

Chapter 511

Gu Chen after a fierce ideological struggle, finally agreed to Huo Tingchen, because he wants to get Zhao Tong heart, this reason is enough.

Huo Tingchen showed a satisfied smile, waved his hand to let long Jiu put away his gun, and then said to Gu Chen: "this is the most wise decision you have made."

"I promise you, not because I'm afraid of you, but to get Tong Xin. I still have only one request. After I help you deal with Jin Zhengting, I hope you can let Tong Xin and me go."

There is no expression on Gu Chen's face, light eyes looking at Huo Tingchen, only hope that he can give himself a satisfactory answer.

Huo Tingchen said with a smile: "you should know that I did aim at Zhao Tongxin, but that's also because he is Jin Zhengting's woman. I think you've heard the grudge between Jin Zhengting and me. As long as the people related to him, I don't mind letting them disappear completely from the world, Zhao Tongxin is no exception."

Gu Chen's face changed. As soon as he was about to speak, he was stopped by Huo Tingchen: "don't worry, listen to me. Since I'm looking for your cooperation, I'm naturally sincere. I promise you my terms. From today on, I promise that I won't target Zhao Tongxin again. After I defeat Jin Zhengting, she will be yours. I will never interfere in your affairs."

Gu Chen lowered his head to think about it carefully, and felt that Huo Tingchen's words were very reasonable. If it wasn't for Jin Zhengting's relationship, Huo Tingchen would not have any intersection with Zhao Tongxin, so the root of everything was that she chose to be with Jin Zhengting.

This also strengthened his ambition to cooperate with Huo Tingchen. He had only one reason. As long as Zhao Tongxin left Jin Zhengting, there would be no more danger.

Although Gu Chen is a hot star in the entertainment circle, he is obviously not Huo Tingchen's opponent. The reason why he guarantees is to persuade him, and he deliberately emphasizes that without Jin Zhengting, he will not deal with Zhao Tongxin, which is also breaking Gu Chen's psychological defense line.

Huo Tingchen, as a master of conspiracy, is very clear about the weaknesses of the people he faces. He is also very good at using various means to take advantage of these people's weaknesses.

"What do you need me to do for you?"

Since Gu Chen has made up his mind, then he will spare no effort to do it. He is such a man. Because of this, he has been a college student who dropped out in the middle of school and has been in his present

position step by step.

"You and Jin Ying are colleagues, so there are many opportunities to meet. To tell you the truth, Jin Ying and I also have a cooperative relationship. What you have to do is to tell me what Jin Ying got. This is the only job for the time being. If I have other needs, I will inform you in advance."

Huo Tingchen takes a deep look at Gu Chen. If he has any other reaction, Huo Tingchen immediately asks long Jiu to kill him, because the cooperation with Jin Ying is confidential, and even Cheng mobing and Xu Zheng don't know. The reason why he tells Gu Chen is that he thinks Gu Chen has no background and is more conducive to control, and he needs Gu Chen to deliver information for him.

After all, Jin Ying is a member of the Jin family. If Huo Tingchen keeps in touch with her, it's easy to expose Jin Ying's identity. In that case, it's not worth the loss. He knows the value of Jin Ying's existence, so Gu Chen comes into his sight.

Gu Chen is far away from the fight between rich and powerful families, and often stays with Jin Ying. He thinks Jin Zhengting will not notice Gu Chen, so he thinks of using Gu Chen to convey information.

But he underestimated Jin Zhengting's reasoning ability again. After Jin Zhengting learned that Gu Chen's crew had a very coincidental accident, he had speculated that Gu Chen might be working for Huo Tingchen, but Gu Chen didn't show any harm now, so he just sent someone to secretly monitor, and didn't take action for the time being.

It has to be said that although Huo Tingchen is very clever, he lags behind Jin Zhengting every step, so his failure is inevitable.

Gu Chen, who just heard this information, was surprised. He really didn't know that even Jin Ying was on Huo Tingchen's side. Huo Tingchen was the biggest enemy of Jin's family, and he had never seen any abnormal performance of Jin Ying. It seems that his eyes on people are not very accurate.

Gu Chen always thinks that Jin Ying is just a weak girl who is autistic. Now her eyes are hurt again, and her mood is normal. She didn't expect that she has turned over.

Huo Tingchen looks at his expression, and an imperceptible smile flashes through his eyes. This is what Gu Chen should have. He is very satisfied now. He can guess Gu Chen's idea, which proves that he can control the entertainment star.

"It's no surprise that our alliance is so huge that you can't imagine that Jin Ying is just one of many participants. Even his sister betrayed him, so I think your choice is correct, because Jin Zhengting has now reached the situation of betrayal and separation."

Huo Tingchen deliberately exaggerates his strength, which is to add some weight to Gu Chen's heart, so that he knows that he is the one who really takes the initiative.

Gu Chen frowned and said: "Mr. Huo, I will finish what you told me, as long as you can remember your promise."

Huo Tingchen said with a smile: "it's natural. I will keep my promise." "Well, let's talk about it today. I have something to do tomorrow, so I won't send you down."

Gu Chen now needs a quiet environment to calm his thoughts. He doesn't know whether his choice is right or not, but in order to get Zhao Tongxin, there seems to be no better way than to cooperate with Huo Tingchen. However, when he chooses to cooperate with Huo Tingchen, he has a sense of guilt of betraying Zhao Tongxin. His heart is really struggling, so he wants to be quiet Quiet.

Although there was no change in the expression on his face, his eyes betrayed his thoughts. These subtle expressions naturally betrayed Huo Tingchen, but he didn't immediately expose Gu Chen's contradiction, because he was sure that Gu Chen would choose himself in the end. Now he just had to wait.

"Well, in that case, I'll leave first. Thanks to you today, we got what we wanted. You deserve it."

Huo Tingchen got up with a smile, patted Gu Chen on the shoulder a few times, and then put a five million check into his hand. Gu Chen just wanted to refuse. Long Jiu pulled out his gun again, pointed to Gu Chen and said coldly: "general manager Huo will give you face, and you can't help giving general manager Huo face."

Gu Chen is quite helpless, did not expect that this year there are people with guns against other people's heads, but also to other people's hands of money, but he is also very clear, once he took the money, is equal to Huo Tingchen's boat.

He hesitated for a moment, or reached out to take the check, some bitter mouth, but finally whispered: "thank you, Mr. Huo."

"You deserve it. If you live in seclusion with Zhao Tongxin one day, you still need the money."

Huo Tingchen does not return to leave, while walking to Gu Chen said, this is the key to mend the knife, let Gu Chen contradiction psychology tilt again.

Leaving Gu Chen's mansion, Huo Tingchen and long Jiu come to the parking lot side by side. Before getting on the bus, long Jiu suddenly blinks her charming eyes and asks, "brother, you don't really want to let Zhao Tong go, do you?"

"Do you think it's possible? Even if she really leaves Jin Zhengting one day, I won't let her go. Even if she only stayed in Jin's family for one day, she is also a member of Jin's family in my eyes. I won't let anyone in Jin's family go to hell and bury them with Huo's family!"

Huo Tingchen's eyes flashed a trace of killing intention. At the moment, his heart was filled with hatred

again. His ferocious and twisted expression made long Jiu, who was used to killing people, shudder.

"Brother, you look really scary now. You scared me to death."

After a long time, seeing that Huo Tingchen's face was a little calmer, long Jiucan patted his chest and said with lingering fear that even as Huo Tingchen's most trusted person, she could not help sweating for herself every time Huo Tingchen went crazy, because no one knew what kind of crazy move Huo Tingchen would make at the end of the day.

"What, did you get scared?"

Huo Tingchen naturally took long Jiu's hand and put it on his chest. He slowly rubbed her hand and asked faintly.

"Brother, you look so scary just now. I'm afraid you can't help killing me."

Long Jiujiao didi said that she likes Huo Tingchen's intimate actions. She has had many men and many women, but no one can bring her the same psychological pleasure as Huo Tingchen.

"Don't worry, I can hurt anyone in the world, but I will never hurt you. You are my sister and my lover. How can I be bad to you?"

Huo Tingchen holds long Jiu's hand harder and completely pinches her hand in his own palm. This is an alternative way for him to express his feelings towards her.

There was a sharp pain in long Jiu's hand, and the bone of her hand rattled under his strong kneading. But there was pain in her eyebrows, but there was also a kind of enjoyment.

"Brother, I love you."

Long Jiujiao gasps and says that she likes the pain he brings to her. Every time she does, she will feel heartfelt excitement. She didn't know it before, but last night when Huo Tingchen wanted to give up her for the diamond necklace, her heart was very painful, but there was an unspeakable pleasure.

Huo Tingchen laughs and pulls long Jiu into the car. They kiss each other and touch each other uneasily.

After a long time, Huo Tingchen finally repressed the impulse to put longjiu in the right place, sat up from the driver's seat, gently flicked his hair, and said faintly: "Jin Zhengting will come to me tomorrow afternoon to negotiate, and I will take Jin Ying with me. When you go back, you should immediately arrange some experts to secretly monitor his actions. I'm afraid he will take the opportunity to challenge me. Let's go home I lost almost all of my men in two days. When the personnel were replenished, it was too late. "

Long Jiu's Xiumei frowned slightly: "brother, otherwise you don't go. It's too dangerous to do that. I'd

better take people with Xu Ting. Doesn't he just want Jin Ying? As long as he can return the money, Jin Ying has no use value. It's no big deal to return it."

"No, I have to go out in person this time. I believe Jin Zhengting will also show up. Our troops have suffered heavy casualties and have no power to fight in the first World War. I think he will show great generosity and tell me that he will not use underground forces to deal with us. He will fight us fairly in the business world."Huo Tingchen's face showed a look of disdain. He especially knew what kind of man Jin Zhengting was. But if it was him, he would never let go of his opponent. Taking advantage of the danger of others is a rare thing. Naturally, the more the better. He likes to use the minimum cost to get the maximum benefit.

"Let him come. Although we have lost a lot of people, we still have the strength of the first World War."

Long jiuman said that she was not afraid of anyone, because she never knew how scared death was, and she would only bring death to others.

"Tonight is destined to be a sleepless night!"

Huo Tingchen rubbed his swollen temples and looked up at the stars in the distance, with a cold smile on his face.

He vowed that he would never lose to Jin Zhengting again.

Chapter 512

When Zhao Tong woke up from his sleep, it was almost noon. He rested too late last night, so that when he got up, he could feel the laziness of his body.

But she had a good sleep, because she could feel that Jin Zhengting had been by her side all night. She gently held herself in his arms and fell asleep in his arms. It was really pleasant.

By this time, Jin Zhengting had already got up, and his energy was always beyond imagination. He only needed a short rest time every day to keep vigorous physical strength.

He was sitting by the bed, gently stroking her flawless face, with a kind of indifference and tenderness in his eyes.

"Why did you get up so early?"

Zhao Tong Xin narrowed her eyes and felt the temperature from his palm. This was the most enjoyable time for her. The voice of questioning, with the laziness of waking up in sleep, sounded more moving.

Jin Zhengting light smile: "I used to get up early, hungry, I let spoon garden send something over."

His voice is as gentle as his actions. When they are alone, Jin Zhengting never shows his tenderness in front of others.

"No, I just got up, and I don't feel hungry. Zhengting, you've been here with me for so long. Is the work of the group OK?"

Zhao Tongxin is a sensible woman. Although she likes the feeling that Jin Zhengting is always around, she also knows that career is very important for a man.

"It's OK. If there is something special, someone will inform me. If not, those senior executives of the group can complete their daily work."

Jin Zhengting gave her a reassuring smile. As the saying goes, gentle village is the tomb of heroes, but he will balance the relationship between the two, because he is a very special man.

"Are you going to see Huo Tingchen this afternoon?"

Zhao Tongxin sat up and suddenly thought of the plan agreed last night that she should exchange hostages with Huo Tingchen in the afternoon. She could not help worrying about Jin Zhengting's safety.

Jin Zhengting gently stroked her hair and said faintly: "we've been together for so long, you should know what kind of person I am. What Huo Tingchen wants to do to me, he's not enough."

When he speaks, his eyes are domineering, which is the unique temperament of a successful leader. All men have to bow their heads, and all women can't help falling in love.

Zhao Tongxin's beautiful eyes are gradually blurred. She likes Jin Zhengting's appearance very much. She is really handsome.

"Be careful, there will be no mistake."

Although she trusted Jin Zhengting's ability, she still told him that she didn't want him in any condition.

