

Chapter 431

Jun yechen squinted and ordered strongly: "take away!"

At this moment, the castle in addition to servants, not even a bodyguard left.

Of course, even with bodyguards, no one dares to stop the president of the country.

"Don't pull! Let's go by ourselves

Wenqiao left hand led ANN, right hand led Chenchen, head high out of the house.

To the presidential palace, Jun yechen ordered, forbid her to go out of the presidential palace half step, who dare to let him out, is the death penalty!

Winjo didn't want to involve others and didn't dare to leave by force.

He took out his mobile phone and wanted to call Li Fengbei and ask him how he is now. He also wanted to tell him that Chenchen was OK.

But the cell phone has no signal at all.

Jun yechen orders people to block the signal of her mobile phone.

Now she can only look forward to Li Fengbei's return to the castle and get her back here, but she has been waiting for the dawn, and has not waited for Li Fengbei.

The two children also stayed with her until two or three o'clock in the morning. They couldn't help sleeping until the drowsiness came.

Wenjo didn't sleep all night.

.....

Wenqiao was not the only one who didn't close his eyes all night. The people in Meiyue VIP box also didn't close their eyes all night.

Only the client, Li Fengbei, had a long sleep under the effect of sedatives.

When he wakes up, he opens his eyes and looks at a few pairs of eyes.

His brain was confused for a moment. He moved for a moment and found that his hands and feet were chained at the foot of the bed. He immediately lowered his face and said, "what are you doing? Let me loose

Listening to his roar, everyone was relieved.

After the rampage, the calm and arrogant Li Fengbei came back!

Lanfeng came forward and bowed deeply towards lifengbei with the etiquette of the state of Liluo and his left hand in his heart.

"Your Highness, we are leaving for home today!"

Li Fengbei looked at the wounds all over his body and thought of yesterday's danger. His eyes were dark.

For a long time, just light should say: "good."

He has a strong feeling that the next time such a thing happens, he really can't come back.

He's going to be completely, completely, a maniac.

He didn't want Joe and the kids to face him like this.

"North brother, I'll go with you! When you get there, you'll have a care!" Mu Junhao said.

"I'll go with you, too! I'll go back and pack now!"

Rong Ba is about to leave.

"Come back!" Li Feng's North eyebrows flashed a touch of emotion, and said seriously, "you should guard here well, and do a good job of the lacrosse! Just wait for me to come back!"

Rong Ba argued: "how can you rest assured if you go there alone?"

Bai Yi Chen also looks at Li Feng North, as long as he a word, they three leave with him at any time.

Li Fengbei Junting's eyebrow, slightly frowning, scolded: "your family are here, where are you going? It's nonsense! Just wait for me to come back!"

"But..." What else does Mu Junhao want to say.

Lanfeng stepped forward and reminded: "Your Highness, the state of Liluo is not allowed to enter. If it is found, all people will die!"

"....." Mu Junhao was silent again.

Finally, with a strong reluctant, Mu Junhao came forward and gave Li Fengbei a heavy hug.

"I'll come back as soon as I'm cured. We'll wait for you!"

Li Feng North a Leng, know they already know his affair.

He gave Mu Junhao a backhand hug, "keep this place well, I will come back!"

"Sure! We're waiting for you to come back!"

Rong Ba and Bai Yichen embrace and say goodbye to him respectively.

I don't know when the next meeting will be?

As we all know, the road ahead is full of danger. Maybe it will be a lifetime.

LAN Feng bowed deeply in front of him, "Your Highness, we must go!"

He became respectful to Li Fengbei.

LAN Feng used to see the palace intrigue, fraternity, their love and righteousness, at this moment, in his eyes precious.

Mu Junhao's peach blossom eyes flashed slightly and said hesitantly, "brother Bei, don't you go to say goodbye to my sister-in-law?"

Li Fengbei looked at the injury all over his body and gave a wry smile. "I'd better not go like this."

After thinking about it, he called out: "Bai Yichen!"

"North brother."

Li Fengbei handed a bunch of keys to him. "You know where the safe is. This is the key. Help me to give her the things in the safe."

Bai Yichen takes over, "OK, don't worry, I will do it properly!"

Li Fengbei patted Bai Yichen on the shoulder. He never doubted his ability.

.....LAN Feng leaves secretly with Li Fengbei and doesn't disturb anyone.

In the western suburb port, a small and chic warship quietly stops in a hidden place.

Li Fengbei narrowed his eyes, and there was a light similar to excitement in his eyes.

Guns, ammunition and weapons in this country are basically produced by Li, including ships and warships.

To some extent, Chenchen is like him. He is also a genius in mechanical design. He is involved in Li's core technology.

But, like this ship's technology, at least advanced Lee's group's most advanced products for 20 years.

LAN Feng boarded the deck and said to Li Feng, "Your Highness, let's go!"

Li Feng took a look at the city behind him.

He knew what he was looking forward to, but the man didn't know he was leaving, and she wouldn't come.

He doesn't care about the power of Liluo. He just needs to cure his illness.

When he is cured and won't hurt people around him, he will come back.

.....

Wenqiao sat by the bed, patting Ann's back gently to get her to sleep. She opened her eyes and looked out of the window until dawn.

As soon as the day broke, it was a month's time for Li Fengbei to leave.

She was anxious. Before Li Fengbei left, she wanted to see him again.

At least, before leaving, let her have a look at him and make sure he's safe.

She opened the door secretly, and the corridor on the second floor was quiet.

She is not very familiar with the terrain here, the door is full of guards, it is impossible to run out.

She wants to find a phone with a signal, give Li Fengbei a call and ask him to pick him up.

If not, at least say goodbye to him on the phone.

There must be a telephone in the study.

She quietly opened the door of her study and slipped in. As soon as she picked up the phone, there was an urgent sound of footsteps at the door.

She quickly put down the phone and hid behind the bookshelf.

Jun yechen just pushed open the door of the study, Ajie turned in from the window.

Jun yechen looks at ah Jie, who is full of scars, and sneers in a cold voice: "don't you say it's safe? Why did Li Fengbei run away?"

Ah Jie narrowed his eyes, and the evil eyes passed through a wisp of cold light.

"How do you know he can run?"

Jun night dust picked pick eyebrow, "what do you mean this?"

Chapter 432

Ah Jie said with a smile, "I made two preparations. Lanfeng thought that he had hidden the ship. I put ten barrels of explosives on the ship. When they drove the ship to the middle of the Pacific Ocean, even the gods of daruo could not save them!"

Jun yechen was stunned, and then he burst out laughing.

As long as Li Fengbei is dead, Li mingjue is short of a powerful helper.

As for the study of Li Fengbei's special abilities, it's not necessary to use him

He looked at ah Jie's eyes with undisguised excitement.

Isn't there a ready-made person who comes to the door on his own initiative?

"Jun yechen, what do you want to do?"

Ah Jie realized that something was wrong and wanted to escape.

However, it was a little late to wake up. He was surrounded by the police corps that suddenly poured in outside the door.

Ah Jie glared at Jun yechen and gritted his teeth: "Jun yechen!"

Jun yechen, a villain, is happy with his smile.

"Don't blame me for being cruel. I'm far worse than you and me! You don't have a visa to sneak into our country. You're going to jail!"

"You wretch!"

Although ah Jie's skill is extraordinary, he doesn't have the ability to fly to the sky and escape from the earth. In addition, he is seriously injured, so he can't fly now.

Wen Qiao, hiding beside the bookshelf, heard ah Jie say that there was explosives on the ship Li Feng left North.

A blank brain, the whole body is like falling into the ice.

