

Chapter 3944

two sides are majestic, rushing towards each other like a torrent.

When they were hundreds of meters apart, with George Han and Pei Gu raising their hands, all the men on both sides stopped and confronted each other.

George Han looked at Pei Gu, and Pei Gu also looked at George Han.

From the first time they met each other, George Han knew that this Pei Gujue in front of him was very human. On the other hand, after seeing George Han, Pei Gu couldn't help but sigh that there were new people coming out of Jiangshan.

"You are young but domineering. However, there is a slight elegance in this domineering. This shows that you are both decisive and wise. Young people, yes." Pei Gu said with a soft smile. .

To be imposing and imposing, to have looks, and to have IQ and IQ, no wonder his own Xiaoqi would not even avenge the revenge of himself for this kid, but instead speak

good words for him.

Pei Gu had some doubts before, but now that he has seen George Han with his own eyes, he has to say the last sentence, she is indeed his Pei Gu's daughter and has vision.

"What's the matter, Ming Yu doesn't dare to play now, so I found a fortune teller?" George Han sneered.

Although there is disdain in the voice, there is no such selfless contempt.

"You bastard, how dare you say that my patriarch is a fortune teller, are you courting death?" Beside Pei Gu, the servant said angrily.

As soon as this man made a sound, next to Pei Gu, a group of people immediately pointed at George Han and became angry, preventing the Buddha from swallowing George Han.

They moved over there, and the brothers around George Han didn't want George Han to take this anger, and one by one they had to do it on the spot.

Pei Gu smiled softly and waved his hand to signal his subordinates not to be so nervous. Looking at George Han, he laughed softly: "My surname is Pei

, I think you should have an impression of this surname."

"Oh, I hit you . Son." George Han smiled and continued: "It is said that the Yingtu family is extremely vicious. I was really worried when I beat him. After all, I thought that I had messed with someone who shouldn't be messed with, and it was inevitable for me. You will chase after you and fight, and you will never die."

"In this Devil Cloud Ghost City, when I see that you even married your own daughter, I believe my view even more."

"It's a pity..." George Han shook his head helplessly: "Sometimes

you know the person and the face, but you don't know the heart. So soon, the Pei family will find the mountain again." Are you pointing fingers?" the servant said angrily.

George Han ignored him at all, looked at Mo Yang and the others, and laughed softly: "Usually when you talk about a person's absolute pain point, he will show his teeth and show his

claws

, and he will be extremely sensitive." No one said a word, just laughed.

He was in a hurry, and when he was about to speak, Pei Gu clapped his hands: "Sure enough, you have sharp teeth and sharp mouths. With this mouth alone, you can tell the dead to live."

"However, young man, you need to be careful with your mouth. Strong does not mean really strong, if you want a real win, you have to rely on this." Pei Gu compared his fists.

Without waiting for George Han to speak, he looked up at the people behind George Han and shook his head: "What? Only one or two thousand people? Is it so shabby?"

"I heard that, Ming Yu, etc. When the people were defeated, a lot of people surrendered to you, why, where did they go?"

Pei Gu said, and the servant next to him laughed and said: "Patriarch, I think it must be this defeated army general. It's useless. So, instead of showing up

, it's better to hide it, at least get a reputation."

"That's right, a group of rubbish who have to choose to surrender after losing the battle, what kind of combat power is there? George Han, you are too young, you still can't understand what it means that some people can use it, and some people can use it. Reasons that can't be used."

"Sometimes on the battlefield, it is useful if there are not too many people."

Several servants sneered, looking at George Han with disdain and ridicule in their eyes. George Han smiled lightly: "That's right, some things really don't depend on having a lot of people. Are you arrogant about

100,000 soldiers and horses?"

Qian suddenly sneered and looked at the owner of his house: "No matter how many people there are, they are nothing but dead goods." When the

words fell, everyone suddenly heard a roar from the left and right, and looked around, the golden troops on the left and right were heading here. Come quickly...

Chapter 3945

"Then... what is that?"