Jin Zhengting put on his coat and gave a faint smile. He came over and gently kissed her on the forehead. Zhao Tong closed his eyes with satisfaction and felt the touch of his two cool lips on his skin.

After a deep kiss, Jin Zhengting straightened up and gave her a reassuring expression: "it's OK, remember to eat."

"Well, I will, Zhengting. I can be discharged tomorrow. There are a lot of things in the company these days. Maybe I will be busy for a while. Would you mind?"

Thinking that she was going back to work in the company soon, and now it was the busiest time before the opening of the company's catering chain, she worried that she would concentrate on her work and

neglect Jin Zhengting.

Jin Zhengting light said: "Tong Xin, we don't need to say these, I understand, have a good rest, I go first."

There is also a negotiation deal with Huo Tingchen this afternoon, so he must be prepared in advance.

"Well, be careful."

Zhao Tong Xin also lightly said, two people never had any sweet words, also never had too much passion and romance, get along with always flat light, but she likes this feeling.

Life is always like this, plain light is true.

Jin Zhengting's mouth is slightly raised. When he is with Zhao Tongxin, he will also show a knowing smile unconsciously. Maybe for him, this is also a kind of happiness.

After he left for a while, Shaoyuan personally pushed the dining car in. It was obvious that Jin Zhengting had told her before he left that he had sent Zhao Tongxin a special lunch.

From these details, we can see how much he attaches importance to Zhao Tongxin. No matter how busy a man is, he will also pay attention to his own women's needs, which shows that a man has her in his heart.

"Tong Xin, let's have some lunch. It's specially explained by the boss. I have to watch you finish your meal."

Shaoyuan put down the dining car and said to Zhao Tongxin with a smile that his round eyes showed an envious look. Although Chen Dong was very kind to her, it seemed that he had never been as careful as Jin Zhengting to Zhao Tongxin.

"Spoon, you didn't eat either. Let's go together."

Zhao Tong Xin looked at the time. It's just noon now. They must be busy protecting her. They should not have had lunch at this time.

Shaoyuan shook his head and refused: "Tong Xin, you'd better eat it yourself. This is a nutritious meal specially ordered by boss for you. How can I eat it?" Zhao Tongxin looks at the beautiful food in the dining car. He feels very sweet in his heart. Jin Zhengting is very careful about everything she does. He only pays attention to every detail when he loves someone deeply.

"Spoon, what are you talking about? We are best friends. What's the matter with having dinner with me? Besides, I can't finish all the things you sent me alone. Well, you call Xu Yanke, Rong Lei and Rong Qi, and we'll have a good meal together."

Shaoyuan thought about it and thought it was OK. Her character was so careless, so she nodded and said, "OK, there are so many things in the company recently. It's good for everyone to discuss the next step while eating. Then wait for me and I'll call them."

She and Zhao Tongxin said hello and went out. After a while, several people arrived.

Xu Yanke holds Rong Lei, seems to be very careful. From this subtle performance, we can see that she is very attentive to Rong Lei.

Rong Lei's body is very good, plus the use of the best medicine, so the wound has begun to heal, the old wound is also gradually recovering, looks a lot better, but he seems not used to and Xu Yan Ke so intimate appearance, face a little red, think of Rong Lei is a calm and deep man, actually will be shy for this kind of thing, is also very sad A happy thing.

"Everyone is here. Let's have dinner together."

Zhao Tongxin said hello to everyone, and then put the food on the table by herself. When she was with everyone, she didn't have any sense of identity superiority. She thought that all people were equal, so she could do it by herself.

But Shaoyuan didn't dare to think so. When they saw Zhao Tongxin, they were all flustered except Xu Yanke. They hurriedly came forward to help Zhao Tongxin. Shaoyuan also complained: "I said Tong Xin, you don't have to do this kind of rough work. If there is something unexpected, how can we explain it to the boss?"

"Spoon, I'm not disabled. How can there be any accident in such a small matter? Don't treat me as a delicate young lady, OK?"

Zhao Tongxin pretended to be angry, in fact, she also likes to be concerned about the feeling.

Shaoyuan grabs the tableware in Zhao Tong's heart. Rong Qi carefully holds her to the dining table and sits down. Xu Yanke quickly picks up everything, and then says to Zhao Tong with disdain: "cut, if you move so slowly, don't do these things."

"Xu Yanke, I regard this sentence as your concern for me. Is that ok?"

Now the atmosphere in this team is very good, so Zhao Tongxin is very generous to forgive Xu Yanke's disrespect. She knows that Xu Yanke only talks back to her when she is talking. In fact, she is more concerned about her in her heart. Otherwise, people will not help her with these small things because of Xu Yanke's personality.

"Don't be so amorous. I care about what you do. If it's not for the face of my unborn nephew, I don't care about you."

Xu Yanke said so, but his hand didn't stop. He soon arranged the table.

Zhao Tong heart faint smile, also don't care about Xu Yan, Hello everyone said: "all sit here, today there is no outsider, casual point is good."

"It's also necessary for you to say that it's food for us to come here."

Xu Yanke gives her a white look and takes the lead in helping Rong Lei sit down. Rong Lei takes advantage of this Kung Fu and whispers in her ear: "Yan Ke, don't always aim at Miss Tong Xin. It's not good."

"Well, I don't like her. Don't you let me tell you?"

Xu Yan didn't say a word, of course, the voice is very small, but she still seems to listen to Rong Lei's words, after sitting down, she won't speak.

Although their voices are not big, Zhao Tongxin hears them clearly. Looking at Xu Yanke's obedient daughter-in-law, he can't help laughing. Shaoyuan and Rong Qi naturally hear it. It's not funny, but with Zhao Tongxin as an example, they can't help laughing.

"Well, what are you laughing at?"

Xu Yanke stares at them and asks unhappily, but her face is red. Obviously, she knows what they are laughing at. She takes a shy look at Rong Lei around her, and sees that Rong Lei's face is no better than her. She's very embarrassed to make fun of everyone's kindness.

"Hello, Xu Yanke, you haven't married Rong Lei yet. You are so obedient. How can you get it in the future?"

Shaoyuan managed to stop laughing and said to Xu Yanke that she was sitting directly opposite Xu Yanke, so she saw Xu Yanke's shy expression in her eyes and couldn't help making fun of her.

"Eat your meal, who said I listen to Rong Lei's words, he has no qualification."

Although Xu Yanke said sternly, there was a lack of confidence in her voice. When she understood how important Rong Lei was in her heart, she was obedient to his opinions, which was unimaginable before, and only Huo Tingchen could do it, and she was willing to threaten Rong Lei with his terrorist means. It's just that she can't admit it in front of so many people. "Rong Qi, it seems that you have to change your tongue in the future. You should call it sister-in-law Xu Yanke."

Zhao Tong Xin also half jokingly to the side of Rongqi said, Rongqi is not good at words, but still smile a nod: "I think it should be."

"Hey, do you eat or not? Why are you always aiming at me? I'll be with Rong Lei. What can you do to

us?"

Xu Yanke said that she was not really angry, but just because of her character. In everyone's kind jokes, she could feel that these people were very concerned about her and Rong Lei, and suddenly she felt an unprecedented warmth in her heart.

The more she can't get something, the more she yearns for it. This is one of people's common characters. Naturally, Xu Yanke is no exception. She has always been short of other people's care, so she subconsciously wants to get more attention from others. When she gets it, it's impossible to say that she won't be moved.

"Xu Yanke, I sincerely wish you happiness forever."

Zhao Tongxin put away her smile and said to Xu Yanke seriously that she is a kind person. Kind people always hope that others can get the same happiness as themselves.

Chapter 513

Xu Yanke was stunned for a moment. She looked at Zhao Tongxin's sincere eyes. It seemed that a soft place in her heart was touched gently. Instead of fighting with Zhao Tongxin this time, she looked back at Zhao Tongxin with the same serious eyes and nodded slightly. After a long time, she gently opened her teeth: "thank you."

This is the first time that she said thank you to Zhao Tongxin, and also the first time that she took Zhao Tongxin seriously, because she can see that Zhao Tongxin's blessing to her is completely sincere.

At this moment, she completely put down all the enmity with Zhao Tongxin, because she has been moved by Zhao Tongxin's kindness.

"It's all a family. You're welcome."

Zhao Tong heart faint smile, very early Jin Zhengting has admitted the identity of Xu Yanke, so Xu Yanke for her is also his sister, although she is bigger than Zhao Tong heart.

"Zhao Tongxin, now I know why my brother loves you so much. You have a very special temperament. Really, if I were a man, maybe I would like you too."

Xu Yanke said very seriously, with a serious expression on her face, because she felt that this was the only way to respect Zhao Tongxin.

Zhao Tong Xin pursed a smile: "Yan Ke, you can't say that. If you are a man, what should Rong Lei do?"

"That is, we should not think about being a man in this life. As long as we women have a man who loves us, we will be satisfied in this life. I tell you, I have worked with Rong Lei for many years, and I can

guarantee his character. You should follow him, and I promise you will not regret and suffer losses."

Spoon garden is also on the side of the conversation, the dining table is full of unity and warm atmosphere, from this moment on, the team with Zhao Tongxin as the core is really integrated.

"You and Zhao Tongxin are both married, and they have met a good man. I'm not inferior to you. Of course, I have to find a good man."

Xu Yan laughingly said that she seldom smiles in front of people, but today her smile is very bright. Looking at Rong Lei around her, her eyes are full of sweetness.

Maybe even she didn't think that she would come together with Rong Lei. Maybe it was really fate. Two people who had no intersection, just before they passed each other, sparked love and gradually formed a prairie fire. This is something that no one can predict.

Rong Lei has been very quiet listening to their ridicule and laughter, and a faint smile appears on his face. He also takes a look at Xu Yanke. Although he doesn't know her very well, he is sure that he really has feelings for her. Now it's still early to talk about marriage, but as long as Xu Yanke is willing, he won't refuse.

After all, there is only one woman who is willing to take risks for himself. It can be seen that Xu Yan really falls in love with himself. Rong Lei is a responsible man. He will not say no to a person who loves him deeply.

Identity, the past and so on are not important, the important thing is that two people get along well when they are together, which is enough, so hearing everyone's blessing for them, Rong Lei also made up his mind to be together with Xu Yanke.

"Well, let's not make fun of Xu Yanke. Let's have dinner first."

Zhao Tong Xin said with a smile, her eyes are more and more gentle, happiness can infect each other, now all the people in the team are immersed in this kind of happiness, gradually condensed into a whole.

Lunch went on in a very pleasant atmosphere. Naturally, some of his staff came in to clean up the table. When everything was ready, Zhao Tongxin asked the spoon garden, "spoon, how are you getting ready for the opening ceremony?"

"There should be no problem. The managers of each branch will report the preparation work to me every day. So far, everything is going well and no mistakes have been found."

"Well, that's good. By the way, how's the company's advertising going?"

Zhao Tong Xin nodded his head and suddenly thought of Gu Chen. When she thought of him, her mood

became more complicated. Jin Zhengting said that Gu Chen was working for Huo Tingchen now. Although he had to do something for himself, it was also true to do something for Huo Tingchen, so Gu Chen should be her enemy.

However, thinking of his kindness to himself, Zhao Tongxin felt a little softhearted. Of course, she didn't still keep her old love for Gu Chen, but sometimes she was too kind and didn't want to blame others.

"The shooting was finished in the morning, and now the sample of the advertisement is being edited. It's estimated that it can be confirmed before the evening. Gu Chen is really good. The shooting of this group of advertising companies didn't spend a cent. From director to camera, all of them are the most professional people Gu Chen has found. In addition, he contacted several influential TV stations for us, and after the advertisement was edited, it will be broadcast circularly in prime time for one month. With his endorsement as the entertainment king and the company's vigorous publicity, the popularity of our chain restaurants will definitely grow in the next month. "

Speaking of Gu Chen, Shaoyuan is grateful from the heart. The company's financial situation is very tight now. Normally, it can't invite a big star like Gu Chen to be the spokesperson, let alone help the company do so many things, so her words are all praise of Gu Chen. Shaoyuan's saying this makes Zhao Tongxin's heart more contradictory. But looking at Shaoyuan and Rongqi, and even Xu Yanke, she shows her recognition of Gu Chen. She thinks it's necessary to say it. Now the company is in an extremely critical moment. She can't let anyone destroy the company, so she must eliminate all potential threats.

