

Chapter 421

Yu Tong came to the presidential palace with a basket of fresh grapes in her hand.

As soon as Jun yechen came down from the upstairs, he saw Yu Tong just entering the door. He immediately put on a kind smile, "Tong Tong, how can you come to the presidential palace today?"

Yu Tong smile sweet, clever way: "good uncle! The grape tree planted by my grandfather is bearing fruit this year. My grandfather asked me to pick a basket and give it to my aunt and uncle! "

Jun yechen looked into the basket and said with a smile, "my father-in-law has a heart!"

The servant took the basket in Yu Tong's hand, washed the grapes, put them on the crystal fruit plate and presented them.

"Tongtong, are these grapes the first to ripen? Have a taste. What's the taste like?" Jun yechen's shrewd eyes flashed a little clear.

The best thing for linguists is to worry about Yu Qing, that is, the presidential palace.

They may not be able to eat these grapes.

Language Tong some embarrassed ground scratched to scratch a head, "uncle, how do you know we haven't tasted?"

Green grapes on the crystal clear fruit plate, is good-looking, can not help but want to taste.

"Eat Jun yechen smiles and hands a grape to Yutong.

Yu Tong took it and took a bite. It was crisp and refreshing. It was really delicious. It was a taste that could not be bought outside.

Jun yechen looks at Yu Tong's innocent and brilliant appearance. He leans back on the sofa and taps the armrests on both sides of the sofa with his fingers. His eyes turn with a touch of calculation.

"Tong Tong, didn't you say that you and Li Fengbei were engaged some time ago? Why didn't it come to an end again? "

Yu Tong ate the grape's fingers and felt a panic in her heart. "Uncle, Wenqiao is my sister now. I won't rob her of anything!"

Jun yechen sighed with regret: "I don't agree with this! As you know, now that Li mingjue is openly participating in the presidential election campaign, we have a hostile relationship! It's hard for Qiao Qiao to stand among us

"Ah?" Yu Tong was stunned.

Li Fengbei is such an excellent son-in-law. Does his uncle disagree?

Why did my uncle say these words to her? She felt vaguely that there was something in his words.

She asked tentatively, "that Uncle Would you stop them from being together? "

Jun yechen's face flashed a trace of pain and regret, "Qiao Qiao was lost just after he was born, and I feel very guilty for having suffered so much with his adoptive father and mother! I don't want her to suffer any more grievances in the future! "

"What does uncle mean?"

"I naturally don't want them to be together. I don't want my daughter to be wronged at all!"

"Uncle, why do you say these things to me?"

"Tong Tong, my uncle knows that you like Li Fengbei. If you are determined, my uncle can help you win him!"

"Really?" Yu Tong was surprised. He couldn't believe it was true.

"Uncle can cheat you a little girl, you go back and wait for my news!"

"Yes, thank you, uncle!" Yu Tong went back happily.

My uncle is the president of this country. Yu Tong almost believes his words.

If her uncle is willing to help her, she will be able to be with Li Fengbei.

Yu Tong's front foot just left, Yu Qing's back foot came down from upstairs, "Yu Tong has just been here?"

"She's here to bring you grapes!" Jun yechen gets up in a good mood, pats the dust that doesn't exist on his body, and walks towards the door.

Yu Qing looked at him suspiciously, "what did you just say to her?"

"Why, you have to take care of this?" The tone is sarcastic.

Yu Qing choked, "whatever you want! As long as you don't have Joe's idea, that's my bottom line! "

Jun yechen smiles and refuses to comment on her words.

Now wenjo is very useful to him, he will be "good" to her.

After changing the sarcastic attitude, Jun yechen looked at the grapes on the tea table and explained in a warm voice: "just now Yu Tong sent you a basket of grapes, saying that they were planted by his father-in-law, which is the earliest batch of grapes this year! My father-in-law, you are the first thing to think of. Don't you go home and see him? "

The language Qing follows the line of sight of Jun yechen to see past, see that a few bunch of crystal clear grapes on the tea table, in the heart a burst of move.

Jun yechen's words are right. Over the years, her father thinks of her first.

She didn't go back to see her father for a long time. She just went back to tell her father about Joe.

There is no doubt that there is him. Yuqing cleans up and goes back to Yujia.

From the window of the study, Jun yechen looks at Yuqing sitting on the car and leaving, with a cold smile on her lips.

He took out his mobile phone and dialed Li Fengbei in person. His voice was gentle and he laughed like a kind father.

“Your Excellency

“Fengbei, why are you so polite to me? You should call me dad!” Li Feng North Leng for a while, and changed his tongue: “Dad!”

He’s wenjo’s father. It’s right for him to call dad. It has nothing to do with their position.

He felt that the election campaign was an open and aboveboard affair, and each of them competed according to his own abilities. They should not become enemies just because of different positions.

“Since you call me dad, you’ll come to the presidential palace alone tonight, and our son-in-law and son-in-law will have a good talk about the past!”

Li Fengbei hesitated for a moment, “OK, I’ll go.”

Hang up the phone, Jun night dust will feel a shadow flash from the window.

“Who?” Jun night dust face a change, raise a hand to want to press the alarm telephone on the desk.

The cold muzzle of the gun lowered the back of his head, and a hand held his hand.

The cold voice said, “Dear president, I have something important to cooperate with you!”

The man was wearing a black mask, and his voice was rough, as if he had been burned by fire. His sharp voice was very uncomfortable.

Jun night dust cold hum a, “put the gun on my head, this is your sincerity?”

The man laughed and put away his gun. “Our purpose is the same. It’s all to deal with Li Fengbei!”

This man has to deal with Li Fengbei?

Night dust squints, weigh the truth of his words in the heart.

He saw clearly just now that this man was as agile as Li Fengbei.

Li Fengbei is full of tricks. Is he going to let people test him on purpose?

Thinking of this possibility, Jun yechen deliberately said: “who said I would deal with him? He’s my son-in-law now

“Oh? Is that right?” The man laughed. “I can’t see that your excellency is so affectionate and righteous, and the green hat is so comfortable!”

Jun night dust face a change, angry roar, “who are you in the end?”

It’s impossible for Li Fengbei to know these things, so he is definitely not with Li Fengbei!

Chapter 422

“To tell you the truth, we are from other countries! Li Fengbei’s real identity is our country’s three princes, but some people don’t want to see him return home! ”

Your night dust a shock.

Li Fengbei is not Li mingjue’s son. No wonder Yuqing agrees to marry them!

No, how does she know that Li Fengbei is not Li mingjue’s son?

So she and Li mingjue have been communicating with each other secretly?

Thinking of this possibility, Jun yechen secretly clenched his hand.

That’s very kind of you. If you dare to tease him again and again, don’t blame him for being rude.

Seeing that his eyebrows were loose, the man in black continued to say, “the way you used to do just now doesn’t work! You never know how strong his power is. When you really stimulate his potential, you will feel regret for your stupid behavior

Jun yechen was called “stupid” by others. He was very unconvinced. He hummed coldly: “do you have a better way?”

“So...” That person gathers to just the ear side of Jun night dust, low voice says what.

Jun night dust a listen, dangerous squint Mou son, “according to you say do! I’ll leave everything outside the presidential palace to you. When you catch Li Fengbei, you’ll give him to me! ”

“Yes!”

The man in black sneered in his heart.

It’s hard for him to guarantee whether he will be given a living person or a dead one.

There was a knock from the guard outside the door. “Mr. President, a man in black broke in just now. Are you ok?”

The man in black’s eyes were awe inspiring, and he suddenly took out his hand and grabbed Jun yechen’s neck.

Jun yechen shouts to the door: “I’m ok. You go to other places to have a look. You must find the man in black!”

“Yes

The man in black pushed the dust away and jumped from the window.

Jun yechen catches up with the window, full of excited light.

