

Chapter 471

"Spoon, I will communicate with the court about this matter, but Rong Lei must be saved. Saving people is very important, so let's go and have a look together. Don't argue here."

Zhao Tong heart pull spoon garden to go out together, although her body has not completely recovered, but now the situation is urgent, she also can't care a lot.

In fact, Shaoyuan hopes that Rong Lei will be OK. They have worked together under Jin Zhengting for a long time, and they have a deep friendship with each other. It's just that she thinks more about the overall situation, so she comes out to be a villain. However, when she sees Zhao Tongxin's insistence, her heart softens and she goes out of the ward with Zhao Tongxin.

The smoke in the corridor hasn't cleared up yet, and the pungent smell makes Zhao Tongxin a little uncomfortable. Fortunately, Jin Zhengting is worried that Zhao Tongxin will smell the smell of blood. As soon as the exchange of fire is over, he will send someone to clean up the blood and the body. So now the corridor is very clean, and Zhao Tongxin doesn't see anything more difficult to accept.

Four people walk out of the room together. Xu Yanke walks in the front. Shaoyuan and Rong Qi protect Zhao Tongxin. Even if they want to save Rong Lei, they should protect Zhao Tongxin's safety. Otherwise, they can't explain to Jin Zhengting.

In the staircase, Huo Tingchen's eyes already showed an impatient look: "Mr. Jin, when do you have to consider? I'm sorry to tell you that my patience is about to be worn out by you. Of course, you don't need to give me a necklace, and I won't let you let long Jiu go, but your assistant Rong Lei won't want to live. I'll exchange long Jiu's life for Rong Lei I think it's a good deal. "

Huo Tingchen said, personally took out a loaded gun, put it on Rong Lei's temple, and looked at Jin Zhengting with gloomy eyes, waiting for his final reply.

Jin Zhengting's deep eyes keep turning. It's absolutely impossible to take risks. No matter how confident he is in his shooting skills, he can't knock down all the people in front of him in an instant. What's more, Huo Tingchen and Zhao Si are the best among the experts.

It seems that the way to postpone it doesn't work. Huo Tingchen is very clever. He can understand his intention from his delay in giving a reply, so he threatens him with Rong Lei's life.

But when he handed the necklace to Huo Tingchen in this way, Jin Zhengting hesitated a little. It was not that he thought Rong Lei's life and death were indifferent, but that this necklace was not only related to the fate of the Jin family, even the Yang family, the Lu family and the Ke family, who had a good relationship with the Jin family, would be seriously affected, and even the existing pattern of Jiangbin might be seriously damaged Jin Zhengting must be cautious.

Frowning, he looks at Rong Lei. Although Rong Lei is very weak now, his eyes are shining with firm light. Even if Huo Tingchen points his head at him with a gun, there is no fear on his face. He shakes his head to indicate Jin Zhengting not to agree to Huo Tingchen's request.

Rong Lei has the consciousness of death. He is Jin Zhengting's closest subordinate. He knows the inside story of the necklace very well. He also understands why Huo Tingchen deliberately wants to get the necklace, so Rong Lei knows that he can die, but the necklace must not fall into Huo Tingchen's hands.

Zhao Si, who has been observing the situation coldly, sees Rong Lei's eyes and hums coldly. His backhand uses an anti joint action to control Rong Lei.

"Young master, this man wants to die. He doesn't want you to threaten Jin Zhengting with him."

After Zhao Si controlled Rong Lei, he lightly explained to Huo Tingchen, but Rong Lei's heart sank down. In this way, his fate completely fell into Huo Tingchen's hands.

Huo Tingchen insidious smile: "Jin, don't put hope on Rong Lei, I'll give you the last minute, if you don't make a choice, I'll kill him personally, you should know my character, for killing this kind of thing, I always say to do."

Jin Zhengting's brow is deeply locked. He can't watch Rong Lei die in front of him, but he is indifferent for the so-called treasure.

It's just that he has too many things on his back, so he hesitates when he has to make a choice. No matter how good a man Jin is, he is human, not God, even though he is very close.

"Let Rong Lei go. I'll give you the necklace."

When the beautiful sound came, everyone's eyes turned to the source of the sound. Of course, they also turned to the weapons in their hands.

Zhao Tong Xin's face was calm. Although she was still morbid pale, she was calm. She walked slowly to Jin Zhengting and took his hand to make him feel that she was beside him. Jin Zhengting turned to look at her, and she also looked at Jin Zhengting. After their gentle eye contact, they understood that they were right. This is also a tacit understanding.

Huo Tingchen's pupils contracted for a while, but he soon showed a smile: "Miss Zhao Tongxin, we meet again. Excuse me for what you said just now. Please forgive me for the noisy scene. My attention has been focused on your husband, so I didn't hear you clearly. Please forgive me."

His manner and speech are very gentlemanly, in front of the ladies he has always been so polite, well-educated.

"I can give you the necklace, and you have to let it go. Rong Lei, I promise you this deal." Zhao Tong Xin

gently shook Jin Zhengting's hand, and then raised the other hand. The light from the roof fell on her hand. Everyone's eyes seemed to be dazzled. In the bright light, a crystal clear diamond necklace hung down from her hand.

Huo Tingchen's eyes lit up. Yes, this is the necklace he always wanted.

Unable to help, Huo Tingchen looks at the necklace in Zhao Tong's heart, and can't help but take a step forward. Shaoyuan and Rongqi, who are around Zhao Tong Xin, see Huo Tingchen move forward. They immediately step forward to protect Zhao Tong's heart in front of him and stare at Huo Tingchen's actions with vigilance. The relaxed atmosphere is tense again.

"Miss Zhao Tongxin, you are too nervous. I'm just attracted by the beauty of the necklace. I can't help but want to approach it."

Huo Tingchen's face returned to a normal look and said to Zhao Tongxin with a smile, but her eyes never left the necklace in her hand.

The value of this diamond necklace itself has exceeded 200 million US dollars. Of course, its value does not lie in itself, but it is the only key to open a big treasure. Since Huo Tingchen learned the value of this necklace, it has become one of his dream things. When he sees this necklace, he will naturally be a bit impolite.

"If you don't be careful with a mean person like you, you'll probably lose out."

See Huo Tingchen, Zhao Tong Xin also did not show too angry, with a very indifferent tone to answer.

Huo Tingchen said with a smile: "yes, I'm a mean person, but a gentleman like your husband is afraid of me. That's why you are threatened by me. Is that right?"

"Cut the crap. Let's exchange hostages."

Zhao Tong heart does not seem to want to continue to chat with Huo Tingchen, Yang Yang hand necklace, said.

Huo Tingchen shook his head: "no, Miss Zhao Tongxin, you also said that I am a villain, so I doubt that the necklace in your hand

is not true. I don't think I can give Rong Lei to you before I confirm the authenticity of the necklace."

Zhao Tong heart faint smile: "this is very simple, dragon nine in our hands, let her see the authenticity of the necklace can, at least you should believe her, she will cheat you?"

Huo Tingchen smiles knowingly: "Miss Zhao Tongxin has grown up a lot recently, and she has learned how to alienate. However, everyone is smart. Don't use your learning strategy. I trust long Jiu very

much, so please show her the necklace."

"Well."

Zhao Tongxin agrees and gives the necklace to Shaoyuan. Long Jiu is a dangerous person. Even if all her weapons are removed now, it doesn't guarantee that she won't do anything to hurt Zhao Tongxin. So it's safer for Shaoyuan.

Spoon garden took the necklace, came to the Dragon nine in front of, careful to shake the necklace in front of her: "see clearly?"

Long Jiu carefully looks at every detail on the necklace. She guarantees that the necklace is the one described by her father, and there is no difference at all. Then she nods to Huo Tingchen: "brother, this necklace is real."

After confirming the authenticity of the necklace, Shaoyuan returns the necklace to Zhao Tongxin. In this process, Huo Tingchen and Zhao Si have been carefully observing every action of Shaoyuan and Zhao Tongxin to ensure that they have not switched in the process of taking the necklace. In this regard, Zhao Si, who was once the king of gambling, is absolutely the best among the experts, and there is no way to deceive him eye.

When the necklace returned to Zhao Tongxin's hand, Zhao sicai nodded faintly: "young master, they didn't exchange the necklace."

"Good."

Huo Tingchen knew that Zhao Si's eyesight should be the best of all the people present. He didn't see the flaw to prove that the other side didn't play tricks.

With a little smile, he said to Zhao Tongxin, "Miss Zhao Tongxin, although it can be proved that the necklace is true, can you make the decision? I know that it's always Mr. Jin who makes the decision here, so you have to ask Mr. Jin before you want to replace someone with the necklace?"

Jin Zhengting, who had not spoken for a long time, said with a light expression on his face: "I gave this necklace to Tong Xin. How to deal with it is her problem, which has nothing to do with me."

Huo Tingchen laughed: "Mr. Jin is really a happy person. I'm sorry. I want to talk about the deal with Miss Zhao Tongxin. I hope you don't interfere in this matter."

Jin Zhengting coldly smile: "before you have not made the deviant action, I will not intervene."

Huo Tingchen nodded his head and said to Zhao Tongxin, "then we can start trading."

"Wait a minute."

Zhao Tongxin suddenly said: "I have a necklace and a hostage here, but you only have one hostage. I want to ask, how do you plan to exchange hostages with me?"

Huo Tingchen thought: "well, in order to show my sincerity, you can first exchange the necklace for Rong Lei. When he answers you safely, you can release long Jiu. I don't know if this is OK." Zhao Tong heart light smile: "but you don't worry that we will leave the Dragon nine?"

Huo Tingchen's eyes were completely focused on the necklace. He said with a smile: "I believe you and Jin are always open and aboveboard people, so it should not be the case you said. Moreover, I don't know what the value of long Jiu is to you."

He only wants to get the necklace now, so Huo Tingchen doesn't want to think about it any more. When long Jiu, who is still under Jin Zhengting's control, hears this sentence, his pupils suddenly contract. Obviously, when he is about to get the necklace, Huo Tingchen doesn't have her in his heart.

Long Jiu's heart suddenly surged a burst of pain, but she didn't show it, and her face still reluctantly showed a calm expression.

Maybe he just wanted Jin Zhengting not to embarrass himself, so he could belittle his position in his heart.

Long Jiu comforts himself in this way.

Chapter 472

"Well, since you believe me, then we can start trading. Spoon garden, send the necklace to Huo Tingchen."

Zhao Tongxin said that he would give the necklace to Shaoyuan.

"Wait a minute."

Huo Tingchen suddenly stopped Zhao Tongxin: "Miss Zhao Tongxin, although I believe you won't detain long Jiu, I still have a suspicious attitude towards your men."

Zhao Tong Xin's brow frowned: "what do you mean?"

"I mean your men are all experts. I'm afraid they will pose a threat to me if they send the necklace to me."

Huo Tingchen is very frank about his distrust of Shaoyuan. In such a tense situation, his caution is not unreasonable. Once Shaoyuan is suddenly in trouble, it is uncertain whether he can get the necklace or not. With Huo Tingchen's careful character, he will not take such a big risk.

"Then you say, how can we trade so that you can rest assured?" Zhao Tong Xin asked.

Huo Tingchen looked at Jin Zhengting's subordinates and Zhao Tongxin, then he suddenly laughed: "Miss Zhao Tongxin, I need to trouble you. Among all the people, I believe you don't have any threat to me, so I want you to send the necklace and take Rong Lei back by the way. How about you refuse my proposal?"

As soon as Jin Zhengting's face changed, he immediately said, "I won't let Tong Xin pass."

"Mr. Jin, I need to remind you that it's a deal between your wife and me, and I'm still the one who takes the initiative. If you don't want your most powerful subordinate to die in front of you, you'd better not say anything."

Huo Tingchen enjoys the pleasure of threatening Jin Zhengting, because such opportunities are very few in his memory, so we must cherish them.

"Zhengting, don't worry. I'll be fine. If Huo Tingchen really wants to do something to me, I don't think he even has a chance to get out of this hospital, right?"

Zhao Tongxin looks at Jin Zhengting with a look of trust in his eyes.

Jin Zhengting frowned and pondered for a moment, but nodded and agreed: "well, it's up to you to send the necklace. If Huo Tingchen plays tricks, I won't let him go."