And there is also a very important point. Zhao Tongxin only loves Jin Zhengting in her heart. Therefore, in dealing with Gu Chen, she must show her position and let Jin Zhengting see her determination.

"Don't be cheated by the things Gu Chen does for the company. Zhengting told me last night that he is working for Huo Tingchen now, so you must be on guard against him."

Zhao Tong Xin frowned and thought for a long time, finally bit his lips, and said this sentence. At the same time, it also announced that she and Gu Chen, and the past two people's feelings were completely broken.

As soon as this remark came out, all the people present were shocked. Only Rong Lei didn't respond. He knew about it, because nothing happened in Jiangbin would hide it from him. As Jin Zhengting's assistant, he has been playing the role of Jin Zhengting's ears and eyes over the years.

The reason why Rong Lei didn't say it was explained by Jin Zhengting. Every time he came to the hospital, he would take some time to see Rong Lei. Last night, he told Rong Lei about it.

Rong Lei is now living in the hospital and is closer to Zhao Tongxin. Jin Zhengting tells him to keep an eye on Gu Chen. Jin Zhengting doesn't trust Zhao Tongxin, but because he is afraid that Gu Chen will hurt her under Huo Tingchen's coercion. In addition to this, Jin Zhengting doesn't let Rong Lei disclose this to anyone.

This is also the performance of Jin Zhengting's trust in Zhao Tongxin.

"Tong Xin, what you said is not true. If Gu Chen is Huo Tingchen's person, how can he help us?"

Spoon garden first raised a question, in her view, Gu Chen is Huo Tingchen's person, is simply incredible.

"It's true. I believe every word that Zhengting said. If he said that Gu Chen was working for Huo Tingchen, there would be no mistake. But don't doubt Gu Chen too much. He was only threatened by Huo Tingchen."

Zhao Tong Xin still defends for Gu Chen. She knows that Gu Chen agrees to Huo Tingchen for her safety. Zhao Tong Xin is too simple sometimes. She never thinks how strong a man's jealousy is.

"So what should we do? Don't we use his ads?"

Shaoyuan also believes Jin Zhengting's words, because boss never makes mistakes, which has long been popular among the employees of the group.

"It has nothing to do with advertising. I think you just need to be careful of him. It's between me and him. I just want to remind you that I will solve this problem."

Zhao Tong Xin ponders to say, she is still not willing to put Gu Chen into the enemy's list, so the words are also very euphemistic.

"Zhao Tongxin, you won't defend him just because he's your first love boyfriend. Don't forget your current identity. You'd better not do anything wrong to my brother."

Xu Yanke never talks through her head. Although she knows that Zhao Tongxin's affection for Jin Zhengting is impossible to make a connection with Gu Chen, she blurts out this sentence.

As soon as Zhao Tongxin's face changed, her gentle eyes soon shrouded in a layer of chill. She is a very gentle girl, true, but she also has her own bottom line. Her bottom line is that she can't doubt her feelings for Jin Zhengting.

"Miss Tong Xin, Yan didn't mean it. You know she often does it. It's not intentional."

Rong Lei sees Zhao Tongxin's displeasure and quickly apologizes for Xu Yanke. At the same time, he pulls down the corner of her dress at the table.

Xu Yanke also realized that she had said something wrong. Although she was very reluctant to bow to Zhao Tong, she was also very smart. When she thought about what she had just said, she knew how it hurt her heart. So she said, "Hey, I don't mean anything else. I just want to remind you. No, of course it's best."

Zhao Tong Xin's face soon recovered calm, she laughed: "it's OK, I can solemnly tell you that my feelings for Zhengting are single-minded, I admit that Gu Chen is my former lover, but that is also a few years ago, I now, in the future will only love Zhengting one person."

"Tong Xin, don't listen to Xu Yanke's nonsense. We all know what kind of person you are. We don't have to say that."

As her best friend, Shaoyuan still believes in Zhao Tongxin's character very much. She doesn't want everyone to misunderstand Zhao Tongxin and Gu Chen, so she stands up for her.

"I believe in Tong Xin, too."

Rong Qi simply said that she only needs to show her attitude, because she has always been like this. Saying a word means that she will stand by Zhao Tongxin.

"Thank you."

Zhao Tong looks at Shaoyuan and Rongqi gratefully. She likes the feeling of being trusted, just as Jin Zhengting gives her the largest company of the group without hesitation. "Hey, you don't have to stand in line so fast. In fact, I also believe in Zhao Tongxin's character. She won't do anything wrong to my brother. Just now I just said it casually."

Xu Yanke knows that what she said just now is too serious. She also likes the atmosphere in the team when dining. She also doesn't want to destroy the atmosphere, so she apologizes for the first time.

"I said Xu Yanke, you really should take good care of your mouth. Don't talk about everything. It's OK. It's just us. If there are outsiders, I don't know how to think."

Shaoyuan said to Xu Yanke that if it was normal, Xu Yanke would be angry, but this time she didn't have an extreme reaction. Instead, she nodded: "I know, I will pay attention to it in the future."

"It's OK. If you have anything to say in the future, there will be no misunderstanding. Our team must be united."

The misunderstanding is eliminated, and Zhao Tongxin's mood is better again.

Chapter 514

The most luxurious teahouse in Jiangbin.

It's time for tea in the afternoon. At this time of the day, it's already full. But today, the whole teahouse is very quiet and empty.

The two teams of luxury cars stopped in the parking lot under the teahouse and arrived here almost at

the same time. That's why there is no one in the teahouse now, because Jin Zhengting and Huo Tingchen are going to have tea together this afternoon. As both of them, they naturally need to clear the place.

When Jin Zhengting got off the bus, Huo Tingchen got off at the same time. They were not far away. They looked at each other and made a series of sparks.

The men of both sides stood behind their respective bosses, glaring at each other, putting their hands in their clothes and apparently carrying weapons with them.

"Mr. Jin, you are very punctual."

Huo Tingchen's Phoenix eyes flashed a ray of hatred, the corners of his mouth slightly pursed, with a gentleman's smile on his face, greeting Jin Zhengting who came across.

Jin Zhengting couldn't see any expression in his deep eyes, and his face was always calm and aloof. He said faintly: "each other."

Huo Tingchen glanced at the bodyguard behind Jin Zhengting and said with a smile, "Mr. Jin is really a big show today. He just had a cup of tea. Don't you need to bring so many people with him?"

He was secretly mocking Jin Zhengting for his lack of courage, and he had to take so many bodyguards in broad daylight. He selectively ignored many people standing behind him.

Jin Zhengting, of course, understood what he meant. He lit a cigarette, took a sip and said, "because my men are too idle, they came out with them."

Huo Tingchen's face immediately changed. He naturally recognized that Jin Zhengting was mocking the failure of his two actions. Because he lost the most elite men, Jin Zhengting's men had nothing to do.

He gave a dry smile, and the chill in his eyes became stronger. Every time he fought with Jin Zhengting, he always played the role of suffering losses, so he hated Jin Zhengting more deeply.

But even if Jin Zhengting stands in front of him, he can't do anything, because although he brings a lot of people, he is definitely not Jin Zhengting's opponents in terms of quality. What's more, no one can defeat Jin Zhengting in a positive way, so he can only endure it. After years of tempering, his mood is not immediately changed be out of control.

"Mr. Jin, no matter how many people you have, you haven't protected Miss Jin well. If I didn't protect her, maybe she would have come to the same end as the crew."

Of course, Huo Tingchen didn't want to suffer losses blindly. He turned his eyes a few times and used the fact that Jin Ying was in his hands to fight back against Jin Zhengting. At the same time, he secretly warned him that his sister was in his own hands, so it was better to be restrained in front of him.

With a faint smile, Jin Zhengting said, "Jin Ying is an adult, so she doesn't need other people's protection. It's you. In the future, you should pay more attention to the Treasury. Otherwise, it will be bad for a large amount of money to fall into other people's hands."

Huo Tingchen's pupils suddenly contracted. He could see that Jin Zhengting would not give way in his attitude. Maybe if he took out Jin Ying to threaten Jin Zhengting, it would not have any effect. No wonder Jin Ying would betray him.

In fact, he misunderstood Jin Zhengting. Jin Zhengting is very concerned about Jin Ying's safety, but the two sides have just entered the primary stage of negotiation, so it is impossible to show their cards to the other side.

"Mr. Jin, let's go in and have a chat."

Now that both sides have shown each other the cards in their hands, Huo Tingchen feels that there is no need to fight again, so he politely raises his hand and makes a gesture of please. Even though he hates Jin Zhengting in his heart and wants to break him to pieces immediately, on the surface, he is a gentleman to the letter.

Jin Zhengting turned to his subordinates and said, "you wait for me here. If someone provokes you, you don't need to be polite."

This is the best response to Huo Tingchen's ridicule that he has no courage, because he dares not to bring one of his subordinates in. This domineering spirit can not be achieved by everyone.

The bodyguards were stunned for a moment. They were very loyal to Jin Zhengting. Everyone was worried about the boss's safety, but since the boss had given the order, they had to carry it out.

However, they also adore the boss. With Jin Zhengting's skill, few people in the world can threaten him.

So the bodyguards bowed slightly: "yes, boss."

Huo Tingchen's pupils contracted again. He could see that Jin Zhengting was not acting. Jin Zhengting dared to walk into the teahouse alone, which showed that he was very confident in his own strength.

This should be an opportunity. If he brings people in, even if Jin Zhengting is more powerful, he will have a chance to kill him on the spot. But there are so many eyes looking at him. If he wants to do this, let alone Jin Zhengting's subordinates, they may even look down on him.

So Huo Tingchen could only resist the impulse to kill Jin Zhengting immediately, and said to his subordinates behind him, "you also stay."

"Yes, boss."

His subordinates were all left behind after two operations. They knew that a lot of people had been lost in the organization in the past two days, and they were all done by Jin Zhengting, the opposite. After hearing Huo Tingchen's order, they could not help but breathe a sigh of relief, and their voice was very loud. After all, there was no big difference between confronting Jin Zhengting and sending him to death. Huo Tingchen's face is not good-looking, because the reaction of these men is too humiliating. Even if Jin Zhengting and his bodyguards didn't say anything, the disdain and sarcastic expression on his face is really dazzling.

He glared at his subordinates and walked into the teahouse side by side with Jin Zhengting.

As soon as they entered the door, the waiters who had been waiting for a long time immediately called the two most popular figures in Jiangbin city and arranged them into the most luxurious rooms of the teahouse.

After they sat down, Huo Tingchen picked up the tea cup and said with a smile, "Mr. Jin, this is the first time I have talked with you alone in my impression, so I'll take tea instead of wine. Here's to you."

Jin Zhengting sat upright with his hands on the table. He didn't move. He didn't even look at Huo Tingchen.

Huo Tingchen's face became a little ugly, but his voice was still calm and asked, "why, Jin always doesn't want to give me such face?"

Jin Zhengting just took a look at him and said faintly, "I never drink to two kinds of people."

"Oh?"

Huo Tingchen seemed very interested and asked, "which two kinds of people are they?"

Jin Zhengting took a look at Huo Tingchen: "the first is my defeated generals, and the second is my enemies. You have both of these qualities."

Huo Tingchen suddenly put down his glass and let out a bang, his face completely changed: "Jin Zhengting, you are too arrogant."

"I deserve it."

Jin Zhengting's face is still calm, light said: "I'm not here to talk nonsense with you today, if you want to fight, I can accompany you at any time."

Huo Tingchen's eyes turned a few times, and suddenly showed a smile: "Mr. Jin, it's my bad temper, so please forgive me."

"Come on, your terms."

Jin Zhengting had no interest in Huo Tingchen's hypocritical apology. He said faintly, but his eyes became sharp. This is his concentrated expression, because the negotiation on the exchange of the fund with Jin Ying has officially started from now on.

"what I am not important is mainly to see Miss Jin's position in Jin Zong's mind." Jin always thinks Miss Jin is worth what price. Then she will value it. I respect the habit of Jin, and everything has the final say.

Jin Zhengting did not show his cards at all, so Huo Tingchen would not rashly take out his cards, so he kicked the ball back to Jin Zhengting.

Jin Zhengting raised his wrist and looked at his watch. He didn't want to waste time on this matter, so he said straight to the point: "900 million."

"No, Mr. Jin, the number is not right. Last night, your subordinates suddenly attacked the Finance Department of our united group and robbed 1.1 billion yuan of cash. Is it a little less if they only took out 900 million yuan?"

