

Chapter 471

“Don’t hit him!” She rushed in regardless, opened her thin arm and stood in front of Yabei, “please don’t hit him!”

“Go away, wenjo! Your Highness has lost his mind now. He will even beat you! ”

Manager Bernie was lying on the ground, his facial features wrinkled with pain, and his old waist seemed to be broken.

Before Bernie had finished speaking, winjo’s back collar was caught.

Suddenly empty feet, clear eyes with a trace of panic.

“Li Fengbei! You let me go! Calm down... ”

However, the crazy Yabei could not hear anyone’s voice at all. He only knew that he was about to be manic and wanted to destroy everything. He wanted to control it, but he couldn’t control it.

“Bang!” With a sudden sound, Wenqiao’s thin body was thrown out.

Wenqiao felt that the bones and muscles of his whole body had shifted, and his eyes were dark, and he fainted completely.

.....

The sunshine in midsummer is very dazzling outside the window. It makes the woman on the big bed paler and paler.

Wen Qiao sleeps very uneasily, “Li Feng North! Li Fengbei! No! Don’t hit him

Her two little hands were tightly squeezed, kicking the quilt and shaking her head.

But I couldn’t wake up.

“Wenjo, what’s the matter with you? Wake up

Anthony tried to wake her up by shouting her name as he pressed her so that the needle on the back of her hand would not run away.

“Li Feng North!”

Wenjo screamed and finally came to himself.

A pair of big black and white eyes, confused to look at everything in front of us.

In pair of Anthony’s worried eyes, the heart of a joy.

“Anthony, it’s very nice of you to be here! What about him? What’s the matter with him? ”

Seeing that the first sentence she said when she woke up was to ask about Yabei’s situation, he didn’t care about himself at all. Anthony was filled with anger.

His handsome brow immediately frowned.

"I know him! Don't you ever think about yourself? He has hurt you so much that you still have leisure to care about his affairs! "

"Yes, he has always been more important to me than myself," he admitted without hesitation! So you answer me quickly! What's the matter with him? "

Anthony put her stubborn eyes on her and got up angrily.

"He's fine! Anyway, it's not my life. Maybe one day you will be killed by him, but you will be very happy! What am I doing here! "

Wenjo was very sorry to hear Anthony's murmur.

"Thank you, Anthony!"

"Don't thank me. I just can't stand such a silly woman as you!"

Wenjo laughed. Seeing that he was going to leave, he called out, "Anthony, wait a minute! One more thing, I'd like to ask you to do me another favor! "

Anthony stopped. "Come on, what can I do for you?"

Wenqiao was a little afraid of Anthony's anger, but he gritted his teeth and said, "I want to go to Lianshan again. I want to ask your mentor, Dr. George, to come down the mountain again! I agreed to his request last time. He can't break his promise! "

Anthony narrowed his eyes and looked at winjo's pale little face. His face became overcast.

"What did you say? What did you promise him? "

So, she cheated him last time. What did she really promise the old man?

Wenjo felt guilty in his sharp eyes.

"Well, that I don't have no way, but as long as I can cure him, I don't think this condition is very good! "

Smell speech, Anthony clenched fist, a pair of rushed up to beat her a look.

Almost gnashing his teeth to roar: "I ask you, you in the end promised him what conditions!"

Wenjo was startled by his appearance.

It seems that the gentle people, once the fire, even more frightening.

"Just He promised that he would accompany him in the mountains and wash and cook for him in the future. "

The further she went on, the smaller her voice became. She could hardly hear the last few words.

Because Anthony's face became very ugly, he bit his teeth, peach blossom eyes glared at her fiercely.

It's like the next second to rush over and tear her apart.

Winjo shrank back in fear, putting his hand in front of him Anthony Don't be impulsive! It's wrong to hit a woman! Men who beat women are scum men Ah Let go of me

Anthony grabbed her ear directly, but that was to scare her.

He wanted to hit her. She was going to piss him off.

He worked so hard to bring her back, but she agreed to the old man's unreasonable request.

The old man has lived in the mountains for so long. It is estimated that he was lonely for a long time before he asked a girl to accompany him in the mountains. It's really shameless. Obviously, Anthony, as a young man with strong hormone secretion, can only think of such romantic things in his mind.

But wenjo didn't understand that at all, and doctor George didn't mean it either.

Misunderstandings, that's what happened.

Of course, he was not the only one who misunderstood.

And there's a man standing outside listening.

Yabei was shocked to hear that Wenqiao agreed to go up the mountain to accompany George for him.

His handsome face was tight, his deep eyes were dark, and his face was complicated.

This woman even for his promise George this unreasonable conditions, she really like themselves?

There was a little excitement in one corner of my heart, but then I twisted my eyebrows deeply and min raised his lips.

Isn't she Anthony's woman? And he's like the man she likes!

Inside the door, Anthony didn't give up his hand. He just pinched her ear and let go.

Poke her small head, a face hate iron not steel said: "useless woman, you wait to regret it!"

Then he left with his medicine box.

Wenjo took a long breath and was very happy, because just now Anthony told her that doctor George had been kept by him and did not leave.

It reminded her that Anthony did say to her that night, don't worry about Dr. George, he would try his best to keep him.

He really did what he said.

Anthony is such a good man!

On this side, Mr. Anthony, known as a good man, went to the study as soon as he entered an's residence.

Their study can be said to be a small library. Of course, the general library can't compare with their study.

There are many books in their library that can't be bought in the market. They are the only one.

There are many medical works in it.

That's how Anthony can keep George.

As Anthony angrily opened the door, Dr. George was still smiling and nodding at the book, taking notes.

"Well, so it is! So it is

Anthony looked at his silly appearance, and his anger was burning.

Chapter 472

Anthony pushed the door open, his anger rising.

He's an old man in his sixties. Does he know how to write "bashful"?

Anthony strode over and snatched the book from George.

"Who robbed me of my book?"

George's face became ugly and looked at the man, "it's you, stinky boy. What are you doing?"

Anthony slapped the book heavily on the desk, a handsome face black to the bottom, "why do you want Wenqiao to agree to your terms?"

George didn't react for a moment. After thinking for a long time, he was confused.

A school of ignorant naive asked: "what conditions ah?"

"Let her go to the mountain with you!" Anthony clenched his fist angrily. "You're taking advantage of the fire! If you don't think about it, you're not old enough. You have a untidy beard. Do you mean to let other girls go up the mountain to accompany you? You are not ashamed of yourself

At that time, she would rather die than let her accompany this handsome young master in an's residence. Now, it doesn't matter on the face that she agrees to George's condition. She must be very sad!

George was very old. For the first time, he was blushed by his apprentice and said, "what are you talking about, smelly boy? Even if I let her accompany me, I don't mean that! What's more, I'm just joking with her to scare her! "

He angrily pushed the high medical book in front of him, his mouth cocked high, "hum! I'll go back now, so as not to be disliked by you young people! "

"Wait!"

