

## Chapter 411

Bai Yichen gives Wen Qiao a drop. He looks at their quarrel and says helplessly: "little sister-in-law, North brother is just like this. He cares about you too. Don't give him the same opinion!"

"Nothing." Wenjo wiped his tears.

Li Fengbei came out of his bedroom and rushed downstairs.

He was not only angry with her, but also with himself.

He didn't know when he would come back. With her disposition, he didn't know how much he would suffer?

He gave her money, but she didn't spend it. She had to go out to work by herself.

Sick, forced to bear, also do not say!

Housekeeper Lin saw him go downstairs and asked anxiously, "young master, what's wrong with the young lady?"

Li Feng North sword eyebrow wrinkled into a Sichuan word, "she has a high fever, you let people stew her some light porridge."

"Well, I'll go right away!" Housekeeper Lin, with a worried look on his face, immediately turned to order the cook. He muttered: "yesterday, the young lady was all wet and didn't wear shoes. Today, she is really sick!"

Li Feng's steps up the stairs made his back stiff.

He turned and yelled to housekeeper Lin, "what did you say just now?"

"Yesterday, when the young lady went back to the castle, her clothes were drenched..." Manager Lin repeated.

Li Fengbei seized his hand and ran upstairs.

Just in front of the door, I met Bai Yichen who finished the injection for Wen Qiao.

"Bai Yichen, what happened yesterday? Do you know something?"

Bai Yichen frowned slightly. "Yesterday, after her sister-in-law returned to the presidential palace, she was locked up by the president's wife. In order to meet you, she climbed down the second floor window and swam from the river..."

Bai Yi Chen's words haven't finished yet, Li Feng North A to grasp his collar, full face fierce color, depressed voice to roar a way: "why didn't tell me yesterday?"

"I wanted to say, you don't open the door..."

Li Fengbei released Bai Yichen, took a deep breath, and tried to recover his breath.

Suddenly, he gave himself a slap in the face in silence, then turned around and walked towards the bedroom.

Bai Yichen

So simple and crude??

Li Fengbei wanted to slap himself a few more times. He only thought about his mood yesterday, and didn't consider her at all.

He went back to the bed and looked at winjo's pale face. His remorse drowned him.

"I'm sorry!"

Wenjo shook his head. "It's not your fault. I shouldn't have left you at the wedding! I didn't know my mother would lock me up. I blame myself very much

Speaking of the president's wife, winjo frowned tightly, "what should I do? I'm here. Didn't my mother send for me? "

The soldiers were still chasing after her.

"Come, but go back!"

"Back?" Wenqiao's heart suddenly raised, eyes stare greatly, "you won't quarrel?"

"No!" Li Fengbei pinned the broken hair on her forehead behind her ears and said softly, "she's your mother. I won't fight with her!"

He concealed some of the facts.

Wenqiao was still worried and said anxiously, "didn't she say that she would take me back?"

"No, she agreed with us! My father came to the castle and said something to her, and she left! "

"Ah?" Wenqiao asked in disbelief, "doesn't he always care about your business?"

Is he really concerned about Li Fengbei, but seemingly indifferent?

Li Fengbei's eyes flashed slightly. He didn't think so. There must be something inside that they didn't know.

"Anyway, when you get well, let's go and thank him!"

"Good!"

Wen Qiao shows a smile. As long as her mother agrees, she is relieved. What she is most afraid of now is that Li Fengbei doesn't agree with Yu Qing.

After the injection and a bowl of rice porridge, Wenqiao felt much more comfortable.

Wenqiao is ill. Lifengbeigan takes off her clothes and shoes and lies on the bed with her. She doesn't go anywhere.

Wenqiao was lying in Li Fengbei's arms. Li Fengbei was playing with her fingers.

Two people enjoy the quiet time.

Wen Qiao looked up at Li Fengbei and suddenly asked, "Li Fengbei, can you tell me something about the state of Li Luo?"

Li Feng fingers a meal in the north, eyes gradually dim down.

The news he got from Lanfeng was all negative. What kind of situation he faced after he went back, even he didn't know.

But he didn't want her to worry.

Such as lotus's face, evoke the color of the lips.

"To tell you the truth, I don't know much about it either!"

Wenqiao's heart was filled with a deep worry, "what's the age of this? Is Liluo still closed? That place is not like the primitive society, it is not full of clothes and food, is itLi Fengbei jokingly pinched her small nose: "where do you want to go? I don't think so! "

In fact, he has no way to be sure.

After all, satellite technology is so advanced now that few places on the earth can't be detected by satellite. If there is, it can only be said that the place is remote or the environment is very bad.

The more Wen Qiao thought about it, the more worried he was. He held Li Fengbei's waist tightly, and his face was reluctant and distressed.

"I think I'll prepare more food and clothes for you, so that you don't get used to it when you go there!"

"Well! What a virtuous wife Li Feng North low smile, in Wen Qiao's lips a kiss.

Wenqiao was thinking about what he was going to take with him. He was sleepless for a moment. He lifted the quilt and turned over.

"No, I'm going to get something ready now!"

Li Fengbei grabbed her waist and put her back in the quilt again. "No need. Just leave these things to housekeeper Lin to do!"

Wenjo looked at him in shock. "But don't you want to keep it from everyone?"

"I don't want to release the news that I'm not the Li family for the time being. I'm worried that it will be bad for you and the children if this news is disclosed! So I will find a reason to pretend to go abroad first."  
"

Thinking of the dangerous road ahead, Wenqiao tightly grasped Li Fengbei's hand and worried, "Li Fengbei, for me and my children, you must pay attention to safety! Come back safely

"I will! For you and the children, I'll come back to pick you up in a year at most! "

Li Fengbei said as if by oath.

"Good." Think of the next year can't see, Wenqiao heart can't say uncomfortable.

At this time, the mobile phone in Li Fengbei's pocket rang.

Li Fengbei releases Wen Qiao and gets up to pick up his cell phone.

It was grandma who called. Li Feng started from the north and said, "Grandma!"

"Fengbei, why haven't you come here today? Take Joe back to the old house

JOJO?

Li Feng raised his eyebrows in the north and keenly noticed the change of Granny's address to Wenqiao.

Li Feng looked North at Wen Qiao and said firmly, "grandma, I'm afraid I can't pass today. Qiao Qiao is ill!"

"Sick?" On the phone, grandma's voice sounded worried, "have you seen a doctor? What's going on? How could you get sick? "

## Chapter 412

A series of problems made Li Fengbei even more confused.

From the perspective of grandma's knife mouth and bean curd heart, even if she cared about Wenqiao in her heart, her mouth would be unforgiving.

Today, grandma's tone is abnormal.

Of course, grandma is willing to accept Joe, which is good news. With Grandma's protection, Joe is more at ease.

He replied, "I've seen the doctor. Don't worry, grandma."

The old lady immediately said, "don't come here today. Come back when Joe is well!"

"Thank you, grandma!"

Knowing that the phone call was from the old lady, Wenqiao felt uneasy.

Yesterday's wedding was ruined by her. Isn't the old lady here to ask for a crime?

"Li Fengbei, what did grandma say?"

Li Fengbei put away her mobile phone and touched her hairy head, "grandma, let's go to the old house! How're you feeling now? If we don't feel well, we won't go anywhere! "

How dare winjo not go at this time? Grandma called! Besides, her health is much better.

"Bai Yichen's medical skill is very good. After taking medicine and injection, I feel better. Let's go?"

"No! I have told grandma that you are ill, we are not going anywhere at home! " Li Fengbei was immediately displeased.

Wen Qiao frowned, pushed Li Fengbei discontentedly and glared at him, "grandma has just changed my outlook now. How can I not go to the old house today? Today, new people are going to offer tea to their elders! "

Li Feng North a think, this saying is also right.

