

## Chapter 3946

Boom!

The two collided, each with a violent breath behind them, like two gods and Buddhas in the sky.

“Turn to the ground!”

Between Pei Gu’s hands, a beam of energy blasted directly at George Han. The power in his hand was like a volcanic eruption.

George Han’s expression was not afraid at all, and the black energy appeared in his body, and the same energy was like a mad dragon, directly facing him.

“Bang!” The

two energies met in the air instantly!

The huge energy directly dissipated around the collision center, and suddenly, the air was torn apart, and a huge wave swayed directly behind it.

The people who were near the wrestling between the two were overthrown on the spot by this invisible air wave before they understood what was going on.

“George Han, you are so bold, how dare you confront this old man in this way?” Pei Gu sneered.

George Han maintained his capacity, and said indifferently: “What? What’s the problem?”

“It’s consumption like this, compared to internal strength, George Han, although you and I have never been veiled, I have already heard of your name. , Mingyu can’t take advantage of you, am I right?” Pei Gu said with a smile.

George Han nodded: “There is really no problem with this.”

“Young people, you are arrogant, you need to know that there are people outside the world, there are gods outside.” Pei Gu seemed to be in a good mood: “The age gap between you and me is actually Above is the gap in cultivation.”

“I know that you have such a cultivation base at such a young age, and you must be talented. However, talent is something for most ordinary people. Diligence can make up for clumsiness, and money can make up for deficiencies, do you understand?”

Pei Jia Nai As a member of the Demon Race, Pei Gu

, who is the head of the Pei family, enjoys the pure training of various treasures of heaven and earth, and therefore far surpasses others in the accumulation of cultivation.

“Money can indeed make up for a lot of things, but I think people who have lived so many years should also understand that some things are given by God, and no amount of money can make up for it.”

“Because, money is created by people. , and some things are created by God.” As the

words fell, George Han suddenly increased his strength.

The next second, Pei Gu only felt a super strange force suddenly pressing towards him crazily from George Han's direction.

Pei Gu suddenly looked shocked, looking at George Han with an incredible expression: "You boy!"

George Han smiled coldly, simply competing for internal strength, even he had singled out the true gods of the Lu Ao family, how could he do it? Afraid of a Pei Gu?

Even his Pei Gu is very

cool!

"But, so what?" George Han sneered coldly. Although the strength in his hand had been pushed to the extreme, at this time, he still strengthened the strength of the confrontation again.

Pei Gu forced the top, but it was obvious that the cold sweat on his forehead was mad like beans at this time, and the huge pressure made his whole face wear a mask of pain.

"What the hell is this kid? This terrifying internal strength..." He glanced at George Han in a panic, and Pei Gu couldn't believe his eyes for a while: "How is this possible?"

"Is it impossible? Old thing, do you still have to hold on?" George Han smiled coldly: "I'm afraid your old bones will be shaken away by then."

Pei Gu bit his teeth: "You are too arrogant . It's a little bit, the old man hasn't tried his best yet."

When the words fell

, Pei Gu directly poured the power of his whole body into his hands.

"What? Pei Gu, I can't hold on anymore, do you want to do everything in your power to repel me?" Compared to Pei Gu, who was already very uncomfortable, George Han seemed much calmer.

Pei Gu has no time to deal with George Han, and he doesn't even want to admit these things in front of George Han.

Whether it is a tie or a win, because he is very clear about one thing, if he continues to drag on like this, he can only lose.

"Is it that easy to get rid of? You think I'm a teahouse? If you want to fight with me, fight with me, if you don't want to fight, you want to withdraw?" George Han drank coldly, facing Pei Gu's deadly attack, He also instilled all his true energy.

Who will kill the deer? This is where the showdown is between men and women!

## **Chapter 3947**

Boom! !

The two superpowers did not give in to each other, and with the sudden contact of the central critical, after a loud bang, a stronger air wave rose again in the blink of an eye.

From a distance, a huge mushroom cloud even rose in the center of the battlefield.

The ground swayed wildly, and the fire was soaring into the sky. In an instant, the eyes around him were attracted by the movement.

“Pei Gu should have had a fight with George Han, and it was too intense.”

“Pei Gu is also the tyrant of the Yingtao family, and the Yingtao family has stood in the position of the big demon family for many years. What do you rely on? It depends on Pei Gu’s super-strong personal ability. George Han has been arrogant for so long, and finally he has hit a hard bone.”

“That’s right, Pei Gu repairs In order to be unfathomable, there are many legends about him in this land of

demons. George Han wants to wade through this old legend. Even if he is really fierce to the super god, he will never die. Skin.”

In the encircling army, everyone looked at the explosion in the distance, and at this time they couldn’t help but comment.

Ming Yu glanced at Zhu Yanshuo, and although he didn’t speak, the meaning of each of them was already very obvious.

Zhu Yanshuo coughed lightly, bent down slightly, and said respectfully, “According to common sense, I also agree with what everyone said, but after several battles, this George Han is really an incomprehensible enemy. I no longer dare to make random guesses, let alone make rash judgments.”

“Actually, I have been cautious enough many times, but I don’t know... people are not as good as heaven, and George Han always makes me completely crooked.”

Ming Yu nodded, and he felt almost the

same .

For George Han, you really don’t know how to calculate, even if you are careful enough, compared with his actual results, it looks more like a complete mess haha.

“But in any case, as they said, Pei Gu is also an old master with a long-standing reputation. Even if George Han is a god, he will always pay the corresponding price.”

“City Lord Zhu, for the sake of safety, you are like this. , and lead an elite force to the scene immediately, remember, you can hide nearby and watch the timing. If the time comes when the yongtu clan is relatively stable, you should watch the show in the front row, and if...”

Zhu Yanshuo interrupting Ming Yu’s words: “Elder Shenlong means that if you don’t steal the merits, it will help you in the dark.”

“Yes, after all, the 樛杻 family is not within our family. If others can control the situation, we will intervene. Isn’t it provocative?” Ming Yu nodded.

“This subordinate understands, this subordinate will do it.” After the

words were finished, Zhu Yanshuo hurriedly entered the army, and with a wave of his hand, he set off with a group of men.

And almost at the same time, on the battlefield, the mushroom cloud caused by the explosion completely disappeared, and all the people and horses around had already been overturned by more than tens of meters. , the two figures are still opposed.

The wind blew, the dust dissipated, and the two figures appeared.

George Han still raised one hand lightly, but there was a slight smile on his face.

Pei Gu was still standing there, but his face was full of seriousness.

It's just that compared to George Han, his clothes are broken and his hair is disheveled!

The battle

between dragons and tigers is already orderly.

"I take back what I said earlier, your old bones are not as fragile as I thought." George Han smiled lightly.

Pei Gu gritted his teeth and looked at George Han angrily. He was about to open his mouth to fight back, but a mouthful of blood spilled out from the corner of his mouth. He wiped it, and when he saw the blood on his hand, he raised his head and looked back at George Han coldly: "Good boy. , I don't know how many springs and autumns this old man has walked in the rivers and lakes, but today, I have suffered a dark loss from you, a hairy boy, you have something."

George Han smiled slightly, but did not speak.

"However, do you think this old man is a scumbag?" Pei Gu laughed coldly, and the next second his aura burst out: "You're still a long way off."

"Bloodline awakening, roar!"

Suddenly, Pei Gu roared angrily . , In a few moments, the situation changed, and the clouds in the sky were running around, condensing together...