Huo Tingchen was absolutely dissatisfied with Jin Zhengting's offer, so he shook his head and refused. This was also in his expectation, because Jin Zhengting could not show his cards all at once. In the final analysis, they are all businessmen, and their bargaining power has been perfected for a long time.

"How much do you want?"

Jin Zhengting has always been a very calm expression, as if nothing in the world will cause him emotional changes.

"Your subordinates have killed many of our subordinates. In addition to the damage to the group, at least \$1.5 billion can be regarded as compensation to our group. Of course, I don't want this alone, and Miss Cheng mobing's share."

Huo Tingchen is also going to open his mouth to the lion, because he knows that Jin Zhengting can't agree. His bottom line is to get back the money he stole from Shaoyuan last night. In fact, he wants to send Jin Ying back to Jin's house more than anyone else, but he can't show it too clearly. Otherwise, with Jin Zhengting's intelligence, he will think of something strange.

And he must take Cheng mobing with him, because he is not stupid. He can't only accept Jin Zhengting's anger.

"No way."

Jin Zhengting refused without thinking about it. He has been watching Huo Tingchen's expression secretly. He can see that Huo Tingchen's asking price is not his psychological price. If Huo Tingchen really wants so much, his expression should be a little nervous now, but now he is very calm, which shows that

he just wants to raise the price and strive for it as much as possible.

It's not that he doesn't worry about Jin Ying's safety, it's a very profound negotiation skill. The more he shows indifference to the hostages, the lower the price of redeeming Jin Ying.

"No, Mr. Jin should think it over. If you don't agree, maybe Miss Jin will suffer a lot."

Huo Tingchen's face showed a trace of ferocity. He was deliberately bluffing Jin Zhengting. Maybe Jin Zhengting would compromise because of his brother and sister's affection.

But he didn't know that Jin Zhengting's dictionary never contained the word compromise, some of which were just fighting for it.

"If Jin Ying has a scar on her body, I will reduce the capital by 100 million. Huo Tingchen, if you don't want to get that capital, you can do whatever you want."

Jin Zhengting's eyes are calm and firm. Everyone knows that he is a man who does what he says.

Huo Tingchen's Phoenix eyes flashed an imperceptible cunning: "well, since I have known Mr. Jin for so many years, I naturally want to give Mr. Jin face. In this way, I can reduce 200 million, 1.3 billion." His move is to retreat. It seems that the ransom is cheaper by 200 million, but he has suffered a loss. In fact, it is much higher than what he expected in his heart, so he is still the one who takes advantage of it.

This little trick naturally can't hide Jin Zhengting's eyes. He sneered: "Huo Tingchen, I still refuse."

"I'm sorry, Mr. Jin doesn't agree. I have no choice but to send Miss Jin to another world."

Huo Tingchen began to threaten. In this negotiation, it seems that he is the one who has the upper hand. Therefore, when he saw Jin Zhengting's arrogance, he always felt very upset, so the threatening language almost didn't go through his brain and blurted out directly.

Jin Zhengting snorted faintly: "it doesn't matter. If you and all your subordinates are buried with you, I don't think Jin Ying will be alone."

This is his strongest response to Huo Tingchen's threat to Jin Ying.

Chapter 515

Huo Tingchen's unnatural smile: "Mr. Jin, now your sister is in my hand, so you'd better not be too arrogant."

Jin Zhengting also smiles: "if you don't have a request, will you let Jin Ying live to now? So you're begging me. "

Huo Tingchen said with a sneer: "Mr. Jin, you are really a very powerful role, which is very similar to me. If it wasn't for the hatred between you and my family, maybe we would become very good friends, but this time you can't fight me. Although you have always been indifferent to Jin Ying, as you said, if you don't care at all, you don't care I will come to talk with you, so I am still the one who has the upper hand in this negotiation. "

Jin Zhengting's face was very calm, and he didn't comment on what Huo Tingchen said. He said faintly: "I won't make friends with you, no matter when, because I still have human nature, which is why I came here to talk with you. Of course, you can use Jin Ying to threaten me, but I promise you, you won't get anything except you should take it The ones we got

He felt that it was time to show his cards, so he hinted that Huo Tingchen could only get the money, and he would not talk about anything else.

Huo Tingchen's eyes flashed an imperceptible glow. He had arranged it in advance. Jin Ying was in his car now, and through the eavesdropping system he was carrying, they should have heard their conversation clearly.

This is his design of Jin Zhengting. The purpose is to make Jin Ying even more disappointed with Jin Zhengting. That is to prove that Jin Ying is not important in Jin Zhengting's mind. He believes that with Jin Ying's sensitivity, he will be cold hearted to Jin Zhengting after hearing these words.

As long as Jin Ying has a closer relationship with herself, it will be of great benefit to overthrow the Jin family in the future.

Naturally, Jin Zhengting doesn't know about this relationship. He is just trying to turn the situation around in the negotiation. After all, Jin Ying is in Huo Tingchen's hands, and he is on the passive side.

"Well, it's cool enough, Mr. Jin. As long as you return the money you robbed last night, I can let Miss Jin go home."

Now that Jin Zhengting has played his own card, Huo Tingchen doesn't think it's meaningful to entangle. This time, his main purpose is to send Jin Ying back for a legitimate reason. As for Cheng mobing's fund, it's really dispensable, because there will be a batch of arms on shore tonight. With this money, the fund will not be a problem, The reason why he insisted on collecting the money was to prevent Jin Zhengting from suspecting him.

"Billion, that's my bottom line. If you don't accept it, this negotiation will be over."

Jin Zhengting said faintly, it seems that he is the one who occupies the absolute initiative, no matter from which aspect he appears to be very overbearing.

Originally, Huo Tingchen wanted to agree with Jin Zhengting, but he just couldn't stand Jin Zhengting's temperament of commanding the world. In fact, he wanted to have such temperament more than

anyone else, but Jin Zhengting beat him everywhere, which made his heart very unbalanced.

"Mr. Jin, I can't promise you that we have lost 1.1 billion yuan and we have to exchange all the cash completely."

He didn't give up and didn't think about other issues. He just wanted to fight for face in front of Jin Zhengting. This is the weakness of Huo Tingchen mentioned by Jin Ying. At the critical moment, he was too easily influenced by his own emotions.

"I never repeat my words a second time."

Jin Zhengting stood up and seemed to have no longer the nature of continuing negotiations. He might leave at any time.

Huo Tingchen suddenly calms down. If Jin Zhengting leaves, it will be very difficult for Jin Ying to return to Jin's home immediately, and her role will be much smaller.

In fact, Jin Zhengting at this time only calculated that Huo Tingchen wanted more from him. That's why he did this. Both sides were fighting with each other in their own calculations.

"Mr. Jin, you are too anxious. It's only 100 million. We can discuss it."

Huo Tingchen smiles again. He decides to obey Jin Zhengting because he really can't bear Jin Ying's good card.

"One billion, one hand for money, one hand for people."

Jin Zhengting said faintly that the negotiation looked very smooth. Huo Tingchen got what he wanted, so Jin Ying will be free soon.

Huo Tingchen is also very happy. If she returns Jin Ying to Jin's family through negotiation, she will not be suspected, and she can become her ace undercover agent.

"Miss Jin is in my car. I wonder if Jin always has cash with her?"

Huo Tingchen sipped a cup of tea and asked with a smile.

Jin Zhengting laughed: "no, but I will give it back to you in another way."

This is what he has planned, and it is also the second stage of the negotiation. He also wants to maximize the benefits he gets, not only to bring back Jin Ying, but also to leave the money. After all, it was taken back by long Jiu and Rong Qi at the risk of their lives, and he will never give it to others easily. "Oh? How does Mr. Jin plan to give it to me? "

Huo Tingchen asked with great interest. He had heard something in Jin Zhengting's words, so he wanted to know what Jin Zhengting thought.

"I've got the news that there is a shipment from Europe to be disembarked at Jiangbi wharf tonight. I think the value of that shipment is at least more than 2 billion."

Jin Zhengting suddenly said something that didn't seem to have anything to do with the negotiation, but Huo Tingchen's pupil suddenly shrunk. The arms business is the core interest of his group at present. Jin Zhengting's accurate description of the time and place of the arms trade only shows that Jin Zhengting has been monitoring his arms business.

"Why, Jin always wants to send someone to move my goods? Don't blame me for not warning Mr. Jin. If I were you, I would not have thought about that batch of goods. "

Huo Tingchen was surprised, but he was very happy. When Xu Zheng thought about this problem last night, he just said it casually. He didn't expect that Jin Zhengting really wanted to use those weapons, so that his crazy plan could be implemented smoothly.

But he was afraid that Jin Zhengting would not take the bait, so he deliberately provoked Jin Zhengting and bit by bit lured him to move the ammunition. He had to send someone to hide and find a suitable opportunity to detonate it. If he was lucky, even Jin Zhengting would not be spared.

"In the past two days, your men have been completely lost. The wharf lacks the necessary guards. People with a little intelligence will not let go of your goods as long as they have my strength. But I don't think you are so stupid. Since you can't keep it, just don't keep it. Just send someone to detonate the goods at any time. No matter who you are, you won't have too much money A good ending. "

Jin Zhengting's eyes with a trace of ironic smile, looking at Huo Tingchen light broke his plan.

Huo Tingchen's face really changed. He looked at Jin Zhengting in surprise. He really didn't understand why he was so smart. He always had the ability to guess things that ordinary people would never think of.

"Since Mr. Jin doesn't have the guts, why should he say that this batch of goods is the money you gave me back?"

Huo Tingchen found Jin Zhengting's language defect and asked with slight disdain.

"You can detonate weapons, of course I can. Don't use those high-level people to crush me. If I send someone to detonate your goods, I promise that even the high-level can't find any evidence, but I'm afraid your arms business will come to an end at that time."

Jin Zhengting said faintly that it sounds like he is exerting pressure on Huo Tingchen. It is also to let Huo Tingchen see his strong strength. What's more, it is to let Huo Tingchen remember that he is not so easy

to deceive.

Huo Tingchen's plan had failed before he put it into action again. He felt that a nameless anger was burning in his heart, but now it's not easy to attack. Although his skill is still good, compared with Jin Zhengting, he just can't see enough.

"Mr. Jin, I don't think you'll do that. I've heard that you've always been aboveboard. You've never heard of anything that plays tricks behind your back."

No one can imagine that Huo Tingchen even complimented Jin Zhengting. The main reason is that the arms business is his lifeblood. If Jin Zhengting really moved his arms, he would be very upset when he was in the United Group against Cheng mobing and Xu Zheng.

"To deal with what kind of people, we have to use what kind of means. I think we can also use dirty means to deal with you."

Jin Zhengting says that he doesn't like Huo Tingchen. Even because of Zhao Tongxin's foster mother and children, he has a hatred for Huo Tingchen. That's why he is targeting Huo Tingchen everywhere for a period of time.

"Mr. Jin, you win. As long as you don't move my goods, I promise Miss Jin will go back safely. I also hope you don't force me. If I detonate this batch of weapons, you won't have good fruit either. So why should we hurt each other?"

Huo Tingchen's face slightly changed and said that he knew that if he threatened Jin Zhengting at this time, it would cause him the most fierce resistance. He was also a very smart man. When he saw the situation, he chose to step back again. However, Jin Zhengting had already touched his details, so he would not give in too much.

"So I won't move your goods. If you put Jin Ying back, we don't owe each other."

Jin Zhengting said faintly that the negotiation has been successful. He can see that Huo Tingchen has been moved. This is because Jin Zhengting has used the gap between the two sides of the United Group. Huo Tingchen naturally hopes that Cheng mobing will grow up. After all, he has been united, which is very helpful to his business.

But at the same time, he doesn't want Cheng mobing to grow up. She is a very smart woman, and there is a resourceful Xu Zheng around her. The two people really join hands, supplemented by huge funds as a guarantee. After Jin Zhengting is defeated by both sides, there will be a strong challenge to his position.

This is the last thing Huo Tingchen wants to see. Even if he can beat Jin Zhengting, he will lose his vitality, which gives Cheng mobing and Xu Zheng the chance to seize power. Therefore, he is trying to limit their development on the premise of ensuring that Cheng mobing can become the most stable

revenue and expenditure point of the group, so that when they fight back in the future, they will not even have the ability to fight.

"Well, I promise you, I hope Jin is always a man who does what he says."

Huo Tingchen also chose to compromise, so that the negotiation process became very smooth.

Jin Zhengting saw that Huo Tingchen agreed without hesitation. He had a strange look in his eyes, but he still kept calm on his face.