Grandma finally accepted Joe, but she can't have a bad view on her again because of this!

Li Feng North see her face is not bad, but a smile, "OK, then we get up!"

Li Feng went to the cloakroom in the north, picked out a suit of clothes for Wenqiao and changed them for her.

When he came downstairs, he carried her downstairs.

Looking at the two people eager to stick together all the time, housekeeper Lin and his servant covered their mouths and snickered, but they were full of blessings.

Old house, the old lady received the news that Li Fengbei was going to bring Wenqiao over, and began to prepare in a hurry.

This is the first time that I attach so much importance to a person in the old house.

The servant wondered who was coming to the old house?

When I saw the young master and the young lady coming in, I was even more puzzled.

Why did the old lady change her temper all of a sudden? Before also see young madam all sorts of not pleasing to the eye!

Ever since Wenqiao came into the room, the old lady's eyes have been on Wenqiao. She can't restrain the impulse in her heart. Her eyes are twinkling with tears.

How all didn't expect, Wen Qiao unexpectedly is her close granddaughter, is their Li family's daughter!

Li mingjue's eyes also fell on her. Her deep eyes were bright and dark, and her mood was unpredictable.

Wen Qiao stood by Li Fengbei's side, with a faint heart.

Before, everyone's attitude towards her was cold and light. Is it because she is the president's daughter that such a big change has taken place in a twinkling of an eye?

According to her observation during this period of time, the people of Li family are not the kind of people who like climbing dragon and attaching Phoenix!

Even though the old lady was strict with her, she admired her integrity in her heart.

Wenqiao was nervous, so he bowed to them, offered them tea, and cried out, "old lady! Tea, please

The old lady was very excited at first, but now she was amused by her appearance.

Pretending to look at her angrily, "what nonsense, you should call me grandma now!"

Wenqiao was stunned for a moment, and then called out sweetly, "Grandma!"

"Why! Good boy He waved to Wenqiao and handed a big red envelope to Wenqiao. "This is the red envelope for you!"

The custom of the second day of marriage is that the younger generation will offer tea to the elder and the elder will give the younger generation red envelopes, which symbolizes that everyone will be a family from now on. It means to love each other, and it also means to be lucky.

“Thank you, grandma!” Wenqiao gladly received the red envelope.

This red envelope must be kept. This is the proof that grandma accepted her. This heart is more important than anything.

The more the old lady looked, the more satisfied she was. She took a mahogany box from the flower housekeeper, opened it and took out a green hairpin.

The old lady gently stroked the hairpin and looked at it with nostalgia, “this is a relic left by my mother. She said it will bring me good luck! Now few people wear hairpins any more, so you can play with them! This is a good thing from the palace, not something money can buy!”

Said the old lady, handing the hairpin to winjo.

Such a valuable thing to play with?

Wen Qiao’s eyes widened and he was flattered. He quickly refused and said, “grandma, I can’t have such a valuable thing!”

“Take it! Grandma gave it to you. Take it!” The old lady forced the hairpin into Wenqiao’s hand. She held the hairpin in her hand. The hairpin was not heavy, but it was as heavy as a kilo. She was worried that if she had more strength, she would damage it!

She looks at Li Fengbei for help. She thinks this gift is too valuable.

Li Feng looked at her fondly and nodded to her, “thank you, grandma!”

“Thank you, grandma!” wincho said

The old lady had a kind smile on her face! Hurry up and offer tea to your father. Your father has prepared a present for you!”

Er

Li mingjue’s “Dad” is always strange to her.

She coughed a little, did some psychological construction in her heart, and then called out softly, “Dad, please have tea!”

Li mingjue looked at Wen Qiao and looked at her face which was very similar to Yu Qing. For a moment, his nose was sour. He blinked and suppressed his untimely mood.

He took a sip of the tea, put it on the table, took a bank card out of his lined suit pocket and handed it to winjo, a little embarrassed.

“Dad didn’t have time to prepare a gift for you. It’s ten million. Take it and buy some clothes to wear! What you want in the future, you tell Dad, as long as Dad can do, he will do it for you!”

His words are not polite, but a sincere promise.

In this life, he has such a daughter. It's too late to love her in the palm of his hand.

Just now, he can't show his true identity.

When he is strong enough to compete with Jun yechen, he will give her and her mother an aboveboard identity.

Compared with the old lady's attitude, Li mingjue's attitude towards her made Wen Qiao not only flattered, but also unbelievable.

Li mingjue, who was always cold, would have said this to her?

What's more, if he had read it correctly just now, his eyes seemed to be flashing with tears. Although it flashed away, she still caught it.

Why?

Wenqiao frowned, took the card with both hands respectfully, and said, "thank you, Dad!"

#### Chapter 413

Li mingjue looked at his daughter's white face. The more he looked at it, the more he liked it. He was in a high mood.

"Good! Children, I wish you a happy life together! Feng Bei, you should treat Qiao Qiao well in the future, or dad will be the first to forgive you!"

Li Fengbei solemnly replied, "father, don't worry! I'll be nice to her!"

Li Fengbei is thoughtful.

Ever since he was sensible, he has been called Li mingjue "father". He has never called him "father" so intimately, but let Wenqiao call him "father"?

Since Li mingjue knew that Wenqiao was his daughter, he could not calm down.

For the first time, I looked at Wenqiao so close, as if I couldn't see enough.

Before he thought of it, he had seen her several times in the old house. When he saw that she was bullied by Li Yufei, he chose to stand by, and he wanted to slap himself in the face.

I thought he would die alone in his life, but at this age, I found that his favorite woman gave him a daughter.

Today, the graceful appearance of her daughter is just like her imagination.

The old lady took a look at her son. Although she understood his excitement, if she went on like this, the children would see that something was wrong.

She coughed, "Joe, go and play with the children! The children have been shouting for Mommy

"All right, grandma!" Wen Qiao looked at Li mingjue and said softly, "Dad, I'll go!"

“Go Li mingjue waved his hand and looked at him.

Wen Qiao walked out of the room, Li mingjue’s vision still stayed at the door.

Li Feng stood in front of the old lady and Li mingjue. Suddenly, he bowed to them deeply. “Thank you, grandma, thank you, father! Thank you for accepting Joe

The old lady was a little embarrassed. Now she changed her position. As long as Li Fengbei did something to make Qiao Qiao sad, they would be the first to let him go.

The old lady told her, “child, you should treat Qiao Qiao well in the future and don’t make her sad!”

Li Fengbei solemnly promised: “I will, grandma!”

“Well!” The old lady nodded with satisfaction, “sit down quickly!”

Li Fengbei sat down opposite them.

The old lady said solemnly, “Fengbei, I want you to come here today. One is to offer tea, and the other is to discuss something important with you.”

“Grandma, you say!”

“Your father wants to run for the next president. I hope you can support him!”

Li Feng North Leng for a moment, don’t understand the line of sight to see Li mingjue, “why does father suddenly have such an idea?”

Li mingjue has been indifferent to the world for many years. Why did he run for president all of a sudden?

This is not a big change!

Li mingjue pondered for a while, then said: “Fengbei, I know I wasted time before. I want to understand now, in my lifetime, to do something for myself and my family! The presidential campaign has already begun. Once autumn is over, it’s official election day! My competitor is Jun yechen. I hope you can adjust Li’s work! ”

After listening to these words, Li Fengbei’s deep eyes became deeper and said: “father, naturally, I am fully supporting you! To tell you the truth, I’ll go far in the near future. I’d like to leave Li’s group to you! ”

“What?” The old lady was shocked and said, “where are you going?”

“Granny, I can’t say it now, but it won’t be bad for Li! When I have settled the matter and come back safely, I will apologize to you! ”

The old lady’s face became solemn. “Does Joe know about this?”

