

# Noble Husband At the Door Chapter 513

Numerous family members of the Sue family attempted to convince Yvonne with good intents.

Yvonne sneered. This group of people also wanted Samuel to kneel down in exchange for the stability of the firm.

She recognized that these individuals did not really respect the business. They were just stressed that they would certainly lose their work after the business fell down. It was not their loss to ask Samuel to stoop down as well as ask forgiveness. They normally really felt that it was not a big deal.

" Given that I'm in charge of the company's affairs, you're not certified to implicate my choice. It's difficult for Samuel to apologize," Yvonne stated.

" You ...".

" Yvonne, are you mosting likely to see the business declare bankruptcy?"

" I used to believe that you were very smart, today it appears that I think excessive. You are a fool, and you don't recognize what you should do in all."

The family members of the Sue Family members stated to Yvonne madly.

Although Yara did not talk, she was very pleased to see this circumstance. The Sue family members had fallen down; Yvonne was no more the chairman, so she was not certified to be remarkable before her. In her heart, she really hoped that the business would certainly collapse asap and that Yvonne would drop from the position of chairman sooner.

" Yvonne, we're doing this for the good of the firm. If you insist on being obstinate and also break Senior citizen Jiang, it's a stumbling block," Yara claimed.

Jiang Fu heard this and said happily, "It seems that your subordinates are practical. Ask Samuel to stoop down and also ask forgiveness to us quickly.

Yvonne disregarded Jiang Fu's words and also claimed to the workers of the business, "From today on, you will have a paid getaway for a week. If you believe in the company, wait for my excellent information.

As soon as these words came out, the whole website remained in an uproar. The business had actually simply recuperated, and also there were still a great deal of points to do. A paid leave for a week would most certainly cause a fantastic loss to the firm.

However, on the other hand, Yvonne's charisma was convincing. She showed excellent self-confidence, that made people feel that even if the company was targeted by Jiang Fu, it would certainly still be challenging.

" Supervisor Sue, you are actually bold. Let us have a paid leave for a week!"

" The firm is still in a mess. Can we really hang on after a week's leave?"

" Chairman Sue, I do not believe she'll make fun of this kind of thing. She just became the chairman of the firm after she obtained the business. Possibly she has a sponsor behind her, and also the proprietor's capital chain must be extremely solid."

" Cloud City is really vibrant this time. I wonder who will certainly be the last one to laugh."

When the team whispered, Jiang Fu and also his males looked exceptionally embarrassed. Yvonne's mindset did not give up in any way, which ran out their expectation.

Obviously, if they truly intended to manage the Sue family, it would be a piece of cake for them.

" Yvonne, you have such courage at such a young age, which thrills me a whole lot. I wish you can bear the price brought by this matter," Jiang Fu claimed coldly.

" Jiang Fu, I wish you do not regret it." Yvonne called his name directly, no more considerate to Jiang Fu as a senior.

Jiang Fu took a deep breath as well as stated, "In 10 days, if the Sue household didn't collapse, every person can affirm that I changed my surname."