"Well, tonight, we'll choose a place that both sides can trust to exchange."

Jin Zhengting said a word, and then left without looking back. No matter where he went, he would leave as long as he wanted to, and there was no need to accommodate anyone's feelings.

It's a habit of him. It's just that Jin Zhengting is more willful. But it's not a problem at all. Only people with absolute strength can have such willfulness.

After the negotiation, Jin Zhengting and Huo Tingchen took what they needed and basically met their psychological bottom line.

"Jin Ying, the future depends on you. Don't let me down."

Watching Jin Zhengting leave, Huo Tingchen's face became ugly.

Chapter 516

Tianhong Group President Office.

Huo Tingchen's face is very gloomy. Since he came back from the negotiation with Jin Zhengting, his mood has been uncertain.

Cheng mobing and Xu Zheng looked at each other. Xu Zheng asked: "Mr. Huo, don't be angry. The money has been in Jin Zhengting's hands. I don't think he will return it again. As long as he promises not to move the arms, at least we still have the start-up funds, and we still have the hope of turning over."

Xu Zheng is also worried about the failure of this negotiation, but he is still calm. From the overall situation, as long as he keeps that batch of arms, he can exchange a lot of money, or he can compete with Jin Zhengting. As for the money, it can be said that it is Cheng mobing's personal property. No matter what the purpose, he is not particularly concerned.

Although Cheng mobing is very distressed, she is in the same boat with Huo Tingchen now, so she can only consider the overall situation. From the beginning, she did not expect to get the money back, but she did not know whether Huo Tingchen would swallow her assets when she was most vulnerable.

"You are right. We have just started this game. Miss Cheng, don't be nervous. We are under the same roof now, so I won't have any idea about your group. At this time, we can't be suspicious of each other, otherwise we will be defeated one by one by Jin Zhengting."

Huo Tingchen said to Cheng mobing with a smile that he didn't take the opportunity to annex Cheng mobing group, but after careful consideration, it's not worth the loss. Cheng mobing is not a simple role. If he does this, it will cause her strongest resistance.

Then the most direct consequence is that the alliance that has just formed can compete with Jin Zhengting will collapse immediately, and dealing with Cheng mobing will also hurt his vitality, so that he can no longer compete with Jin Zhengting.

More importantly, the enemy of the enemy is his friend. He and Cheng mobing have the same interests, that is, to deal with the Jin family, so these factors make their alliance relatively stable.

"I have never doubted the sincerity of general manager Huo."

Cheng Mo Bing reluctantly squeezed out a smile and replied with a smile. Of course, this sentence is a lie, because from the first cooperation between the two sides to now, she has been on guard against Huo Tingchen all the time, just like he is on guard against himself at any time. People like them can never completely believe in a person, they only believe in themselves.

"Today's negotiation is my fault, but Jin Zhengting has an absolute advantage in Jiangbin. I have to consider the overall situation, so I can only aggrieve you."

Huo Tingchen seems to sincerely apologize. In fact, he doesn't want to be so angry on the surface. His anger is mostly due to Jin Zhengting's domineering attitude. In fact, the current situation is the best for him.

His purpose is to place Jin Ying in Jin Zhengting's side as soon as possible, so he needs a reason that won't arouse anyone's suspicion. Now he has sufficient reasons, because Jin Zhengting is also in charge of his arms business, so it's an exchange of equal value. In this way, no one doubts that he deliberately wanted to let Jin Ying go.

Secondly, Jin Zhengting sent people to rob Cheng mobing of a large amount of money, which greatly weakened the competitiveness of Cheng mobing group. Although the two sides are now close cooperation, and even set up a joint group, he is very clear in his heart that the day when Jin Zhengting will be defeated, that is, when he and Cheng mobing turn over, even Xu Zheng may be the enemy of himself .

Huo Tingchen has seen Xu Zheng and Cheng mobing clearly. They are hard to be inferior to others because they have a great ambition no less than their own.

This also means that sooner or later, they will become their strong competitors, and even their mortal enemies. Huo Tingchen has a long-term vision. He has seen this, so now Cheng mobing has suffered a lot. It seems that United Group has suffered a loss, but for him, it is not a bad thing.

"No, Mr. Huo is right. As far as my fund is concerned, the most important thing is the ammunition that is about to go ashore. The value of this batch of ammunition is directly related to our next action."

Cheng mobing pretends to be generous and says that she doesn't know that Huo Tingchen did it on purpose, but now she has to maintain the League status, so she can only swallow her anger. However, she is not a woman who is easy to get into trouble. She has secretly vowed in her heart that if she has a chance, she will return Huo Tingchen what she has suffered today.

"I don't want to call you here to say these things have happened. It's doomed to be meaningless to discuss them again. There are still five days to go before Zhao Tongxin's company opens. I'm afraid the financial resources of the group can't stop it. Even there is no capital to open a company that can compete with her in the catering industry Our company will be our future trouble sooner or later. "

Huo Tingchen's fingers gently tapped on the table. He pondered that what he started to think about now was the commercial war with Jin Zhengting. For the first time, he and Cheng mobing joined hands to seize the jewelry market, but they also fell into the mire caused by themselves. As a result, they had both advantages and disadvantages, and basically got a draw with Jin Zhengting. But when they confronted Jin Zhengting, Zhao Tongxin quietly changed his business to catering industry. Although the former jewelry company was embarrassed by Xu Ting's company for a period of time, fundamentally speaking, he did not suffer much loss.

Zhao Tongxin's decisiveness and competence in the business war left a deep impression on Huo Tingchen, but also sounded the alarm for him. He always thought that Zhao Tongxin was just a girl of civilian origin. Jin Zhengting valued Zhao Tongxin only because she was similar to Xu Yanke in appearance. At best, she was a vase, but what he didn't expect was that she was better than he thought. To be more useful, the rapid transfer fully shows her talent in business.

Therefore, Huo Tingchen now pays special attention to Zhao Tongxin. His IQ is very high, and he can foresee that Zhao Tongxin is likely to become the winner in this business war. He has to guard against this.

"Mr. Huo, I think you'd better not invest in the catering industry."

Xu Zheng pondered for a while, raised his head and said: "you and I all know the situation of Jiangbin very well. The catering industry has always been monopolized by Yang Group, and other people can't get involved at all. If it wasn't for Yang ziye and Jin Zhengting, then Zhao Tongxin is unlikely to get involved in the catering industry. If we invest rashly, the most likely consequence is that we will lose everything
。 ”

There is nothing wrong with what he said. There are many catering groups in Jiangbin, but none of them

can compete with Yang ziye's Yang Group. The Yang family has been operating catering all these years, and it can be said that there is no rival in this industry.

Huo Tingchen frowned and nodded: "it's true. I've been in Jiangbin for so many years, and I still know something about the Yang Group. But we can't let Zhao Tongxin grow up. In the future, it will be a big trouble for us."

Has been silent Xu Ting suddenly said: "Mr. Huo, I thought of a way."

With this sentence, he shut up, and then blinked innocent eyes at Huo Tingchen, and his face became red. If everyone didn't already know what Xu Ting was, she would be cheated by her coy appearance.

"Come on, don't play it off. Today is the internal meeting of our group. You can speak freely."

Huo Tingchen says with a smile that he is quite satisfied with Xu Ting. Her purpose is very simple, that is to get Zhao Tongxin, and then get Jin Zhengting. Although she is a very scheming woman, Huo Tingchen doesn't care because she has no ambition. Scheming doesn't mean that she knows much about things in the business field. In fact, she can only be a rookie, So it's very convenient for him to control Xu Ting, and Xu Ting is Xu Zheng's cousin. Xu Zheng always has a love sister complex, so at a critical moment, Xu Ting may become a means to threaten Xu Zheng.

Therefore, Huo Tingchen thinks that Xu Ting is still very important, and his attitude towards her will naturally be much better. Even if he is innocent of Xu Ting's deep-rooted performance, he feels disgusted in his heart.

"We can poison her restaurant and ask the newspapers and TV stations to report the incident. Then her catering company will soon be discredited. At that time, even the young group may be involved. At that time, we will inject capital into the catering industry to replace the young group."

Xu Ting blinked her innocent eyes and said that her face always showed a delicate expression, but everyone saw the sinister and ferocious streak in her eyes.

"It's also a way, but it's hard to shake Zhao Tongxin's company fundamentally just by relying on it."

Xu Zhengxian affirmed his cousin's stratagem, and then expressed his reservation about the consequences. Although he is now fighting with Cheng mobing, he still keeps a consistent love for Xu Ting.

Huo Tingchen's eyes brightened: "this is a good idea, and Xu Zheng is right. One or two people's poisoning will not affect Zhao Tongxin. But if hundreds of people are poisoned, even with Jin Zhengting's influence, it is impossible to cover up this matter."

"Hundreds of people?"

Xu Ting is stunned. Although she is the most vicious woman, she is also extremely jealous of Zhao Tong's heart, but she has not yet reached Huo Tingchen's vicious point, so when she heard that Huo Tingchen was going to poison hundreds of people, she could not help but be shocked by the idea.

"Mr. Huo, we can't make a big deal about it. Don't forget that there are high-level officials above us. If it's a big deal, it won't be good for everyone if the high-level officials intervene in our fight with the Jin family."

As a company with a rich family, Xu Zheng naturally understands the rules, so he is deeply worried about Huo Tingchen's plan.

"Xu Zheng is right. We shouldn't make too much noise unless we can cover up this matter. However, with such a developed media, it's almost impossible to achieve this. If the senior management interferes in this matter and finds that it's us who do it, we can foresee our end."

Cheng Mo Bing also began to persuade, she also knows the stakes, if the high-level intervention, any rich family is difficult to resist.

"Don't worry, even if the high-level to intervene, they can't find our head."Huo Tingchen cold smile, a perfect plan has been formed in his brain, but this thing is difficult to implement, need to wait for the opportunity, but also need the consent of that person.

"Brother, since Zhao Tongxin has sent us an invitation, I think we should go to the opening ceremony of her company anyway?"

Long Jiu's eyes are shining with excitement. Now she wants to make a scene at the opening ceremony of Zhao Tongxin company.

"No, we are going, but not to destroy, but to sincerely congratulate her, never to cause anything."

Huo Tingchen waved his hand and denied long Jiu's idea.

Dragon nine one face doubts of ask: "elder brother, why?"

Huo Tingchen said with a smile: "before the gambling stone meeting, we'd better not provoke Jin Zhengting. We should wait until after the gambling stone meeting for all the enmity."

Chapter 517

Jiangbin hospital.

Jin Zhengting takes Zhao Tongxin by the hand and walks in the exclusive small park of the hospital.

It's afternoon now, and the red sunset is hanging in the sky, which gives the buildings and trees a warm

red halo.

"Zhengting, will Huo Tingchen really let Xiaoying go?"

Although Zhao Tongxin likes to be led for a walk like this, his interest today is obviously not high, because Jin Zhengting has been back for several hours, and there is no news about Jin Ying, so he will inevitably be worried.

"He will. Tonight, he has a batch of ammunition related to the group's working capital on the dock. I told him very clearly that if he doesn't let Xiaoying go, I will make him not get this batch of ammunition. He should know that I am a man who does what I say."

Jin Zhengting said faintly that he was very confident that Huo Tingchen would release people. Now the business war between the two sides is gradually beginning. He naturally knows very well what the revenue of this batch of arms means to Huo Tingchen group. If Jin Zhengting is a very indifferent person, he will give up Jin Ying and directly destroy that batch of arms. In this way, Huo Tingchen's subsequent capital invasion will be more difficult. Now it's time.

But although Jin Zhengting is a very cold person, he is not indifferent. He won't do anything that he doesn't recognize because he wants to defeat an opponent.

"There's no news so far. It's really worrying."

Zhao Tong sighs. She and Jin Ying have never been friends, but because of Jin Zhengting's relationship, they naturally regard her as their family.

"Before dark, Huo Tingchen will release people."

Jin Zhengting said faintly that his words made Zhao Tong feel at ease. Facts have proved that Jin Zhengting made no mistakes in his judgment of anything.

As they walked, the two men said that they sat down in a small pavilion, forming a vacuum around them. Now is an extraordinary period. Jin Zhengting's bodyguards have adjusted their defense level to the highest level. No one can get close to the boss and Miss Zhao Tongxin within a radius of 50 meters, which also creates a small space for them to be alone.