“I know! We have discussed and will go through this difficulty together! ”

The old lady worried, “what is it? If you have difficulties, you must say it. Grandma will try her best to help you! You’ve just got married and you’re separated. Joe must be very sad, aren’t you

Li Fengbei said gratefully, "grandma, no one can help me with this! After I leave, there is one thing I want to ask grandma! "

"If we ask for anything, you can say it!"

"After I leave, please protect Joe!"

"I promise you! Even if you don't say it, I'll protect her! "

"Thank you, grandma!" Li Fengbei looks at Li mingjue and takes advantage of this opportunity to return Li's group to him.

Originally, he planned to meet Xu Tianyu these two days and hand over Li's group to Xu Tianyu. Now it seems that he has a more suitable candidate.

"Father, I want to return the position of the head of the Li family to you!"

The strength behind the Li family is far beyond the Li group. If the Li family is the leader of the Li family, Li mingjue will be one step closer to the president.

Li mingjue looked at him in amazement, "are you really willing to be the master of the Li family?"

"Father, I mean it! You are more suitable for this position than me! "After all, he is not the real Li family.

Li mingjue nodded admiringly.

It's rare for young people to be able to put down fame and fortune. My daughter has a good eye.

After that, everything he owned was his daughter's, and naturally Li Fengbei's.

Now he takes over the position of the head of his family, and when he becomes President, he will return the position to Li Fengbei.

Each of them has his own concerns.

In the end, an agreement was reached.

When Li mingjue was young, he was trained according to his status as the heir of the family leader. He would not take over the position of the family leader suddenly, and he would not be helpless.

He didn't really do nothing all these years.

Over the years, he is keen on public welfare in remote areas, and has accumulated high prestige in the marginal areas of the motherland.

In the process of running for president in the future, these people will be his strength and backing.

When they had finished talking, wenjo was tired of playing with the children.

As soon as Ann saw Li Fengbei, she ran like a butterfly and asked for a hug with open arms

"Baby!" Li Fengbei embraces An'an.

An'an put a fragrance on Li Fengbei's cheek, "Daddy, I want you to take me to play!"

“Well, where would you like to play, baby?”

“I don’t know!” Ann lost in thought, then shook his head, “as long as you are with Daddy, you can go anywhere!”

Wen Qiao felt An’an’s dependence on Li Fengbei, and felt sad.

If you know that daddy is going to leave in a few days, Ann will be reluctant to give up.

She suggested, “Li Fengbei, let’s go to see the sea.”

Li Fengbei glanced at her and retorted immediately: “it’s windy by the sea. You haven’t got a cold yet!”

“I’m almost done! Why don’t we take our own cruise and stand behind the glass and have a look? ”

“That’s about it!”

“Thank you husband!” Wenqiao said coquettishly.

“That’s it?” Li Fengbei looked down at her.

Wen Qiao pursed lips to smile, and then tiptoed to kiss on his face, “is it ok now?”

“Let’s go!”

The two left sweetly with their children.

#### Chapter 414

Jun yechen finished his day’s journey. As soon as he got home, he asked Yuqing in a bad tone, “where’s your daughter?”

Yu Qing felt the bad intention in her tone and was alert, “what do you want to do?”

Jun night dust a pair of natural tone, “you are OK meaning to ask me what I want to do? You gave me such a big green hat, I not only didn’t settle with you, but also publicized her identity to the public, becoming the most distinguished princess. What else can you not be satisfied with? ”

“Jun yechen!” Yu Qing was so angry that her fingers were shaking. “How can you say such a thing? Do I have to be grateful to you when you’ve just lost Jo Jo? ”

But Jun yechen holds on to the fact that Yuqing gives him a green hat. “Shouldn’t it? Who told you not to behave like a woman, go out and mess with others, and even bring out the children? You have lost all my face

This matter, two people quarrel too many times, she no longer wants to argue.

She stares at him, tone warning way: “Jun yechen, really want to count up, you give me to wear the green hat son is still little?”? How can you tell me? Since two people have no feelings, why speak so noble! You want the power behind me. I don’t want to fight. Everyone is safe. What kind of anger do you have? ”

“Yes! I won’t argue with you! I have something to do with your daughter! ”

“What’s the matter?” Yu Qing was wary.

“Of course, it’s her marriage to Li Fengbei. How can you stop it? If she marries Li Fengbei, the Li family will be loyal to me

Jun yechen doesn’t know that Yuqing has agreed to their marriage. When it’s over, he can’t wait to find Yuqing.

“Why are you so mean!” Yu Qing was so heartbroken that she bit her teeth and said, “even if you use me, you still want to use my daughter, Jun yechen. Are you still not a man?”

Jun yechen’s face turned black instantly. He grabbed Yuqing’s chin hard and said coldly, “I’m a man, I’ll prove it to you!”

Then, regardless of Yuqing’s resistance and fear, he reached for her coat.

The language Qing facial expression a change, desperately struggle, “don’t touch me! Jun yechen, you are so dirty, don’t touch me

His lover a lot, from female subordinates to partners, beautiful stars, as long as you think, she is disgusted.

Jun yechen looks at the dislike in her eyes and is completely annoyed. Her eyes flash cold light and slap Yu Qing on the face.

Face fierce, “smelly girl, what qualifications do you have to say that I’m dirty, and how good are you?”

Yuqing is not in good health. She weighs less than 90 Jin. She is slapped on the ground and can’t get up for a long time.

Looking into the eyes of Jun yechen, with strong hatred.

Jun night dust cold hum a, stride left the room.

Yu Qing didn’t cry. She got up slowly. In her beautiful eyes, there was a dead silence.

This is their marriage. It’s gorgeous on the surface, but rotten inside.

Her life is really a joke, there is no emotion between them, for the sake of superficial peace, desperately pretending love.

But it doesn’t matter, her heart has long been dead, also don’t love this man, she is not sad.

.....

Overnight, a few big things happened in B city.

First, the president and his wife have found their daughter, who has been separated for many years. She is the real princess of Ningguo!

Second, Li Fengbei, the president of Li’s group, resigned from the post of president, and Li mingjue became the new president.

Third, Li mingjue held a press conference to officially announce his candidacy for the next president.

These major events, each of which makes city B boiling enough.

There are so many things coming together.

When winjo heard the news, he was shocked.

Li mingjue wants to run for the next president. Isn't it that father-in-law and father-in-law are hostile?

This thought made her feel uneasy.

Li Feng went north to Li's group and handed over the relevant work of Li's group with Li mingjue.

Wenqiao sat at home and waited. He found that he hadn't seen him for a while, so he couldn't help thinking about him.

If we don't see each other this year, what can we do?

While waiting for him to go home, Wenqiao was not idle. He rechecked the things he needed when he left, and arranged them for him with two big boxes.

This wait, from day to night.

Wen Qiao is about to call Li Fengbei and ask when he will come back. The engine of the car rings outside the door.

"Is he back?"

Wenqiao heart a joy, put down the mobile phone, pedal pedal, happy to run downstairs.

"Young lady..." Housekeeper Lin was standing at the top of the stairs, looking at her in fear.

Looking at the scene in front of him, the smile on Wenqiao's face gradually solidified.

Jun yechen with his adjutant, sitting on the sofa in the hall, grinning and looking at her with a smile, "daughter, dad is coming to pick you up!" "Home?" Wenchao subconsciously stepped back and shook his head in panic. "I'm not going back! This is my home! "

Will you lock her up again when you go back to the presidential palace?

Moreover, just now Li mingjue announced that she was running for president, and her father will take her home. She always feels that things are not so simple.

One side is my father, the other is my father-in-law.

