

Chapter 441

"Young master, Mrs. Cheng won't put such important things in her bedroom. With her personality, she will hide them in places that others can't imagine."

Zhao Si slowly walked in and said that his steps were very light, just like a beast hiding his body. This little man, who looked very humble, showed his strong strength intentionally or unintentionally everywhere.

Huo Tingchen stops. He thinks Zhao Si has made a lot of sense, so he carefully recalls every detail after seeing Mrs. Cheng. It seems that there is nothing he can't put down.

"Before Cheng Laofu's life, she only used one set of tea set. No matter what tea she drank, she only used this set."

Zhao Si came over, picked up a set of tea sets on the table and said to Huo Tingchen faintly.

Huo Tingchen's eyes flickered with uncertain light. He found that Zhao Siyuan was more careful than he thought. No matter how powerful he was, he would be on guard against such a man.

As long as he feels that someone can threaten him, he should be prepared to deal with what if. This is Huo Tingchen's rule.

The tea set is very common. It seems that there is nothing special about it. Huo Tingchen carefully picked it up and looked at it carefully, but he didn't find any clue for a long time. He knocked it with his fingers a few times. It seems that the middle of the four walls of the tea set is not hollow. Obviously, he can't hide any secret things.

"Maybe she just likes to use this set of tea set, you think too much, there is nothing special about this set of tea set."

Huo Tingchen put down the tea set, his expression was a little lost, but his eyes flashed an imperceptible cunning.

Zhao Si Mu Na nodded: "yes, maybe I think too much. Young master, there's news from the riverside that Cheng Mo Bing has collected all the funds in the group. It seems that he is going to give it a go.

"Well, as expected, both she and Xu Zheng are eager to decide with Jin Zhengting. We will take this opportunity to solve the internal problems. Since Jin Zhengting doesn't want to cooperate with me, I have to start the second plan."

Huo Tingchen pondered, a pair of Phoenix eyes showed a confident expression, everything is still under his control, since Cheng mobing chose the opponent, then he is ready to take advantage of it.

But Zhao Si shook his head: "young master, Cheng mobing is not a simple woman. I think she has guessed our plan. I don't understand why she has to make a decisive battle with Jin Zhengting. I think she must have another plan."

Huo Tingchen frowned slightly and thought over all the possibilities. Suddenly, she was surprised: "I'm afraid she's not trying to win with Jin Zhengting, but is ready to sell Xu Zheng. With the capital Xu Zheng now has, it's hard to win with Jin Zhengting. She wants to use Xu Zheng to consume the strength of Tianhong Group. I'll take all the power of Tianhong Group. All of my working capital has been invested in the jewelry company. If Xu Zheng fails, then my investment will go to nothing! "

Zhao Si stood there, not speaking, but his face also showed a clear look.

Huo Tingchen's brow wrinkled deeper: "it's really a woman with deep intention. She used a very small price to lure Xu Zheng to take all my investment and fight with Jin Zhengting. While she was watching the play, waiting for one side to fail, she would make a decisive move and quickly swallow the failed side. No matter what, it's good for her to be invincible. Cheng mobing, what's your way That's brilliant. "

"Young master, what do you want to do?"

Zhao Si asked faintly, as if he had no interest in these things.

"It's too late to withdraw the capital. Cheng mobing must have seen this. She wants to force me to a situation where there is no way out. Finally, she can only let Xu Zheng gamble. If I don't expect it to be wrong, she will soon let Xu Ting come to me. Zhao Tongxin will switch to the catering industry. I won't sit back and ignore her. This woman seems to want to seize my psychology. It's really meaningful One set. "

Huo Tingchen's eyes are gradually cold. He doesn't like the feeling of being calculated. Now he just wants Cheng mobing to pay the price.

"Young master, if you choose to withdraw the capital, the strength of Tianhong Group will be seriously damaged, not only Cheng mobing but also Jin Zhengting will be cheaper. In this process, the strength of the three parties will be equal to the same level again. At that time, a delicate balance of power will be formed, and no one will rush out, otherwise they will die very ugly."

Zhao Si calmly analyzed it. It seemed that he was not interested in business affairs, but the analysis was clear, and even Huo Tingchen agreed.

"I think it's time to ride a tiger. Instead of the situation you said, let Xu Zheng fight. If he can defeat Jin Zhengting, it would be better."

Huo Tingchen also has the same heart as gamblers, especially in the case of no retreat.

"I can only pray for luck far away from the stars, young master. If there is nothing else, I will go first."

Zhao Si said, turned around and left silently.

Huo Tingchen watched his figure disappear, then took out his mobile phone and dialed long Jiu's phone: "you come here for a while." Soon, long Jiu appeared in Mrs. Cheng's bedroom. Now she was a bit dusty, because she had just come back from the riverside, but she didn't have any tired look on her face. In order to complete the task assigned by Huo Tingchen, no matter how tired she was, she was willing.

"Brother, what can I do for you?"

Long Jiu gives Huo Tingchen a wink first, and then asks.

Huo Tingchen stretched out his hand and raised longjiu's chin with one finger. He showed a charming smile on his face: "come back, you've worked hard."

Long Jiu enjoyed Huo Tingchen's action. He shook his head and said, "brother, I don't feel hard working for you at all."

"This is left by Mrs. Cheng. There may be a secret about how to open the treasure. I probably know where it is, but I'm not very familiar with the environment here, so I have to ask you to come here. I need a room that is absolutely undisturbed to solve the secret."

Huo Tingchen said to the point, in fact, when he picked up the tea set, he had discovered the secret, but he would not let Zhao Si know, because he wanted to be on guard against Zhao Si.

When he first picked up the tea set, there was still water in the teapot. Huo Tingchen was very keen to find that the volume of the teapot was out of proportion to the weight of the water. That is to say, part of the space in the teapot was occupied, so there was less water. This careful discovery gave him an important clue to open the treasure.

But in the whole Cheng family manor, if there is one person he trusts, then there is only dragon nine.

Long Jiu thought about it and said, "brother, I know Cheng Mohan has a secret study here. We can go there."

Huo Tingchen picked up the tea set and followed long Jiu. They walked around the manor carefully for a while. After confirming that no one was following, they finally came to a dark Pavilion.

There was obviously no one here. The grass was luxuriant all around. Long Jiu looked around and saw that there was no one else around. He knocked on a pillar of the pavilion a few times.

A stone table under the pavilion suddenly vibrated and made a slight friction sound. In a twinkling of an eye, it moved to reveal a dark hole.

Long Jiu motioned Huo Tingchen with his eyes to follow him and take the lead in getting into the cave. Huo Tingchen subconsciously touched the gun on his waist, took a deep breath and followed her to get in.

The entrance is so small that it can only accommodate one person. It is about three meters away from the ground. When Huo Tingchen's feet touch the ground, the entrance suddenly opens up.

It's almost a modern underground villa, with high-end sofas, leather seats, crystal chandeliers hanging overhead, and hand-made carpets that are too soft to talk about. As long as you can think of luxury goods, there are almost everything here.

"Brother, this is the study that Cheng Mohan secretly built when he was still there. Many times he planned how to seize the power of the Cheng family here. As a former follower, I knew that there was such luxury here by chance."

Long Jiu sat on the sofa and said to Huo Tingchen with a smile.

Huo Tingchen let out a sound. He didn't think about these problems now. The most important thing is to solve the secret of the tea set. He carefully put the tea set on Han Baiyu's desk and said to long Jiu, "is there anything like rubber here?"

Dragon nine faint smile: "brother, here as long as you can think of things, there will be."

As she spoke, she pressed a button on the desktop and quickly raised a luxurious LCD screen. Long Jiu's fingernails touched a few times and entered the word rubber.

Soon, a wall suddenly pops out, which is sealed with superior rubber. Long Jiu goes over and takes out the rubber and hands it to Huo Tingchen.

Huo Tingchen poured the water out of the tea set, put the rubber in carefully, daubed it on the four walls of the teapot carefully, and then took out the rubber with a very gentle action and put it on the table.

The rubber has been concave into a line, which is a very small line of text. The inside of the teapot is protruding. Huo Tingchen used this method to get the protruding text.

In a very simple sentence: in addition to Huo Zhong, there is another person who knows how to open the treasure. She is Cheng Meiqin.

"Cheng Meiqin?"

Huo Tingchen murmured the name, seemed to feel very familiar, and seemed to have never seen this person.

"Brother, as long as we find this man named Cheng Meiqin, will we find a way to open the treasure?"
Dragon nine sees his one face contemplative appearance, can't help but ask a way.

"Well, it's not easy to find Cheng Meiqin."

Huo Tingchen can't help feeling discouraged. Finding a person who has never seen or left any information in the vast crowd is like looking for a needle in a haystack. It's too difficult. Moreover, it's very secret. It's even more difficult to use Zhao Si to help him finish it.

"Brother, we'd better wait and see. No one can get the treasure anyway. Let's concentrate on Jin Zhengting and Cheng mobing."

Long Jiu also knows that it's hard, but she doesn't want to see Huo Tingchen's distress, and timely sends comfort. Huo Tingchen's mind suddenly has a flash of inspiration. Long Jiugang just mentioned Jin Zhengting, which reminds him of Zhao Tongxin. He seems to have some impression that Zhao Tongxin's foster mother is Chen Meiqin!

"Chen Meiqin, Cheng Meiqin, are they the same person?"

Huo Tingchen pondered and said to himself, and suddenly asked long Jiu, "you grew up in the Cheng family. Do you know how many brothers and sisters the Cheng family had in the previous generation?"

Long Jiu thought about it carefully and replied, "I remember it was like three brothers and sisters."

"Where are his two younger sisters, except for the last generation of the Cheng family who died?" Huo Tingchen's tone was urgent.

"I don't know very well. It seems that long ago, because I couldn't stand Mrs. Cheng, I ran away from home. There is no news from now on. Mrs. Cheng doesn't allow anyone to mention them. Brother, why do you suddenly ask this?"

Huo Tingchen hit the table with a heavy fist, gritted his teeth and said, "it's all my fault. If I had known she was Cheng Meiqin, I would have left her life for a while."

He is full of regret now, because he killed Chen Meiqin himself.

Night, the company's window is already a light.

After finishing the last document, Zhao Tongxin finally breathes a long breath. After meeting Yang ziye, he rushes back to the company and is immersed in the sea of documents. Unconsciously, he has been busy for nearly five hours.

The slender neck became numb and heavy because she kept reviewing the documents for a long time.

She wriggled a few times, and the sour feeling made her eyebrows wrinkle slightly.

A pair of warm broad palms attached to her shoulder, Zhao Tong heart startled, hurriedly looked back, Jin Zhengting face serious standing behind her, hand action did not stop, slender fingers in her neck slowly moving.

A very comfortable feeling came from the neck. The feeling of acid swelling was effectively relieved. His technique was really good.

Zhao Tong Xin looks at Jin Zhengting with some apology. He is too devoted. He doesn't even know when he will come to him. He looks up at the clock on the wall again. It's more than eight o'clock in the evening.

"Zhenqting, when did you come?"

His massage was very comfortable. Zhao Tong Xin felt a burst of soft fatigue in his body. He reclined on the chair, his beautiful eyes closed slightly and asked softly.

Jin Zhengting's movement did not stop at all, and his voice was still cold, but with unspeakable tenderness: "it came at seven."

"Ah?"

Zhao Tong didn't know that he had been waiting for him for more than an hour. He felt a sense of guilt in his heart, but he was more moved. Maybe he was the only one in the world who could accompany her silently when she devoted herself to her work.

Look at his calm look, there is no impatient look, Zhao Tongxin's heart feels warm.

"Zhenqting, you don't inform me when you come, and you should call me when you come."

Her voice is very soft, with unspeakable tenderness, she likes him so to himself, let himself have a unique feeling.

Jin Zhengting mouth slightly Yang said: "see you busy, did not want to disturb you, I can see you are very tired, how, now better?"

"Well, I feel much better."

After Jin Zhengting's conditioning, she really felt a burst of unprecedented ease.

Jin Zhengting stopped his action and said faintly, "after the work is done, you can go to dinner."

"Shall we not go home for dinner tonight?"

Zhao Tong's heart stretches a little and asks Jin Zhengting suspiciously. Recently, both of them are very busy, so they basically eat dinner at home, because they don't have much time to spend together.

"Well, eat out. I heard that your restaurant chain is about to open. As the president, you should invite me to dinner."

Jin Zhengting said faintly, with a warm smile in his eyes. This is one of the few jokes he can make. It can be seen that he is really in a good mood today.

"If you have anything happy, please tell me."

Of course, Zhao Tongxin can feel Jin Zhengting's good mood. When he is in a good mood, she will also feel relaxed. Even the tiredness after a busy afternoon seems to be eliminated at once.

"The reason is simple, because the way you work hard is really beautiful."

