.

Only that neither Jiang Hao nor the people inside the private room expected, in any case, that they would soon be disappointed with each other.

As soon as Jiang Hao entered the door, once he got a good look at the people in the private room, he instantly faintly froze and thought he had walked into the wrong room.

Because at this moment there were only two people in the private room, and one of them, who was still young, was none other than Chu Yuan, whom Jiang Hao had met at Qin Yun's house earlier!

Jiang Hao and Chu Yuan both looked at each other with blank faces, especially Chu Yuan, who was simply astonished.

'How did you you come in? What are you you doing in here?'

Somehow, the moment he saw Jiang Hao, Chu Yuan had a feeling of revulsion from within.

And he was even more curious as to why Jiang Hao had appeared here.

As soon as he heard Chu Yuan say this, a middle-aged man beside him, who was in his forties and looked somewhat mature and sophisticated, couldn't help but stare.

He whispered in Chu Yuan's ear and muttered, 'Young Master Chu, what, is this this person not the one that Mr. You said? You guys know each other?'

Hearing the man's words, Chu Yuan could not help but let out a laugh, his laughter filled with contempt, 'Him? The person that Mr. You said? He's just a poor student from Chu Jiang University, we just met him yesterday! He's just a poor student from Chu Jiang University.'

To this day, Chu Yuan still remembered how Jiang Hao had spoken so shamefully at Qin Tiancheng's house at that time.

His impression of Jiang Hao had basically been set at that time, so when he saw him again, he was even more disgusted.

Jiang Hao was also slightly startled when he saw Chu Yuan at first glance, and couldn't help but look back in the direction of the private room entrance.

It seemed that the friend that You Yun had mentioned should be Chu Yuan and the middle-aged man beside him.

Jiang Hao could not help but sigh in his heart that this world was really a bit small.

However, although Jiang Hao resented Chu Yuan, that was all.

Jiang Hao snorted and looked at Chu Yuan somewhat playfully as he said, 'This is a place to eat, what do you think I'm here for, of course it's to eat.'

As Jiang Hao finished speaking, he took two steps forward and looked at Chu Yuan.

‘Eating?’ When Chu Yuan heard Jiang Hao’s words, he was a million times surprised and shouted even more disdainfully, ‘Whose meal are you eating? Humph, do you know what kind of place this is? Who are you to come here to eat? Get out of here right now, or I’ll call someone!’

As soon as he saw Chu Yuan treat Jiang Hao like this, the middle-aged man beside Chu Yuan’s face also sank and said coldly, ‘What does he do anyway? I think it’s better to cut the crap, I’ll call downstairs and ask the security guards to come up’

After saying that, the middle-aged man really took out his mobile phone and called someone.

When Jiang Hao saw this, he couldn’t help but snicker, not only did he not feel the least bit nervous, but he shook his head and casually drew a chair and sat down.

‘Fine, then I’ll wait, I’ll see later, I don’t want to leave today, who can kick me out!’

The other party’s attitude had already upset Jiang Hao, he had already given You Yun face by coming over today, Jiang Hao wanted to see what they could actually do in a moment.

‘Playing hard to get, fine, let’s see then, I’d like to see if you’ll still be so tough-mouthed when you’re dragged out like a dead dog by the security guards in a while!’

After Chu Yuan finished speaking, he pondered for a moment, followed by a suspicious voice, ‘Actually, I’m quite curious, why are you here, let me think about it ah’

Chu Yuan was silent for a moment, then suddenly snorted with laughter, as if he had suddenly realized, and said, ‘Couldn’t be, you’re following me here, right? Oh, I guess you’re here for the Qin family’s entry into the south of the city project, right? You are quite capable, aren’t you? Can’t you just help Qin Tiancheng to get it done? Then why are you here? Oh heh, you’re not here to beg me, are you? You’ve blown your own horn and can’t make it up? So you thought of me?’