Anthony grasped some words later, and his eyes burst out with a touch of surprise, "what did you just say?"

"I said I was going! It's not in your place

"No, the above sentence! You said you were just kidding her, scaring her? "

George gave Anthony a white look. "Yes, what's the problem?"

Anthony gave George a big hug directly. "No problem, master. You're very kind."

George reluctantly put a finger on Anthony's forehead and pushed him away. "Don't hold me. I'm going to pack up and leave your house now!"

"Master! What are you talking about? Come on! Let's go into the palace as soon as possible, while the gate of the palace is still open! "

With that, Anthony led George away.

"Wait a minute, where are you taking me?" George protested.

But Anthony's strength is obviously much greater than him, he was directly led out of the study by Anthony.

Come to George's bedroom, open his suitcase, find his exclusive medicine box, carry it and go outside.

George frowned, "where are you taking me, stinky boy? Who are you going to treat so late? "

"Wenjo!"

"Ah?" George immediately became nervous. "What's wrong with her?"

How could such a lovely girl fall ill!

Anthony: you'll know! Let's hurry up

"Good, good!"

I heard that George was faster than Anthony when he was treating Wenqiao. He urged Anthony, "you're a big man. How can you walk slower than me! Hurry up

Although I didn't have much contact with Wenqiao, she was a lovely little girl, and also a poor little girl.

For so many years, just a little girl like her went to the mountain to find and beat him. For George, Wenqiao seems to have become a special person in his life.

At the Duke's house, Anthony was put in.

Because of his Highness's order in the afternoon, winjo was ill, and the doctor was free to go in and out of the palace.

When Anthony took George to the Duchess.

Winjo was staring at the ceiling in a daze. From just now on, she looked out of the window from time to time and at the door from time to time.

Anthony said to bring Dr. George right away. Why don't you come at 8 p.m?

You know, after eight o'clock in the evening, the curfew began in the palace.

Just when winjo thought they would not come again tonight, the door was pushed open.

"Little girl, what's the matter with you?" Doctor George's worried voice came from the door.

Winjola's little deaf face, when she heard doctor George's voice, immediately beamed.

He turned over from the bed and fell to the ground because he was in a hurry.

“Dr. George, that’s great. You finally agreed to treat him!”

“Oh, slow down!”

George went to help wenjo, and then frowned deeply. “What did you say, girl?”

“I said, let’s go and treat the third highness as soon as possible.” Winjo took George and couldn’t wait to go to the door.

“No! Wait George stopped and stopped. “No, what did you say? To cure his highness”Yes

Wenqiao’s eyes were bright and he nodded seriously.

With her affirmative answer, George looked coldly at Anthony.

The eyes seemed to say, “well, you kid, you’re cheating me again!”

Anthony pretended not to see it, coughed and looked away.

At this time, he’d better play dead.

Just bring him to winjo and his task will be finished.

Knowing that he had been fooled, George was so angry that he threw away winjo’s hand and sat down on the sofa.

“No! That kid stopped me outside last time. Why should I treat him? ”

He doesn’t want to stick his hot face on someone else’s cold ass!

Seeing that George was still worried about last time, Wenqiao squatted beside him, pulled his arm and shook it, praying: “doctor George, you promised me last time, you can’t break your promise!”

Speaking of this, George cocked his mouth.

“I was joking with you. It’s nothing like that. The reason why I spread this rumor is that I don’t want to be disturbed.”

“Ah?” Winjo blinked in confusion. Is that ok?

“Is it because of this rumor that no one dares to go up the mountain?”

“Aren’t you one?” George has no good airway.

The first time I asked him to go down the mountain for medical treatment, but he was still stopped by the patient outside the door. Even his family was not allowed to enter. Are you angry?

Winjo’s big bright eyes were wide with shock.

“No? I was the first one to go up the mountain? ”

George looked at her stupidly and pushed her away in disgust.

“Don’t be coquettish to me, it’s useless to be coquettish to me!”

Wen Qiao curled his lips and asked, “is it possible for you to cure his illness if I bring the third highness here and apologize to you?”

George raised his head haughtily. “Who cares about his apology?”

But the eyes were beautiful.

Encountering such a proud doctor, Wenqiao has no way.

She said, “you wait. I’ll call him here now! You just sit here and wait! “

Chapter 473

The thought that George could finally be cured of his illness made wenjo very happy.

Regardless of headache, body soreness, happy to run to the bedroom of North Asia.

As a result, he was stopped before he saw him.

Wen Qiao put his hands together and pleaded: “please, I have something very important to see your highness. Please let me know!”

The bodyguard had a cold professional face. “Your Highness is sleeping. Now no one is here!”

No! What time is it? It’s still gone!

Is he waiting for himself to die? She is so angry!

Wenqiao see how to say is useless, the bodyguard just don’t let people go.

She sighed heavily, “well, since your highness doesn’t want to see me, I’ll have to let Dr. George go back!”

Bernie listened at the door, heard the name of “Dr. George” and ignored Abel’s orders.

He quickly opened the door and ran after winjo, but because of his waist injury, the gesture was somewhat funny.

“Wait, what did you say? Is Dr. George the doctor on Mount lotus? ”

“Yes Wenqiao nodded. “Now only he can cure his third highness. Since he doesn’t want to cure, I’ll let Dr. George go back.”

With that, he turned and left.

As soon as Bernie was shocked, he grabbed Wenqiao’s arm, narrowed his eyes and said with a smile, “wait a minute, I’m going to inform your highness now. It’s still early. Your highness can’t fall asleep!”

Bernie limped back, back on his back, pushed open the bedroom door.

It’s impossible for winjo to really leave. What she said just now was meant for manager Bernie.

Now, Bernie, the manager, is also holding back his grievances. He is always injured on business. If Abei's illness is cured, his work will be easy.

As the first confidant of the third highness, Bernie is very happy to see Abei get better.

If Abei becomes king in the end, his status will rise by more than one or two points, and it can be said that he will be prosperous from then on.

"Your Highness!" He can't take care of his back pain, and he is walking like flying. "Your Highness, wake up, Dr. George is here. He is a medical legend of Liluo. Please let him help you! Only he can cure you now!"

George

Is that the bad old boss who offered to ask winjo to accompany him on the mountain?

He won't let a person with bad character be treated.

Without blinking, Yabei turned over and went on sleeping.

Sexy voice languidly spread out, "don't disturb me, I won't go! I don't need him

Bernie is very anxious. My highness, this is not the time to be willful. After this village, there will be no shop.

And at this time, outside the door, has been listening to the voice of the room with his ears.

When she heard that Yabei was still playing with a young master's temper and did not see George, her heart was about to explode.

How could he say such irresponsible things?

I still remember how Li Fengbei assured her before leaving that he would get well as soon as possible and come back safely.

Come back to her as soon as you're cured!

But now the North Asia, but a pair of languid posture, simply do not take her words as one thing!

She was so angry that she took three or two steps to open the quilt on Yabei.