He is always a man who does what he says, so what he says will come true. This is also a warning to Huo Tingchen.

But Huo Tingchen's heart is not so think, his brain in the rapid operation, soon had a new plan, as long as Zhao Tong heart to send the necklace, then he will immediately hand, Zhao Tong heart is a weak girl, a little Kung Fu, he can easily control Zhao Tong heart, as long as the control of Zhao Tong heart, his any condition Jin Zhengting will accept it. Not only can he get the necklace, but also he can get more unexpected benefits.

As for the oral agreement just agreed by the two sides, in Huo Tingchen's eyes, it doesn't have any effect at all, because he has always been a person who does everything in order to maximize his own interests. If he just followed the rules, he would have been completely defeated by Jin Zhengting.

After making up his mind, he even needs Zhao Tongxin to send the necklace, and even doesn't need reason, because he is still the one who controls the overall situation.

Zhao Tongxin gave Jin Zhengting a reassuring smile, let go of his hand, in his gentle and worried eyes, holding a glittering diamond necklace, slowly toward the direction of Huo Tingchen.

Huo Tingchen's eyes sparkled with excitement. For the first time, he felt that it was so wonderful to master the overall situation. The feeling of playing with everyone in the palm of his hand made him feel very happy. Watching Zhao Tongxin walk slowly in front of him, he could not help holding his hand tightly. As long as he took the hand immediately, Zhao Tongxin could not escape his control .

Zhao Tong lowers her head and slowly comes to Huo Tingchen. She is very careful when she walks. She looks at the ground attentively. Maybe she is afraid of falling down accidentally. Pregnant women are usually very careful when they walk, because they are afraid that their children will be hurt. This is a nature of all women, which can be interpreted as the initial maternal love.

Huo Tingchen naturally knew why she walked like this, and gave a cold hum from his heart, because he would not let the child be born alive, because the child's surname was Jin, and he was the blood of Jin's family, his mortal enemy, so he could not be born alive.

His palms had already gushed sweat, the tension of the necklace close at hand, the excitement that Zhao Tongxin was about to fall into his hands, and the pleasure of threatening Jin Zhengting immediately. Coupled with the strong desire for revenge of the Jin family, several complex feelings intertwined together, which made his hands tremble slightly. He had been waiting for this moment for a long time, and the hatred he was carrying was also strong It's been too long, so he really needs to vent.

"Miss Zhao Tongxin, you have made a serious mistake, that is, you know that I am a villain and expect to finish a fair deal with me."

When Zhao Tong's heart was only one step away from him, Huo Tingchen finally couldn't bear the excitement any more. He had a ferocious smile on his face and his voice seemed to tremble slightly. He won the game thoroughly and easily. He just uses longjiu as a bait, because he knows that Jin Zhengting will know her whereabouts as soon as longjiu appears in Jiangbin hospital, and he specially lets longjiu lurk in the hotel not far from Jiangbin hospital, so as to attract Jin Zhengting's attention more. Because Zhao Tongxin lives in this hospital, the appearance of longjiu will make Jin Zhengting feel nervous, because He will take it for granted that the goal of long Jiu is Zhao Tong Xin.

With Jin Zhengting's intelligence quotient, he can count the time of long Jiu's operation, and he will arrange all the elites in the hospital, because he not only has to catch up with long Jiu and his party, but also has to take into account the safety of Zhao Tongxin. Naturally, Rong Lei will become the one who is ignored. Even if someone still protects him, he is certainly easier to deal with than those experts around Zhao Tongxin More, Huo Tingchen is to seize this loophole, let long Jiu attract fire, he secretly hijacked Rong Lei behind, this is his plan.

As soon as Zhao Tong Xin's face changed, her voice became a little nervous: "what do you mean?"

Huo Tingchen's smile became more and more ferocious: "you should understand what I mean. In this world, there is only one person that Mr. Jin cares about most, and that person is you. So as long as I control you, no matter what I ask tonight, Mr. Jin will satisfy me. Miss Zhao Tongxin, are you right?"

Zhao Tong Xin's pupil is contracting. She glares at Huo Tingchen fiercely, and says: "you are really a mean and shameless person!"

"Whatever you say, it's too late for you to escape."

Huo Tingchen has a proud smile on his face, and his body has begun to prepare for attack. He believes that with his own skills, although he is not Jin Zhengting's opponent, it is easy to deal with Zhao Tongxin.

"Aren't you afraid I'll destroy the necklace?"

Zhao Tongxin stops, grabs the necklace with both hands, makes the action that may be torn at any time, and looks at Huo Tingchen warily.

Huo Tingchen gave a ferocious smile: "Miss Zhao Tongxin, you are too naive. The secret of the necklace is not the necklace itself, but the code engraved on the diamond. Even if you break the necklace, it is impossible to destroy the diamond. As long as I take you as my hostage, I think Mr. Jin will mobilize his men to help me find it. In my impression Mr. Jin has always been a helpful person

With the victory in hand, Huo Tingchen released all his complacency, because this plan was too successful. The loss was nothing more than the killers in several organizations, but what he got was immeasurable. Even Zhao Si, who had always been calm, flashed a look of complacency in his eyes. Naturally, he helped Huo Tingchen to plan this plan and complete it so smoothly, There is also his contribution.

When everyone is most proud, that is, the most relaxed vigilance, at the moment when Huo Tingchen reaches for Zhao Tongxin,

Zhao Tongxin suddenly skilfully flashes, and Huo Tingchen grabs it empty.

Huo Tingchen wanwan did not expect that Zhao Tongxin's skill would be so agile. He was stunned when he didn't succeed in a blow. In this amazing Kung Fu, Zhao Tongxin threw the necklace back to Jin Zhengting, and at the same time, the other hand flashed into his coat pocket.

Even Zhao Si was too proud, so he didn't expect that Zhao Tongxin, who had no threat, would suddenly be in trouble. When he reacted, Zhao Tongxin's gun had already reached Huo Tingchen's eyebrow.

Huo Tingchen's head against the cold muzzle of the gun, this carefully looked at Zhao Tongxin, just now his all attention is focused on the diamond necklace, the observation of Zhao Tongxin is ignored, he suddenly thought of a terrible possibility, the heart also sank down.

So he looked at Zhao Tongxin in front of him, and at the same time carefully searched for something in the crowd with the residual light from the corner of his eyes.

"Don't look for it. You won't find Xu Yanke, because I am."

Xu Yan can hold a gun, light said that she has been pretending to be Zhao Tongxin, just now everything is a play.

"It's impossible. Your voice is totally different from Zhao Tongxin. I trained you. How can I not recognize your voice?"

Huo Tingchen cried hysterically. He didn't believe what was happening in front of him. Just now he was still the person who controlled the situation, but in a flash he became the person who was controlled.

Xu Yanke took out a mini loudspeaker from his chest and said, "the person you talked to just now has always been Zhao Tongxin. We just played a double reed."

It turns out that when the four beauties just came out of the ward, Zhao Tongxin already had such an idea. She confused Huo Tingchen with her voice and Xu Yanke's appearance.

Huo Tingchen most wants to get the necklace, naturally, so his attention will focus on the necklace, and the light in the stairwell is not very good. In addition, the similarity between Zhao Tongxin and Xu Yanke is at least 90%. With a little modification, it is difficult to see whether it is Zhao Tongxin or Xu Yanke unless he observes closely.

Zhao Tongxin also thought that even if he was willing to hand over the necklace, it would be very difficult for Huo Tingchen to exchange for Rong Lei. He would certainly let himself, the person who has no threat to him, send the necklace, and then he would take advantage of this opportunity to coerce himself and threaten Jin Zhengting. After dealing with Huo Tingchen for a long time, Zhao Tongxin has already been very clear about his routine, so She would think of such a trick. As long as Xu Yanke approaches Huo Tingchen successfully, he will be very proud, and he thinks that Xu Yanke is Zhao Tongxin, so he will not have any defense. If he confronts the enemy head-on, Xu Yanke is not Huo Tingchen's opponent, but as long as Huo Tingchen is defenseless, Xu Yanke has a great chance to subdue him.

Although such a plan takes certain risks, especially Xu Yanke, who has worked under Huo Tingchen for many years. If she can't hide Huo Tingchen, her safety can't be guaranteed, and she is more likely to be killed by him on the spot, because in Huo Tingchen's eyes, Xu Yanke has no value and is still a potential threat.

However, in order to rescue Rong Lei, Xu Yanke has no hesitation at all.

Chapter 473

"Huo Tingchen, you didn't expect to fall into my hands one day." Xu Yan can hold Huo Tingchen's head with a gun and say word by word.

She was trained by Huo Tingchen. As the most effective subordinate in the past, he certainly knows the

strength of Xu Yanke, so even though many of his subordinates have aimed at Xu Yanke, including Zhao Si, Huo Tingchen still dare not act rashly.

"I should have thought it was you. No matter what happens, Jin Zhengting won't let Zhao Tongxin take risks."

Huo Tingchen showed a look of remorse. This emergency was completely due to his own carelessness. He just wanted to get the necklace, so he ignored a lot of details. With his familiarity with Xu Yanke, it's not difficult to find the difference between it and Zhao Tongxin.

"Let your men let Rong Lei go, or I'll shoot you."

Xu Yanke has no time to talk nonsense with Huo Tingchen now. She will be at ease only when Rong Lei is safe.

"Yan Ke, aren't you attracted to Rong Lei?"

Huo Tingchen looked at Xu Yanke nervous Rong Lei's expression, immediately guessed Xu Yanke's mind, after all, Xu Yan but he looked at growing up, a glance can see through her mind.

Soon, his eyes flashed a sinister smile, light said: "Yan Ke, I'm your only man, now you are for another man, pointing a gun at my head, is it a little too fickle?"

Xu Yanke's face immediately became ugly. She didn't want to recall the night with Huo Tingchen. It was a nightmare in her life. The hand holding the gun trembled slightly. It can be seen how this sentence touched her nerves.

Subconsciously, Xu Yan can look at Rong Lei with extremely guilty eyes, only to see Rong Lei's expression, in addition to surprise, consternation, there is a trace of heartache.

She wanted to explain to Rong Lei very much. At the moment when Xu Yanke was a little distracted, Huo Tingchen suddenly took the shot. He always had a good ability to grasp the opportunity, and the timing was just right.

He suddenly cut his hand like lightning in Xu Yanke's hand holding the gun. Xu Yanke couldn't prevent it. There was a sharp pain in his wrist. The gun in his hand was unstable. As soon as she let go, it fell to the ground. However, her reaction was very fast. Just as the gun fell, she raised her foot and kicked Huo Tingchen's hand, which was about to raise the gun, and kicked his gun out.

Now the situation is a little chaotic. Zhao Si has firmly grasped Rong Lei in his own hands. No matter how chaotic, his first choice is to protect himself. As long as Rong Lei is a heavyweight hostage in his hands, he can still withdraw completely.

Jin Zhengting, who has been observing the situation, has a stable hand. Because he has a nerve like

steel, he raises his gun and pulls the trigger continuously. At a distance that is not too far away, his shooting skill can be said to be accurate. Every bullet will knock down one of Huo Tingchen's men. In a short second, the clip in the gun has become empty, which Huo Tingchen wanted. Some of his men, except Zhao Si, were all brought down by Jin Zhengting.

Huo Tingchen flies up and knocks Xu Yanke back a few steps. He has no weapons in his hand, and his men have lost everything. Now only Zhao Si has a gun in his hand, but his gun is on Rong Lei's back.

"Mr. Jin, it seems that we must decide tonight."

Huo Tingchen's eyes gradually become cold. There is no one else in his eyes. All the focus is on Jin Zhengting.

Jin Zhengting threw his gun on the ground, and his coat was also thrown on the ground. He was wearing a pure white tight shirt inside, showing his perfect figure completely. He looked at Huo Tingchen like a wild animal on the grassland, staring at his prey silently. There was no emotion in his voice, and his voice was proud and magnetic: "as a man, he is a man, I accept your challenge. "

Huo Tingchen doesn't speak any more. He approaches Jin Zhengting step by step. Every step is very steady. He tries not to show any flaws. He knows what kind of man Jin Zhengting is, so he can't leave Jin Zhengting even a little chance.

