

## Chapter 3988

Therefore, in the eyes of many people, the most outstanding thing about Mark is his ability cultivation.

But now, under Noah's elaborate dress.

Only then did Noya find out that Mark turned out to be a hidden handsome guy.

"Ruined..."

Noah blushed more and more, and finally turned her head away, covering her face.

She felt herself falling deeper and deeper.

For Noah's reaction, Mark was confused.

He scratched his head: "What a strange woman..."

Facts have proved that shopping with women is physical labor.

After a few hours, Geeta was completely unable to move.

In the end, Mark took it back.

"Hmph, I said to buy clothes for me, but I bought dozens of pieces for my big brother, and bought one for me, and I will never come with you again..."

Geeta pursed her lips in anger.

Pity he was tired all night.

Seeing the angry look of this little guy, both Nuoya and Mark were amused.

Baby, so cute.

"Mark, I have prepared a room for you."

"It's right next door to me."

"Call me anytime if you need anything..."

Mark sent Nuoya back to the family.

After dinner, Noya blushed and told Mark where she was staying at night.

She looks shy, like a ripe cherry at first, and I can't wait for someone to take a bite.

"Noah, don't bother."

"I have to go to Tianshimen to see Yaoer." Mark said with a smile.

"what?"

"Aren't you staying at night?" Noah was disappointed.

Mark shook his head: "No, time is running out. After I explain the funeral, I have to leave."

“But...isn't it okay to stay for one night?” Noah tonight was surprisingly beautiful.

After eating, she deliberately went back to her room to wake up and dressed up.

Wearing her favorite clover earrings, the necklace around her neck reflected her fair skin.

Wearing a white silk dress, under the skirt as thin as a cicada's wings, is a pair of snow-white slender \*\*.

The snow-white under the collar is even more shatterable and soul-stirring.

Nuoya, dressed in a pure dress, is like a ripe peach, ready to be picked by anyone.

However, some people do not understand the style at all.

In Nuoya's almost begging gaze, Mark still refused.

“Hmph, Mark, you are a dead wood!”

“I'm furious!”

Seeing Mark's retreating back, Nuoya stomped her feet in anger and groaned angrily.

That angry look is as cute as it can be.

Mark really didn't know what Noah was thinking, and he didn't have the energy to guess.

Right now, he just wants to end the matter of India as soon as possible.

Then, start the final plan of the beacon fire!

Heavenly Master Gate.

“Sect Master, if you violated the rules of the sect, you should be punished by kneeling in front of my ancestor's tablet!”

“Sect Master, please kneel down and accept the punishment!”

In the hall, the lights are bright.

All the elders of Tianshimen are here!

There are also big and small disciples of the sect.

At this time, the eyes of these old guys, without exception, all fell on the person in front of them.

Exactly, Yueyao, who is in charge of the Heavenly Master!

Yueyao, the Celestial Master, was very embarrassed.

Their own orders, these old things, don't listen to them all, they just carry them out.

Not only that, she was the sect master, and she had to be supervised by them.

The Celestial Master, who was in charge of the sect's rules and punishments, kept telling her that this couldn't be done, and that couldn't be done.

He also said that these rules were handed down from generation to generation by Tianshimen.

Everyone has to obey.

Violators will be punished!

No, Yueyao has been caught by these old guys in the past few days. At this time, they all attacked herself, saying that she violated the rules and should be punished according to the rules.

Okay, just fine.

Yueyao also recognized it.

Who made her really violate the door rules.

But what does this mean for so many people to watch?

In desperation, Yueyao could only ask to look at the other Celestial Masters: "I said... can I be punished in private?"

"I am always the master of the Tianshi sect. In front of all the disciples, it will damage my majesty. How can I carry out my work in the future?"

"No!" Punishment Hall Heavenly Master directly refused, "Rule is a rule, no one can break it!"

"Even if the Heavenly Master is here, he must obey the rules!"