Without taking off his shoes, he jumped into bed and took Yabei's arm to pull him up.

He yelled angrily: "get up! Is this the time for willfulness? Now only Dr. George can cure you. Get up

Yabei finally opened his eyes and looked at Wenqiao's angry face.

Thin lips pursed tightly, dark eyes stained with a deep.

If this woman is not Anthony's woman, nor does she take him as a stand in, and really likes herself, she looks lovely. Although she is a little ugly, her character can make up for that ugliness.

I still remember that when I first met him, the woman laughed at him boldly, "we both have scars on our foreheads, aren't we a good match?"

The first time he saw such a brave woman!

But this woman, he didn't want very much, and even slightly disliked.

Just because other people's women are not rare in North Asia.

"No! Who do you think you are? Dare to shout in front of me

Abei waved her hand, lay down again and turned to her.

Wenqiao looked at his broad back and was so angry that he was about to cry.

If he is Li Fengbei, she must have many ways to subdue him, but now he is Yabei.

Don't remember her Yabei, she's really powerless.

"Yabei! You get up! "

She yelled, "if you want to die, you just keep lying!" Bernie was stunned.

Sure enough, this kind of girl can handle your highness. It seems that you can't underestimate her in the future.

She yelled at her highness, who didn't even order the guards at the door to throw her out, or even say that they would punish her.

Is your highness in love with this girl?

All of a sudden, Bernie's eyes are bright, flashing the light of gossip.

Yabei impatiently pulled out his ear. He turned over again and glared at winjo standing by the bed.

"I said I don't need him to treat my illness. Even if I want to treat my illness, I won't find such an old man!"

He doesn't care for the old man who is lusty. He treats him!

What's more, is he a man like that in North Asia? In order to survive, do you want to exchange a woman's freedom?

"Are you serious?"

Wenqiao quietly looked at him, pure face, that pair of clear eyes gradually dense with a layer of water mist.

After all, he will go his own way!

Yabei heart a shock, a soft corner of the heart, like what stung for a while, slightly suffocated.

He pinched his hand tightly and did not open his eyes. He said in a cold voice, "my business is none of your business! Don't mind your own business

"Mind your own business?"

When Wen Qiao heard these words, he burst into tears.

“I went up the mountain to see Dr. George alone. My hands and feet were bruised. Am I cheap?”

As he spoke, Wenqiao raised his hands and put them in front of Yabei’s eyes. “Look at that!”

Yabei twisted Junmei slightly and looked at her words.

I saw little white hands, a piece of red and swollen up, some places also look like pus, looks shocking.

He was shocked.

Is this woman stupid or crazy? To do such a thing for him?

Moved? He asked himself!

It must have been moved, but more than that, it was an anger that even he could not explain clearly.

Chapter 474

She’s Anthony’s woman, so she doesn’t feel like a wife? What’s the trouble with another man?

“You go! Don’t show up here again

Yabei said, and angrily to the bed.

That look, there is really a bit of self abandonment attitude.

Wen Qiao’s angry words had not yet been uttered when she heard Ya Bei say so again. She couldn’t believe what she heard.

After all, Li Fengbei, whom she knew, was not a man who would admit defeat.

Now, he even wants to drive her out of the Duchy?

It took her a long time to find her voice again. “I’m your Majesty’s order to take care of your body! You can’t just drive me away, you have to give me a reason!”

“Why?” The man scoffed, and her pale face was locked tightly in his evil eyes. “You are Antony’s woman, but you do your best to worry about my affairs. Does he have any other ideas? Or do you want to step on two boats!”

Wenqiao’s face turned white and explained eagerly, “no! I’m not his woman...”

Seeing her denial, the man twisted his brows together and yelled: “but I’m not interested in other people’s women! Don’t waste your time. I won’t like a married woman! Please respect yourself

Self respect?

What a terrible word, just press it on her.

In front of my eyes, the tears just forced down, once again flooded up.

She looked at him in despair, finally closed her eyes, turned and walked towards the door.

As soon as she walked out of the door, her tears fell down.

She bit her lip and ran out of the palace without looking back.

Anthony ran after her. "Winjo, stop! Stop

The sky is overcast. I don't know when it rains heavily.

Thunder, lightning, mixed with the curse of people on the way in the rain.

Wenqiao walked forward in a daze. The heavy rain wet her hair and clothes, and the strong wind brought cold on her.

Tears fall down, mixed with the face of vertical and horizontal rain, can not tell whether it is tears or water.

Suddenly I don't know where my next goal is?

She spent several months planning to abandon her children and parents and come to this strange country to find Li Fengbei.

Man is found, but he forgot himself!

The man who said that he would never forget her even if he forgot himself finally forgot her and ate his words.

When Anthony finally caught up with her, she squatted on the ground, her face buried in her knees, like a stray kitten.

Anthony's pace slowed down unconsciously. He took off his coat and put it on winjo's head.

Warm voice with a trace of suppressed anger, "up, come home with me!"

Every time, she was like a stray kitten, he always said this to her.

Come home with me.

But what about going home with him?

Her body followed him, but her heart remained in the Duchess forever.

Wenjo's wounds on his hands and feet were untreated and inflamed, and Clarissa drenched him in a basin of cold water, resulting in a high fever and coma.

This just wake up, and a rain, again launched a high fever.

Wenjo fainted. Anthony watched her body fall aside. He reached for her and held her tightly in his arms.

Yabei followed her all the way when winjo ran out of the Duke's palace.

Watching her squatting on the road of people coming and going, crying like a pathetic stray cat.

There would be a car passing by on the road at any time, and his heart rose with it.

Just as he was about to step over the fence and take her out of the road, he saw Anthony running towards her eagerly.

He took off his coat, wrapped it around her and held her in his arms.

Wenqiao quietly nestled in Anthony's arms, and they were very close.

A corner of his heart suddenly became empty.

At the moment when he saw Antony appear, he even flashed an idea that he didn't want to see Antony go too close to her!

The idea of a flash, he felt very funny.

She's Anthony's woman. Why doesn't he let them be intimate?

When he saw that Antony finally picked her up, and she cleverly nestled in Antony's arms, his heart was lost, and there was a relief.

Let him see this scene with his own eyes, and he will die.

No longer because of this woman and easily affect their emotions.

When Bernie took people to find out, Yabei stood in the corner of the street, deep vision looking at a certain place.

"Your Highness! Why did you come out like this? Oh, you're all wet. You're going to get sick!"

Bernie anxiously put his umbrella over his head and put on his coat. But Yabei didn't move as if he hadn't heard him.

"Your Highness?"

Bernie followed his eyes suspiciously, but saw nothing.

Is there anything ahead? Your highness is so dazzled!

When Bernie thought that Abel would not pay attention to him, he suddenly opened his lips in a cold voice, "don't let Wenchao enter the Duke's mansion without my order! If your father asks, you say it's me

Bernie was stunned for a moment. He didn't turn the corner for a moment. When he reacted to what Yabei said, he frowned anxiously.

