

Chapter 445

Many people at the scene knew that Fredmen had knelt down before calling Charlie's father and Charlie's grandfather, so when they heard this, they suddenly laughed.

Fredmen couldn't hold on to his face, gritted his teeth, and said, "Okay! You have a seed! I will give out 90 million!"

Barena Wei pulled his sleeves beside him and said, "Fredmen, ninety million is too expensive. This thing is not worth so much. Don't be impulsive and fall for that b@stard!"

90 million to buy a ginseng? Except for thousands of years of super-premium products, no ginseng is worth so much money!

Although Fredmen is rich, he is not a lavish person. Sleeping Wendy only spent 15 million and asked him to spend 90 million to buy ginseng, which is really a bit superior.

However, what he was thinking at this time was that he had to heal himself!

After so many days, he hasn't felt there, it's almost like nothing. If this continues, he will lose hope in life...

So, he made up his mind in his heart and gave out 90 million, no more!

At this moment, Charlie faintly held up the sign and said: "I will give one hundred million!"

Fredmen immediately shivered with anger, and cursed, "What do you want to do with this rubbish? It is probably a good thing that disturbs me?"

Charlie smiled faintly and said: "I have taken a fancy to this purple ginseng. Of course, I have to bid for it. What's the matter? What if you, Chairman Willson, can't be snatched from you?"

Fredmen cursed: "Do you think I don't know your details? You are just a live-in son-in-law. You don't have 100 million in the entire Willson family! How can you get so much money? Come?"

After that, Fredmen turned his head to look at the host, and said: "I suggest you drive this guy out, this guy is cheating! He can't have that much money at all!"

Tianqi frowned and said, "All the expenses of Mr. Charlie today can be counted under my name."

Qin Gang also said quickly: "My Qin family's funds are also available for use by Mr. Wade at will!"

When the two of them said these words, the scene was shocked!

What is Charlie's background? Tianqi, the genius doctor and Qin Family Patriarch Qin Gang, are willing to pay for him. This is a hundred million!

At this time, Charlie smiled faintly, and said: "It's just a hundred million, I can still afford it. That's right, I have a hundred million in my pocket. It's been a d*mn half a month, and it's almost annoying. I'm dead, just take this opportunity to spend it."

Fredmen said contemptuously: "What are you bragging about? Do you treat everyone as a three-year-old kid? And you have 100 million in your pocket, do you know how much a billion is? A billion in cash weighs more than a ton! Can you? Put it in your pocket?!"

Charlie curled his lips and said with a smile: "You really are a stinky silk that has never seen the world."

With that said, Charlie took out the 100 million check that Warnia gave him from his pocket. The check had been crumpled in his pocket for many days, and it looked like a pile of waste paper.

Charlie raised the check and said to the host: "Beauty, let your financial staff come over and check it."

Fredmen sneered and said, "stupid, just take a wad of waste paper and say it is one hundred million? Then I will use several hundred million to wipe one butt!"

Charlie ignored him, holding the check indifferently.

At this moment, the host brought the financial staff, and Charlie handed over the check. The other party checked it for a while and immediately said: "This check has a face value of 100 million, which is true."

After speaking, everyone present suddenly exploded!

A one-hundred-million cheque, just as waste paper in his pocket?

What the h*ll should he do if he loses it?

What if it accidentally slips out of pocket while squatting in the toilet?

Chapter 446

What if he accidentally put the clothes together and throw them into the washing machine and wash them into pulp?

What a big heart! Big scary!

Fredmen's angry face was twitching faintly at this time. He didn't even understand why this waste could have so much money? Isn't he just a son-in-law?

Charlie asked the hostess at this time: "Since no one is robbing me, I can also get 100 million. This super-quality purple ginseng should belong to me, right?"

The host hurriedly said: "Now I announce that this 300-year-old purple ginseng is back..."

Before he finished speaking, Fredmen hurriedly said: "Don't worry! I have to increase the fare!"

The scene was shocked again!

The auction starts at 5 million, and all the auctions have reached 100 million. Do you need to increase the price? !

This purple ginseng is not worth so much money at all! Are these two crazy?

Barena Wei hurriedly reminded: "Oh, Fredmen, a billion is a big loss. With this money, what's wrong with it?"

Fredmen asked: "If you can't get it, what about your new medicine? What about my illness?"

Just as he was talking, a middle-aged man with a little bald head rushed over and said to Barena Wei, "I'm sorry, Mr. Wei. The laboratory was waiting for the results just now, so I came late."

The person who spoke was the chief pharmacist of Wei's Pharmaceuticals. He had just arrived from the pharmaceutical factory to help Barena Wei check the purple ginseng.

Barena Wei hurriedly said: "Professor Ke, you just came here, do you think the superb purple ginseng in the host's hand is worth 100 million?"

"One hundred million?" Professor Ke shook his head and smiled: "It's not worth it. For three hundred years of purple ginseng, the highest market price is only thirty million. It can't be higher. One hundred million will only be bought by fools... .."

"What about Fredmen's disease?" Barena Wei asked.

Professor Ke said with a confident expression, "In fact, it doesn't have to be 300-year-old purple ginseng. We only need to find a few 100-year-old purple ginseng to purify and replace it. 100-year-old purple ginseng on the market value of one plant is only about one million, and five is worth five million. The price/performance ratio far exceeds that of 300 years."

At this time, the host asked Fredmen: "Fredmen, how much do you want to add? Please tell me the specific amount directly, otherwise, it will be difficult for us to continue."

After hearing what Professor Ke said, Fredmen felt confident in his heart. He felt that he could not be taken advantage of, so he should give this opportunity to Charlie and let him hurt him.

So he immediately shook his head and said: "I decided not to add it. It is simply a mental retardation to spend 100 million to buy this kind of thing. Only people with poor brains can do this kind of thing."

There was a boo in the scene.

If you have no money, you can say you have no money. If you are reluctant, you can say that you don't want to. If someone else is mentally retarded, what kind of sour spirit is this?

Fredmen was booed by so many people, and his heart was a little irritable, but he didn't dare to have an attack, so he had to bite the bullet and endure it.

No one would have trouble with money, and he didn't think it was worth spending tens of millions to buy face.

The host then said: "One hundred million once."

"One hundred million twice."

"One hundred million three times, congratulations to Mr. Charlie, the transaction."

Charlie nodded in satisfaction, looked at Fredmen, and said with a smile: "Send you a friendly reminder that you can't cure that disease with any medicine, so I advise you not to waste your efforts!"
