

Super Rich Dad Chapter 427-428

Chapter 427 - Nesting Fire

Jiang Hao smiled and didn't say a word.

But Xue Chongshan, still with an unforgiving stance, said, 'Hmph, don't you say anything, do you see that he treats me like Yu Ning's father? Young man, too arrogant and unbridled, today I will kill his fury!'

After he finished speaking, Xue Chongshan looked at Zhu Yiran again and said indignantly, 'Fine, I won't bother with you today, I will definitely settle the score with you slowly later on between the two of us, I called you here today to ask you, he said this villa is his, is what he said true or not?'

After Xue Chongshan finished speaking, he said to Jiang Hao with contempt, 'Hmph, things have come to this point today, I'm going to see what you have to say, didn't you say that the villa was yours? I'll see how you'll end up for me when people say no! If that's the case, please leave Yu Ning in future, if you dare to pester her again'

Before Xue Chongshan could utter his threatening words to Jiang Hao, he was suddenly interrupted by Zhu Yiran.

With a serious face, Zhu Yiran pointed at that Haisheng Yixin No.1 courtyard and said indifferently, 'So you called me here just to ask about this matter? Oh, is there still a need to ask about this matter?'

Zhu Yiran sneered and said, 'Of course this villa belongs to Jiang Shao, if not Jiang Shao's, whose would it be? What's wrong with that?'

As soon as Zhu Yiran's words left his mouth, Xue Chongshan, who was still ready to say something to Jiang Hao, immediately stopped speaking.

He couldn't believe his ears and dumbly turned his head to look at Zhu Yiran, his eyebrows locked, 'What did you say?'

Not to mention Xue Chongshan, even Xue Yuran's mother was dumbfounded after hearing Zhu Yiran's words.

This villa really belonged to Jiang Hao? How was that possible?

The overall cost of the villa was over 100 million dollars, how could Jiang Hao be so rich? Is it really true?

Even if Xue Yuning's mother knew that Jiang Hao was a rich second generation, even if she knew that Jiang Hao's family was very rich, but it was not so rich that she could be so rich, right?

A villa is worth a hundred million dollars, and as a matter of fact, if it was someone else, it would have been all over town by now.

This is an 'object' worth more than 100 million dollars, and if it were anyone else, it would be something that could be bragged about for the rest of his life.

But Jiang Hao bought the villa without even knowing about it.

Then it is obvious that Jiang Hao did not take the purchase of this villa seriously.

In that case, how rich was Jiang Hao?

Anyway, Xue Yu Ning's mother said she didn't dare to think about it, after being poor for so many years, it was hard for her to imagine how scary a person who didn't even care about a billion dollars was.

She looked at Jiang Hao with an expression of disbelief on her face, 'Did you really buy this?'

Jiang Hao only smiled lightly and said back, 'Auntie, do you still not believe it even now? To tell you the truth, I bought this villa, and I bought it for Yu Ning!'

'Bought it for Yu Ning?' Xue Yu Ning's mother and Xue Chongshan, almost in unison, uttered these words.

They could hardly believe this matter.

After all, Jiang Hao and Xue Yu Ning, who had only known each other for a short time, had bought a villa worth over 100 million dollars? This was a bit too sensational, right?

Especially Xue Chongshan, even after all this, he still didn't quite believe what was happening in front of him, so much so that the way he looked at Jiang Hao and Zhu Yiran was full of doubt.

'It couldn't be that you guys have combined fire to trick me, could it? You guys'

'Please come to your senses!' Zhu Yiran burst out laughing at his words and disliked him without saying a word, mockingly saying, 'Cheat you? Why would we lie to you? Is it worth it? To tell you the truth, this Mr. Jiang is indeed the owner of our Haisheng Yijin No. 1 courtyard, and he is a first-class nobleman of Haisheng Yijin, and just because of your previous behaviour, if it wasn't for the fact that you were here to look at our house, I would have had you thrown out long ago!'

Obviously, Zhu Yiran had already said such words, so there would definitely be no lies.

But the more this happened, the more surprised Xue Chongshan felt in his heart.

Originally, he had thought of this Jiang Hao as a poor man with nothing, but after just a short while, he didn't want to hit his face too quickly.

Not only was he rich, but he was also an existence beyond his own reach.

If Xue Chongshan had known that Jiang Hao had such a terrible background, he would not have agreed to break up with Xue Yuning even if he had been beaten to death.

He knew that the reason why he came to Chu Jiang and wanted to take Xue Yuning away was that he wanted to use this daughter of his to marry other plutocrats, so as to enhance his position in the family and finally push his youngest son to the position of the family heir.

But if he had known that Jiang Hao had such strength, then wouldn't he have bothered to go to such great lengths to simply agree to Jiang Hao and set them up together earlier?

But now that things have come to this point, he doesn't know how to end it.

Xue Chongshan couldn't help but feel a little bit pained and remorseful for his ignorance just now.

