

Chapter 3952

Second Olympic!

Deliberately bullying honest people, right?

Bape climbed out of the muddy water, full of grievances.

King Foluo and the others gave them a chance to speak, and they would fight him directly.

Who is not wronged by this?

“You should know, who is the person I want to ask?”

Ignoring Bape’s small emotions, Luna’s cold words fell again.

Luna, who had no patience, walked towards them again.

Looking at it, it was another pain of flesh and blood.

In the end, it was King Folu who was scheming, and immediately shouted: “I.. we said, can’t we say that?”

“To be honest with the Moon God, we have indeed received the news of Chu Tianfan’s presence, and we have already sent someone to investigate.”

“After investigation, we found that various signs point to two places, Tianshi Dao, and the Vias family.”

“That’s all we know.”

“The rest, you just killed us, we don’t know anymore...”

“I can’t, make it up to deceive you, right?”

King Foluo said bitterly, and after explaining this, he looked like a broken jar.

“You should know what will happen if you lie to me.”

Luna said one last sentence, and then left with his sword.

After Luna left, the three of King Foluo spread out on the ground, gasping for breath.

“Got... saved...” Haibu smiled happily.

But Bape couldn’t laugh: “Senior brother, doesn’t this mean that you have leaked Chu Tianfan’s position?”

“If Brian Chuknew, we three brothers, I’m afraid there will be no good fruit to eat.”

King Foluo’s face was pale: “There is no way, the situation is forced, and besides, we only talked about Tianshidao, the Vias family, and Chu Tianfan. We didn’t talk about it at all.”

“It’s none of our business.”

“Furthermore, this Moon God is a powerhouse in the divine realm...”

“This calamity, look at this Chu Tianfan, how is it going?”

The festival between Mark and the Japanese martial arts is well known to the whole world.

At the beginning, Brian Churan rampant in the Japanese country, even beheading several great masters in the Japanese country, and the titled powerhouse also died under Chu Tianfan’s hands.

That battle shocked the world!

In short, if it weren’t for the emergence of the Moon God later, it is estimated that the Japanese martial arts would not be ranked among the world’s countries long ago.

Therefore, the Japanese warriors all hated Mark to the sky.

Moreover, many people in the martial arts today think that the one who hates Mark the most is this Moon God.

The hatred reached the point where he had to kill Mark himself to relieve his hatred.

If others kill, Luna is still not happy!

Back then, on the coast of the East Vietnam Sea, when Chu Yuan wanted to kill Mark, the Moon God stopped him.

Only by taking him back to Japan and committing suicide can he solve Mark’s hatred of destroying the country.

Later, Mark was forced to death by the world, and the Moon God had no chance to avenge his own people. He was so angry that he directly beat the title that encircled and suppressed Mark.

Now, Mark has been dead for several years, and the Moon God’s intention to kill Mark is still not dead.

Fortunately, Mark’s body was lost.

Otherwise, King Foluo and the others felt that with the hatred of the Moon God towards Mark, it was estimated that Mark’s grave would have to be smashed up, and the corpse would be pulled out and whipped to relieve the hatred.

“Hey...”

“Having a strong person in the divine realm hate him to such an extent, this Brian Chuis also capable.”

“Bless yourself, little brother.”

King Foluo and the others looked at the direction where the Moon God was leaving, and couldn’t help but begin to sympathize with Mark.

He died at the hands of Chu Yuan, a powerful man in the divine realm.

This time, did he die under another god realm again?

“Let’s go, let’s sneak over there too.” King Foluo suddenly said.

“What did you do in the past, do you want to die?” Bape was scared anyway, and he wanted to stay away from Mark now.

“You bastard!”

“What are you afraid of?”

“Our three titles, even if we can’t beat Chu Tianfan, we can still run back, right?”

“Besides, we’re not going to fight, we’re just watching from a distance.”

“Look at how Luna beats that Chu Tianfan!”