Chu Yuan stood there talking to himself a bunch of times, he was a bit smug, thinking that his guesses should not be wrong, otherwise how would Jiang Hao appear here?

You Yun invited him to dinner? He was a small mole like him, and You Yun wouldn’t even know him.

However, once Chu Yuan had said these words, Jiang Hao could not help but laugh.

‘What did you say?’ Jiang Hao forced a laugh and asked rhetorically, ‘I came here to beg you? Or for the Qin family to enter the south of the city project? Come on, how the hell did you grow your brain? It’s ridiculous!’

Jiang Hao shook his head and sighed as he continued, ‘Let me say it again, I was invited here, not some guy who came here after you to beg you to do something, so please make yourself clear and don’t get high on yourself.’

‘Begging you? Heh,’ Jiang Hao sneered and muttered, ‘Please ask, how old are you?’

Jiang Hao didn't want to give face to Chu Yuan at all, he was no sh*t in Jiang Hao's eyes, so why should Jiang Hao give him face?

However, once Jiang Hao's words were out of his mouth, Chu Yuan was furious and gritted his teeth, pointing at Jiang Hao and shouting angrily, 'What did you say? Do you dare to say it again? Do you know what kind of bullsh*t you're talking about? You're fucking looking for death!'

Chu Yuan looked so fierce and vicious that he wanted to eat Jiang Hao alive to relieve his anger!

He was already disgusted by the sight of Jiang Hao, but now Jiang Hao had the guts to say such things to him, in Chu Yuan's opinion, Jiang Hao was purely looking for death, and he would not let him go!

'Yes, I am looking for death, may I ask what you can do to me?' Jiang Hao sneered indifferently, full of care.

'Seeking death, you're really seeking death!' It seemed that Chu Yuan couldn't even wait for the security guards to come over anymore, and he directly moved to run over to Jiang Hao.

Jiang Hao had touched Chu Yuan's scales today, and he would not let him go no matter what!

But just as Chu Yuan was moving, the door of the private room was suddenly knocked on, and then several hotel security guards in black suits barged in quickly.

They were all dressed in black, with stout bodies and sunglasses on their heads, looking very fierce.

The one in the lead looked at Jiang Hao as soon as he entered, and then looked at Chu Yuan who was next to Jiang Hao.

'Young Chu, may I ask what your orders are?' The black-clad security guard in the lead asked.

Chu Yuan sighed, his tense body seemed to soothe a little, pointed at Jiang Hao and gave orders to several security guards in a commanding tone, 'Yes, yes, you guys are just in time, hurry up, throw this dog out for me, I feel sick just seeing him!'

The head security guard looked at Jiang Hao and couldn't help but frown, because just now downstairs, he had seen that You Yun seemed to be greeting this man.

'Young Chu, this seems to be a guest too, right? It's not very nice of me, is it?' The head of security asked with a frown.

Hearing this, Chu Yuan's face instantly sank several shades, pointing at the head security guard's contempt and scolding him, 'Bullsh*t guest, you know nothing! He's a piece of sh*t, if I tell you to throw him out, throw him out to me immediately!'

'But,' the head security guard's frown deepened and he had to explain, but Chu Yuan didn't even want to listen to him and disliked him directly.

'You shut up! You're just a stinky part-time worker, don't give a damn about your face!' Chu Yuan shouted angrily, 'Do you want me to call your boss to come and talk to you? Are you going to throw it away or not?'

Chu Yuan said sternly, 'If you don't throw him out today, do you believe that I will throw you out of Chu River?'

The head security guard naturally knew very well who Chu Yuan was, the eldest son of the Chu Family, a big family in Chu River, and he was very powerful in Chu River, so if he wanted to clean up a small security guard like himself, it would be easier than killing an ant.

If he wanted to take care of a small security guard, it would be easier than killing an ant. He was just here to work for money, so he certainly did not want to get into trouble.