"Zhengting, I'll be discharged tomorrow. I'm really looking forward to it. I've been worried about the company's business for several days. I'm going to start business soon. There must be a lot of things waiting for me to deal with."

Zhao Tongxin nestled up to Jin Zhengting and said in a gentle tone.

Jin Zhengting reached out and gently stroked her hair, saying, "why do you have to work so hard? You don't have to."

Zhao Tong Xin's mind is very clear, and he is also very keen to feel that if time passes, with her talent, she will soon become an elite in the business world. However, thinking of the way she is busy for the company every day, he feels a little reluctant.

Zhao Tongxin stroked his stomach with one hand, and his eyes became gentle gradually: "during our years together, I have known how much you spoil me, but I also want to have my own career, which can help you in the face of difficulties. I am a woman of civilian origin, so I can only use your company to accumulate capital first, although there is no significant change now But I think I still have too little experience to let Huo Tingchen seize the jewelry market, but I will win back in the catering industry. "

Jin Zhengting's deep eyes flashed soft light. He took Zhao Tongxin into his arms: "mine is yours, so don't have that idea."

"Zhengting, let me explore slowly and make the company bigger, otherwise I won't feel at ease."

Zhao Tongxin stubbornly said that she has a deep obsession on this issue. Probably since the last stock market crisis, she has been determined to make herself strong and help Jin Zhengting when necessary.

Because the feeling of being able to go through the crisis side by side with him is really wonderful and indescribable.

"Well, I promise you."

Jin Zhengting stroked her back, and her eyes were full of doting expression.

"But this time your cooperation with ziye should have attracted Huo Tingchen's attention. I think he will make some moves soon. If I guess correctly, he is likely to set up his catering company after the gambling Stone Fair and continue to maintain a highly competitive situation with you."

Zhao Tong heart faint smile for a while: "since he wants to come and compete with me, although to good, this can not last so easy."

Looking at her pretty face full of confidence, Jin Zhengting's eyes became more gentle: "Oh? You seem very confident. "

Zhao Tong Xin blinked his bright eyes, gazed at Jin Zhengting, and said, "you taught me that if a person doesn't have a little self-confidence, he won't succeed in anything. I remember every word you said. How, am I very smart?"

"It's not just this. It's probably because you have integrated Xu Yanke, Shaoyuan and Rongqi together. I think you should have confidence in your team."

Jin Zhengting's eyes twinkle with wisdom. He is born with keen insight. Few things can be concealed

from his eyes.

"Ah, how do you know? Is it Shaoyuan or Rongqi who informs?" Zhao Tongxin was surprised to cover her mouth and said that she didn't expect Jin Zhengting to guess so accurately. In fact, she was confident to say this because she completely solved the internal unity problem of the team today. After all, every member of her team can play an independent role.

"No, I feel it. Tong Xin, your feelings are also very sharp, so you can make more use of your own feelings."

Jin Zhengting said lightly and gave her a kiss on her pretty face. It was an unconscious action, because her side face looked perfect, just like a flawless work of art. He was already immersed in it and couldn't extricate himself.

Zhao Tong lowered her head with a little shyness. Although she was used to his casual show of love in public, there was no one here, but she knew that there were at least twenty pairs of eyes looking at them in a hidden place.

Of course, these people are the bodyguards of Jin Zhengting.

"It's not good that so many people are watching."

Her face flushed and whispered in Jin Zhengting's ear.

Jin Zhengting raised his mouth and showed a charming smile, but his tone was overbearing: "you are my wife. When do I want to kiss you, do I need other people's consent?"

"Or I'll be out of the hospital tonight."

Zhao Tong said shyly that she had begun to miss the warm bedroom she shared with Jin Zhengting.

Jin Zhengting was stunned for a moment. This was the first time he heard Zhao Tong's most straightforward hint, but he soon showed a smile on his face. He could understand this feeling.

When a woman fully accepts a man, she will put down a lot of so-called reserve and have each other.

Jin Zhengting thought about it and said, "well, grandma is worried about you these two days. She will have a check later. If there is no problem, we will go home tonight."

"Well, actually the reason I want to go home is because I miss you."

Zhao Tong heart lying in his ear, with a very slight but the world's most moving voice said.

The eternal chill in Jin Zhengting's eyes melted and turned into a kind of heat. He suddenly picked up

Zhao Tongxin in his arms and went straight to the parking lot. No matter what he did, he was so overbearing that he decided that he didn't need to discuss with anyone in the future.

Zhao Tong's heart let out a cry, and then buried his face in his arms, in full view of the public to make such a loving action, even if Zhao Tong's heart to his love again strong, also a little can't let go.

"Inform Shaoyuan and Rongqi to go to Jin's villa tonight."

When passing by a bush, Jin Zhengting said faintly that every bodyguard could not hide his hidden position from him.

There was a movement in the Bush, and a voice immediately came out: "yes, boss."

"Tong Xin, let's go home."

Jin Zhengting orders the bodyguard, lowers his head, stares at Zhao Tongxin, and says with gentle eyes.

"Well."

Zhao Tong heart whispered response, her voice is full of sweet, holding his man, will always conform to their own mind.

In the ward, Xu Yanke looks at Jin Zhengting holding Zhao Tong in his arms and gets on the car. He is slightly in a daze, with a trace of envy in his eyes.

She is not envious of Jin Zhengting's affection for Zhao Tongxin, but envies that they can go home. Although Jin Zhengting has admitted her, she has never gone back as the second miss of the Jin family.

It's not that Xu Yan doesn't want to go back, but she doesn't know how to face the Jin family. She used to be Jin Zhengting's girlfriend, but now she is his sister. When she faces her grandmother and parents, she always feels embarrassed.

"Yan Ke, do you want to go home?"

Now Rong Lei has been able to move for a short time. He has to say that his physical fitness is very good. He looks out of the window and understands why Xu Yanke is in a daze.

"What's the difference between going home or not? I've never had a home for more than 20 years. I'm used to it."

Xu Yanke said, her voice with unspeakable sadness, let Rong Lei heart bursts of pain, he wanted to give Xu Yanke a comfort hug, but think of two people's communication time is not long, make so intimate action is not good, so had to extend his hand gently patted her shoulder.

"The boss has already admitted you. I know the boss. As long as he admits your identity, you can go home at any time."

"But I don't know how to face those family members. You know, I've never had a family member, and I don't know what it's like. I'm a little afraid."

Xu Yanke's eyes with a little sad, and full of expectations, this is the first time that she told others what she was thinking.

"Don't be afraid. In my impression, you've never been afraid of anything."

Rong Lei said, gently pulled her hand, Xu Yanke obediently nestled into his arms, had to say that two people just a few days of contact time, cultivate a good tacit understanding. "Who said I am? I'm afraid of many things. I'm afraid of Huo Tingchen. Every time I see him, I always feel like a poisonous snake crawling from behind."

Mentioning Huo Tingchen, Xu Yanke's face shows a frightened expression. Maybe he gives her too much psychological shadow. Even if she is under the protection of Jin Zhengting, who is more powerful than Huo Tingchen, she will have no reason to fear him.

"Before long, you don't have to be afraid of him. I'll avenge you myself."

Rong Lei's always calm face shows his intention to kill, which is rare in ordinary times. Because of Xu Yanke's experience, he has a strong hatred for Huo Tingchen. If he used to be Jin Zhengting's assistant and Huo Tingchen's only enemy, now the hatred between them can't be resolved and should have been upgraded to a deadly enemy.

Xu Yan contentedly nodded his head and continued: "I'm still afraid of my brother. I dare not look him in the eyes a lot of times."

Rong Lei coughed awkwardly: "Yan Ke, to tell you the truth, not only you but also I am afraid. There are few people in the whole group who are not afraid of it, so this is a normal phenomenon. After all, boss's aura is too strong, and few people can bear it."

"Well, there's another one I'm most afraid of."

Xu Yan can very seriously say, Rong Lei even busy asked: "who?"

"Cockroaches!"

Chapter 518

Rong Lei was speechless for a while, but he slipped his fingertips across Xu Yanke's face: "whether it's a cockroach or a mantis, I'll protect you in the future."

"Really?"

Xu Yanke raises her pretty face and stares at Rong Lei without blinking. Her expression is surprised and serious.

"Well, I promise it's true, OK?"

Rong Lei shows a faint smile and looks at her tenderly. In their pupils, they reflect each other's faces at the same time.

"Rong Lei, I ask you, have you ever had a kiss with another woman?"

Woman's face always becomes very fast, just now or sweet and warm atmosphere, with Xu Yanke a cold question and disappeared.

"No

Rong Lei answers very seriously. He has a clear conscience when facing Xu Yanke's questions. He has been helping Jin Zhengting all these years. His love life is a piece of white paper.

"What if you cheat me?"

Xu Yanke's expression is very serious, as if very concerned about this matter.

Rong Lei shrugs helplessly: "Yan Ke, you are also an expert in this field. If I cheat you, you should be able to see it. And if you don't believe it, just go and check it."

"Well, I believe you. Come here."

Xu Yanke coldly tells Rong Lei that her overbearing personality makes Rong Lei feel that she and Jin Zhengting don't need DNA identification at all. From the perspective of personality, they should be brothers and sisters.

But Rong Lei doesn't know why, in front of Xu Yanke, he always habitually listens to her, so he obediently moves his body to Xu Yanke's direction.

"Put your head in and close your eyes."

Xu Yanke continues to command, Rong Lei has a very bad feeling, because these days he gradually understand Xu Yanke's temper, usually, as long as she is to let people close their eyes, then that person can't help being repaired by her.

Although Rong Lei doesn't know where he has offended the second lady of the Jin family, he still

obediently closes his eyes.

However, it was not Xu Yanke's fist that was waiting for him. He only felt a slight heat on his lips. Two pieces of soft red lips had been attached to his lips. A slightly sweet smell had penetrated into his mouth, and even the taste buds of his tongue were full of light sweetness.

Xu Yanke asks Rong Lei for his kiss. She gradually closes her eyes. Qiong makes a very slight hum in her nose. She gently opens her teeth and sticks out her tongue into Rong Lei's mouth.

Her face flushed. With the fusion of Rong Lei, Xu Yanke's body became soft. Her soft body nestled in Rong Lei's arms and her breathing became more urgent.

Rong Lei hugs Xu Yanke tightly and kisses her fiercely. He finds that he also likes this feeling.

Just as they were about to take the next step, the door was suddenly pushed open, and Shaoyuan put his head in: "Xu Yanke, boss said to let you go home tonight. If there is no problem with Rong Lei's wound, we will go together."

She blinked round eyes, deliberately said out loud, as if she did not see two red faced people at all, and then a mischievous smile appeared on her face: "don't worry, I didn't see anything."

"Well, what if you see us? We're in a normal relationship. Don't you allow us to have a little intimate contact?"

Xu Yanke is reluctant to part from Rong Lei. Looking back, he is staring at death. When he is experiencing the feeling of kissing the person he likes, he is interrupted by Shaoyuan rashly. Let alone Xu Yanke's temper, normal people will not be too happy.

Rong Lei is very embarrassed. He has worked with Shaoyuan for many years, but he didn't expect her to bump into his passionate kiss with Xu Yanke, which made him feel very embarrassed. So when Xu Yanke got angry, he didn't say a word.

"Ha ha, I didn't say anything, or you go on. Originally, Rong Qi and I wanted to go with you. Since you still have private affairs to deal with, we'd better go first."

After that, Shaoyuan backed out and closed the door for them. At the same time, he said across the door: "Rong Lei, the boss was worried that your body didn't recover. It seems that there is no problem at all. The young man is really alive."

Rong Lei's mouth shakes a few times. He knows the personality of Shaoyuan. He just makes a joke with himself, but Xu Yanke quit. Although they are members of the team, they have no conflicts with each other, but they all have a lot of personality, so without saying a word, they have to go out to find Shaoyuan theory. Of course, generally, Xu Yanke uses his hands when he is looking for someone to make a theory You can also use feet, daggers, guns and other weapons.

"Forget it, Yan Ke, she is not malicious, just joking. I know you can't joke in your previous environment, but after all, we are all together. We should learn to get along well in the future."

Rong Lei quickly pulls the angry Xu Yanke. He knows that Xu Yanke has not yet learned how to communicate with people normally, so he always has to remind her that he thinks it is his responsibility. "OK, I see."

Rong Lei originally thought that Xu Yan would not listen to her own words. Unexpectedly, she agreed obediently.

"That's good. You should be tolerant when others are joking."