Jin Zhengting's eyes are full of appreciative expression. He stares at Zhao Tongxin lightly and says gently.

Zhao Tongxin's face can't help blushing. Although he has been with him for several years, he doesn't like it very much or is not good at saying some love words that girls like to listen to. Such praise is less, but more precious.

"It's not as good as you said. I'm too involved. I can't remember anything. You see, my hair is in a mess." Zhao Tongxin takes out his mobile phone and carefully looks at his beautiful face. He shyly arranges his slightly messy hair.

"Don't move."

Jin Zhengting said in a tone close to command. His slender fingers touched her hair and arranged her scattered hair. Because of the close distance between the two people, his eyes were bright and her pupils were gentle. Her gentle pupils were full of his bright eyes, and his bright eyes were full of her gentle pupils.

Four eyes opposite, speechless, they did not speak, do not need to speak, two people cultivate tacit understanding, just a look, can read each other's heart, because each other's heart, is relying on together.

"Zhengting, I love you."

Zhao Tongxin finally said this sentence. She seldom mentioned the word "love" before, because she didn't think it was necessary. Even if she didn't say anything, Jin Zhengting understood her intention.

But now, she just wanted to tell him how much she loved him and how much she loved him. Before, she

thought she couldn't say it, but now she said it naturally, even if it was easy.

Sometimes, love a person to tell him, say it out loud will not let yourself regret.

"Me too."

Maybe Jin Zhengting will never say the word love, but he knows what he really thinks in his heart. For her, she doesn't need him to say it, because she knows his feelings for herself, which is enough. "Well, forever."

Zhao Tongxin's eyes are twinkling with tenderness. She is not hopeful, but firm. She believes that she will go to the end with him, because this is her promise to herself.

"Yes."

Jin Zhengting said faintly that he took her hand. Her hand was tender, smooth and delicate, as soft as boneless, just like her gentle character.

"Let's go to dinner."

Zhao Tong Xin cleverly nodded: "OK, just go to the flagship store that has just been decorated."

"yes, you has the final say today."

Jin Zhengting showed an extremely charming smile, took her hand and walked out of the office.

Spoon garden dutifully waiting at the door, but standing a little far away, she can naturally see the warm happiness on two people's faces. At this time, she doesn't want to be a light bulb.

"Boss, do you need me to drive?"

Two hands hand in hand came out, spoon garden just came forward, asked in a low voice.

"Spoon, you go back first. You haven't had a good rest these two days. Today is your holiday."

Zhao Tong blinked at Shaoyuan, then peeked at the handsome Jin Zhengting.

Shaoyuan's face showed the expression I knew, and secretly made a face to Zhao Tongxin: "well, Tongxin, I'll go back first."

"Well, be careful on the way. Bye."

After saying hello to Shaoyuan, Zhao Tongxin nestles up to Jin Zhengting and takes the elevator down to the parking lot.

Jin Zhengting's World Limited Edition Ferrari is quietly parked there. The cars around him consciously park far away. The people in this building are all discerning. Once this car stops here, absolutely no other car dares to approach. Even if it cuts a bit of paint, it can't afford to lose money.

Jin Zhengting opened the car door for Zhao Tongxin first. She was deeply moved by this subtle action. He thought of her first at any time, proving his care for her.

Jin Zhengting's driving skills can't be compared with those of the whole Jiangbin city. The Red Limited Edition Ferrari is drifting in the traffic, but it's extremely smooth, and soon comes to the most luxurious western restaurant.

The manager of the restaurant is still the same as the old one, but now he has changed his boss. Seeing that the boss came in person, he quickly took a group of service staff out to meet him.

The restaurant hasn't officially opened yet, so there are no guests, but the staff are trained here before opening, so the staff are quite complete.

"Mr. Jin, Mr. Zhao, why are you here in person?" The manager bowed politely and asked cautiously. He thought they were coming to inspect the training of the restaurant.

"We're here for dinner."

Jin Zhengting's cold face, without too much expression, gives people a kind of momentum.

Although the restaurant manager often contacts the upper class, he is extremely uncomfortable with Jin Zhengting's momentum. He swallows a mouthful of saliva and politely makes a please gesture: "Mr. Jin, Mr. Zhao, please."

Zhao Tongxin gives him a comforting smile and walks into the restaurant with Jin Zhengting. She is very satisfied with the professional quality of the restaurant manager.

Entering the restaurant, Jin Zhengting first looked at the layout, and soon found that it was different from before. If the former restaurant was a social place for high-level people, now the restaurant is more like a warm home.

Luxury decoration has disappeared, replaced by only a small family table, as well as warm colors of warm home feeling.

Jin Zhengting nodded gently as he walked. He was very satisfied with Zhao Tongxin's business philosophy.

"Tong Xin, you are doing well. No wonder ziye can't wait to cooperate with you."

Zhao Tong Xin's face is not proud of the expression, just light said: "maybe I'm not a real businessman, I just want everyone to feel my happiness now, a lot of times, people always ignore the best things, such as the feeling of home."

Jin Zhengting's eyes became more and more gentle, and he gave a faint smile: "I think the whole riverside will soon feel this kind of happiness, won't it?"

Zhao Tong heart knowing smile, and his hand more tightly.

When they sat down, a waiter had already brought wine. Jin Zhengting frowned slightly and said to the waiter, "change it to water."

The waiter quickly removed the red wine, brought two glasses of pure water, and then stood at the dining table, the atmosphere did not dare to breathe, after all, today's guests are special, they can decide his future.

Jin Zhengting held out his hand and felt the temperature of the water with the back of his hand. He found that the water was not cold at all. Then he looked a little satisfied and said to the waiter beside him, "you can go down."

The waiter was pardoned, bowed quickly and left quickly. He didn't want to make any mistakes in serving the two leaders of the group, and then lost the position he had won so hard.

Zhao Tongxin's eyes are full of happiness. Jin Zhengting is too close to her. He knows that she is pregnant and can't drink, so he asks the waiter to bring water and test the temperature of the water to make sure it won't be very cold. He has done the best in every detail. Only when she is all in his heart can he do this. "Zhengting, do you think my idea is feasible?"

Zhao Tongxin still has no confidence in her business philosophy. After all, this is the first time that she has independently run a major project. She needs Jin Zhengting's affirmation, and only his words can give her confidence.

"There's no problem. I'm sure you'll succeed."

Jin Zhengting said faintly: "I'm not perfunctory, because in addition to ziye, there are people who show strong interest and want to join your catering group."

"Who is it?"

His affirmation reassures Zhao Tongxin. She is curious about who else wants to join the project she presides over.

"Lu Moyan, zhanyan needs to spend energy on foreign companies, so he can't participate. But his younger brother is in the catering industry. After learning your idea, he also wants to participate."

With a smile in his eyes, Jin Zhengting took a sip of water, put down his glass and said, "you should have confidence in yourself. Besides me, the affirmation of senior people like ziye and Lu Moyan is the biggest praise for your idea."

"No, Zhengting, only your affirmation is my praise."

Zhao Tong Xin said happily.

Chapter 443

"I'm sorry, miss. We haven't opened yet. Please come back after we open."

The restaurant manager said politely to the two beautiful women at the door of the restaurant.

This restaurant used to be the most luxurious western restaurant in Jiangbin. All the guests came from the upper class of Jiangbin city. The manager of the restaurant did his homework very well. He recognized one of them as a socialite in Jiangbin City, Xu Ting, the eldest lady of the Xu family. He also had a faint impression of the other, the woman who had three fights with Zhao Tongxin and threatened to buy the restaurant.

This woman is naturally Cheng Mo Bing. Today she and Xu Ting come together to inquire about the real and the false.

"Your boss is my cousin. Can't I go in?"

Xu Ting is still that pathetic appearance, but faintly reveals the meaning of threat.

The manager of the restaurant is a smart man. He also knows that Zhao Tongxin is from the Xu family, so he hesitates to let them in. After all, it's the relatives of the boss who are not easy to offend.

Cheng mobing pulls Xu Ting and coldly looks at the embarrassed Restaurant Manager: "don't talk nonsense with them. If we want to go in, what qualifications do we have to stop us?"

Cheng mobing's strength makes it hard for the restaurant manager to stop him. He doesn't know Cheng mobing, but the last time she had a fight with Zhao Tong, he was also there. The person who would buy the restaurant with billions of dollars is not an ordinary person.

Miss Xu can be regarded as a figure at the top of the pyramid, but she looks down upon this woman. She can see that Cheng mobing must be in a higher position. The job of the restaurant manager is to deal with people. She has already been trained to observe her words and looks. So she concludes that Cheng mobing is not the one she can provoke.

So after a short hesitation, they gave way and let them go into the restaurant.

The manager didn't stop, and the waiter would not interfere. The two waiters bowed professionally and politely, and then opened the door for the two beauties.

Xu Ting lowers her head and looks like a good girl, but her eyes are full of cunning light. The more powerful Cheng mobing is, the better her disguise will be. She will attract all the hatred to her, and she can achieve the goal she wants.

She has a verbal agreement with Cheng mobing, which is a kind of cooperative relationship. However, Cheng mobing is Huo Tingchen's serious trouble. Xu Ting, who is clinging to Huo Tingchen's thigh, has already regarded her as an enemy subconsciously, so she has secretly schemed against her. In other words, Xu Ting prefers to use scheming when facing anyone, because it has become a part of her life. It's a habit.

As soon as Cheng mobing walked into the restaurant, he was attracted by the recent decoration of the restaurant. At the same time, with years of business experience, he could almost immediately conclude that Zhao Tongxin's job transfer would be very successful.

Her eyes flashed a few strange looks, but her face was silent, because she would not tell Xu Ting her intuition.

Even if the two people are now in a cooperative relationship, the intimacy of this relationship is limited. Besides, Xu Ting is still the president of Huo Tingchen's company, and she has this deep defense against Xu Ting.

Xu Ting is not as keen on business as Cheng mobing. On the contrary, in her eyes, such decoration is too common, even rustic, so she disdains Zhao Tongxin's business philosophy. She thinks her worry is superfluous, and Zhao Tongxin is determined to fail.

"Do you want to fight me with such taste? It's a civilian who has never seen the world. "

This is Xu Ting's most real idea.

Each of them is worried. As they walk, they suddenly find Jin Zhengting and Zhao Tongxin in the middle of the restaurant.

At this time, Jin Zhengting was very attentive. He was holding a napkin and carefully wiping the tableware for Zhao Tongxin. His serious expression showed infinite tenderness.

Zhao Tongxin, sitting opposite, gazes at him with gentle eyes. In her eyes, there is a feeling called happiness.

Xu Ting's heart immediately suffused with a sour taste. When she saw Jin Zhengting's meticulous care of Zhao Tongxin, she couldn't bear it. Even though she was still pitiful, she couldn't hide the trace of

resentment in her eyes.

She hates Zhao Tongxin because she takes it for granted that Zhao Tongxin robbed everything that should belong to her. If Jin Zhengting was not present, she would have rushed to tear Zhao Tongxin to pieces.

Cheng mobing is obviously calmer than Xu Ting, but there is also an imperceptible coldness in her eyes. If she wants to get Jin Zhengting, Zhao Tongxin is the obstacle in front of her, so Zhao Tongxin passively becomes her natural enemy.

It's just that her purpose is different from that of Xu Ting. Xu Ting's purpose is much more simple than her. She really likes Jin Zhengting in her heart and wants to be with him. In order to get his heart, she will spare no effort. It can also be said that she will do anything. This is due to her personality.

But Cheng mobing is different. She wants to be with Jin Zhengting. She doesn't just like him. She values the Jin family's assets behind Jin Zhengting. Being with him is just a fringe benefit and a prerequisite for getting the property she covets.

Although they want different things, their purpose is the same, that is to take Jin Zhengting as their own, so Zhao Tongxin naturally becomes an obstacle to their goal, so in their eyes, Zhao Tongxin, who is enjoying the warmth around Jin Zhengting, is their biggest enemy. Because of the angle of sitting, Jin Zhengting didn't see the two women coming in, but Zhao Tongxin soon saw them, and his gentle eyes gradually became sharp.

A woman's instinct tells her that these two women are full of hostility to her because she wants to rob the man she loves. This is something she can't stand.

Seeing Zhao Tongxin's wary eyes, Jin Zhengting looks back, and his gentleness fades away. In his eyes, Zhao Tongxin is the only woman. In his heart, other people are only divided into two kinds, friends or enemies. These two women are undoubtedly their own enemies, not because of hostility in business, not because of hostility in position, but because of their friendship Zhao Tong is hostile.

Every person who is hostile to Zhao Tong is his mortal enemy, because he only cares about her, and there is no other person to replace him.

"Zhengting, Tong Xin, you are here, too."

On this occasion, Cheng mobing is naturally not easy to talk. Xu Ting also likes to see her embarrassed appearance. With a woman's unique keen intuition, she can see her desire for Jin Zhengting from Cheng mobing's eyes, so she is also her enemy.

