

Chapter 521

Mrs. Jin sighed a little: "Tong Xin, you can only judge the jade stone. It's a very good jade stone. It was bought from Southeast Asia at a high price when Zhengting's grandfather was still there. At that time, there were three top ten stone appraisers in the group. They came to the conclusion through joint identification."

"Maybe I can only identify the original jade."

Zhao Tongxin is also a little disappointed with her performance, not because she can't identify herself, but because she can't help Jin Zhengting.

"It doesn't matter. As Shaoyuan said, even if you can only identify the original jade, you can make an accurate judgment at once. It's also a great talent. When we Jin family return to the jewelry industry in the future, we still need your talent."

Mrs. Jin said with a smile that this kind of thing can't be forced. After all, it's very difficult to judge the gems wrapped in ordinary rocks with naked eyes and senses.

"Wait a minute, grandma. I believe in Tong Xin's judgment."

Jin Zhengting suddenly opened his mouth. His hand gently grasped Zhao Tongxin's hand. He looked at her gently and said faintly: "I think Tong Xin is right."

"Zhenqting, I know you are very upset, but this matter is related to the performance of Jin family group at the gambling stone meeting, so you can't be childish."

Mrs. Jin narrowed her eyes and said, of course, she knows how much her precious grandson dotes on Zhao Tongxin, but now is not the time for two people to show their love. You should know that the price of the original stone is 10 million, and there are thousands of original stones, so the chance of choosing is very low. If you don't choose the rare stone, then Huo Tingchen will be the best. It's going to make a lot of money.

With this fund, the existing balance is likely to be broken. At that time, the Jin family is unlikely to prevent Huo Tingchen and Cheng mobing from transferring Jiangdong's capital to Jiangbin.

Now the Jin family is able to compete with Huo Tingchen and Cheng mobing's United Group mainly because most of their capital is stranded in Jiangdong. Once they break through the defense line, the result of capital transfer may be that the Jin family is no longer able to compete with their united group.

In the face of absolute capital, all means are pale.

"Grandma, believe me, I have a strong feeling that Tong Xin's judgment is correct. Her talent in jewelry identification should not be limited to these."

Jin Zhengting firmly said that he always believed that Zhao Tongxin was a capable person, so he firmly stood on her side.

"Mom, Zhengting, don't argue. Just cut this stone and have a look."

Jin's mother said with a smile that her heart was more toward her son, so she proposed to cut the stone.

"Well, although this is my old man's stay, it's better to cut it to prove this important thing."

After thinking about it, Mrs. Jin agreed and waved to the servant to cut the stone.

Many of Jin's servants used to work in jewelry companies, so there were many excellent professionals in this field, so the original stone was quickly taken out, and was sent back in a short time.

When Mrs. Jin saw the cut stone, her calm face also showed a strange expression, because as Zhao Tongxin said, this jade stone only has a thin layer on the outside, but inside is extremely hard granite.

"Tong Xin, you are really a rare talent. You should know that this original stone was jointly identified by a master stone appraiser. I didn't expect that you could make a correct judgment just by touching it."

Mrs. Jin sighs sincerely that she has been in the jewelry industry for decades, and has never seen such a powerful stone appraiser as Zhao Tongxin.

"Grandma, it's not as powerful as you said. I just feel the temperature is different when I touch this stone."

Zhao Tongxin was praised by Mrs. Jin, and he could not help but lowered his head and said in a low voice.

"Zhengting, it seems that my old lady has also made a mistake. The Tong Xin of our family is the real expert in the identification of gambling stones. You should know that there are some differences in the temperature between the original stones and ordinary stones, but the temperature difference is so small that even those less precise thermometers can't detect it, but Tong Xin can feel it only by touch. It's really a gift."

Mrs. Jin said with a smile to Jin Zhengting that she was also secretly glad that she insisted on her grandson's vision and did not object too much to his being with Zhao Tongxin. From this point of view, Zhao Tongxin is really a very excellent talent, not only in business, but also in the original stone identification. It seems that as long as Zhao Tongxin comes out of the stone gambling meeting, it will be a great success. A rare stone will be captured by hand.

"Yes, I will take Tong Xin to participate in the gambling meeting. This time I must defeat Huo Tingchen's plot."

Jin Zhengting said faintly, with a trace of essence in his deep eyes.

"Well, with Tong Xin's help, Huo Tingchen won't have any drama to sing this time. Originally, I thought you weren't ready. Now it seems that I'm the old lady who worries about it. I'd better continue to enjoy the happiness." Mrs. Jin said with a smile, and then went down to her room with the help of the servant.