The head of the security guard was red in the face, looked back at Jiang Hao and said with some embarrassment, 'This gentleman, do you want to move first, I'

Before the security guard could finish his sentence, Chu Yuan instantly roared again.

'Sir my ass, who the hell told you to be respectful to him? Who is he? Your father? I told you to throw him out, do you hear me clearly?'

Chu Yuan practically pressed his face against that security guard's, growling angrily.

Chapter 395. Ticket Sellers

Chu Yuan's aura pressed down on the head of the security guard, who did not even dare to raise his head, and his entire body could not help but tremble slightly.

'But young Chu, this one is really' The security guard still wanted to hold on, after all, he didn't want to take too much risk for this.

If he really did something to Jiang Hao, wouldn't he still be dead in case Jiang Hao was some kind of a big shot again?

But before the guard could finish his sentence, he felt a hot and spicy sensation come to his face.

'Pah!'

Chu Yuan had really had enough of the security guard's nagging and slapped him across the face, 'I told you to bullsh*t! Now even you, a small security guard, don't give me face, right!'

Chu Yuan really felt that he had no face left, after all, he still had that middle-aged man beside him.

If word got out that he couldn't even command a security guard, wouldn't he be laughed at to death?

So Chu Yuan did not hesitate to give that security guard a slap, full of anger roared: 'Damn, you are finished, you wait for me, I will call your General Manager, you see how I clean you up!'

With those words, Chu Yuan took out his mobile phone and prepared to call You Yun.

The security guard, once he saw Chu Yuan's battle, his heart was also full of anger.

Are you not just relying on your family's money? What is there to pretend?

If it wasn't for the support of the Chu family behind you, we wouldn't know who would be finished today!

While thinking this, the security guard gritted his teeth and said, 'Since you have said so, then do as you wish, I repeat, whether you want to deal with me or let me deal with this gentleman, I have to listen to General Manager You! If you insist on having Mr. You punish me later, and Mr. You listens to you, then there's nothing I can do! Anyway, please don't worry, no matter what happens today, I'll forgive you for not obeying my orders!'

After he finished speaking, that security guard raised his head, with an unyielding look, completely ignoring Chu Yuan.

'You want to turn against me, don't you?' Chu Yuan was about to explode in place!

He was already very upset when he met Jiang Hao, but now this security guard had come out, this was really provoking him!

Chu Yuan laughed in anger and pointed at Jiang Hao and the security guards, 'Success, you guys are success, wait for me today, none of you can escape!'

As he said that, Chu Yuan called You Yun's phone number.

However, as soon as the call was answered, the other party hung up.

Chu Yuan could not help but be stunned and was surprised when suddenly the door of the private room was pushed open, followed by You Yun's laughter coming in.

'Haha, why is Mr. Chu in such a hurry? I went down to pick up a friend, and you called to rush'

You Yun's words were just halfway through, he had just entered the door with his front foot when he sensed that the atmosphere in the room seemed a little off, and hurriedly swallowed back the words that followed.

'Why is everyone standing here? Why don't we all sit down?' You Yun smiled slightly awkwardly as he swept his gaze over Jiang Hao and Chu Yuan and the others, a little surprised, 'Oh yes, let me introduce to you all, this'

Originally, You Yun wanted to introduce a person who had followed him in behind him, but just as the words left his mouth, he was interrupted by Chu Yuan.

As soon as he saw You Yun, Chu Yuan immediately came to life, even a little ecstatic, and hurriedly said, 'Mr. You, you're just in time, hum, today I Chu Yuan has lost face with you, I just don't know if you can give me back this face, if not, hum, then I think we should not be friends in the future!'

This time, Chu Yuan has put down his blood money, not hesitating to use the threat of termination of friendship as blackmail.

Chu Yuan also did not believe that he had said so much, could it be that You Yun could not give himself face and deal with this matter today ruthlessly?

It was only his words that really puzzled You Yun.

