

Chapter 4029

“Mr. Gaia, you...you guys, why haven't you left?”

“Didn't I let you go?”

Mike Jones and his son were surprised.

They never thought that at the moment of crisis, the one who spoke for their Jones family would be the former life and death enemy.

Although moved, Mike Jones was full of anxiety.

When the car was overturned just now, Mike Jones deliberately climbed out of the car with his sister in his arms in order to attract the attention of the strong Truman.

Just to attract attention and provide the possibility for the escape of these four dragon gods.

However, Mike had no idea that Gaia and the others had not left.

And now, he has actually stood up and used his life to save their Jones family members.

“Let innocent people die for us.”

“It's definitely not the style of our Dragon Temple people.”

Gaia turned back and glanced at the dying Jones and his son, Lang Lang's laughter sounded.

The rest of the Dragon God powerhouses all smiled at them.

“Old Gaia is right, the four of us can't give it to the dragon master, right?”

“The dragon master didn't hide behind the crowd back then, how can we be such cowards?”

Owen, god of bronze and fire, grinned.

The scar on his face that has not healed, twisted into a terrible arc with his smile.

It has a very gloomy face, but in this dark night, it exudes an inexplicable temperature and integrity.

These years, although they were imprisoned in the Jones family.

But the Truman people often send people to torture them.

In the past, the highest combat power under Ye Fan's banner, the titled Grandmaster of the all-powerful domain, is now a tiger with its teeth pulled out.

However, although the strength is gone, the integrity is still there.

The Jones family suffered because of them, how could the four of them survive and ignore the life and death of the Jones family.

“yes.”

“Although I hate you father and son very much.”

“There is no distinction between right and wrong, help Zhou and abuse.”

“It’s obviously someone from Truman who killed that little girl. You idiots from the Jones family must think it’s the dragon master.”

“Back then, the Dragon Lord killed the Chumen in order to avenge that little girl. You idiots not only didn’t help the Dragon Lord, but also dealt with the Dragon Lord together with the people of Truman.”

“Seriously, I really want to hit you.”

“But one yard is one yard. Although your father and son have no eyes, but today’s disaster is because of us.”

“If the four of us run away and see the dragon master in the future, I’m afraid we will also be whipped.”

Cecil, the god of sky and wind, shook his head and smiled.

The Ice Emperor Su Muqiu next to him also nodded.

Although they were in a desperate situation, the four of them did not have any fear and panic.

Instead, they chatted and laughed.

That feeling, as if they were about to go, was not death, but a long journey of poetry and wine.

In this situation, Mike Jones was stunned.

He seldom admired people, but the integrity of the four in front of him made Mike Jones admire him from the bottom of his heart.

In the past, what Mike saw in Truman was all intrigue and surviving.

However, from the four people in front of him, what he saw was a kind of integrity, a kind of bravery that was not afraid of life and death.

He didn’t know what kind of powerful people he had to be to take these four under his command.

“What, old man?”

“Use the lives of our four titles for the rest of the Jones family to survive.”

“We lost a lot, okay?”

Gaia smiled and continued to ask Tang Xian.

Tang Xian was also stunned for a few seconds.

Then, he couldn’t help laughing.

“I never thought that you would speak for the Jones family?”

“When you forced your Dragon God Hall Master to death, the Jones family did a great job.” Tang Xian sneered.

“It’s all said, one code is one code.”

“Now let’s talk about this, you can say whether you agree or not.” Gaia continued.