'So,' Xue Chongshan wanted to ease the tension between him and Jiang Hao, but he really didn't know how to speak.

He looked at Xue Yu Ning's mother, wanting her to help him think of a solution.

However, even Xue Yuning's mother did not know how to untie the knot now.

And it was at this moment that Jiang Hao spoke up.

He looked at the two people opposite him and said indifferently, 'Well, what I wanted to prove, I have already proved, now do you believe it? Uncle Xue, may I ask if I am now qualified to be with Yu Ning?'

'I,' Xue Chongshan was about to speak, but Jiang Hao didn't give him the chance to speak.

Jiang Hao smiled, 'Oh sorry, I forgot, it's not up to you to decide whether I can be with Yu Ning or not. Because you're the one who's not qualified!'

After he finished speaking, Jiang Hao turned his head and looked towards the Haisheng Yijin No.1 courtyard which was under construction.

Jiang Hao's words immediately made Xue Chongshan's face red, if it was just now, when he still didn't know Jiang Hao's identity, and Jiang Hao dared to speak to him in such a tone, he would have disdainfully disliked him back with a word.

But now that he knew Jiang Hao's identity, Xue Chongshan was a bit hesitant, to be more precise, he was not so bold.

After all, this was Chu Jiang, Jiang Hao's turf, so if he dared to be reckless in front of him, he would simply be asking for trouble.

After all, Xue Chongshan still didn't know how powerful this boyfriend of his daughter's really was.

So even though he was upset in his heart, he could only swallow it back down.

He glanced at Xue Yu Ning's mother, but saw the other party shake her head with a helpless expression and said in a low voice, 'What are you still doing here? Go away?'

It was also true that he had already lost almost all his face, so what was he still doing here? Waiting to be humiliated again?

If he was humiliated again, then he would really not be able to hold up his head.

Xue Chongshan sighed heavily and turned around to leave.

But at that moment, the young sales manager immediately greeted him and stopped Xue Chongshan's way with a smile on his face.

'Hey Mr. Xue, don't rush off yet, huh? I still want to continue to show you around this villa area? The villa you mentioned, please ask if you are still buying it'

Before the young sales manager could finish his sentence, Xue Chongshan pushed him away and shouted, 'Buy my ass, have you grown a brain or not? My daughter's boyfriend has already bought the best villa here, so what the hell am I going to do?'

To be honest, Xue Chongshan was angry at the moment and was worried about having nowhere to vent his anger when this guy sent his face over, so it was strange that he could give him a good face!

Chapter 428 Exploded

It was just that the young sales manager was still somewhat undeterred, after all, he had just seen that he was about to make a deal with Xue Chongshan ah.

A villa of several million, their own commission alone will be tens of thousands or even hundreds of thousands, just like that, lost, how can he be willing to.

What he just didn't realise was that he had just shuffled in and Jiang Hao was already glaring at him with impatience on his face.

'Mr Zhu, this is your man?' Jiang Hao pointed at the young sales manager and asked Zhu Yiran.

Zhu Yiran immediately came forward respectfully and said in a low voice: 'Mr Jiang, yes, this is one of our new businessmen, I'm really sorry, he was rude to you just now, I'm here, apologising on his behalf'

Jiang Hao waved his hand, 'Forget the apology, I don't like to bother with such people, nor do I like to see such people.'

Jiang Hao's words were simple, but the meaning was clear enough.

If he didn't want to see him, then let him leave.

Zhu Yiran certainly understood Jiang Hao's meaning and hurriedly nodded, 'Yes I understand, Mr Jiang.'

Compared to Jiang Hao, this young sales manager was simply a dispensable thing to himself, so of course Zhu Yiran was well placed to make a choice.

He pointed at the young sales manager and said sternly, 'You're leaving now, you're fired, and you're not allowed to appear here again!'

The bad news came so suddenly that the young sales manager simply couldn't believe it.

Just a few hours ago, Zhu Yiran had welcomed him with a smile, saying that he was practical and willing to work, and that he could take over his job one day.

'Mr. Zhu, you can't do this, can you?' The young sales manager hurriedly pleaded, 'Mr. Zhu, what mistake did I make and you just fired me? I'm doing this for the company.'

'You did it for the company, my ass!' Zhu Yiran pulled a face, pointed at the other party and shouted angrily, 'You don't have to be so arrogant here, get out of here right now, do you want me to call the security guards to blow you out?'

The young sales manager looked desperate, and then looked at Xue Chongshan, as if he had seen a saviour, and hurriedly bowed and said, 'Mr Xue, please help me, you just said that you would cover for me if anything happened, look now Mr Xue, I really can't do without this job!'

The young sales manager was so anxious that he almost cried out.

Of course he couldn't lose his job, after all, he had worked his way up to become a sales manager and had a few people under his belt.

If he was fired, he would really have nothing left, his status would be gone, and his monthly salary of 10,000 to 20,000 dollars would be gone.

He was now pinning almost all his hopes on Xue Chongshan's head, after all, in his opinion, whether he could stay or not was just a matter of Xue Chongshan's words.