Let Lei see Xu Yan really did not move, this just let go, continue to do her social education.

"All right, it's up to you."

I don't know if it's because the feeling of kissing just now is so beautiful. Xu Yanke is very clever now. That kind of feeling is like Zhao Tongxin to Jin Zhengting.

"Boss, let's go back, or we'll leave now. Maybe there's something urgent."

Rong Lei has always carried out Jin Zhengting's orders without reservation, which is a habit he has formed by working around Jin Zhengting for many years.

"Well, it's said that the weather will be fine tonight. We can take a walk together and try the project again."

Xu Yanke said that a pair of beautiful eyes are gazing at Rong Lei affectionately. She is an iceberg beauty. She used to be very indifferent to anyone, but once the barrier in her heart is broken, she will show the opposite character.

Now she just wants to stick with Rong Lei. No matter what she does, she has to have him by her side. Sometimes a kiss can really heat up the two people's feelings.

With the help of Xu Yanke, Rong Lei quickly changes her clothes. She carefully supports Rong Lei and looks like a sensible daughter-in-law.

When they get to the parking lot, they find that Shaoyuan and Rongqi are in front of the car, and they are talking without a word. Obviously, they are waiting for them.

Seeing them coming, Shaoyuan immediately said with a smile, "Yo, are you finished so soon? How do you feel, sweet or not? "

"You don't talk. No one thinks you're dumb."

In the face of Shaoyuan's ridicule, Xu Yanke said that her character is like this. If someone says something that makes her feel uncomfortable, she will never give that person a good look.

"Well, I'm not kidding you. Just now the boss called and told us that Miss Jin Ying had been released by Huo Tingchen, so he wanted us to go to Jin's villa together tonight."

Shaoyuan is a person who knows his priorities. When he sees that all the staff are here, he doesn't joke any more and directly conveys Jin Zhengting's order.

Hearing that Jin Ying is safe and sound, Xu Yanke's heart is completely down, but Rong Lei has no special expression, because he, like Shaoyuan and his sister Rong Qi, has been with Jin Zhengting for a long time. They are very confident that Jin Zhengting will negotiate in person, because their boss is always invincible.

Four people got on the bus and soon came to Jin's villa. Today's villa area is much more tightly guarded than before. It is obvious that Jin Zhengting, in order to prevent Huo Tingchen from doing harm to Jin's family, specially strengthened the defense here.

This is the living room of Jin's villa.

In the living room, Mrs. Jin is sitting in the middle of the room. She holds Jin Ying in her arms and keeps stroking her face with her hands. Jin Ying's eyes have never been opened since she was hurt. But from her expression, we can see that she is very calm now.

Mrs. Jin was much more excited. She also learned that Jin Ying had been kidnapped by Huo Tingchen. In order to be afraid of her anxiety, Jin Zhengting deliberately blocked the news. However, it can be seen from Mrs. Jin's shaking hands that she is very afraid now. If her baby granddaughter should have an accident, her heart will definitely hurt to death.

"Grandma, I'm fine."

Jin Ying's voice is very flat. She can't hear any emotion from it. It's like nothing happened. She was silent before, but after she was injured, even her emotion doesn't seem to have any waves.

"Just come back, just come back. When the children are all here, we will have dinner together."

Mrs. Jin says that she looks down on everything at her age, but every one of her offspring is the apple of her eye. What's more, the reason why she is happy today is not only because Jin Ying came back in a panic, but also because Zhao Tongxin went home safely. She and the children in her stomach are all right. Besides, Xu Yanke is coming tonight. She is twenty years away from home My granddaughter, who has been here for many years, appears for the first time as the second miss of the Jin family. It can be said that she is really a family reunion.

"No, I'm very tired. If I want to go back to my room earlier, you don't have to worry about me."

Jin Ying said faintly, got up and groped for her own room. Since she was injured, Mrs. Jin specially arranged some of the best servants to take care of her, but she didn't use any of them. She had to do everything by herself.

Mrs. Jin sighed heavily as she looked at her back. The granddaughter's personality was so lonely that she could not understand what she was thinking.

When Jin Ying passed by Zhao Tongxin, she called softly: "Xiao Ying."

Jin Ying, who was trying to move forward, stopped beside her: "what's the matter, sister-in-law?" "If you have something on your mind, don't keep it in your heart. When you want to talk to someone, you can come to me at any time."

Zhao Tongxin's tone is very sincere. She is very worried about Jin Ying's state now, because when a person is seriously injured and loses part of her physical function, her psychological condition is easy to have problems. She found that Jin Ying is wrong from the beginning. She is too insipid, which proves that she may have psychological problems now.

"I'm fine. You'd better pay more attention to your company. By the way, sister-in-law, I won't go to your company when it's open. I can't see anything when I go."

Jin Ying finished this sentence, did not give Zhao Tongxin a chance to speak, went straight from her side.

Zhao Tongxin is about to call her, but Jin Zhengting gently pulls her hand. He always keeps an indifferent attitude and observes Jin Ying. In fact, he also finds something wrong, but unlike Zhao Tongxin, she analyzes Jin Ying's psychology, while Jin Zhengting analyzes it from the most subtle point.

Under normal circumstances, no matter how stiff the relationship between Jin Ying and him is, she will take the initiative to say hello to herself, but this time she doesn't. that only means that Jin Ying has a ghost in her heart.

Chapter 519

"Tong Xin, I know you are worried about her, but I feel she has a problem."

Jin Zhengting whispered in Zhao Tongxin's ear. His eyes became deep, as if he could see everything.

"No, Zhengting, Xiaoying may have been arrested by Huo Tingchen. Now she is a little nervous. I think she should do some psychological counseling. We are busy these days. It seems that some of us don't care about her, so she is estranged from us."

Zhao Tong thinks that Jin Zhengting is very thoughtful. Anyway, Jin Ying is also the daughter of Jin family. She is not likely to collude with Huo Tingchen, is she?

So sometimes a person's kindness is not necessarily a good thing, just like Zhao Tongxin now. Her words are very important to Jin Zhengting, so he doesn't think much. Even if he finds Jin Ying's special abnormality, maybe it's just like what Zhao Tongxin said. It's just because Jin Ying's nerves are too nervous in the event of an emergency.

"Tong Xin, how is your body now? Is there no problem?"

At this time, Mrs. Jin asked Zhao Tongxin with a smile. Now it can be said that the old lady's impression of her has completely changed. Since the last time in the hospital, Zhao Tongxin took the initiative to exchange for Mrs. Jin as Huo Tingchen's hostage, she felt that Zhao Tongxin was a responsible person.

Although Mrs. Jin still has some traditions in her mind, she thinks that Zhao Tongxin is only the daughter of the Xu family, and the Xu family is not a big family in Jiangbin. What's more, she comes from a civilian family and doesn't know much about rich family life. So when Cheng mobing appeared, Mrs. Jin even really moved her mind.

However, she soon found out that Cheng was just making use of herself. Although Mrs. Jin's people were old, they were still very flexible and had rich experience, so they naturally rejected Cheng.

Now Zhao Tongxin is pregnant with the Jin family's flesh and blood, and further determines her status in the Jin family. Therefore, old lady Jin gradually accepts the fact that she and Jin Zhengting are together. Moreover, Zhao Tongxin's performance is very good, which makes the old lady very satisfied with her granddaughter-in-law.

So after seeing Zhao Tong's safe discharge from hospital, I feel happy from my heart. This is the first time that she shows concern for Zhao Tong.

"It worries you. I'm in good health now. I don't have any problems any more."

Zhao Tong heart smile, gentle answer, her voice is always with a warm heart feeling, and always so indifferent, this also let Mrs. Jin like very much, she can see that Zhao Tong heart's look is not pretended, prove that she is a gentle and kind woman.

It's an indisputable fact that his grandson is excellent, but Jin Zhengting's personality is too aloof and arrogant, and he is born with a kind of dignity that ordinary people can't approach, coupled with his usual overbearing, so he always gives people a feeling of being wrapped in ice, so he needs a partner like Zhao Tongxin.

When two people are together, it's very important to complement each other's personalities. Zhao Tongxin's gentleness is the best supplement to Jin Zhengting's strong personality. Therefore, the more she looks at Zhao Tongxin, the more satisfied she is.

"That's good. It's not very convenient for you to be pregnant now. Otherwise, you can stay at home and wait for labor. When you're free, you can accompany me. You two are busy all day. Don't wear yourself out."

Mrs. Jin said with a smile that she was in a very good mood today.

"Grandma, I also want to accompany you more, but Zhengting is very busy in the group. I'm ok now. My stomach hasn't been used yet. Taking advantage of this time, I'd better spare more time to take care of the company and share some of the work pressure for Zhengting. In a few months, I'll be at home with you every day. You can't be bothered by me then."

Zhao Tongxin knows that Mrs. Jin said that she wanted to stay at home with her, but in fact she also cared about her health. As the eldest in the family, she should be more tactful, so that she would not lose her dignity and express her meaning. Zhao Tongxin thinks that this is the place for her to study hard.

Mrs. Jin said with a smile: "Tong Xin, it's rare that you have this heart. If an ordinary woman would have put everything down and lived at home everyday with clothes on, hands on and mouth on. The court didn't mistake you, but no matter how important your work is, it doesn't matter how important your body is. I think you're about three months pregnant. When you're six months old, I'll be happy. The old woman will exercise the right of the owner of the house and let you have a baby at home. You are not allowed to go anywhere

Zhao Tong Xin pursed a smile: "good grandma, I will listen to you then."

After a question and answer, the two chatted happily. Jin Zhengting looked at them, and a faint smile appeared on his face. At first, Mrs. Jin opposed them to be together. However, it seems that Zhao Tongxin is doing very well now, and has completely brought Mrs. Jin to her side. They all put their good grandson and husband aside.

"Old lady, according to your order, we have brought your granddaughter, who has been separated for many years."

They were chatting happily when they were interrupted by a clear voice from outside. Zhao Tongxin was very familiar with the voice, which was from her best friend Shaoyuan. The spoon garden appeared in the living room. They, the most important assistants of Jin Zhengting, often haunted here, so they were very casual. Although Mrs. Jin was traditional, she didn't have the slightest airs. She was also very nice to the spoon garden. In addition to the big character of the spoon garden, she naturally regarded it as her own back garden.

Old lady Jin's eyes brightened. She had been looking forward to this day for a long time. Xu Yanke finally came back. Although she had appeared here before, her identity was different. Now she is the real second miss of Jin family.

"Come on, call the lady and tell her daughter is back."

Mrs. Jin was very excited. Her hands were shaking and she wanted to get up quickly. But maybe she was too old or too excited to get up immediately.

Jin Zhengting and Zhao Tongxin quickly came forward to help old lady Jin. She just got up from her seat and came to the door with the help of her grandson and daughter-in-law.

Xu Yanke is very embarrassed. He has been here many times, and the Jin family have seen her. But at that time, she was Huo Tingchen's subordinate, and her identity was Jin Zhengting's girlfriend. Now her identity has changed. Jin's family has become relatives, and Jin Zhengting has become her brother. This makes her very nervous. She wants to see but dare not.

Her palm has been full of sweat, and her hand together Rong Lei can also feel, he quietly with his fingertips in Xu Yanke's palm stroke: "Yanke, it's OK."

"Rong Lei, I don't know why. I suddenly feel nervous."

Xu Yanke's voice trembled, and now she finally understood what it was called to be timid.

"It's OK. The people here are all your family. They've been waiting for you for a long time. Last time everyone wanted to see you, you ran away. This time, with me watching you, you don't want to run away again."

Rong Lei whispered in her ear.

"Rong Lei, you wait."

Xu Yanke raises his fist to Rong Lei and clenches it hard. This is threatening him, but Rong Lei is not moved. He knows that if Xu Yanke wants to go home, he must have passed his own relationship first.

He knows why Xu Yanke is nervous. That's because Xu Yanke has been longing for family affection. The more she can't get it, the more she wants it. However, when she is in front of her, she will be afraid of losing it. This is human nature, and Xu Yanke is no exception. So he must encourage Xu Yanke to let her know that family affection won't be lost again.

With the help of Jin Zhengting and Zhao Tongxin, Mrs. Jin has come out. When she sees Xu Yanke, her turbid eyes immediately become clear. She reaches out her hand and trembles in the direction of Xu Yanke, with an expectant smile on her face.

Xu Yanke has no experience in such a situation. In addition to extreme tension, he just stands in a daze.

"Xu Yanke, call grandma quickly."

