

Chapter 4048

“Chu...Chu Tianfan?”

“You...you...you’re not dead?”

“This...how is this possible?”

Chu Shen trembled violently, and his whole body was almost spread out.

The rest of the Chu family were even more terrified, their faces ashen.

Facing the questions of Chu Shen and others, Ye Fan just smiled.

“yes.”

“I don’t know, why didn’t I die then?”

“Perhaps, it is God who thinks that my mission, Chu Tianfan, has not been completed.”

“Or maybe it’s the ancestors of Yunyang who have a spirit. They feel that the Chu family has been plagued by your calamity, and that the current Chu family has done a lot of evil, so give me another chance to clear the door.”

Ye Fan’s faint laughter was so calm.

However, falling into the ears of the Chu family made them despair.

really!

It really is that Chu Tianfan!

He is back.

He came back to the Chu family for revenge!

“Quick... quick...”

“Go to the Tang family, and invite the elder Tang Xian!”

Chu Shen was horrified.

His old face was pale, his red lips trembling, and he shouted in horror to the people around him.

Gaia, Owen and the others laughed loudly.

“Hahaha..”

“Are you going to invite the elders?”

“Now, you are going to the west to invite the Buddha, so why is it too late?”

“Tang Xianju has already been beaten to death by my dragon master!”

“You are screaming out of your throat now, and no one can save you.”

Gaia and the others laughed proudly.

For too long, they have been trapped in Truman, and life is better than death.

Now, it is finally a shame that these Chu family lives are not as good as death.

The laughter of Gaia and the others undoubtedly made Chu Shen and the others completely desperate.

Now the Chumen is empty, and the greatest combat power is only the top ten elders in the sky.

If it is said that Tang Xian has really been defeated.

Then they are now fish on the chopping board, and they are being slaughtered by Ye Fan.

“quick!”

“Combine!”

“Kill this guy!”

“This bastard doesn’t dare to show up when the old family master is around, and to come in at this time is obviously lack of confidence.”

“Therefore, I conclude that his strength is far from what he used to be.”

“My Chu family’s powerhouses work together, and it’s not impossible to kill him!”

Since asking for foreign aid, it has no effect.

Chu Shen simply became self-reliant.

He gathered the strong people in the clan to fight to the death.

Prepare to gather the power of all the powerhouses of the whole clan to surround and kill Ye Fan.

“Chu’s Divine Fist!”

“Xuanming Divine Slash!”

....

“Yunyang Immortal Formation!”

....

In just an instant, the battle quietly exploded.

No matter the strong or the weak, the old and the young.

When facing Ye Fan, they were surprisingly united.

They each performed their cultivation and condensed the formation.

All of them seemed to be crazy, rolling towards Ye Fan’s place.

However, in the face of this overwhelming attack.

Ye Fan didn't say a word.

Just slap it out.

In Ye Fan's palm, the five elements reversed, yin and yang reversed, and the void collapsed.

Under this palm, the powerful offensive built by the Chu family collapsed in an instant.

It was like a glass that fell to the ground, shattered into thousands of pieces.

Countless people vomited blood and flew out.

one strike!

Just one hit!

The tyrannical and powerful family in the world, the strongest family in the world today, was suppressed by Ye Fan with one palm.

The abandoned son of the past, the king of the present!

The poor boy who was expelled from the Chu family back then has become the gravedigger of the Chu family after all.

After one move shattered all the illusions of the Chu family's resistance.

Between the Tianhe River, Ye Fan stood with his hands behind his back.

He looked down on the world and sneered proudly.

With a low voice, it exploded like a thunderbolt: "The Chu family's evil obstacles, all kneel down to me!!!"

boom!

Life is like a dull thunder, landslides and ground cracks.

The entire Chumen Mountain trembled violently under Ye Fan's roar.

And those Chu family members, especially Bie Fan's words like Hong Zhong Da Lu, were crushed to the ground.