But Xue Chongshan himself was already taking care of himself, so he didn't have the heart to care about him.

Xue Chongshan snorted coldly and heavily pushed the young sales manager away, scolding him, 'Get out of my way, what are you doing? What the hell does your life or death have to do with me? People like you tend to be influential, it's good to fire them.'

After saying that, Xue Chongshan then looked at Jiang Hao again, his face flushed red, and said, 'That little Jiang, I still have something to do, so I'll leave first, another day, when there is time another day, I'll call you and Yu Ning to go out for dinner, I'll I'll leave first.'

As he said that, Xue Chongshan didn't care whether Jiang Hao agreed or not, he directly stepped away.

It didn't matter whether he left or not, Jiang Hao actually didn't even have the intention to return to him.

Jiang Hao didn't even bother to look at his departure.

Only after Xue Chongshan and Xue Yuning's mother had left did Jiang Hao sigh.

'Mr. Zhu, Mr. Zhu, please give me one more chance, don't worry, I will make good use of this opportunity and will definitely not cause you any more trouble, you'

Just then, the young sales manager at the side pounced over again, looking at Zhu Yiran with a pleading face, desperately pleading for his life.

Seeing this, Zhu Yiran was a bit annoyed, he directly kicked the other party again and shouted angrily: 'Get lost, believe it or not I will throw you out right now! Don't you f*cking know what you've done? How dare you come over and beg for mercy?'

As soon as he finished speaking, Zhu Yiran grabbed the other party and furiously walked off into the distance.

When Jiang Hao saw this, he only sighed lightly and didn't say anything.

He looked at the time, it was already ten o'clock and that was the time he had agreed with Qiao San before, but why hadn't this guy come yet?

Jiang Hao was thinking about it when he suddenly heard the voices of two people coming from behind him.

'Dad, do you think the other party will come today for acceptance, will Young Master Qiao come?'

'Haha, what's the matter, do you fancy someone else? Hey, daughter, you can think carefully, that kind of rich gentry, but very philandering, not to say but it depends on your ability, if you have the ability to take in that Qiao family young man's heart, then our family and the Qiao family to form an in-law, it may not be a bad thing, the Qiao family in our Chujiang'

Wang Donglin and Wang Jiani, father and daughter, were talking while walking towards Jiang Hao's side.

The father and daughter were talking and laughing, it was obvious that today was a day for them all to be happy.

The project of Haisheng Yipin No.1 Courtyard was divided into three phases, and every time a phase of the project was completed, it had to be inspected by the A-party.

And every time the acceptance is done, it means that the party will pay for the project to itself.

For Wang Donglin, this was certainly something to be happy about.

In fact, he had already seen that his own daughter seemed to have some interest in Qiao Sanjia's Qiao Dong.

This kind of thing, of course, Wang Donglin will not stand in the way, if their own family and Qiao family can really tie the in-laws, then for their own Wang family, and the Wang family company, will be a great help.

After all, the Qiao family is very famous in Chujiang, in the future, they are tied to the Qiao family, just ask in Chujiang, who else dares to provoke and offend them?

The more Wang Donglin thought this way, the more excited he became.

After all, this was a good thing.

Only what he didn't expect was that just when he was at his happiest, he looked up himself and saw someone he least expected to see.

Almost at the same time, Jiang Hao and Wang Donglin saw each other.

Jiang Hao was of course not very surprised, because he knew that he was here today to inspect the first phase of the project, and if Wang Donglin didn't come, that would be a problem.

It was just that Wang Donglin's face changed as soon as he saw Jiang Hao violently, and he directly questioned, 'Why are you here?'

Wang Jiani was still immersed in her dream, and as soon as she heard her father's words, she hurriedly looked up and then saw Jiang Hao.

'Why is it you again?'

When Wang Jiani saw Jiang Hao, she simply felt more disgusted than her own father did when he saw Jiang Hao.

She angrily pointed at Jiang Hao and said, 'Dad, it's him, last time was also here, I was going to come over to see the progress of the project, but I ended up bumping into this two-hundred-fifty guy, he even rode a broken bicycle and deliberately grasped that most expensive dress and soiled it, annoying, how come I can meet this stupid bastard everywhere?'

The more she thought about what had happened before, the angrier Wang Jiani became, and the way she looked at Jiang Hao became furious.

She couldn't forget the last time she had been kicked out at a party.

Wang Jia Ni was simply baffled, what kind of enchantment had Jiang Hao put into that You Yun, to the extent that You Yun had thrown herself out.

Jiang Hao was not surprised, he smiled at the father and daughter in front of him and sneered, 'What, are you surprised to see me? Oh, but don't worry you'll be even more surprised later!'

Jiang Hao's words left Wang Jiani and her father and daughter in a bit of a fog, and they frowned: 'More surprised? What are you going to do? You're not going to blow up this Haisheng Yijin No. 1 courtyard, are you?'