You Yun looked at Chu Yuan with an embarrassed face and then at Jiang Hao, somewhat at a loss for words.

'Young Master Chu, where did this come from? What do you mean by that?' You Yun frowned and asked, 'We're all friends, what you're saying, really haha, you're joking with me aren't you? Look at you man, making it sound like it's real'

'Mr. You!' Chu Yuan suddenly let out an assertive cry and said coldly, 'Do you see that I'm joking? Today, I, Chu Yuan, have simply suffered a great shame in this Kunlun Hotel of yours!'

Chu Yuan's last words, word for word, were spoken with a loud voice, and listened to You Yun in a daze.

However, You Yun did perceive that something really seemed to have gone terribly wrong today!

'Young Chu, I was not here just now, may I ask what has gone wrong?' While speaking, You Yun couldn't help but subconsciously look back at Jiang Hao, he was a little apprehensive, thinking that what Chu Yuan had just said, couldn't be related to Jiang Hao, right?

If that was really the case, then it would be a bit tricky.

On one side is the Chu family, a family that has been operating in Chu Jiang for decades, with family assets of several hundred million, although not too much, but the Chu family is a big family in Chu Jiang, with a well-knit circle of contacts, and You Yun has only made his fortune in recent years, so he can't afford to mess with the other side.

What about Jiang Hao on the other side? This man seems even more terrifying!

You know, just yesterday, this guy had spent more than 10 million without even blinking an eye, this kind of person, to say that there is no power, ghosts do not believe.

What made You Yun's heart feel unsure was that Jiang Hao was too mysterious, he didn't know what his origins were, and he certainly didn't dare to openly provoke Jiang Hao.

What's more, Jiang Hao is a big client of his, and he has spent more than ten million dollars with him before and after!

You Yun looked at Chu Yuan with apprehension, wanting to know what Chu Yuan would say next.

'Heh, what else can there be, him, of course, and him!' Chu Yuan pointed at Jiang Hao and the security guard respectively, and continued, 'This man, not only did he barge in, but he is also talking a lot here, do you know what he just said? He said that he was invited by you, Mr. You. It's ridiculous. Are you so low class now that you have to stoop so low as to invite a poor student to dinner?'

Chu Yuan turned his words around and pointed at the security guard again, continuing, 'And him! I saw this kid talking a lot and thought of blowing him out of the room, but do you know how your employees behave? Not only did he not listen to me, but he even chided me back? Is that how Mr. You is usually bullied by a group of dogs under his own command?'

Chu Yuan tried his best to vent out all the displeasure deep inside himself, not even bothering about You Yun's face.

Even though he was aggrieved and upset, those words of his clearly not only did not put You Yun in his eyes, but even openly sarcastic, how could You Yun accept this?

The latter's face could not help but look gloomy, his brows locked.

It seemed that his guess was really correct, the reason why Chu Yuan was like this really had something to do with Jiang Hao.

But even so, this Chu Yuan had been too impolite when he spoke just now.

He had gone so far as to chuck in a sarcastic remark about himself, which made You Yun feel uncomfortable and a little more embarrassed, after all, this was either his subordinate or his guest.

He was about to open his mouth to remind Chu Yuan to pay attention to his speech, but before he could open his mouth, he was interrupted by Chu Yuan again.

This Chu Yuan seemed to be determined to put Jiang Hao to death, and the words he had just said did not make his heart ache at all.

If you think I'm still a friend, then please deal with these two people severely, if you don't feel the need to have me as a friend, then please be my guest! Hmph, we've reached the end of this friend status!'

In fact, in order to strengthen You Yun's determination to deal with Jiang Hao and the security guard, Chu Yuan followed up by saying, 'Oh yes, does Mr. You know this person?'