I can't hear anything in my ears, but my mind keeps buzzing.

He swayed and almost fell.

She leaned quickly against the wall behind her, clutching the bookshelf with her fingers.

Jun yechen catches ah Jie and is about to leave.

All of a sudden, I heard a small voice. After a step, I turned around and yelled, "who's there? Get out of here

"....." Wenjo, with a tight heart, drew back.

Jun yechen saw a pink slipper beside the bookshelf and walked towards Wenqiao step by step.

Wenjo heard the approaching footsteps, and a heart beat to his throat.

But there is nothing to hide here.

Jun yechen looked at her in surprise, "how are you? Why are you here! "

Wenjo clenched his fist, looked at him with tears in his eyes and disappointment, and asked aloud, "Why are you doing this? Why did you kill him? What's his revenge on you? "

At this moment, she couldn't believe that her father was a mean person?

Jun yechen squints his eyes, and the dangerous cold light at the bottom of his eyes glides rapidly.

"Now that you've heard all about it, I'll stay in the presidential palace. I don't want to go anywhere!"

"You don't want to shut me up!" Wenjo roared, a panic in his heart.

Jun yechen's face sank and ordered coldly, "come on! Shut the princess in the room. Without my permission, she is not allowed to walk out of the room, and no one is allowed to see her! "

"Yes

"Let me go! I'm going to find Li Fengbei! " Wenjo struggled desperately.

"Bang", the door was heavily closed, accompanied by the cold voice of the orderly, "princess, offended!"

"You let me out! Let me out

Wenjo slapped the door as hard as she could, but no one paid any attention to her.

She took off her shoes and opened the window.

I'm going to get out of the window like I did last time.

She can't wait to die. She wants to chase Li Fengbei back. She can't leave.

But this time, she was not so lucky as last time. A large number of police soldiers came here.

"Princess, please don't embarrass us!"

The police surrounded her in a circle.

Wenjo sat down on the floor and looked at the blue sky and white clouds in despair.

The scenery was beautiful, but she felt that there was no color in front of her.

Li Fengbei, what should I do now? If you were me, you wouldn't be as helpless as me, would you?

At this time, a clear voice sounded in my ear, "Mommy, Mommy, what's the matter with you?"

Wenqiao looked at a pair of children running towards him with a sour nose.

Children are so young that they can't live without fathers!

There was a great courage in her heart. She wanted to get out of here anyway.

"Mommy, what happened? Why are they arresting you?" Ann began to cry in fear.

Wenqiao hugged Ann and comforted her: "Ann, don't cry! Mommy's OK

Yu Qing just took two little guys for a walk in the garden. When she heard the sound, she rushed over and saw this scene.

"Joe, what's going on?"

When Wen Qiao heard Yu Qing's voice, he felt hopeful again.

She eagerly asked for help: "Mom, I beg you, let me get out of here! They put explosives on his boat! I'm going to get him back! ""What?" Smell speech, language Qing can't believe ground white face.

Winjo took her hand and pleaded, "Mom, I beg you, please let dad let me out!"

"Good! I'll go Yu Qing clenched her teeth and walked towards the door.

For Qiao Qiao's happiness in the second half of her life, no matter how much she pays, she will ask Jun yechen for this love.

Jun yechen is in the joy of solving Li Fengbei and catching ah Jie. When Yu Qing comes to knock on the door, his voice says happily, "come in!"

Yu Qing sat down in front of him with an angry face.

This facial expression gentleman night dust already see not strange, slightly a sun, way: "why this facial expression?"? Let me guess. Do you want to intercede for your daughter? "

Yu Qing directly opened the door to the mountain and said, "Jun yechen, how can you let Li Fengbei go?"

Jun yechen was in a good mood and laughed, "it's not that I want to kill him, it's that ah Jie wants to kill him! As you saw just now, I caught ah Jie! "

It means that Li Fengbei's accident is none of his business. Instead, he caught the real murderer.

Li Fengbei had nothing to do with him. Instead, he caught the murderer. He got the advantage, and the good man also let him do it.

It's a good game.

Yu Qing was very angry and laughed, "Jun yechen, what's the meaning of your living like this?"

The smile on Jun yechen's face gradually sank, "Yuqing, what do you mean by that?"

Yu Qing said with a faint smile, "I think that everyone has their own value and significance to live!

Like you, you can make use of all the things around you and anyone who can make use of it. Even if you sit in the most beautiful position now, you still can't get peace of mind. Even if you have the highest power, you are still the selfish man! "

Jun yechen was stabbed by Yuqing at the pain in the center, and his face became gloomy gradually. He almost bit his teeth and said, "Yuqing, are you not afraid that I will kill your daughter? What good is it for you to provoke me? "

Chapter 433

Yu Qing's eyes showed disdain, "Jun yechen, you step on the shoulders of Li family and Yu family to climb up to the present position. Believe it or not, it's just a word from me, and Yu family will no longer support you. When you lose your right arm, I see what you can do to compete with Li mingjue!"

"Good! Good Jun yechen laughs and claps his hand, but his eyes are very sinister. "Yuqing, you are so hard now that you dare to threaten me?"

"How dare I threaten the president! I just don't want my daughter to have regrets in her life! "

"Yes Jun night dust spread out a hand, "she wants to pursue Li Feng North can! As long as you promise me a small condition

"You say it

Jun night dust looking at her smart eyes, suddenly hook fingers.

Language Qing doubts ground wrinkly delicate brow, finally still stood up a body, toward the king night dust to bend over.

She thought Jun yechen wanted to make terms with her.

As she approached, a faint fragrance of jasmine poured into her nose. Jun yechen's eyes were slightly dim. He clasped her chin and said vaguely, "as long as you sleep with me, I'll let her go!"

The language Qing small face quickly jumps up the angry facial expression, disgusting ground a wave to open the hand of Jun night dust, stare at him.

“Don’t be disgusting! As long as you let Joe go, I promise you, I will let linguists support you forever! Isn’t Li mingjue running for the next president? I promise you that I will never let the linguist give him any help! Otherwise...”

Yu Qing’s words changed and threatened: “I’ll call my father now. Anyway, I only have Qiao Qiao as a daughter in my life. She’s my life now! It’s a big deal

Jun yechen saw the disgust in Yuqing’s eyes very clearly, and his heart was filled with anger, but his face was faint with a smile, “you have said that, can I refuse? I know. I always give you what I ask you!”

“Hum!” Yu Qing snorted coldly and left without looking back.

Jun yechen looks at her haughty back, and her evil eyes flash a cold light, smashing the ashtray on the table.

Almost gnashing her teeth, she called out her name: “language! Thank you

How dare a woman speak to him in such a tone?

For so many years, it is true that he took advantage of the linguists and the Li family to become president. Has the linguists not benefited from him?

Why does she look down on him?

Language Qing comes out from the study, then can’t wait to take Wen Qiao to leave, to Li Feng North to leave that port to rush to.

Along the way, Wen Qiao kept dialing Li Fengbei’s phone, but his mobile phone showed that there was no answer.

“Li Fengbei, please answer the phone quickly!”

No matter how many times she called, there was no answer.

Her heart gradually welled up a bad premonition, along with the heart is about to suffocate.

The car stopped at the seaside.

Looking at the endless sea, the sea breeze is calm, and white gulls are singing over the sea.

Wenqiao anxiously looking for the figure of the ship, but in addition to fishing boats and passenger ships, where is the figure of the ship?

Suddenly, the quiet harbor became noisy.

At the end of the road came the alarm of the police car.