Another test object is coming!

No one can run. When he finds out the secret of their body, he uses this powerful ability to form a dark team, and no one will be his opponent.

.....

When Li Fengbei receives the call from Jun yechen, he is watching a movie with Wen qiaowo in the movie studio.

Winjo put a handful of popcorn in his mouth and looked up from his arms. "What's the matter?"

Li Fengbei looked down at her and frowned slightly. "The president invited me to go to the presidential palace at night to talk about the past."

"The presidential palace Winjo paused, put down the popcorn and looked at him solemnly. "Why did he suddenly invite you to reminisce?"

Li Fengbei looked at her worried look and gently scraped her small nose.

"He doesn't dare to do anything to me in the presidential palace. Besides, he's your father now. My father-in-law invites me. Can I not go?"

"I don't think it's good! Why don't I go with you? "

"You're at home with the kids. Don't worry about me!"

Wenqiao matched Li Fengbei with a suit.

Wenjo always felt her eyelids twitching.

As she tied his tie, she said anxiously, "I'm not sure. Why don't you take more people?"

Li Fengbei gave her a kiss on the cheek! You can rest assured! For you and the children, I will be careful and I won't let myself be in trouble! "

"Good!"

Wenjo watched him go out until the car was far away and she was still standing there.

Housekeeper Lin looked at her and said with a smile, "young lady, did the young master say when he would come back? Shall we have dinner when the young master comes back? "

I went to the company this morning. I called just now and said that there was something wrong with the company and I could not go home until very late.

Wen Qiao drew back her eyes and felt a little embarrassed in the face of housekeeper Lin's meaningful smile, as if she couldn't leave Li Fengbei for a second.

"No, I'll be home for a while! Prepare some food for Ann first, or she will be hungry! "

"All right!"

Housekeeper Lin orders his servants to prepare An'an's dinner.

Wenqiao takes care of ANN. After dinner, Ann follows her tutor to help her homework.

Sitting on the sofa in the hall, she felt uneasy. She kept looking at the western wall clock on the wall, hoping that time could go faster.

At eight o'clock in the evening, Chenchen said he would go home at this time, but he didn't wait for his news.

She couldn't wait to call him in the morning, but no one answered her cell phone. Her eyelids suddenly jumped, and her sense of insecurity became stronger and stronger.

Chenchen is surrounded by two bodyguards and a driver.

She comforted herself that it would be all right.

She dialed the driver's phone again, and the driver's phone was the same. No one got through.

It's the same with the phone number of the bodyguard.

Wenqiao's first reaction was that something happened in the morning!"How could that be? Young lady, let's call the young master right away! "

Wenqiao's whole body was already flustered. He felt a little relieved when he heard what housekeeper Lin said.

She said to herself in her heart, Chenchen will be OK, she should not worry, she should calm down!

At this time, the more flustered the more confused.

She can't wait to call Li Fengbei again.

However, Li Fengbei's mobile phone rang for a long time, but no one connected. As time went by, Wenqiao's heart sank to the bottom.

Just when she thought no one would answer the phone, a sweet voice came from the other end of the phone, "hello? Who are you looking for? "

Wenqiao almost thought she had the wrong number, but the voice on the other end of the phone was so familiar that her eyebrows immediately frowned together, "you are Yu Tong!"

"Yes! Who are you Yu Tong asked knowingly.

"I'm Wenqiao. How can Li Fengbei's mobile phone be in your hands? What about other people? "

"He..." Yu Tong's tone became very ambiguous, "of course it's in my bed"

Wen Qiao subconsciously clenched his mobile phone and said in a loud voice: "what about him? I want him to answer the phone! "

"Li Shao, don't worry. Do you want to answer the phone first?"

As soon as the voice fell, there came the sound of lifengbei's stuffy hum. Then there was the sound of heavy breathing. Yutong screamed and the phone hung up.

Wenqiao looked at the dark screen, a chill gradually rose from the soles of his feet, quickly jumped to the four limbs.

She did not give up to call again, but showed that the other side's mobile phone has been turned off.

It turned off!

What happened?

Isn't Li Fengbei going to the presidential palace for dinner? How can you be with Yu Tong!

She flipped her cell phone to find Yuqing's phone number.

Yu Qing was playing chess with the old man at that time. Hearing the phone ring, she said with a smile, "it's Qiao Qiao. You are a grandfather. Do you want to talk to your granddaughter on the phone first?"

"Good!" said Yu Lao with a smile

He thought that his daughter would never have children in her life, but his granddaughter came back.

Today is the happiest day of all these years.

Just as he was about to reach out to answer the phone, Qiao Qiao's worried voice came from the phone, "Mom, is Li Fengbei in the presidential palace?"

Yu Qing's pretty brows wrinkled together, "I don't know! I'm at your grandfather's now. What happened? "

Chapter 423

"You're not in the presidential palace? What about Dad's phone number? You send me dad's phone number! "

"Good! Don't worry. I'll go back to the presidential palace right away! "

Yu Qing sends the private phone number of Jun yechen to Wen Qiao, and then stands up, looking a bit in a hurry.

She just heard Joe's voice on the phone with crying. Something must have happened.

"Dad, I'll come back to play chess with you another day. I have something urgent now. I have to go back!"

"Is it because of the girl?" asked Yu Lao?

"I don't know now! Next time when we're done, I'll bring Joe back to see you! "

"Well, go back quickly!"

When Yuqing rushed back to the presidential palace, Wenqiao also happened to arrive at the presidential palace.

"Joe, what's going on?"

"I don't know!"

She just called Jun yechen. Jun yechen said that they were too happy to drink at night. They were both drunk.

Li Fengbei took a rest in her bedroom and won't come back tonight.

However, when she heard Yu Tong's voice on the phone, she was even more upset. She asked the driver to drive her to the presidential palace.

"Dad invited Li Fengbei here for dinner in the evening. He said they were drunk, and then I waited at home, but I didn't see him in the morning. I didn't know where to look for them!"

Wenjo said incoherently.

She can't say anything about Yu Tong.

In her heart, she believed in Li Fengbei, but she could not guarantee what would happen when she was drunk.

Language Qing pulls her to go toward inside, "don't worry first! Come on, come in with mom, anything happens and mom's here!"

Yu Qing is just a little woman who has no strength to bind a chicken. She is even thinner than Wen Qiao. At this time, she is like a woman warrior and gives Wen Qiao firm strength.

As if, as long as she is there, she doesn't need to worry about anything.

"Well!" There was a warm feeling in Wenqiao's heart. At last, he was not so flustered and calmed down.

Although she tried to convince herself that Li Fengbei would not betray her, the closer she was to her bedroom, the more spineless she wanted to escape.

If Yu Qing had not held her hand tightly, she would not have the courage to open the door.

The white door slowly opened in front of us. The first thing that came into our eyes was Yutong lying on the ground.

She lay in the corner with her eyes closed, as if she had fainted.

Yu Qing exclaimed and ran to help her, "Tong Tong? Tong Tong, wake up? Why are you here?"

But Yu Tong, who fainted, didn't respond at all.

It's supposed to be that his head hit the wall and he fainted. There was blood on his forehead.

Yu Qing didn't have time to think about other problems. She was so worried, "come on, send Miss Yu Tong to the hospital quickly!"

Wen Qiao has no time to take care of Yu Tong. He anxiously looks for Li Fengbei in his room. "Li Fengbei, where are you?"

In the bathroom, Li Fengbei put a full tank of cold water, the whole person was soaking in the tank.

Hearing winjo's voice, he poked his head out of the water and cried weakly, "Joe, I'm here!"

"Li Fengbei..."

Wen Qiao pushed open the door of the bathroom, and when he saw Li Feng's red color in the north, he was as angry as a gossamer. He was stunned.

"What's the matter with you?"