Jin Zhengting didn't move. He just showed his hands not to interfere in the duel between him and Huo Tingchen. He looked at Huo Tingchen with a pair of deep eyes.

The two people's eyes met each other. Jin Zhengting saw madness, hysteria and deep fear from Huo Tingchen's eyes. Huo Tingchen saw indifference, indifference and self-confidence from Jin Zhengting's eyes.

In terms of momentum, Huo Tingchen has lost to Jin Zhengting, because his fear of Jin Zhengting is innate.

Huo Tingchen stops and stares at Jin Zhengting's indifferent eyes, trying to find the omen of his move. Unfortunately, Huo Tingchen can't see any omen from his eyes. Jin Zhengting stands there steadily, looking casual, but he can't see any flaws, which makes Huo Tingchen very uncomfortable, because he doesn't know to attack at all. Where to hit Jin Zhengting.

He suddenly found that Jin Zhengting was like a towering mountain. It was almost impossible to knock him down. It was also like a piece of ancient granite on the coast, hard, cold and impeccable.

There is no need to fight at all. Huo Tingchen already knows that he will be defeated. The only thing he can rely on is Rong Lei, the hostage in his hand. However, judging from the current situation, Jin Zhengting's subordinates have targeted Zhao Si. Even if Zhao Si is an expert, he can hardly do anything when he faces dozens of guns. "Mr. Jin, do you and I really want to separate life and death?"

Huo Tingchen's eyes flashed and said to Jin Zhengting that he wanted to see if he could have a ray of life through the language test.

"It's not necessary."

Jin Zhengting said faintly: "the conflict between you and me is a game in my eyes. Although I know that the ultimate winner will be me, in order to avoid boring life, I'm happy to play with you. That's why I didn't kill you."

When he said that, his indifferent eyes suddenly changed and became extremely sharp. It seemed that there was a frozen ice front in his eyes, and he looked at Huo Tingchen. As soon as Huo Tingchen touched Jin Zhengting's eyes, his heart beat faster and his breath became short, because the man in front of him had too much gas.

"But you shouldn't fight against Tong again and again because of the grudge between me and you. You killed her foster mother and our children. You have to bear the consequences of what you have done."

Jin Zhengting's eyes became colder and colder. He was already angry: "you can never make up for Tong Xin's tears and sadness, so I must get justice for Tong Xin myself."

Huo Tingchen's brain is blank. He can only hear his heart beating wildly, because he really has a deep fear of Jin Zhengting, who is already completely angry. If there is no way out, he even wants to run away.

Jin Zhengting shot, his speed has reached the limit of human beings, Huo Tingchen did not see how he shot, only saw a trance in front of him, he saw Jin Zhengting's cold face, and his cold eyes to the extreme.

When he was so frightened that he was ready to step back to escape, there was a sharp pain in his abdomen, accompanied by a sound of broken ribs. Huo Tingchen was like a cooked shrimp. His whole body was bent up, and even his tears came out.

"This is for Tong Xin's foster mother."

Jin Zhengting's voice has no emotional color. It's cold and cold, but Huo Tingchen can't hear what he said, because now there is only severe pain, which is pounding his brain.

Another sharp pain came from his spine. Jin Zhengting hit Huo Tingchen on the ground with an elbow knife.

"It's for me and Tong Xin's children."

Jin Zhengting said, reached for Huo Tingchen's clothes, pulled him up from the ground like a chicken,

and looked at Huo Tingchen with deep eyes, whose facial features were distorted by pain.

He raised his hand and slapped his face with a loud slap. Huo Tingchen's white face instantly had five more red fingerprints, which showed how strong Jin Zhengting was.

"This is for you this design pupil heart, make her almost miscarriage hit."

Jin Zhengting's three moves have already made Huo Tingchen unable to resist, and even his consciousness has begun to blur. He wants to laugh to ridicule Jin Zhengting, but as soon as he opens his mouth, two teeth slip down.

"We have to separate life and death, because you trample on the heart of Tong Xin, so you have to die."

Jin Zhengting's face was cold enough to freeze everything, and his eyes showed a strong sense of killing. Now there is nothing in his world, and only his heart, which is revenge for Zhao Tong, is still beating powerfully.

"Mr. Jin, if you want to kill the young master, I will kill Rong Lei immediately."

On one side, Zhao Si pushes the bullet into the gun, aiming at Rong Lei's back heart.

Xu Yanke is shocked and looks at Jin Zhengting with nervous eyes. She doesn't know if Jin Zhengting, who is completely engulfed by anger, can have a trace of rationality. If he insists on taking Huo Tingchen's life, I'm afraid Rong Lei's life will be hard to protect.

Jin Zhengting lightly looked back at Zhao Si and said coldly, "if you dare to shoot, I think your end must be very miserable."

"My life belongs to the young master. As long as you let the young master go, I'll let Rong Lei go. They don't owe each other. What do you think, Mr. Jin?"

Zhao Si's eyes twinkled and said that his eyes had been watching Jin Zhengting's reaction. He had a premonition that Jin Zhengting would agree to his request, because with his understanding of Jin Zhengting, he would pay more attention to his subordinates' lives.

"Twenty years ago, you dominated the world and were called the king of gambling. What made you quit the world?"

Jin Zhengting didn't let go of Huo Tingchen. His eyes seemed to have insight into everything. His eyes were burning at Zhao Si.

Zhao Si's hand can't help shaking. He thinks that only a few people in the Cheng family know their identity, and even Cheng mobing doesn't know anything. Unexpectedly, Jin Zhengting knows.

"You know me?"

Zhao Si watched Jin Zhengting warily, and the gun in his hand had been clenched.

"Of course, my grandson doesn't know, but my old lady knows that you stole Yanke, right, gambling king?"

An old voice came, and Jin Zhengting's men immediately gave way, because in the Jin family, Mrs. Jin's status was the highest. When Zhao Si saw Mrs. Jin, his face finally changed: "Mrs. Jin, I didn't expect that after so many years, you haven't forgotten me."

"Of course I didn't forget you, but I don't know. You are a member of the Huo family. Why should you follow Huo Tingchen in anonymity?"

Mrs. Jin's words are amazing. Even Huo Tingchen seems to wake up in an instant. She looks at Zhao Si with a little bit of Muna in her eyes.

Zhao Si sneered: "it's not because you Jin family want to kill our Huo family?"

Mrs. Jin sighed: "yes, it's time to end the 30 years of gratitude and resentment."

Chapter 474

"At that time, you were the most likely successor of the Huo family. If you had been the Huo family's leader, it would not have been such a tragedy."

Mrs. Jin could not help sighing, and her face was full of regret.

Zhao Si snorted with disdain, more like saying with self mockery: "old lady Jin, I was just a playboy who knew how to be unorthodox, so my father let my elder brother take over as the head of the family."

"No one thought that you won the title of king of gamblers by virtue of those so-called unorthodox ways, and accumulated a huge amount of wealth. You have a gentle wife and two lovely children. I thought you had satisfied this kind of life and retired from the Jianghu. Unexpectedly, you still can't escape from your mother's palm."

Mrs. Jin has a stronger look of regret. Obviously, she was very optimistic about Zhao Si, and she is regretting for his fate.

"Don't say these unpleasant things. Now she's gone, and everything is gone with the wind. Mrs. Jin, you didn't come here so late to see me, do you?"

Zhao Si's face restored calm, light asked.

"Of course not. I just think that 30 years ago, our Jin family really sorry you Huo family, so we came here to ask you to stop. I will try my best to compensate you. What do you think of my old lady's proposal?" Looking at Zhao Si, Mrs. Jin said that her eyes were full of sincerity.

Zhao Si faintly smile: "Mrs. Jin, you are old, don't make me laugh. If the hatred of exterminating the family can be resolved, then there will be no bad people in the world. As long as I live, I will not give up my revenge on the Jin family. Unless you order me and Huo Tingchen to kill now, we will never stop."

What he said was firm and showed his attitude.

"Since you don't give me this old lady face, I won't say anything. I have another question to ask you. Can you tell me the truth for the sake of my kindness to you in the past?"

Mrs. Jin's face was full of disappointment. She looked at Zhao Si and asked.

Zhao Si lowered his head and thought about it. He looked as if he was remembering something. When he raised his head, there was a rare expression in his eyes, but the expression was very complicated: "Mrs. Jin, please ask, I promise you are telling the truth."

Mrs. Jin nodded with satisfaction: "well, don't you really know the correct way to open the treasure?"

Zhao Si's pupils suddenly contracted. He pondered for a moment, but he didn't say anything at last. His silence was actually an answer to Mrs. Jin.

"Well, I already know the answer. Since you are so persistent about treasure, I don't want to say anything. It's a matter between your descendants, and I'm not easy to intervene. But remember, although I'm old, I'm not confused. I always think you are the good child of 30 years ago."

Mrs. Jin's words were full of emotion. Although the people present did not know what they meant, they could tell from the words that there must have been some intersection between Mrs. Jin and Zhao Si.

"Mrs. Jin, in terms of our past love, can you let your grandson let go of Huo Tingchen and long Jiu? They are the only blood of the Huo family. Even if they have to be enemies with the Jin family in the future, it's their business. I will never ask again, but in my lifetime, I don't want to see the last queen of the Huo family."

Zhao Si looked at Mrs. Jin with complicated eyes, pleading sincerely.

Mrs. Jin looked at Jin Zhengting and asked, "Zhengting, can you give me a favor and let Huo Tingchen and long Jiu go, just for once?"

"Grandma, it's not that I don't want to give you this face, but what Huo Tingchen has done is abominable. I don't want my family to be hurt by him any more."

Jin Zhengting has no expression on his face, but he has made clear his position that he will never allow Huo Tingchen to hurt Zhao Tongxin again. In order to prevent similar things from happening again, the best way is to let Huo Tingchen disappear completely from the world.

Mrs. Jin's face changed: "Zhengting, do you really want to turn against me for Zhao Tongxin's sake? If you are a capable man, can't you protect your wife? "

Jin Zhengting was stunned for a moment. In his memory, his grandmother never seemed to lose her temper. For a moment, the atmosphere became awkward. In his heart, Zhao Tongxin was always more important.

"Zhengting, you'd better listen to grandma. Since their plot didn't succeed this time, let them go for the time being."

Zhao Tongxin appears under the protection of Shaoyuan and Rongqi. She walks up to Jin Zhengting and persuades him in a gentle voice. Although she also hates Huo Tingchen, old lady Jin has put down her face to ask. Jin Zhengting can't listen to her. Her words have to be said. For the sake of the harmony of Jin family, she thinks it is more important than her own hatred.

Jin Zhengting looks at Zhao Tongxin, and her eyes gradually soften. She always thinks about him first, and always thinks about her own affairs, which proves that she really loves him. "Tong Xin, I've wronged you." Jin Zhengting attached to her ear, said a word gently.

Zhao Tong heart gentle smile, also quietly said: "as long as Grandma happy, she is old, can't be angry."

Jin Zhengting raised his mouth slightly and said, "get out of the way and let them go."

With gratitude in his voice, Zhao Si said to Mrs. Jin, "Mrs. Jin, I remember today's friendship. I will give it back to you when I have a chance."

"As long as you don't always think about revenge, I can live a few more years." Old lady Jin narrowed her eyes and said faintly.

Zhao Si gives Rong Lei to Xu Yanke, looks back at Jin Zhengting, nods his head lightly, and then, together with long Jiu, helps Huo Tingchen to leave.

Xu Yanke doesn't even shout. He supports Rong Lei, who is about to collapse, and takes several bodyguards to the emergency room. Now his wound is bleeding and needs emergency dressing.

"Why, are you two blaming grandma for letting the Huo family go?" With a smile in her eyes, Mrs. Jin asked Jin Zhengting and Zhao Tongxin who were holding hands.

"Grandma, as long as you're happy, you'll have to go there in person so late. You'd better go back and have a rest early."

Although Zhao Tongxin is recovering from a serious illness, seeing that Mrs. Jin's face shows a tired look, he naturally steps forward to support her. This is what a younger generation should do.

Jin Zhengting gives her a look of approval. He likes the kind-hearted Zhao Tongxin.

"You are a good talker. You two come with me. I'll tell you that grandma let them go for a purpose. Do you really think I'm a good old woman?"