In the sky, I think of the roar of the helicopter propeller.

Wenjo turned and looked across the road.

Bai Yichen, who was dressed in a white suit, got out of the police car with a dignified face.

Wenqiao froze all over, staring at him.

“Bai Yichen What are you doing here? ”

The sea breeze blows the bang in front of Bai Yichen’s forehead, revealing a solemn and sorrowful handsome face.

Seeing that Wenqiao was obviously stunned, he wiped his face heavily.

“Sister in law, I have bad news for you You must hold on

When Bai Yichen opens his mouth, Wen Qiao feels that his mind is buzzing and his face turns pale.

Bai Yi Chen bit to bite lip, don’t dare to follow Wen Qiao’s vision to go up at all.

“North brother North brother There was an explosion in the ship you were on

“It’s not like that!” Winjo fainted in the dark.

“Sister in law!”

Bai Yichen quickly catches her and presses her Ren Zhong with her fingers.

Wenqiao awoke with tears in his eyes.

She pushed away Bai Yichen and ran towards the sea.

Bai Yichen was shocked and ran after him, “sister-in-law, where are you going? Come back

An an is crying, but Yu Qing can’t hold it. She cries bitterly, “I want Daddy! I want Daddy

Chenchen clenched his little hand and looked at the sea. His eyes were full of tears. He sobbed in a low voice, “Daddy, come back!”

There were tears on winjo’s pale face.

As she ran, she exclaimed excitedly, “don’t chase me! I’m going to find him

“Where are you going to find it?”The sea is merciless. Where is she going?

Bai Yi Chen runs faster than her, a few steps catch up with her, block in front of her, tone heavy a few minutes.

“Winjo, calm down! Now North brother’s life and death are uncertain, you have to cheer up! ”

“No! I don’t want to listen Wenjo covered his ears and screamed excitedly, “he’s OK! You’re bullshit! Don’t stop me, I’m going to find him! He clearly promised me that he would come back to pick me up! ”

Bai Yichen blocks her way. Suddenly she turns around and jumps from the guardrail beside Bai Yichen.

“Sister in law!”

“Mommy

“Joe, Joe!”

At that moment, everyone’s heart almost stopped.

Wenqiao jumped from the fence more than ten meters high and fell to the beach.

Unable to stand up with pain in her feet, she dragged her injured leg to the sea.

Bai Yichen was already scared.

Run down from the iron plank road, Jun face a face of anger, a grasp of Wenqiao's hand, reprimand: "you don't want to die?"

"Let me go, I'm going to find Li Fengbei! I'm going to find him

"Are you crazy? How do you find it like this?" Bai Yichen gritted her teeth and begged her, "go back first, I'll go to the North brother. When I find him, I'll report to you the first time!"

"I'll go myself!"

"That would offend you!" Bai Yi Chen hand rises knife to fall, a palm splits in the back of her head.

"How dare you..." There was a look of astonishment in Wenqiao's eyes, and he fainted the next second.

When Xu Tianyu learned of the accident in lifengbei, he immediately drove to the seaside.

Just get off the car, see Bai Yichen knock Wen Qiao dizzy.

He grabbed Wenqiao and asked angrily, "Bai Yichen! What did you do to Joe? "

Bai Yichen looked at the comer, handsome eyebrow a pick, "I give her to you, you are responsible for her safe send home!"

When Xu Tianyu choked, did he really treat him as his subordinate?

But, the appearance of Wenqiao looks very bad, now the main thing is to send Wenqiao to the hospital.

Xu Tianyu took Wenqiao to the parking place and strode away.

Chapter 434

Yu Qing leads the two children and catches up anxiously.

Looking at Wen Qiao lying in Xu Tianyu's arms, he said with heartache: "Qiao Qiao, how are you? How can you be so stupid? What's the use of running over there? "

Xu Tianyu did not stop, explained: "madam, Qiao Qiao fainted! It doesn't look very good! We have to take her to the nearest hospital now! "

He just touched one of her legs, showing abnormal shape.

"Good, good!"

Although Yu Qing is worried about the safety of Li Fengbei, she still cares about her daughter. Moreover, she can't help her if she stays here.

Xu Tianyu, holding Wenqiao in his arms, walked eagerly to the parking place.

I happened to meet Rong Ba and Mu Junhao who got off the bus.

Mu Junhao and Rong Ba look at Xu Tianyu holding Wenqiao. Their eyes flash with consternation, and then they block Xu Tianyu's way.

Mu Junhao sneered coldly and looked at him with a bad face.

"What are you doing? North brother just had an accident, you are anxious to play corner

Xu Tianyu's warm and moist face was full of eagerness. "Qiao Qiao fainted. Now I have to send her to the hospital. Please get out of the way!"

Rong Ba looks at Wen Qiao who is dizzy and falls into Xu Tianyu's arms. Junmei frowns slightly and pulls Mu Junhao's sleeve.

"Brother Hao, let's go!"

Mu Junhao dropped his eyes and saw that Wen Qiao was pale without a trace of blood. Then he gave a cold hum and walked past them.

North brother just had an accident, they don't want to see Xu Tianyu and Wenqiao go too close.

It's like winjo betrayed North brother!

The car takes 20 minutes to get to the nearest hospital.

The doctor touched winjo's drooping leg and sighed heavily.

"The fracture, must immediately operate!"

Yu Qing turned pale, "doctor, you just said My daughter broke a leg? "

It was a thrill to think that winjo had just jumped off the guardrail and dragged his legs to the beach.

How can a daughter be so stupid?

If something goes wrong, what can two children do?

When the doctor heard Yu Qing's voice, he looked at her more and recognized her identity. He was immediately terrified and said, "it's the honorable lady of the president! People

Yu Qing's face was dignified, and she raised her hand: "there's no need to pay attention to such courtesy. I'm just a mother now. Please arrange the operation for my daughter right away!"

"Madam President, we will make an operation plan for your Highness The Princess right away!"

When winjo woke up again, he was stimulated by the strong light above his head.

"Li Feng North!" She murmured and opened her eyes abruptly.

White bed, white walls, white windows, eye-catching white.

She found herself lying on the bed in the operating room.

Thinking of Li Fengbei's unknown life and death, she suddenly turned over.

The nurse was surprised. She quickly put down the syringe and pressed her, "princess, you have broken a leg. You can't move now!"

"Let go of me, I'm going to find him!"

The nurse is very anxious. If the princess has any mistakes, she can't bear the responsibility!

"Princess, you can't go anywhere now! You need an operation right away!"

"My legs are fine, I don't want to stop me!" Winjo roared in despair.

She knew that her leg was very painful, but she was not as sad as the loss of Li Fengbei.

Too much pain in my heart, I can't feel the pain in my body.

She doesn't want leg treatment, she just wants him!

Miss nurse looked at her excited look, always feel that her spirit is not quite normal.

The nurse called out to the door in a hurry, "Dr. Gu, the princess won't operate!"

"What's the matter?"

Hearing the voice of the nurse, Yu Qing rushed in first.

She looked at winjo with a worried look on her face! Lie back, you have to operate now

"I don't want surgery!" Wen Qiao looks at Yu Qing prayingly.

When the surgery is done, it's too late.

Yu Qing's eyes were red and she couldn't help scolding: "you silly child! If something happens to you, what do you want those two children to do? Let them have no father and no mother?"

Referring to Chenchen and ANN, Wenqiao suddenly hid his face and began to cry helplessly.

"Mom, what do you do? If something happens to him, what shall we do in the future?"

"No!" Yu Qing looked at the helpless daughter, holding her daughter with tears, "he will be OK!"