Li Fengbei's handsome face, stained with a trace of magnificent color, looked at her with blurred eyes, and a trace of confusion flashed through his eyes.

"I didn't let other women touch me, I'm still clean!"

For a moment, tears filled my eyes.

Wenqiao ran over and hugged Li Fengbei. His voice choked and called his name: "Li Fengbei!"

A second ago, I felt uneasy. When I saw him, I felt very at ease, and I felt some remorse.

She shouldn't have doubted him, not at all!

"Don't cry, Joe, let's get out of here first!"

Wenqiao thought of the business. She wiped away her tears and held Li Fengbei's hand tightly. "Li Fengbei, morning is gone!"

"What?" Li Fengbei's spirit suddenly rose, "what's the matter?"

I don't know what's going on? Chenchen told me that he would come back later. Then he didn't see him home until 8 p.m. when I called him, no one answered, neither did the calls from the bodyguards and drivers!"

Li Feng's northern color became dignified, and a cold light swept by his deep eyes.

Dare to kidnap his son of lifengbei, there are few in the whole B city!

His bodyguards are all first-class retired special forces. They are first-class both in combat effectiveness and alertness. If they want to take down two bodyguards unconsciously, the strength of the other side is obviously not small.

Thinking of what happened tonight, the narrow Phoenix eyes burst out a sharp. He pulled the towel to one side and dried the drops on his head and body.

Then he said to winjo, "go outside and wait for me! My driver is at the door, you get out of here first

Wen Qiao didn't understand why he suddenly said that, but she never doubted Li Fengbei's decision.

Before she knew it, he had become her belief.

Wen Qiao obediently left, language Qing strange looking at Li Feng North.

Frightened by his deterrent power, she changed her face slightly and asked anxiously, "Li Fengbei, what do you want to do?"

Li Feng North a pair of deep eyes with a faint scarlet, tone sharply asked: "where is your night dust?"

Language Qing don't understand why he suddenly want to find you night dust, but you night dust with people have appeared.

"Li Fengbei killed people in the presidential palace. Take it for me!"

Jun yechen followed more than a dozen guards with guns and quickly surrounded Li Feng's North regiment.

Li Fengbei shook the broken hair in front of his forehead and sneered: "Jun yechen, I always thought you were a gentleman, but I didn't expect that you were a real villain!"

Yu Qing's heart is greatly surprised, blocking in front of Li Fengbei, a pair of big eyes glare at Jun yechen, "Jun yechen, let your people back down! You can't hurt him! "

Jun yechen roared: "come here for me! Otherwise, don't blame the gun in my hand for not having eyes! "

Language Qing Fei color of lips a hook, threaten a way: "gentleman night dust, you still dare not me how! If something happens to me, the linguist will not support you any more. On the contrary, he will not let you go first. You dare not take such a risk! "

Listening to their conversation, Li Fengbei's eyes narrowed slightly, and his heart flashed a trace of consternation.

Then I thought about it.

He sneered coldly, and said with a strong irony: "it turns out that the two couples are very affectionate. They are both for outsiders to see!"

The hypocrisy of Jun yechen seems to be understood by one more person.

Yu Qing said to Li Feng: "son, follow me. I'll guarantee you to go out!"

Chapter 424

The green veins on Jun yechen's forehead beat faintly. He roared angrily: "Yuqing, come here for me!"

"Jun yechen, for so many years, I have never asked you anything, but this child is Qiao Qiao's favorite. I must protect him!"

"Good! Good Jun yechen was very angry and laughed, "do you really think I can't help you? If you die, the linguist may not know the truth! "

He ordered, "shoot me!"

The language Qing facial expression suddenly a change, "you dare!"

Li Fengbei, with a look of awe inspiring, grabs Yu Qing's arm and turns her around to a few meters away.

Once again, the police aimed their guns at the two men.

Li Fengbei squinted, "mother-in-law, close your eyes!"

“Why?” Yu Qing hasn’t recovered from the moment just now. With Li Fengbei’s words falling, they jump directly from the second floor.

Yu Qing’s face turned white and she closed her eyes in a hurry.

When he fled to the door, Li Fengbei felt a familiar surge of blood.

He covers his heart with one hand, shakes his head and tries to keep himself awake.

“You’re surrounded. Don’t run! Hands up

Dozens of guards surrounded them.

Li Fengbei releases Yu Qing and raises her scarlet eyes to look at the crowd.

Almost one punch at a time. The well-trained police have no fighting power.

Yu Qing was stunned. At this time, Li Fengbei was red eyed. Like a monster, the police were not his opponent at all.

His movements were like a cheetah, and the weapons in the hands of police soldiers were useless in front of him.

Now, dozens of police soldiers were beaten to the ground by Li Fengbei.

Jun yechen, who is standing on the second floor stairs to watch a good play, finally has a crack and fear on his face.

It occurred to him that the man in black had warned him.

— Li Fengbei’s fighting potential has no end. His brain moves to irritate him, and no one can afford the consequences.

Li Fengbei beat down the last policeman downstairs, raised his scarlet eyes and looked at Jun yechen standing on the second floor.

Jun yechen on his scarlet eyes, scared even back a few steps, holding behind the two police soldiers, pushed forward, “give me stop him!”

With that, he ran into the study, turned on the secret room switch under the desk and hid in it.

There is a wailing sound outside the door. Jun yechen is scared out in a cold sweat and hides in the corner. The whole person is shivering.

Li Fengbei followed the smell of Jun yechen and came to the study. His eyes swept around.

Jun yechen heard the footsteps of Li Fengbei getting closer and closer, and his back was straight.

Li Fengbei kicks over his desk, finds no one, and then turns to leave.

Listen to the footsteps gradually go far, Jun night dust dare to breathe out a breath slowly.

Although we failed to catch him this time, the presidential palace is full of surveillance. The evidence for his murder and wounding is solid. This time, we can’t see that he will be sentenced to ten or eight years!

Outside the door, Yuqing was already frightened by the scene.

She had never seen such a person who could fight. Such fighting power was not human.

Who is Li Fengbei?

Such a dangerous man!

Does daughter know Li Fengbei is such a person?

Shaking her fingers, she took out her cell phone and called winjo. "Where are you now, JOJO?"

"I'm out on the road!"

At the end of the sentence, Yu Qing saw Li Fengbei come down from the upstairs and walk towards her. For a moment, the whole person was dull there, "you go quickly!"

Wenjo's face changed when he heard the phone's frightened voice.

She pushed the door open and ran towards the door.

Li Fengbei is enraged by Jun yechen, and the whole person is on the verge of collapse.

What he saw in his eyes was all blood color, and his heart was restless. Only destruction could make him feel a moment of peace.

He walks towards Yu Qing, grabs the mobile phone in her hand and falls to the ground.

Yuqing was so scared that he could not even run away.

"Li Li..."

Li Fengbei took her collar and lifted her up with one hand.

Yu Qing was strangled and her face turned red. She beat Li Fengbei's arm desperately and breathed heavily.

Wen Qiao stood at the door, looking at the scene, his pupils dilated sharply, and cried out: "Li Feng Bei!
No

The language Qing sees Wen Qiao run back, the facial expression changes greatly, "don't! JOJO, go

At this time, Li Fengbei didn't recognize his relatives at all. Anyone who approached him would be injured.

"Li Fengbei, no!"

Wen Qiao ran to him, hugged Li Fengbei's waist from behind, and his trembling body was close to him. She is not Li Fengbei's opponent. She can only wake him up in this way.

When Li Fengbei heard Wen Qiao's voice, his strength relaxed and he released Yu Qing.

Language Qing pulls Wen Qiao to leave, "Qiao Qiao, go quickly!"

"Mom, I can't go!"

Wen Qiao holds Li Fengbei stubbornly, and his eyes full of mist look at Li Fengbei.