But she knows that it's not the time to be cheeky with Cheng mobing, because there is a common enemy in front of them, Zhao Tongxin.

And Zhao Tongxin has been in the leading position, which is what they both don't want to see. So Xu Ting decided to completely unite with Cheng mobing for the time being, so in order to prevent her embarrassment, she timely opened her mouth to greet them, and showed a very warm appearance. Of course, this is also an affectation. In front of Jin Zhengting, she must keep the disguised image of a lady

o

"Well."

Jin Zhengting gave a lukewarm answer. Even if he said hello, he didn't like Xu Ting more and more. With his shrewdness, he could wear Xu Ting's disguise at a glance. Moreover, through a short observation, he could see the kind of venomous eyes when he looked at Zhao Tongxin behind Xu Ting's enthusiasm, which made him more disgusted with Xu Ting.

"President Jin, president Zhao, we meet again."

Cheng Mo Bing greets him gracefully. From time to time, he looks at Jin Zhengting with his discharge eyes, and then takes a provocative look at Zhao Tongxin. The meaning of declaring war is very obvious.

Jin Zhengting turns his head without expression, and his attitude towards Cheng mobing is even colder, because Xu Ting disgusts him any more, and now he doesn't do anything to seriously hurt Zhao Tongxin, and Cheng mobing has already put it into action. He must show an attitude, that is, he and Cheng mobing will only become enemies, and there is no other possibility.

Encountering Jin Zhengting's cold reception, Cheng mobing stands awkwardly and looks colder at Zhao Tongxin. She takes Jin Zhengting's cold attitude towards herself out on Zhao Tongxin.

Zhao Tongxin took Jin Zhengting's hand and looked back at her firmly. Facing her enemies, he made the most powerful response.

"Tong Xin, I heard that you are going to switch to catering industry, so I'm very curious. I want to come and see what your restaurant looks like. After coming, I feel that it's really close to life."

Xu Tingming is praising Zhao Tongxin, which is actually an irony. She means that Zhao Tongxin has no taste. The reason why she can say this in front of Jin Zhengting is that she knows that men lack understanding of women's little thoughts. Even men as smart as Jin Zhengting don't understand the soft thorn between women very well.

Sure enough, Jin Zhengting didn't hear anything else. He thought Xu Ting was just a hypocritical compliment, so he didn't say anything. He knew that this kind of scene was not easy for him to talk about. Now it's Zhao Tongxin's performance stage. He knows his wife, and she won't tolerate provocation, and will make the most powerful counterattack.

"Thank you for your praise. I also think my idea is very good. Of course, maybe you can't understand it. It's normal. Not everyone can really experience the fun of life."

Zhao Tong Xin put down the tableware, light said, this is her counterattack to Xu Ting.

As soon as Xu Ting's face changed, she did not know what real life was like, except for the romantic days.

"Tong Xin, of course I don't understand life as much as you do, so I don't think you are suitable for jewelry business. These things are too far away from you, so it's better to operate the catering industry."

Xu Ting suffered a dark loss, but in the twinkling of an eye, she found a way to attack Zhao Tongxin. Starting from business, her jewelry company has forced Zhao Tongxin to switch production, which shows that her goal has been achieved. Zhao Tongxin has lost this battle, and in her tone, she also shows her disdain for Zhao Tongxin's civilian background. She has enough superiority in identity, which is very important. Maybe it's her only advantage when facing Zhao Tongxin.

With a faint smile, Zhao Tong deliberately moved his shoulder, revealing the necklace worth 200 million yuan that Jin Zhengting gave her. Without any expression on his face, he said, "it's not that I'm not suitable, but I just don't want to do it. No matter how much assets there are, it's useless. You can't buy everything. Doing something you like is the most important thing. Are you right?"

Xu Ting's face changed again. Zhao Tongxin deliberately revealed a necklace worth 200 million yuan. One meaning is that she counterattacked what she said just now. Although she was born in a civilian family, she is now worth far more than Xu Ting. The second is to tell Xu Ting that if she really wants to do jewelry, she can do it, because Jin Zhengting will give her all the best things, With his support, nothing can't be done. After seeing Zhao Tongxin's necklace, Cheng mobing, who was watching coldly, suddenly changed her face. Her eyes flashed with strange eyes. Then she quietly pulled Xu Ting and said with a smile, "Mr. Jin, Mr. Zhao, we won't disturb your candlelight dinner. Now that we've finished reading it, we should leave."

Finish saying to take the lead to walk out of the dining room, Xu Ting hesitated for a moment, also followed her to walk, but in the eyes with unwilling expression.

Chapter 444

"Well done, but it's not quite like your character." Jin Zhengting poured a glass of water for Zhao Tongxin, with a gentle smile in his eyes.

"Is it too strong, you don't like it?"

Zhao Tong bowed her head and her eyes twinkled. These days, she found that she had changed a lot. She still cared about his eyes.

Jin Zhengting gave a faint smile and stroked her hair: "no, no matter what you look like, I like it, and I can see that you are defending our feelings."

Zhao Tong Xin raised his head, eyes very gentle: "everything I do is to protect the feelings between us, no one wants to destroy, because I can't bear."

"Well."

Jin Zhengting said flatly: "I know, I just want to tell you that no one can destroy our feelings, not only you, but also I will not allow it. Well, we'd better eat first."

Said, he considerate will wipe clean tableware in front of her, and then made a gesture to the waiter.

After a while, the dining car was pushed over, and the dishes were put on the table. Zhao Tongxin only heard the taste, and knew that they were all his favorite dishes.

Jin Zhengting picked up chopsticks, carefully put a piece of ribs on her plate, mouth slightly Yang: "try the taste."

This kind of expression Zhao Tong heart has never seen, even if he made a big business, made a dozen billion, did not show this kind of satisfied smile.

She put the spareribs in her mouth in some doubt. At the beginning, a familiar smell stimulated her taste buds, which was her favorite taste.

spareribs with brown sauce flashed as like as two peas in the brain. When they came home from school, they could smell the smell when they came home. The mother smiled and asked her to wash her hands and eat. Her favorite food was the braised pork ribs made by her mother, which is exactly the same as what she eats now.

A sudden tremor in her heart reminds her of the carefree years when her adoptive mother was still alive.

"Satisfied?"

Jin Zhengting calmly looked at the expression on her face, and a warm smile appeared on her angular face.

When Zhao Tong Xin raised her head, two lines of tears had already fallen from her face. Her voice choked: "Zhengting."

With that kind of gentle expression, Jin Zhengting personally took out a paper towel, wiped her tears, and gently held her waist

"do you miss your adoptive mother?"

"Well." Zhao Tongxin now needs his broad mind and nestles in the warmest arms in the world.

"I don't want to make you cry, because I think it should be the taste you like, so you should be happy." Jin Zhengting wiped her tears and said faintly, with a look of heartache in her eyes.

Zhao Tongxin cleverly waited for him to wipe for himself, calmed his mood, and then said gently: "Zhengting, you are not wrong, I should thank you, let me have a chance to taste this familiar taste."

"I don't like to hear you say thank you." Jin Zhengting's face becomes more serious. Even if he dotes on Zhao Tongxin, he has his own bottom line. Of course, this bottom line is also a kind of doting.

Zhao Tongxin's fingertips outlined his handsome face and whispered, "OK, I won't talk about it any more, but Zhengting, how do you know I want to eat these?"

She is very curious now. Although her business philosophy of catering industry is the feeling of home, it is only a preliminary concept and has not yet been put into practice. In her heart, the most perfect food is the rich food prepared by her adoptive mother, but she does not know how Jin Zhengting would know.

Jin Zhengting said with a faint smile: "since you told ziye about your business philosophy, I knew that you miss your adoptive mother's cooking skills, so I specially sent someone to ask the people near your home. According to their description, I asked the chef to cook this table."

"That's too much trouble."

Zhao Tong Xin leans his head on his chest. This man is as careful as his hair. As long as he shows a little bit, he can think of what he wants and prepare for himself early. At this moment, she feels that she is the happiest person in the world.

"No, as long as you are happy, there will be no trouble in the world." Jin Zhengting had a gentle smile on her face, and her lips gave her a gentle kiss on her forehead.

"You are so kind to me."

Zhao Tongxin will not say this sentence under normal circumstances, but she can't resist the gentleness that Jin Zhengting gives her now, which has melted her heart.

Jin Zhengting's face did not have any complacency, just a very common cold expression, gently stroking her long hair, lightly said: "it's right for you."

"Can't it really change?"

At this time, Zhao Tong Xin put down all the guard and disguise, just like a little girl, blinking beautiful eyes, affectionately asked.

Jin Zhengting nodded seriously: "well, forever." After getting his promise, Zhao Tongxin burst into tears and laughed. She knew that Jin Zhengting's promise was always valid, because he was a real man and always kept his promise. Another more important reason was that Zhao Tongxin believed that he really loved her and that his love for her was eternal.

"Zhengting, I want to have dinner with you."

Zhao Tong Xin's eyes are very gentle, watery eyes let her add some beauty.

Jin Zhengting couldn't help but get a Zheng, immediately smile slightly, light nod: "good."

Restaurant parking lot.

Cheng mobing and Xu Ting sit side by side in the front and co pilot's seat, each with his mind and small abacus, for a long time did not say a word.

"Can't let Zhao Tong heart too proud, I wonder, is also to invest in the catering industry, just like the jewelry business, to crush her."

In front of Cheng mobing, Xu Ting doesn't need to disguise any more. She bites her lips and says coldly.

Cheng mobing's thinking is not on Zhao Tongxin at all, but on the necklace. According to the information she got, the necklace is the key to open the treasure. Even if Jin Zhengting and Huo Tingchen are hostile to her, she doesn't care. Now she is thinking about how to get the necklace, since Jin Zhengting gave it to Zhao Tong Heart, then Zhao Tong Xin will be particularly cherish, starting will become more difficult, this is a difficult point, she has no good way.

Hearing Xu Ting's words, Cheng mobing withdraws her thoughts for a while. She suddenly feels that she can use Xu Ting's jealousy of Zhao Tongxin to weaken Jin Zhengting and Huo Tingchen at the same time.

"Catering is not so easy to do, and Zhao Tongxin takes the lead. If you invest in catering again, you may be defeated by her."

Cheng Mo Bing's tone is a little disdainful. She does it on purpose, because she knows how to use other people's emotional changes. At this time, Xu Ting is obviously not very calm, and the most useful means is to motivate others.

Xu Ting's eyes across the extremely venomous look, turned his head and coldly looked at Cheng mobing: "what do you say? How can I lose to Zhao Tongxin? Can't you see that she has lost to me completely in the jewelry industry and has been forced to change production? "

Cheng mobing was staring at her eyes. She felt cold behind her for no reason. Almost at that moment, she decided that Xu Ting was an extremely dangerous person. Despite her thin and weak appearance, it was her disguise for herself.

When Xu Ting was angry, she didn't know what she would do, so she had to ease her tone: "I'm just worried about you. Now the jewelry market is still very tight. You'd better not invest in catering, and wait until Zhao Tongxin is completely squeezed out of the jewelry industry."

"Hum, my cousin is already in action. I believe it will be done soon. I'll call Huo Tingchen in a moment and ask him to invest more money. I want to completely seize the jewelry market of Jiangbin in the next week."

Xu Ting's face became a bit ferocious and twisted because of anger and excitement. Her expression was really frightening.

Cheng Mo Bing chuckled in his heart, but his face still camouflaged a worried expression: "it is said that Huo Tingchen has invested all the working capital of Tianhong Group in the jewelry company. Now let him invest more. I don't think he can get so much money in a short time."

Xu Ting's face changed. She thought about it carefully and nodded her head slowly: "you're right. Huo Tingchen's business in Jiangdong has not been dealt with well. I don't think he can afford so much money now. It seems that I'd better bear it for a while."

"Well, I still have some working capital in my company, which can be lent to you first. However, the interest rate may be higher. Of course, if you don't want to, it's OK."

Cheng Mo Bing said with a smile, her smile looks very sincere, but also worth pondering.

"Interest is not a problem. As long as your company has enough money, how much money you need is a matter of one sentence when Huo Tingchen's side is stable."

Xu Ting is generous to say that Huo Tingchen is an investor after all. Like Xu Zheng, she is willing to be used by others, and she does some empty handed things.

"Xu Ting, I don't want to talk to Huo Tingchen about borrowing money for the time being. He's the owner of the Cheng family in name, and I'm a member of the Cheng family. If I borrow money from his company, it's not good for me and his reputation."

Cheng mobing is somewhat embarrassed to say that if the family leader needs money, other family members have the obligation to contribute to the family leader. But now the reality is that Cheng mobing and Huo Tingchen are two completely different systems. Cheng mobing, who knows the inside story, has no obligation to provide money for Huo Tingchen.