He pointed at Jiang Hao and said sarcastically with a smile, 'Of course you don't know him, then I'll introduce him to you, he's a great man, he's called Jiang Da Shao, according to him, he's a formidable presence in Chu River, but I don't think I've heard of him haha. He said that he could easily put anyone into the south of the city project! Do you think it's funny hahaha'

Chu Yuan had long since taken Jiang Hao's words as a joke, so much so that he had directly brought them out on this occasion as a laughing point for Jiang Hao.

As soon as Chu Yuan grinned, the middle-aged man in his forties beside him couldn't help but snort out a laugh as well.

Of course he knew how difficult it was to get into that south of the city project and how high the qualifications required were, which is why he also found Jiang Hao's words more and more ridiculous.

However, when Chu Yuan's words reached You Yun's ears, not only did You Yun not laugh out loud, but his expression became more and more grave.

He looked at Jiang Hao with some consternation, somewhat surprised and somewhat suspicious.

‘Could it be that this kid’s ability has reached this level?’ You Yun muttered in his heart.

He didn’t listen to Chu Yuan’s words as a joke straight away, because they didn’t know how terrifying Jiang Hao’s strength was, so naturally they didn’t know that since Jiang Hao dared to say those words, nine times out of ten they were true!

That was the City South Project, how capable did this kid have to be to just let people in to the City South Project?

‘Is it really true?’ You Yun asked dazedly, then looked at Jiang Hao, his eyes full of incomprehension and longing.

He was a little nervous and excited at the moment, he was really keen to know if Jiang Hao was really capable of this.

And if this was true, then he had really found a treasure!

Nowadays, if you look at Chu Jiang, who doesn’t want to be involved in the project in the south of the city, naturally, You Yun is no exception, but suffer from the fact that he really doesn’t have that strength.

That’s why he approached the Chu family, because he wanted to use the Chu family as a stepping stone to get a ticket to the city’s south project.

But now it seems that there is no need to rub it in, because there seems to be a ticket seller in front of him!

Chapter 396 - Dare to be reckless

‘True sh*t!’ Without waiting for Jiang Hao to speak, Chu Yuan opened his mouth directly, his mouth full of disdain, ‘You don’t even look at his virtue, if he could have that ability, even sows could be on trees!’

‘You’re not so naive as to believe that this kid can do anything, are you? Oh, I’ve seen a lot of such little liars, I advise you to hurry up and throw him out!’

Hearing these words from Chu Yuan, You Yun’s brows tightened.

Of course it was unlikely that he would throw Jiang Hao out, but Chu Yuan seemed to know Jiang Hao very well, could it be that they really knew each other?

If that was the case, then was what Chu Yuan said really true or not?

Originally, a fire had just been lit in You Yun’s heart, thinking that Jiang Hao was well connected to the city’s southern project, but now it seemed that the matter was really an unknown.

But in any case, like what You Yun said, throwing Jiang Hao out of this kind of thing, You Yun could not do it in any way.

People were invited here by themselves, and then they threw them out? This was simply not something that people did.

‘Oh, Young Master Chu, let’s talk properly, look, why do you have to get so saber rattling, I’

‘Alright Mr. You!’ Chu Yuan once again sternly interrupted You Yun and said, ‘I am only asking you today, whether to throw him out or not, if not, then sorry, the one who is leaving, is me!’

‘Aiya Chu young master, what the hell is going on here? What’s the matter that we can’t sit down and talk about? You’re making it very difficult for me to do so!’ You Yun’s face showed some displeasure as he sighed.

This made Chu Yuan even more proud of himself, and naturally, he was even more unconcerned.

Seeing that You Yun was slow to move, Chu Yuan violently pushed back his chair and shouted coldly, ‘Okay, Mr. You, this is your choice, right? Well then, we’ll see, I think I’ll have to talk to my father about your entry into the south of the city project later!’