“Li Fengbei, wake up, I’m Wenqiao! Wake up! Chenchen is gone. He is waiting for you to save him! You can’t have an accident

“Joe...”

Li Feng whispered to the north, and his tall body staggered a few steps, “Qiao Qiao...”

Li Fengbei’s bloody palm held Wenqiao’s hand. “You are Qiao Qiao!”

“Li Feng North!” In a moment of joy, Wenqiao stood on tiptoe and kissed him directly.

With warm touch and sweet fragrance, Li Fengbei’s rebellious heart was miraculously comforted.

The blood color in my eyes gradually faded away, leaving only confusion.

“Joe, Joe?”

Wenqiao let go of him and looked at him covered with blood. I don’t know if he was hurt.

She anxiously looked up and down at him, “Li Fengbei, what have you done? Did you get hurt? ”

Li Fengbei raised his hand, looked at the scarlet hand, and then looked at the police soldier lying on the ground. His deep eyes shrank quickly, and the whole person shook.

“Let’s get out of here first!” he said anxiously

It’s no good to come to the presidential palace every time. I don’t know if there will be ambush in the dark. They must leave here immediately.

As soon as I went out of the presidential palace, I got a call from housekeeper Lin.

“Young lady, have you found the young master? Young master, there is still no news! ”

“I’ve found lifengbei. Let’s go back to the castle now!”

She felt a huge net coming like them.

And the enemy is in the dark, they are in the light, they are just led by the nose by the enemy.

Yu Qing cried anxiously: “Qiao Qiao...”

Her eyes to Li Fengbei are a little complicated now.

Such a terrible person, she now just a little think back, her legs are weak.

Think of such a person, turned out to be his daughter’s pillow, she how not at ease!

But just now, he was so excited, so irritable, but he was reluctant to hurt his daughter. He was comforted by her hug.

Her mood is quite complicated again.

Chapter 425

Wenjo knew what she wanted to say, and her pale little face gave a smile, "Mom, I'm ok! The presidential palace is not safe now. Would you like to leave with us? "

Thinking of her daughter's present situation, Yu Qing was really worried and said, "good! I'll go with you

In the car, Yu Qing's eyes fell on Li Fengbei from time to time, full of vigilance and a trace of fear from the bottom of his heart.

Li Feng North secretly grasped the finger, a pair of deep Mou son mood is gloomy.

He said to Yu Qing, "Mom, what happened just now I'm sorry

"....." Yu Qing can't say it doesn't matter. She pursed her lips and asked, "will you hurt my daughter?"

"No!" Li Fengbei sat up straight and shook his head firmly.

When he was with winjo, he always took tranquilizers. As long as he had signs of this, he would take them secretly.

Bai Yichen warned him several times that this powerful sedative is harmful to the human body, but he was more reluctant to hurt Wenqiao.

Yu Qing nodded and said nothing more.

I was relieved.

Wen Qiao held Li Fengbei's hand painfully and wiped the blood on his palm with a clean towel.

Li Feng North see her sad look, a smile, comfort way: "it's OK, it's other people's blood!"

Wen Qiao didn't speak. When he wiped his hands and face carefully, he asked softly, "what would you do if you hurt so many people just now?"

It's not a trivial matter to hit someone in the presidential palace.

Li Fengbei pressed Wenqiao's head into his arms and let her lean against his chest.

"Don't worry, I'll take care of it!"

"Well." Wenqiao grasped Li Fengbei's skirt, listening to his strong heartbeat, suddenly very relieved.

Back to the castle, Li Fengbei throws the broken mobile phone to housekeeper Lin.

"Replace the mobile phone card with a new one, hold the phone, and let me know as soon as a call comes in!"

"All right, young master!"

"What did you find out?"

Housekeeper Lin shook his head, his face was more dignified than ever before. "The car that the young master took disappeared at a crossroad, and then there was no trace, just like it disappeared out of thin air!"

Li Feng's North eyebrow twisted out a deep frown.

In this world, it is impossible that something will disappear out of thin air. Even if it is magic, it is just a cover up.

"Give me the surveillance!"

Monitoring screen.

Li's car, when passing through the intersection, is facing a big truck that runs a red light without license plate.

The body of the truck blocks the monitoring of the intersection, and when the vision moves away, the car disappears.

Li Feng North sword eyebrow a pick, will monitor fixed, move the mouse, constantly enlarge a point in the picture.

"Tell me where the truck is! Chenchen is probably already on the truck!"

And in this direction, the car turned around and followed the truck all the time!

There is a blind spot at this intersection. Focus on the surveillance of the company on the road to the intersection!"

At this time, Li Fengbei restored the man who was calm and self-supporting at any time.

Housekeeper Lin had to admire him. After Li Fengbei's analysis, he knew what to do. He was no longer in a mess.

"All right, young master!" Housekeeper Lin hesitated and said, "do you want to tell the old house about this?"

Li Fengbei's deep eyes flashed a trace of deep, "don't need it for the moment!"

If Li mingjue wants to run for president, it's better not to let him participate in these things.

Wenjo was relieved that as long as he was there, he would not let his children have an accident.

She believes in his ability.

When her grandson disappeared, Yu Qing was worried. She suggested: "although Yu family is not as good as Li family, it has certain influence. I'll call my father and ask him to help me find Chen Chen!"

"Thank you, mom!" Li Fengbei said, "but this matter is obviously aimed at me. Don't worry, it has nothing to do with Jun yechen. I've sent people to the presidential palace to watch him. He can't hide all his life. As soon as he comes out, my people will catch him!"

This person is Lanfeng.

Bai Yichen and Mu Junhao still need to survive in this country. They can't offend Jun yechen. At least they can't appear now!

Yu Qing saw that he arranged things so calmly, and his tight heart finally relaxed.

Li Fengbei was born with leadership ability, as if every word he said had full conviction.

Instead of being like Jun yechen, he is a cunning villain. Everything and people around him can use it.

At this moment, she suddenly regretted.

For so many years, she was willing to be used by him, and I don't know if she did it right? Is it helping the tyrant? An hour later, Jun yechen finally crawled out of the secret road of the study.

It's a pity that he was caught by Lanfeng as soon as he took a breath of fresh air!

Lanfeng directly brings Jun yechen to the castle.

Looking at sitting in front of the desk, a group of emperor's gas man, Jun night dust secretly startled.

I'm not convinced that he is the king of this country. Why did he lose his momentum in front of a little boy?

Jun yechen coughed a little and sat down on the chair opposite Li Feng.

One face angrily rebukes a way: "Li Feng North, do you know your present behavior is wrong how far?"

Li Feng held a cigarette in his North finger tip, and the broken hair on his forehead blocked his secretive eyes.

He put the cigarette into his mouth, took a deep breath, and spit out a beautiful smoke ring towards Jun yechen.

Ignoring his question, he asked coldly, "where is Chenchen?"

"Chenchen is gone. What do you want me to do? Chenchen is my grandson. What else can I do to him?"

"Ha ha! Why are you leading me to the presidential palace tonight?" Li Fengbei asked another question.

Jun yechen sprang up from his chair and roared angrily: "Li Fengbei, what's your attitude? I'm your father-in-law!"

"Oh Li Feng North sneer, dangerous squint eyes, "father-in-law? Should I thank you for sending other women to my son-in-law's bed?"

Jun yechen is choked by him and retorts: "I don't know what you're talking about? Li Fengbei, don't rely on me for the dirty things you've done

Li Fengbei suddenly gets up and throws his cigarette butt into the ashtray.

Jun yechen thinks that Li Fengbei is going to beat him. He hides behind the chair with his head in his arms and shouts, "Li Fengbei, you've been messed up! It's wrong to hit people! Don't hit me

Jun yechen is afraid of Li Fengbei's terrible appearance.

"Don't be lawless. If you dare to do anything to me, you will destroy yourself!"