Chapter 3953

In the Tianshimen, the entry assessment is being carried out at this time.

Yueyao wants to expand the Tianshimen, the most important thing is to recruit talents and recruit disciples.

Therefore, after the Celestial Master’s banquet, the Heavenly Master Sect announced to the whole country to recruit disciples.

In terms of financial resources and economy, there is support from the Vias family.

In terms of security assurance, there is the endorsement of the Florentine Palace.

Under such circumstances, warriors from all over India are flocking to it.

In a few days, there are countless people who come to the beginning of the expression.

It can be said that today’s Tianshimen is in full swing!

It is to have money and money, to have people and people, and to have a backstage.

Not only that, Yueyao promoted her four senior brothers to be the Heavenly Masters.

Together with her, there are five Heavenly Masters in total, which together constitute the highest authority of the Heavenly Master Sect.

All important matters are discussed and decided by five people.

Of course, the person who made the final decision was still the first Tianshimen of Tianshimen, Yueyao!

However, these days, the Heavenly Master’s Sect has never been peaceful.

From time to time, strong men from foreign countries come.

It was said to be a visit, but in fact it was to investigate the matter of Burning Tian’s wedding.

Yueyao had prepared in advance and instructed all those who knew in the door to keep silent, and said that they did not know.

Of course, except for Tianshimen, all the warriors in the martial arts of India were greeted by King Foluo and the others.

Don't say anything extra.

Disasters come from mouth, if you don't want to follow Fentian's footsteps, don't talk too much.

Therefore, after half a month, the investigators sent by the various countries did not get any useful information.

However, these people did not find out anything, but the elders and masters of Tianshimen got an amazing thing.

That is, on the top of the hall that day, the person who killed Fentian and ascended the throne with Yueyao was actually Chu Tianfan!

Regarding Chu Tianfan, these Tianshimen old Taoists don't know much.

For decades, they have been hiding in the deep mountains and forests to avoid the pursuit of Fen Tian.

When Mark became famous, they didn't know it.

Mark fell, and they didn't know it.

But now, they know from some people that this Brian Chu was a strong man in the Heavenly Ranking list back then.

When they learned the truth, the great elders of the Tianshi Sect, as well as the four new celestial masters, in short, all the elders in the Tianshi Sect went to meet Yueyao.

"Sect Master, you are confused."

"My Tianshi Sect has always regarded itself as a well-known sect. For hundreds of years, my sect has acted brightly and upright, and everything I did is to guard the right path of the world."

"And you, the appointed teacher, have the important responsibility of restoring the sect, how can you be involved with such a big devil?"

"Now, let us deliberately conceal his whereabouts to protect these thieves."

"Once the matter is exposed, the reputation and sect that my Tianshimen has accumulated for hundreds of years will be destroyed. If we don't talk about it, we are bound to be considered as the accomplices of the remnant, and we will be implicated."

"It's not too late to make amends before it's too late."

"I suggest that we immediately announce to the world that Brian Chui is hiding in the Vias family."

"Then unite with the powerhouses of all countries, jointly exterminate this thief, and act for the heavens!"

"If the big thing can be accomplished, my Tianshimen will definitely increase the prestige of martial arts in the world, and become famous in one battle!"

In Tianshimen, a group of elders suggested one after another.

However, they were sternly rejected by Yueyao!

“Mark is very kind to me and Tianshimen.”

“If it wasn’t for him, how could Fen Tian die, and how would I get revenge for my great revenge?”

“If it weren’t for him, I, Yueyao, would have been killed by the hands of Burning Heaven long ago, so why would I have the status today?”

Yue Yao said sharply.

“Sect Master, I remember that you once healed people in the hot summer.”

“It must be this Chu Tianfan, right?”

“You save his life, and he repays your kindness. He and Tianshimen do not owe each other, so how can we talk about kindness?”

“Of course, I’ll wait to know that the sect master is kind.”
