

Chapter 475

After hanging up the phone, Ichiro was so excited that he almost went crazy!

If he can get this miraculous medicine, then he will be able to become the successor of Kobayashi Pharmaceutical!

This time in China, it is really a bargain!

At this moment, the assistant on the Maybach co-pilot turned around and said, "Mr. Kobayashi, it's already eleven o'clock, shall we?"

Ichiro nodded and sneered: "Do it!"

The assistant took out the walkie-talkie and immediately ordered: "Do it now!"

As soon as the voice fell, six men in black sneaked into Tianqi's Clinic quietly.

Tonight, Tianqi is living in the small bedroom behind the Clinic.

He is here, waiting for the Japanese to come.

However, to be safe, he still let his granddaughter Zhovia go to the hotel.

After the six men in black touched into the Clinic, they immediately came to Tianqi's sleeping room and saw Tianqi lying on the bed. One of them immediately covered his mouth, pointed his gun at his temple, and said coldly: "Don't yell, cooperate with us obediently and spare you for not dying!"

Tianqi "panicked" and asked: "You...what are you going to do!"

"Hand over the magical medicine!" The man in black said coldly: "Otherwise, blow your head!"

Tianqi trembled with fright, and blurted out: "Don't shoot, don't shoot! I'll give it to you!"

After speaking, he reached into the small pocket inside the pajamas and took out a very high-end small wooden box.

The wooden box also carried the temperature of Tianqi's body as he kept it close to the body, showing how precious it is.

The other party took the wooden box, opened it, and found that there were four pills in it. He was so excited that he immediately reported through the walkie-talkie: "Report Mr. Kobayashi, we have found four magical medicines!"

"Four?! Great!" Ichiro said excitedly: "Quickly withdraw! Give me the medicine!"

The man asked: "What about this old thing?"

Ichiro said: "Knock him out! As long as we fight for an hour, we will succeed!"

"Okay!" The other party immediately knocked Tianqi's head with the spear, Tianqi tilted his head and immediately passed out.

At this time, many of the good players Orvel found were staring secretly. If the other party really wants to hurt Tianqi's life, then follow Charlie's instructions and act on them immediately!

But if the other party didn't mean to hurt the Old Master's life, he would have to work hard and bear it first.

Tianqi was indeed knocked out, but fortunately, there was no danger to his life.

After these guys succeeded, they immediately withdrew from Clinic. One of them came to the Maybach car on the opposite side of the road. With the window down, he hurriedly handed the wooden box to Ichiro and said, "Mr. Kobayashi, here is the medicine!"

Ichiro couldn't wait to open his eyes, and he was shaking with excitement when he smelled the strong fragrance of medicine!

"Great!" Ichiro said excitedly: "Your lord, let's go to the airport first and set off for Tokyo immediately!"

After that, he immediately told the driver: "Drive! Go to the airport at the fastest speed!"

Then, he said to his assistant on the first officer: "Notify the crew to prepare for takeoff now. After I arrive, the plane will take off immediately without any delay! In case the Chinese react and stop us from taking off, everything It's all over!"

Chapter 476

The assistant smiled and said, "Mr. Ichiro, don't worry, the Chinese can't respond so quickly. We'll drive to the airport in half an hour at most. It's also very fast to go through the VIP channel and go through the security check. An hour later, we must have taken off. At that time, even the gods will not be able to stop us!"

Ichiro's Maybach immediately drove away and directly boarded the airport expressway, preparing to reach the airport at the fastest speed, and then return to Tokyo by private jet.

Along the way, Ichiro's excitement speeded up. He repeatedly looked at the four magic medicines and muttered to himself: "The Kobayashi family will rely on it to build a global presence! At that time, I will also rely on it to become Kobayashi Pharmaceutical Co., Ltd's president!"

Maybach speeded all the way and soon arrived at Aurous Hill Airport.

As soon as the car stopped, Ichiro was about to get off and enter the airport at the fastest speed.

However, at the moment he just got out of the car, suddenly eight Mercedes-Benz big G off-road vehicles drove over and surrounded him and his Maybach.

Soon, thirty bodyguards in black came down from the eight cars. These people are all masters carefully trained by Issac, with extraordinary strength!

Issac got out of a big G, looked at Ichiro, and said coldly: "Mr. Kobayashi, our master is here, please come over and chat!"

"Your master?!" Ichiro hid the pill in his pocket and asked nervously, "Who is your master? Do you know who I am? I'm the vice chairman of Kobayashi Pharmaceutical!"

Issac stretched out his hand and patted his face, and said indifferently: "You Kobayashi Pharmaceutical is a Japanese company. What are you pretending to be in China? There is an old Chinese saying that the dragon is not the river. Japan and China are separated by the sea. What are you pretending to be with me?"

Ichiro suddenly became nervous.

He didn't know what these people were stopping him for, was it because of magical medicine, or something else?

If it was because of the magical medicine, then it was really a bit dangerous this time, not to mention, this group of people is so strong, it is difficult to let go, and it is impossible for him to escape.

However, if they are because of other things, does that mean that he can still send the medicine back to Japan first?

Thinking of this, he pretended to be calm and asked: "Who is your young master?"

Issac said indifferently: "Mr. Kobayashi, your Kobayashi Pharmaceutical has plagiarized so many ancient Chinese prescriptions. Presumably your family must have a good understanding of the situation in China. You should have heard of the Wade family?!"

"Wade Family?!" Ichiro was shocked!

How could he have never heard of Eastcliff Wade's family?

After all, this is China's top family, and its family strength is also ranked top in the world. Even the big super chaebols in Japan are not as good as the Wade family, not to mention that there is only one Kobayashi Pharmaceutical.

He panicked all of a sudden, and blurted out: "I don't know what your young master is asking for?"

Issac said indifferently: "If you have anything, you will know if you come with me."

Ichiro asked nervously, "What if I don't go?"

Issac smiled faintly, took out a pistol from his arms, and said lightly: "Since our master has ordered, then I must take you there. If I can't take you alive, then you will die!"

Ichiro was worried, but he was more concerned about whether he could send the magic medicine back first!

This is the key to laying his foundation in the family!

Thinking of this, he asked tentatively: "Can I go with you and let my assistant go back to Japan first? He still has a lot of important things to deal with."

Issac laughed and said generously: "Of course, everyone except you can go."

Ichiro breathed a sigh of relief, and quickly quietly handed the box containing the magic medicine to the assistant, patted his shoulder, and said, "You go back by plane first, tell my father, just say I'm fine, and I will come back soon to meet him!"