So Cheng's worry is reasonable.

Xu Ting thought about it and said, "well, you lend to the company, and I use half of the company's shares as collateral. This matter is limited to you and I know. What do you think?"

Cheng Mo Bing's eyes flashed a trace of cunning, pretended to think for a while, and said: "well, according to the market value, Tianhong jewelry company is worth about 6 billion. I'll lend you 3 billion." "Yes, with this money, my cousin will certainly bring down Zhao Tongxin."

Xu Ting's eyes show a happy expression, it seems that in front of her eyes, she has seen Zhao Tongxin's desperate situation, but has no choice but to declare the company bankrupt.

Cheng mobing's goal has been achieved. She just wants to get the shares of Tianhong Group. Just now, she quickly worked out a new plan in her mind. She wants to create the illusion of joining hands with Huo Tingchen and force Jin Zhengting to deal with Huo Tingchen head-on. With Huo Tingchen in front of her, she can safely hide in a dark corner to observe the situation and at the same time control Zhu for Xu Zheng Treasure market wins some time. Of course, the premise of all plans is not to let Huo Tingchen know, because Huo Tingchen's intelligence will quickly see through his own purpose.

It seems that although Xu Ting has a deep mind, she has a serious lack of business experience. She takes Xu Ting as a breakthrough to create the illusion of joining hands with Huo Tingchen.

Xu Ting is Xu Zheng's cousin, so according to Xu Zheng's attitude, Cheng mobing naturally thinks that she can be trusted, although the trust given to her is very limited.

But she was wrong this time, because Xu Ting is a woman who can never be trusted.

Chapter 445

"Let's do it first today. It's better not to ignore Zhao Tongxin's action of transferring to catering industry."

Cheng mobing hopes that they can lose both sides, but she doesn't want Xu Ting to be defeated soon, so it's a rare reminder.

But the effect of this sentence is on the contrary. Xu Ting knows that Cheng mobing regards Huo Tingchen as one of her main opponents. She only helps herself as a Spearman, because she has no spare energy to deal with Zhao Tongxin.

And she is also a stumbling block in her pursuit of Jin Zhengting. Xu Ting is not naive enough to think that she will really think about herself. Maybe she is digging a hole to jump.

So for Xu Ting, Cheng Mo Bing's reminders are all the opposite. She thinks that Cheng Mo Bing is diverting her attention. She doesn't know why Cheng Mo Bing wants shares in the company. She doesn't know much about the business, so she only thinks that Cheng Mo Bing just wants to control the jewelry industry, and she doesn't want to let herself see her purpose, just deliberately exaggerate the threat of Zhao Tongxin, turn their attention to her there.

But Xu Ting won't show it. She is too good at camouflage her most real ideas, so she nodded modestly

"I know. I will pay close attention to her actions."

Each of them had a conspiracy, so the misunderstanding became deeper and deeper, and they had gone in opposite directions, which also foreshadowed their future failure.

"Well, I'll go first. I'll transfer the funds to your company's account as soon as possible."

Cheng mobing also thought Xu Ting would pay attention, so he didn't say anything more. He opened the door, got out of the car, got on his car, and drove away.

Looking at Cheng mobing's car disappearing in sight, Xu Ting's mouth lit up a sneer. She took out her mobile phone and dialed Huo Tingchen: "Mr. Huo, I just went to Zhao Tongxin's restaurant."

Huo Tingchen on the other end of the phone was obviously surprised: "Oh? Did you find anything? "

"Don't worry, Zhao Tong's business of catering is to seek her own death. She has no threat to us any more." Xu Ting told Huo Tingchen what she thought.

Huo Tingchen won't believe her immediately. He knows that Xu Ting has no experience in business. He thinks that Xu Zheng went with her and asks, "did your cousin analyze it?"

"No, it's Cheng mobing. I went to the restaurant with her." Xu Ting coldly replied that in her blacklist, she had added Cheng mobing's name.

Huo Tingchen quite surprised: "how do you and Cheng mobing together?"

"Well, Mr. Huo, originally I went to find Xu Zheng, but I didn't expect that she was also at Xu's home. I wanted Xu Zheng to accompany me to have a look, but now he is busy purchasing jewelry companies and has no time, so Cheng mobing came with me."

Xu Ting quickly explained that she had heard that Huo Tingchen was a suspicious person, so she had to explain clearly that she and Cheng mobing did not stand in the same position, but firmly stood on Huo Tingchen's side.

"Xu Zheng and Cheng mobing are developing so fast. Do they have any plans?"

This is a very valuable news. Huo Tingchen naturally knows how to handle it properly. Compared with Zhao Tongxin's threat, the alliance between Xu Zheng and Cheng mobing is even more serious.

"Cheng mobing has invested 500 million yuan to help Xu Zheng acquire jewelry companies. It seems that they want to control the jewelry market in Jiangbin, so as to gain a firm foothold and become the capital against you or Jin Zhengting."

Xu Ting tells Huo Tingchen all the information she has collected, because her purpose is very clear. As long as she gets Jin Zhengting, she doesn't care about business affairs. Now Huo Tingchen is the most likely person to help her realize her wish, so she doesn't need to have any reservation about him.

"Well, I see. You should pay close attention to their trend. And, does Cheng mobing have any opinions on Zhao Tongxin's transfer of production?"

Huo Tingchen has a general judgment in his mind, but he won't tell Xu Ting. He just asked about Zhao Tongxin, and he won't relax about Jin Zhengting group.

"Cheng Mo Bing asked me to be careful about Zhao Tong Xin's actions. She was afraid that Zhao Tong Xin would become bigger because of this. I think she was deliberately diverting my attention, because I mentioned just now that the company was short of funds. She promised me to invest three billion yuan and take half of the company's shares as collateral."

Xu Ting told Huo Tingchen her analysis, obviously with her own subjective emotions. She didn't know that her analysis had influenced Huo Tingchen's judgment.

Huo Tingchen at the other end of the phone ponders for a while. He thinks what Xu Ting said is reasonable. Zhao Tongxin is not a businessman at all. She can't be a threat immediately in a brand new project. He also believes that Cheng mobing said that the more purpose is to divert his attention and let him focus on Zhao Tongxin who has no threat, and she can I'm doing some little tricks in the dark.

However, the last thing Xu Ting said really aroused his vigilance. He soon thought that Cheng mobing wanted the shares of the jewelry company not to control the jewelry market, but to make Jin Zhengting think that she and herself have started to work together. If she is Jin Zhengting, she will try her best to break their alliance and do it the simplest way The law is to focus on bringing down the jewelry company.If Jin Zhengting wants to do this, it's really easy for him. After all, Tianhong Group has not established a firm foothold in Jiangbin. Jin Zhengting thinks that there are many ways to deal with him. Although Jin Zhengting will pay a considerable price for doing this, he doesn't mind doing it because of Jin Zhengting's personality.

In this way, Cheng mobing is the only one who really benefits.

So Huo Tingchen thought about it in his mind, and he already had a countermeasure.

"Xu Ting, after Cheng mobing's funds are transferred into the company, immediately freeze the funds, and then give her half of the company's shares."

Xu Ting frowned: "Mr. Huo, now half of the company's shares are almost equal to her capital. But once Xu Zheng successfully controls the jewelry market, the shares will rise sharply. Isn't it too bad for us then?"

Huo Tingchen laughs: "you are still inexperienced. I tell you, the reason why Cheng mobing wants shares in the company this time is to use us to deal with Jin Zhengting. But this time, Her wishful thinking is wrong. To be honest, no matter how capable Xu Zheng is, the zhubao market is a quagmire. Once she gets into it, it's hard to get out of it. I'm thinking about it now How can I get away? I didn't expect that Cheng mobing took the initiative to send her to the door and let her play with Jin Zhengting. "

Xu Ting is not sure, so she is a socialite, not a business elite. She knows little about what Huo Tingchen said. She just feels that it seems like she is suffering a loss, so she can't help saying: "Mr. Huo, but."

As soon as the words came out, Huo Tingchen's voice became chilly: "no, but do as I say."

"Yes, Mr. Huo."

Although Huo Tingchen's attitude is bad, Xu Ting still chooses to accept it. The reason is very simple. She knows her position very well. It's just a chess piece in Huo Tingchen's hand to deal with Zhao Tongxin, so she doesn't make a sound, because she is willing to be this chess piece.

"When will Zhao Tongxin's catering company open?" Huo Tingchen softened his tone and asked.

"I'm not sure, but there's news that it will be at least a week later."

Huo Tingchen Yin ruthless smile: "well, a week later, I will prepare a gift to her, there are important things to tell me the first time."

He finished and hung up the phone. Xu Ting put away her cell phone and sat in the car for a while. When she was ready to drive home, her cell phone suddenly rang again.

Once again, she took out her mobile phone and saw that it was Xu Zheng. She pressed the answer button and asked, "cousin, what's the matter?"

"Hurry back, there's something wrong with the company." Xu Zheng's voice is obviously a little angry and downright, which shows that things are not small.

"Cousin, don't worry. Let's talk about something slowly."

Xu Ting had never seen Xu Zheng in such a hurry, so she comforted her by saying that maybe it was because of Xu Zheng's love for her sister complex. After hearing her voice, she calmed down a lot: "just now I received the news that our more than 20 branches in Jiangbin were damaged to varying degrees tonight. I don't know where a group of people came from and gave us all our stores It's smashed. I've just been to a store that was attacked. There are not a few jewels in it, but the damage to the jewelry store is beyond recognition. If you want to open it again, you have to redecorate it for at least a week. Other smashed branches are almost the same. "

Xu Ting's eyes twinkled with a cold expression: "only smashed the branch, but no less jewelry, it is

obvious that we do not want to do business."

"Yes, I guessed it. I think it was probably Jin Zhengting who did it. He was taking revenge on our company, which nearly destroyed Zhao Tongxin's company, so he sent someone to take revenge."

Xu Zheng's first reaction is Jin Zhengting. Although he doesn't like to see Zhao Tongxin, his cousin, he thinks that Zhao Tongxin's gentle temperament is unlikely to make such a retaliatory act.

"No, Zhengting won't do such a mean thing. He is always open and aboveboard. There must be someone behind him."

Xu Ting will certainly defend Jin Zhengting, because Jin Zhengting in her mind will not do such a thing.

"Who do you think it will be? Besides Jin Zhengting, do we have any other enemies in Jiangbin? "

Xu Zheng is dissatisfied with Xu Ting's addiction to Jin Zhengting, but he dotes on her so much that he patiently analyzes her.

Xu Ting thought about it and said firmly: "Zhao Tongxin's chain restaurant is going to open in a week. She certainly doesn't want us to get in trouble with her during this period of time. At the same time, in order to get revenge, she robbed her jewelry market, so she will find someone to get revenge on us!"

"It's impossible. Where did Zhao Tongxin find the characters in the underworld? As far as I know, she doesn't know such talents, right." Xu Zheng doubts Xu Ting's analysis.

"Hum, cousin, do you forget that she has a good sister called Shaoyuan, whose husband is Chen Dong, who is a powerful gangster in Jiangbin?"

Xu Ting said coldly, thinking of this relationship, she is more sure that Zhao Tongxin did it.

"It's also possible, but you'd better go back to the company first. Now it's a mess. Many things can't be solved without you as the president." Xu Zheng believes her words and urges her to return to the company as soon as possible. At the same time, he hates Zhao Tongxin. His plan is about to succeed, but it will be delayed. The business situation is changing rapidly. He is afraid that what will happen during this period of time will ruin his plan.

"OK, cousin, you wait for me in the company, I'll go back in a minute."

Xu Ting hung up and was about to drive back to the company when she saw Zhao Tongxin walking out of the restaurant with Jin Zhengting's hand in his hand. They looked very close and affectionate. Even Jin Zhengting, who was always serious, had a warm expression on her face. It was really enviable and envious.

Xu Ting clenches her teeth and stares at Zhao Tongxin coldly. Her fist is clenched gradually. At this time,

Zhao Tongxin also sees Xu Ting in the car and turns to show her a smile that only the winner has.

Because of this game, she won.

Chapter 446

Jin Zhengting opened the door for Zhao Tongxin, and they left the restaurant after getting on the bus.

On the way back, Zhao Tongxin sat quietly in the co pilot's seat with a quiet look and a faint expression of happiness on his face, because he was beside him.

When the phone rings, Jin Zhengting holds the steering wheel in one hand and takes out his mobile phone, which is called by one of his staff.

"Boss, Miss Tong Xin's home has been stolen."

The family that Zhao Tongxin used to live in refers to the former residence of his adoptive mother.

Jin Zhengting's face sank and looked at Zhao Tong's heart. He saw that she was still sitting quietly and seemed to be thinking about something. He didn't notice the call, so he was a little relieved. He asked in a low voice, "when did it happen?"