Li Fengbei

Chapter 426

Is such a president really a good president in the eyes of the people?

Thinking of the fact that he has been working for such a president in recent years, I feel uncomfortable.

The corner of lips gradually evokes a touch of sarcastic radian, "Jun yechen, you are really an eye opener to me!"

Jun yechen realized that he had been fooled and jumped up again. He roared: "this is the age of the jungle. The winner is the winner, and the loser is the enemy!"

Li Feng North by Jun night dust this pair of villain mouth face to gas smile.

"If I put this on the Internet, what do you think people will think of you?"

Jun yechen pretended to be calm and said, "you won't do that! No matter what I do, I am the president of this country, you have no right to interrogate me in private! Don't dare to hurt me! If I have any injury, it will be an indelible stain for Li mingjue to run for president! Before he goes to war, he's a total failure

Li Feng's eyes turned slightly and nodded in agreement. "You're right! I really can't do anything with you now! But you can always be a guest in the castle! After all, I'm your son-in-law now! "

Jun yechen gritted his teeth, "Li Fengbei, you are so mean!"

"That's not as good as you! Arrest your own grandson! "

"I don't know where Chenchen is, either!"

Jun yechen realizes that if he doesn't find Chenchen, Li Fengbei won't let him go.

But he can't admit that he colluded with ah Jie.

Li mingjue and the same reason, his body can not carry any stains.

"You'd better put me back as soon as possible now. If I go back late, the army of the presidential palace will come and have important people, and the situation will not be as simple as it is now! I can assure you that as long as you let me go back, I will not pursue the matter just now! "

Li Fengbei knew that he could not find anything from his mouth.

He got up and said coldly, "since you don't say it, please stay here until I find Chenchen!"

"Li Fengbei, dare you!"

"What do you dare to do? My son is in danger now. No one can think about it!"

"..... Li Fengbei! You rascal

Li Fengbei turned a deaf ear and strode out of the room.

As soon as he came down, housekeeper Lin brought good news.

“Young master, I have found the position of young master! You are right in your analysis. The young master was caught on the truck!”

When passing the intersection, the truck didn't stop. Who could have thought that Chenchen would be caught in that car?

Li Feng's North vision dripped a trace of dignified, he waved to LAN Feng, “you have a look at this monitoring! Who are the people in the van?”

After a minute, LAN Feng narrowed her eyes and said in a low voice: “it's Angelina's! They finally found it!”

He was able to find here because his Majesty gave him certain clues.

There are so many countries and regions in the world, and those people are only one month late to find here!

Angelina's strength can't be underestimated.

Li Feng North Road, “Lan Feng, you stay in the castle to protect them, I go to save Chenchen!”

LAN Feng looked at him anxiously, “Your Highness, I'll go with you!”

“No! You stay and hold good Joe and Ann

The enemy is in the dark. He doesn't know how many people the so-called Angelina sent to deal with him, so the safety of Wenqiao and ANN can't be relaxed.

After all, the force value of the people of Liluo is not something that people here can resist.

LAN Feng saw that he was firm, so he had to promise, “yes, your highness.”

Li Fengbei left the castle with a gun in his pocket lined with a suit and some of his best bodyguards.

Wenqiao chased him out and yelled at his back: “be careful and come back safely with Chenchen!”

“Good!” Li Fengbei smiles and stoops to get into the car.

Ajie sits at the door of an abandoned factory.

Inside the door, Chenchen was tied by a rope and hung on the beam of the room.

Li Fengbei's car stopped at the door.

Ah Jie slowly opened his eyes and looked at Li Fengbei, with a smile.

“Your Highness, it's a little slow!”

“Is it?”

Li Fengbei put his hand into the pocket of the suit lining, took out his pistol and pointed it at ah Jie without hesitation.

“Bang” to a gun, a Jie dodged.

Ah Jie's naked eyes are like poisonous snakes, with a smile of Yin measurement, "Your Highness, such a rough but can't solve the problem!"

The bodyguards behind Li Fengbei take out pistols one after another to aim at ah Jie. They are stopped by Li Fengbei

They are not ah Jie's opponents at all. They rush forward, but they are just dying.

Just that shot, he just tested ah Jie's strength. In front of ah Jie, the gun doesn't work at all.

Ah Jie said with a proud smile: "Your Highness! I'm afraid you don't know? According to the rule of the state of Liluo, Chinese people are not allowed to intermarry with other people. As a noble third highness, you are of royal blood, but you know the law and break the law. The crime is even worse! After returning home, the past will only affect you. Let me make a decision for you and kill your child!"

Li Fengbei's eyes narrowed dangerously, and turned into a breathtaking ice blue, almost word by word, and said: "dare you!"

"Ha ha!"

Ah Jie burst out laughing. His sharp voice sounded extremely uncomfortable. "Since the third highness is so affectionate and righteous, how do you plan to save your child?"

Inside the door, a piece of Chenchen's rope was put down.

A big dog opened his ferocious mouth, showed his sharp teeth, and rushed towards Chenchen like crazy.

Chenchen's whole body was in a cold sweat and his face turned pale.

He told himself to be calm, small eyes a Lin, raised his foot to the front of the kick, "get out of my way!"

The dog jumped on the air and became more impatient.

Twist the body, once again toward the morning rush up.

This time, the dog pounced even more fiercely, biting Chenchen's pants and yanking.

Fortunately, I missed my leg a little bit. I just tore a part of the trouser leg, otherwise it would be the meat on Chenchen's leg.

Rao is calm again in the morning, but also scared out of a cold sweat.

Li Fengbei couldn't see the situation inside the door. He just heard the scream of Chenchen and the anxious cry of Tibetan mastiff. He knew how terrible the situation inside was.

Heart can not help a tight, flash to the door.

Ah Jie's slow voice came from behind, "Your Highness, I don't think I'm your opponent! But now the rope is in my hand. Every time you step forward, I will put down a part of the rope. Young master, you are delicate and tender, but Tibetan mastiff likes it very much!"

Li Fengbei stopped and turned his head. A pair of ice spirits locked ah Jie tightly. He coldly ordered: "pull up the rope!"

“Yes!”

Ah Jie smiles and pulls up the rope.

Inside the door, the angry cry of Tibetan mastiff watching the food leave.

Chapter 427

Li Fengbei said angrily: “what do you want to say! Let the child go

Ah Jie said with a smile: “Your Highness, you are so powerful that the police of the whole presidential palace are not your opponents. I dare not take it lightly!”

Li Fengbei threw away his gun and raised his hands. “Now it’s ok?”

“Even if you don’t use a gun, I can’t beat you!” Ah Jie said shamelessly.

“Let Chenchen go, I’ll do whatever you want!”

“Good! Your highness said it himself

Ah Jie grinned with pride. He waved to the people behind him. His eyes were overcast and flashed with cold light. “Come on, tie up your three Highnesses!”

“Who dares to come here!” The bodyguard rushed up and stood in front of Li Fengbei.

Li Fengbei’s eyebrows were filled with awe, and he said, “go back!”

But it was too late. When the bodyguards rushed over, they were all hit by the people behind ah Jie and the big guns on their shoulders, and fell to the ground.

Li Feng Bei Jun’s face sank and clenched his teeth. Jun Yan almost gritted his teeth and said, “I just said, what can I do while I’m here?”

Ah Jie sneered, “don’t worry, our goal is you! You’re in the way of Lady Angelina! You must die

He raised his hand and made a gesture towards his back, and the people behind him rushed towards lifengbei.

Li Fengbei dodged, gritted his teeth and said, “let my son go first!”

“Let your son go. What can I do for you then?”

“What if I let you arrest my son and you don’t let him go? Let’s step back. Open the door first. I want to see that my son is in good condition!” Li Feng North Road.

