

Chapter 4044

Previously, Bill Jones was a titled cultivation base, and he even used the ancestral sword, but failed to break the shackles.

But their dragon masters are so arrogant that they were broken all of a sudden.

“Damn, after three years of being a prisoner, I’m finally free!”

“Cool!”

When the chains were taken off, Gaia and the others felt relieved.

What a cool word!

“Okay, there will be some cool times in the future.”

“Now, come with me.” Ye Fan urged.

“Where?”

“Where else can we go?” Ye Fan glanced at Tang Xian who fell to the ground, unconscious like a dead dog.

With a sneer: “First, send this great elder back to the Tang family. Then, stop by and visit the Chu family.”

“I, Chu Tianfan, have all the blood of the Chu family flowing on my body. I’m here, so naturally I have to go back to the family to visit.”

Ye Fan’s expression was gloomy, and there was a cold chill in his light words.

It has been more than two years since Ye Fan came to the Chu family last time.

At that time, the Chu family had promised to go to Yanxia to apologize to him and his mother.

As a result, the Chu family did not believe their words and killed An Qi.

Now, time has changed.

Although Chu Yuan and the others are not in the Chu family now, many elders of the Chu family are still there.

Some of them are still known to Ye Fan.

After all, Ye Fan once lived in the Chu family for a few years.

Although in those years, he suffered humiliation.

“What about them?”

Gaia and others pointed to some of the surviving Jones family members.

Ye Fan thought for a while: "Well, send them back to the family first, and then we will climb Chumen Mountain."

"it is good!"

Gaia and others readily agreed.

Just like that, Gaia and the others were holding Tang Xian's body, Owen was carrying Bill Jones' body, and some of the rest supported Mike Jones, while others supported the rest of the Jones family's wounded.

Only An Qi, Ye Fan personally brought back the Jones family.

More than two years.

This girl, although she has been in a coma.

However, the delicate facial features and pretty face are still as good-looking as they were back then.

When An Qi's eyes were taken away, Yueyao tried her best to save An Qi's life.

The blue-eyed and golden-flowered pupils have long been integrated with An Qi.

Later, it was forcibly stripped by the Chu family and his son, which naturally hurt Angel's foundation.

This is also Yue Yao's medical skills, otherwise, if you were someone else, you wouldn't be able to save her life.

But keeping An Qi in a coma is not the way to go.

After waiting for Truman's grievances, Ye Fan is trying to find a way to save An Qi.

Soon came the Jones family.

Ye Fan and the others buried Bill Jones with members of the Jones family, and then left after showing Mike Jones the injury.

With Tang Xian, he went straight to Chumen Mountain.

Mike Jones was eager to follow along.

Although he didn't have the ability to deal with Trumen, it was a pleasure to see Trumen fall in Ye Fan's hands.

But he was hurt so badly that he couldn't do anything.

What's more, on An Qi's side, he still needs to be guarded by him as a big brother.

In the end, he could only watch Ye Fan and the others, and then climb Chumen Mountain!

Tonight's Chumen Mountain is surprisingly calm.

Under the mountain gate, several Chumen guards guarding the mountain were still sitting on a piece of leisurely drinking wine.

“The two sect masters are not here, and the first elder has also gone out, and now several major leaders of Chumen Mountain have left.”

“It’s cool to live without a leader!”

“No one cares about drinking!”

“Hahaha...”

A few rough men smiled happily.

“Okay, drink less.”

“Now the mountain gate is empty, and the strong people from all walks of life have basically been taken out.”

“I’m really afraid. If someone takes advantage of the emptiness, they attack Huanglong and destroy our nest again!” The elders next to him said worriedly.

“Scared ass!”

“Now the world’s martial arts are overwhelmed and unable to protect themselves.”

“I can’t defend my own country, how can I still have the strength to come and steal my home?”

“Besides, now we Chumen, with the power of one, one-on-one global martial arts!”

“Who dares to provoke us?”

“That’s why that guy named Chu Tianfan was so stunned, he didn’t know if he would provoke us.”

“How is the result?”

“It is estimated that the grass on the grave is seven feet high?”

The man smiled complacently, raised his head and took another sip of wine.

At this time, there were footsteps coming from the front.

They thought it was the elder who brought people back.

But when they got close, the gatekeeper realized that the other party didn’t seem to be a member of Truman.

“Who?”

“Dare to disturb Mount Chumen at night?”

“I don’t want to live anymore!”

“Don’t sign up for Lao Tzu soon!” The gatekeeper was very arrogant.

The leading young man in front glanced at them, and then said his name honestly: “The old man Chu Tianfan, come to Chumen again.”

What?

Chu...Chu Tianfan?

The gatekeeper urinated on the spot.
