

Chapter 453

Lilly, who was holding hands, was also stunned: "Mom! You are very different today!"

Suzi immediately asked: "What's the only one, oh, the only one you wear so little today? Are you cold? Do you wear so little a day in kindergarten?"

Lilly looked at his mother with a sullen look: "Huh! You have only seen me wear so little until now, then I tell you, since I got off Uncle Christopher's car, I ran around our community. Circle, you didn't notice it? Fortunately, I didn't meet an uncle trafficker. If I met an uncle trafficker and were carried away by them, if you only think of me now, I have been carried to the airport and flew away. It's far, far away!"

Suzi cast a blank glance at the girl.

Immediately, his face turned red.

She was indeed just now. She wanted to wait for Arron to get out of the car and immediately thanked him, but she ignored her.

"I'm sorry, baby." Suzi sincerely apologized like a girl.

"Okay! Forgive you!" Lilly has always been magnanimous to his mother.

Other people's homes are mothers looking at the baby.

Shen's only home is a baby petting his mother.

Yeah.

"Let's go stinky dad, let's wash our hands." Lilly happily took his father's hand and went to the bathroom.

At the door of the bathroom, Arron still looked back at Suzi.

Suzi pursed his lips: "Go and wash your hands."

Man: "..."

When he decides to eat, he must ask her if she is being excluded from the company. As a result, as soon as he and Shen Wei alone came out of washing their hands, they saw Suzi's mobile phone ringing at the dining table. Suzi's mobile phone rarely rang, because few people in Nancheng really knew her.

Will it be Joan calling?

Inexplicably, Suzi glanced at Arron nervously, but Arron's expression was really ugly, she subconsciously looked down at the phone call.

Now, he was relieved.

The caller ID is an unfamiliar number.

For this reason, Suzi deliberately pressed the speakerphone to answer: "Hello, who are you?"

"Suzi, hello, this is your colleague Zhao Xianda, the handsome guy sitting on your left." At the other end, there was a hearty male voice.

This really caught Suzi off guard.

Suzi: "..."

At that end, Zhao Xianda continued to smile with a hearty smile: "Suzi, don't worry, I've already knocked the card for you, and the design director has also asked for leave for you and her, saying that you are going out temporarily. This scene, you don't have to worry about anything, then what..."

"Oh, thank you, thank you Mr. Zhao." Suzi immediately blocked what Zhao Xianda was about to say.

At that end, Zhao Xianda continued: "Suzi, a few male colleagues and I can see that you are a woman who does practical things and does not gossiping. You are different from their women with broken mouths. They have the face to say You soil, in fact, you are more beautiful than all the women in the company. I and a few male colleagues agree that you are the most beautiful..."

"Well, the noodles under my pot are silted out, I hung up." Suzi hung up the phone in embarrassment.

Then he looked at Arron and Lilly who had just come out of the bathroom.

"Mom, you are awesome, is the uncle who chased you handsome? If he is handsome, let's eat with him." Lilly didn't notice the stinky bad father whose face turned black, she only looked admiring. Looking at mom.

Suzi: "..."

Chapter 454

At this moment, the black face of the man is not enough to describe his current expression. Suzi and the man are several meters away, but she can feel the cold air of the man, the sword exuding from Zhou Shen The cold light.

That cold light can kill people.

Suzi bit her lip in fright, and looked at her daughter Lilly only with anxiety.

At this time, Lilly was still holding his father's hand. It was strange why Lilly couldn't feel his father's air-conditioning or his father's murderous aura?

Suzi squeezed a sweat for the girl.

However, Lilly raised his innocent little Taiyang face and looked at his father: "Dad, our family of three will have dinner with the handsome guy who chased my mother? Then that handsome guy will know that my father is longer than him. You have to be handsome, huh!"

After speaking, the little girl snorted proudly.

Suzi really wanted to step forward and cover her daughter's mouth, and wanted to stop Lilly, so let's stop talking about this topic.

However, she saw that Arron's face changed a lot in an instant. He clenched Shen's only little hand and said softly, "Go, go to dinner with Dad."

"Okay." Lilly jumped, and came to the restaurant with Arron.

Suzi: "..."

There was a layer of sweat on my back, which made my clothes wet.

In order to prevent herself from receiving similar calls, Suzi simply shut down. Anyway, few people looked for her. Few people in Nancheng knew her. She had no friends. The only relative, Lilly, was by her side. She shut down. It's okay.

After turning off the phone, Suzi sat opposite Lilly and Arron. She pushed the noodles to Arron and said quietly: "I don't know how to cook, the last time you asked me to make it. Fish, you can't eat salty ones, but this time it's different. I'm good at making it. You can try it."

After speaking, Suzi stopped looking at the man.

She was afraid that the man would smash her bowl of noodles. She still can't understand whether the man's heart is angry, or is she not angry? She couldn't figure out Arron all the time. He was always incapable of being happy and angry, and the city was extremely deep. His thoughts and emotions were simply beyond her ability to guess.

So, don't guess.

As a result, when he raised his head again, the man had already moved his chopsticks to eat.

"Dad, wait for me. You ate too fast. My mother's marinated noodles are delicious. Hehehe, you can't ask for mine when you are done." Lilly smiled and looked at his father.

To say that the little girl's favorite home-cooked meal is Suzi's marinated noodles, but since coming to Nancheng with his parents, this is the first time that Shen has eaten his mother's marinated noodles.

Well, it smells so good.

Shen is the only one who feels fragrant, and Arron also feels fragrant.

It's just that Arron will not show his preferences so obviously like Lilly. He only eats big mouthfuls. Seeing that he eats fast, Lilly also eats fast. The father and daughter ate the noodles in front of them at the same time.

After eating, the man took Lilly and went out.

"You...Why are you going?" Suzi asked.

"Yeah, why are we going?" Lilly asked curiously.

"What my daughter said just now is a reminder to me that after dinner, she should take her two laps in the community to improve her physical fitness." Arron said calmly.

"Um..." Suzi could hear that there was no more hostility in his tone. The heart is also a little lower.

"Mom, let's get down together." Lilly shouted.

Suzi nodded.

Just like that, a family of three went downstairs holding hands. As for the mobile phone that was turned off by her, she never paid attention to it. When she came downstairs, Suzi sat on the bench and watched the father and daughter walk briskly together.
