

## Chapter 4016

Therefore, in order to prevent this worst possibility from appearing, even if it is only one in ten thousand, as the Truman Grand Elder, he must make the best preparations.

“Elder, what do you want to do? If Chu Tianfan is not dead, it’s useless to rely on us.”

“You have to find the Tang Sect Master, the old Sect Master, and the Chu family’s head...”

Since the first battle of Chumen, Chu Zhengliang, the head of the Chu family, has been sealed on the top of Chumen Mountain, and life is better than death.

The head of the house was vacant.

Just as Chu Zhengliang’s son, Chu Tianqi, broke through the shackles and made a leap in his realm of strength, he took over as the head of the Chu family.

Obviously, he has become the top three figure in Chumen.

Therefore, in the hearts of the Chumen, if there is anyone who can handle this Chu Tianfan, there are only these three people.

The first elder shook his head: “Dealing with Chu Tianfan is our business. But dealing with Chu Tianfan’s subordinates is our business.”

The second elder heard the words, his eyes lit up: “You mean, those four titles that are locked in the Jones family?”

Tang Xian nodded heavily: “These people can’t live anymore.”

“Otherwise, if Chu Tianfan is really dead, he will convene the old team and return to Chumen. We are afraid that the catastrophe of that year will repeat itself!”

The Truman many years ago was almost razed to the ground by Ye Fan.

More than half of the Chumen elders died at the hands of Ye Fan.

The Chumen middle and high-level combat power was almost wiped out by Ye Fan.

It took Chumen several years, and he also used the secret technique provided by the old sect master to improve his strength, and then he recovered.

Last time, Tang Xian was lucky to survive.

If the catastrophe repeats itself, it is undoubtedly unknown whether Tang Xian, the Great Elder, can survive.

“But Great Elder, those people, Sect Master Tang won’t let us kill...”

“We did it without authorization. Once the Tang Sect Master found out, it would be difficult to explain it.”

The second elder was worried.

The matter of these four titles has always been hoped by the Truman elders to get rid of them.

But Tang Yun has always been against it.

I want to turn them back and work for Truman.

But several years have passed, and those old people would rather die than give in, and never cooperate with Truman.

Therefore, for all these years, he has been imprisoned.

“I can’t take care of that much anymore!”

“In special times, practice special methods.”

“These people must die to avoid future troubles!”

“And, without further ado, let’s do it tonight!”

Tang Xian made up his mind.

Immediately start giving orders.

Let the subordinates pass the order to the patriarch of the Jones family, and let them immediately execute the remnants of the Dragon Temple.

At this time, it was late at night.

The Jones family has long rested.

But the Truman comer directly knocked on the door of the Jones family.

“What about your master, let Master Jones come to see you!”

“The first elder has important instructions, and Patriarch Jones needs to listen to it in person!”

The Truman messenger held an edict and said sharply to the subordinates of the Jones family.

The members of the Jones family did not dare to disobey, and immediately reported to the Patriarch Bill Jones.

“What did you say?”

“The Truman people are here?”

“Still with an order?”

Bill Jones woke up from the dream. After changing his clothes, his brows wrinkled unconsciously.

It’s so late, Truman is so anxious to find him, what will happen?

“Go, wake up the young master.”

“Let him be on alert immediately.”

“Cope with possible changes at any time.”

Bill Jones looked worried, and first arranged for his son to be on guard.

Then, he went to see the messenger of Truman.

“Patriarch Bill, the Great Elder has an order, ordering you to immediately execute those four Dragon Temple remnants.”

“After cutting off the head, give it to me and bring it back to Truman!”

“The situation is urgent, please execute the order immediately!”

The messenger announced the decision of the Great Elder Tang Xian and ordered Bill Jones to execute it immediately.

When Bill Jones heard the words, he was stunned: “What?”

“Execution of those four titles?”

“Why?”

“Did the first elder say the reason?”

“Well, why are you so eager to execute them?”