With the help of Zhao Tongxin and Jin Zhengting, Mrs. Jin came to the ward that belonged to Zhao Tongxin.

Shaoyuan and Rongqi escort them into the ward. They don't go in because they know that what boss and Mrs. Jin are talking about must be confidential.

So the two of them with a few bodyguards, back and forth in the corridor inspection, do not let any irrelevant personnel close.

After Mrs. Jin sat down, Zhao Tongxin cleverly poured a glass of water and put it in front of her. Mrs. Jin also enjoyed the details. She took Zhao Tongxin's hand and sat down. She said with some heartache, "I heard that you were in hospital and almost had an abortion, which scared my old lady. Fortunately, my little grandson was OK. He planned to go to the hospital to see you yesterday, As a result, I'm old and inconvenient to go out. "

"Grandma, I'm fine. You don't have to come to see me. When I'm ready, just go home and see you."

Zhao Tong Xin said with a smile, her smile is very sweet, very beautiful, with a kind of intimate feeling, which also belongs to her unique temperament.

"Let's not talk about this, Zhengting. Do you know who Zhao Si is?"

Mrs. Jin didn't come to talk about her family, so she soon got to the point.

"When I first met Zhao Si, I felt that he was not an ordinary person, so I paid close attention to everything about him, and specially sent someone to check his background. It turned out that he was the king of gambling in the river and lake. It is said that he was not only skillful and skilled, but also a genius in business. However, it seems that he is a gambler, so he is in business There seems to be no achievements in other fields, and I don't know why. I suddenly disappeared more than ten years ago, and I didn't expect to become the housekeeper of the Cheng family. "

Jin Zhengting said faintly that he believed his intelligence agency had collected quite complete information.

"Zhenngting, you only know a part of his life experience. Let me tell you, he is the second son of the Huo

family, Huo Tingchen's own uncle and the natural son of the old lady of the Cheng family."

Jin Zhengting's eyebrows wrinkled, and the relationship looked very chaotic. Looking at Zhao Tongxin, she also showed a thoughtful look, and she didn't seem to understand what old lady Jin said.

"I know you won't understand, because the relationship is too complicated. You just need to remember one thing. Mrs. Cheng is a member of Huo family, a sister of Huo Tingchen's grandfather, and a lover of Huo Tingchen's grandfather."

Jin Zhengting and Zhao Tongxin have a clear look on their faces. They are smart people, and they have already guessed the general situation.

"The three of us had a good relationship in those days. Zhao Si was originally fostered in our Jin family, and I watched him grow up. He was very smart since he was a child, and there was nothing he could not learn. If he had to take out a template as a comparison, he would be similar to the Zhengting in his youth."

Mrs. Jin's evaluation of Zhao Si is extremely high, because now no one in the whole riverside can compare with Jin Zhengting. It can be seen that Zhao Si's position in Mrs. Jin's mind in those years.

Mrs. Jin took a sip of water, and then said: "originally, he was the successor of the Huo family, but I don't know what method the Huo family's boss used to get the position of the Huo family's leader. Naturally, he was oppressed everywhere. So he left the Huo family in a rage, and soon became a gambling king." "Since he is a member of the Huo family, why do you want me to let him go?" Jin Zhengting didn't quite understand his grandmother's idea, so he asked tentatively.

"Didn't you hear the question I asked him? Obviously, he didn't know how to open the treasure through any channels, so he had to live, and Huo Tingchen and long Jiu had to live, because it was too dangerous to open the treasure." Mrs. Jin said with a smile on her face.

"You mean let them open the treasure for us?" Jin Zhengting immediately understood what Mrs. Jin meant.

"It can also be said that Zhao Si is very powerful. His talent is not inferior to you at all, and he has more experience than you, so Zhengting, he is the best person to train you. I keep him for this reason. Now the children of Huo family can't die, because once they die, there will be no one who can threaten you any more. At that time, he is the best person to train you. When you wait, you will relax, and the Jin family will be defeated. "

Mrs. Jin's eyes were full of wisdom.

Chapter 475

"Zhengting, grandma is old, and your father has never been involved in business. He only has military affairs in his heart, so the Jin family will depend on you in the future. Grandma knows that this kind of education method is cruel, but in order to make you become useful and keep the Jin family's business, she has to do so. Find some opponents for you, so you won't relax, and you'll get rid of it slowly I will get used to this kind of life full of crisis, so that our Jin family will last for a long time." Mr. Jin said with a long accent.

Jin Zhengting nodded slightly: "I know, grandma."

"It's good to know, but grandma is playing a little too much this time. What if the Huo family get the treasure first?"

Mrs. Jin's face became a little ugly. She really didn't think of it. Maybe it was because she was really old, and her thinking was not so comprehensive.

Jin Zhengting said with a faint smile: "grandma, you said it. You should take it as my experience. If I can't deal with such a crisis, I don't want to be the head of the Jin family."

Then Mrs. Jin began to smile: "that's right. This is my good grandson."

She turned her head to Zhao Tongxin and said with a smile, "Tong Xin, I really didn't like you before. I always thought you were a common people's child. Through these things, I found that you are really suitable to be our Jin family's daughter-in-law. So, grandma just asked about you. After a while, after you gave birth to the child, I will go abroad to enjoy two days of happiness, At that time, I won't disturb you any more. Well, I'm tired. I have to go back and have a rest early. "

Before leaving, Mrs. Jin suddenly asked: "Zhengting, when can you let Yanke's child go home?"

Jin Zhengting and Zhao Tongxin looked at each other. Jin Zhengting said faintly, "I think she needs to solve some personal problems before she can go home safely."

Tianhong Group.

Zhao Si fled Jiangbin hospital with Huo Tingchen and long Jiu and came to the president's office of the group. Huo Tingchen originally belonged to this place, and long Jiu was very familiar with it, so he soon settled the injured Huo Tingchen.

Huo Tingchen is now sober, but his injuries still need time to recuperate. His hands are clenched into fists, and his teeth are rattling. Today is the most humiliating day in his life. Jin Zhengting has attacked him in public, but he has no room to fight back. In this way, his self-esteem has suffered a serious blow, and he secretly swears Today's humiliation will be returned to Jin Zhengting ten times and a hundred times.

"Brother, don't be angry. It's not the fault of your plan, but the sudden appearance of Xu Zheng and Xu

Yanke's plot."

Although long Jiu knows that the failure of this operation is due to the lack of careful planning and Huo Tingchen's personality, she still tries to comfort him, even if he is ready to abandon himself.

Huo Tingchen punched on the table and made a loud bang: "no, this time it's all my fault. I still underestimate Jin Zhengting too much. No matter what happens, he can respond quickly. This man is really terrible."

"Brother, it's not the time to be angry. You'd better take care of your injury first. Your health matters."

As long Jiuyi bandaged his wound, she said gently that her eyes were full of tears. She really loved her brother and lover.

Zhao Si came slowly and put the medicine on the table. There was still no expression on his face: "take the medicine."

Huo Tingchen stares at Zhao Si and asks, "are you really our uncle?"

"Of course, do you think it's necessary for me to cheat you?" Zhao Si answered.

"Then why don't you take revenge on the Jin family? I know that your ability, in terms of your strength, is no worse than that guy Jin Zhengting. Why do you want to be a shrinking turtle and stay here to be a housekeeper for grandma? Don't you think that as a man of the Huo family, it's a shameful act to do so?"

All Huo Tingchen's grievances are vented on Zhao Si, but what he said is right. In terms of Zhao Si's ability, if he wants revenge, only Jin Zhengting can match him.

Zhao Si's face changed and he couldn't help sighing: "child, you don't know that it was Jin Zhengting's grandmother who brought me up. If I was asked to go to her for revenge, I would never go down."

Huo Tingchen's eyes on one side, but his face is still silent: "so, I know you are a very emotional person, otherwise when grandma impounded her aunt and two cousins, you will not be so obedient."

Zhao Si's eyes flashed an imperceptible sadness, and sighed heavily: "let him pass the past, and don't mention it again."

"Uncle, do you really know the right way to open the treasure?" Huo Tingchen finally asked the question he was most concerned about.

Zhao Si's face showed a faint smile: "do you really believe it? I lied to Mrs. Jin. If I said at that time that I didn't know how to open the treasure, none of us would want to leave there alive." "Oh? Uncle, I don't understand why. "

Huo Tingchen asked curiously. In his cognition, only those who know the secret will be left behind.

"That's because Mrs. Jin wants to use us to open the treasure, and then they are going to swallow us. I knew Mrs. Jin too well during my foster years in the Jin family. This is her most common method, so I lied to her in order to get back our safe leave."

Zhao Si said faintly that he really has the ability to know everything, and only Jin Zhengting can match him. Huo Tingchen feels inferior to himself. It can be seen that he is really a genius in ten thousand.

Huo Tingchen even thought that if at that time his grandfather really passed on the title of the head of the family to Zhao Si, maybe now the Huo family is more powerful than the Jin family and the Cheng family.

"Tingchen, if you are injured, you'd better have a good rest. During this time, we and Cheng mobing have suffered serious damage to their strength. I think it's better not to have a direct conflict with Jin Zhengting for the time being, and first accumulate strength, and then make a new plan."

Zhao Si rubbed medicine on Huo Tingchen's wound and comforted him, saying that he knew Huo Tingchen's weakness very well. He had been tortured by hatred for more than 20 years, so whenever he was about to succeed in revenge, Huo Tingchen would not help his habitual fever of mind, so there would be loopholes. Jin Zhengting was a man who was very good at catching loopholes, so he could not help it. Every time is at a critical moment, Huo Tingchen will always be defeated by Jin Zhengting.

"Well, the loss of the elites in this organization is very big. We have no strength to launch a large-scale action against Jin Zhengting for the time being. It seems that we can only show our skills at the gambling stone meeting. Uncle, you must get that rare stone at that time."

Huo Tingchen's eyes flashed and said, at the same time, he motioned to Long Jiu with extremely hidden eyes.

Zhao Si bowed his head and said, "I'm afraid it's not very easy. I haven't played the gambling stone for more than ten years. Although the skill is still there, I probably don't feel it anymore. But I'll try my best to help you. I have three chances and I'm confident to pick out the rare stone."

If other stone appraisers say that, they must be talking big. But from Zhao Si's mouth, it's hard for others to believe it, because the king of gambling is not only superb, as long as everything involved in gambling is perfect.

With Zhao Si's assurance, Huo Tingchen showed a smile: "uncle, I wish I had you by my side. In the past, I was short of such helpers as you, so I was calculated by Jin Zhengting everywhere. But now, with your intelligence

under him, I feel that although we have lost this game, we will have a chance in the future."

"Tingchen, uncle, I still want to advise you not to provoke Jin Zhengting too often. I have observed him. No matter from which aspect, you are not his opponent now, so I advise you to stop as soon as possible when the resentment has not reached endless. Otherwise, once you really irritate Jin Zhengting, you will have a chance to fight back None of them. "

Zhao Si sat down and said earnestly that he was really for the good of Huo Tingchen, because he had been acutely aware that although Huo Tingchen was a hero, he was far from Jin Zhengting.

"Good uncle, I will consider your suggestion, but now we can't get the secret of the treasure. What should we do next?" Huo Tingchen asked modestly.

Zhao Si frowned and thought for a while, and said faintly: "I think we should start from Zhao Tongxin's foster mother. I think since she escaped from the Cheng family, she will leave a clue. In this way, after this period of popularity is over, you can send some professional people to Zhao Tongxin's foster mother's home to search. The key is diary. I always feel that I'm sure she will write the clues in her diary. She knows that after Zhao Tongxin and Jin Zhengting get married, she will also leave some clues for her

"Well, just do as you say, uncle. There's one last thing I need to ask you."

Huo Tingchen's Phoenix eyes flashed a trace of evil, but the moment passed, no one saw his cold eyes.

"You say, there's something else. We are a family, and there are only three of us left in the Huo family. Don't be so polite."

Zhao Si's face showed rare kindness. He didn't intend to tell Huo Tingchen his secret, because he always felt that he didn't do his best for the Huo family and was a little embarrassed to reveal his identity.

However, since Mrs. Jin has already said that, he has no scruples. He treats Huo Tingchen as if he were his own son. Even though his elder brother constantly pushed him out and suppressed him, after all, blood is thicker than water, so blood relationship can not be erased. Moreover, the mistakes made by Huo Tingchen's father at that time have nothing to do with his children.