She was caught in the middle, but she didn't want to leave lifengbei.

Jun yechen made a gesture to the adjutant behind him. The adjutant walked respectfully to her and said in a business tone: "princess, please come back with us!"

"What if I don't?"

The adjutant took a look at the door and said calmly, "I think the princess is a smart person and won't make a stupid choice!"

Wen Qiao looked out of the window along his line of sight. Suddenly, his heart was tight and he could not help clenching his fingers.

The bodyguards of the castle and the soldiers brought by Jun yechen are facing each other with guns in their hands. The situation is imminent.

Wenqiao's heart immediately raised, "I'll go with you, but you promise me that you can't imprison me like yesterday!"

Jun yechen did not speak, the expression on his face was not smiling, "yesterday your mother locked you up, not me!"

Wen Qiao: "I'm not sure."

Don't they agree?

She always felt that Jun yechen was unpredictable, probably because he was the president of the country. In him, she could not find the kindness of being a father!

Housekeeper Lin looked at her anxiously, "young lady, the young master will be back soon. Please wait for him first!"

In the current situation, Li Fengbei's return will always make things worse. After all, Li Fengbei is not the kind of man who will be threatened, even the president.

## Chapter 415

She shook her head and said, "don't wait for him! Housekeeper Lin, tell him, don't worry about me, I will come back to see him as soon as possible!"

Housekeeper Lin looked at their back as they left. He was as anxious as an ant on a hot pot. "Little lady is gone. What can I do?"

The young master will be worried if he doesn't see his wife when he comes back. How can he explain!

He dialed the young master in a hurry.

Li group.

An emergency general meeting is being held.

Li Fengbei's position as the outgoing president, all the work is handed over to Li mingjue.

Naturally, many people are dissatisfied with this sudden decision, but it's useless for them to oppose Li's absolute control over Li's group.

Li Fengbei has been busy all day. He doesn't even have time to drink.

He looked at his watch and saw that it was eight o'clock in the evening. He was worried. He didn't know if Wenqiao was waiting for him at home.

Thinking of a woman waiting for her at home, she seemed not so tired. She was inspired and quickened the work at hand.

Just then, the cell phone rang.

Take it up and see, it's housekeeper Lin, frowning slightly.

As soon as the phone was connected, Butler Lin's urgent voice came from that end, "young master, young lady has been taken back to the presidential palace by the president!"

Li Fengbei's deep voice was taut. "I'll be right back!"

Hang up the phone, Li Feng North straight home.

As soon as he got out of the car, housekeeper Lin welcomed him anxiously. "Young master, young lady and president are gone. Will everything be ok?"

After reading the news, he naturally knew about Li mingjue's campaign for president.

The young lady was taken away by the president at this time, which is not a good thing!

Will he threaten Li mingjue to run for president?

Hearing this, Li Fengbei's handsome face suddenly sank, and his face was full of evil. "I'll go and get her back now!"

Seeing this, housekeeper Lin quickly advised, "young master, young lady said that you should wait for her at home, and she will come back to you soon!"

Li Fengbei didn't listen at all. Now he had only one idea, which was to take Wenqiao back.

Housekeeper Lin held his leg and said, "young master, you are sensitive and should not appear in the presidential palace. You can't go! This is also the consideration of the young lady. You can't let her down!"

"Let go!" Li Feng North cold voice shouts a way.

"No!" Housekeeper Lin disobeyed the young master's idea for the first time.

Li Fengbei took a deep breath, forbore patience, and promised: "I promise you, I won't do anything, I just go to see her!"

"Really?" Steward Lin is dubious.

Young master, he's the one who grows up. He's not a wizened man!

Li Fengbei nodded, "you release me first!"

Housekeeper Lin was assured that he slowly released his leg.

Li Fengbei left with some bodyguards and drove to the main road in front of the presidential palace.

Jun's face was tight, and he was obviously in a bad mood.

He lowered the window, took out his cell phone and called winjo.

After two rings, the phone is connected.

“Hello?” The voice of winjo’s surprise came from the other end of the mobile phone.

Seeing that she had nothing to do with her, Li Feng did not even give him a phone call when he left. He asked in a bad tone: “why did you leave without saying a word? Don’t you know to call me?”

Winjo had just taken a bath and sat by the bed, wiping her hair and answering the phone.

Hearing his angry voice, he paused, then chuckled and complained: “I’m not worried about your quarrel. Now that my father-in-law and dad are competing, I can’t be a man!”

Li Fengbei

Some corner of my heart was soft, and the tone was soft, “when will you come back? I want to see you now!”

“I miss you too!”

“Little liar, if you really miss me, why do you want to go with Jun yechen?”

Wen Qiao small face drum drum, Wei Qu Baba way: “I just said, I also have to!”

Although there was no one to see, Li Fengbei could imagine that she must have a small face and a dissatisfied face.

Li Feng looked out of the window with deep eyes, and said in a low voice, “do you really miss me?”

“Yes Wenjo put down the hair dryer, opened the window and looked out at the scenery.

It was just in the direction where Li Fengbei’s car stopped when she said the word “want”.

Li Fengbei just looked up and saw a woman standing at the window on the second floor, wearing white pajamas and long hair.

A surge of joy in his heart, he hooked his lips, raised the evil charm of the lips, “I still have something to do, hang up!”

“Ah?” Wenqiao also want to talk to him, did not expect him to hang up so soon, also so suddenly, suddenly in the heart some small loss. Although not give up, but still obediently said: “you have something to do, then you go busy!”

Li Fengbei put away his mobile phone and said to the driver, “drive to the hidden place and wait for me!”

The bodyguard said, “young master! This is the presidential palace!”

It’s not a place to mess around!

Knowing that they meant well, Li Fengbei rarely explained, “I know how to handle it!”

The bodyguard didn’t dare to say anything more, so he had to say: “young master, pay attention to safety!”

Li Fengbei got out of the car and headed for the back door of the presidential palace.

The soldier on patrol felt a dark shadow behind him. When he turned around, he saw nothing.

Li Fengbei hid at the end of the corridor and watched the soldiers walk away before he came out again.

In the dark, the solid and slender body, like a cheetah, easily climbed up the second floor window.

Wenjo hung up. As soon as he turned around and went back to his bedroom from the balcony, he felt a sound behind him.

Suddenly, she turned her head and looked behind her.

Before I could see the situation clearly, I was enveloped by a dark shadow.

“Ah Conditionally screamed out, the next second was a familiar lip kiss.

Wen Qiao stares big eyes, looking at the man close at hand, the whole person is silly, “Li Fengbei, how did you come?”

Li Fengbei released her and pinched the soft meat on her small face. “Didn’t you just say you missed me? Of course, I want to meet your requirements! ”

“Ye”?

Wenqiao mouth corner a draw, however, in front of this arrogant arrogant man is really her man!

She immediately beamed and put her hands around his waist. “Why are you so powerful? How did you get up the stairs without the soldiers? This is the second floor. How did you get up? ”

Li Feng North slightly meal.

Since LAN Feng gave him that coagulant, his skill became very agile.

The last time she fell from the upstairs, it took her only one second to run from the office to the corridor.

I don’t know whether this kind of change is good or bad, but Lanfeng said that the whole people in Liluo have their own potential.

He didn’t know what potential meant until he came to Liluo.

## Chapter 416

He picked to pick eyebrow, a face proud Jiao ground say: “you also don’t see who your husband is, this small matter can defeat me?”

Winston was speechless.

Can’t we keep a low profile?

She took a bath and wore a white silk nightgown, which showed her perfect lines. What’s more, she didn’t wear underwear to sleep.

Li Feng North throat tight tight tight, bright eyes slightly narrow up, "Qiao Qiao!"