"It should be tonight. You asked us to inquire about Miss Tong Xin's adoptive mother. A brother has a lot of research on cooking skills. He only needs to look at the kitchen to understand the taste of the food. So we went to miss Tong Xin's home and found that someone had gone in and there were signs of turning around everywhere."

Jin Zhengting faintly said, "did you find anything missing?"

"No, the thief seems to have a purpose. The valuable things in the room have not moved. Moreover, judging from the scene, the thief searched carefully, apparently for something."

"I see. Send more people to protect the scene. I'll be there in a minute."

"Yes, boss."

Jin Zhengting put down his mobile phone, and Zhao Tongxin came back to himself at the moment, gazing at him with a pair of bright eyes, gentle eyes.

"Zhengting, what's the matter?"

From Jin Zhengting's eyes, she saw that something had happened. They had been together for a long time, and they knew each other very well.

"Your foster mother's house was stolen."

Zhao Tongxin hasn't been back for a long time, so it seems that the theft is only a small matter, but Jin Zhengting's keen discovery must have other reasons.

Zhao Tongxin's adoptive mother's home is only in a very ordinary community. Generally, there will be no thieves. According to the normal logic of ordinary thieves, they will step on a good point first and choose a family worthy of starting a crime. However, there is nothing valuable in the adoptive mother's home, and no one has lived in it for a long time. Obviously, it is not a valuable target for thieves.

There is also an important reason. My staff have made it clear on the phone that the thieves have a purpose. This or this group of thieves want to get what they want, so they search carefully, but obviously not for money.

As an ordinary family with no secrets, would a thief do this?

After hearing this news, Zhao Tongxin was surprised: "how can it be? There is nothing at home."

Just now, she was still savoring the taste of the food cooked by her adoptive mother, and then she remembered the happy time with her adoptive mother. Her thoughts were full of nostalgia, but she did not expect that something had happened to her family.

"I'll take you back first, and then I'll see for myself."

Jin Zhengting thought for a moment, then said faintly that it was late now, and Zhao Tongxin needed a rest, so he didn't plan to take her with him.

Zhao Tongxin shook his head: "no, I'll go with you. I'm familiar with the environment there."

Jin Zhengting frowned slightly: "you have worked all day, you should go back to rest."

"Zhengting, that's my former home. Even if you don't let me go, I won't be relieved when I go back." Zhao Tongxin is very insistent that she must go back when such a thing happens.

Jin Zhengting sighed: "good."

He will not violate Zhao Tong Xin's decision, because he loves her.

"Well, I won't give you any trouble. I'll take care of myself."

Zhao Tong Xin knows that he doesn't let himself go is also for his own body, so give him a reassuring guarantee.

With a faint smile, Jin Zhengting turned the steering wheel, and the limited edition Ferrari completed a

beautiful and elegant ride to his adoptive mother's home.

Familiar with the community, familiar with the truth, everything is in front of us, but now things have changed, just feel so familiar.

When the car stopped, several men in black suits were patrolling the adoptive mother's house, and several people in the room were looking around for clues.

Seeing Jin Zhengting and Zhao Tongxin, these people put down their work, got up and bowed respectfully: "boss, Miss Tongxin."

Jin Zhengting nodded. These people continued to work. He waved to one of his men and asked, "what do you find?"

"Boss, there are at least five thieves, and they are very professional. They didn't leave any valuable clues or even fingerprints at the scene."

Jin Zhengting frowned. He looked around at the layout of the room. The house looked a little old and had been searched. But the living room was still very clean, which showed that the former owner was a diligent and careful man who cleaned up the room very well.

Zhao Tong Xin's eyebrows also wrinkled up. She looked around the home where she had lived for more than ten years. Nothing had changed. She could always give her a warm feeling. "Zhengting, my mother doesn't have anything valuable at home. How can she be patronized by the theft gang? What do you mean they want? "

She was very smart, and soon thought of the key to the problem, but she was also very confused, and she didn't understand why there was a theft gang interested in the adoptive mother's home.

"I don't know yet. I'll leave it to you as long as the house hasn't been damaged."

Jin Zhengting said faintly that Zhao Tongxin's heart was slightly moved by what he thought. The reason why Jin Zhengting wanted to see the house himself was that he was worried that the house would be damaged by thieves, because the meaning of the house to Zhao Tongxin was not only her former home, but also full of her good memories, so no one was allowed to damage it.

"OK, Zhengting, let's go back."

Zhao Tong Xin takes his arm. He didn't sleep last night because of the business of the group. Today, he has been busy for another day. He is the one who needs rest most.

He gave her all the doting, she returned her warm and considerate, adoptive mother's home stolen is not a big thing, but compared with his body, it is so insignificant.

"Don't worry, we'll catch the thieves and give you an account."

There was no angry expression on Jin Zhengting's face, but his eyes became sharper and sharper. Only when he saw Zhao Tongxin, who was nestling beside him, did the deep-rooted coldness melt a little, which showed that he was really angry.

He took Zhao Tong Xin's hand and walked out. Zhao Tong was thinking about something in his heart. Suddenly, there was a sharp pain in her lower abdomen. Her eyebrows wrinkled slightly. At the beginning, she still forbore. She didn't want to worry about Jin Zhengting.

But forced to go out a few steps, the stomach is more and more painful, pretty face pain and a pale, forehead also emerged a layer of cold sweat, hand involuntarily grasp the pain part, this is the normal reaction of people, through the way of extrusion can alleviate the pain.

Jin Zhengting immediately found her strange, a will she into his arms, close to his body, Zhao Tong heart seems to find a rely on, Jiao body soft fell into his arms.

Jin Zhengting picked her up and rushed downstairs as fast as he could. He carefully put her in the car and fastened her seat belt. Then he went into the car as fast as lightning. The accelerator directly stepped on the bottom. Ferrari's starting performance was excellent. It reached the fastest speed in just a few seconds. The red sports car disappeared on the road like a bullet.

Waiting for the car to enter the fast lane, Jin Zhengting asked with concern: "Tong Xin, what's the matter with you?"

This was the first time that he was nervous in his voice. Jin Zhengting, who was used to seeing all kinds of scenes in the face of countless storms, felt flustered for the first time in his life when Zhao Tongxin suddenly fell down.

However, his handling method is completely correct. He didn't waste a second. His calmness has been fully reflected. On the way to the hospital, he has time to ask.

Zhao Tongxin's small abdominal pain is like a knife. She covers the painful part tightly with her hands and bites her lips. There are faint blood stains on her lips. However, she reluctantly opens her eyes and sees Jin Zhengting with a worried face beside her. She smiles weakly and says in a very weak voice: "it's OK, Zhengting. I just have a stomachache. I'll be OK in a moment."

"Don't talk. Hold on a little longer."

Jin Zhengting holds the steering wheel with one hand and caresses Zhao Tongxin's hair with the other. His eyes are focused on the front. The red Ferrari constantly surpasses the cars in front. The scenery outside the window is rapidly retrogressing, which shows that the speed has reached the limit speed.

Maybe it's psychological effect, maybe it's getting used to his way of comforting himself. Under the

gentle caress of Jin Zhengting, Zhao Tongxin feels that his stomach doesn't hurt so much. His hands are very warm and comfortable, which makes her eyes feel heavy gradually. She puts her head on his shoulder and falls asleep slowly.

Jin Zhengting doesn't move. He relies on his body. He drives a sports car to the hospital as fast as he can. Taking advantage of the opportunity to enter a straight road, he takes out his mobile phone and dials Ke Jingteng.

"Zhengting, why do you call me so late? I just finished the operation." The other end of the phone is Ke Jingteng's tired voice.

Learning that he was still in the hospital, Jin Zhengting was obviously relieved: "Tong Xin is ill. I'm going to the hospital. You can arrange it right away."

Ke Jingteng was also surprised, but he quickly responded: "OK, you come first, I'll prepare right away."

Jin Zhengting put down the phone, worried about looking at the sleeping Zhao Tongxin, and stepped on the accelerator again.

Jiangbin hospital.

Xu Yan can carefully blow the porridge in the spoon, until the heat dissipates, then send the porridge into Rong Lei's mouth.

"How does it taste?"

Xu Yanke looks at Rong Lei affectionately with a gentle smile on his face.

"Miss Yan Ke, I'll do it myself. Now I'm almost fine. I can."

Rong Lei is always a look of fear, because in his heart, Xu Yan is not like a lover, but the boss's sister.

Xu Yanke's small mouth turned: "how, do you dislike me for taking care of you?" "I didn't mean that. Miss Yanke took good care of me." Rong Lei quickly denied that he did not dare to irritate Xu Yanke, because during this period of time, the second miss of the Jin family often showed a moody character, which made him walk on thin ice.

"Well, that's about the same. Come on, continue to have porridge."

Xu Yan can smile and pick up the porridge, continue to gently stir, in order to make the porridge cool faster, the same mistake she will not make twice.

When someone knocks on the door, Xu Yanke's eyes immediately become alert. Since the last time long Jiu appeared in the hospital, her vigilance is higher.

She put down the bowl and came to the door. She opened the door with a little caution and saw Ke Jingteng standing in front of the door.

"What's the matter?"

Ke Jingteng is Rong Lei's chief physician. He has been observing Rong Lei's condition these days. He often comes to Rong Lei's ward, but he has been checked today. At this time, Xu Yan doesn't know the purpose of his coming.

"Get ready. Tong is ill and will come to the hospital soon. The bodyguard of the court hasn't come yet. Her safety will be handed over to you for the time being."

Ke Jingteng's face was obviously anxious. Xu Yanke was stunned for a moment, and quickly responded: "OK, I'll be ready right away."

For no reason, she suddenly felt worried about Zhao Tongxin's situation, which was unimaginable before. Maybe since this period of time, Xu Yanke's mood has really changed a lot.

Chapter 447

The red Ferrari rushed into the hospital quickly, drawing a shallow shadow. The sound of the brake did not stop. Jin Zhengting had already rushed into the hospital building with Zhao Tongxin in his arms.

Ke Jingteng and Xu Yanke have been waiting at the gate of the hospital. Many expert doctors have been called back to work overtime in the hospital, and they are all in their posts.

Jin Zhengting gently put Zhao Tongxin on the mobile bed, and did not need a nurse to push Zhao Tongxin to the rescue room.

Ke Jingteng and Xu Yanke are closely followed by a large group of doctors and nurses. The patient is president Jin's wife, and the hospital attaches great importance to it.

"What symptom is Tong Xin?"

Ke Jingteng asked as he walked. He carefully observed Zhao Tongxin and ruled out the possible disease in his heart.

"She only said that she had a stomachache. She didn't say anything else."

Jin Zhengting's steps are very urgent. A layer of sweat has appeared on his forehead. He is not tired, but nervous.

"Dr. Chen of Obstetrics and Gynecology, take a look. I think there should be something wrong with the

fetus."

Ke Jingteng is the best surgeon in Jiangbin City, but he is not a professional gynecologist, so he called a gynecologist. After his examination, it can be basically determined that Zhao Tongxin has a problem with the fetus.

A middle-aged doctor quickly stepped forward, carefully checked, and gradually frowned: "there are signs of abortion, immediately rescue the patient."

Several doctors and nurses of Obstetrics and Gynecology rushed forward, took the mobile bed in Jin Zhengting's hand, and pushed Zhao Tongxin into the emergency room.

"Doctor Chen, right? No matter what method you use, don't let Tong Xin have something to do."

Jin Zhengting raised his head and said to Doctor Chen coldly. His eyes were red and his voice was cold as if he could freeze everything.

Doctor Chen shivered for no reason. He nodded and stammered: "Mr. Jin, I will try my best."

"Zhengting, come on. Dr. Chen is the best obstetrician in the hospital. Don't worry too much."

Ke Jingteng saw that Jin Zhengting was about to explode at any time. He came forward to comfort him and patted him on the shoulder.

Seeing the door of the emergency room closed and the light on, Jin Zhengting recovered a little calmness.

"I don't know much about Gynecology, but I checked it just now, and I can see that maybe the pupil is too tired during this period of time. Her constitution is weak, so it's like this. But it's sent in time, and I think she will be OK."

Ke Jingteng said faintly that he would never comfort himself with lies, so Jin Zhengting's face relaxed.

"Zhengting, I'd better keep watch here. You'd better have a rest." Xu Yanke pondered for a moment, whispered behind him.

Jin Zhengting looked at her and shook his head coldly: "no, I'll wait here. She needs me."

"Boss, is Miss Tong Xin OK?"

According to the reputation, there are still some weak Rong Lei, one hand holding the wall, walking a little hobbled over.

Xu Yanke is quick in hand and quick in eyes. He quickly steps forward to help him and slowly comes to

Jin Zhengting. From the sweat on Rong Lei's face, we can see that he is trying to endure the pain.

Xu Yanke's eyes were full of heartache, but because of Jin Zhengting's presence, they didn't attack.