What's more, Huo Tingchen and Long Jiu are looking for revenge for the Huo family, which offends the Jin family. It's very difficult to rely on the two of them with the strength of the Jin family, so he wants to help the two helpless children from his heart.

"We Huo family have all died. You said they are down here. If you miss you very much, what are you going to do?" Huo Tingchen light said, in the hand already many a gun, that is when he makes to the Dragon nine winks, the Dragon nine quietly thrusts to him.

As soon as Zhao Si's face changed, he suddenly stood up from the sofa: "Tingchen, what do you mean?"

"My meaning is very obvious. Uncle, you don't deserve to live in this world. The Huo family has been

destroyed, and all this is done by the Jin family. But you, not only don't want to revenge for the Huo family, but also thank old lady Jin for taking care of you. It's a shame for the Huo family that you are alive, so I decided to send you to the Huo family. It's time for the others to get together. "

Zhao Si's eyes flashed a fine light: "Tingchen, do you think you can really kill me?"

Huo Tingchen laughs: "I can't kill you, but if you don't want your aunt and cousins to be buried with you, you'd better not resist!"

Chapter 476

Before dawn, the closest and darkest time of the day.

Xu Zheng is sitting on the sofa, his soul seems to be pulled out of his body, staring at the wine glass on the table in a daze.

The failure of this evening's action made him realize for the first time that the huge gap between himself and Jin Zhengting was almost insurmountable.

No matter in terms of family power, financial resources, and personal ability, he and Jin Zhengting are far from each other, which is the reason why he deeply doubts his ambition.

Jin Zhengting is almost invincible from any angle.

"Xu Zheng, it's just a failure of action. It's not the end of the world. There's no need to worry about it."

Cheng Mobing sat down beside him and comforted him, saying that in her opinion, although the operation failed, she also lost a group of loyal and capable men, which made her strength suffer a heavy blow, but this does not mean a complete failure.

got the news from the eye liner she put into the hospital. After Huo Tingchen left alone, he appeared in Riverside hospital and had a brief but intense confrontation with Jin Zhengting. As a result, Huo Tingchen lost and he lost almost all of her elite. This means that although the balance is broken, Huo Tingchen's threat is also similar. It's much smaller.

Based on her understanding of Jin Zhengting and her analysis of her character, Jin Zhengting will not use the influence of the underworld background to deal with them, because he is a real man, and he never disdains to use other small moves. If he regards a person as an enemy, he will defeat that person in the front. That is to say, although she and Xu Zheng have suffered a heavy blow, they are still in danger. Less is safe.

But now they have to be more careful, because Jin Zhengting has sent a signal that he will soon launch a comprehensive economic counterattack against her and Xu Zheng.

At this critical moment, Xu Zheng can't fall down. The only strategist she can handle now is Xu Zheng.

So she can't blame Xu Zheng now. Instead, she should encourage him to come out of the shadow of failure as soon as possible, so that he can face Jin Zhengting's upcoming offensive with her.

"I'm not chagrined for tonight's action, but I found that Jin Zhengting's strength is far beyond my imagination, and his IQ is not what I can estimate. He seems to think of our front in everything, and he has made good measures to deal with it. I really seem to lose confidence when I fight against him."

Xu Zheng's eyes said without spirit, he seemed to be a lot older all of a sudden, and no longer had the domineering momentum of showing ambition.

Cheng mobing's pupils contracted. She knew that Jin Zhengting had left a huge shadow in Xu Zheng's heart. She had to cheer him up. Otherwise, once he faced Jin Zhengting again, he would be habitually timid, and the consequences would be incalculable.

"Zheng, don't do that. I know it's not your fault this time. Jin Zhengting is not as powerful as you think. He's just far stronger than us at this stage. That's why you have the illusion that you are not as good as him. In my heart, you will always be better than him."

Cheng mobing's eyes are very gentle. There is a kind of sincerity in her pupils that makes men intoxicated. It seems that she is really a little woman comforting failed lovers.

A frustrated man needs such comfort. Cheng mobing has rich experience in this field. Every action, every word, every detail, and even every look is well handled, without any affectation. Moreover, it makes people feel that she has put in all her emotions without any disguise.

In fact, Cheng mobing may have really devoted herself to all her feelings, because a woman who is good at acting usually has to turn the script into the most real expression of her feelings. Only a lie that can deceive herself can deceive a smart man.

Cheng mobing has grown from a powerful family with no real power to the present stage. Most of them are earned by her acting skills. For any man, she has a set of skills. Every man she needs to use will be fascinated by her acting skills and fall in love with her.

As a woman, no one is better at using every advantage than Cheng mobing.

Xu Zheng is a smart man. He has some reservations about Cheng mobing's appreciation, because he also intends to make use of Cheng mobing's assets to compete with Jin Zhengting. To some extent, Cheng mobing is a tool he must use to fulfill his ambition, and his infatuation with Cheng mobing is just a tool. Her beauty and youthful body gave him a pleasure that no other woman could give him.

But today's situation is a bit special. His self-confidence has suffered a serious blow. Now he has doubts about his grand goal. In other words, he is at the most vulnerable time.

A weak and helpless man has no resistance to the encouraging words and charming eyes of a woman he appreciates. When Cheng mobing said this sentence, Xu Zheng's heart was filled with a strong warmth. At this time, he really needed the encouragement of people around him. Cheng mobing also saw through this point, and played this role, because Xu Zheng is still very useful to her now, such as the upcoming gambling Stone Club, and the future trend of the group, all need his planning Strategy.

Through this period of observation, Cheng mobing found that Xu Zheng is a very useful talent. In some ways, she has also identified with Xu Zheng, so she must spare no effort to attract people who can help her career.

Xu Zheng raised his head slightly. His eyes changed from depressed to gentle. He slowly extended his hand and held Cheng mobing's hand that caressed his face. Her hand was very smooth. If there was no bone, it felt very good in the palm of her hand.

But what he doesn't know is that he doesn't know how many smart men like him seem to hold her hand, but in fact they are firmly held by her.

"For me, you must cheer up. I know Jin Zhengting is not so easy to deal with, but I believe you. As long as you are by my side, we will do it."

Cheng mobing looks at Xu Zheng affectionately, and her eyes are as gentle as water. Maybe at this moment, she already has Xu Zheng in her heart, but all that is hypocritical.

But Xu Zheng doesn't know that when he needs comfort most, Cheng mobing reaches out his tender hand in time, so he has unconsciously regarded Cheng mobing as his only one.

This is also the weakness of most men. Cheng mobing knows too well, so every move seems to be very gentle, but the effect is the most ideal. With just a few words and a few gentle moves, Xu Zheng's devotion to her is rewarded. The cost performance is too high.

"Don't worry, for you, I will spare no effort to defeat Jin Zhengting and get everything you want!"

Xu Zheng, a playboy who never seems to do anything seriously, has a very firm expression in his eyes. He looks at Cheng mobing and says word by word, expressing his sincerity to Cheng mobing.

Cheng Mo Bing gently nodded her head. Her movements were elegant and charming: "I believe you, so you should come out of the shadow as soon as possible. There are still many things for us in the future. I don't want you to lose all confidence when you hear Jin Zheng Ting's name."

She said gently, hiding the smile in her eyes.

Xu Zheng's spirit, stroking her hand, said faintly: "rest assured, I have come out now, we just lost a game. Generally speaking, the situation is more favorable for us, but I am worried about whether Huo

Tingchen will suddenly attack us."

"No, just now my subordinates sent me news that Huo Tingchen and Jin Zhengting had a fight in the hospital. Jin Zhengting won the final victory. Huo Tingchen lost almost all of his elite. Only he, Zhao Si and Long Jiu escaped."

Cheng Mo Bing said with a smile, this is really good news for her.

As soon as Xu Zheng's face changed, it was no different from his feeling. Jin Zhengting's strength was unfathomable. Not only he, but also his subordinates were resourceful experts. Even Huo Tingchen, who had been granted the inheritance of the Cheng family, was not an opponent. It can be seen how ridiculous their previous plan of taking advantage of the fire to rob was.

He lowered his head and pondered for a moment, then raised his head. There was a flicker of uncertain light in his eyes: "we have lost a lot this time. Your experts are almost dead. It's almost impossible to solve Jin Zhengting's plan by force in the future, so we'd better turn our eyes to the economy. Even if Jin Zhengting's strength is strong, since he is a good man, he can't get rid of the loss. If you have a foothold in Jiangbin, it is unlikely that he will prevent your group from making capital inflow to Jiangbin. "

Cheng Mo Bing nodded and agreed, but his face showed a look of embarrassment: "the problem is that most of my capital is still in Jiangdong, and I have to guard against Huo Tingchen's encroachment on the group, so I can't mobilize all my capital to open the Jiangbin market. This is the first problem in front of us."

Xu Zheng showed a confident smile: "you don't have to worry about this. I have already figured out the strategy. What the group lacks most now is capital. We just have to wait patiently for a period of time. As long as the gambling stone will start, I think we will have a large amount of start-up capital soon. At that time, we will first stabilize the jewelry market in Jiangbin, and then slowly expand to other industries. Infiltration, when we have the strength to compete with Jin Zhengting head-on, let's fight with him. "

"Well, your idea is very good, but there is still a key problem in front of us, that is, the necklace is still in Zhao Tongxin's hands. If Jin Zhengting can solve the secret in the necklace and get the treasure, his capital will be qualitatively improved. As a result, he has to deal with us, and we have no room to fight back."

Cheng Mo Bingxin has a lingering fear to say that her worry is not unreasonable. Jin Zhengting's capital in Jiangbin has been so powerful that it makes people fear. If he gets the treasure again, he will have absolute strength. Anyone who wants to get involved in Jiangbin's economy is wishful thinking. Xu Zheng frowned slightly. He pondered: "I think not only do we have such worries, but also Huo Tingchen. We should not do anything to stimulate Jin Zhengting now, but Huo Tingchen is his mortal enemy. He is more concerned about the treasure than us, so he will take some measures. At that time, what we have to do is to wait and see the change, and then wait for the opportunity to move. I'm sorry. If we want to pass this failure, Jin Zhengting will not guard us as tightly as before, which may be another advantage for

us. "

Cheng mobing's eyes showed a reluctant expression: "originally thought that with the help of Huo Tingchen's hand, at least can get rid of Zhao Tongxin, it seems that my idea is too naive, no way, can only let her comfortable for a period of time."

Chapter 477

But Xu Zheng frowned: "no, I'm not going to deal with Zhao Tong any more."

Cheng Mo Bing's eyes smothered: "what do you mean by this, how, do you start to worry about family?"

Xu Zheng shook his head: "it's true that she is my cousin, but there is no family relationship between me and her. After all, she didn't grow up in our Xu family. She was adopted by a woman named Chen Meiqin, so don't get me wrong. It's just that I fell into Jin Zhengting's hands twice. He could have killed me, but he let me go twice, just because of Zhao No matter what problems I have with Jin Zhengting, I still want to return the favor to her. "

Xu Zheng said faintly that although he was an ambitious man and regarded Jin Zhengting as his biggest enemy in the future, he still had some humanity. He felt it necessary to return Zhao Tongxin's kindness to him.

"What's the name of Zhao Tongxin's foster mother?"

Cheng mobing does not lose his temper because Xu Zheng is soft hearted to Zhao Tong. Instead, he stares at Xu Zheng in surprise and asks him anxiously.

Xu Zheng was stunned by her reaction. He thought about it and made sure he remembered it correctly. He said, "Zhao Tongxin's adoptive mother is Chen Meiqin. That's right. I can't remember it wrong. She adopted Zhao Tongxin for more than ten years and was killed by Huo Tingchen."

Cheng Mo Bing's eyes lit up, it seems to find something extraordinary information, mouth constantly recite: "Chen Meiqin, Cheng Meiqin."

"What's the matter with you? Zhao Tongxin's foster mother is Chen, not Cheng. "

Xu Zheng is more and more confused. He doesn't know why Cheng mobing has such a big reaction when he hears the name of Zhao Tongxin's foster mother.

"I understand. I know why Huo Tingchen went to Zhao Tongxin's foster mother's house. I finally know."