Wenqiao was not familiar with this kind of eyes any more. He blushed and stammered: "how What's the matter? "

Wenqiao lifted his hair and put his long black hair aside, revealing his white and tender earlobes.

Li Feng bowed his head and held it in his mouth.

"Mmm," hummed winjo.

The man's breath became thick, warm breath brushed her earlobe, low sexy voice asked: "Joe, can you?"

Wenqiao's face changed slightly, and he pushed him away, "no, this is the presidential palace!"

If people knew what she and he had done here, she could just bury herself in a hole in the ground.

"Do you have the heart?" Li Feng North brings up evil spirit's smile, grasps her tiny white hand, pressed to the body for a while.

Winjo was scalded, jumped away and broke free.

Her face turned red, even pink on her body.

A pair of big eyes glared at him fiercely, "Li Fengbei, don't play a hooligan, OK? This is no other place, it's the presidential palace! "

That shy small appearance, in Li Fengbei's eyes, is to refuse to return to meet, he came forward to hold her, a pressure on her bed.

Domineering said: "no matter where you are, you are my wife, I sleep my wife how?"

Looking at his impatient appearance, Wenqiao knew he couldn't resist him and said timidly, "wait a minute!"

"No! I can't wait! "

Wenqiao pushed him desperately, his small features all wrinkled together, "the door is not locked, the curtain is not pulled!"

"....."

Li Fengbei clenched her teeth, released her, got up, pulled the curtain and locked the door.

Turning around, I can't wait to take off my coat and bend over again.

"Is it all right now?"

"....." What else can she say?

I climb the wall in the middle of the night just to do it, right?

Afterwards, they nestled together.

Li Fengbei narrowed his eyes with satisfaction and looked at Wen Qiao's white face. It was lovely and charming because of the magnificent pink color of Qing Chao.

He picked up her face, his eyes fell on the wound on her forehead, his eyes flashed a thick touch of love, and said anxiously: "how can this wound not be healed? Can you leave scar

Wenjo pulled his hair down to cover the wound.

During the day, she put the bangs down and couldn't see them at all. Only at night did she lift her hair up.

Any woman loves beauty and doesn't want to show her flaws in front of the people she likes.

"If you leave a scar, don't you like me?" she asked

To this question, Li Fengbei chose to answer with practical action.

He clasped the back of her head and gently kissed the wound, tender and pitiful.

"No matter what you become, JOJO is the most beautiful in my heart!"

Wenqiao know, this is the man was satisfied, coax the woman happy nonsense, but still happy in the heart.

She pushed him, "it's late, you go quickly!"

Li Feng North a face is not willing, "that when do you come back?"

"Tomorrow!" Wenjo thought about it and said.

I'm sure I can't do it today. The access control of the presidential palace is closed so late. No one can get out without the president's instructions.

Li Fengbei knows the rules of the presidential palace.

He narrowed his dark eyes and said, "I'll pick you up at the presidential palace if you don't come back at ten o'clock tomorrow morning at the latest!"

Wenqiao's eyes flashed and he grabbed his arm. "Don't! I'll come back. Don't come! "

He has a hostile relationship with the presidential palace. Is there any danger in his presence here?

Li Feng Beijun looks unhappy.

At this moment, he was like a resentful wife waiting for her husband to come home. "When can I see you?"

Wenqiao bit his lip. "I'll try to get back early tomorrow."

Li Fengbei stared at her, obviously dissatisfied with her irresponsible answer.

Today, she followed Jun yechen so to leave, he was a little upset, no matter what happened, she should tell him.

Obviously, she didn't have such self-consciousness.

Wenqiao was a little guilty and couldn't stand the atmosphere. He coughed and changed the topic. "I've packed everything for you. Go back and see what else I need to bring. I'll clean it up for you when I get home tomorrow." Speaking of this, Li Fengbei was suddenly a little reluctant, and his voice was a little low, "EH."

Wenqiao's heart suddenly seemed to be hit by something, and a burst of uncontrollable acerbity rose in his eyes, "can't you not go? Is there no other way?"

She has always been very sensible, although the heart is not willing to die, but still be a good woman, do not let their own emotions not give up to show.

She didn't want him to worry!

However, when she thought that he was going to leave here in two days, she couldn't help but feel upset.

Li Fengbei's slightly thin cocooned fingers gently rubbed her face. Looking out of the window, her eyes were a little bit darker. It took a long time for her to say "Hmm".

"You must go! Wait for me at home

Why is he willing?

But if you don't give up, you have to leave. This time, you just want to be together better in the future.

Wenqiao naturally understood this truth. Now is not the time to be in a mood.

She sniffed. "I see! The children are in the old house. Take them over. Let's go out to play tomorrow!"

"Good!"

The room was quiet, and neither of them spoke again.

But everyone is reluctant to let go of each other, quietly listening to each other's breathing.

About a few minutes later, there was a knock at the door, and then a soft voice of Yu Qing said, "baby, are you asleep?"

Wenqiao was stunned. When he recovered, he almost rolled off the bed.

Li Feng North eye quickly catch her, slightly dissatisfied, "so excited why?"

"Why are you so calm?" Wenqiao was so anxious that his face changed. He forced him out of bed and said, "my mother's coming. Get up quickly!"

Li Fengbei got up slowly and put on his clothes and trousers.

As soon as he was dressed, winjo pushed him directly into the bathroom. "You hide here. When my mother leaves, you can come out again!"

Li Feng North Chin pursed tightly, a face not happy.

He grabbed wenjo's arm and protested: "we are now a serious couple. Does the law still protect our rights?"

## Chapter 417

“Ann, Ann!” Wenqiao gently kisses him on the lip, blinks, and says, “next time, I’ll let you exercise your husband’s rights, OK?”

Li Fengbei: “do you mean what you say?”

Wen Qiao shook for a while, how to feel this guy will take advantage of the fire!

Wenjo pushed him into the bathroom, closed the door, tidied up the messy bed before opening the door.

“Mom, are you still up so late?”

Seeing that she had only opened the door for such a long time, Yu Qing frowned suspiciously: “why did you open the door for such a long time? What were you doing just now? How can I hear a voice in your room? ”

Wenqiao’s heart rose, a smile came out of his face, and he stammered: “no Not at all? What’s that noise? I’m in I’m sleeping. I don’t know! ”

“Is it?” Yu Qing looks at her in a critical way.

The room is filled with the smell of ambiguity, and her neck is full of kisses. You can see what happened at a glance.

Since they are not brothers and sisters, she did not intend to stop them, but the son-in-law even climbed his daughter’s window in the middle of the night, which is a dangerous good thing. The guns in the hands of the soldiers are not long eyed.

Wenqiao felt guilty when she saw her, and her little heart thumped, “Mom, what can I do for you?”

“Nothing, just to see if you’re asleep?” Yu Qing’s beautiful eyes swept around the room. “Qiao Qiao, are you hiding something from your mother?”

“No!” Wenqiao walked to the other side of the bathroom without any trace, blocking Yuqing’s sight.

“Since not, why are you so nervous?”

“No tension, ha ha, no tension!” There was a cold sweat on winjo’s forehead.

“Then I’ll go to the bathroom and wash my hands!”

“No way!” Wenqiao suddenly stopped in front of Yuqing.

“What’s the matter?” Yu Qing raised her puzzled eyes and looked at her.

Wen Qiaohan, racking his brains to think about the reason, “that That My bathroom is broken! ”

At the moment of speaking, she felt that she was so stupid. The bathroom was broken. Yuqing would find someone to repair it!

Wenqiao clenched his teeth, closed his eyes and lowered his head in shame. "Mom, I lied!"

Yuqing doesn't really want to find out Li Fengbei and embarrass the two young people.

