

## Chapter 3974

huh~

It is late autumn.

The cold wind blew the fallen leaves in the courtyard, making it look a little depressing.

This courtyard has been around for a long time and has not been visited by anyone.

In the small courtyard, on the steps, a thick layer of dust has accumulated, dancing slowly with the breeze.

“Sister Noah, what are you looking at?”

Outside the small courtyard, Nuoya was wearing a trench coat, and her graceful figure was even taller.

The green and tender face in the past was now a little more intellectual and mature.

Beside her, little Gita was carrying a schoolbag, looking up at the beautiful big sister in front of her, but asked in doubt.

Since Noah was entrusted by Mark to help him take care of Gita’s grandparents.

No matter how busy Noah is, she will go to the school gate every day to pick up Gita from school.

On the way back from school, Noah will always stay here for a long time.

He just watched from a distance through the door, didn’t speak, and didn’t go in.

“Nothing.”

Noah smiled lightly and sat down on the stone steps outside the door.

She touched Geeta’s little head and asked softly, “Gita, do you have someone you want to meet? The one you want to see every day?”

Geeta thought for a while: “My grandma.”

Noah smiled again: “Good boy.”

The two sat here for a while, and the sky gradually became darker, and the afterglow of the setting sun dyed the earth red.

Noah turned back, looked at Wangyuan through the gap in the door, and then slowly stood up.

“Gita, let’s go.” Noah was about to leave.

But Geeta is very smart. He guessed something: “Sister Noah, there should be someone you want to meet here. Why don’t you go in and meet?”

“Sister Noya is so beautiful, everyone will definitely like you and want to see you.”

But Noya shook her head: “Your sister Noya, it’s not so good. It is estimated that in his eyes, it is only one of the most inconspicuous people.”

When she said this, Noah's eyes were full of sadness.

She envied Helen Qiu because she was Mark's wife.

She also envied Yueyao, at least Mark regarded her as a family member, and could hug and get close to Mark recklessly.

She envied Luna even more, and maybe couldn't be with his master, but she could kiss Mark regardless of the worldly fetters.

And what about her?

She dared nothing.

Moreover, Nuoya felt that in Mark's eyes, she was nothing.

Just one of those people.

But sadness is sadness, and this low mood only appeared for a moment.

Soon, he was pressed down by Noah.

People, still have to be content.

Actually, that's fine now.

Although he can't see Mark, even though he doesn't have a place in his heart.

But at least he knew that that guy was right beside him.

The kind of person you like, the feeling of being by your side is really good.

Even if she can only look at it quietly every day.

But that's enough.

I don't know why, but what Noah looks forward to most every day is this time in the evening.

Sitting outside the courtyard where Mark was, accompanied by Gita, watching the sunset and watching the Tianhe full of light.

All the troubles, all the fatigue, will be gone.

It seems that this place has become a pure land and sustenance in Noah's heart.

"Okay, it's time to go back, or your grandma will be in a hurry."

Noah didn't delay any longer. Holding Geeta's hand, she walked across the road and prepared to leave.

However, at this moment...

Behind him, the door that had been closed for more than half a year was pushed open.

"This..."

"Could it be..."

At the moment of hearing this voice, Nuoya's delicate body froze instantly.

She froze in place, her beautiful body slowly turning around.

Those gentle and beautiful eyes looked behind him with panic, anticipation, and caution.

squeak...

The wooden door turned, revealing the scene in the courtyard.

A man came out of it.

He was thin, with messy ends, and he looked a little sloppy.

However, the messy appearance could not cover those deep and bright eyes.

"Nuoya, long time no see." Mark looked at her with a sunny smile on his delicate face.

Noya froze in place, her body trembling, and she was speechless for a long time.

More than half a year...

Goodbye to this man, Noah was a little overwhelmed.

She looked terrified and reserved, as if she had met for the first time, a stranger.

"Big brother?"

Geeta also quickly recognized Mark.

With a pleasant surprise, he slammed into Mark's arms.

"Big brother, so you didn't leave..."

"I thought I would never see you again?"

"Grandma also said that the big brother is our biggest benefactor. Let me study hard in the future, and when I grow up and stand out, I must repay the big brother's kindness..."

With tears in her big eyes, Gita hugged Mark's legs excitedly.

Mark smiled and patted Gita's head: "The little guy is so handsome, this little suit is all on, I don't know, I guess which young master do you think it is?"

Geeta blushed and was a little embarrassed: "Sister Noya bought it for me. I don't want to wear it, but my sister said that I have to dress handsomely, and I can't lose her and my big brother."

The little brat who used to be bare-chested and breasted is gone, and now standing in front of Mark is the young master in a small suit, tie, and leather shoes.

Mark didn't think that a random order before the retreat at that time made Nuoya pay so much attention.

"sorry to bother you."

“Actually, you don’t have to be so concerned, just find a school for Geeta, why pick him up again.”

After all, Geeta was not related to Noya, so Mark felt a little uneasy in his heart.

“It’s okay, but... I like Gita quite a bit anyway.” Noya said to Mark very politely.

The appearance of respecting each other is a bit unfamiliar.

