

Chapter 443

Refining such pills is not difficult. Just some of the more common medicinal materials. Before the auction started immediately before the auction of the ultimate purple ginseng, Charlie found Qin Gang and gave him a dozen medicinal materials. Qin Gang immediately went to help him gather the materials. Later, Charlie went to the lounge rented by Qin Gang and refined four such pills alone. Since traditional medicines are all ingredients of Chinese herbal medicines, once they are boiled out, no matter what the prescription is for or how different they are, the soup after boiled out is dark brown. The same goes for pills. This time, the color of this pill was almost the same as the previous magic drug, and Charlie deliberately made the size the same as the previous magic drug, and there was no difference at all. Later, he came to the auction venue, and while everyone was not paying attention, he gave Tianqi the four pills, and then took back half of the magical medicine from Tianqi and took him to keep it. After doing all this, the auction just entered the stage of bidding for the best purple ginseng. Soon, the host stepped onto the stage and said: "Next, we are going to start bidding for our last finale medicinal material, the 300-year-old purple ginseng! Before we start the bidding, the famous genius doctor Tianqi Shi will come to personally appraise for us this superb purple ginseng!" Before Tianqi came, he promised the organizer that he would appraise this superb purple ginseng on the spot, so he walked to the center and took the superb purple ginseng from the hands of the hostess. After careful identification, he opened his mouth and said: "Everyone, in Shi's humble opinion, the actual life span of this superb purple ginseng should be around three hundred and fifty years or even higher. It can be said to be the best among the best, please rest assured!" Everyone present exclaimed! They thought it was three hundred years old, but they didn't expect it to be more than three hundred and fifty years old. This is really amazing! Charlie couldn't help but look at Tianqi with admiration. He didn't expect that he could also see the actual age of this top-quality purple ginseng, and it seemed that he had a strong Chinese medical knowledge. At this time, the host smiled and said: "Mr. Shi studied ancient and modern times and is a well-known Aurous Hill sage. A few days ago, he cured a patient with high paraplegia and created a medical miracle. I think everyone has heard about it, so with Tianqi's appraisal opinion, everyone can rest 10,000 hearts on this superb purple ginseng." When Tianqi returned to his seat, vicissitudes of voice suddenly came to the mind behind him: "Old Master Shi, high paraplegia is a terminal illness that cannot be cured by Chinese or Western medicine. How did you cure it? Why do I not believe that you can really cure it? Tell me, did the blind cat meet the dead mouse?" Tianqi looked at the place where the sound was made. After he could see who it was, he smiled and said, "Bruce, you are not waiting for the Chinese Medical Clinic. What are you doing here?" traditional medicine lord! When they heard this name, the people around couldn't help being shocked. This traditional medicine lord is called a contemporary imperial doctor! he is the representative of the highest level of traditional medicine in China! Bruce laughed at this moment, and said, "I just came to see if you have the ability. The spread is too mysterious, I don't believe it." Tianqi smiled slightly and said, "It's really just rumored, you don't really need to believe it." Bruce was stunned, did not expect Tianqi to be so humble? He thought he would be more real, but he would deny it directly, which made him suddenly wonder what to say. At this time, the host opened his mouth and said: "Next, we will start bidding for this 300-year-old purple ginseng. Its starting price is 5 million, and the price increase should not be less than 1 million. Now everyone can show up." The host smiled sweetly, and after speaking, he stood aside. As soon as she finished speaking, she heard Barena Wei in the back row directly shouting: "Ten million." Everyone was speechless, this 300-year-old top-quality purple ginseng had doubled the price in the first bid.

Chapter 444

Barena Wei knew that if the premium purple ginseng was bid all the way, it would probably cost 20 to 30 million, so he simply doubled it and frightened others, so that he might even steal a chicken.

“Eleven million.” A middle-aged man in the court also raised a placard and shouted.

Barena Wei glanced at the man with disdain, then raised his placard again: “15 million.”

“16 million.”

Someone spoke again.

“Twenty-five million.” Barena Wei held up his card.

He is helping Fredmen participate in the auction this time, and the bid will also be borne by Fredmen, so he doesn't feel distressed at all.

The price of 25 million made many people have the idea of giving up.

Although the best purple ginseng is good, the effect of one plant is limited. 25 million is already at a very high price.

However, at this moment, someone at the scene suddenly shouted: “I'll pay 30 million!”

Everyone hurriedly looked around, only to find that the bidder turned out to be Charlie sitting next to Tianqi.

Barena Wei and Fredmen did not expect that Charlie would rob them at this time, so the two exchanged glances. Fredmen directly took the sign in Barena Wei's hand, raised it and said, “Forty million!”

Fredmen knows very well that Charlie is very difficult to deal with. Once he consumes him, the price will not be known!

Moreover, this guy couldn't buy it at first glance. He must know that he needed this superb purple ginseng to regain his glory, so he deliberately made trouble with himself and wanted to raise the price to disgust him.

Therefore, he planned to call for 40 million in one step, so that Charlie would not dare to follow!

However, Charlie raised his placard again at this time and said lightly: “50 million!”

In his pocket, there was a check for 100 million from Warnia last time.

Last time he gave this check to his mother-in-law Elaine by mistake, and it almost caused a catastrophe. He was very upset with the check. He was thinking about finding an opportunity to spend it, so he has done it today. Get ready, use this one hundred million check to bid for this superb purple ginseng!

Anyway, besides this one hundred million check, there is money in the card. In his eyes, this check is just a piece of waste paper that he doesn't know how to deal with. It finally came in handy today.

Hearing Charlie's call for fifty million, Fredmen died of anger.

He gritted his teeth and said to Barena Wei: "This horrible waste, deliberately wants to go against me! Fifty million, it's weird he can get it!"

Barena Wei also nodded and cursed, "This kid is really bad sh!t soup, this super-quality purple ginseng is actually about 20 million, and 50 million to buy it is really a waste. It can be said to be a fool! "

Fredmen gritted his teeth and said: "d*mn, I'll call him around to see, I can't wait for this problem with my body!"

After speaking, he held up the sign and shouted in a cold voice: "I will pay 60 million!"

Did he think, Charlie still dare to call 60 million?

Unexpectedly, Charlie directly raised his placard: "I will give out 80 million!"

Fredmen suddenly exploded and stood up and asked loudly, "What do you mean by that? What the h*ll is he? It's 80 million, can you afford that much money?"

Charlie said with a smile: "My dear grandson, don't worry, grandpa can afford it!"