"This is the law of the ancestors and must not be violated!"

"Sect Master, please kneel down and accept the punishment!"

### **Chapter 3989**

The Punishment Celestial Master stood up and poured out his might without reservation.

"The so-called emperor breaks the law, and he is guilty of the same crime as the common people!"

"Since the sect master has broken the rules, he should be punished, and there is no room for bargaining."

"Otherwise, how can it be convincing to manage the sect in the future?"

The rest of the Celestial Masters also stood up and supported the punishment of the Celestial Masters, asking Yueyao to plead guilty and receive punishment in accordance with the regulations.

Moreover, when these words were said, these sect elders were full of power and unconcealed.

The majesty of the grandmaster, like rivers, lakes and seas, swept away towards Yueyao.

Judging from this situation, these Celestial Masters are forcing Yueyao to obey the Fa.

Yueyao's cultivation base is shallow, and it was only because of her medical skills that she was able to rank in the Dragon Temple back then.

Now facing so many grandmasters' coercion, Yue Yao's pretty face suddenly turned pale, and she only felt that it was a little difficult to breathe.

There is no way out.

Seeing that these old guys didn't miss their old feelings at all, Yue Yao, who was helpless, had to give in.

"Okay, I kneel!"

Yue Yao gritted her teeth and finally swallowed it.

There is nothing she can do.

Of all the sect elders, none of them turned to her.

She is alone, and even as the head of the Tianshi sect, she is naturally unable to compete with these sect elders.

She turned around, and in front of her was enshrined the spiritual positions of the ancestors of the sect.

Behind her, the Punishment Celestial Master was holding a ruler.

According to the rules of the sect, if the celestial master violates the rules of the sect, he will be punished by the whip with a ruler when he kneels before the ancestor's spiritual seat.

However, just when Yue Yao was about to kneel, a cold voice sounded quietly outside the Heavenly Master's gate.

"I think it's those things that don't have long eyes. How dare you make my Yao'er kneel?"

The words are clear, with the majesty and domineering that despise everything.

Under these words, in a radius of 1000 meters, the insects and birds are silent, and the plants and trees are silent.

"who?"

"Dare to break into my Heavenly Master?"

"Guardian, take him down for me!"

This sudden remark shocked everyone in the sect.

The elders of the sect were even more furious and sent people out to capture them.

However, the guards of the sect had just gone out when they were all blasted out by an invisible force.

"This this.."

"What's the situation?"

"In the end what happened?"

The whole place changed.

Because they didn't even see each other's figure.

Obviously no one has arrived yet, but just now, how did you send the sect's guards to Zhenfei?

Just when everyone was shocked, there was wind and sand in the front.

Between the sand and Shi Kuangfei, a thin figure appeared quietly.

He was as straight as a spear.

He has a beautiful face, neither joy nor sorrow.

From a distance, it looks like an ordinary person.

But everyone knows that under this seemingly peaceful appearance, there must be a turbulent power.

"It's you!"

"Chu...Chu Tianfan?!!"

This time, the elders of the sect who had been showing off their might to Yueyao just now finally became restless.

The majesty of the grandmaster they used to oppress Yueyao was instantly washed away.

At the moment of seeing Mark clearly, these old guys all changed their color.

In the heart, there is an emotion called fear, which swept out involuntarily.

Even these old guys are so uncomfortable, not to mention those young disciples who are new to martial arts.

When Mark's words fell, those disciples with shallow skills couldn't bear the pressure, and they all fell to the ground with pain in their eyes.

Watching from a distance, thousands of subjects are competing, kneeling to welcome the return of their king!

"Evan!"

With so many people present, the only one who can laugh is probably the girl Yueyao.

Seeing Mark's appearance, Yueyao didn't care about the rules of the sect, let alone the image of the sect master.

Instead, like a crazy girl, she rushed in Mark's direction.

In the end, he jumped directly into Mark's arms.