She looked at the foot of the bed, gave a meaningful smile and patted winjo on the shoulder. "Don't let him climb the wall next time! The soldiers here are not vegetarians

Wenqiao looked at the foot of the bed. A man's sock was lying there, and his ears were red with shame.

"Mom, I'm sorry, I shouldn't have lied!"

Yu Qing smiles and kisses her daughter on the forehead. Her voice says gently, "it's late. Go to bed early. Good night!"

"Good night, mom!"

Seeing off Yu Qing, Wen Qiao breathed a long sigh of relief.

The small face pulls deaf, opens the bathroom door, "Li Feng North, you may come out!"

For the first time, Li Feng beipingsheng was despised by others. He hid in the bathroom in disgrace. His face was not generally ugly, and he said in a hard voice: "remember what you promised me, I'll come back early tomorrow!"

Wen Qiao suddenly some don't give up, stand on tiptoe, kiss on his lip, "pay attention to safety! Don't climb the wall next time

"I see!" Li Fengbei strides away.

Wenqiao suddenly wanted to get up and pick up the sock under his feet. He ran to pick it up and called to him, "your sock!"

Li Feng turned his head and looked at the white socks in Wenqiao's hands. His face turned black again.

He has never done such a disgraceful thing in his life!

Yin measured a smile, "to you as a souvenir!"

"Ah? What?" "Who wants your smelly socks as a memento?" he said

Li Fengbei thought it was very funny to make her laugh. He opened the French window and jumped down.

"Well, what are you doing?" Wenqiao's heart jumped to his throat for a moment. "I just told you not to climb the wall!"

Wen Qiao's words haven't finished yet. Li Fengbei has fallen to the ground steadily. He looks back and gives her a reassuring look. He says silently with his lip: "I'm gone!"

Wenqiao patted his chest in fear, then waved to him, "let's go!"

.....

In the study of the presidential palace.

Jun yechen looked at the picture on the monitor, and his face was shocked. "Lin Xueyi, play that picture again!"

"Yes

The adjutant played the picture again.

On the surveillance screen, Li Fengbei leaned out half of his head and looked left and right. Seeing no one, his nimble posture flashed and jumped to the second floor in a flash.

This kind of bouncing and explosive force is like a cheetah walking in the dark.

His face gradually revealed a huge surprise, like to ask himself: "such a speed, is human beings can do it?" "Mr. President, it's almost impossible!"

Jun yechen's eyes glowed with excitement, "Lin Xueyi, I'll give you a secret task now!"

"Yes! Please give me your orders!"

"Catch Li Fengbei secretly, I want to study his secret! You should do it without knowing it. Never let a third person know about it!"

"Yes

.....

At eight o'clock the next morning, Jun yechen appeared on the dining table for the first time.

He sat beside Yu Qing and put a crystal dumpling in her mouth. "This is your favorite dumpling. I specially ordered the chef to make it. Try it!"

Yuqing resisted the urge of nausea and vomiting, opened her mouth and caught the dumplings, "thank you! It's delicious!"

Wenjo looked at them enviously.

It's said that mom and dad have been married for more than 20 years and have never been red.

In the eyes of women all over the country, the president is the model of a model husband, winning the support of half the sky of women.

Some people say that it is precisely because of this that Jun yechen can make the position of President so stable.

Jun yechen gave Wenqiao another crystal dumpling, with a father like smile on his face, "Qiao Qiao, you are so thin, eat more!"

"Thank you Wenjo gratefully took it from the porcelain bowl.

Wenqiao thought that she was really happy to have such kind parents.

Jun yechen's eyes turned and asked: "Qiao Qiao, I heard that you and Li Fengbei have two children. My two little grandsons, when will you bring them to see us?"

With dumpling chopsticks, Wenqiao looked up and said, "wait a few days!"

"Why a few days? I can't wait to see my grandson now!"

When Jun yechen says these words, Yuqing looks at her expectantly.

That day at the wedding, she saw Chenchen and An'an, who are flower children. They are really two delicate, lovely and lovely dolls.

But Wenqiao has no plan to bring them back here, she is not reluctant, still full of expectation in her heart.

Wenjo bit his lip in some embarrassment.

## Chapter 418

She doesn't want to do anything these days. She just wants to be with Li Fengbei.

To arrange An'an and Chenchen to meet with you, she plans to wait for Li Fengbei to leave.

"What's the matter? Is there any trouble?" Yu Qing can't help losing.

Wenjo shook his head. "No, can we wait another two days?"

Jun yechen patted Wen Qiao's shoulder thoughtfully, "Qiao Qiao, I happen to be free today. You and Feng Bei are taking two children. Our family are going out to play!"

Jun yechen is the president of this country. His words are full of dignity. His words are all for this reason. Wenqiao can't say no more.

She thought about it and said, "I'll arrange it."

"Good!" Jun yechen smiles.

Yu Qing frowned and worried.

Jun yechen is so concerned about his grandson's affairs. What's his idea?

She didn't think that he would really be nice to her two grandchildren!

Seeing Wenqiao call Jun yechen father, her heart scratch heart scratch lung, still can't tell the truth to Qiao.

If she knew that she was cheating in marriage, with other men, or with her father-in-law's daughter, I don't know if she would hate her?

JOJO is her life. She doesn't dare to take such a risk.

After breakfast, wenjo got up and said, "Mom and Dad, I'll go back to the castle first!"

"Go! I'll send a driver to take you back!" Jun yechen told: "remember to arrange for us to meet the children!"

“OK, mom and Dad, goodbye!”

“Goodbye!” Yu Qing waved her hand. She was reluctant to give up. The car was far away, and her eyes were still looking in that direction.

Jun yechen looks at her and hums coldly: “wild seed born with that man, are you so precious?”

Yu Qing’s beautiful face immediately sank down, “Jun yechen, she is not a wild seed!”

Jun yechen grabbed Yuqing’s chin and said angrily, “Yuqing, remember! You are my Jun yechen’s wife. Don’t do anything shameful for me

Yu Qing felt that his chin was about to be crushed by him, struggling, but his strength was not his opponent at all.

With a trace of anger on his face, he sneered: “Jun yechen, do you take me as your wife? You’re just using me! Don’t try to be a whore and build a memorial archway! I’m willing to be used by you, but you don’t want to interfere in my affairs!”

“How dare you threaten me!” Jun night dust, calm face, gnash teeth.

“So what? Jun yechen, you wretch Yuqing wants to break his bones.

Who would have thought that under the camera, a couple who loves each other very much and envies others, secretly, they are just like enemies.

Is two people confrontation, who do not lose, a jiaodidi voice, came from the door.

“What do you do in the morning? Mr. President, my wife has given you such a big green hat. If it’s spread out, she will be accused by thousands of people and despised by thousands of people. I believe that she is a smart person and won’t chew her tongue in front of outsiders!”

The speaker is Ariely, the beauty assistant of Jun yechen.

These words seem to be persuading. In fact, they are satirizing you for wearing a green hat on Jun yechen, which will only make Jun yechen more angry.

Yu Qing clenched her teeth and sneered coldly, “Miss Ariely, when you say that other people are sluts, I hope you can let those married men go!”

She bites the “married man” very seriously, which is to satirize Jun yechen and her.

It’s disgusting. Ariely is old enough to be his daughter. They don’t know.

Ariely’s face changed. “You don’t have the ability to look after your husband. Can you blame me?”

“Ha ha!” Yu Qing smile, elegant indifferent, “I don’t want to interfere in your affairs, you’d better leave my affairs alone! Don’t blame me for the death of a fish when it’s time

With that, Yu Qing waved away Jun yechen’s hand and turned to go upstairs.

“You Ariely is threatened by her, her face is distorted, and she wants to come forward with her fist, but she is held by Jun yechen and says coldly, “what are you doing? Is there anything you can say here?”