"Mom! I'm sorry! I always worry you!"

"Don't say that, fool! What difficulties, mother will accompany you to spend together, you are not a person! Chenchen and An'an, as well as your mother, your adoptive father and mother, your brother, we will always be with youWen Qiao fell in Yu Qing's arms and shook his head in despair, "Mom, but you are not him! I just want him!"

Family, friendship, love, are unique, no one can replace who.

"Child

Yu Qing can do nothing but accompany her through these difficult years.

.....

Yuqing holds Wenqiao, until Wenqiao is tired and sleeps in her arms, she quietly leaves the ward.

“Madam, the princess must have an operation at once. She can’t be delayed any longer.” The doctor suggested.

Yu Qing worried, “doctor, my daughter doesn’t want to have an operation. What should I do?”

“Don’t worry, madam! Her present psychological condition is very unstable. The most urgent task is to find a psychologist to enlighten her! ”

Yu Qing’s face was dignified, “OK, I know! I will arrange it as soon as possible! You can also arrange the operation for her. I will persuade her on her side! ”

“Good!”

Yu Qing came out of the doctor’s office with a more dignified face.

I thought it would take a little time to persuade Wenqiao to do the operation, but when Wenqiao woke up, he didn’t cry or make any noise.

The original bright eyes like a moment lost all the luster, become only black and white.

She looks like this, language Qing is more worried.

“I’m more worried about you, Joe. If you’re sad, you’ll cry!”

Winjo looked at her seriously. “I don’t believe he’s going to have an accident! I don’t believe it. He just left us! ”

“Joe...” Yu Qing sighs heavily in the heart, can only follow her words to comfort her, “he’s OK, we cure the leg first, and then go to find him!”

“Good!” Wenjo finally broke into a smile.

Yu Qing looks at the smile on the woman’s face, a heartache is about to suffocate.

The police have been informed that the location of the accident has been found.

The ship exploded, leaving nothing but a mess.

If the woman knew the news, she would not know if it would be more collapsed, so no one would dare to tell winjo the news.

Chapter 435

——JOJO, words are like face to face.

When you see this letter, Bai Yichen must have arranged everything.

The things in the safe are all made by me in these years. It has nothing to do with the Li family.

I have transferred these luxury cars and real estate to your name, as well as the shares of lacrosse, which are also yours now.

You keep these things with the kids.

Joe, please forgive me for being selfish.

At your best age, let you wait for me for an unknown future.

Give me two years at most.

If I can come back, I will accompany you to see flowers bloom and fall, clouds bloom.

If I can't come back, you find a good man and let him take care of you for me.

But you can't forget me, only him in your heart, then I will be jealous.

In your heart, leave me a corner, just a small corner.

Also, don't go to the entertainment industry, I'm not at your side, I'm not at ease.

Love your north.

In the hot summer, the asphalt road in the sunshine turns white, and the cicadas chirp outside the window.

The innermost room on the second floor of Li's old house is the bedroom of Li Fengbei when he was a child.

Wen Qiao sat at the window, and handed Bai Yichen her letter in her hand, watching the huge leaves of the Wutong tree grow out of the air.

It's been two months since he left.

Everyone said that he had an accident, and there was no skeleton in the accident.

Only she firmly believed that he would not just leave.

Otherwise, why did he never come to her dream?

There was a thud of footsteps in the corridor.

Wen Qiao a tiny smile, just listen to the voice know is two baby back.

Wenjo folded the letter carefully and put it in the envelope.

Turning the wheelchair, he put the envelope into the safe and locked it with the things mentioned in the letter.

As soon as the lock was lowered, the door was pushed open.

Li mingjue came back from the outside with Chen Chen in one hand and an an in the other.

Seeing Wen Qiao, An'an immediately released Li mingjue's hand and jumped over with his short legs.

"Mommy, today my grandfather took us to the welfare home to play with many children."

Wenqiao looked at her daughter's red face, dried the sweat on her forehead with a towel, and asked with a smile, "are you tired of playing?"

“Tired! But I’m happy

Ann put her hand behind her and asked mysteriously, “Mommy! Guess what I found in the welfare home?”

Ann’s favorite game now is guessing.

Wenqiao had seen it for a long time, but he still pretended not to know and said, “Mommy can’t guess. What did baby pick up today?”

Ann spread out her palm, revealing a piece of green ginkgo leaves, like a treasure, said: “Mommy, you see, it’s ginkgo leaves! I heard from the storybook that as long as you float the ginkgo leaf into the river, it will carry your wish to the people you miss!”

Wenjo’s fingers gave a little pause, and then she heard Ann ask in a cautious and expectant voice, “Mommy, can it float to daddy?”

She missed daddy so much, but they all said that there was something wrong with him and he would never come back.

She didn’t believe that Daddy must be waiting for them somewhere.

Hearing Ann’s question, Chenchen opened her big black and white eyes and looked expectantly at Wenqiao.

“Mommy, where do you say Daddy is?”

Wenqiao’s thin eyelashes gently trembled to cover up the dark awn in his eyes.

She gently smile, the two children gently into his arms, “Daddy promised us that as long as we obediently wait for him, he will come back soon!”

“Well! We’ll be good!”

Hearing that, the two children believed in what winjo said.

Li mingjue listened to their conversation and could not help frowning.

Two months later, Wen Qiao still refused to believe the fact that something had happened to Li Fengbei.

I often tell the children that Li Fengbei will come back.

He stepped into the room with a kind face and asked, “Joe, what did you do at home today?”

The psychiatrist said that she is not noisy, her emotions are not vented, and she is most likely to do some extreme things. Her family should always pay attention to her developments.

“Daddy Wen Qiao said to him with a smile, “I learned nursing from nurse Helen today. It’s boring at home. I’m just looking for something to do!”

Li mingjue sat down on the sofa opposite her.

There is a laptop on the desk and the web page is still on.

Li mingjue's eyes inadvertently swept over it. When he saw the words in the search box, he looked slightly. Wenqiao felt his sight, and his eyes flashed with confusion.

She turned off the computer screen in a panic and explained, "I'm OK at home, so I went to the local forum."

She searched online about the state of Liluo. She didn't believe that the state could appear and disappear out of thin air.

Now the network technology is very developed, as long as you are sincere, you can find a trace of the state of Liluo.

But every time she mentioned Li Fengbei, they would ask the psychiatrist to come and chat with her.

She felt that she was right, but the psychiatrist always denied her idea, which made her very uncomfortable.

Seeing her vigilance, Li mingjue sighed heavily in his heart, "in the future, my father will no longer force you. If you don't want to see a psychologist, you don't want to see him. Why don't you go out and relax?"

Wen Qiao looked at Li mingjue in amazement, and he was delighted, "really? Do you really agree with me to go out? "

"Joe, we just want to make you happy!"

"Thank you, Dad!" Wenqiao looked at the two children and said, "Dad, Chenchen and Ann..."

"Don't worry, I'll take care of them!"

"Thank you, Dad!"

Strange to say, during this period of time, she was able to call Li mingjue "Dad" very intimately. On the contrary, she became more and more indifferent to Jun yechen.

Up to now, she still has no way to forgive Jun yechen for hurting Li Fengbei.

But no matter whether she likes Jun yechen or not, whether she recognizes her father or not, she still picks up her things and comes to the presidential palace.

When Yu Qing saw Wen Qiao, she was both happy and distressed.

"Do you feel better now? Did you drink the swallow that my mother had brought back from G country last time? "

Wenqiao said gratefully, "Mom, I drink every day. Don't worry about it!"

