

Chapter 3954

Fear made them almost involuntarily retreat.

Pei Gu was also visibly panicked for a moment, and looked at the gluttonous glutton of evil with some incredible.

“It... it’s a gluttonous eater of evil? George Han, are you coaxing a ghost?” Beside Pei Gu, the entourage scolded anxiously.

George Han smiled slightly: “If mortals say such things, I can understand, but why are you from a clan of bullshit, and you still say such things, isn’t it shameful?”

The servant wanted to speak, but was caught by Pei Gu. Stopping directly, looking at George Han, Pei Gu hesitated for a long time. From the perspective of perception, Pei Gu, who is also the blood of the ancient beasts, cannot sense the unique aura released by the gluttonous

beasts of the ancient times. He just finds it difficult to accept that the ancient beasts are nothing in the world.

A clan can already traverse the demon clan with its blood, so how could such a thing be born in its original form, and what is even more outrageous is that it is still under the command of George Han.

“Pei Gu, weren’t you still very arrogant when you were young? What are you calling yourself a member of the Taotu clan? Why don’t you talk now?” I can understand if you are willing to speak. After all, you are all proud of the blood of the ancient beasts, and I, hehe, the whole one alive, is still my little brother.” The

words were very indifferent, but they were punished by every word. Heart, and even the distance between each other was pulled extremely large.

Pei Gu’s face turned green with anger.

Because it is obvious that the other party is humiliating them alive and ruthlessly trampling on what they are proud of.

But you can’t argue with that.

Because

, some people’s ridicule is based on dry goods and real evidence.

“The gluttonous gluttons, don’t blame big brother for not reminding you, these people are all with the bloodline of Tingtao, eating a big supplement, and eating a group of them can make up for nowhere.” George Han laughed.

“Have you seen that old man? He lives by sucking blood, I’ll take care of him, and the rest of the supplements are up to you, how about that?”

” It’s all greed.

“If that’s the case, go!”

As soon as the voice fell, George Han turned into a shadow like a ghost, and the glutton of evil followed closely, with a huge mouth and a sharp claws.

One person and one beast came out of the cage like a fierce tiger, and there was blood and screams everywhere they passed. In just a few rounds, dozens of people had already fallen.

“Fuck, George Han!” Pei Gu roared angrily,

but at this time, after half-hearted supplementation, his ability did not return to the peak at this time, and he could only retreat under the cover of others.

“Patriarch, what’s the matter? This George Han is already powerful enough, and now there are vicious beasts like gluttonous gluttons around him, we... we...” The entourage said in a hurry, with the intention of retreating in his heart.

Pei Gu wanted to be angry, but he didn’t feel the fear of the soldiers around him.

However, looking at the gluttonous glutton who slaughtered the Quartet, Pei Gu, who is also the bloodline of the ancient beast, how could he not be slandered.

Evil is born to the gall.

“What are you panicking about, it’s a gluttonous gluttonous gluttonous gluttonous gluttonous gluttonous gluttonous gluttony, if we can arrest it, I will eat it equally, do you know how much stronger our bloodline will be?” Pei Gu shouted in a steady voice: “Order all the soldiers to charge me into battle, I will take down that evil gluttonous food, and those who violate the order will be dealt with by family law!”

A group of followers panicked, but when they heard

the words of the head of the family, they could only grit their teeth and charge.

“Humph!”

George Han laughed coldly: “I already guessed that you guys would be extremely vicious. I dared to call out the gluttonous gluttons. Naturally, I was fully prepared.”

“Earth Fire, Tianlei !”

Boom!

The ground fires wildly, and the Thunder Dragon looms.

“Burning silence!”

“The power of transforming the sky.”

“Burning the city with fire!”

As soon as the voice fell, George Han suddenly came into the world like a god, his body volleyed into the sky, covered with golden light, and the shots were already endless and extremely destructive. ** technique.

For a time, the war on the battlefield was raging, reaching its peak.