"Your Highness, I can see that Wenqiao is sincere to you. Why do you want to drive her away?"

Yabei was slightly stiff.

Even Bernie could see that she was good to him?

The thin lips of the man are firm and firm, and the dark and unpredictable eyes can't see through in the rain.

After a few seconds, he whispered, "she's Anthony's woman!"

This is an explanation to Bernie and a warning to himself that she is someone else's woman.

Hearing this, Bernie sighed heavily.

He sent someone to investigate the matter himself. During this period of time, Wenqiao devoted himself to his highness. There was no romance between her and Anthony, and he was about to forget it.

Anthony for Wenqiao, the other ten wife's room are not go, every day stay in Wenqiao's room, I heard also before the favorite wife fed the lion.

Such a woman, no matter how good, is not suitable for Her Highness.

On the contrary, Anjia and his highness are enemies. It's not a good thing to keep Wenqiao around at this time.

Bernie carefully looked at the North Asia, wide back, in the oblique rain, there was a depression and loneliness.

His heart began to feel sad. He summoned up courage and suggested, "Your Highness, it's time for a hostess to take good care of the Duchess. There are many good girls among those noble ladies. How about some?"

Smell speech, the footstep of North Asia is tiny a meal, the lip petal that purses tight again tight a few minutes, seem to be thinking seriously.

Chapter 475

"Let my father do it for me!" He replied casually.

"Yes Bernie was delighted.

Your highness is finally enlightened. According to his age, he should have married and had children for a long time.

He had been wandering in Ningguo for so many years before. He didn't know whether he had married and had children. After all, his Highness has lost his memory now, and he won't know whether he has a wife and children.

This matter needs to wait for Lanfeng bodyguard to wake up and ask Lanfeng.

But even if you have married and had children, you can't go back to Liluo. The rules of Liluo don't allow such things to happen.

Bernie got the assent of Abei, so he was very busy and reported it to the king himself.

The king's wrinkled face turned into a chrysanthemum, "good! Good! I'll make arrangements for him right away. After a while, I'll ask Bill to write a list and introduce all the unmarried girls from noble families to Yabei for personal selection."

"Yes! Then I'll step back first!"

"Go

Prince's marriage has always been arranged by their mother's wife. If the prince's mother's wife is not there, the queen will preside over it.

But now the queen is away, and your majesty dotes on Yabei, so you can be both a father and a mother.

He was very sorry about the four women last time.

What annoys him even more is that he just received the news that Wenqiao is Anthony's wife.

He thought that before he even wanted to make up for ya Bei and Wen Qiao. His heart was as disgusting as swallowing a fly, which strengthened his determination to make up for ya Bei.

When Yabei received bill's list of the so-called noble ladies, he just gave a light glance and threw the tablet aside.

Bernie looked at him suspiciously. "Don't you have a good look, your highness? Maybe you can see the person you like!"

Bernie smilingly, selfishly picked up the tablet again, opened the front of the roster and profile, turned a page.

A girl with bright eyes and white teeth, pure and lovely, in her early twenties, appears at the top of the screen.

While observing Yabei's face, Bernie introduced: "Your Highness, this is Miss Jennie. Her father is the Minister of finance. Choosing Miss Jennie is equivalent to getting the support of the Ministry of finance."

Seeing that Yabei didn't respond and was not interested, Bernie turned to another page.

A valiant girl in a military cap appeared on the screen.

"Your Highness, this is Miss Katherine! General Yate's daughter, she is also a good choice. To get the support of the military is like a tiger to your present situation."

Bernie saw that he still didn't respond. It was a pity that he accidentally picked up a girl.

"Miss Anne!"

Miss Anne has a special identity. She is the daughter of the count of Ankita, the sister of Anthony, and a well-known star, pure and beautiful girl.

It is known as the "first beauty" of Liluo.

Beauty is beauty, but she is the woman of the count of Ankita. Ankita will not agree with Anne to marry her third highness.

When she heard Anne's name, Yabei gave a pause.

Junyi's face, a faint hook up lips, showing a smile.

"Since we are all good, we'd like to invite all of you to the Duke's house."

"Yeah?"

Bernie a Leng, a time don't understand the meaning of North Asia, "Your Highness, you mean all?"

He thought he had guessed right and said with a smile: "Your Highness, although each of these girls has its own use, their fathers are all independent ministers. They will not allow their daughters to be concubines. There can only be one in the main room, and you can only choose one!"

Abei gave Bernie a white look, a look at idiots, shook his head, did not explain, yawned and walked towards the bedroom.

Leaving Bernie in a daze.

Your highness, what does that mean? Why do you feel uneasy?

It's said that there are three women in a play, so many women, gathering in the Duke's mansion, will it really be ok?

But his highness spoke, and Bernie had to do it.

.....

An mansion, after Wenqiao was brought back by Anthony, he had a fever for two consecutive days.

Burning in a daze, his mouth kept calling Li Fengbei's name.

These two days, Anthony almost 24 hours a day to keep at her bedside.

Anthony didn't dare to be taken care of by a servant, or he would not be able to keep her if he said something out of her mouth.

Two days later, wenjo's fever finally subsided.

Open your eyes, slightly tilted to see lying on the bed of Anthony.

Outside the window, the golden light came in and shone on his pale face. The blue beard on his chin grew a circle, and his elegant face added a bit of elegance.

"AnthonyHer voice was harsh and hoarse, and she reached out and gently pushed Anthony's shoulder.

Anthony woke up immediately when he heard winjo's voice.

Confused eyes on the pale face of Wenqiao, slip a surprise.

He reached out and touched her forehead. "The fever has finally gone! Do you feel any discomfort?"

Winjo's pale lips rose slightly, and then shook his head.

"No, I'm fine!"

Anthony breathes out, when the door is pushed open and George comes in with a bowl of rice.

See Wen Qiao wake up, immediately surprised way: "wench, you wake up! You scared the hell out of us! Come on, drink this bowl of medicine! Slow down, the medicine is bitter

He and Anthony are in the state of Liluo, and no one can be better at medicine. A little girl has a little cold, which frightens both of them. After using all kinds of methods, she just can't get rid of the fever.

Winjo gratefully took the medicine bowl. "Thank you!"

Take the medicine bowl and drink it down.

"Come and have a sugar!" George conjures a sugar out of the palm of his hand.

Wenqiao looked at George's colorful, clear color lollipop, tears came out.

Every time she didn't want to take medicine, Wen's father would conjure a sugar for her.

I didn't expect that she could feel the warmth of fatherly love in the country of Liluo.

George is anxious, immediately helpless, "little girl, don't cry!"

He has never been married in his life, and naturally has no son or daughter. Naturally, he doesn't know how to coax this kind of situation.

Antony gasped. "It must be that she doesn't like sugar! Throw away the sugar

When Wenqiao heard that Antony was going to throw away the candy, he gave Antony a big tear. Then he grabbed the lollipop from George's palm and put it into his mouth.