"Rong Lei, you should rest."

Seeing Rong Lei's arrival, Jin Zhengting's cold eyes felt a trace of warmth, and his voice was not particularly severe.

Rong Lei apologized with a smile: "boss, Miss Tong Xin will be OK."

"Well, I'm sure she'll get better."

Jin Zhengting leaned on the cool wall, said with firm eyes, and then fell into a silence.

His silence, Zhao Tongxin's situation, let the people present also lost the ability of language, for a time in front of the rescue room became very quiet, silently waiting for Zhao Tongxin's news.

I don't know how long after that, the door of the emergency room opened. A nurse came out in a hurry and came to Jin Zhengting. She looked a little evasive and asked: "Mr. Jin, the situation of my wife is not very optimistic. There are more serious signs of miscarriage. Doctor Chen asked me to ask you if you want to protect adults or children if there is an emergency."

Jin Zhengting's face sank, which made the nurse dare not breathe. Jin is always a handsome man who makes any woman have no resistance, but his cold eyes are hard for anyone to approach.

"Zhenyting, the current situation must be very dangerous. Don't hesitate and make a decision as soon as possible."

Ke Jingteng whispered to remind him that as a doctor, he knew that when adults and children wanted to have one, the situation must be very bad.

Jin Zhengting clenched his fists, seemed to have no hesitation at all, and immediately said: "Lord Bao."

"Good."

The nurse agreed and trotted back to the emergency room.

With a bang, Jin Zhengting smashed his fist on the wall, which was perhaps the most straightforward time for him to express his emotions. He didn't know how Zhao Tongxin would face the pain of losing her child when she woke up. She had already suffered once, and he didn't want her to hurt again. "Calm down. Isn't it just in case?"

Ke Jingteng's hand is on his shoulder. As a friend who has been playing together since childhood, he has

immunity to Jin Zhengting's hard to approach coldness.

Jin Zhengting took a deep breath and looked at Ke Jingteng: "I'm ok."

"Well, we can't do anything now. We'd better wait patiently."

Ke Jingteng's voice is very calm, Jin Zhengting's mouth moved: "don't worry, I'm really OK, Tong Xin still needs me."

The night is deep.

Huo Tingchen is sitting on the soft sofa with a glass of red wine in his hand. Long Jiu is sitting on his leg with a charming face.

"Brother, today's task failed. You don't seem to be unhappy at all."

Huo Tingchen chuckles and sips a sip of red wine. Instead of drinking it, he gets close to long Jiu's red lips. Long Jiu caters to him and kisses it. At the same time, he drinks the red wine that he sends from his tongue.

After lingering for a while, Huo Tingchen's face with a smile: "I knew for a long time that Cheng Meiqin's home would not find anything. The purpose of my sending people in the past was not to find the right way to open the treasure."

"Oh? And what's your real purpose? "

Long Jiu can see from his expression that his real goal has been achieved.

"If I were Jin Zhengting, I would care about Zhao Tongxin's feelings. When he got Cheng Meiqin's house stolen, I would go to see if the burglar destroyed that house, because it was full of Zhao Tongxin's memories."

Huo Tingchen light said, his face gradually emerged a trace if there is no cold smile.

"And then?"

Long Jiu blinked and asked, she still doesn't know Huo Tingchen's purpose.

Huo Tingchen's eyes with a smile: "if you are Zhao Tongxin, I will go to the stolen home to have a look, will you follow me?"

Long Jiu did not want to answer: "I will definitely go, as long as you are where, I want to go with, no woman does not want to be with the people you like?"

"So I decided that Zhao Tongxin would go with Jin Zhengting, so I let people put down a little things in Cheng Meiqin's home."

Huo Tingchen's voice is a little excited, which is a pleasure of revenge success.

"Brother, what did you put in it?" Long Jiu asked curiously. She also recognized Huo Tingchen's excitement and felt that his actions were all aimed at dealing with Jin Zhengting or Huo Tingchen.

Huo Tingchen laughed and drank the red wine in the glass: "I put a kind of colorless and tasteless musk powder."

Long Jiu's eyes lit up. As a highly trained secret agent, she certainly knew the efficacy of musk, and she thought that Zhao Tongxin was pregnant now. If Zhao Tongxin inhaled musk, the result would be that the child could not be saved, and even life-threatening. She sincerely admired Huo Tingchen's methods.

"Brother, if Zhao Tong's heart aborts, I think Jin Zhengting's spirit will collapse. That's a good idea."

Dragon nine like a kitten nestled in Huo Tingchen's arms, blinking charming eyes said.

"Hum, the Jin family has killed the Huo family. I won't make the Jin family better, but that's not my main purpose."

Huo Tingchen cunning smile, continue to say: "my real purpose is to blame Cheng mobing."

Dragon nine show don't understand look: "how to frame?"

"Now Zhao Tongxin must have been sent to the hospital for rescue. Jin Zhengting will soon know the reason, and he will think about it."

Huo Tingchen's eyes are insidious, because he believes that his plan will be successful soon.

"I still don't quite understand. Jin Zhengting doesn't know about Cheng Meiqin. Although he doesn't think we did it, how can we blame Cheng mobing?" Long Jiu didn't know why.

, "are you responsible for the intelligence work of the group? Even you don't know what flavor Cheng perfume love to use. I tell you, Cheng Mo ice only uses a brand of perfume, which contains musk. Tonight, she and Xu Ting did not go to Zhao Tongxin's restaurant together. I think Jin court didn't care at first, but with his control of details, he soon knew Cheng Mobing. It smells of musk. "

Huo Tingchen looked at long Jiu with pride and continued: "remember, every detail may decide the success or failure of things, so it's better not to ignore any detail of the opponent."

Long Jiu frowned and thought about it. Her eyes became bright gradually. She thought it was a perfect plan.

"Brother, Jin Zhengting will think of the smell of Cheng mobing. He will take it for granted that Cheng mobing did it, because she sent a killer to kill Zhao Tongxin a few days ago. She has such a motive."

"Yes, with Jin Zhengting's cleverness, he will think of this. Isn't Cheng mobing trying to create an illusion for Jin Zhengting that he has already allied with us? I think it's her way of self-protection. In this way, neither Jin Zhengting nor I dare to touch him easily, and she wants to lead the war to me. She's too clever. My plan has come true. Thanks, Jin Zhengting's first goal must be Cheng mobing, so we have a lot of time to prepare for the future." Huo Tingchen complacently said that his revenge psychology showed at this moment, no one can count on him, otherwise he will get his crazy revenge.

"It not only provokes the dispute between Jin Zhengting and Cheng mobing, but also delays Jin Zhengting. With Jin Zhengting's feelings for Zhao Tongxin, he will be with Zhao Tongxin during this period of time, so he won't have too much time to make plans for us."

Long Jiu said with a smile, as if a huge stone had fallen to the ground in his heart. Jin Zhengting was a huge shadow for both her and Huo Tingchen.

"Yes, we should not make any moves during this period, so as not to arouse Jin Zhengting's suspicion. What we should do is to turn Cheng's assets into ours as soon as possible. With Cheng's solid backing, no matter Jin Zhengting or Cheng mobing is the winner, we can't easily move us."

Huo Tingchen poured a glass of red wine for himself, and a cold look flashed in his eyes: "although everything is going well, I'm still a little disappointed and worried. I don't know where Cheng Meiqin put the right way to open the treasure. I hope Jin Zhengting won't get it."

Chapter 448

"Whether we can find the right way to open the treasure or not, we must find a way to get the necklace. Without the key, Jin Zhengting can't open the treasure even if he knows the way."

Long Jiu pondered that she felt that the biggest threat to them was that the necklace was in Jin Zhengting's hands.

"There's nothing wrong with what you said, but I heard that Jin Zhengting has given the necklace to Zhao Tongxin, and she has always taken it with her. Moreover, Jin Zhengting secretly sent many experts to protect her. If she could succeed so easily, Zhao Tongxin would be dead now."

Huo Tingchen has a trace of anger on his face. If he can kill Zhao Tongxin, it will be a fatal blow to Jin Zhengting. However, he is also very clear that his idea is impossible to realize, because Jin Zhengting's protection of Zhao Tongxin is 360 degrees, and he has no chance at all.

"Brother, do you forget that Zhao Tongxin should be in the hospital now. After all, the hospital is not Jin's villa or Jin's company. The staff is very complicated. I've been to that hospital. If we want to attract

Zhao Tong, it's the best choice."

Dragon nine faint smile, her eyes flashing excited light, every time to kill before, she will show such an expression.

Huo Tingchen thought for a while, and a faint cold smile appeared on his face: "you're right. I'll leave it to you, but remember that the first thing is to get the necklace, and the second is to get Zhao Tongxin's life."

"I know, brother. Now that the matter is settled, shall we warm up again?"

Dragon nine beautiful eyes such as silk of looking at Huo Tingchen, coat quietly slip down, exposed a snow-white skin.

Huo Tingchen, with a smile, turns over and presses long Jiu on the floor, expertly removing the obstacles on her. Soon, the room is full of spring.

It's already very late at night. Ke Jingteng carries his bowl and looks at his watch. Now it's one o'clock in the morning. Zhao Tongxin has been pushed into the emergency room for more than three hours.

Jin Zhengting stood still at the door of the emergency room. He looked forward to it in his dark eyes. His face was still lonely. No one knew what he was thinking and no one bothered him.

Finally, the door of the emergency room was opened again, and Dr. Chen came out in a sweat, looking tired, but with a relaxed expression on his face. The doctors and nurses who followed him also looked similar.

Jin Zhengting didn't speak. He just stared at Doctor Chen with indifferent eyes. His face muscles trembled slightly.

Regardless of fatigue, Dr. Chen came over quickly: "Mr. Jin, my wife is out of danger, and the child has been saved."

Jin Zhengting's eyes flashed a little joy, but soon returned to normal, but he was obviously relieved, and his body was not tight,

"thank you."

He said faintly, maybe this is a time in his life to thank others, he thought it was worth it, because Zhao Tongxin was ok, so he didn't mind to express his gratitude to the people who rescued Zhao Tongxin.

Jin Zhengting's attitude frightened the doctors present. They all knew Jin's temper, and he could not bear his gratitude.

Dr. Chen was flattered and said: "Mr. Jin, you're welcome. It's the doctor's bounden duty to save the dying and heal the wounded. We just did what we should do. Besides, I have something to ask you."

Jin Zhengting looked at his serious expression and knew that there must be something more important. He nodded: "you ask."

"what kind of perfume do you often use, madam Jin?"

Jin Zhengting frowned. "There is little perfume in my heart. What's wrong with it?"

Doctor Chen's eyebrows also wrinkled up: "that's strange. The reason why my wife almost miscarried was that she absorbed a lot of musk. According to reason, musk in modern society is only used for perfume making. I think the lady used perfume containing musk to cause the flow."

Jin Zhengting's eyes flashed a little strange and asked, "are you sure?"

"Mr. Jin, I've been a doctor for 30 years, and I've never made a mistake. I'm sure that my wife's symptoms are caused by musk. I hope you can check carefully after you go back to see if there is anything containing musk in your home. You can't let my wife use it again. My wife's body is a little weak, and she has experienced this danger again. If there is any problem in the future, Maybe we won't be so lucky this time. "

Dr. Chen seriously said that it can be seen that he is a good doctor and is very responsible for his patients.

"Well, I will. Go and have a rest. I'll see Tong Xin."

Jin Zhengting nodded his head and went into the rescue room. Now is not the time for him to think about these problems. Although Zhao Tongxin showed extraordinary calmness during the rescue, only he knew his inner suffering and tension.

Now he doesn't want to do anything, just want to see Zhao Tongxin, accompany her, look at her, and talk to her, because he knows that at this time, Zhao Tongxin needs her.

Walking into the ward, Zhao Tong Xin is lying on the bed with a kind of morbid pallor on his face. His lips also lose their blood color. His beautiful eyes are tightly closed, and his look is distressing. Sitting next to her, she gently stroked her hair with her hand. Her eyes were gentle. There was a feeling of love for her and the joy of her and her children.

"Zhengting, why haven't you gone back?"

When Zhao Tong woke up, her voice was still very weak. When she opened her eyes, there was only a vague figure in front of her. Although she couldn't see clearly, the figure was too familiar.

"Wake up, is it still painful?" His voice was unusually gentle.

Zhao Tong heart gently shook his head: "no pain."

She said, look suddenly very nervous asked: "court, our children OK?"

When she got sick, she only felt severe colic in her lower abdomen. The woman's intuition told her that there was something wrong with the fetus, and she was almost in a coma when she was sent to the hospital. But from the conversation of the medical staff who rescued her, she vaguely heard the child's problem, so the first thing she woke up was to ask if the child was in good condition.