Mark was stunned, and You Qi asked Nuoya in surprise, “You little girl, what’s the matter?”

“Have you been so rude to me?”

“Is this the owner of a wealthy family, just want to keep a distance from my poor friend?”

Mark teased Noya, and while speaking, he stretched out his hand and slashed on Noya’s poor coward.

“Hmph, it hurts!”

Noya protested for a while, complaining at Mark with a small mouth, and even reached out to hit Mark.

Mark suddenly laughed.

“Is that right?”

“Is this the unruly little princess I knew at the restaurant?”

Noah also smiled happily.

All the unfamiliar and unfamiliar, in the few words of Mark, all the information.

This guy is still so close.

It’s like sitting at the same table next door at school.

Noah had to wonder, is this person in front of him really the great devil who made the world feel fearful?

“Let’s go.”

“Go home for dinner.”

Gita shouted happily, holding Mark with one hand and Noah with the other, walking on the stretches of streets in India like this.

The afterglow of the setting sun stretched the three figures very long.

Nuoya after countless years, recalling the time with Mark, felt that the warmest memory was the scene of bathing in the evening sun together at this time.

Warm and calm.

But who knows?

This may be the last peace in this world.

Because, Mark is out!

Chu Tianfan, who was defeated on the coast of the East Vietnam Sea back then, and the Lord of the Dragon God Temple, who used his sword to kill himself back then, has really returned!

This time, he will return to the world in a more violent and turbulent way.

Once again, shock this world!

At the same time, Jiangbei, Lin'an City.

Three luxury cars came slowly.

Finally, it stopped in front of an apartment.

"Second Master, this is it."

"According to the information, Mrs. Chu lives here."

### **Chapter 3975**

In front of the apartment, Greg Shen bowed, somewhat frightened and respectful, and whispered to the three old men in front of him.

The leading old man was a little short, and the hair in the center of his head was a little bald.

He was leaning on a cane, and his temples were already white.

The whole person seems to be somewhat old-fashioned.

When he first saw him, Greg Shen couldn't believe it.

The old man in front of him was actually the second Master Li of Wrifill who followed Mr. Chu to fight in all directions.

Who would have imagined that in just two years, the years would make it so bright and vicissitudes of life.

Behind Ericson Li, there are two more people.

The situation of these two may be better than Ericson Li.

However, compared with the scenery of the past, it looks too haggard and old.

Greg Shen remembered that it had only been nearly three years since Mark fell.

However, in the past three years, Ericson Li and the others seem to have aged ten years.

After confirming that Mrs. Chu does live here.

Ericson Li adjusted his clothes, leaned on crutches, and walked in.

Greg Shen wanted to help, but was pushed away by Ericson Li.

"I can walk in by myself."

Goodbye to the old man, Ericson Li didn't want Madam Chu to see her haggard appearance.

If a man can't even walk alone, how is he different from a crippled person?

Ericson Li is a proud man.

He didn't want his old friend to see that he was now a waste.

With Ericson Li taking the lead, Chen Ao also waved his hand: "Nan Nan, don't help me, I can go in by myself."

Chen Ao, who had retired for many years, also pushed away the support of his daughter Cynthia Chen and followed Ericson Li in.

Among the three, the one with better health is Lei's third child.

In the Noirfork Iron Triangle, Lei Laosan had the best physique, and Ericson Li had the weakest physique.

But in the past few years, Lei Laosan has been drinking alcohol all day long. No matter how good his body and bones are, he is naturally not as good as in the past, and his body has already gone out of shape.

With a shaggy beard, he no longer had the domineering image of King Denham back then.

Right here, three old men, accompanied by Greg Shen and Cynthia Chen, walked out of the apartment in front of them.

"strangeness?"

"Why is there no one?"

"At this point, should you get off work?"

After knocking on the door for a long time, no one opened it.

"Is there a mistake?" Cynthia Chen asked.

"Impossible, I've been here several times." Greg Shen said firmly.

While Greg Shen was anxious, a child's silver bell-like laughter came from the entrance of the stairs.

I saw a mature and intellectual woman, carrying a child, walking in talking and laughing.

"Mom, I want to eat braised pork ribs tonight." Xiao Mark said.

"Okay, make arrangements!" Helen Qiu was very happy today because XiaoMark was praised at school.

Helen Qiu decided to treat this little guy well tonight.

However, as soon as Helen Qiu stepped out of the elevator, she noticed that there were several old men standing in front of her house, just blocking her way.

Helen Qiu frowned, and immediately pulled Xiao Mark behind her, then said coldly, "Hello, please let us pass."

Helen Qiu said politely.

However, there was no response.

The old men were still standing there, motionless.

The cloudy eyes looked at her like this.

Looking at this, once extremely dazzling, extremely noblewoman.

The unscrupulous gazes of these people made Helen Qiu extremely wary.

Her frown deepened, and Xiao Mark shrank behind her mother in fright.

“I don’t know what you want to do?”

“But I have to remind a few of you.”

“The security system of the entire apartment building is connected to the police.”

“If you don’t want to cause a lawsuit, please leave immediately.”

Helen Qiu’s tone became much tougher.