"It's delicious! It's sweet

George was relieved to see that she was not crying because she was moved.

Looking at this stupid little girl, there is an old father's heart that wants to worry about her.

Chapter 476

George looked at Wenqiao so easy to meet, a lollipop to meet, suddenly some pity for the little girl.

"Little girl, do you have no relatives here?"

Wen Qiao Leng for a moment, the first time to think of is North Asia.

Yabei is the only relative here, but now he doesn't admit himself.

Wenqiao's original happy mood, when he heard George's question, became depressed again.

Her eyes were low and she shook her head.

She didn't want them to see the wet in her eyes.

George looked at her face and suggested, "how about I be your godfather?"

"Ah?" Wenjo couldn't accept his message. He looked at George stupidly. "Dr. George, what did you say?"

George's kind face pretended to be angry: "girl, are you stupid? Or do you dislike me for having no money? You don't want a poor relative! "

"Godfather! Godfather

Winjo jumped into George's arms in surprise. "Thank you!"

She finally has a family here, Anthony and George are her family.

In a foreign country, she finally realized the warmth of human feelings.

George recognized his daughter and was very happy. He immediately said, “daughter, don’t be unhappy! In the state of Liluo, I’m just like your own father. Here, I still have a little strength. If you have any grievances, I’ll help you deal with them! ”

“If you can’t deal with something, you can find him!” George points to Anthony.

Anthony choked, “why am I involved?”

George slapped Anthony on the forehead, “Joe Joe is my daughter now, your younger martial sister. Do you want to be nice to her? Do you want to protect her from injustice? ”

Anthony covered his painful head and said angrily, “master, why did you hit me on the head again? I’m really going to be fooled by you! ”

Wenqiao looked at them, his heart filled with bursts of moving, incomparable warmth.

“Godfather, Anthony! Thank you! Because of you, in this strange country, let me feel the strength and warmth, let me have the courage to persevere

“Don’t be so sensational! I am selfish too. You should remember that I will be your godfather in the future. You should be filial to me! ”

“Yes, my daughter must be filial to my godfather!”

George was pleasantly coaxed by Wen Qiao. His eyes turned and he came up to her and said, “daughter, how about I teach you what I’ve learned in my life?”

“Medicine?”

“Yes George nodded wildly and looked at winjo expectantly. “What’s up?”

George is a medical genius. He has never loved money or formed a family. He has been obsessed with his medicine all his life.

He’s going to teach her everything he gets now?

There was a surge of ecstasy in Wenqiao’s heart. He asked in disbelief, “are you really willing to teach me?”

“Isn’t that bullshit? You’re my daughter. If I don’t teach you, who will I teach you? ”

Wenjo felt the low pressure around him and looked carefully at Anthony. Sure enough, he turned his mouth and looked unhappy.

“Hum!”

How could Shifu still have some reservations about him?

George realized that he had let slip and slapped himself in the mouth. He quickly calmed down and said, “Tony, I’ve already taught you 90 percent! And ten percent is the essence of essence. Take it slow! ”

“Hum!”

Anthony still ignored him and didn’t believe what he said.

“Er...” George saw Antony angry, had to please way, “when I teach Joe, teach together!”

Anton cocks his mouth, but his lips smile.

It’s impossible for a teacher to give all his studies to his apprentices. George is very generous to teach Anthony 90% of all his studies.

Anthony is just taking advantage of the fire to rob. I didn’t expect that George was really on the road.

I’m not happy on my face, but I’m happy in my heart.

Wenqiao bit the corner of his lip, his big black and white eyes flashed a touch of cunning, “godfather, can you teach me how to cure the third Highness’s disease first?”

The smile on George’s face immediately turned deaf. He yelled angrily, “he’s driving you out, and you’re still thinking about his illness? Why are you so stupid

“Godfather!” Wen Qiao soft ground cried a, in front of eyes quickly congealed a layer of water mist, look very pitiful, “you promise me!”

George’s heart was suddenly softened by her tears, and he quickly agreed, “OK, OK! Don’t cry, I promise you

Now that George has just accepted his daughter, he naturally responds to every request, but he is worried.

This silly girl, for the sake of that man, flies a moth to the fire like this. How deep she loves, how deep she hurts. Wenqiao is very happy, and is not so sad about being driven out by Yabei.

If she can learn medical skills from George, she will be able to cure Li Fengbei’s illness, and perhaps his amnesia.

Three people are very happy, Anthony let the kitchen prepared a large table of good food, with good wine.

Three good wine and good food, happy.

It’s impossible for winjo to let her drink because she has just recovered from illness, so she holds a glass to drink some juice, and even looks at Antony and George. You have a glass of mine, and I have a cup of it.

in the front yard of Ann’s Mansion, a bedroom full of Girl Pink style, a maid pushes the door in in a hurry.

Standing in front of a beautiful girl, he bowed respectfully and said, “Miss, I’ve made it clear that Wenqiao has indeed been chased back by his third highness! Now I’m drinking and chatting with the young master and Dr. George. I heard that the three people seem to have a good relationship!”

Annie sat in front of the dresser, admiring her new nails, and said carelessly, “I see. Go down!”

“Yes

After the maid left, Annie stood up and stood in front of the floor mirror, enjoying her perfect face and figure. Then she picked up a gold rimmed invitation from the desk and went out.

Three people are eating, the door was suddenly knocked, then a clear and graceful voice came.

“Brother, are you in there?”

“Annie!”

George heard Anne’s voice, immediately overjoyed, got up and personally opened the door, “how did you come back today? Don’t you mean to come back tomorrow?”

Some time ago, Annie worked as a spokesman for a national scenic spot. She has been advertising there for a long time.

Annie said with a smile: “I miss my brother. Besides, it’s nothing important, so I came back ahead of time!”

It was then that she seemed to see winjo and George in the room.

“Hello, Dr. George!”

She gave Dr. George a big courtesy.

Chapter 477

According to reason, she is a lady of the Earl’s house, and does not need to salute.

But George was her elder, and there was nothing wrong with her salute, which showed that she was very polite.

“Miss Anne!”

George put down his glass, stood up and saluted Anne.

Wenqiao looked at the beautiful woman in front of her. The first thing she saw was the crystal shoes on her feet.

A light blue fishtail skirt, outlines the perfect figure, straight long legs, comparable to top models.

This is the first time that she saw such a beautiful and delicate woman. Her eyes flashed with deep surprise.

She looks approachable and has no airs at all. She has a sweet smile on her small face, which can easily win people’s favor.

Such a woman, the real interpretation of what women’s charm!

Winjo exclaimed in his heart. At the same time, he stood up with George and saluted, “Hello, Miss Anne!”

Annie’s beautiful eyes turned and her smile deepened.

“Are you my new sister-in-law? I haven’t been back to my house, I heard my brother dotes on you! Now it’s true!”

“Er...”