Cheng mobing is excited, and even her eyes are shining with strange brilliance.

"For what?"

Xu Zheng also saw from her appearance that there must be something wrong, but although he was very clever, there were many key clues missing in the middle, and he could not guess now.

"Chen Meiqin should be Cheng Meiqin who fled from Cheng's family, that is, my great aunt."

Cheng mobing said word by word, Xu Zheng was shocked. He heard that she had said something about the Cheng family. She only said a word about the two aunts' escape from the Cheng family. When he saw process Meiqin, he didn't expect that the seemingly ordinary woman would hide such a terrible life experience.

"I didn't expect that my aunt should be Zhao Tongxin's foster mother. The world is too small. No wonder Huo Tingchen stares at my aunt's old house. He must want to find the secret of the treasure there."

After getting this key information, Cheng mobing finally thought about why Huo Tingchen did it. At the same time, her mind was thinking about the countermeasures quickly.

"According to you, Cheng Meiqin probably knew the secret of the treasure. In order to avoid being killed by old lady Cheng, she escaped from the Cheng family with her sister. She will take such a big secret with her. Maybe she will stay in a small corner of the family."

Xu Zheng is also excited. He knows very well in his heart what it means to their plan if they can get the treasure, but the excitement does not hide his intelligent intelligence. From these clips, he has already guessed Huo Tingchen's intention.

"That's right, and it seems that Huo Tingchen didn't find the secret, otherwise he won't break into the hospital to snatch the necklace. It seems that our opportunity has come. When the spotlight calms down, we'll go to the old house to check. Maybe we will have a big harvest."

Cheng mobing is also very rational. She knows that it's not suitable to stimulate Jin Zhengting too much. The biggest winner in this three-way competition is Jin Zhengting, because she and Huo Tingchen have lost the most elite of her staff, and only Jin Zhengting has no loss.

It can also be said that Jin Zhengting's strength of control is far greater than that of him. If Jin Zhengting is irritated now, with his personality, he will launch the most fierce counterattack. However, she and Xu Zheng can't afford it at all. Moreover, Jin Zhengting is now in a very sensitive moment. She must be very strict with the old house, so she calmly made a decision and won't take it for the time being I know about it.

"Well, we have to deal with this matter coldly first. The first thing we have to do is to make use of gambling stones to earn a start-up fund. Let's talk about the rest slowly."

After thinking about it, Xu Zheng agrees with Cheng mobing's suggestion. As he speaks, he takes her into his arms. A fragrance peculiar to mature women penetrates his nostrils. Xu Zheng suddenly feels

confused.

in order to make Xu Zheng work hard for himself, Cheng mobing naturally knows that he must give him some benefits when it's time to give him benefits, so he looks at him with blurred eyes and yearning, reaches for his hand, puts it on the two tall and soft twin peaks in front of his chest, and says: "Zheng, you've been busy all night, and now you must be very tired. Let's sleep together."

Xu Zheng's eyes burst into flames, and suddenly he rushed into Cheng mobing's arms. Cheng mobing let out a cry, and then his breathing became more and more urgent. Soon, there were bursts of physical collisions in the room. Jiangbin hospital.

Zhao Tongxin is half sitting on the bed, while Jin Zhengting gently caresses her long hair. When they are together, they don't talk much. Maybe it's because Jin Zhengting is not used to using language.

However, every time when she is in danger, the first person who appears beside her is always this silent man. He will only tell her with his actions that he has always been with her, protecting her silently and accompanying her.

Maybe this way of getting along is not the perfect romantic expression in the eyes of some girls, but for Zhao Tongxin, who has experienced so many things, as long as he is by her side, everything is enough. In fact, company is the most real romantic.

"You haven't had a good rest during this period. Don't accompany me like this. Have a rest early."

Zhao Tong heart carefully found his eyes that a trace of tired look, true, Jin Zhengting is a powerful man, but after all, he is also a person, even days have not had a good rest, and tonight's things are too tense, consumed him a lot of energy, so inevitably revealed fatigue.

She knew that he was all for himself. Now Zhao Tongxin's heart has no such special feeling. Maybe it's because they have been together for a long time. She has taken Jin Zhengting's contribution as a kind of natural behavior, but it doesn't mean that she doesn't know how to be grateful. On the contrary, she will keep in mind every time he pays for her, which is very important. It's not a kind of reward, but for one day after a long time, when she recalls his past, she will have a light happiness in her heart.

She habitually cares for him, just like Jin Zhengting does for her, she has also turned her concern for him into a habit.

When two people are together, only when they are used to each other, can they get real happiness. She and he have this kind of deep experience and feeling.

"It's OK. I'm not tired."

As Zhao Tongxin expected, Jin Zhengting didn't agree with her, because in his heart, she always put in the first place. As long as he has a little energy, he will accompany her. Maybe he will be tired mentally,

but his faith will never be tired.

Zhao Tong heart gentle smile, suddenly very active embrace his neck, in his face shallow kiss a: "I know you are for me, don't worry about me alone in the hospital? It's OK. With Shaoyuan and Rongqi in, I think I'll be very safe. Go and have a rest soon. After dawn, things in the group will be more special. Don't delay the work of the group because I'm alone, otherwise I can't explain to your employees. "

Now she is more and more used to talking with him in this kind of half joking tone. At the beginning, he made her feel that he was such a cold, unsmiling man. The momentum from his body made people dare not approach or even look directly at him.

But over the years, she got to know Jin Zhengting more and more, and could feel his burning feelings for herself more and more. Although he was never good at expressing them, she could always feel them from some subtle places. Gradually, she put down her heart and guard, and felt more and more relaxed when she was with him, because she was very happy I know that I gradually fall in love with this seemingly ruthless handsome man.

"I'll be with you for a while."

Jin Zhengting said faintly. He felt that he cherished the time with Zhao Tongxin every time. Although he knew that they still had a long life to go, he also knew that she and he would walk hand in hand in the future, but every time when he was with her, he just wanted time to stop, Because only when he saw her with his own eyes and accompanied her, he would feel at ease.

"No, it's almost dawn. Listen to me and come back to see me when you have time tomorrow. I promise I'll be fine, OK?"

Of course, Zhao Tongxin also hopes that he can accompany him for a while, but she is more worried about his health. Jin Zhengting never shows his fatigue in front of others, which makes people feel that he is an iron man who will never be tired. However, she knows that he is really tired recently, and she can't selfishly leave him by her side, because there are many things that can't do without Jin Zhengting So he has to make sure he has enough rest time.

Jin Zhengting looked at her firm eyes and half coquettish tone, and thought about it. There was a touch of tenderness in her eyes. He knew that she was thinking about her body, because from her eyes, he could also see her reluctance and contradiction.

When two people are together, it's very important not to refuse each other's kindness at will. Jin Zhengting knows this very well, so he nods: "OK, I'll go back to sleep for a while, and I'll see you again in the afternoon or at night."

Zhao Tong Xin said with a smile: "OK, Zhengting, I'll wait for you. Be careful on the road. If you are tired, don't drive by yourself. Let your hands drive."

Jin Zhengting's heart was filled with warmth, and she also cared about him in details. This feeling made him feel very comfortable, because there was nothing more touching for a man than his lover's showing concern for him. His face is still the kind of cool expression, but the warmth at the bottom of his eyes is enough to melt all the cold, his mouth slightly raised, showing a rare charming smile: "I know, rest early."

"Boss, you can rest assured that with me and Rong Qi, even if Huo Tingchen comes back to kill again, there is no problem. We have no problem with Tong Xin's safety."

Shaoyuan vowed that the action tonight would take all of Huo Tingchen's and Cheng mobing's minions at the same time, which really would not pose any threat to Zhao Tongxin. That's why she has such a strong guarantee.

Rong Qi also nodded: "boss, we are here, please rest assured."

Now she can concentrate on protecting Zhao Tongxin, because the news just came that Rong Lei didn't matter much, but the wound split in the fight. Now Xu Yanke is with him, and Jin Zhengting has specially sent more than a dozen well-trained bodyguards to protect him. It won't happen again tonight.

Chapter 478

"It's up to you. There won't be anything happening in the near future, but don't relax your vigilance. Huo Tingchen is cunning and may appear when you don't expect him."

Jin Zhengting seriously warned Shaoyuan and Rong Qi that even if he knew that Huo Tingchen had been injured and could not launch a large-scale attack after tonight, it was related to Zhao Tongxin's safety. He still asked them to cheer up.

"Yes, boss."

Shaoyuan and Rongqi naturally know Zhao Tongxin's position in Jin Zhengting's heart. Coupled with his admonition, they can't help being serious. If they think about it carefully, Jin Zhengting's worry is not unreasonable. With Huo Tingchen, no one can tell when he will suddenly attack again. What's more, the necklace is too attractive to him.

"Well, I've left all the 30 best bodyguards in the hospital. They're under your command."

After Jin Zhengting explained, he thought about it again and said, "send out a few bodyguards to protect Ke Jingteng's safety. Maybe Huo Tingchen will really jump over the wall in order to get the necklace. Tong Xin is a very soft hearted person. As long as she is her friend, no matter who is hijacked, she will obey. Therefore, everyone familiar with Tong Xin should be protected."

"Boss, you are considerate."

Shaoyuan said with a smile, this is not flattery, only Jin Zhengting will think of these extremely detailed things, so he never made a mistake.

"Tong Xin, take care of yourself. I'll go first. I'll come to see you when I have time."

Jin Zhengting raised his head and said hello to Zhao Tongxin, with a faint smile on his face.

Zhao Tong Xin gave him the same warm smile: "be careful, I will."

"Well."

Jin Zhengting gave a light answer. After walking out of the ward, he closed the door gently, and several bodyguards behind him went downstairs.

"Tong Xin, the boss is really speechless to you. If my family Chen Dong can be half as good to me as the boss is to you, I will not be happy."

When Jin Zhengting left, Shaoyuan sat beside Zhao Tongxin and joked that his round eyes were looking out of the window. Now it was dawn and the outside was still in darkness. There was only a faint light on the horizon of the East.

At this time, Chen Dong may still be sleeping in a tent in Southeast Asia. I really don't know how many mosquitoes there will be at this time. Maybe he won't be very down-to-earth when he wants to sleep.

When Shaoyuan thought of this, he could not help worrying that Chen Donglai, who was far away from Southeast Asia, didn't have to go to such a difficult environment. The reason why he stayed there without hesitation was actually for her.

This point is very clear in Shaoyuan's mind, so it's a great feeling to think of what he did for himself?

Zhao Tong Xin looks at the spoon garden and reaches out his hand to shake it in front of her, but the spoon garden is so absorbed that he doesn't react at all.

Zhao Tongxin thinks that Shaoyuan looks funny now, but when he thinks about it, he thinks that she should be missing Chen Dong, so he doesn't disturb her any more and looks at her quietly.

I don't know how long it took for Shaoyuan to recover. She saw Zhao Tongxin's face with a gentle smile. She was looking at herself with a smile. She could not help but feel a little hot on her face. She knew that with Zhao Tongxin's understanding of herself, she couldn't hide it from Zhao Tongxin.

"Hey, Tong Xin, it's not what you think. I don't think about Chen Dong."

Shaoyuan's rare pretty face is slightly red. As soon as he is relieved, he explains quickly.

"Spoon, I didn't say anything. How do you know that I can guess what you think? It's three hundred taels of silver here."

Zhao Tong Xin chuckled the spoon garden with a smile, which was the most common action they used to get along with each other.

"Well, I Miss Chen Dong a little. I don't know how much he will suffer in the mountains and forests of Southeast Asia."

Shaoyuan's expression changed, and tears burst out in her eyes. No one ever knows when a woman is the most vulnerable, because sometimes a woman's emotion is like the wind, which can be felt but can't be seen, and sometimes it's like a cloud, which can be seen but can't be touched.

Only women themselves can know what kind of emotion is buried in their hearts, how painful it is to miss their lovers. Of course, there must be the same amount of happiness in the pain.

Zhao Tongxin reached out and patted the back of Shaoyuan twice: "spoon, after this thing is over, Chen Dong will come back. I really should thank you and your husband and wife."

Shaoyuan stabilized his mood for a while and gave a faint smile: "Tong Xin, don't say that. We are best friends. We should do this. I just miss him a little. It's OK."