After saying that, Chu Yuan was about to leave, and finally he didn’t forget to sarcastic Jiang Hao and said to You Yun with a sarcastic smile, ‘Mr. You, don’t you want to enter the south of the city project? Our Chu family side seems to be unworkable, oh yes, this is a bull, he promised Qin Tiancheng yesterday with conviction that he would help him get into the south of the city project, I think you should ask him too, hahaha I really want to wish you guys a big fortune soon!’

Chu Yuan’s mouth was full of sarcasm, and it was clear that he was being malicious and sarcastic towards Jiang Hao.

It was also blatantly mocking You Yun, since he wouldn’t listen to himself, he had to think of the consequences!

At this arrogance and insolence of Chu Yuan, You Yun’s heart simply hated him to the point where his teeth itched.

If he wasn’t the youngest member of the Chu family, if he wasn’t one of the few people who could strike up a conversation with Liu Guohao, perhaps at this point, You Yun would have stopped being accustomed to him.

Given You Yun’s nature, either he would not say anything or he would definitely come to a shock.

If he dares to threaten him, there is absolutely no good outcome, otherwise how can he, You Yun, from a foreign wage earner in just more than ten years, step by step to take root in Chujiang, and also struggle to make some small fame.

But this was something that You Yun could only think about.

He gritted his teeth, his heart was bitter, and he could not say a word of what he was thinking.

After all, he was now begging for help, and if he offended Chu Yuan, it would be almost the same as offending the entire Chu family, something that, for You Yun, who was only interested in making money, really didn’t feel worth it.

You Yun could only swallow all the bitterness into his stomach, but he still had a smile on his face and said to Chu Yuan: ‘Young Master Chu, please don’t, let’s have a good talk, you are like this’

‘Get up!’ You Yun was pushed to the side by Chu Yuan, who glared at him with arrogance in his eyes.

Chu Yuan looked at Jiang Hao again and sneered, 'In future, if you have business, ask for him, don't come to me again, or you'll be insensitive! How powerful he is, the big man famous in Chu Jiang, the big man who can let people into the south of the city project at will. Hahahaha.'

Chu Yuan laughed unrestrainedly again and said to Jiang Hao playfully, 'Tsk tsk, if you're so powerful, then why are you being a wimp? Oh, look at me, I'm almost riding on your neck and taking a sh*t, why aren't you still angry? You're quick to anger, huh? Haha, aren't you the one with all the power? Get someone to fix me? Oh yeah, you better find someone to kick our Chu family, out of the south of the city project again, that would be good, don't you think so?'

When Chu Yuan finished his words, he was almost face to face with Jiang Hao, with a provocative look.

It was just that after he had said so much, Jiang Hao didn't seem to have much of a reaction.

Jiang Hao raised his head slightly and raised his eyebrows to gaze at Chu Yuan for a long time before he said indifferently, 'Are you serious?'

Chu Yuan froze at his words, and then puffed out a laugh, 'Of course it's true, please, please kick our Chu family out of the City South project soon, it's actually particularly simple, after all, our Chu family is only the largest engineering equipment company in Chu Jiang, after all, my dad and Liu Guohao, the general contractor of the project, Brother Hao, are the good brothers who worship each other!'

Chu Yuan said while the corners of his mouth were about to turn up to the sky.

Of course, all these words of his were actually counter words.

Yes, the Chu family was indeed the largest engineering equipment company in Chujiang, and almost any big project in Chujiang would end up with the involvement of the Chu family.

So even if it wasn't because of the relationship between Chu Yuan's father and Liu Guohao, it was only natural that Chu Jiang would enter the south of the city project.

And apart from his own strength, the Chu family connections are an essential factor.

Chu Yuan's father, back in the day, broke into the world with Liu Guohao, and the two of them had a very good relationship, and were involved in a wide range of business.

So when Chu Yuan said those words, to put it bluntly, he wanted to show that he was emboldened, and that he had no one in sight!

And in Chu Yuan's opinion, he did have the strength to see no one else, just a mere You Yun, so what if he humiliated him?