“Your Excellency...” Ariely was deeply aggrieved.

The president actually helped the old woman Yuqing, but didn't he?

Jun yechen's eyes flashed a touch of impatience, lowered his voice and warned: “don't provoke her! I need to use the speaker behind her now!”

Linguist and Li family have always been his strongest backing. Now that Li family has betrayed him, he must never lose linguist again.

Looking at Yu Qing's elegant and straight back, her shrewd eyes narrowed slightly and glided across a trace of darkness.

.....

When Wenqiao returned to the castle, Li Fengbei's car had just driven back to the castle. He had just brought Chenchen and An'an back from their old house.

Wenjo was very happy to see two little guys.

“Chen Chen, an an, do you miss Mommy?” Ann's clear voice said: “we miss Mommy too! But Mommy, you only met Ann and Chenchen yesterday

“Mommy, I want to see babies all the time!”

“Mommy, the kindergarten begins to have summer vacation today! Ann can stay at home with daddy and Mommy!”

Wenqiao's eyes flashed slightly. She wanted to make it clear to them that her father was leaving these two days.

If Li Fengbei leaves secretly without telling them, it may leave a shadow in their mind.

The thought that these two little guys would be as reluctant as she was, I couldn't help but feel distressed.

“Honey, dad and mom are with you today. Where do you want to play?”

Ann immediately raised her hand, “I want to go to the farm to pick grapes and watermelons, and ride a pony!”

“OK, then we'll go to the farm!” Li Fengbei picked up An'an and said in a pet tone.

Wen Qiao pulled the hem of Li Fengbei's clothes and said, “Li Fengbei, the president and the president's wife want to see two children. Shall I invite them to the farm?”

It looks like a good idea. You can stay with your family and introduce your children to your parents. It's the best of both worlds.

“Whatever you want! You can arrange it. I don't have any problem!”

“Well, I'll call them now and talk about it!”

Yuqing was very happy when she received the call, "Xijiao farm, right? OK, I'll pack up and go out right away!"

Jun yechen doesn't know when he will appear behind Yu Qing. He asks in a cold voice, "is that the phone call from Wen Qiao? Where are they going today?"

Yu Qing thinks that Jun yechen has no intention at all. She didn't plan to take him at the beginning.

Besides, Chenchen and ANN are not his grandchildren at all.

She said casually, "Joe said there is no time today. I'll make another appointment."

"Where are you going?" Jun yechen looks at the bag in her hand with a meaningful face.

Yu Qing clenched her handbag and said, "I'll go to the hospital. It's customary for me to have a cardiac follow-up visit!"

Jun yechen smiles, "since it's like this, go quickly!"

Yu Qing grabs the bag and turns to leave.

As soon as Yu Qing walked out of the room, Jun yechen took out his cell phone and called, "western suburb farm, you know how to do it!"

What did the other end of the phone say? Jun yechen hung up with satisfaction.

A cold light flashed through my eyes.

Li Fengbei, where are you going this time?

## Chapter 419

Xijiao farm, which specially grows natural fruits and vegetables for Li family, covers an area of several hundred mu.

Wen Qiao stood by the fence and looked at the vegetables and fruits in the yard. He couldn't help but sigh: "Li family is really luxurious. Can we finish eating so much?"

"If you can't finish eating, send it to the orphanage!"

"Ah?" Wenqiao was surprised.

Li Fengbei knocked on her forehead and said, "why, doesn't your husband look like a good doer?"

Wen Qiao said with a smile: "my husband is naturally a good man in the world!"

"How sweet is the mouth?" Li Fengbei pinched her little mouth in a funny way and told her: "just tell me these words, don't tell other men!"

"Well..." Wenqiao was pinched a little by him to ache, wrinkling delicate small eyebrow, "you come really, pinch so heavy?"

"You'll have a better memory if you're heavier!"

“.....” Wenjo choked. It was overbearing.

She didn’t say that to any other man, OK?

Not far away, An’an and Chenchen are selecting watermelons under the leadership of workers.

Looking at the love between daddy and Mommy, they both laughed.

Ann said to Chenchen with a proud face: “as I said, mommy and Daddy are the happiest together!”

Chenchen is noncommittal about this.

He picked one of the biggest watermelons and waved to winjo, “Mommy, come here! We picked a big watermelon

Winjo went to the two lovely little guys and said, “here we are!”

The two kids had never been to the field and were very happy.

Wenqiao suggested, “let’s pick more watermelons and take them back to the housekeeper later.”

“Good!”

Several people picked watermelon with great interest.

At this time, Yuqing’s car stopped at the gate of the farm.

“Joe, Joe!” She waved to a family of four squatting in the field.

“Mom!” Winjo called out to the children, “little guys, I’ll show you your grandmother today!”

“Grandma?” The child was still young and didn’t understand the relationship. “Don’t we already have a grandmother? How come there’s another grandmother! ”

Ann said doubtfully, “and this grandmother looks so young, like an aunt!”

Wenqiao was amused by her distressed look, patiently explained: “the grandmother before is your grandmother, this grandmother is also your grandmother, is the mother’s own mother, and the grandmother before is the mother who raised her mother!”

“Oh.” Ann nodded as if she knew nothing.

Wenqiao didn’t know whether they understood or not. He told her, “wait a minute, be polite when you see grandma, you know?”

“I know!”

Wenqiao led Ann and Chenchen towards the door.

Li Fengbei has been sitting in the cool place at the door. It’s impossible for him to go down to the ground. The young master’s cleanliness is very serious.

Hearing Yu Qing’s voice, he got up and said, “Mom, please sit like this!”

Yuqing thought that they were brothers and sisters before, and her heart was focused on how to break them up. When she heard Li Fengbei call her “Ma”, it was more painful. Now when she heard Li Fengbei call her “Ma”, she thought it was very useful.

“Fengbei, you also sit!”

The more mother-in-law looks at her son-in-law, the more she likes it.

What’s more, all along, in her heart, Li Fengbei is the best young talent.

Wait for Wen Qiao to lead two children to come over of time, doubt ground ask a way: “how Daddy didn’t come?”

Yu Qing’s eyes flashed slightly and said with a smile, “he’s busy today, so I’m here alone! This is Chen Chen and an an. It’s lovely. Come to grandma! ”

“Go Wen Qiao said encouragingly to Chen Chen and an an.

With permission, An’an rushed into Yu Qing’s arms like a butterfly and asked in an innocent tone, “grandma, are you really my grandma?”

“Baby, I’m your grandmother. Why do you ask that?”

Ann looked puzzled, “but How young you are! You don’t look like a grandmother at all

Yu Qing was amused by her serious appearance, “grandma is old, you see, grandma’s baby has grown into a little beauty.”

Ann was praised, covered her mouth and snickered, “grandma is like a fairy!”

“Ha ha!” Yu Qing was amused by her and began to laugh.

She took out a pair of longfengrui pendants from her bag and knitted them with red braided thread. They were hung around Chenchen’s and An’an’s necks. “This is a gift from Grandma. Do you like it?”

“Yes!”

The white Ruyi pendant and the jade and jewelry produced by Yujia are not cheap. What’s more, this pair is the best of Yuqing’s boutiques, which is very valuable. Wen Qiao now knows how powerful the language family is, and he is not polite to Yu Qing

“Thank you, grandma!” An an is the most cheerful and kisses Yu Qing on her face.

“Chenchen, can you kiss grandma?” Yu Qing looks at Chen Chen expectantly.

Chenchen is a little bit awkward, and her ears are red. “Grandma, men and women are not compatible!”

“Ha ha ha!” Everyone was amused by Chenchen’s words.

“When you are a little older, you will know that men and women are not compatible? Will grandma be an old grandmother soon

Chen Chen was amused by her and blushed, embarrassed.