Yu Qing looked at her face a lot better, happy in the heart.

"Come back this time, stay here with mom for a few days!"

In the past two months, Wenqiao hardly ever came to the presidential palace, because she didn't want to see Jun yechen, but today she agreed with a smile.

“Good! I’m going out to relax in two days. I’ve come here specially to say goodbye to you. “

Chapter 436

Yu Qing’s delicate eyebrow, slightly frowning, flashed a touch of worry.

“Where are you going? Mom, can I go with you? ”

Yu Qing talks about it.

Wenqiao now look, she is not at ease that she went out alone, also don’t know big brother how to think, how can promise to let her go out alone?

Wenqiao shook Yuqing’s arm and said to her in a flattering way: “Mom, you can let me go! I will take a servant to take care of my daily life. I can’t do anything because my legs are not convenient. ”

Listening to her saying this, Yu Qing was a little relieved.

It’s right to think about it. Her nerves are too tight during this period of time. She is really afraid that one day the string in her heart will break, and she will

Want to hit this, language Qing quickly cut off this kind of idea.

Jun yechen gets the promise of Yuqing, and doesn’t want to fall out with her for the moment.

Seeing Wenqiao, he said with a flattering smile, “Joe, are you still blaming dad! Child, you misunderstood your father. It has nothing to do with him. It’s all the ghost of ah Jie! ”

Wenjo sneered in his heart.

Did not expect that Jun yechen could confidently push this matter to ah Jie and treat her as a three-year-old?

The hand that Wen Qiao puts under the table, fingers tightly hold up, but on the face is motionless, evoke faint smile.

“You are my father. How can I blame you?”

“It’s still Qiao Qiao!” Jun yechen poured a glass of red wine and clinked a glass with Wenqiao.

Language Qing cold next face, stop a way: “your leg injury is not good now, can’t drink!”

Wenqiao chuckled and spat out his tongue. “Mom, don’t be angry. I’ll listen to you. I won’t drink it!”

Yu Qing lightened her face.

Jun yechen said: “I’m in a good mood today. Joe drinks fruit juice and I drink red wine. We father and daughter have a good chat!”

“Good!” Wenjo had a good laugh.

At night, put down the guard Jun yechen drink high, early lie down to rest.

Wenqiao and Yuqing sleep in the same room. Mother and daughter keep whispering. They don’t sleep until the middle of the night.

Listen to Yu Qing's even breathing.

Wenqiao gradually opened his eyes. In the dark, his big eyes were as clear as water.

She lifted the quilt, got up gently, and walked towards the door high and low.

Everyone thought her legs were not good enough to walk in a wheelchair.

In fact, during this period of time, she worked hard every day and learned to take care of herself. She recovered very quickly.

Now she can walk without crutches, just one high and one low, looking a little lame.

This matter was concealed by her, in order to relax everyone's vigilance and let her leave.

Late at night, the presidential palace was quiet.

She like a cat, cat body, quietly opened the door of the study, squeezed in.

I found a bunch of keys from the desk drawer, put them in my pocket and went back to the bedroom.

It's like it never happened.

The next morning, Wenqiao suddenly proposed to Jun yechen: "Dad, I want to see that ah Jie! Where do you keep ah Jie?"

Jun yechen looked at her suspiciously, "what are you going to do with him?"

With a touch of anger on his little white face, Wenqiao almost gritted his teeth and said, "of course, I'll settle with him! He's the one who killed Li Fengbei. I'll tear him to pieces!"

"Ha ha!" Jun yechen burst out laughing, "yes!"

He thought that Wen Qiao really believed what he said. Ah Jie killed Li Fengbei!

After breakfast, Jun yechen really took Wenqiao to the interrogation room.

Through the glass, Wenqiao saw that Ajie was chained to the post. He was tortured and was not human. He was thin and only had skin bags. He looked terrible.

Hearing the footsteps at the door, Ajie opened his eyes and looked at them.

That pair of eyes is still sharp, and did not become embarrassed because of his situation.

Winjo snorted coldly.

Estimate he how all didn't think of, he can be the gentleman night dust anti put together?

Wen Qiao gnashed his teeth at ah Jie. Naturally, he couldn't sympathize with him. He just hated that he didn't torture him a little harder.

But now, she is looking forward to him.

Jun yechen looks at ah Jie and frowns in disgust.

During this time, he tried every means to stimulate ah Jie's potential, but his ability was not as good as Li Fengbei.

This made him very dissatisfied.

"Joe, ah Jie is here. You can tell him what you want!"

Wen Qiao walked towards ah Jie, raised his hand, looked at ah Jie's face and slapped him hard.

"This slap is for Li Fengbei!"

When she slapped her face, she made a big movement. Something fell out of her pocket and just fell at ah Jie's feet. Ah Jie looked down and it turned out to be a key.

His hearing was quick. Before we could see the situation clearly, he raised his foot and stepped on the key under his foot.

Wen Qiao taught ah Jie a lesson, then followed Jun yechen to leave.

Jun yechen looks at Wen Qiao's hatred of ah Jie, and thinks that she really regards ah Jie as the one who killed Li Fengbei. She is in a good mood.

Wenqiao followed Jun yechen out of the interrogation room. As soon as he lay on the bed, he heard the noise downstairs.

Ah Jie ran away!

The presidential palace is in a mess.

In her heart, she immediately lifted the quilt, got up, took out her mobile phone and sent a message.

Soon, the other party returned the message.

It's an address.

Wenjo packed his bag and let the servant push him downstairs.

Seeing her, Yu Qing said with some worry: "Qiao Qiao, ah Jie has run away. It may not be peaceful this time. You can stay in the presidential palace and go out to relax after a while?"

Wenjo said, "Mom, there are servants following me! You don't have to worry about me! "

"Do you have to go now? Can't you wait a few days? "

"Mom, I bought today's ticket!"

Seeing that she was so determined, Yu Qing couldn't stop her.

She sighed and told, "Joe, take care of yourself outside!"

"I will, mom, you don't have to worry about me, take care of yourself!"

When she got to the door, she couldn't help looking back, "Mom, help me take care of my two children!"

Yu Qing said with a smile: "I will take care of them if you don't say it! If you want to leave, go quickly, don't delay the flight"

"Ma!"

Wen Qiao's voice is a bit choked, the vision does not give up of saw language Qing one eye.

"Ah! Joe, is there anything else?"

A trace of doubt flashed across Yu Qing's mind.

Wen Qiao gave her a smile and waved, "take care of yourself!"

Yu Qing couldn't help laughing. "You child, it's like you won't come back in the future."

"Then I'll go!"

"Let's go!"

Yuqing is really worried that she will not give up, but her daughter is like this now, so she can't be forced to stay at home.

As he walked out of the presidential palace, wenjo couldn't help looking back again.

Find Yuqing still standing at the door, looking at her anxiously.

Wenqiao instantly red eyes, she forced to cry impulse down, small face squeeze out a smile, toward language Qing waved.

Yu Qing didn't expect that her daughter would turn back and wave to Wen Qiao with a smile.

"Goodbye," he cried! I'll come back as soon as I can, you know?"

"Good!" Worried that she would cry, Wenqiao held back her tears and turned to let the servant push her away.

The servant and the driver took her straight to the airport.

They were taken to the airport and the driver left.

The servant went to the window to collect the ticket, but when she came back, she found that Wenqiao had disappeared.

On the empty wheelchair, there was a letter.

"Young lady?"

The servant was shocked. He took the letter and opened it. His face turned pale with fright. "No, the young lady ran away from home!"

Chapter 437

Western suburb port.

