

# Noble Husband At the Door Chapter 512

"You have actually been a coward for so long. Jiang Fu stated to Yvonne with a smile.

"Is Samuel obligated to assist you win the video game?" Yvonne claimed in a cold voice. Considering that she knew what these old men came for, she didn't have to beat around the bush.

Today, the Cloud City Go Association had become the greatest joke in the Chinese Go circle. They had actually already withdrawn from the company in time, they still lost face. This situation of being laughed at made the old men very angry. When they listened to Yvonne's words, they came to be also angrier.

"Yvonne, you'd much better take note of your perspective. If I state a word, your company will be finished in Cloud City," Jiang Fu stated coldly.

"Because you are so capable, why don't you most likely to the competition yourself? Can you win, or can you? Or can you?" Yvonne casually directed at them and also stated disdainfully.

The expressions on the faces of those that were pointed at became very ugly. If they had the capacity, why would they allow Samuel do something? It was specifically since they did not have the capability and also intended to enjoy the honor that they required Samuel to participate in the competition.

Of course, the supposed browbeating was just their wishful thinking. If it weren't Yvonne, even if God's kid came, he would certainly not be able to guide Samuel's decision.

"Yvonne, we just require Samuel to stoop down and say sorry. Do not be so negligent."

"The Sue family members, this damn company, can't defeat us. I suggest you to think it over."

"It's not excellent for you to secure a good-for-nothing like him. Every person in the city understands that he's a good-for-nothing.

Paying attention to the words of these individuals, Yvonne looked cool. It held true that Samuel was considered a good-for-nothing by others, and also all individuals in Cloud City thought so.

Nevertheless, in Yvonne's eyes, Samuel was not a good-for-nothing. He was simply low-key and also not flamboyant.

"He's my hubby. Of course I need to assist him. And it's not his fault. You've been insatiable. Why should I ask him to apologize?" Yvonne said with a tough mindset.

Jiang Fu gritted his teeth as well as considered Yvonne. He thought that intimidating Yvonne would make Samuel stoop down and say sorry, but he really did not expect that Yvonne's attitude would certainly be so tough. She didn't take them seriously in any way.

You in fact confess that such a good-for-nothing is your husband? Jiang Fu said.

Harvey had been spreading rumors about Samuel and Yvonne in Cloud City. Samuel was well-known as well as Harvey had actually made a fantastic payment, all of this was just in the past. It was certainly not like this currently.

From Yvonne's disgust to her change of mindset towards Samuel, to her acknowledgment of her sensations for Samuel, to her numerous hints concerning their partnership as couple. If it weren't for Samuel's insensible intelligence, they would have long been a couple.

" Jiang Fu, you're an old man. Exactly how can you be so outrageous? He can not lose in the competition, so he should offer you face. You can not even do what you want.

What right do you need to force him? Have not you heard the saying 'don't do anything you do not intend to be done to others'?" Yvonne said.

The mindset of Jiang Fu and the others was solid as well as high. It was since they assumed that they had actually successfully endangered Samuel for the first time.

This had actually made them really feel that Samuel could be trampled on at will, so they remained to press their luck.

Furthermore, Samuel defeated Ouyang Xiujie quickly when he remained in the organization. How could he shed the competition? In their viewpoint, it was not that Samuel could not win, however that he intentionally made them ashamed and wanted to break them.

He was just a good-for-nothing, what right did he have to oppose them?

This was the suggestion of Jiang Fu as well as others, solid and unreasonable!

Ask Samuel to immediately appear and kneel down and also apologize to us. Or else, your company will be bankrupt," Jiang Fu claimed without any kind of intent of backing down.

When the loved ones of the Sue family listened to that it was caused by Samuel, they were all mad. It was not easy for the business to breathe, and also now it was due to Samuel that they had triggered such a big trouble.

" Yvonne, you need to take into consideration the general scenario of the company. Samuel has offended Elderly Jiang. It's just ideal for him to kneel down as well as apologize."

" That's right. You can't hurt the company due to that good-for-nothing Samuel. Assume it with."

" Although hawse have no right to speak to your current chairman, is it worth it to drag down the whole company in order to shield such a good-for-nothing?"