Wenqiao is a little speechless. It seems that the misunderstanding is getting deeper and deeper.

She quickly explained, “I’m not...”

As soon as he wanted to speak, Anthony interrupted. He covered his fist with his hand and coughed loudly to cover her voice.

“Annie, you’re going to scare her!”

Wenjo’s face flashed a little embarrassed and glared at Anthony.

Anthony looked away with a guilty heart and said, “Annie, have you eaten yet? Would you like to have some with us?”

Annie looked at the greasy food on the table and frowned slightly to hide her dislike.

She waved her hand with a smile. “I ate it! Brother, I’ve come to see you. Actually, I want to ask you something!”

Anthony said in a doting tone: “if you have anything to say to your brother, why are you so polite?”

Annie handed Anthony the golden invitation card in her hand. “Brother, this is the invitation card I just received. What do you think your highness and your majesty mean?”

Anthony takes the invitation and opens the red silk Festival.

“Your Highness invited you to the Duke’s house for tea?”

“Brother, your majesty has collected all the information about aristocrats and girls of marriageable age. Now his third Highness has sent us an invitation to the Duke’s Palace tomorrow. What do you mean, his third highness?”

When she mentioned her Royal Highness the third prince, Anne’s white face was tinged with a trace of red shame, and her big watery eyes were full of yearning and longing.

Wenqiao’s face turned white, and his heart tightened in an instant.

Is your majesty going to choose his wife?

How can that be? She is his wife!

When Miss Anne mentioned Yabei, she looked shy and seemed to like it very much.

Annie has a great family and is so beautiful. Will he take a fancy to Annie at a glance?

Think of this kind of possibility, the blood color on Wenqiao’s face instantly retreated, the whole person was tottering, as if the next second would faint.

When Antony heard Annie say that the third highness had sent them an invitation to the party, he subconsciously looked at Wenqiao.

Sure enough, he saw that winjo's face turned white all at once.

His eyes glided by, and he frowned slightly.

"Annie, your Highness the third prince's action doesn't mean anything. You'd better not think about it any more. All the invitation cards have been sent. You can attend the party in peace tomorrow! You don't need to dress up, just as usual!"

When she heard Anthony say that she didn't need to think much, Annie's eyes darkened immediately.

She felt that she didn't think much about it. Her Highness was special to her.

To the extent that she is against the third highness, your majesty should not put her name on the blind date list. Why does her name appear in the invitation?

Obviously, his Highness the third prince added it.

She felt that her highness must be interested in her.

No man doesn't like her because she is so beautiful?

She fell in love with Yabei at the first sight.

At that time, Yabei had just returned home. His majesty held a grand reception dinner to welcome him back home.

At the dinner party, as a star, she sang a song.

At that time, Yabei sat in the first seat with his majesty.

A black suit, he is handsome, alienated expression, indifference with a touch of sadness.

At that moment, there was a trace of pity in her heart.

She thought, this man must be very unhappy, she wants to be the woman who can make him happy.

Now the third highness wants to choose a wife. She has confidence in herself. As long as she meets Yabei and contacts more, he will fall in love with himself. What Anthony said just now made her a little angry.

Annie puffed up her mouth and said to Anthony provocatively, "tomorrow I'll dress up to surprise everyone!"

Anthony disagreed: "Annie, don't be willful! You know that our third highness and our family are enemies. It's hard for you to be a man when you're in the middle!"

Anthony turned his lips and said, "brother, don't you often say that? In politics, everyone has his own opinions, my father has his ambition, and I also have my ideal! Just because I'm the daughter of my family, I can't sacrifice everything to pave the way for my elder sister!"

The same is the daughter of settling down, elder sister Angelina is the imperial concubine, the scenery is infinite, but she can't choose the life she wants.

His third highness is the most promising candidate for the next monarch. If she becomes his wife, she will be the queen, more beautiful than her elder sister.

Anthony looked at Annie in shock. "Annie Is that what you mean? "

Annie replied with a natural look, "of course! When I become queen, I can make our home more beautiful than my elder sister

Present, George and wenjo are shocked to look at Anne.

Anne's words were originally very private, but now they came out in front of them.

Is that how she trusts them? Are you sure they won't get her word out?

Anne didn't trust them, but she needed their help and had to say what she thought.

"Annie!"

Anthony's face turned ugly. He yelled at Annie, "don't talk nonsense! You and your highness are not suitable! What's more, how many women are happy when they marry into the palace? Brother, I don't want you to follow my sister's old way again! "

Girls should live a carefree life, not a life of fear every day in order to compete for favor.

Smell speech, Anne delicate brow frown together, "so elder brother, I ask you, I can't do anything every day, living a mediocre life, can I be happy?"

"....."

Antony choked on her words and was irrefutable.

Chapter 478

Anthony can't believe looking at Annie, as if today for the first time realized that this sensible and clever sister would have such a big ambition?

Annie doesn't want to talk to Antony. In fact, what she wants to know most now is her Royal Highness's preference.

Wenqiao has been waiting for the third Highness for so long. Must he know the living habits of the third highness?

Annie came up to Wenqiao and asked curiously, "sister-in-law, what do you like about the three princes? Such as what he likes to eat, what color he likes, what kind of girls he likes, and what are his usual hobbies? "

Wenjo stiffened with a series of questions from Annie, and she said, "Miss Annie, I'm sorry! I don't know what he likes! "

She really couldn't understand Abei's preferences.

She knows all about Li Fengbei's preferences, but in her heart, Li Fengbei belongs to her alone.

She doesn't want to tell other women everything about him!

Anthony frowned. "Annie, I just told you that we are not very familiar with the third highness. We are only responsible for taking care of his body. Don't use these problems to make things difficult for Joe!"

Wenjo's hand in the cup tightened and gave Anthony a grateful look.

Annie couldn't get the answer she wanted, so she raised her mouth discontentedly.

"Brother, I'm just asking my sister-in-law a few questions. Why are you so cruel to me?"

Anthony knew that Wenqiao was absolutely upset. He yelled at Annie with a cold face: "I don't think I heard what you said just now. Stay away from the third highness. He's not the one you can provoke!"

The third highness is manic and restless. He likes to beat people when he gets sick.

Any brother doesn't want his sister to marry such a crazy man.

Annie felt aggrieved when she saw her brother yelling at her.

"Well! If you don't tell me, I'll find the answer myself!"

Annie said angrily, gave George a quick salute, then turned and left the room.

Anthony looked at winjo apologetically. "My sister has been spoiled since she was a child. She is always reckless in doing things, and she has a strong personality. She wants the best of everything."

Winjo clenched her lips and said nothing.

Annie likes Yabei and is so excellent that she will be able to surprise lifengbei tomorrow, right?

There is a trace of bitterness in my heart.

She picked up the juice in front of her and drank it down.

Anthony looked at her appearance, hate iron is good, Chenggang said: "he's going to choose a wife, you still don't give up?"

Wenqiao shook his head and grinned bitterly, with stubborn firmness in his eyes.

