

Chapter 506

The secretary brought me hot tea, and Xi Qingchuan ordered her to get some snacks.

He squatted in front of me and touched my head like a dog: "I'll go to dinner together after reading a file. You can eat some snack mat first."

Xi Qingchuan looked at the archives, and my refreshment was served with very fragrant almond cookies. The milk smell was very strong and delicious.

I threw them into my mouth piece by piece, Xi Qingchuan looked back at me while looking at the file: "Eat slowly, don't choke."

I almost finished eating a small plate of almond cookies before stopping. Xi Qingchuan also read the file as quickly as possible, and we ate together.

I influenced Xi Qingchuan's taste a lot. He accompanied me to eat skewers, and then he ate more than I did.

I have almost eaten, and he is still eating.

He must be able to see that I didn't come to see him for dinner, but I didn't mention it.

I was full and sipped the chocolate soy milk and watched him eat. Now he cooks his hairy belly for a few seconds and the blinds for a few seconds.

"You don't want to eat?" He looked back at me while he was eating, very busy.

"I am full."

"Would you like a dessert for you?"

"Do you think this is a French restaurant? Where can I find desserts?"

"Brown sugar ice powder." He winked at me.

I have something to ask him, not so calm.

When Xi Qingchuan put the last black hairy belly into his mouth, I asked him: "You asked him to do that about Baiyu, right?"

He finished chewing slowly: "Well, it's so tender, I have to eat another plate."

“I have answered my question before eating, otherwise the boss won’t sell it to you.”

He curled his mouth, and stretched out his hand to touch my face with a hippie smile: “Xiao Sheng is getting smarter and smarter.”

I guessed right, and Bai Yu spared no effort to help me. Xi Qingchuan must have asked him to do so.

“If you want to help me, help me, why bother to borrow Baiyu’s hand?”

“I’m afraid you won’t accept it.” Xi Qingchuan told me to be cute: “Now that I have answered your question honestly, can I have another dish?”

He agreed so happily, what can I say?

He went to get a few more dishes of his favorite. He had known that Xi Qingchuan would help me, and what I would do so hard to do.

I asked him: “Is Xiao Shi still in the hospital?”

“I am discharged from the hospital. The bridge of my nose is not as severe as a fracture, otherwise you wouldn’t be able to get out of the police station so quickly.”

“Bo Yu will bail us as you too!” I said.

“Do I just watch you being locked in?”

I propped my head with my hands and looked at Xi Qingchuan’s food. I still remember the first time I brought him to a place like this. He resisted to the extreme, not thinking that now he has become the number one fan here.

“Xi Qingchuan, what is the date of your marriage with Xiao Shi?”

“There are still two days.” Xi Qingchuan said to me: “Now she is in a state of exhaustion, and many creditors have gone to Xiaoshi and Xiaojia to block her door.”

“Xiao Shi is really miserable, she still doesn’t know that the person she wants to marry is the big boss behind her.”

“She killed our child.” Xi Qingchuan was eating, vaguely: “It stands to reason that one life should be paid for. I did this not to help you, but a personal grievance.”

Hey, Xi Qingchuan, who is bound to report to Xiaoxi, should understand him.

Knowing that Xi Qingchuan didn't really marry her, she still wanted to take the risk and marry him.

Xiao Shi loves Xi Qingchuan so badly, but it's a pity that she doesn't understand that Xi Qingchuan doesn't love her and can't use any conspiracy and tricks.

In the past two days, Ruan Ling reported to me how Xiao Shi was so exhausted. Many creditors came to her home, but she couldn't find Bai Yu, so she had to carry these debts by herself.

Qiao Yi said: "The Xiao family is in such a mess now, is Xiao still in the mood to marry Xi Qingchuan tomorrow?"

"Marrying Xi Qingchuan is Xiao Shi's ultimate goal in life. She will not give up her beliefs because of anything."

"I think there is something wrong with Xiao Shi, and I don't know what kind of woman the man she loves loves."

"Xiao Shi has been so happy since she was a child, so she feels that all the good things in the world should belong to her."

The wedding of Xi Qingchuan and Xiao Shi was quite grand. There were a lot of media on the scene, and Qiao Yi and I had mixed in long ago and found a less conspicuous place to sit.

I saw Xiao Shi in the crowd, she was very beautiful, her white gauze was fluttering and her red lips were dripping.

It's just that her eyes are a little weird.

There is a stubborn madness.

Seeing me looking at Xiao Shi intently, Qiao Yi asked me in a low voice, "Did I see Xiao Shi wearing a wedding dress, and my heart was a little sour?"

"No." I bit my nails

Now, as long as Xiao Shi doesn't see me, it will do.

Xiao Shi should not know what is waiting for her.

The wedding was about to begin. I sat in the corner watching Xiao Shi standing under the stage, the host was sensational, and then she walked onto the stage alone.

Originally, it was supposed to ask her to hold her hands on the stage.

If his father is alive, Xiao Shi must be very happy to get married.

But he himself didn't know that he would die in the hands of his daughter who had been raised since he was a child.

I remained calm and watched Xiao Shi come on stage. She took the host's microphone and said that today is her happiest day.

Then she began to cherish the memory of her father, tears down.

I looked at her coldly, and Qiao Yi grunted his teeth.

"I really want to go up and tear her mouth." Qiao Yi said.

"It doesn't have to be so troublesome for us to tear." I sipped the cocktail: "The show will start right away."

"Xiao Sheng, what did you do?"

I pointed to the stage: "Look at the big screen."

Dad's figure appeared on the big screen. It was taken when Xiao Shi was celebrating her birthday when she was a child. Dad held her in circles.

Xiao Shi burst into tears and looked up at Xi Qingchuan and said to him: "My relatives are gone, and my only relative in this world is you."

The stage was a bit far away from me. I couldn't see the expression on Xi Qingchuan's face. He didn't speak or said a word.

The big screen shows the pictures of Dad and Xiao Shi's previous life. This sensational passage pushes the atmosphere of the wedding scene to the top.

My dad was so young at that time, I closed my eyes, and he could live a healthy life till now.

The picture on the big screen suddenly changed, and the picture of Xiao Shi and the driver appeared.

Xiao Shi was saying to the driver, "Be nice, and I won't treat you badly afterwards."

Everyone was in an uproar, and Qiao Yi looked at me in surprise: "Xiao Sheng, when did you get this up?"

"Isn't she going to be sensational, I will let her be sensational to the end."

The people in the audience exclaimed, Xiao Shi looked back at the big screen strangely, and I got up from my seat and ran to the stage quickly.
