

Noble Husband At the Door Chapter 482

Shangguan Heibai seemed to have made concessions, but actually, they had actually made concessions in order to gain advantages. Because he understood that even if he had agreed, the other individuals existing would not have actually accepted this situation.

With his placement in the Go circle, Ouyang Xiujie was related to as the last devotee. How could they approve letting Ouyang Xiujie take out from the competition and Samuel win the championship?

" Senior Shangguan, you can't do that."

" Yes, that's not feasible. Ouyang Xiujie can win the champion. How can we let him withdraw from the competition?"

" Samuel, if you do not wish to deal with in the finals now, you 'd much better take out from the competitors. Even if you win the champion, you desperate our authorization."

" John Doe, we all understand that you are no match for Ouyang Xiujie. Do you have the face to take the championship?"

" If Cloud City's Go Organization can take the champion in this way, it will certainly be a terrific joke. What's the point of not being identified as the champ?"

The group babbled and criticized Samuel, who had not talked from the very beginning. It appeared that the change brought on by Shangguan Heibai had all become Samuel's mistake presently.

Qi Yiyun's way of thinking was really tolerant, yet she was likewise extremely dissatisfied with the unfairness of this kind of thing.

These individuals defended Shangguan Heibai, just due to his position in the Go globe, which had nothing to do with Ouyang Xiujie's toughness. They even selected to ignore Samuel's capability.

" In fact, I do not care regarding this competition in all. If he doesn't attempt, you don't have to force on your own. At most, I'll stop," Ouyang Xiujie said with a smile on his face.

When they saw that Ouyang Xiujie was truly about to give up the competitors, those individuals became much more anxious. It was as if their eyebrows were melting.

" Samuel, can you compete with him? Get out of below if you can not."

" If you don't intend to do it now, just give up. Don't lose our time."

" Ouyang Xiujie is the devotee of Elderly Shangguan. You would certainly much better have self-knowledge."

Being the target of public objection, Samuel was pushed to the center of the storm. Facing the mystifying accusation of the group, instead of being angry, he showed a smile on his face.

He had actually been troubled regarding exactly how to play chess with Shangguan Heibai previously, now, it seemed that the possibility had actually come to him.

" I uncommitted concerning the champ of this competitors whatsoever, due to the fact that I have actually never concerned Ouyang Xiujie as a challenger. He does not deserve it," Samuel stated.

His words most certainly aggravated the group once more.

" Damn boy, do you understand what you are speaking about? You are not certified to be Ouyang Xiujie's opponent."

" You're just nobody. Ouyang Xiujie is Elderly Shangguan's devotee."

" A frog at the end of a well. Do you recognize Ouyang Xiujie's setting in the circle of Go?"

" Oh?" Samuel frowned his brows and looked at the people that were talking. He asked, "From your viewpoint, this round is not a game of Go skills, but a game of condition? He is Shangguan Hei's disciple, so he should normally win the champion?"

" Nonsense, we suggest that your status can't be compared with his, and your toughness can not be compared to his."

" This kid, are you intentionally attempting to smear the reputation of senior Shangguan?".

Samuel looked calm and also kicked back in the face of the crowd's objection. There was even a pale smile on his face.

When Qi Yiyun saw this scene, her eyes were a little blurred. His figure appeared to instantly become enforcing, still in the tornado as well as waves. It seemed that nothing might guide him.

This type of calmness was most definitely not something that ordinary people could have.