She is very concerned about the baby in her stomach, because this is the crystallization of her love with him. The first child was killed by Huo Tingchen, and she must keep this child.

Jin Zhengting gently smile, holding her hand gently stroked: "you and the child are safe."

Zhao Tong Xin was relieved: "Zhengting, go back to rest. It's very late."

Jin Zhengting stroked her hair: "I'll accompany you tonight."

"How can you? You haven't had a day off, and there will be a lot of things recently. You have to take good care of yourself."

All Zhao Tongxin's consideration is for him, which is a very deep feeling. Jin Zhengting certainly understands, but he can't do it according to her requirements. At this time, he must be by her side.

"I'll be here with you tonight. I won't go anywhere." The tone of his speech was firm and unquestionable.

Zhao Tong heart gently looked at him one eye, did not continue to persuade him, because she knew in front of this man, in the heart only has oneself, even if let him go back, he will not be at ease.

"I will only give you trouble."

Zhao Tong said softly, showing an apologetic look. After being with him for such a long time, she always had problems in retrospect, and Jin Zhengting always accompanied her.

Jin Zhengting's face sank: "what is that?"

Seeing that he was not happy, Zhao Tongxin realized that he should not say this sentence, which was a denial of his efforts.

"Sorry, I didn't mean to."

"I told you, don't say sorry to me, you are not trouble for me, I hope today is the last time to hear such words."

Jin Zhengting's tone seemed to be very severe and overbearing, but he didn't mean to blame her at all. In his feelings for her, there was only doting and caring.

"OK, I see. Zhengting, hold me. I want to sleep for a while."

Zhao Tong Xin has never been like this before. She suddenly wants to get his embrace and let him become her own dependence.

Jin Zhengting gently hugs her into his arms and pats her with one hand. In this warmth and rhythm, Zhao Tongxin, who has just experienced the pain, gradually sleeps in his arms.

Jin Zhengting slowly pats her, and her brain is running at a high speed. Every clip from the dinner with Zhao Tongxin in the evening flashes through his mind. He wants to know what the problem is.

What Dr. Chen said should not be wrong. He is a professional doctor and an expert in this field. Therefore, he believes in Dr. Chen's judgment. Now he needs to figure out who is the key to Zhao Tongxin.

The chefs in the restaurant are definitely impossible. These chefs are all selected by Yang ziye himself. They are old employees who have worked in Yang Group for decades. Their loyalty can be guaranteed. Moreover, every dish they cook for Zhao Tongxin is completed under the supervision of their subordinates. It is almost impossible to put musk into the food.

Zhao pupil almost never uses perfume. Even if it needs to spray some perfume occasionally, it also uses Chanel's imported perfume. It will never use perfume containing musk, so Dr. Chen's suspicion can be ruled out.

Thinking, his eyes suddenly cold, because he thought of a very important detail.

When they have dinner together, Xu Ting and Cheng mobing come. Xu Ting and Zhao Tongxin are enemies. It's no secret to him, but Xu Ting should not play tricks in front of him, because she wants to leave a good impression on herself.

So only Cheng mobing. The last time she went to Southeast Asia, she sent a killer to assassinate Zhao Tongxin. Although she failed, it was enough to prove that Cheng mobing had such an idea and had put it into action.

now, in retrospect, when Cheng Mobing passed by him, he smelled a very special smell. The smell of the perfume was not ordinary. Although he was a man, he was a master of the family. He naturally had a certain understanding of perfume. When he thought about it carefully, it seemed to be the smell of Musk Perfume.

Jin Zheng court could almost conclude that she was intentional, knowing that Zhao Tongxin was pregnant, so deliberately spraying Musk Perfume, using the opportunity to speak, let Zhao pupil heart inhalation, resulting in the abortion of Zhao pupil heart. Jin Zhengting's face became gloomy. He gently put down Zhao Tong's heart and walked out of the ward.

Ke Jingteng and Xu Yanke are still waiting outside the door. Rong Lei returns to the ward for a rest because of his body. Of course, he originally wanted to stay and wait for Jin Zhengting, but forced by Xu Yanke's force, he was sent back to the ward obediently.

"How's Tong Xin?" When Jin Zhengting came out, Ke Jingteng asked in a low voice.

"Sleep, she's all right." Jin Zhengting answered faintly.

"Well, that's good. I'm on duty. Please call me if you have anything." Ke Jingteng showed a reassuring expression and explained that he left first. This occasion is not suitable for him to be here.

"It's important to call Rong Qi and Shaoyuan and let them come here."

While Rong Lei is still in hospital, Jin Zhengting's most trusted subordinates are these two people, and maybe Xu Yanke is in front of him.

"Yes."

Xu Yanke nodded, went to one side to make a phone call, whispered a few words and then said to Jin Zhengting, "they'll be there soon."

"You just stay here. During the period when Tong Xin is in hospital, you should protect her. This time is not an accident. Someone wants to do something to Tong Xin."

Jin Zhengting said faintly, his eyes cold.

Chapter 449

In the early morning, the riverside was quiet. Almost all the wards in the hospital were turned off, only the corridor and duty room were still bright.

Outside the door of Zhao Tongxin's ward, Jin Zhengting holds his hand to the edge of the bed and looks at the boundless night with deep eyes. His eyes gradually darken. No one knows what he is thinking.

Xu Yanke stands behind him in silence and doesn't dare to disturb him. It's strange that she has the chance to get along with Jin Zhengting alone, but she thinks about whether Rong Lei has fallen asleep.

A slight sound of footsteps sounded in the corridor. Shaoyuan and Rongqi came to the hospital together.

"Boss, is Tong Xin OK?"

Spoon garden look eager to ask, she almost fell asleep, suddenly received a phone call from Xu Yanke, tell her Zhao Tongxin hospital news, so she came to the hospital with the fastest speed, just to the door met in a hurry Rongqi, two people exchange a look, both arrived at Zhao Tongxin ward.

"She's all right. She's resting now." Jin Zhengting said in a low voice and made a hiss gesture.

"Tong Xin is OK."

Spoon garden patted chest, face finally showed a relaxed expression, Rongqi also relieved a long breath.

"Boss, how can Tong Xin almost miscarry?"

Calm Rong Qi asks a key question. She knows that Zhao Tongxin was with Jin Zhengting last night. With Jin Zhengting's care, it is impossible to take care of Zhao Tongxin. There must be some reasons.

Jin Zhengting's eyes flashed a trace of coldness that could freeze everything: "it's probably Cheng mobing's hands and feet."

Rongqi and Shaoyuan look at each other again. Shaoyuan asks, "boss, do you want us to come here to protect Tong Xin?"

"Yes, I think the news that Tong Xin is OK will soon reach Cheng mobing. If she knows that Tong Xin is OK, she will send someone again, so you should protect Tong Xin every step of the way until she leaves the hospital."

Jin Zhengting pondered that he had a strong premonition that Zhao Tongxin was not far away from danger at the moment. It seemed that there was always a pair of evil eyes staring at her in the dark.

He can't let Zhao Tongxin suffer any harm.

"No problem, boss, just leave Tong Xin to us. As long as we're still here, Tong Xin won't be hurt at all."

Shaoyuan patted her chest to ensure that with the three of them as Zhao Tongxin's bodyguards, she believed that no one could threaten Zhao Tongxin's safety.

"Spoon garden is right, boss, you can rest assured that no one can hurt Tong Xin with us." Rong Qi is also full of confidence. The strength of their team is unprecedented.

"Zhengting, can I suggest it?"

Xu Yanke, who has never made a statement, suddenly makes a weak voice and looks like a little woman.

Jin Zhengting can't help but be stunned for a while. He hasn't seen him for a few days. Xu Yanke's change is really big. He came back and said faintly, "you can tell me."

"I don't think we can protect Zhao Tongxin's safety just by the three of us." Xu Yanke glanced at the confident Shaoyuan and Rongqi and said calmly.

"Xu Yanke, don't you believe in our ability?"

She didn't agree with Xu Yanke. After all, she used to be Huo Tingchen's subordinate, and had several conflicts with them. Rong Qi, who didn't like to talk, didn't retort, but she also looked at Xu Yanke with bad eyes.

Xu Yanke didn't care. He said faintly: "I don't believe in your ability. Have you ever thought that although your strength is good, this is a hospital. I remember when Rong Qi protected Zhao Tongxin, I could come and go freely by myself. What's more, the enemy I'm facing now is Cheng mobing. She has a lot of experts, and we are in the light, he is the best In the dark, there are many chances for you to attack Zhao Tong Xin. Can you keep alert 24 hours a day? "

Jin Zhengting didn't have any expression on her face, but a look of approval flashed in her eyes. Xu Yanke's ability gradually showed up. Her mind was more careful than spoon garden and Rong Qi.

He nodded faintly: "go on."

Xu Yanke took a look at Shaoyuan and Rong Qi: "we can't let all the patients in the hospital move out, and then block the hospital. Now Zhao Tongxin's body is not suitable to move, and she can't be transferred to other places. It's very difficult to protect her. Are you too optimistic?"

Shaoyuan and Rongqi bow their heads. Although they are not convinced by Xu Yanke's lessons, they have to admit that what she said is very reasonable. Their team has just been established, and they are all powerful people, so they are blindly optimistic.

The flow of people in the hospital is very large, and the personnel are also very complex. If the killer disguises as a medical staff or a patient, as Xu Yanke said, it is difficult to be on guard all the time.

"Well, how can we protect Tong Xin?" Spoon garden raised her head and asked, she doesn't think Xu Yanke will have a solution.

With a faint smile, Xu Yanke raised his finger and pointed to himself: "it's very simple. I just want to be Zhao Tongxin's stand in. The killer hasn't touched us. It's impossible to tell us who is Zhao Tongxin." Shaoyuan's eyes are bright. She carefully looks up and down at Xu Yanke. Although she and Zhao Tongxin are good sisters, if you don't look carefully, it's hard to distinguish Zhao Tongxin and Xu Yanke, not to mention the killers who only recognize people by photos.

Jin Zhengting's brow is slightly wrinkled, obviously thinking. He thinks Xu Yanke's idea is good. With a little modification, he can cheat the killer.

But if we do it according to Xu Yanke's way, her safety can't be guaranteed, which makes his heart a little tangled. Once Xu Yanke has an accident, he has no way to explain it to Mrs. Jin, and he can't let go of it emotionally. No matter what Xu Yanke has done to hurt him, after all, she is his own sister.

"Zhengting, don't hesitate. Don't worry. I'm much better than Zhao Tongxin. I have the ability to protect myself even in the face of killers. Don't worry about me."

Xu Yanke saw Jin Zhengting's hesitation. She felt warm in her heart. He hesitated because he was worried about his own safety. Although he was a man who didn't like to express himself in words, he never said anything about his identity to her, but his performance told her that Jin Zhengting still cared about her sister.

"Well."

Jin Zhengting hesitated a little and made up his mind. When he faced the choice, he would make a choice quickly, and his choice was usually very correct.

"I will arrange Xu Yanke and Tong Xin in the same ward. If the killer comes to attack, you will hide Tong Xin and let Xu Yanke replace him."

Jin Zhengting explained a sentence, and looked at Xu Yanke with complicated eyes, and said faintly: "be careful."

Xu Yanke's expression smothers, tears in his eyes: "I know."

Jin Zhengting's mouth slightly touched, showing a warm smile, turned and walked into the room. Just as he opened the door, Xu Yanke bit his lip and suddenly called out: "brother."

Jin Zhengting looked back, and the coldness on his face seemed to melt a little at that moment: "well, I'll see my parents later." Then flash into the ward, Zhao Tongxin is still sleeping, need his company.

Xu Yanke clenched his lips, nodded his head heavily, then turned his back to prevent others from seeing her tears. Jin Zhengting's meaning was obvious. He had completely accepted the fact that she was his sister and admitted that she was Jin's daughter.

"Hello, Xu Yanke."

Spoon garden see Jin Zhengting backhand closed the door of the ward, tone with a trace of dissatisfaction called her.

Xu Yanke quickly wiped away the tears on her face. When she turned her head, she had a cold

expression on her face. Her provocation to others was always right: "why?"

Spoon garden a pair of round eyes wide open, staring at Xu Yan can for a long time, suddenly his face showed a sincere smile: "congratulations."

In fact, when Xu Yanke volunteered to replace Zhao Tongxin just now, Shaoyuan has really accepted Xu Yanke in his heart and regarded her as a teammate of his team.

Xu Yanke was stunned and asked subconsciously, "what do you mean? Congratulations on what? "

Shaoyuan made a lovely face and slapped her on the shoulder: "come on, boss has admitted you. Soon you will be the second miss of Jin family. Don't congratulate you, do you still congratulate me!"

Xu Yanke is stunned again. She is not used to Shaoyuan's contact without a sense of distance, because she is more willing to keep a certain safe distance from anyone in her childhood environment, so that she can feel at ease.

