

Chapter 4040

Ignoring the scolding between Tang Xian and the Jones family, Ye Fan just walked over to Tang Xian with a blank face.

He looked down at the Truman Great Elder.

He still remembers that when he was defeated in Chumen Mountain, Tang Xian led people to surround and kill him.

Gaia and the others were defeated by Tang Xian and bound by Tang Xian.

“Three years, Elder Tang, when you chased me and Chumen Mountain, did you ever think that one day you would fall under my sword?”

Ye Fan sneered.

He stretched out his palm and slapped the void.

Whoosh!

Only heard a sword cry.

A broken sword on the ground flew to Ye Fan’s hands.

From the looks of it, Ye Fan was indeed prepared to end the life of the Truman Great Elder here.

“You...what do you want to do?”

“Do you really dare to kill me?”

“I am Grand Elder Truman!”

“If you kill me, I will never let you go.”

“Old Sect Master Chu will smash your corpse into ten thousand pieces!”

“There is also the Tang Sect Master, who will also lead my strong Tang family to hunt you down to the ends of the earth!”

“You have to think about it!”

Tang Xian began to panic.

The pale face was not even half human.

He looked at the man in front of him, and his trembling voice couldn’t stop sounding.

At first, Ye Fan didn’t care about Tang Xian’s threat.

However, when someone’s name came out of Tang Xian’s mouth, Ye Fan’s hand holding the sword stopped for a moment.

“You belong to the Tang family, right?” Ye Fan asked indifferently.

Tang Xian nodded: “Yes, according to seniority, the Tang clan master has to call me grandpa. If you kill me, our Tang family will never let you go.”

Tang Xian immediately increased his voice when he saw that his threat was effective.

Bill Jones and the others sneered.

“Old dog Tang, Mr. Chu dares to fight even Chumen. Do you think he will be afraid of your mere Tang family?”

“I see that you are really confused.”

“Instead of threatening Mr. Chu with your family, you might as well kneel down and beg for mercy. Maybe, Mr. Chu’s kindness will spare your life.”

Gaia and the others were watching the joke, waiting for the moment when Tang Xian died.

In the eyes of everyone, Ye Fan and Truman are the enemy of life and death.

This Tang Xian is still dead and has a tough mouth, and with Ye Fan’s temperament, he will definitely not spare him.

However, what Ye Fan said next made everyone stunned.

“You should be glad that you are from the Tang family.”

“Otherwise, your fate today will not be much better than those of the guardians.”

Ye Fan’s indifferent voice sounded.

Bill Jones and the others were stunned.

“Chu...Mr. Chu, you...you won’t kill him?”

“This... this is impossible.”

“This Tang Xian is one of the top ten titles in the Heavenly Ranking. If you let him go, you will let the tiger return to the mountain.”

“In the future, it will definitely be a serious problem for the confidant!”

Bill Jones was not reconciled and still persuaded him.

Gaia and others also felt that it was inappropriate to let Tang Xian leave.

This is the real power figure in the top five of Truman’s strength.

Keeping him, it must be a big hidden danger in the next decisive battle with President Truman.

Ye Fan didn’t pay attention to everyone’s persuasion.

He has made up his mind.

Even in her face, Ye Fan would not kill Tang Xian.

“Hmph, Chu Tianfan, you’re pretty smart.”

“Don’t worry, you let me go today. When the old sect master kills you in the future, I will say a few words to you, and let the old sect master leave you a whole body.”

Tang Xian hummed, got up and prepared to go back to Chumen.

“Wait, did I let you go?” Ye Fan said suddenly.

“Huh? What else do you want? My Truman protector died under your hands, don’t you think it’s not enough?” Tang Xian said angrily.

Ye Fan shook his head: “They are dead, but you are still alive.”

“I just said that I would spare your life, but I didn’t say that I will leave you to cultivate.”

“For Yun’er’s sake, I will spare your life.”

“In the future, just be a living cripple, so as not to cause harm to the world!”

What?