“Ha ha ha!” Ann covered her mouth and snickered. In fact, she couldn’t understand what grandma was talking about, but she couldn’t help laughing when she saw Chenchen’s weakness.

“Don’t laugh!” Chenchen looks at her and runs away in embarrassment.

This is a farm. They are all from their own family. Chenchen won’t be in any danger here. So he went and didn’t care.

Wenjo cleaned the watermelon he had just picked from the field and cut it open.

“Mom, try this watermelon. I just picked it in the morning.”

“Thank you, you too!” Yuqing took the watermelon and tasted it. Sure enough, it was sweet and refreshing. She said, “Qiao Qiao, when you have time, I’ll take you to meet your grandfather! Your grandfather likes to grow these things most. He grows vegetables and fruits by himself. He says it’s not safe to eat things outside.”

Wenqiao had heard of the name of the master speaker before and could not help looking forward to it.

“Good! In a few days

“How many more days?” Yu Qing looked up at her, “what are you going to do these days? Are you busy?”

“Well, I just got married these days. I want to spend more time alone!”

So Yu Qing was a little dissatisfied. “Why don’t you go on your honeymoon? Don’t young people like this now?”

Wenqiao felt guilty and said, “we’ll go again in a while. We’ll have a chance next time.”

Yu Qing looked up and down at her, then looked at Li Fengbei beside her, “daughter, if you are wronged, you must tell your mother that mother is in charge of you!”

## Chapter 420

“No!” Wenjo shook his head quickly.

Li Fengbei’s long and narrow eyes flashed a touch of profundity. He took the opportunity to say, “Mom, I’m going out for a long time. Please take good care of Qiao Qiao and the two children during this period of time.”

Wenqiao was moved in his heart. These days, he told others to take care of her and the children. He was very worried about her!

“Far away?” Yu Qing looks at Li Feng North doubtfully, “go out to do what?”

Wenqiao said quickly: “Mom, don’t ask so many questions. He has already told me that I want to be a virtuous wife. I will support him in everything he does!”

Yu Qing gouged out her one eye, motioned her not to speak, distressed way: "I am not distressed you, this just married separate like what words?"

Wenqiao said with a smile: "not much..."

Li Fengbei interrupted her and said solemnly, "Mom, I'm sorry! I didn't take care of Joe

Wen Qiao didn't want Li Fengbei to speak for him because he was wronged. "Mom, it's not his fault. It's really something."

Yu Qing looks at two people mutual tolerance, in the heart secretly sighed a, raise a hand to interrupt.

"Come on! I will not interfere in your affairs as long as you are happy yourself!"

"Thank you, mom!"

While he was talking, Li Fengbei's eyes suddenly sank and he keenly heard the voice of Chen Chen's cry.

He got up and ran to the source of the sound.

Chenchen rides on the back of the white horse. Suddenly, the horse seems to be crazy and runs wildly.

"Help Chenchen was so scared that her face turned white. She put her hand around the horse's neck and was about to be thrown out by the horse.

Children are fond of playing. Seeing such a lovely pony, they can't help but be eager to try.

When the staff saw that he liked it very much, they suggested that he ride it.

The pony was just led by the staff. The staff raised the pony. He was gentle and clever, so he encouraged Chenchen to play.

I didn't expect that as soon as I sat on it, the horse was like crazy, broke free from the rope and ran forward like crazy.

Wen Qiao and Yu Qing don't know what happened. They run behind Li Fengbei, but they can't catch up with Li Fengbei at all.

Li Fengbei had a look in his eyes. Before everyone could see clearly what was going on in front of him, he grabbed the horse's rope, rolled over to mount the horse and hugged Chenchen.

He held Chenchen in one hand and the rope in the other, trying to keep the horse calm.

At this time, the horse had already run to the wide lawn, and secretly, a muffled anesthetic gun was aimed at lifengbei.

"Be careful!" Li Feng North ear move, holding morning a turn over, jumped from the horse, perfectly avoided the gun.

Li Fengbei put Chenchen down and chased the man.

The man was stunned, lost his gun and ran away, but he was still caught by Li Fengbei.

"Say, who sent you?" Li Fengbei asked coldly.

The man looked at Li Fengbei in fear, just like looking at a monster, “ghost! Monster

Just now, he clearly saw that he moved in front of him in an instant. Such a person is definitely not a person.

“Chenchen, are you ok?”

After death, Wenqiao and Yuqing catch up. Li Fengbei is worried that his nonsense will frighten Yuqing. He raises his hand to the back of the man’s head and he faints.

The bodyguard came up with a look of shame and said, “young master, we have failed in our duty. Please punish us!”

Li Fengbei threw the man into the bodyguard’s hand and said coldly, “lock this man up and interrogate him well!”

He picked up the pistol that had fallen on the grass. His eyes narrowed slightly. It turned out to be an anesthetic pistol?

It seems that the man didn’t want his life, but for other purposes.

Here, Wenqiao hugged Chenchen painfully, looked at his son’s pale face, and kept kissing his forehead, “Chenchen, are you ok? You scared mom! ”

Chenchen calmed down at this time, “Mommy, I’m sorry, I shouldn’t be naughty!”

“Good boy! That is OK if you have no trouble! Next time your parents are not around, don’t do such dangerous things! ”

Wenqiao was afraid for a while. His heart almost stopped just now.

Chen Chen can’t help but turn to Li Feng North.

Just now, if he was right, daddy almost ran to 100 meters away and caught the assassin.

How can daddy be so powerful?

Rao is a child, also know that people can’t run past in an instant, just like he used to watch cartoon Altman as powerful.

Of course, what he thinks is different from adults. Adults may feel afraid, but in his heart, he envies his father incomparably.

If only he had such super power!

Yu Qing leads an an an at the end. When she comes here, Li Fengbei has caught the assassin. As for the process, she doesn’t see it at all. The staff member who raised the horse had already fainted and was naturally isolated. It was impossible for him to contact other people during this period of time.

Ann is also scared, usually chirping, and now dare not say a word, a pair of big eyes looking at Chenchen worried.

A good distraction ends in shock.

Wen Qiao is not at ease, after going home, let Chenchen accept a general examination, make sure nothing to worry about.

After coaxing Chenchen and ANN to sleep, Wenqiao comes to the study.

Li Fengbei, with a cigarette in his hand, stood upright by the window, his deep features tinged with a trace of dignity.

Looking out of the window, his eyes were slightly dazed. I didn't know what he was thinking.

Wenjo came up behind him and put his arms around his waist, his face against his back.

"Why does that man harm Chenchen today?"

Li Fengbei put out the cigarette and threw it into the garbage can. He held Wenqiao in his arms. "Are you scared today?"

"Good! I'm not afraid of you

Li Feng North squinted, "that person is not to deal with Chenchen, but to deal with me!"

"Who is it?" Asked wenjo, almost gnashing her teeth, with a tight heart.

Li Feng North shook his head, look complex, "that person would rather die than say."

"You should be careful during this period of time and take your bodyguards with you when you go out," he told him uneasily

"I know!" Wenqiao worried: "what do you think when I see you running so fast this morning? I watched the child just now and didn't say a word

"I'll have a good talk with him. Don't worry, he's very sensible!" Li Feng North Comfort road.

Wenqiao forced a smile, "good! Are you tired today? Have a rest early? "

Li Feng Bei Chong pinched her little face, "you give me a bath!"

"No!"

"Who promised me last night to exercise my husband's rights? You can't be naughty! "

Wenjo broke free from his arms and ran, "I don't want it! Do it yourself

But he was caught by Li Fengbei before he took two steps.

He put his firm arm around her waist, lifted it up and carried it to the bathroom.
