

Chapter 435

Claire and Elsa, two good girlfriends, soon made a reservation about living together in the Tomson Villa.

Both women were very happy, but Charlie was a little depressed.

Claire is really innocent, she doesn't know Elsa has always thought about your husband.

Here she invited her to move to the villa to live with, silly wife, this is to lead a wolf into the room!

However, Charlie couldn't explicitly refuse this kind of thing, and he didn't have a reason to refuse.

Therefore, even if he is unsatisfied, he can only hide it in your stomach.

Elsa was very happy.

Because in this way, she can get along with Charlie day and night, in that case, the possibility of herself and him is much greater.

The car drove downstairs to Claire's house. After Charlie and Claire bid farewell to Elsa, they got out of the car and prepared to go upstairs.

At this moment, an Old Master saw the two get out of the car and hurriedly walked over to meet them.

Charlie saw that it was Tianqi.

When Claire saw Tianqi, she was immediately very excited. He greeted him and said respectfully: "Mr. Shi, why are you here? Last time you saved my father, I haven't had time to thank you."

Tianqi hurriedly waved his hand and said, "Mrs. Wade, you don't have to be polite. Shi did not dare to take credit for what happened last time. I came here this time because I have something to do with Mr. Charlie."

"Then let's go upstairs and talk? There is also a good tea from my father's collection at home. You are here, and he will definitely take it out to entertain you." Claire invited.

Tianqi smiled and declined: "Thank you, I just want to say a few words to Mr. Charlie, so I won't bother Madam Wade and your father."

Seeing that the two were polite, Charlie didn't end there, so he immediately interjected: "Claire, go up first, let me talk to genius doctor Tianqi."

Claire commanded: "Then you have to entertain the genius doctor."

Charlie nodded and agreed, Claire only then went upstairs.

Seeing Claire's departure, Tianqi respectfully bowed to Charlie and said, "Mr. Wade, I am looking for you because I want to report something to you."

Charlie nodded: "Say it."

Tianqi said: "Tomorrow, there will be a traditional medicine expo in Aurous Hill. I heard that there is still a 300-year-old purple ginseng to be auctioned. The whole Chinese medical profession is quite a

sensation. I think this magic medicine will not be born for a long time. It's rare, you may be able to use it, so I'll ask you, would you like to have a look tomorrow?"

"Three hundred years old best purple ginseng?"

Charlie couldn't help thinking for a moment.

According to the records in the Nine Profound Heaven Scriptures, purple ginseng is indeed a very rare good thing. The 300-year-old purple ginseng is a rare and precious medicinal material!

If you have this medicinal material, you can refine some more powerful pill, such as the rejuvenating pill that can bring the dead back to life.

Thinking of this, Charlie nodded and promised: "Okay, then go and take a look."

Tianqi hurriedly said: "Then I will arrange the invitation letter and will pick you up tomorrow morning."

"Okay, that's it."

"I will leave now." Tianqi bowed his hands in salute.

Bidding farewell, Charlie nodded, then stepped upstairs.

.....

Chapter 436

Early the next morning, Tianqi came to pick up Charlie and went to the traditional medicine Expo.

What Charlie didn't expect was that the venue of the Expo was also chosen in the Aurous Hill Convention and Exhibition Center.

The last time Junwei Gao came here, Junwei Gao was still very arrogant in front of him, but at this time, Junwei Gao and his old son Jianjun Gao were all turned into ashes, leaving no trace in the world.

The phrase "I don't know where to go, but the peach blossom still smiles in the spring breeze".

Stepping into the convention and exhibition center, Charlie saw at a glance that on the wall of the hall, there were still missing persons notices of Junwei Gao and Jianjun Gao.

The Gao family had increased the bounty to 30 million, but still did not find the whereabouts of the father and son.

However, these efforts are destined to be futile.

When Charlie and Tianqi walked in together, Qin Gang took Aoxue and greeted them together.

The Qin family is in the business of medicinal materials. This kind of traditional medicine expo, they are also the exhibition and sales parties, so they only prepared here early in the morning.

When he saw Charlie, Qin Gang stepped forward with excitement, and said respectfully, "Mr. Wade, you are here!"

Aoxue on the side seemed to be worried, and her face was a little haggard, he didn't know why.

However, seeing Charlie, Aoxue's mood still jumped up, walked to Charlie with a little shame, bowed obediently, smiled lightly, and said softly, "Hello, Mr. Wade."

Charlie nodded slightly and observed at Aoxue for a moment, knowing that she was pretending to be something, but the other party did not say, and he was not easy to ask, so he said to her: "Aoxue, your complexion is not very good, please pay attention to your health."

As soon as Aoxue heard this, her cheeks were blushing, she didn't expect Charlie to care about her for the first time, and she couldn't help making her feel even more happy, nodding her head again and again.

Qin Gang also said respectfully: "Mr. Wade, I wonder if you are here for the 300-year-old purple ginseng?"

Charlie nodded and asked, "Any specific news?"

Qin Gang smiled and said: "This 300-year-old super-quality purple ginseng was acquired by accident by a medicinal company near Changbai Mountain in the northeast. It is said that the starting price this time is 5 million. The price alone is not high, but 5 million. A purple ginseng is actually quite high. It is estimated that the final bid will be more than 30 million, and the price/performance ratio is not too high."

Charlie nodded.

A superb purple ginseng is really of little use to ordinary people or doctors of ordinary traditional medicine.

Whether it is purple ginseng, ganoderma, or cordyceps, these precious Chinese medicinal materials are basically not useful if they are eaten directly. They do have the effect of strengthening the body, but they have no ability to cure all diseases.

Therefore, if good medicinal materials want to exert their maximum effect, one depends on the combination of prescriptions and the other depends on the ability of refining medicine.

The prescription is the most important thing. Use the same ten medicinal materials to make a prescription. Some can cure diseases, and some can kill people. The fundamental reason lies in the different proportions of the ten medicinal materials, just the proportions. Differences can lead to such a big gap, and if there are a few different medicines, it is very different.

As for the ability to refine medicine, it is based on a good prescription to refine good medicinal materials into good medicine.

If the ability is not enough, the medicinal material of 10 points will be refined into 1 point.

If the ability is very strong, 1 point of medicinal materials will finally make 10 points.

If it is strong in all aspects, a medicinal material with 10 points can even make 100 points.

Charlie's ability is the kind of medicinal materials with 10 points, the kind that can make 100 points of medicine.

In addition, he has a classic recipe that has been lost for a long time, and he can even produce medicines far exceeding 100 points.

Therefore, something like the premium purple ginseng is useful to him, but it really doesn't make much sense to others.

But with his own hands, he can refine a better miraculous medicine, much better than the pill given to everyone last time!
