

Chapter 4849

Elaine was afraid that the other party would misunderstand her,

And hurriedly shook her head again: “No, no... I’m innocent...”

“I was tricked into taking the luggage on the plane, and I was caught in a daze...”

When the woman heard this, she breathed a sigh of relief,

Looked at her with a contemptuous smile, and slapped her in the face,

Causing her to see gold stars in her eyes.

Elaine screamed, and was about to ask her why she beat her when she heard the woman say,

“I thought you were a great person, but it turns out that you are a stupid pig who was tricked into being a mule!”

Elaine completely misunderstood the logic of survival in these prisons.

Here, if you are really innocent, other prisoners will bully you to death;

But if you are a felon, and you are a felon with a background,

Then other prisoners here, not to mention that they must confess to you as their ancestor,

At least they know that you are not easy to mess with, so try to stay away from you as much as possible.

If Elaine admits that she is a drug dealer, these people will definitely stay away from her.

After all, in the United States, drug dealers are synonymous with outlaws,

And drug dealers never act alone, behind them is a ruthless, armed-to-the-teeth organization.

However, Elaine was afraid that others would really misunderstand her as a drug dealer,

So she shook out the truth when she was nervous.

This is equivalent to personally pressing her position in this cell to the floor.

That's why, when the red-haired woman heard what she said, she slapped her in the face without thinking.

And the red-haired woman was not satisfied when she slapped Elaine,

She strode forward, stared at Elaine, and said seriously:

“Tell you, in my place, if you want to suffer less, just be obedient.”

“Ask your family to put more money in your account,”

“I have a lot to buy, but there is not enough money in the account,”

“This is your chance to show, that if your family has enough money for you, you are here to suffer less.”

After that, she remembered something, grabbed Elaine’s collar, and continued:

“Oh, by the way, a friendly reminder, Jessica, the prison guard in charge of this cell,”

“They cost forty dollars a pack, all American SPirit brand Cigarettes,”

“But her cigarettes cannot be purchased through your account in prison.”

“You need to notify your family outside and hand over the cash to her before she can bring them in.”

Elaine said nervously: "I...I don't smoke..."

The red-haired woman sneered, and slapped her in the face again, scolding:

"Idiot, you don't force me to slap you! Starting tomorrow,"

"You will ask Jessica to give me an American Spirit brand cigarettes, remember,"

"It's three packs! These sisters and I have had some tobacco shortages recently,"

"You better get to know each other, otherwise, I must make you look good! "

Elaine suddenly said with a sad face: "I am just locked in, and I haven't had a chance to contact my family."

"Where can I get you a cigarette!"

"Then I don't care!" The red-haired woman said coldly:

"In short, before tomorrow night, if I don't see an American spirit, then I will kill you!"

After speaking, she warned again: "Oh, by the way, I forgot to tell you that if you dare to seek a prison warning,"

“I will insert the sharpened toothbrush handle into your throat.”

“If you don’t believe it, you will wait and see!”

Elaine was so frightened that she burst into tears.

At this time, a young Chinese woman stepped forward and whispered:

“Auntie, this red-haired woman is named Chloe, and she has been here for five years.”

“The famous prison boss, not only our cell has her many followers,”

“But there are also many people in other cells who don’t mess with her,”

“You better not provoke her, otherwise you will be miserable.”