Ah Jie twisted his eyebrows. Sen Leng’s eyes looked at him. He seemed to be thinking about what Li Fengbei was up to.

After more than ten seconds of silence, he finally ordered the people behind him: “open the door and take away xiaozang!”

“Yes

One man came forward and opened the heavy chain of the iron gate. A fierce Tibetan mastiff more than one meter high was pulled out.

It seems that the Tibetan mastiff is reluctant to eat the meat in its mouth.

Is that the dog that just screamed in the morning?

Li Fengbei clenched his fingers, knuckles hard, issued a click sound.

Before everyone could react, he gave a fierce look and hit the Tibetan mastiff on the head.

The Tibetan mastiff whined and his brain burst.

Ah Jie's face changed dramatically. He got up and cried out sadly, "My Little Tibet!"

Xiaozang is his pet dog. He always takes it with him when he's away from home, but now he's beaten to death by Li Fengbei!

Right under his nose, he died so miserably!

Ah Jie gritted his teeth and glared at Li Fengbei, "Li Fengbei, you dare to kill my little Tibetan!"

Li Fengbei snorted coldly: "he dares to scare my son. It's cheap to kill him!"

He has always been a person who will repay. If he can walk out of here today, he will not let go of any of these people.

"You Ah Jie was so angry that his fingers were shaking and he laughed angrily, "good, good! Then don't blame me for being merciless! "

Ah Jie took out his gun and pointed at Chenchen with fierce eyes. "Tie yourself up, or I'll shoot!"

"You let my son go first!"

No matter how fierce Rao is, he can't bear to control his own life in the hands of others.

Ah Jie shot on the beam, a centimeter away from the first part of Chenchen.

Chenchen was stunned, but at this time he knew that the more flustered he was, the more unfavourable he was to Li Fengbei.

He clenched his teeth. His face was a little sulky. He yelled at Li Fengbei: "you go out! I don't need you to help me! "

Li Fengbei looks at Chen Chenming, who is scared to death, but shows off his strong attitude and is extremely distressed.

"Chenchen, don't be afraid! Daddy will help you out

Li Fengbei closed his eyes, raised his hand and roared: "come on!"

Those people were scared by his momentum, you look at me, I look at you, no one dares to step forward.

Finally, Ajie pushed a man out.

“Tie him up for me!”

“Yes...”

Shivering, the man picked up the chain on the ground and tied Li Fengbei’s hands and feet.

It wasn’t until it was locked up that the man finally breathed a sigh of relief.

“General Ajie, it’s tied up!”

Ah Jie narrowed his eyes, gritted his teeth and ordered heavily: “give me a hard hit!”

Dare to kill his dog, he can’t let him die so easily!

The men, with sticks in their hands, were ordered to hit lifengbei at the bend of his leg.

Li Feng snorted and knelt down.

When those people saw that he really didn’t fight back, they laughed and fell on him like crazy. Two fingers of thick iron bar, hit on the body, all is the sound of flesh.

After a while, Li Fengbei was covered with blood.

But he still kept his back straight and looked at ah Jie motionless.

Chenchen looked at the bloody scene, a pair of big black and white eyes staring big, small heart was severely shocked.

This man, who has always been a little annoying, is protecting himself now?

Forced to pretend calm face finally appeared cracks, he screamed in fear: “Daddy! No! Rise up and fight

“Bad guys, get out of here and let go of my daddy!”

When he heard Chenchen calling “Daddy”, Li Fengbei was stiff.

He looked up in disbelief at his son tied to the beam, and his eyes flashed with a huge surprise.

Bleeding lips slightly up, showing a happy smile.

“Son, what did you call me? Can I have another shout? ”

Chenchen closed his eyes, pulled his throat and cried out: “Daddy! You are my daddy! Don’t worry about me, daddy. Go

Now he knows that daddy loves him so much.

He was ashamed of his attitude towards daddy.

Ah Jie looked at the father and son in front of him. Although Chen Chen was a five-year-old child, he was calm and shocked in the face of such a scene.

Ningguo has a saying that it is true that tiger father has no dog son.

Looking at Li Feng North father and son two painful appearance, his in the mind is very happy.

Ah Jie laughs and pulls the rope to let Chenchen down.

He took Chenchen's collar and forced him to stand aside, looking closer at Li Fengbei being beaten.

"Look how useless your daddy is

Chen Chen clenched his little fist and swept towards ah Jie with cold eyes.

"My father is the most powerful man in the world, a man of indomitable spirit! You are the despicable people. You can't beat my father. You only threaten children! I'll bite you to death!"

He opened his mouth, exhausted all his strength, grabbed ah Jie's hand and bit it hard.

Ah Jie has a pain in the back of his hand.

Chapter 428

Looking at the blood on the back of his hand, ah Jie was completely angered. He raised Chen Chen's collar and slapped Chen Chen's face.

Chenchen's young face was deflected, his ears hummed, and his mouth smelled of blood.

He bit his teeth and looked at ah Jie stubbornly.

"Bah!" He spat blood on Ajie's face.

Ah Jie had never been so humiliated by a little boy. He raised his hand and waved to the other half of Chen Chen's face.

This slap uses full strength. Chenchen is a five-year-old.

I just felt that it was dark in front of my eyes. I staggered and fainted completely.

"Morning Li Feng shouts.

His son was knocked unconscious in front of him, and his strong anger drowned him.

In his mind, Wen Qiao repeatedly cried and told him that he must take Chenchen home safely.

Ice soul of the blue, gradually surging blood, into a more frightening scarlet.

Such eyes are very similar to the eyes of an enraged Beast.

Ah Jie was surprised and subconsciously stepped back two steps.

"Li Fengbei, your hands and feet are tied up. Do you think you can get out of here? Call me again!"

He was worried that Li Fengbei's potential would be aroused, so he prepared a thick chain.

Can Rao is so, his in the mind still some panic.

Li Fengbei was beaten like this. He didn't even blink. He was really tough.

It seems that lady Angelina's worry is not wrong. The three and seven Royal Highnesses are not his opponents at all.

Once he returned home, with the support of the king, they would all die.

So today, no matter what, he can't get out of here alive.

Ah Jie's eyes were fierce. He grabbed the stick in one's hand and walked toward Li Feng's north.

Li Fengbei kneels straight on the cold ground and looks at ah Jie. His red eyes are full of sarcasm.

Scarlet blood, flowing down from his forehead, with a cold expression, was like Satan in hell.

Ah Jie was very upset by him. He yelled: "how dare you stare at me when you are dying? Go to hell

Just as ah Jie raised his stick and hit him hard on the head, the chain on Li Feng's hands and feet broke and caught ah Jie's stick with his bare hands.

Ah Jie flashed by, stunned, and his pupils suddenly shrank.

Li Feng North toward the chest of a Jie, a foot kicked out.

Ah Jie was kicked to the ground and spat out a mouthful of blood.

Ah Jie wiped the corner of his mouth and said: "ha ha! Is that your strength, your highness? It seems that's all

With that, he took out a narcotic pistol from his pocket and aimed it at Li Fengbei.

Li Fengbei's vigorous posture suddenly jumped to the beam.

There was a "bang bang" gunshot in the room.

At the door, a black car stopped quickly.

The first thing Wenqiao saw was the bodyguard who fell at the door, and then he heard the crackle of guns in the warehouse.

Her face quickly turned pale, and even the blood on her lips faded.

With trembling fingers, she pushed the door open and rushed to the warehouse, shouting in fear: "lifengbei! Morning

LAN Feng grabbed her arm and sternly stopped: "you can't go!"

"You let me go!" Wen Qiao struggles, stares at LAN Feng, "they are inside, are facing danger!"

LAN Feng looks at this situation and knows that the situation inside is not good.

"I'll save your highness! You stay in the car and don't come out! "

He pushed winjo into the car, locked the door and window, and took the key.