Wenjo, wearing a cap, hid in the secret of the harbor, staring at a huge cruise ship on the sea.

After two months of hard work, she finally found clues about the state of Liluo in a local forum.

It turns out that every month in the state of Liluo, a ship sneaks into Ningguo.

Set sail at the beginning of the month and arrive at the end of the month.

That's all she knows. Where's the boat? How to get in? She didn't know anything about it, so she took the risk to let ah Jie out.

Li Fengbei is no longer in city B. ah Jie has no reason to stay in city B. once he is free, his first thought is to return home.

At that time, she just needs to find someone to follow ah Jie, and then she can find the way to go to Liluo.

Now only ah Jie can take her to Li Fengbei.

Ah Jie stood on the deck, looked left and right, and finally lowered his hat and went to the cabin.

When ah Jie disappeared, Wen Qiao came out of the hiding place.

She just hid there and observed for an hour. It seems that the ship doesn't need to buy a ticket, but it needs to have the identification of Liluo.

Wenqiao was worried. She didn't have the identity of Liluo at all.

All of a sudden, a man with a stiff suit and gorgeous and noble temperament appeared in front of him, followed by a servant who helped him wring the box.

The servant is respectful to him. He seems to be a rich and powerful man.

Wenqiao suddenly had an idea. She pretended to follow the servant. The servant walked and she stopped, pretending that she was with them.

"Master Ann!" When passing through the security gate, the ticket collector bowed respectfully to the man.

Anthony nodded and suddenly turned to look behind him.

Winjo bent down and pretended to tie her shoes.

I didn't expect to be really mixed in by her.

The man seems to be in a high position. The ticket examiners are very respectful to him. They don't have to show proof, and even the servants behind him don't dare to stop him.

Of course, she was also regarded as his servant.

Wenjo followed them all the way into the cabin, then left quietly and sat down in a hidden place.

She was so humble and lame that she didn't notice her at all.

She has no status, so she has no place to sit.

She hid on the deck, sat on the ground and looked at the sea.

On the beautiful sea level, the sun shines on the blue sea, and the water is sparkling.

Who would have thought that not long ago, in this beautiful sea area, a ship exploded, taking away almost all her heartbeat.

She could not help but get up, climbed to the railing, looked up, closed her eyes, and felt the salty sea breeze.

“Do you want to die?”

All of a sudden, behind him came a cold and violent drink.

“Ah Wenchao was so surprised that he slipped and fell into the sea.

Winjo was pale with terror.

It’s over. She won’t be so unlucky. She just ran out of her home and was about to die in the sea to feed the sharks before she came to Liluo?

Just as she closed her eyes and thought she was dead.

A pair of big hands took her by the collar and threw her on the deck.

Winjo took several steps back and fell to the ground.

“Ah She felt that her buttock had been broken into three pieces, and her tears were about to come out.

She rubbed her buttocks and looked at the man standing in front of her angrily. “What are you doing?”

“Woman, if you jump into the sea, jump into the sea. Don’t seek death on my boat!”

The man scolded arrogantly.

The voice is deep and pleasant, with the unique magnetism of adult men, like the wonderful music played by cello.

Why is this voice so similar to that of Li Fengbei?

Wenqiao’s heart leaped wildly. She suddenly looked up and looked forward.

the man in front of her looked like a male model who had just stepped down from the catwalk.

Against the light, the deep facial features were clear, and a pair of black eyes looked at her coldly. Her white skin seemed to glow in the sunshine.

When seeing the man’s face clearly, the smile on winjo’s face gradually solidified.

In the heart head huge joy became to lose, the eye son of crystal bright followed gloomy to go down.

He is not Li Fengbei, but the man who just brought her in.

Just now, the ticket collector called him “master an”.

Worried that he would recognize himself, Wenqiao hid his face and tried to leave secretly.

Man condescending, peach blossom eyes flash doubt, can not believe to touch his handsome matchless face.

Is he that ugly?

Just now, when the woman saw him, it was as if she had suffered a great blow in her life, with an expression of lovelessness on her face. He's the most beautiful man in Liluo!

Why didn't she feel surprised, didn't she feel surprised?

Annie East angrily toward Wen Qiao to shout: "Hello, I ask you words?" "Is that how you treat your Savior?"

Wenqiao stopped, turned and looked at the narcissistic man who was standing in front of him, dressed like a butterfly.

Xiaolian said calmly: "I don't think it hard. I just stand on it and watch the scenery!"

"....." Anthony choked.

What's the expression of this dead woman?

A woman in the kingdom of Liluo, who can see that he is not full of red heart, can get countless kisses after walking around, and is eager to jump on him.

How dare this woman laugh at him?

Anthony feels that his vanity as "the most beautiful man in Lilo" has been greatly questioned.

There is no woman in the world that he can't handle!

It's a long journey. It's good to have some fun.

Anthony's thin lip light a hook, tone suddenly become mild, it looks like a very small white rabbit abduction wolf.

"Little girl, this is not the way to look at the scenery. It's very dangerous on the deck. What you did just now is just looking for death! How can you treat your life as such a humble parent?"

Anthony's words, let Wenqiao slightly Leng.

Looking at the sea full of wind and waves, and then looking at the deck that was dingdong by the sea breeze, I felt a little ashamed.

She didn't think so much just now. Now she thinks that her behavior just now is really dangerous. That's why it's misunderstood by men.

It seems that this man really wanted to help himself just now.

"Thank you," wincho said gratefully

Anthony didn't expect that she would thank him. He was embarrassed.

He just wanted to tease her. Can't she see that?

His eyes fell on her, delicate features, slender figure, suddenly dangerous squint, “you are not from the country of Liluo?”

Wenqiao heart a tight, small hand subconsciously grasped the hem of clothes, this is her nervous, subconscious action.

“I I’m from Liluo! Where do you see that I’m not from the kingdom of Liluo? ”

“Is it?”

Anthony’s dark pupil, eyes a bit deep, squinting eyes full of interest.

Chapter 438

Wenjo, she’s a good liar. Her heart is pounding.

Unable to bear the man’s oppression, he finally bit his lip and nodded awkwardly.

“Can you keep this secret for me?”

She raised her big black and white eyes and looked at him prayingly.

Looking at these clear and transparent eyes, Anthony was stunned.

Should he call her timid or bold.

Since you are afraid, why do you want to do such a bold thing?

Anthony’s eyes were a little deep, and he waved to her, “come here!”

Wen Qiao carefully swallowed saliva, moved toward him, “how What’s the matter? ”

Anthony leaned close to her ear, lowered his voice and threatened: “the kingdom of Liluo is not allowed to enter. Once you find that there are outsiders breaking in, you can click directly!”

He raised his hand and made a sign to kill his head.

Wenqiao shivered and shrank his neck. Suddenly, he felt the cool sea breeze.

She stammered, “I think It’s not good to be cruel! ”

There are so many rules in Liluo country. She won’t be arrested and killed before she sees Li Fengbei, will she?

Anthony looked at her pale face. He was so proud that he scared her. He was scared!

He continued to threaten: “it’s not impossible for you to ask me to keep a secret for you. Just tell me your secret. What do you want to do when you go to Liluo?”

“.....” Wenjo always thinks that men laugh like a black fox.

She’d better not get too close to him.

Winjo, don’t start. He’s going to sneak away.

Anthony saw that she was going to leave, and Jun's face flashed a trace of displeasure, "Hey, where are you going?"

It's a long journey. It's good to have someone to talk with you. Besides, it's an interesting woman.

As a result, this woman has a little dislike him, which makes him feel very uncomfortable.