So what if he had humiliated him? Chu Yuan had done the same to You Yun's too-clogged teasing, let alone Jiang Hao.

But what Chu Yuan had never expected was that his insolence had finally met with a hard target this time!

When Jiang Hao heard Chu Yuan's words, he laughed lightly and said disdainfully, 'Oh, that's what you said, then fine, I'll make it up to you!'

In fact, Jiang Hao had long looked at this Chu Yuan and felt displeased.

Overly arrogant, sooner or later you'll have to pay the price for yourself, not to mention that what you've provoked today is definitely an existence that you can't afford to provoke!

In fact, when he was at Qin Yun's house, from the first time he met Chu Yuan, he heard that this guy could 'add some people' to the project in the south of the city by his own preference, Jiang Hao already felt unhappy.

The first time I heard that this guy was able to 'stuff' some people into the city's south project with his own preference, Jiang Hao already felt unhappy.

Originally, I wanted to screw you, and you still didn't stop!

Today, Jiang Hao met Chu Yuan again and saw that he was still as arrogant as ever, so he really couldn't stand to see it.

Jiang Hao thought to himself, 'I don't have to wait any longer, so I'll just take advantage of today's incident and put an end to this matter.'

On the one hand, it would completely suppress this Chu Yuan's arrogance.

Secondly, Jiang Hao felt that he also had to give Liu Guohao a good beating.

Obviously, Chu Yuan's arrogance today is only because he has Liu Guohao in his hands, and in the final analysis, the problem actually lies with Liu Guohao.

The fact that Chu Yuan and the Chu family behind him, just because they have a good relationship with Liu Guohao, are able to let their own preferences, arbitrary placement of people into the south of the city project, then this kind of thing in Liu Guohao? I don't know how serious the situation is.

The city's south project is his first investment in the true sense of the word, and Jiang Hao certainly has a high regard for it.

It was also because of this that Jiang Hao could not allow anyone else to ruin the project.

If all kinds of moths could be mixed into the project, then I guess the project would not be far from death!

Jiang Hao raised his head and looked seriously at Chu Yuan, saying in a cold voice: 'I now announce that your Chu family has been removed from the City South project!'

As soon as Jiang Hao said this, the entire private room was silent for a moment, and then immediately afterwards, Chu Yuan led a burst of wild laughter.

Immediately afterwards, the middle-aged men in their forties behind Chu Yuan also followed suit and laughed out loud.

Even You Yun, after hearing these words from Jiang Hao, his whole face showed embarrassment and he shook his head slightly.

The reason why these people behaved like this was because Jiang Hao's words just now were just too ridiculous

Jiang Hao's words were just like giving orders, and the most ridiculous thing was his orders.

Brother, this is a project in the southern part of the city, not a pigsty for your family.

Is it possible that you, Jiang Hao, consider this project in the south of the city as your own?

If that's the case, it would be even more ridiculous.

In fact, everyone knows that the Shen family overseas seems to be involved behind the project.

Could it be that you, Jiang Hao, still consider yourself as a member of the Shen family?

As Chu Yuan thought of this in his mind, he could hardly contain himself and laughed back and forth.

'Oh my god haha, what a real laugh!' Chu Yuan said with his mouth full of mockery, 'How far can one person go without measuring himself ah? It's so ridiculous, please wake up and see who you really are before you say these words, huh, kicking our Chu family out of the south of the city project? Hahahaha I think you just want to laugh me to death right?'

After Chu Yuan finished his words, the middle-aged man beside him also snorted and started to help, 'That's right, people, you have to have self-awareness, who do you think you are? Who do you think you are? How dare you say such wild words? If you don't think it's ridiculous, I think it's ridiculous.'

The middle-aged man looked at Chu Yuan and could not help but feel a little smug as he said, 'Kid, I don't think you understand how powerful the Chu Family really is, so I'll tell you about it, after listening to what I have to say, I'll see if you still dare to be so reckless!'
