

Chapter 3960

“Two years ago, Chu Yuan, the lord of Chumen in the realm of the gods, destroyed you on the coast of the East China Sea. Although after that, you managed to escape by luck.”

“Now, another powerful person in the realm of the gods has captured and killed you.”

“I just don’t know if you have the luck of the year!”

With Mark’s appearance, the three of King Foluo couldn’t take their eyes off of them, and their faces were somber.

They looked at this man from a distance, but they were all guessing about Mark’s next fate.

One is the strongest in the Heavenly Ranking, and the other is the God Realm in this world.

The two in front of them are definitely the most peak fighting power in this world.

One can imagine how excited King Foluo and the others were in their hearts?

For the titled powerhouses, the most exciting and nervous thing is to watch the battle between the powerhouses.

However, King Foluo and the others would not know that the emotions of Mark and Luna would never be less than theirs.

At the moment of seeing Mark, all Luna’s thoughts were removed from Nuoya and the others.

All her eyes were focused on the man who had disappeared in her life for a long time.

The two just stood there, looking at each other, speechless for a long time.

But this silent silence, sometimes, is better than a thousand words!

“Hit...”

“Why don’t you fight?”

“What are you doing standing there?”

Several minutes have passed.

The shocking battle that I thought was about to come did not happen.

The three of King Foluo looked at this silent and silent scene, but they were full of anxiety and doubts.

“I understand...”

“They are fighting with their minds, fighting each other with their spiritual power!”

“I have read from ancient books that the real powerhouse, in addition to possessing supreme martial power, is also extremely terrifying in spiritual power.”

“Murder is invisible!”

“As soon as a thought flashes, you’ve lost your mind.”

“Now the two of them are standing still, looking at each other, they must be fighting with their mental power!”

Haibu patted his thigh and suddenly realized.

Bappe nodded thoughtfully, feeling very reasonable.

Only King Fu Luo felt that something was wrong and had doubts in his heart.

Could it be that they are really fighting with their minds?

The calm here, I don’t know how long it lasted.

Several times, Mark opened his mouth, trying to call out the long-lost name.

However, when the words came into his mouth, Mark couldn’t say it at all.

Two years have passed, and things have become, and people have become.

Mark couldn’t say the name that used to be so intimate and familiar.

In the end, Yue’er didn’t shout out after all, she just said, “Long time, no see.”

Familiar voices, familiar faces.

These few words fell into the opponent’s heart, but it was like an open floodgate.

The emotions that have been hidden in the depths of my heart for many years, like a flood of millions of tons, swept out and poured down.

Finally, the moon god moved.

Like crazy, he rushed towards Mark’s direction.

“Quick, brother, we’re going to fight!”

“The battle of the gods is a once-in-a-lifetime event.”

“I’m waiting for the three of you, and you must keep your eyes open.”

“Such a battle at the peak is bound to be of great benefit to our cultivation!”

Haibu shouted excitedly.

King Foluo and Bape also tensed their heartstrings and waited nervously for this shocking battle.

And the elders of Tianshi Dao also realized that the war was about to start, and immediately shouted: “Quick!”

“Hurry away!”

As the saying goes, fairies fight.

If you get too close, you will die. ,

For a time, the surrounding disciples of the Tianshimen and the subordinates of the Vias family fled in all directions, retreating one after another.

Only Nuoya and Yueyao looked worried.

Looking at Mark's beautiful eyes, there is worry.

"Evan, be careful!"

"Get out of the way..."

Seeing that the sword-wielding Moon God had arrived in front of Mark, Nuoya shouted anxiously, and Yueyao wanted to rush over to help.

However, just when everyone thought this war was about to break out.

Who would have thought that Luna, who rushed to the front, threw away the long sword in his hand, and then plunged into Mark's arms under the shocked and violent gaze of everyone, and hugged the man in front of him.

"Owner..."

"Yue'er, I miss you so much..."

That sad choked sob, with thousands of nostalgia and longing, penetrated through the ages.

It also penetrated the hearts of everyone present!

Chapter 3961

"This this.."

"what's the situation?"

This sudden scene undoubtedly stunned everyone.

Noah and the others are better because they don't know the true identity of the Moon God.

I just thought that this was Mark's enemy, who came to seek revenge.

But King Foluo and Haibu are different.

They know what kind of character this woman is in front of them.

This is the Japanese martial arts belief, the highest god.

Moreover, in today's world, the only person in the divine realm who could possibly compete with Chu Yuan, the old sect master of Chumen.

It stands to reason that the Moon God is so powerful and has such a status, so he and Mark should have a mortal hatred.

But now, the god of the moon reading, who is the unparalleled commander of Japanese martial arts, turned his head and threw himself into Mark's arms.

At that time, the eyeballs of King Foluo and others were almost thrown out.

I just feel that I am a worldview without tremors!

“Who... who can tell me what’s going on here?”

The development of things completely exceeded the expectations of King Foluo and the others.

The three old men looked at each other with a blank expression, like three dumb geese.

The reactions of everyone, whether Mark or Luna, naturally ignored them.

In fact, they didn’t even pay attention.

Just like Luna’s heart at the moment, only Mark is left.

At this moment, Mark only had one person left in his eyes.

“Hmph, why didn’t you go to me?”

“You are obviously not dead, but you are still alive, why did you hide from me for two years?”

“If I hadn’t gotten the message and came to look for you, would you still have been hiding, and have been making us sad and sad, so that we all thought you were dead!”

The woman in her arms is full of resentment.

The words were full of resentment and blame for Mark.

In fact, from the first moment Luna came here, she already felt Mark’s breath.

At that time, Luna was sure that Mark was still alive, and he was nearby.

Originally, the news of Mark’s survival was a joy.

However, after seeing the two women, Yueyao and Nuoya, appearing one after another, Luna’s heart burst out with resentment for no reason.

She was so pissed!

Over the years, she has been so sad and worried.

But the villain of his own master is actually happy here.

Moreover, they hugged from left to right, and there were two beautiful women beside them.

“Humph!”

“You’d rather find them to accompany you than Yue’er.”

“Master, you’ve changed, you don’t like Yue’er anymore, you think Yue’er doesn’t look good..”

All holiness and majesty are gone.

At this time, snuggling in Mark’s arms, it was just a young girl who watched the sunset, sunrise and sunset with Mark on the Skytree.

No scheming, no planning.

Without a hundred years of cultivation, there is no immortal majesty.

It's just Suzumiya Yingyue, it belongs to Mark alone, Suzumiya Yingyue!

Two years of yin and yang separated, nearly a thousand days of life and death.

When the two met again, all the thoughts in Suzumiya Yingyue's heart were undoubtedly poured out into a surging flood.

How strong is that idea?

So much so that he directly overwhelmed the idea of Yue Du and controlled this delicate body.

She hugged Mark hard, crying with a tearful face, and even lightly beat Mark's chest like a child in anger, complaining like a spoiled child.

When King Foluo and his party saw this scene, they were all dumbfounded.

"This...is this really the Moon God?" King Foluo rubbed his eyes vigorously, for a time he thought he was blind.

"God realm powerhouse, throw yourself into your arms?"

"The god of the kingdom of Japan, are you crying coquettishly?"

"This... this is too... too exciting?" Bape was stunned.

And Haibu was even more stunned, and his heart was overturned, like a thousand horses galloping.

"Chu...Chu Tianfan? Yue...Moon God? Lord...Master?"

"My God!"

"What the hell is going on here?"

Haibu's jaw dropped in shock.