Wen Qiao knew that his appearance at this time would only add to Li Fengbei's burden and distract him.

But let her sit at home waiting for his news, every second is suffering.

She knew that Lan Feng was the most effective fighter. Only LAN Feng could help him, but he left LAN Feng to protect himself.

How can she enjoy his protection?

LAN Feng is a loyal subordinate, she let LAN Feng come here to help Li Fengbei, but LAN Feng turns a deaf ear to her words.

Had to, she threatened LAN Feng with death, he just brought her over.

Seeing LAN Feng has gone to help, her heart is a little more stable.

However, ten minutes later, twenty minutes later, still no one came out of the warehouse.

Her heart became restless again.

She found the emergency hammer, broke the window and climbed out of the car.

She hid quietly under the window and looked inside.

The situation inside made her face change again.

In the dimly lit room, there were ten or twenty men in black lying on all sides. Their bodies were full of lacerated wounds, as if they had been attacked by some big beast. At this time, LAN Feng was defeated by Li Fengbei. He had no power to fight back, and his face and body were painted.

“Li Feng North!” Wen Qiao’s face turned white and ran toward Li Feng North.

LAN Feng is busy coping with Li Fengbei, but the corner of her eye is sweeping to Wen Qiao. Is she not going to die?

This girl, make trouble for him!

His face was slightly smothered, and LAN Feng roared angrily at Wen Qiao: “don’t come here! Do you want to die?”

At this time, no one could get close to Li Fengbei. He had completely lost his mind.

Wenqiao didn’t care about herself at all. She looked at Li Feng’s Scarlet eyes.

She could understand the despair and sadness in his heart. Her heart was like being held together by an invisible giant.

He told her that when he was sick, he knew what he was doing, but he couldn’t control his behavior.

He doesn’t want to be like this. He’s miserable, isn’t he?

Wenqiao’s heart was full of heartache. She just wanted to comfort him with her arms.

She didn’t seem to hear Lanfeng’s warning at all, and ran towards lifengbei.

Li Feng North see her, under the action of a meal, loosen LAN wind, a pinch Wen Qiao’s neck.

Wenqiao on the northern scarlet eyes of Li Feng, a keen sense of his attack with the president that time, very different.

A terrible thought suddenly occurred to me.

This time, Li Fengbei would never come back.

There was an unprecedented fear in her heart. Her eyes overflowed with crystal clear tears and looked at him with sadness.

“Li Fengbei, look at me and don’t leave me!”

Li Fengbei looked at her with a clear teardrop in the corner of his eye, desperate and painful.

He pinched the hand around Wenqiao’s neck, because he tried his best to endure, the blue veins on the back of his hand jumped.

Suddenly, he pushed winjo aside and ran out towards the door.

Wen Qiao fell to the ground and watched Li Fengbei run out of the room. Regardless of the pain, he got up and cried out: “Li Fengbei! Come back

Chapter 429

LAN Feng exclaimed: “Your Highness! Where are you going? ”

LAN Feng threw a small locator to Wen Qiao, “Your Highness has completely run away. I’ll go after your highness. Please let someone come to help me quickly!”

In front of his highness, he is no match at all.

Wen Qiao catches the locator, grabs the mobile phone and calls Bai Yichen.

When Bai Yichen received the call, he was running in the gym.

Hearing the news, Jun’s face, full of sweat, changed, “I’ll come right away!”

Hang up the phone, he did not even have time to change clothes, while walking to the door, while calling to summon people.

Wenjo hung up and began to look for Chenchen in the room.

The light in the room is dim, and mice and ants are running wild in the corner. The air is full of all kinds of bloody smell and rust smell, which makes people feel sick.

She knelt on the ground, in a group of people lying in disorder, looking for the figure of the morning.

“Chenchen, Chenchen, where are you?”

She prayed in her heart that she would never see morning here.

Chenchen is OK, he was transferred to a safe place, he is OK!

But as soon as she turned her head, she saw Chenchen in a gentleman's suit and a white tie.

This dress was put on by her when he went out in the morning.

At this time, Chenchen fell under the wall, eyes closed, pale, like a discarded broken doll.

At that moment, Wenqiao's brain "boom", his mind became a blank.

"Morning

After waiting for a while, she regained consciousness, climbed over and held Chenchen tightly in her arms.

She felt his body temperature was warm, trembling fingers, to explore the morning's nose.

When she felt the weak breath, the string at the bottom of her heart loosened, and she suddenly cried out loud.

"Wu Wu Wu ~"

when Bai Yichen landed from the helicopter, she saw the mess on the ground and the morning with her eyes tightly closed in her arms, and her heart was tight.

"Sister in law! What's going on? What happened to Chenchen? "

When Wen Qiao saw Bai Yichen, it was like seeing the Savior. He handed Chenchen to him and said excitedly, "Bai Yichen, Chenchen fainted. Please have a look. What's wrong with him?"

"Sister in law, don't worry! Speak slowly

Wenqiao quickly wiped the tears off his face. "I had a general examination just now. There was no wound on my body, but my face was very swollen! Look at him

Bai Yichen opened Chenchen's eyes with his fingers and looked at them with a sigh of relief.

"Chenchen just fainted in fright. It shouldn't hurt. Don't worry! Tell me about North brother first

Wenqiao incoherently said: "he broke out and ran away. Lanfeng went after him! He gave me a locator and asked you to send someone to support him! "

Say, she is in a hurry ground to put the small locator that the hand grasps tightly into Bai Yi Chen's hand, "is this!"

Bai Yi Chen in front of a bright, had this thing, everything was simple.

"I'll take people there now, sister-in-law. Follow doctor Liu to take Chenchen back to the castle's medical room for a thorough examination first!"

Bai Yichen finished, turned and left.

Wen Qiao holds Chen Chen to chase out, "Bai Yi Chen, please!"

Bai Yichen nodded to her, "don't worry!"

Doctor Liu came to her and held out his hand to her, "madam, please give me the young master!"

Wenqiao gave Chenchen to Doctor Liu in a hurry and asked eagerly, "Doctor Liu, Chenchen should be ok?"

Doctor Liu looked at Wen Qiao's expectant eyes and comforted him: "it will be OK! I promise! "

Just put it in Doctor Liu's arm, Chenchen woke up and slowly opened his eyes.

Big eyes looking at Wenqiao, voice weak voice, "Mommy..."

Wen Qiao was stunned for a moment, and then he was overjoyed. He took Chenchen back from Doctor Liu's hand, held him tightly in his arms and wept excitedly.

"Chenchen, you're OK! That's great. You're OK! "

"Mommy, where's daddy?"

Thinking of the scene just now, a trace of pain and strong heartache flashed through Chenchen's eyes.

Wen Qiao was too excited to find that the name of his lifengbei had changed.

She comforted: "he's OK, uncle Bai Yichen will bring him back safely!"

Chenchen was worried and looked expectantly into Wenqiao's eyes. "Mommy, daddy will be OK, won't he?"

Wen Qiao Leng for a while, can't bear to let the son worry, solemnly nodded, "Daddy will be OK!"

Wenqiao gave a kiss on Chenchen's forehead and answered firmly.

She believed that Li Fengbei would not leave them alone.

Doctor Liu and his bodyguards took the bodyguards brought by Li Fengbei back to the castle and sent them to the treatment room. Chenchen also sent them to the treatment room. Wenqiao accompanied him throughout the whole process, and did not let go of every inspection item. He carefully checked it.

Although Chenchen repeatedly stressed that he was not injured, he was just slapped twice by the man named Ajie.

Looking at his son's delicate face, which was as big as a steamed bun, Wenqiao's heart was broken.

"Chenchen, listen to Mommy's words, only to see that you are really OK, can Mommy completely put down her heart!"

"All right."

Morning helpless, had to obediently lie into the inspection instrument.