"If you don't want to guard the treasure, you don't need Chen Dong to stay there, but you know that there are really few experts like Chen Dong around the court, so you can only aggrieve Chen Dong to stay there for a while."

Zhao Tong is relieved to see that her mood has recovered. She doesn't mean to say how good Chen Dong is, because it is a fact. Otherwise, Jin Zhengting will not give him the important treasure to guard, which shows Jin Zhengting's recognition of Chen Dong's strength and trust in him. There are really not many people who can get Jin Zhengting's trust, which can be regarded as a very proud thing.

"Let him stay there, so that he can continue to indulge himself when he comes back, and let him think more about me and the children."

Shaoyuan made a joke and wiped off the tears on his eyelashes.

The tears belong to happiness, everyone can have a partner worthy of tears, is also a gratifying thing.

"In fact, I envy Chen Dong of your family. At least I can fight for my career outside. I have to live here for a week. It's really boring."

Zhao Tong's heart stretches a little. Now she is more concerned about the restaurant chain that will open soon. Although she knows that Yang's group is an expert in this field, she hopes to see the restaurant step by step on the right track under her management, and then grow up, and gradually

become Jin Zhengting's most reliable help. This is her ideal.

"You should have a good rest now. I really don't understand you. A pregnant woman still has to participate in the management of the company. I don't know that women are very vulnerable at this time. I should have a good rest. I have to talk to the boss about this problem when I have time. After a period of time, when I have a big stomach, it's even more inconvenient to do things. I have to stay at home and have a rest. I have experience in this aspect. If I don't know it, I can't do it. If you pay attention, you may be in danger if you touch it a little bit. "

Shaoyuan said with a serious face that in her opinion, Zhao Tongxin's current position does not need to be in public any more, and it is the best choice to have a baby and give birth to it.

"I also want to ignore everything, but you know, the current situation is so complicated, I really don't want to see Zhengting face all things alone, so I want to share a little for him, even if my strength is insignificant, it's much better than doing nothing."

Zhao Tong heart light said, eyes but abnormal firm.

Shaoyuan looked at Zhao Tongxin, with an envious look on his face: "Tong Xin, I don't think the boss is wrong. You really love the boss."

"Come on, if this happens to Chen Dong in your family, I don't believe you will let him face it alone."

Zhao Tong heart feign anger gently patted spoon garden, and then said with a smile.

Shaoyuan also laughed: "yes, that's what a man should do. I don't care about him."

Zhao Tong Xin laughed even more happily: "Yo, I don't know who it is. Just now, I was thinking of people's tears. Do you want me to tell Chen Dong?"

Shaoyuan had a pretty face and said: "Tong Xin, can I understand that you are threatening me? Well, if you win, you can't tell Chen Dong about it. How shameless he is when he knows about it. "

"I don't want to tell Chen Dong, but you have to find me some books to read. It's really boring to stay here for a long time."

Zhao Tongxin half jokingly said that with the company of Shaoyuan, it's not so boring. She also figured out that it's better to take care of her body here rather than risking the risk of her child. Then she worked for a period of time before the formation of the fetus. Finally, she took a rest at home. She did a little more for Jin Zhengting, which saved him from worrying.

"Well, Tong Xin, what kind of books do you want to read?"

Shaoyuan asked with round eyes. She also knew that Zhao Tongxin was bored living here, so she would

try her best to meet Zhao Tongxin's requirements. After all, Zhao Tongxin is her best sister.

"Let me see."

Zhao Tong blinked his beautiful eyes and thought about it. Suddenly, his eyes lit up: "Spoon, can you send someone to my former home, where there is my mother's diary, I suddenly miss her a little, and I really want to see the words she left."

"Tong Xin, you don't have a fever. You forget how to stay in the hospital. The boss has said that you almost miscarried this time because you have musk powder at home. I'll give you the diary stained with musk. If something happens, the boss won't kill me. I can't satisfy you with this requirement."

Shaoyuan said solemnly that although she looked careless, she also had the special carefulness of women, so Zhao Tongxin's idea was directly denied by her. Although Huo Tingchen was defeated by Jin Zhengting every time, he was so scheming that Shaoyuan could not be prevented.

"No, I promise, because my mother hid her diary in a very hidden place, no one else could find it, and she would not touch the air."

However, Zhao Tongxin doesn't think much of Shaoyuan's worries, because she knows that no one except herself knows where the adoptive mother put her diary.

"Really?" Spoon garden asked with half faith.

Zhao Tongxin nodded: "Of course, it's true. My mother made a compartment under the floor at home. Generally, she would hide her diary and valuable things at home. I don't know why she did this. But last time when I was patronized by a thief, I had a special look, but the thief didn't find it."

"I see. Well, Tong Xin, you tell me the specific location. I'll send someone to get it when it's daybreak. But first of all, in order to prevent the last thing from happening again, I have to ask someone to check it after I get the diary back. If there is no problem, I'll show it to you. It's not too much." After all, diaries are relatively private, so Shaoyuan can only be checked after Zhao Tongxin's approval.

Zhao Tong thought, nodded and said: "This is good, so that you don't always worry about me. After you get the diary, you go to check it. If it's safe, you can show it to me."

"Well, that's a happy decision."

Shaoyuan gives a loud finger. Although she is the bodyguard to protect Zhao Tongxin, she still has this power. After all, she is one of Jin Zhengting's most effective subordinates.

"Spoon, thank you."

Zhao Tongxin sincerely thanks Shaoyuan for her personality. If someone is kind to her, she will be

grateful. Shaoyuan has done a lot for her, so it's right to thank her.

After hearing this, Shaoyuan once again raised his face: "Tong Xin, what are you saying? Are we still not good sisters? You need to thank me for such a trifle, isn't it

Chapter 479

"I really think you've helped me too much, so I thank you. I'm not seeing you out."

Zhao Tong Xin blinks her eyes and says that she knows that Shaoyuan won't mind. This is just to make her not too bored.

Spoon garden just smile, a pair of round eyes smile will become two curved crescent moon: "Tong Xin, as long as you don't see me, you should always remember that we are the best sisters."

"Well, well, I'll always remember. OK, my big sister of spoon garden."

Zhao Tong Xin said to Shaoyuan with a smile: "that's right, my little sister Tong Xin."

She said to Rong Qi, who was patrolling in the corridor, with a headset like walkie talkie: "Rong Qi, you come here for a while, I want you to do something."

"Got it."

Rongqi obviously did not leave the ward too far, answered a, not long, she appeared in the ward.

"Rong Qi, Tong Xin asked us to send someone to the old house to get back her mother's diary. It's not suitable for you and me to go out at this time. After all, Huo Tingchen is still alive. We can't relax our vigilance. You can arrange this and send some reliable people to do it."

Shaoyuan tells Rong Qi that her worries are reasonable. At this time, Zhao Tongxin's bodyguards still can't leave Zhao Tongxin's side.

Rong Qi didn't hesitate at all. She nodded and said, "this is a small thing. It will be done soon. Tong Xin, where is my mother's diary? I'll send someone to pick it up at dawn."

Zhao Tong Xin gave Rong Qi a smile of thanks and said, "under the living room table of my old house, there is a dark grid. Open the floor and you will see it."

"OK, I'll send someone to do it right away."

Rong Qi has always been vigorous and resolute, so she didn't have so many words at all. She turned around and was about to leave. Shaoyuan quickly called her: "Hey, remember to find an expert to test those diaries. Don't be poisoned by Huo Tingchen's men any more. When it's OK, take them back."

Rong Qi thought about it and thought that what Shaoyuan said was very reasonable, so she nodded and said, "well, no problem. I'll go first. I'm the only one in the corridor. I'm still worried about those bodyguards."

Spoon garden's voice immediately raised eight degrees: "what? Why are you alone? Where did Xu Yanke go? "

Rong Qi's face showed an unnatural expression: "she sent my brother back to the ward, and then never came out."

Spoon garden surprised open mouth: "you mean Xu Yanke and Rong Lei together?"

Rong Qi nodded awkwardly: "yes, it looks very intimate."

"My God, don't tell me that Xu Yanke is in love with Rong Qi, isn't it reliable?"

Shaoyuan can't believe it. Xu Yanke used to be Huo Tingchen's No.1 killer, while Rong Lei is Jin Zhengting's most effective assistant. They have always been the relationship between power and fire. No matter how big her brain hole is, they will never think that they will come together. What's more, their personalities are totally different. How can they talk about each other?

"Spoon, it's true. I don't think you and Rong Qi could think of it. Neither Zhengting nor I thought of it at that time."

Zhao Tongxin said with a smile, if Xu Yan and Rong Lei may come together, she will still bless them from the heart.

"You can't give up your task just because you're in love. She's your stand in now. She's specially protecting you in the hospital. How can she go to make love with Rong Lei?"

Spoon garden is very dissatisfied with the toot up small mouth, she had no good impression of Xu Yan can, this is to catch her handle, so naturally want to vent.

When she says this, Rong Qi is even more embarrassed. What Shaoyuan says is right. Xu Yanke has her own responsibilities. She is absent without permission now. But on the other hand, Rong Lei is her brother. Xu Yanke is now upgraded to her sister-in-law automatically. Naturally, she is partial to Rong Lei and Xu Yanke emotionally.

Zhao Tongxin saw Rong Qi's embarrassment and quickly stopped Shaoyuan's complaint: "spoon, don't say that. We are all people from love. How can we separate at this time? It's not safe now. Let her accompany Rong Lei more. When Rong Lei was kidnapped last night, didn't you see how anxious Xu Yan was? She used to be so selfish You should also know that she is most afraid of Huo Tingchen. It can be seen that she is sincere to Rong Lei, otherwise she will not have such great courage. "

"Well, since Tong Xin has said that, I won't worry about her. Let them be bored for a while. In other words, their progress is fast enough. We went to Southeast Asia and got together in a few days. I really admire Rong Lei. Women like Xu Yanke can win in such a short time. It seems that this boy is a good one Love master. "

Shaoyuan is not a mean person, and her relationship with Rong Lei and Rong Qi is pretty good. Since Xu Yanke has been together with Rong Lei, she will not target Xu Yanke everywhere.

Zhao Tong Xin's eyes flashed a trace of worry: "if what you said is really good, I always feel that after coming back this time, there seems to be something wrong between them. Xu Yan Ke seems to want to say it to me, but he didn't say anything. I'm a little worried now." In the ward, Rong Lei and Xu Yanke sit opposite each other, but no one talks, and the atmosphere becomes very awkward.

A cup of some hot water gradually cools down as time goes on, but the two people still don't open their mouth.

Finally, Xu Yanke couldn't help it and asked: "Hey, why don't you talk?"

Rong Lei hesitated and said in a low voice, "Miss Yanke, I don't know what to say."

"Well, don't talk. Just listen to me. Do you like me?"

Xu Yanke's face is a little red, but she still keeps a straight face, pretending that she doesn't care. She finally wants to understand that when she sees that Rong Lei is held hostage by Huo Tingchen, she knows that Rong Lei is in her heart, and unconsciously, his weight has reached a certain level.

As for why she likes Rong Lei, she can't say clearly, and she doesn't want to make it clear, because she only knows that she likes Rong Lei, which is enough. She doesn't care about the reason why she likes someone. When two people are together, there is no reason. If she really needs a reason, is she still like it?

So, she must ask whether Rong Lei likes her or not. As long as Rong Lei says he likes her, she will put it down and stay with him.

Maybe she is eager for a feeling, maybe she just doesn't want to be alone, but she knows that she likes Rong Lei in her heart. Even if she just meets the right person at the right time, what? Who can say that the right person won't be a permanent companion?

Therefore, for her own happiness, she has to face Rong Lei clearly and ask him if he likes him or not. In some ways, like most women, she spared no effort to get her own happiness.

"Miss Yanke, I don't know how to answer your question."

Rong Lei's eyes were a little erratic. He sighed and said, "Miss Yanke, I don't know if I like you now, so I can't give you an answer for the time being. I'm very grateful that you risked your life to save me last night."

He closed his mouth after saying that, with an expression of letting go. He knew that what he said was absolutely not what Xu Yanke wanted to hear, so he was ready for Xu Yanke's outburst.