"He just forgot me. As long as he remembers me, he must still love me!"

Once he loved her more than his own life.

He became like this in order to save her and forgot her. Is God punishing her?

Anthony saw that she was so firm and clenched her teeth secretly. He swore in his heart.

"Tell me, what do you want to do?"

What do you want to do

Wenqiao didn't answer Anthony's question, but his bright eyes darkened.

Now it seems that we can only find Lanfeng first. Lanfeng is the only one here who knows her.

However, LAN Feng doesn't like her and is hostile to her. Will he help himself?

Anthony saw that she didn't speak, so he was very anxious. "You're talking. What are you going to do next?"

"Anthony, can you help me find someone?"

"Who?"

"A bodyguard named Lanfeng!"

"The bodyguard of Lanfeng?" Anthony had a flash in his mind. "The man who got the third highness back?"

"Well!" Wenjo nodded.

"Well, I promise you!"

Wen Qiao thought that he would see LAN Feng beside Ya Bei. After all, he should have become Ya Bei's confidant to find him back and experience life and death together.

Did something happen to him?

Wenqiao can only pray that Lanfeng is well now.

The next day, Annie went out of the door dressed up.

She specially chose a water pink skirt to set off a strong sense of girlishness. She was only in her early twenties, and then she wore a simple ball to look very pure.

Where she has a plan, it's her veil.

The thin veil is made of the thinnest glaze yarn at present. Its beautiful face is looming. If you want to talk about it, it is definitely more amazing than not wearing the veil.

The car can only be driven to the palace gate. When she got out of the car with her skirt twisted, she saw other noble girls coming down from the car.

She glanced at them faintly and began to sneer.

One by one dressed like a vegetable market aunt, dare to compare with her?

Today, we must win the favor of the third highness, and then convince her father to support her, help her win the throne and make her queen."Miss Anne!" Behind him, a voice exclaimed in surprise, "it's really you, Miss Anne. I finally saw you today. You are more beautiful than on TV!"

Anne looked back at the sound and saw a girl in a white court dress, looking at herself shyly.

The Royal dress is embroidered with a family specific logo, the Bard family.

It's the Treasury Secretary's daughter, Jennie.

She had the same name as her. When she heard the name, she felt that she didn't like it. Unexpectedly, as soon as we met, this woman really didn't like it.

Anne was tucking in his heart, showing a sweet smile on his face, and make complaints about Zhen Niju with politeness.

"Hello, Miss Jennie!"

Jennie covered her mouth with exaggeration. "I didn't think Miss Anne knew me?"

Annie rolled her eyes in her heart. Who wants to know her.

Everyone's skirt is embroidered with the symbol representing the family, don't you know?

Annie chuckled and pointed to Jennie's sleeve.

Jennie scratched her head awkwardly. "Ha ha, you see how stupid I am, I even forgot this!"

Annie doesn't want to waste time with her. She just wants to get rid of this woman.

She said with a smile, "let's get in quickly. Don't be late."

"Yes, let's go!"

Seeing that Jennie was so enthusiastic, Jennie's maid pulled her arm discontentedly, put it close to her ear and whispered, "Miss, you see her nose is up to the sky. Why do you hold her so high? Look, she looks like a peacock

Jennie sneered, "what do you know? I'm saying, "the higher you win, the worse you fall!"

The maid immediately understood, "miss is still tall!"

"I tell you, we'll stick to her today. We'll go wherever she goes," Jennie told the maid

"And why?"

The maid was at a loss. Her head was not as good as the lady's.

Jennie showed a mysterious smile. "She's so ostentatious. Isn't she just trying to attract people's attention? All we need is light! "

"Miss, that's a good move!"

Chapter 479

In the state of Liluo, it's not to say who is beautiful. The main standard for women is virtuous.

It is impossible for virtuous women to wear such ostentatious clothes like Anne. Otherwise, why do they wear such heavy court clothes to block the perfect figure?

As long as you follow Annie closely, you can get people's attention, and you won't lose your swaggering reputation like Annie.

"Miss Anne, don't go so fast. Wait for me!"

Jennie yelled and ran after Annie.

The majestic Duke's mansion is shining in the sun.

In the gorgeous and luxurious bedroom on the sixth floor, Yabei closed his eyes, put his hands on the back of his head, and lay lazily on the bed.

Beside him, Bernie was fanning him with a palm fan.

The reason is that Yabei is suddenly allergic to air conditioning and can only accept this kind of natural wind.

"Your Highness, would you like to get up and make a pose? It's almost time! "

Yabei opened his eyes, and a cold voice rang out in the room, "are you all here?"

"Here it is! Except for two sick people who were refused to stay outside, all the other young ladies came

Yabei nodded and finally turned over from the bed.

"Change my clothes!"

"Yes

Bernie was relieved to see that he was finally willing to move.

I thought your highness was going to make something wrong again. I can't make a mistake this time!

Bernie brought him a sapphire three piece suit, which was sewn by a well-known fashion designer. The collar was inlaid with a ring of sparkling blue gems.

Ya Bei took a look at it and pushed it away. "On such a hot day, do you want to kill me by giving me such thick clothes?"

Bernie's face turned red. "Your Highness, I don't mean that. You are allergic to air conditioning. There must be air conditioning in the hall. You can block a little air conditioning by wearing a suit."

Bernie felt very wronged. He thought it was for his Highness's sake.

Abel glanced at him. "Idiot! Just turn off the air conditioner? Why should I give in to those women? "

"....."

Bernie was dumbfounded and speechless.

Your highness, can you have a little gentlemanly manner?

Those young ladies are very expensive. If they are hot here, it's hard for the Duke's office to explain!

"Your Highness..."

Bernie wanted to say something, but he was interrupted impatiently by Yabei, "what are you doing? Go and get my shirt! "

"Yes..."

Bernie had to swallow what he wanted to say.

Yabei is allergic to air conditioning, so before Yabei is ready to go downstairs, all the air conditioning in the downstairs hall is turned off.

In the hot weather, most of the young ladies are wearing heavy court clothes, so in a few minutes, the girls downstairs are sweating.

But this is the Duke's mansion. They know that this is a blind date in disguise, not a place where they can shout.

Is this also a test for them? Can they bear hardships and stand hard work?

Clearly hot to death, but no one dare to protest.

Don't look at each one with a veil. In fact, the little faces under the veil are all painted with delicate makeup, waiting for the call of the third highness.

Now sweating, a lot of people's makeup are spent.

We have no idea. We just want to go home and turn on the air conditioner, drink some water and eat delicious ice cream.

The bustling crowd suddenly became quiet.

Yabei put his hands in his suit pocket and walked down the stairs step by step along the rotating armrest.

"Three Highnesses!"

There was a cry of surprise in the crowd, and the nobles looked up and up the stairs.

I saw a man in a dark shirt, with a slender step, slowly down.

Slender, straight as pine, deep features like carving, a pair of clear ink pupil, indifference and alienation, with contempt for everything.