Wenjo stopped, turned to smile and said, "well, I suddenly want to go to the toilet!"

With that, despite Anthony's quick face, he ran away.

The man knew her secret and threatened her. She had better run away.

She went to the women's room for a walk and deliberately stayed for about half an hour before she came out.

That man won't be so boring, is he still waiting for her?

She washed her hands, and half of her head came out of the bathroom, where she was covered with a big shadow.

Wenjo looked up and gave Anthony a cold look.

She stepped back, patted her chest and cried, "Mom Just run.

Anthony's one meter two long leg caught her in three or two.

Carrying her collar, she returned to the deck.

He left her on the steps just now, raised his feet in front of her, and looked at her.

I ask you, do you really have any questions? You're a masterpiece of other countries, and you want to get into Liluo? Endangering our national security? "

"Ah? No, no! Absolutely not

Wenjo waved his hand quickly, his head shaking like a rattle.

"Well, to be honest, what's the purpose of you, a foreigner, to sneak into this ship?"

Wenqiao's heart beat to his throat. Is he honest or not?

The rules of the state of Liluo are so abnormal that they cannot be recognized.

For a moment, I felt helpless. I thought that I might be arrested before I saw Li Fengbei. Suddenly, I felt sad and tears came out.

Anthony was stunned. He suddenly began to cry and scratched his hair.

"Hey, why are you crying? I don't know. Do you think I'm bullying you? "

Is he asking too much?

Wenjo dried his tears and sniffed. "I didn't want to endanger your national security! I just I just want to find someone there! "

“Looking for someone? Who is it? ”

“A very important person!”

“What important people, relatives? lover? What’s your name? ” Anthony came up and asked in a very gossipy way.

I can’t bear that he’s a warm-hearted man. They live in Liluo and have great power. Maybe I’m in a good mood and can help her find it.

Wenqiao was frightened by him. At this time, they were so close that they could see each other’s eyelashes clearly.

Doesn’t this man have a sense of distance?

Wenjo leaned back without any trace and explained in a low voice, “it’s not an important person. You don’t have to say your name!”

Anthony narrowed his eyes and leaned over again. “Are you lying to me?”

“No!” Wenjo shook his head violently.

Anthony was very amused by his silly appearance.

Don’t think he doesn’t know. Just now when she was sneaking behind the post, he found her. The woman was quite clever, pretending to follow him, and came in disguised as his servant.

However, if he had not been willing to let go of the water, she would not know where to feed the shark.

She can’t help worrying, such a stupid woman, to the country of Liluo really can survive?

His eyes in her pure facial features light sweep, if not the forehead that conspicuous scar, is a beauty.

He couldn’t help but remind: “if you go to the Shiluo Congress like this, it’s a problem. I suggest you know more about Shiluo before you go.”

“What?” Wenjo looked at Antony with some silly eyes.

She really didn’t know anything about Liluo. For her, it was a new unknown place, full of all kinds of adventures.

Anthony glared at her, looking down at her.

This little woman is lovely, but it’s just too stupid, otherwise he can barely bring her into his mansion.

“Women in the state of Liluo must wear veils outside. Like you, if you are swaggering around with a face, there will be a big problem!”

According to the rule of the state of Liluo, a woman must wear a veil when she goes out. If she meets a woman who doesn’t wear a veil on the street, a man can grab her home directly without breaking the law.

Just like she just did, he could take her home as a wife.

If the veil of a unmarried girl is lifted by a man, she must marry the man.

This is a society where men are superior to women.

Wen Qiao was stunned for a while. Is this country still in feudal society?

Women's status is so low!

She suddenly thought of a question, "can men in Liluo marry many women?"

"Of course, the men of Liluo are the most honorable people in the world!"

Wenjo couldn't control the corner of his mouth.

The most honorable man is actually the male chauvinism.

Wenqiao's sly eyes turned.

She wondered if she wanted to pretend to be a man. Maybe it would be more convenient in Liluo.

Antony seemed to see what she thought in her heart, and could not help reminding: "don't mess with me. If you are found dressing up as a man, it's not as simple as death! That's life is worse than death! It's going to be immersed in a pig cage!"

"....."

You even have pig cages?

Chapter 439

What is not that women do not follow women's way, in that barbaric place, only in this way to treat women?

Wenqiao finally realized that he knew nothing about Liluo and his situation.

She looked up at Anthony carefully.

He doesn't look like a bad person. If he was a bad person, he wouldn't have said so much to her.

"That Can you tell me more about Liluo?"

Antony raised his lips and sat down beside her again. "What's in it for me if I help you?"

Benefits?

Wenqiao was stunned for a moment, and then felt in his pocket.

For a long time, I took out a bank card.

This is the second day of marriage when he offered tea to Li mingjue. Li mingjue gave her ten million yuan.

She asked foolishly, "that's all I have. When we get off the boat, I'll find a place to withdraw money and give you some money. There's ten million in it. How much do you want?"

Since people in Liluo are doing business in other countries, there must be various banks. She is not worried about this.

Anthony heard that it was ten million. He reached out and grabbed the bank card. "I'm not welcome!"

"Ah! It's not..." Wenqiao reaches for it. It's all her money. How can she live in Liluo without money!

Anthony hands up a Yang, relying on the height advantage, perfect to avoid the hands of winjo, showing a very shameless smile, "code number?"

"Give me the card back!"

Winjo jumped up in a hurry to grab the bank card.

All of a sudden, the boat shook violently, and wenjo couldn't help rushing forward.

Anthony put his eyes around her waist and brought her into his arms.

They fell heavily on the deck, and winjo banged his head heavily on Anthony's chin.

Antony felt half of his face numb and yelled angrily at the culprit, "what are you doing? Murder

"I'm sorry, I'm sorry!"

Wenjo realized that she was pressing on him, and her hand was in an indescribable place. The gesture was too ambiguous.

She jumped away and stood aside, awkwardly trying to find a hole to get in. "Thank you for what happened just now."

Antony realized that just now she had touched where she was, and the place had been propped up quickly.

"Damn it He gave a curse.

Close your legs awkwardly.

I just felt it when I was touched by her hand, and it was so strong.

Anthony felt very shameful, and a touch of rosy clouds came to his ears.

However, he put his arms around her waist, and the hem of his clothes was lifted. His fingers accidentally touched her skin, which felt as greasy as silk.

He had many women, and immediately thought of the wonderful feeling of greasy skin.

When he realized what he was thinking, he despised himself in his heart.

Damn it, he must have been going out for too long!

"Ah Wenqiao suddenly screamed, fell down on the ground, and cried out, "it's over! It's over

"What's the matter?" Anthony frowned in displeasure.

"The bank card has fallen into the sea! That's all my money

Thinking that he was penniless now, Wenqiao felt that he had nothing to love.

And all this is because of the man who likes pranks!

Wenjo pushed him away, turned and walked into the cabin.

Anthony realized that his joke had gone too far. He felt his nose awkwardly.

“Well, would you like to come home with me?”

Cough, in the past, women always followed him back. This was the first time that he mainly invited a woman to come back with him.

This woman has enough face.

Who knows, Wenqiao is not appreciative at all, as did not hear his words so, did not turn back to leave.

Anthony was kicking the deck impatiently.

Isn't that ten million? It's not a lot of money. Is she so angry with him?

She just said that this 10 million is all she has. I didn't expect that she is so poor!

Suddenly, Anthony rose to a strong sympathy for winjo.

He lost her card. He can't really leave her.

After listening to Anthony's words, Wenqiao found that there were almost no women on board, and one or two of them were also wearing veils.

