This was an extremely excellent piece of news for Samuel. Given that Di Rat informed him concerning this issue, Samuel had actually been believing regarding it day and evening.

Currently, Saber Twelve had actually brought him really hope!

"Saber Twelve, because you understand, is there any individual that can get in touch with individuals in the Planet Core Jail?" Samuel asked anxiously.

"Bro Samuel, are you sure you intend to send your close friend in? I can tell you one hundred percent that he has no chance to find out," said Saber Twelve.

"I make sure." Since it was related to Han Tianyang, how could Samuel be reluctant?

Saber Twelve sighed and also stated, "I've reached individuals in the Planet Core Prison, however I'm not sure if I can contact them."

Saber Twelve's words made Manfred's eyes flash with a hint of shock. He had actually believed that Saber Twelve was simply a boxer, yet he was still able ahead right into contact with a mysterious place like the Earth Core Jail. This showed that Saber Twelve's identification was not as simple as he appeared to be.

"Attempt as much as you can. This issue is extremely important to me," Samuel claimed.

Saber Twelve nodded and also left. He did not state anything concerning the Planet Core Prison.

Manfred walked to Samuel's side as well as asked in a deep voice, "Should we explore Saber Twelve? Resembles his identification isn't as easy as we assumed."

Samuel trembled his head decisively as well as said, "We do not require to be dubious. "

Manfred crinkled his lips and stated, "As expected, you still have guts. Aren't you afraid that he will betray you?"

Samuel smiled and also described, "Despite who he utilized to be, currently what he desires extra is to look for stability, and I can give it to him. What reason does he need to betray me?"

" You, this person, do not inform me you want to utilize Tang Qingwan to endanger him?" Manfred claimed.

Samuel looked helplessly at Manfred as well as said, "What sort of shitty luck did you have in the past to become in charge of Cloud City? A Person like Saber Twelve. If I threaten him with his little girl, do I believe my life will be as well long?"

" What can I do? I'm simply fortunate. What can you do regarding it?" Manfred said as he stomped his feet. Before Samuel, he didn't even have the smallest image.

Samuel waved his hand as well as claimed, "I need to go. Don't interfere in the issue of Saber Twelve."

The angry Manfred unexpectedly relaxed. He smiled and said, "Will you go? Or will you go back to your house?"

The significance of going and returning was totally various. Samuel knew Manfred was concealing something in his words. He glared at him and left Hex Funding Nightclub.

" Guan Yong, someone's here to see you." The warder strolled to the main area and also shouted.

"Boss, it's been a lot of years, as well as no person has ever seen you. Just how can any individual take a look at you?"

"Bro, it can't be the little fan that utilized to be outside to vent your conscience, can you?"

"Sibling, you need to bring back some fragrance. I haven't scented a lady's aroma for a long period of time."

He had broken short connections with his family for a long period of time, as well as his family members was deep in the mountains in his home town, so they didn't recognize that he remained in prison. Taking a go back, even if they recognized, it was difficult for them to find right to see him.

"You bastards. If a lady comes to see me, I'll ask her to give me the clothes as well as bring them back for you to scent gradually."

Guan Yong walked out of the primary space and also concerned the supervision space. When he saw the site visitors, he was very surprised.

This ... he or she looks exactly like Han Jun.

"Guan Yong," Samuel stated with a smile.

Listening to this acquainted voice, Guan Yong's eyelids twitched and he sat gingerly in front Samuel.

"Sibling, that are you?" Guan Yong asked cautiously.

"Don't make believe to be confused. Samuel stated with a smile.
