

Noble Husband At the Door Chapter 510

The old man was incredibly arrogant. These words agitated many workers in the business, yet they dared not state anything due to the fact that these people looked not easy. The staff members of the firm were simply ordinary people. That agreed to upset them?

Yvonne's aide, Zhong Qiu, saw that no person in the Sue household wanted to speak up, so she needed to stand up.

"Chairman Sue hasn't remained in Cloud City for a couple of days. If you have something to talk about with her, can't you wait up until she comes back?" Zhong Qiu said.

"She's not in Cloud City? I think she was concealing intentionally. Exactly how could she be not there? That are you? Do you deserve to speak to me?" The old man took a look at Zhong Qiu with disdain.

Zhong Qiu was not a big shot in the company, and also she did not have any type of say in the company. And now, the relatives of the Sue family did not step forward to speak. She was required to do so. She can not ask everybody not to head to function. The business still required to be handled.

"I'm Supervisor Sue's aide," Zhong Qiu stated.

The old man sneered. "You're just an assistant. How attempt you speak with me like that?"

"You're just a tiny assistant. I recommend you not to talk nonsense. Either get in touch with Yvonne or go back to locate a brand-new work," claimed the old man.

Zhong Qiu gritted her teeth and also said with an unsure expression, "What right do you need to block the company? We still need to go to work. It's illegal for you to do this."

"Illegal?" The old man raised his brows, walked to Zhong Qiu, and also looked her backwards and forwards. Although she was not a beautiful woman, she was still attractive. Most importantly, she had a great figure, which aroused the old man's lust in his heart.

He claimed, "Little girl, go find out that I, Jiang Fu, am. Jiang Hai is my kid. Have you thought about the repercussions if you talk with me in such a rash way? But don't be afraid. As long as you are willing to be my assistant, I can forgive you."

"Jiang Fu!"

"He's Jiang Fu."

"Not surprising that he's so conceited. He's the creator of the Jianghe Group."

After hearing Jiang Fu's identity, everybody was stunned. Formerly, they wondered concerning the identifications of these old men, that blatantly blocked the Sue family members.

Now, they all understood that the Jiang family's power in Cloud City was much more than that of the Sue family members, only inferior to that of the Heavenly Household.

"You ... you're Jiang Fu," Zhong Qiu stated with concern on her face.

Jiang Fu smiled proudly. He was really pleased with Zhong Qiu's anxiety.

" Exactly how around being an assistant for me? I guarantee you that your work will certainly be easy, and you'll get more cash. Consider it," Jiang Fu said.

Zhong Qiu was a person that was really eager for living. Her clothing, bags, as well as cosmetics were all renowned brands, yet at the same time, she likewise had the heart of a strong lady.

Even if she purchased these brands frugally, she would certainly never take the path of being kept as a girlfriend.

Zhong Qiu understood what Jiang Fu's assistant suggested, and what she desired was to get it with her own hands, not by doing this.

" I recognize you are very rich, however if I obtained it this way, I wouldn't want it," Zhong Qiu said.

Jiang Fu's face contained dissatisfaction. He rarely had any kind of rate of interest in this type of stuff. He seldom had any kind of passion in Zhong Qiu, yet Zhong Qiu had actually been denied.

" Humph, after that leave right here as well as locate a work. By the way, I wish to advise you that no one in Cloud City dares to utilize you as long as I ask," Jiang Fu said coldly.

This was not a joke. Zhong Qiu plainly knew what would take place if she was targeted by Jiang Fu, however she would not compromise as a result of this.

" It's not that easy to break down the Sue family members. Chairman Sue is really qualified. I believe that she will certainly be able to endure this," Zhong Qiu said.

Hearing this, Jiang Fu laughed out loud, shook his head and stated, "No matter just how qualified she is, what can she do? If I desire to seal the collaboration with the Sue Family in Cloud City, what else can Yvonne do?"

Zhong Qiu took a look at the members of the Sue household. Already, they were still unwilling to stand as well as say a word. They were all top-level participants of the firm! At such a defining moment, they all ended up being cowards.

The Sue family members had constantly just respected their own food and never inquired about the trouble of the firm. It was difficult for a team of people that had actually remained in a position for several years to expect them to promote the company.

Not just would they not speak for the firm, yet they were likewise whining regarding Yvonne in their hearts. If Yvonne had not triggered such a big trouble, just how could the company be targeted by Jiang Fu?