She quickly from the trunk, looking for a silk scarf on her face.

Anthony saw that she ignored herself and followed her step by step.

He sat behind her and poked her in the back.

“Hello! Isn't that ten million? I said I would pay you money. Why don't you pay attention? “Wenqiao was angry for two minutes. Now she thought about it. There was something wrong with it.

It's not all his fault. She didn't stand firm and pushed him down.

“I don't need you to lose money. I have something wrong with what happened just now, and I can't blame you all!”

Anthony's lips were lightly crossed.

This is a silly woman.

If you don't take the opportunity to mistake him, you even say that you are wrong.

Does she know how to survive here without money?

Anthony's eyes turned, his thin lips opened, and he said, “well, you work for me, how about I pay you?”

Winjo's eyes widened in disbelief as he looked at Antony.

“Do you really want to hire me? I’ll do anything

Anthony thought about it and said, “then be my maid! When you get to Liluo, you can leave whenever you want!”

In this way, she will have no place to stay in Liluo, and she will have a comfortable month on board.

Is this a blessing in disguise?

Winjo was ecstatic, grabbing Anthony’s hand excitedly. “Thank you.”

Anthony dropped his eyes on her slender fingers and raised his lips.

A month later, the ship finally landed.

Winjo, carrying the suitcase, went down the deck and stared at the world in front of him, his eyes wide open.

It’s too far from her imagination. It’s more prosperous than she imagined.

She thought she would see a very backward country, like the virgin forest, but the current prosperity is more than any country she knows now.

All the way by boat, there was no mysterious area, and there was no need to fly to the sky. It was just a month’s voyage, and she arrived at this place.

This shows that this is not a very remote place. From the distance of the voyage, this is a huge island in the Pacific Ocean.

Now the satellite technology is so advanced, why no one can detect the situation here?

Anthony seemed to see her doubts, came up from behind and said with a proud face: “are we not bad here? The whole continent here is covered with reflective radar, and your satellite technology can’t detect it at all!”

Between the words, there is a strong aversion to the science and technology of other countries.

Chapter 440

i see!

Wen Qiao sighed in her heart that it was amazing, but how could she find Li Fengbei now?

More fortunately, Anthony is a doctor with excellent medical skills.

After his training and recuperation, her legs have been completely good.

Wenjo bit her lip and looked at Anthony hesitantly. “Where is this? Is it far from the palace?”

“The palace?” Anthony Junlang’s eyebrows slightly a Cu, look at her eyes become strange, “do you want to find people in the palace?”

Wenjo bit his lower lip and nodded seriously. “Maybe there, I’m not sure!”

After all, all she could think of now was the palace.

Anthony's eyes flashed something.

If it's a person in the palace, it's easy to do. As long as he says his name, he will send someone to check it.

"What's the name of the person you're looking for?"

Winjo was stunned.

Think of what LAN Feng said before, if Li Fengbei returns to Liluo, there must be many enemies. She can't reveal her identity for the time being.

She didn't want to be a threat to him.

Her eyes flashed slightly and she replied, "he's just an ordinary worker. You won't know if you say that!"

Anthony was thinking about the credibility of her words, and her dodgy eyes showed a big problem.

There must be something wrong with this woman.

Since there is a problem, he would better take it with him and explore her secret slowly.

"Not everyone can enter the palace! Well, you can come home with me first, and then you can make plans slowly."

Now it seems that this is the only way. There is no better way.

After a while, a black extended luxury car stopped in front of them.

A middle-aged man in a tuxedo bowed respectfully to Anthony

Seeing Wenqiao, the man was slightly surprised, but in a moment he restrained his expression and gave her a friendly smile. "You must be miss Wenqiao, aren't you? Miss wenjo, please

"Thank you

She was just a little maid. I didn't expect him to be so polite to her.

Anthony looked at her stupidly, frowned and glanced at her: "get in the car!"

"Oh Winjo sat in the back seat and looked around.

The car looks gorgeous and luxurious.

Is it rich to settle down?

The Butler couldn't help looking behind the seat in the rearview mirror.

Young master is not always like that kind of long legs, thin waist, body enchanting woman? When do you change your taste and like this kind of noodles in clear soup?

However, the girl looks like she doesn't have any scheming. Won't she be eaten by the ladies at home?

The car slowly stopped in the parking lot at the gate of Anfu. There had been a group of women dressed in fancy clothes waiting for a long time. Before the car stopped completely, these women swarmed in.

“From love, you finally give up to come back!”

“How can we go out so long this time? We’re dying!”

“Yes, honey, you must make it up to us this time.”

Wenqiao was sitting in the car, looking at the woman who came over like a butterfly.

These are Anthony’s women?

How to make it look like that hospital!

Suddenly, the way she looked at Anthony changed!

He’s not old enough to have married more than ten wives?

Anthony threw winjo a negative smile. “I took you in and cured your leg. Now you do me a little favor!”

Wenjo was a little scared. “What’s up?”

Intuition is nothing good.

Anthony naturally said, “help me deal with these women!”

“How do I deal with it? No, no, no, I can’t Ah

Wenqiao kept retreating, but Anthony pushed her out and threw her an encouraging look by the way.

“You can! I believe you

“Hello

Winjo, speechless, leaned back against the car door and looked warily at the women in front of him.

He married so many wives that he could not cope with them, so he took her on his back. Is that really good?

How can you feel that those women are all like hungry wolves? Will she be gnawed away?

“Hi! Hello everyone

She squeezed out a smiling face and raised her hand to greet everyone. As the saying goes, it’s a person who doesn’t smile!

All of a sudden, a strong aroma came, nose itching, very untimely, she gorgeous sneezed.

“Who are you?”

Looking at the strange women and the chirping women in front of me, all of them were quiet for a moment. That Jiao Di Di’s eyes, in the twinkling of an eye become sharp and frightening, but also with a shiny cold light.

If the eyes were a knife, Wenqiao would have been killed by them.

Standing in front of the woman is obviously the woman's eldest sister, step forward, up and down, looking around Wenqiao.

The eye son of amorous feelings turns, the tone is not good geology asks a way: "who are you? How can I be with my husband?"

Wenqiao was very uncomfortable with her. A woman's eyes seemed to see her heart through her skin, leaving no secret.

She swallowed and subconsciously stepped back, her whole back against the door.

"I I'm wenjo, Anthony's maid

"Maid? Did the maid call my husband by his name? Do you think we are fools?" The women were indignant.

"We met on the road," explained winjo! I'm really his maid! You're being taken for granted

I didn't expect that her explanation made everyone more angry.

"When you meet me on the road, you come home with my dear. How can you be so casual as a woman?"

"You say! Are you seducing my dear

"....."

"If you don't say it, it means you acquiesce!"

Oh, my God! She really didn't know it was like this!

Anthony is kind enough to take her home. Maybe it's the attention?

That's too much!

Just before winjo was drowned by the angry spitting stars, Anthony had secretly opened the car door and ran away from the other end.

Wen Qiao glanced at his figure, his eyes lit up and exclaimed, "look, your dear has run away!"

"What?"

"Dear! Why do you ignore us

"Dear! Wait for us

The girls had no time to talk to her and began to chase Anthony with their skirts twisted.

Wenqiao was relieved at last and took two deep breaths of fresh air.

The air of this garden style mansion is filled with the fragrance of rouge powder. How many women live in it!

This Anthony is so ugly!

In his heart, a servant came forward and said respectfully to Wenqiao: “miss Wenqiao, the young master sent me to entertain you! Please follow me