This man is full of extreme charm and extreme danger.

Everyone was shocked.

I can't help but feel nervous when I've seen Ya Bei. I don't know if the third Highness has any impression of me?

Those who haven't met his highness have long been shocked by his handsome appearance and powerful aura. They can't help blushing and heartbeating.

I have long heard that the third highness is matchless. I didn't expect that the rumor was true.

He is so handsome that his moody character can be ignored.

Annie walked towards Yabei with graceful steps and dignified smile.

Left hand in the heart, respectfully toward the north of a big gift.

“Your Highness! My name is Annie! I’m glad you’ve invited us to the Duke’s mansion!”

Yabei looks at the girl in front of him. Beautiful, elegant, a decent bright color dress, in a group of heavy court skirt, very eye-catching.

He had the impression that she was the daughter of the count of Ankita.

That day, he specially looked at a few more eyes, and it was really beautiful.

Yabei raised his thin lips and said sincerely, “Miss Annie, you are more beautiful than the photo!”

Anne’s face was slightly stiff.

It seems that he is praising her, but in fact he is just being polite to her.

It was not the first time that they met. Last time, he didn’t remember her at all.

For a confident woman, being forgotten is a great shame.

Annie’s heart was cold, and she pulled her stiff mouth. The smile on her face was still sweet, making a coy appearance.

“Thank you for your compliment, your highness.”

A simple greeting has made many women present envious.

In their eyes, Annie is just like a fox.

Women have to wear a veil when they go out, but the veil on Annie’s face is so thin that it can’t cover her beautiful face.

Look, the third highness is really fascinated by her. He stares at her all the time and smiles at her.

The women broke their silver teeth, but they didn’t have the courage to take the initiative to talk to Yabei.

It was Jennie, the daughter of the finance minister, who happened to be standing next to Anne.

His highness gave her a look and nodded politely to him.

Well, that’s enough for them.

After some simple greetings, we found a meeting with each other, and Yabei found the master to sit down.

Bernie announced that the next step was the opening dance.

This time, we not only invited the ladies of the world aristocrats, but also invited some young men of the aristocratic family. Of course, these young men are all from the queen school.

According to the rules, the first dance starts with the host.

Bernie announced in his loud voice: “next, let’s invite our handsome third highness to the first dance of today’s banquet!”

Then, he sold a pass, ambiguous eyes one by one swept the thousands of gold miss.

“Which beautiful lady has such an honor to have the first dance with our highness this evening?”

Chapter 480

The crowd sniffed and waited for luck.

When the light hit Yabei, he walked slowly towards Annie.

Annie covered her heart and felt that her heart was almost beating.

My heart is like a fawn bumping, in the wanton Sahuan, want to calm down, can't calm down.

Yabei finally stood in front of her, cold thin lips, slightly a hook, showing a vicious smile.

He bowed to Anne, made a gesture of invitation, and said, “I wonder if I have the honor to invite Miss Anne to the first dance of today's banquet?”

Annie covered her mouth in surprise and nodded.

She would, she would.

Under the envious eyes of the public, Annie put her hand into Yabei's palm, straightened her back and walked towards the center of the stage.

With the soothing music, Annie danced like a beautiful white swan under the guidance of the prince.

They are so close, close, her nose is full of the breath of his body, with the smell of mint, let the heart swing.

She couldn't help but look up at the tall man in front of her.

His skin is whiter than that of a woman, and he can hardly find any flaws. His serious appearance and damned handsome are more handsome than any male star he cooperates with.

Feel her infatuated with burning line of sight, Yabei drooping eyes.

Cold eyes with her burning eyes on, Ya Bei toward her smile, evoke the charm of the lips.

Annie's heart beat so fast that she was about to jump out of her throat. She never knew that when a man was sexy, just a look and a smile could make people overwhelmed.

Annie blushed and lowered her head to look up at him.

As everyone knows, this scene has become sentimental.

Looking at the combination of handsome men and beautiful women in the middle of the stage, the young ladies of other aristocratic families are going crazy with jealousy.

When Bernie saw that Yabei had chosen Annie, he was so angry that he patted her thighs.

Your highness, your highness, man, man!

Sure enough, they were so superficial that they actually chose the most beautiful Miss Annie. At the beginning, he was worried that his highness would not be able to pass the beauty test of Annie.

Miss Annie is not suitable for him at all. Annie's sister is Princess Angelina. She can't let her sister marry her rival!

Besides, if he really married Anne, how many Queen's hearts would he hurt?

It's irrational. It's irrational.

As everyone knows, because of Yabei's action, Annie has obviously become a thorn in the eye and a nail in the flesh of every family. She is very unhappy.

Anne enjoyed it.

She quietly leaned over Yabei, and could not help but want to get closer to him, a little more.

Even, she hoped in her heart that his powerful arm could hold him tightly, even if they were close to each other, she would not say that he was impolite.

But he just put his hand on her waist with a gentleman's hand. He didn't move any further.

Annie was in a hurry. She was just about to step forward, mainly embracing Yabei.

But Yabei pushed her away. The gentleman stepped back two steps and said with regret, "Miss Annie, I'm very happy to dance with you! I'm sorry. I have something to deal with right now. Have a good time."
"

Annie was disappointed, but she nodded wisely, "I'm very happy to dance with you, too! If you are busy, do it first"

With that, Abel left.

Annie thought that he would come back to the party again. She was looking forward to saying a few more words to him and sweating until the end of the party.

However, he never came back, even at dinner, Bernie was the host.

Although feel sorry, but still happy in the majority.

When Anne returned to Ann's residence, she couldn't wait to share her good mood with Anthony.

"Brother! Brother, are you in there?"

During this time, Antony stayed in Winjo's room and didn't go anywhere.

Winjo just took a drop and fell asleep.

Hearing Anne's voice, Anthony opened the door, put his middle finger on his lips and made a silent gesture.

"Brother, is sister-in-law asleep?"

"Let's go over there and talk!"

Anthony points to the Flower Pavilion in front.

Annie looked into the room and joked, “brother, I didn’t expect you to have such a day? I always thought that you were a cold hearted person who never touched his body and never touched his heart

Antonio’s tip is a little red, half angry and half shy.

“Be quiet! Come with me, don’t make her sleep!”

Annie covered her mouth and snickered, “brother, your ears are red...”Anthony gave her a hard look, put his hand over Annie’s mouth, and almost dragged Annie to the Flower Pavilion.

Far from winjo’s bedroom, he sat down and asked, “what makes you so happy?”

Annie sat down beside Anthony and said, “brother, your highness is really interested in me! Today’s opening dance, he invited me to dance, but also laughed at me

Anne’s face is full of little women’s yearning for love and shyness.

Smell speech, the expression on Anthony’s face is cold come down.

“You said that Yabei invited you to dance the first dance and showed his interest in you?”

There is no interest, but there are so many women in the audience who smile at her alone. Is that a special meaning?