"Hey, don't do anything. Do you know me well?"

Xu Yanke stares at Shaoyuan and says that although Shaoyuan's admission makes her feel very moved, she is still not used to communicating with others.

Shaoyuan immediately lowered her face and said, "why, Miss Jin Er, is she putting on the airs of the first lady so soon?"

She's not Zhao Tongxin's gentle temper. Xu Yanke's attitude towards her ignites her anger. She's a woman who doesn't rub sand in her eyes. What's more, beautiful women are born enemies.

"Cut, and you need to put on the airs of a young lady, do you match?"

Xu Yan can white spoon garden one eye, show disdainful expression on the face.

"Why, want to fight?"

Shaoyuan's eyebrows are standing up, close to Xu Yanke, staring at a pair of round eyes, staring at her, a pair of ready to start at any time.

"Che, are you my opponent?"

Xu Yanke is not afraid of the challenge of Shaoyuan. She looks at her coldly and disdains her tone.

"Well, there are many chances to fight, but not now. Tong Xin is still lying in the hospital bed. When she leaves the hospital safely, you can fight as you like. I promise no one cares about you."

Rong Qi timely raised her hand to stop the two people who are about to start. Among the three people, only her character is gentle and calm.

"Well, you're lucky."

Shaoyuan turns her mouth and clenches her fists. Rong Qi is right. Even if Xu Yanke is annoying, she is also Zhao Tongxin's stand in, and needs her strength. Now is not the time for infighting. Although her words make people angry, Shaoyuan still holds back. She knows what is the most urgent thing. Xu Yanke is in the same state of mind. She knows that Shaoyuan is not malicious, but she is not happy for any reason. Maybe she is not used to normal communication, and Rong Qi is likely to become a family with herself one day in the future. This face is still for her.

"You're lucky. That's all for today. I'll be with you later."

The two beauties looked at each other and turned away. The first infighting of Zhao Tongxin's team didn't happen, and they were not the people to bear grudges.

"Spoon garden, can you find the floor plan of the hospital? Let's study the entrances and exits of the three hospitals. If there are emergencies in the future, we can have more choices."

Seeing that the atmosphere has eased, Rong Qi tells Shaoyuan that her mind has been completely focused on how to protect Zhao Tongxin. In the company, she is mainly responsible for security work, and Zhao Tongxin values her serious work attitude.

"I'll look for it. You can discuss the specific measures to protect Tong Xin."

Spoon garden said to see Xu Yan can one eye, turned to leave.

Chapter 450

"What? Is Zhao Tongxin hospitalized

Cheng mobing looks at Xu Zheng a little surprised. She met Zhao Tongxin a few hours ago. She looks very healthy. She didn't expect to get the news that she was admitted to the hospital so soon.

Her first reaction was that Zhao Tongxin was hospitalized at this time, so she looked at Xu Zheng with questioning eyes.

Xu Zheng naturally understood her meaning, shook his head and said: "no doubt, I have a friend in Jiangbin hospital. He told me that Zhao Tongxin was personally sent to the hospital by Jin Zhengting, and was rescued by the obstetrics and Gynecology experts in this city. There is no mistake."

"It's impossible. I contacted her last night. I didn't see anything wrong with her. How could she suddenly need rescue?"

Cheng mobing's first feeling is not so simple, but she is very happy to know that Zhao Tongxin needs to be rescued.

"My friend said that she nearly miscarried. With Jin Zhengting's affection for Zhao Tongxin, I don't think she would be so careless."

Xu Zheng was quite calm. He found clues from some details.

"Do you mean someone's done something to Zhao Tong Xin?"

Cheng mobing also calms down at this time. She can see from Xu Zheng's dignified expression that he seems not happy with the good news.

"It's inevitable. Do you know the reason why Zhao Tongxin almost miscarried? It is said that she inhaled a lot of musk. Do you think she might use something containing musk even though she knew she was pregnant? If I guess correctly, someone must have done something

Xu Zheng pondered, his brow frowned, obviously thinking about it.

"It's definitely not my people who did it. Since I didn't succeed in sending killers to deal with Zhao Tongxin last time, in order to prevent Jin Zhengting from pointing the contradiction at us immediately, I've been holding still."

Cheng mobing's eyebrows are also wrinkled. She knows that Jin Zhengting can't be stimulated at this time. If his anger is completely aroused, the consequences will be unpredictable.

"If you didn't do it, it could only be Huo Tingchen. But why did Huo Tingchen attack Zhao Tongxin at this time? Didn't he know that Jin Zhengting would deal with him regardless of the consequences once Jin Zhengting found out?"

Xu Zheng is also a little confused, because now the three parties are in a delicate balance. Although they all act in secret, they are calm on the surface. No one among the three parties is willing to provoke conflicts at this time. Once the existing balance is broken, the situation is beyond anyone's control.

In the absence of absolute power, the three parties are even deliberately maintaining this balance, so Huo Tingchen's action is not in line with common sense. According to Xu Zheng's understanding of Huo Tingchen, he either has a fever and burns his brain, or there is a huge conspiracy behind him.

Obviously, what Xu Zheng believes in is the latter, which is that he has not yet thought of what Huo Tingchen's plot is.

"Maybe he just can't wait. He knows that Zhao Tongxin's position in Jin Zhengting's heart is very important. Attacking Zhao Tongxin will distract Jin Zhengting, so he can find a chance to deal with Jin

Zhengting."

Cheng Mo Bing thought about it, and only thought of such a possibility.

Xu Zheng's brow wrinkled a little deeper: "according to my understanding of Huo Tingchen, he is neither so impatient nor careless, otherwise he would have been defeated by Jin Zhengting."

Cheng mobing pasted his beautiful face on him and said, "we don't have to worry about Zhao Tongxin. We can think that Huo Tingchen did it. I think Jin Zhengting will think of it too. Let them fight. Let's just take advantage of it."

In essence, she doesn't feel anything about Xu Zheng. It's just that he still has the value of use, and he is his only reliable ally now, so she has to seduce him from time to time, so as to maintain his attachment to himself.

As a woman, these means are her unfavourable weapons. No one can stand these means. She is very good at making use of her own advantages, wandering among all kinds of men, squeezing their last use value. She is such a woman.

Xu Zheng seems to enjoy her intimacy. He breathes the fragrance from her body with his eyes slightly closed. But only a few seconds later, his face changes and becomes more and more ugly. He suddenly pushes away Cheng mobing and looks at her with cold eyes.

"What's the matter?"

Cheng Mo Bing asked, not knowing why. That pathetic look is enough to break the heart of most men in the world.

"The smell of you."

Xu Zheng's eyes changed, his face was very dignified, because when he smelled the perfume of Cheng Mobing's body, he suddenly discovered Huo Tingchen's motive.

Cheng Mo Bing blinked innocent eyes and asked, "what's wrong with my taste?"

"what flavor do you use?"

Xu Zheng's forehead has shed a cold sweat, he has realized the seriousness of the situation, it is likely that he and Cheng mobing will fall into the abyss together, and the hands that push them down are Huo Tingchen's. Cheng Mobing's face was slightly reddish. She used to use Musk Perfume, because for men, the peculiar smell of musk has the function of stimulating passion. In order to deal with men, she has never had to use it.

"the smell of musk, don't you be jealous because of the perfume on my body?"

Cheng Mo Bing asked with a smile. She thought that Xu Zheng had heard this smell and thought that she was making a mess outside. That's why she was so angry. But as soon as the words came out, her face changed. Her intelligence quotient was very high. She put together countless pieces of information in her brain. She knew that she had made a serious mistake.

"Did you think of that, too?"

Xu Zheng's face is not good-looking, he coldly said to Cheng mobing, because of her mistakes, they have been forced to a desperate situation.

"maybe Jin Zhengting will not remember my perfume. We should not be suspicious of him."

Cheng mobing's mood is very low, she holds a little lucky psychology to Xu Zheng said.

Xu Zheng snorted from his nose: "you underestimate Jin Zhengting. I think Huo Tingchen must have calculated that he would think of the musk smell on you. That's why he set up this game. We all underestimate Huo Tingchen's tricks."

"What shall we do now?"

Cheng mobing is flustered for no reason. Jin Zhengting will not let her go. Although she has done nothing, Zhao Tongxin nearly miscarried because of musk. In addition, she failed to frame Huo Tingchen last time. Jin Zhengting will habitually think that she did it.

When we met last night, Jin Zhengting's attitude towards her was clear. Jin Zhengting already knew that it was her killer, so he was not only very indifferent to her, but also very hostile to her.

"Huo Tingchen's means are really brilliant. We are really eloquent now. I think Jin Zhengting will launch the most fierce offensive against us early tomorrow morning."

Xu Zheng says helplessly that he really has nothing to do now. Zhao Tongxin is Jin Zhengting's opponent, and no one can touch him. What's more, Zhao Tongxin is in a very dangerous situation this time. As a man, Jin Zhengting will definitely not give up.

"Is there really no way?"

Cheng mobing's eyes show confusion. If she is in Jiangbin, she doesn't need to be so flustered, but this is Jiangbin, which is equivalent to Jin Zhengting's backyard. In his home court, she has no ability to resist.

Xu Zheng lit a cigarette and walked back and forth on the ground for a few circles. He suddenly threw the cigarette on the ground with a chill in his eyes: "the conflict with Jin Zhengting will happen sooner or later. Since Huo Tingchen has driven us to a dead end, we can't wait to die, so I decided to do it first!"

"First? With our current strength, it's impossible to fight Jin Zhengting, and my main assets are still in Jiangdong. If we use the assets there, Huo Tingchen will definitely start behind me. "

Cheng mobing also thought about this method, but the resistance of all aspects is too big, she is very embarrassed, and she doesn't know how to do it is the best way.

"Huo Tingchen framed us, but he also told us what we should do. Jin Zhengting has only one weakness, that is Zhao Tongxin. We must kill Zhao Tongxin in the shortest time, and let Jin Zhengting's mood collapse completely, so that we can have a chance."

Xu Zheng is biting his teeth and his expression is extremely ferocious. He will not let his ambition, which has been hidden for decades, go to waste.

"You mean to send a killer to kill Zhao Tongxin? If you can, Huo Tingchen has already done it. You should know that Jin Zhengting is very concerned about Zhao Tongxin's safety. There is almost no chance to start. "

Cheng mobing thinks that Xu Zheng has lost his cool. She doesn't think Xu Zheng and she can do what Huo Tingchen can't do.

Xu Zheng sneered: "you're wrong. If Zhao Tongxin is in the company, we certainly don't have a chance to start, because I also know that there are many bodyguards to protect her in the dark, all of them are Jin Zhengting's elites, but now the situation is different. She is in the hospital, and there are unavoidable loopholes in her protection. This is the opportunity we should seize."

Cheng mobing lowers her head to ponder. She thinks Xu Zheng's words are reasonable, but she still can't make up her mind, because she doesn't want to be the enemy of Jin Zhengting.

"Do we still have a way out? If you don't want to be killed by Jin Zhengting, you have to listen to me. "

Xu Zheng interrupted Cheng mobing's Fantasy: "we should prepare now. It's better to start before dawn, otherwise tomorrow, I'm afraid we won't have a chance to start!"

"All right."

Cheng mobing knew that Xu Zheng knew Jin Zhengting better than himself, and he was a thoughtful man, so he decided to follow his advice.

"When I came to Jiangbin, I brought a group of men. They can die for me at any time. I'll let them get ready immediately."

Cheng mobing is not a muddler. He will take action immediately after making a decision.

"Well, it must be fast. It's still three hours before dawn. We should seize the opportunity."

Xu Zheng repeatedly told him that he knew that when it was time to have a showdown with Jin Zhengting, he could not have the slightest hesitation. "I see. Do you have anything else to add?"

Cheng Mobing now relies on Xu Zheng. After all, this is Jiangbin, not a place she is familiar with.

Xu Zheng looked at her with cold teeth and said, "I'll change a smell of perfume later."

Determined the course of action, Cheng Mo Bing's heart instead put down, anyway, she is also seen countless big scenes of women.

After thinking about it, she suddenly showed a strange smile on her face: "Xu Zheng, I suddenly thought of a good way to pour back the dirty water that Huo Tingchen poured on us."

"Oh?"

Xu Zheng's eyes flashed. He asked anxiously, "what can I do?"

"Jin Zhengting has a necklace in his hand. Now it's given to Zhao Tongxin. We can order his subordinates to disguise as robbing the necklace. In this way, Jin Zhengting will doubt Huo Tingchen again."

Cheng Mo Bing thought of seeing Zhao Tong's heart showing the necklace. Fu Zhi thought of this method.

"What kind of necklace is that?"

Xu Zheng knew something about the necklace, but he was not particularly clear about the inside story, so he asked.

"You don't need to know this. Just remember that as long as someone grabs the necklace, Jin Zhengting will think it's Huo Tingchen."