The gluttonous gluttonous gluttons devoured wildly, and the sharp claws and teeth were filled with countless unjust souls, and the souls of the slaughtered Tongtu clan were split.

Of course, what terrified them even more was the fact that at the waist of their troops, they suddenly heard screams, preventing the Buddha from attacking something from it...

Chapter 3955

everyone looked back, they saw that the crowd was panicking behind.

“Report to Patriarch, a troop is suddenly entering from our flank, trying to directly cut off my troop in the middle.” Someone reported.

“Patriarch, if it is broken in the middle, our troops will not be able to respond to each other, and there will be chaos. I also ask the Patriarch to decide immediately.” The entourage also said nervously.

“Where’s the troops? Didn’t George Han put everyone on the frontal attack? How could it be...” Pei Gu said suspiciously, after a moment of thought, he said coldly, “How many of them are there?”

“There are not many people, only about forty people.”

“More than forty people dare to stop my army. Are they here to kill me?” Hearing this number, all the worries in Pei Gu’s heart disappeared. Remaining cold disdain.

“Patriarch,

or send some experts over there?” the entourage asked.

Pei Gu waved his hand: “Hey, it’s not necessary. At this time, George Han is attacking fiercely. If you gather the masters at the waist, the front will be tight.”

“George Han attacked us from the front, the disadvantage of this method It is inevitable that the attack will be blocked, but the advantage is that once it is defeated, our army will instantly fall over, and the army of 100,000 will be like a piece of loose sand and become the meat of the enemy’s mouth.”

“The meaning of the head of the family is that George Han’s move was deliberately sent. The strange soldiers entered my waist, and want our army to play tricks with us when we are in a panic?”

“Previous information, there are indeed some outstanding masters in George Han, but the number is about a dozen or so, but you can look at our front. , almost all of the dozen masters have joined the battle. Let me ask, he

Are there any other masters? Since I’m not a master, only forty people want to stop me by the waist, think about it, what is he doing?” Pei Gu laughed softly

and heard this, and the entourage immediately understood. In

other words, the army of more than 40 people was indeed as expected by the family owner, and the attack was a model.

The front is empty, this is really like a duck to water for George Han to break through.

“It’s still the master of the family, but the subordinates were ignorant for a while, so George Han was almost deceived. The entourage said softly.

Pei Gu smiled slightly, not complacent: “This old man has been in the battlefield for many years, how can he be a child to play with. As soon as he pouted, Lao Tzu knew what he wanted to fart. “

“Order the troops to defend the enemy from the front, and the sergeants work together to break the attack. This is just a small problem, so don’t panic.” The subordinates took the order and immediately withdrew.

George Han smiled coldly. Looking at the formation of the Pei family’s army, he knew that they did not care about the position of the waist at all.

“The two armies are fighting, and the information cannot be updated in time, which must be a serious problem. Pei Gu, although you are a veteran of the battlefield, you can’t imagine that the information you have received is outdated, right? “

You don’t know at all, the forty-four people you don’t pay attention to at all are the forty-four people who want your life.” “

George Han smiled softly. He deliberately set the sharp knife team to be small, and that’s why.

With George Han’s current family background, it is not a problem to set up a thousand-person team. But the reason why George Han didn’t do this is very simple. , There are few people, so the whereabouts are relatively

hidden , and at some critical moments, it will be ignored. Like a dagger, it usually does not show mountains and dew, but when it is needed, it can take people’s lives in a flash.

George Han sneered and shouted loudly: “Ningyue, the enemy is in the trap, order the troops, and attack me at the front. “

Ningyue led the order: “Yes!” The next second, with the sound of the horn, the army pressed down crazily.

“Kill!”

Wan Jun rushed to attack!

“Looking for death!” Pei Gu snorted coldly, waved the handsome flag, and the big face also frantically met the enemy head-on.

“Jiandao Squad!”

“Here!”

“Someone showed us their chests, can we still be polite? Kill me!”

“Kill!”

At the same time, the Sharp Swords Squad also charged frantically, and the fierce battle had entered the most critical stage. The moment...