Zhao Tongxin sees Xu Yanke's tension. She wants to see the warm picture of the Jin family reunion, so she reminds Xu Yanke.

Xu Yanke just recovered. She looked at Zhao Tongxin with timid and puzzled eyes. Zhao Tongxin was smiling at her as if to encourage her. She looked at Jin Zhengting again. Although Jin Zhengting had no expression on her face, she also had a gentle look at her eyes, which was also encouraging her to take a key step in her life.

"Grandma."

Xu Yanke called Mrs. Jin timidly. Her eyes were so flighty that she didn't dare to look into Mrs. Jin's eyes, because she was too nervous now. She didn't know how to say the word "grandma".

"Good boy."

Mrs. Jin immediately opened her eyes and laughed, but there were still some tears in the corner of her eyes. With the help of Jin Zhengting and Zhao Tongxin, she came down to Xu Yanke and gently stroked her face: "my beautiful granddaughter, you have been wronged outside these years."

Feeling the warmth and care of Mrs. Jin, seeing the white haired grandmother shed tears, and the question that grandma touched the weakest position in her heart, Xu Yanke could no longer help it. Her tears were like broken beads, big ones fell down, biting her lips and forced to endure, so she didn't cry face to face.

Mrs. Jin is right. She has suffered a lot over the years. She has suffered a lot and suffered a lot. Whenever she is black and blue, she always wants to have a home where she can heal. However, this has always been an extravagant hope. When this extravagant hope has come, she can't believe it.

"Granddaughter, don't cry. Come and have a good talk with grandma."

When Mrs. Jin saw Xu Yanke crying, the weather beaten old lady could not help but panic. She quickly wiped her tears with her hand and reached for Xu Yanke's hand.

It can be seen that she really attaches great importance to Xu Yanke, the second miss of the Jin family. Not only old lady Jin, Jin Zhengting, Zhao Tongxin, but also spoon garden, which she usually dislikes, have sent her encouraging blessings. This makes her nervous mood calm down immediately. Her heart is warm and moved by these kind people. Her frozen heart is in this world It's completely melted. Old lady Jin just met Xu Yanke's hand, but she found her hand and the other hand holding together. She subconsciously looked along her arm. Rong Lei's face slightly bowed with a little embarrassment: "old lady."

"Rong Lei, you and my granddaughter?"

Mrs. Jin's face immediately showed a clear look. Her granddaughter seems to be in love, and the object of love is Rong Lei.

Rong Lei has been around Jin Zhengting for many years. Old lady Jin is too familiar with him. She has a very good impression of Rong Lei. This man doesn't speak much, but he has a strong ability to do things. He is always able to do things in the shortest time and will do them well.

"Yes, granddaughter, your vision is still good. Rong Lei is a good young man. Grandma supports you."

Mrs. Jin took a deep look at Rong Lei, nodded her head slightly, and continued: "Rong Lei, be nice to my granddaughter. If you dare to bully her, I will be the first one to refuse."

"Old lady, you misunderstood me. It seems that I am usually bullied."

Chapter 520

Rong Lei's words made everyone laugh. This man, who always looks calm and even a little dull, knows what to say on what occasion and shows a high Eq.

Xu Yanke's going home is a happy event, but this process is too heavy, so he timely let old lady Jin and Xu Yanke's mood ease down.

Jin Zhengting has a look of approval on his face. He is satisfied with Rong Lei's performance.

"Well, grandma, don't just stand here. You'd better go in and have a chat."

Zhao Tongxin, with a knowing smile on her face and a gentle voice, said that she likes to see this kind of warm scene very much, and she also hopes that every family will be happy.

When they entered the living room, a servant had already arranged the table. The dinner was very rich. Mrs. Jin specially ordered people to make it after hearing that Xu Yanke was coming back.

Jin's father has been in a hurry recently and has not been at home. When Jin's mother heard that her long lost daughter came back, she came out in a hurry to meet her. Of course, she spent some time dressing up.

After meeting Xu Yanke, both of them were embarrassed. This was not the first time they met, but Xu Yanke was Jin Zhengting's girlfriend, so they didn't know what to say when they met.

Xu Yan was embarrassed for her cheating on Jin's mother. Jin's mother was afraid of her daughter's embarrassment, so they stood in a daze and didn't say a word for a long time.

Or Zhao Tong Xin in the side of timely relief, whispered to remind said: "Xu Yanke, you don't know mother, quickly call ah."

Although her voice is very small, like to remind Xu Yanke, but just good also let Jin mother hear.

Xu Yanke bit his lip, then whispered: "Mom."

With this mother's cry, the embarrassment just disappeared immediately. Jin's mother can't remember what happened before. All that's left is her missing for her long lost daughter.

"Son, just go home, just go home."

Jin's mother tried to control her emotions, secretly wiped a tear and took Xu Yanke's hand. At this moment, she really felt that she had no regrets in her life.

Over the years, both Jin's father and Jin's mother feel deeply remorse for the loss of their daughter. Moreover, they never expect their daughter to live in the world. They did not expect that their daughter would be able to go home intact in more than 20 years. This is a gift from heaven.

Jin's mother takes Xu Yanke's hand and sits down at the dinner table. The dinner begins formally. Today, Jin Ying has turned the corner and Xu Yanke is back home, so the Jin family is full of happy atmosphere.

Maybe there is only one unhappy person in the Jin family, Jin Ying.

Her room is far away from the living room, but still can vaguely hear bursts of laughter from the living room, but all this does not belong to her.

She felt that she was the one who had been abandoned. She was hijacked by Huo Tingchen. Although she came back unharmed, everyone's focus was not on her, but on Xu Yanke, who made her hate in her heart.

However, what annoys her even more is Zhao Tongxin's concern for her. Jin Ying thinks that Zhao Tongxin is too hypocritical.

All the hatred intertwined together, which made Jin Ying's determination more determined. In this seemingly beautiful Jin family, she had no nostalgia at all.

Ever since her eyes were hurt, her hearing has become extremely keen. She went to the door and listened to the sound coming from the living room, hoping to get useful information.

On the dining table, Jin Zhengting's face was calm. He carefully selected nutritious and delicious food and gently put it into Zhao Tongxin's bowl. He always showed his concern for her in details.

Zhao Tong heart gently look at him, the heart has a sweet unspeakable.

"Zhengting, what's the situation like now?"

Mrs. Jin suddenly asked. All the people on the table are the backbone members of Jin Zhengting group, so Mrs. Jin also trusts them very much, so there is nothing that can't be said face to face.

"It's normal, but there's something wrong with the capital, and it's a little hard to turn around. But after Tong Xin's company opens, the situation will be reversed."

Jin Zhengting replied with a straight face. He knew that Grandma had a purpose in asking questions at this time. Although Mrs. Jin was very old, she still kept her wisdom, so even Jin Zhengting would listen to her opinions.

"It's said that Huo Tingchen and the girl of the Cheng family set up a united group, and they want to transfer their capital to Jiangbin, right?"

Mrs. Jin narrowed her eyes and asked. There was no expression on her weather beaten face, and she didn't know what she was thinking. Years of training had made her happy and angry.

Although she stays at home, there is nothing to hide from her. Over the years, she has handed over the Jin family's scepter to Jin Zhengting. She has retired to the background and lived a more leisurely life. However, this does not mean that she is completely indifferent to the world. When someone threatens the Jin family, Mrs. Jin's ability will show. "Yes, I'm also responsible for the last two days. It's because I forced them too hard that they would unite."

Jin Zhengting will reflect on himself only in front of his grandmother, because he deeply knows that a successful superior can only know and correct his mistakes, but he can never admit his mistakes. As the owner of the Jin family, who manages a huge group, he must be absolutely authoritative.

"You're right. If they don't unite, the situation will be very uncertain. When you fight with one family, you have to guard against the other. In this way, it's hard for you to concentrate on what you want to do."

Mrs. Jin said faintly that her thoughts were the same as those of Jin Zhengting when he made the decision. This is the so-called hero's opinion.

"These two days, I have almost wiped out their underground forces, so even if they unite, they can only threaten us from business."

Jin Zhengting has no proud expression on his face. No matter what circumstances, he can keep absolute calm. This is what Huo Tingchen can never compare with him.

"Well, you've done a good job. By the way, I've heard that they are going to hold a gambling party in two days. Do you know what they mean?"

Mrs. Jin asked, reminding her that she had already expected the purpose of Huo Tingchen and Cheng

mobing.

Jin Zhengting nodded his head: "they should be similar to me. Now they are in short supply of funds. I think Huo Tingchen must want to use this gambling fair to cheat a lot of capital from other rich people in Jiangbin, so as to change the current balance."

"What are you going to do?"

With a smile on her face, Mrs. Jin squinted at Jin Zhengting and asked.

"Grandma, last time I went to Southeast Asia, I not only found cheap raw stone, but also got more. I found that Tong Xin had an innate keen observation on the quality of raw stone. This time I decided to let Tong Xin be the chief raw stone appraiser of the group."

Jin Zhengting is very confident in Zhao Tongxin. He knows that everyone has talent in some aspects, but few people are so lucky to find their talent. Zhao Tongxin is undoubtedly a very lucky one.

"Oh? Does Tong Xin have such ability? "

Old lady Jin's eyes opened slightly, flashing a trace of light, she asked with great interest: "Tong Xin, how do you do it?"

Zhao Tong's heart gave a gentle smile and politely said to Mrs. Jin: "actually, I didn't know. At that time, I just picked up two stones on the ground by accident. I found that these stones were different, no matter from the handle or the temperature. Then I had a strange feeling in my heart. When I took over the company, I learned some knowledge about jewelry and knew Han Yu The temperature of the stone is relatively low, so I asked Shaoyuan to help me dig open the stone to see. As a result, I found that it was really a jade stone. "

"Can you only use this method to select the original stone?"

Mrs. Jin's interest kept on asking. She had expected that Zhao Tongxin's talent might be very useful, especially in the upcoming gambling meeting. It was very difficult to find that rare stone from thousands of original stones. Even the world's top original stone appraisers were not likely to do it, let alone not all the original stones Stone can be seen from the surface, this time we have to rely on rich experience, or different from ordinary people's keen sense.

Many people claim to have this kind of telepathy. In fact, it can be summed up in one word, that is Meng. That's why there's such a saying about gambling stones. No one can guarantee 100% success.

"I don't know anything else, because there are only jade stones in Southeast Asia."

Zhao Tongxin's answer is very cautious. Jin Zhengting and Shaoyuan have tested her wonderful talent by mixing several original stones with ordinary stones. Without exception, all the original stones have been

selected by her. It can be seen that the success rate of jade is very high, but she has never tried other gems.

"Come and find some jadeite and agate stones."

Mrs. Jin is a decisive person. In order to verify Zhao Tongxin's keen judgment of the original stone, she immediately ordered the servant to prepare.

The Jin family started their business in jewelry, so they collected all kinds of raw stones, so the servants soon brought in a lot of raw stones, including ordinary stones.

The dinner was almost finished. The servants took down the table and put the stones on the table in front of Zhao Tongxin.

"Tong Xin, try it. If your talent is really so high, then the original stone will make Huo Tingchen bankrupt."

Old lady Jin narrowed her eyes again. She looked at Zhao Tong and said faintly.

Zhao Tongxin was highly expected by Mrs. Jin. She was nervous. When she took over the company, she just wanted to help Jin Zhengting. She didn't expect that her ability would have such a great effect.

"Tong Xin, don't be nervous. You can do it."

Jin Zhengting saw her tension and whispered in Zhao Tongxin's ear that his encouragement was the most important. "Yes, Tong Xin, it's no big deal. Even if you can't guess other original stones, it's OK. If you can judge the original stone of jade, it's amazing."

As a best friend, Shaoyuan also gives encouragement at the same time.

"Well, I'll try."

Zhao Tong Xin took a deep breath, picked up a piece of original stone and gently stroked it in his palm. The texture of this stone is good, and it feels very smooth. According to normal experience, it should be a very good original stone.

However, Zhao Tongxin feels from the subtle temperature that this stone is just a very ordinary stone, because if it is jade or agate, the temperature is slightly lower than normal stone. Of course, most people can't feel the subtle temperature difference, but she can feel it clearly.

The most important thing is that when she holds this stone in her hand, there is no feeling that will make her heart beat. It's a wonderful feeling. It should be said that it only belongs to her psychological induction.

"This should not be the original stone, just a very ordinary stone."

Zhao Tong Xin put down the stone and said firmly.