But after waiting for a long time, Xu Yanke didn't go away as he imagined. She just looked at him, her melancholy beautiful eyes, flashing heartbreaking light.

After a long time, Xu Yanke gently sighed and said: "I won't force you, OK, you have a rest, I should go."

Xu Yanke gently gets up, her action is as gentle as a fairy far away from the world. She takes two steps, but she still can't help looking back at Rong Lei. His answer has told her that in his heart, maybe she hasn't been moved at all, so even if she yearns for her own feelings, she won't be wronged, because it's not only for him. If you are not responsible, you are also not responsible for yourself.

Xu Yanke is Xu Yanke. She has her own pride.

Just in the moment of looking back and touching her melancholy and sad eyes, Rong Lei suddenly felt his heart tremble, because when he saw her tears, he felt a burst of heartache for no reason.

"Miss Yan Ke, please wait a moment. Can we talk about it again?"

Rong Lei suddenly feels that if she is allowed to walk out of his ward like this, he may lose Xu Yanke forever, so he almost subconsciously stops her.

"Why, haven't we made it clear? What else do we have to say?"

Although Xu Yanke's tone is ironic, his body honestly returns to him, sits down on the edge of his hospital bed and looks at him silently with a pair of beautiful eyes.

"Miss Yanke, I want to know why you like me."

Rong Lei worded for a long time, and finally only said such a sentence, because he really did not know how to open his mouth. If Xu Yanke was just an ordinary girl, he would never be like this. Maybe it was just because Xu Yanke's identity was too special. She was the boss's sister, and the boss admitted her identity. This identity difference made him have a sense of identity. It's a feeling of being held back.

Perhaps this is the most fundamental reason for Rong Lei's cautious attitude towards Xu Yanke's love offensive.

"The reason is simple, because no one has ever been as kind to me as you are."

Xu Yan can look at Rong Lei's eyes, light say.

Rong Lei is a bit unnatural to see by her, low head goes: "I where have good to you."

"You know, I grew up in Huo Tingchen's killer training camp. It was a cold world. There was no humanity, no sympathy, nothing. Only killing and conspiracy could survive there."

Xu Yanke's face showed an expression of extreme fear, as if just the memories of the past had filled her with fear.

She tried her best to calm herself down and continued to say in a trembling voice: "even if I come out from somewhere, my life is not warm at all. You know, I am Huo Tingchen's most effective subordinate, but do you know how I became his most effective subordinate? It's by killing people, constantly killing people I don't know. In these days, I become more and more numb and cold-blooded, but I am more and more eager to get warmth. Whenever I go back with bruises, I just want someone to be kind to me, but I can't get anything, only Huo Tingchen's disdain, he is always Tell me, the injury is due to my lack of ability, otherwise I won't be injured." She said faintly, like talking about other people's affairs, which had nothing to do with her, but in her eyes, there was a strong sadness, because those days were her most painful memory.

Can't help, Rong Lei suddenly came forward to hold her, his mind only one idea, that is to give her a warm embrace.

Chapter 480

There are many times, love is just a moment of impulse, there are many perfect love, but also from this moment of impulse developed.

Maybe Rong Lei has no reason to like Xu Yanke, but he doesn't need any reason to fall in love with someone.

So his body is very honest to betray the command of the brain. All worries and differences can't become obstacles at this moment. Now he just wants to hold Xu Yanke, because he just wants to give her his own warmth. There's no other reason, but Rong Lei thinks she needs it now. That's enough.

Xu Yanke was held so tightly for the first time. When her body and Rong Lei's hot body came into contact, her brain suddenly became blank.

There is no language to describe that feeling. It's like the heart being hit by an electric current. First it suddenly smothered, and then it suddenly accelerates.

At first, it was the feeling of touch, and then I smelled the smell of Rong Lei, which was unique to everyone. This special smell with an ambiguous atmosphere entered from her Qiong nose, gradually eroding her nerves, and then slowly filling the whole heart.

Xu Yanke feels that her whole body is softening. At the moment when Rong Lei suddenly hugs her, there is an impulse to just nestle in his arms. Then gradually, this comfortable pleasure makes her feel that there is a fire burning in her heart.

Almost unconscious, Xu Yanke raises his head and stares at Rong Lei with tearful eyes. At the same time, Rong Lei also lowers his head and looks at Xu Yanke quietly with indifferent eyes. His gentle eyes appear in her pupils, and his eyes reflect her eager pupils.

"Do you like me?"

Xu Yanke is still clinging to this question. He looks at Rong Lei with burning eyes. His pretty face is full of serious expression, and his tone is eager and sincere.

"I think I really like you."

Rong Lei didn't avoid her eyes as before, but looked at her seriously and answered firmly and sincerely.

"Well, just like it."

Xu Yanke has a sweet smile. She always gives people the impression that she is an ice beauty. Few people can see her smile. Rong Lei looks at her smiling face and can't help but look at her eyes, because the way she smiles is really beautiful.

Looking at Rong Lei's stupefied appearance, Xu Yanke pretended to be a little coy: "what are you looking at, haven't you seen it?"

"No, I just think you look beautiful now."

Rong Lei also feels that it's not polite to stare at a girl like this, but Xu Yanke is so attractive to him that he can't bear to take back his eyes. Fortunately, he is a man who has faced countless storms, so he is not shy enough to run away. He really wants to praise Xu Yanke sincerely, but when all the words come to his mouth, he suddenly loses what he wants. Some language ability, finally can only say such a word without nutrition.

However, this sentence is very effective to Xu Yanke. Her face turns red in an instant. She has never really fallen in love since childhood. Although she had a brief meeting with Jin Zhengting, it is also to complete the task given to her by Huo Tingchen. Hearing a man's sincere praise like this, although she is simple and unadorned, her heart is still very useful.

Xu Yanke's eyes are gradually blurred, and his eyes are full of Rong Lei's shadow. He is not as handsome and rich as Jin Zhengting, nor has the deterrent power of Huo Tingchen, but he also has his own unique charm.

Without realizing it, she stretched out her pretty face and gently touched Rong Lei's lips with her two delicate red lips.

Rong Lei's eyes are dazed again. He didn't expect that Xu Yanke would be so active and bold. At first, he only gazed at her and passively accepted her kisses.

But with her small and flexible tongue, Xu Yanke's Xiangjin penetrates into his mouth. He feels that the fire in his heart is suddenly ignited. After a buzz in his mind, he can't help it any more. He crazily holds Xu Yanke's slender waist and presses his lips tightly to her red lips. His tongue is not controlled by the brain and she invades her mouth. The little tongues are intertwined.

Under the touch of the tip of his tongue, he feels a kind of light sweetness. When he looks at Xu Yanke again, she has closed her eyes and shows an expression of enjoyment on her face. Her long eyelashes quiver slightly, showing her inner restlessness. But the expression of reluctance and desire makes Rong Lei suddenly feel an uncontrollable force. His hand slowly swims on her back 。

With his action, Xu Yanke felt a burst of numbness, the whole person fell in his arms, with a kind of intoxicated mood, catering to his kiss, the hand with temperature on her back slowly slipped from the top, fell on her very sensitive place.

Bursts of electric shock like feeling, Xu Yan can't help but hit a shiver, of course, it's not nervous, but a natural reaction when feeling strong.

Just as she wriggled her delicate body to cater for his further action, Huo Tingchen's cruel face suddenly flashed in her mind, and all the impulses disappeared in that moment. She broke away from Rong Lei's arm, pushed him away impatiently, and her chest heaved violently. She could only hear her heavy breathing in the empty ward.

There is one thing Xu Yanke can't let go. In other words, even if she can pass her own level, Rong Lei may not be able to accept it.

As soon as Rong Lei is pushed by her, he wakes up. He looks at Xu Yanke with messy hair and clothes. His eyes show a look of chagrin. He shouldn't treat Xu Yanke like this. Although it's a man's instinctive reaction, they have just established a relationship. Let alone Xu Yan is boss's sister.

"I'm sorry, Miss Yanke. I didn't mean to."

Rong Lei wording for a long time, feel how to explain are so pale, simply or take the initiative to admit the mistake, maybe so Yan Ke's heart will feel better.

He simply thought that Xu Yan didn't continue, just because he felt that he had violated her, so he apologized. He didn't know the pain in her heart.

Xu Yanke is very contradictory now. She wants to tell Rong Lei everything, but she's afraid that he can't

accept it, so she has to stand in the same place, and the two return to the embarrassment at the beginning.

"Miss Yan Ke, would you like to say something?"

Rong Lei inadvertently finds that Xu Yanke's eyes shed tears. He doesn't know why she has such a strong reaction, but he doesn't want to see her tears. So he takes the initiative to ask. At the same time, he takes the paper towel in a hurry. He hesitates to stretch out his hand and gently helps her wipe the big falling tears.

For Rong Lei's gentle and considerate action, Xu Yan doesn't have any refusal action. She just curls her small mouth, and her eyes are full of sadness. No matter how he wipes it, her tears can't finish. Now she just wants to cry, because only tears can wash away her shame, and also completely cut off her from the nightmare like past.

"Yan Ke, please say something. Don't cry. If you feel aggrieved, you can beat me and scold me, but don't ignore me like this."

In business, Rong Lei is undoubtedly the top. None of the talents around Jin Zhengting does not have very strong ability. However, Rong Lei does not know much about feelings. He is a man who values his career more. He does not have any yearning for those extravagant lives. Therefore, in addition to going to and from work, he often reads books at home and does not have any experience. There are other forms of entertainment, so he knows nothing about how to coax a girl and guess her mind.

While crying, Xu Yanke opens her arms slightly, with a very wronged expression on her face. This pathetic look in Rong Lei's eyes hurts his heart. Although he doesn't have much experience with women, it's not difficult to see Xu Yanke's thoughts with his intelligent intelligence. She wants her warm embrace.

So he no longer hesitated, open arms, with his broad and powerful chest, tightly embrace her into his arms.

Being held by Rong Lei, feeling his temperature and listening to his heartbeat, Xu Yanke suddenly feels that the whole world has become quiet, no sadness, no anger, only comfort and comfort.

She has been longing for such a embrace, but she does not know whether it can accept him when she tells her secret.

"Rong Lei, I want to tell you something. Can you go out with me?"

Xu Yanke adjusted his mood. Although he was still a pear blossom with rain on his face, his voice had calmed down a lot.

Seeing that her mood didn't fluctuate again, Rong Lei's heart was relieved. He looked out of the window.

Now Dongfang has just turned white, and it's still a long time before dawn. Although the whole hospital experienced a fierce conflict overnight, because the isolation measures were well done, no one found that it is still a silence, and almost all of them are still in a beautiful place In my dream.

He shook his head, as if to wake up, because he is not sure whether he is dreaming, after all, Xu Yanke this level of beauty can favor him, in his view is not very realistic.

"OK, let's go."

Rong Lei agrees to Xu Yanke's request without thinking about it, because he doesn't think he has any capital to refuse her, and he finds that he really likes Xu Yanke.

Originally, he simply thought that what he liked was only her appearance. After all, every man was a member of the appearance Association. If a man said that he didn't like a beauty of this level, he would be either a eunuch or a fag.

But just now, Xu Yanke's resentful eyes and the pitiful expression when he cried made him feel a burst of unbearable pain, which was like a very thin and long needle, deeply penetrating into his heart.

So he finally determined that although it was only a few days, Xu Yanke had already quietly entered his inner world, and had already entered the deepest place.

Maybe her personality makes him feel very comfortable. Maybe she takes good care of him these days. Anyway, he knows that he likes her. So when Xu Yanke asked him, he had already answered her in his heart. He wanted to be with her. He put on a coat and walked out of the ward first. When he passed by with Xu Yanke, he naturally took her little hand. At the moment when they touched each other, they could feel each other's heart. Although it was only a short moment, they could really feel each other's mood.

This may be the reason why two people call. When they hold their palms together, they feel very happy and happy. At the same time, they also feel that it is a very normal thing.

Although the contact time between the two people is not long, at this time, they all feel as if they have known each other for a long time. When they hold hands, it's just a routine confession.

This ward is the place that Jin Zhengting told him to protect, so the security measures here are very strict. Armed bodyguards can be seen everywhere in the corridor.

When they see Rong Lei and Xu Yanke hand in hand, they are shocked. It turns out that the legend is true. They are really together.