"I'm going, golden glitter, what the hell is this?"

"Rely on him Damn, where did you invite the Celestial Soldiers?"

The crowd was speechless, scared, frightened and shocked, when the golden troops were getting closer and closer, they finally saw the glittering thing clearly. , is actually a huge and ferocious beast!

“f*** me!”

“f, what the hell is this? What the hell are a bunch of golden beasts?”

me!”

They began to stabilize the formation, but it was obvious that they were already frightened by this golden army in their hearts.

“This group is the so-called defeated generals in your mouth.” George Han smiled evilly, and then, his anger suddenly expanded, his throat rang like a bell, and thunder said: “Did you all hear it

? In the eyes, you are the defeated generals who can’t make a move. If that is the case, let them taste your power.”

“Kill!

“

The infantry came rushing like a torrent.

The strange beast itself is brave, and with the addition of golden armor, it is like a tank entering the crowd, and there is a slashing between the mad rush.

“Go!”

Almost at the same time, Yao Ming also roared loudly. The disciples of the Troll Temple were like barbaric bulls, cooperating with the left and right golden cavalry, and rushed straight to the middle door.

“Jianghu Bai Xiaosheng, Ningyue, act according to plan.”

“Yes!” The

two responded, and their respective leaders attacked the opposite side with the second echelon’s left and right attack, and the infantrymen of the Golden Cavalry responded to each other, forming horns.

“Qing Ji, Mo Yang, behind the soldiers in the Troll Palace, supporting each other.”

“Yes!” As soon as

the words fell,

Qing Ji, Mo Yang and others rushed forward one after another.

Soon, the only people around George Han were Amelia Su and Ziqing.

On the other hand, on Pei Gu’s side, although George Han’s subtle formation and sudden shock caused great damage to Pei Gu’s side, they also made them chaotic and even completely forgot their tactics.

But the huge advantage in numbers is always a huge moat, always like a gulf.

Therefore, even if the position was in chaos, Pei Gu's army still resisted the attack of George Han. Several followers next to Pei Gu were also trying their best to command the team, so that the team could stabilize as soon as possible.

Pei Gu is located in the center, surrounded by close experts to protect his safety at all times.

He smiled at George Han, there was no anger in his eyes, only a faint smile.

"Young man, you are quite shrewd. You know that you are not as good as me, so you will attack me from the left and right,

and then cooperate with the elite soldiers to attack me in the middle, and divide it into two teams to maintain the depth of the team. For this alone, although you and I are enemies, But I also have to say, you boy, I really appreciate it." Pei Gu smiled.

"Haha, there are so many people who appreciate me, what kind of onion are you?" George Han smiled disdainfully: "Take back your appreciation, for me, these things are worthless."

Pei Gu was taken aback, obviously, he, who has always been highly esteemed, would never have imagined that one day his words of praise would be ruthlessly ignored by others.

However, soon, he smiled: "George Han, do you know what you are in my eyes?"

George Han did not speak.

"Hehe, a monkey! It's smart and clever, but it's not very good, that is, it's wild and hard to train." Pei Gu finished his words and smiled slightly: "However, monkey trainers have methods for monkey trainers, he will know how to train monkeys. Let the wild

monkey be obedient."

"I'm sorry, George Han, I have learned how to train monkeys." Han George Han

also smiled: "Then do you know what you are in my eyes?"

I'm interested to hear it."

"Old cow."

"Oh?"

"Old cow is old, and he will be old when he leans on him. In addition, cow's temper is very stubborn, and it often gives the owner a headache." George Han looked at him: "However, if the old cow has to be so arrogant, then there is only one fate waiting for him." "

Put him in a casserole and simmer him for a few days and nights."

You also have to be thoroughly familiar."

"George Han, you are arrogant." Pei Gu rushed straight to George Han when he shouted angrily.

George Han also snorted coldly: "Then let's see if I'm being presumptuous, or if you are an old cow so thick that you don't want your face." After the

words were finished, George Han also suddenly greeted him! !