His heart was deeply worried about Li Fengbei. Dad knelt on the ground and was covered with blood. He felt that his whole life had been deeply engraved in his mind.

When the results of the examination came out, it was confirmed that Chenchen was ok, and Wenqiao's tense face was finally relieved.

But there was still a mountain pressing down on her.

Li Fengbei has not come back yet.

She did not dare to call Bai Yichen, worried about disturbing him, can only do at home, such as the taste is not good.

So she helped in the treatment room.

There are only a few people in the treatment room, and they are in a hurry at the moment.

All the bodyguards that Li Feng took to the north were hit in both legs by bullets, and there was overpowering drug on the bullets.

The reason why the bodyguard fainted was because of the effect of the overpowering drug.

Although they are not dead, their legs are broken. For people in their profession, the news is more difficult to accept than death.

As he bandaged their wounds, Wenqiao thought about their future.

Li Fengbei is about to leave. She will make a decision for him about these things, so don't bother him.

Within half a day, the bodyguards woke up one after another, looking at the appearance of their legs being abandoned. Few of them were calm.

Wenqiao stood at the door of the hall of the treatment room, looking at everyone's decadent face, he said in a loud voice: "everyone, be quiet! Listen to me, Li Fengbei won't leave everyone behind. We will pay five million yuan for each person at a time, and you can continue to work in Li's!"

The crowd was excited. "We are all disabled. How can we work?"

Chapter 430

Wenqiao said: "although your feet are disabled, you still have hands! As long as you are willing to work, as long as Li's still exists for a day, you will have a bite to eat!"

"....."

The noisy crowd finally quieted down, and a thick voice took the lead in response: "good! Let's do it

At this time, a calm voice appeared again.

"Young lady, you don't need to feel guilty! We don't mean to complain. Bodyguard is a high-risk job. What's more, the young master gave us a lot of money. These risks are written in the contract!"

"Yes, you don't have to!"

Wenqiao's eyes showed a touch of comfort, a smile, showing two shallow pear vortex.

"I know it's not easy for everyone. Thank you for your understanding! But Li Fengbei is a man of love and righteousness. He will never give up on you! I'm just taking his place and arranging things ahead of time!"

Speaking of Li Fengbei's love and righteousness, everyone was silent again.

Indeed, if it wasn't for Li Fengbei's love and righteousness and treating them as brothers, they wouldn't have gone all out for the money.

"Young lady, we will listen to you in the future!"

Wen Qiao a Leng, eyes gradually red, "well, let's pray that Li Fengbei can come back safely!"

"The young master will come back safely!"

The other bodyguards of the castle heard about what happened in the treatment room. They felt deeply and came here to ask for instructions.

"Young lady, we all want to help!"

Wenjo looked at them gratefully. "Thank you!"

"That's what we should do!"

All the bodyguards in the castle rushed to Meiyue bar.

After Li Fengbei's attack, he went directly to Meiyue bar.

This is where he and winjo met.

He would not tell her that when he opened his eyes, he saw her squatting in front of him, wet as a deer, with careful eyes.

At that moment, the heart was like being hit by something.

That one eye, then entered the heart.

Just at the beginning, he didn't admit it.

Will he fall in love with a wine girl at first sight? This kind of words will make people laugh!

Later, he became addicted to her again and again, and finally fell in love with her.

Mu Junhao, with a shock wand in his hand, looks at the man standing on the sofa with a confused face. He looks like he is looking for something. He can't bear to ask Bai Yichen.

"Chen, really want to treat North elder brother like this?"

Bai Yi Chen tiny Cu eyebrow, the vision is deep, "now have no way! Let's go

Mu Junhao hesitated: "can we do it? North brother has become so terrible

"No, I can only go up!"

Bai Yichen's words just fall, the door spreads a commotion.

The bodyguard appeared at the door, fully armed, "Bai Shao, Mu Shao, Rong Shao, we're here to help!"

Mu Junhao hooked his lips with evil charm, "very good! It's just in time! "

Half an hour later, Li Fengbei was finally subdued by everyone.

Looking at Li Fengbei lying on the ground with pale face, Bai Yichen took LAN Feng's collar and waved his fist to his flat face, showing his teeth and cracking his eyes and yelling: "it's all your fault! You're the one who did this to beige!"

LAN Fengsheng received a punch, he wiped the blood stains on his lips.

"What's the use of saying that now? If he had not taken that medicine, he would have been dead! Now the most important thing is that I must take him to the kingdom of Liluo as soon as possible, otherwise no one can save him!"

Next time, I don't know if I can be so lucky. At the critical moment, Wenqiao appeared, arousing a little of his reason.

Otherwise, he had just died under his fist.

Lanfeng's words, everyone is silent.

Mu Junhao suddenly asked, "when will you leave?"

It was only in the last few days that he and Rong Ba learned about Li Fengbei. On the one hand, they were very angry. They even knew about Li Fengbei at this time. On the other hand, they were very reluctant.

LAN Feng replied, "the deadline of one month has arrived. We will leave tomorrow!"

"Tomorrow?" Everyone exclaimed with one voice.

LAN Feng nodded for sure.

The room was quiet, and a pin could be heard falling on the ground.

On the soft white bed of the box, Li Fengbei lay on it covered with blood.

Bai Yichen with medicine box, to Li Fengbei cleaning the wound.

In some parts of the body, the white shirt on the body has been dyed red, and even adhered to the flesh and blood.

Bai Yichen had to use medical scissors, carefully cut off the clothes on Li Fengbei's body.

The scars all over his body were exposed in front of everyone without reservation.

Rao is a few big men also frowned.

Mu Junhao clenched his teeth, angrily scolded: "those people must not fall on my hands, otherwise, I will let them not survive, not die!" Bai Yichen was used to seeing the wounded, but he was still in a state of panic and anger.

According to LAN Feng, although ah Jie was seriously injured, he escaped.

Li Fengbei's body is all injured. Wenqiao must be distressed to go home like this, and he will leave tomorrow.

Everyone was hesitating whether to tell winjo about it or not.

Mu Junhao was silent for a while, and suggested: "I'd better tell my sister-in-law! If the North elder brother left like this, she must be very sad! "

"So it is! I agree with ho ho Rongba made a statement immediately.

Bai Yichen bandaged the last wound and said: "when the North brother wakes up, let's ask him for advice!"

There is not a piece of good flesh on him.

The little sister-in-law would be very distressed to see it. He felt that Beige would not like to see such a result.

In the castle, Wen Qiao and Bai Yichen are on the phone. When they learn that Li Fengbei is OK, the big stone in their heart finally falls to the ground.

It's early in the morning. Chen Chen and an an are lying on the bed, but they don't feel sleepy at all. They are looking at her expectantly with big eyes.

"Mommy, when will daddy come back?"

Wenqiao coaxed: "when you fall asleep, daddy will come back! Listen to my mother, close your eyes and go to sleep

Chenchen was still not at ease and suggested, "Mommy, let's go to Daddy."

Wenjo was a little excited about the proposal.

Only when she saw that he was ok with her own eyes could she really feel at ease.

She made up her mind, "OK, I'll take you right away!"

Wen Qiao is going to take Chenchen to Meiyue to find Li Fengbei, but as soon as he leaves the room, he is surrounded by several guards.

Jun yechen was forced to "house arrest" by Li Fengbei in the castle. Soldiers from the presidential palace came to meet him.

Jun yechen stood behind the crowd with both hands on his back, commanding: "take the princess and the children away!"

Wen Qiao a face vigilance, the morning and Ann behind, "Dad, we don't go to the presidential palace!"

Chen Chen and an an have no affection for the grandfather they meet for the first time, but are full of fear.

Ann pulled the hem of winjo's dress in a low voice and said timidly, "Mommy, I don't want to go with my grandfather!"