"Zhengting, don't let Yanke go back tonight. I want to talk to her more."

Jin's mother took Xu Yanke's hand and said to Jin Zhengting that although she and Xu Yanke had known each other before Zhao Tongxin became her double, the nature of those meetings was different. Her daughter came back, and she had not seen her for more than 20 years. She had a lot to say to Xu Yanke in her heart.

Xu Yanke is also the first time to really feel at home. She likes the feeling of being missed and concerned, which she has never felt before.

So she also wanted to stay and talk more with Jin's mother, but she didn't know what Jin Zhengting meant, so she took a timid look at her proud brother. This little girl's appearance was something she had never seen before. When she was alone, she had to learn to be strong and make herself strong before she could survive. But now the situation is not the same, because for her to have their own home, with care for their own family, but also with her has been eager to rely on.

Jin Zhengting light smile: "do not need to see me, here is your home, if you want to stay, just stay."

With his reply, Xu Yanke's heart was finally put down, but she still seemed hesitant and didn't know whether to promise Jin's mother.

Zhao Tongxin is very keen to find her careful thinking, so pretending not to see Xu Yanke's expression, he said to Jin Zhengting: "it's too late. Let Rong Lei, Shaoyuan and Rong Qi not go back, and stay here tonight."

Jin Zhengting looked at Zhao Tongxin, who blinked at him, and then looked at Xu Yanke. He immediately understood Zhao Tongxin's meaning, so he nodded his head: "yes, we have to prepare for the company's opening ceremony these days. It's good to stay here."

"But Rong Lei's injury is not good. Is it really OK to stay here?"

Xu Yanke immediately can't help but ask, although Rong Lei's wound has begun to heal, but it won't be so soon, leave the hospital, she is afraid to stay here, if there is any accident, Rong Lei's body will have problems, the woman in love, has completely put the mind on each other's body.

"Don't worry. Although the medical conditions at home are not as good as those in the hospital, there are many doctors, so don't worry about Rong Lei's health."

Zhao Tong Xin said with a smile and blinked at Xu Yanke.

Xu Yanke knowingly nodded his head, and rarely showed a grateful look to Zhao Tong's heart: "OK, we'll all stay tonight."

When a room full of people are talking and laughing here, Jin Ying's face becomes dignified. She fumbles to take out her mobile phone and writes Gu Chen's name on the screen. Since her eyes were injured, Jin Zhengting has equipped her with this very smart mobile phone. As long as she can write her name, the number will be displayed immediately.

She dialed the phone, after a busy tone, she heard Gu Chen's voice from her mobile phone: "what's the matter, Xiao Ying?"

Jin Ying's intention to pursue Gu Chen is very obvious, and Gu Chen's refusal is also very firm, which is the main reason why Jin Ying is very angry with Zhao Tongxin. However, these do not prevent them from becoming friends. In addition, they are colleagues working together, so they will get along with each other for a long time, which is why Gu Chen speaks with Jin Ying in a gentle tone every time That's why.

"It's not very convenient for me to go out now. You immediately tell Huo Tingchen that his plan of gambling stone meeting will soon come to an end, because Zhao Tongxin showed his talent in the identification of gambling stones today."

Jin Ying tone said flatly, but this time to call Gu Chen to deliver the message, obviously things have been very urgent.

Gu Chen doesn't know much about the jewelry industry, but he knows more or less about gambling stones. He has known Zhao Tongxin for so long, but he has never heard of her, let alone found that she has this talent, so he can't help asking, "isn't that possible?"

"I didn't believe it either, but she seems to be very sensitive to the slight temperature difference of the original stone. Just now they have done an experiment in the living room. You can't help but believe it. So it's better to tell Huo Tingchen as soon as possible so that he won't lose too badly in the end."

When Huo Tingchen put Jin Ying back, she told her that if there was something wrong with Jin's family, she would call Gu Chen. At this time, she knew that Gu Chen was also working for Huo Tingchen.

"Well, I'll call Huo Tingchen right away. Xiaoying, be careful at home and don't expose yourself."

Gu Chen agrees and cares about Jin Ying by the way. He doesn't really care about Jin Ying, because he knows that Jin Zhengting is a very powerful person. If Jin Ying is exposed, he can't hide it.

Jin Ying's face showed a smile. She easily misunderstood that Gu Chen was concerned about herself. She finally showed a faint smile on her expressionless face: "I will, you too. I thought about what happened in the past two days. According to your words, in the morning, the crew had a car accident, only you and

I survived, and in the afternoon, I was kidnapped again, so as to protect my brother He must have doubted you now, so we can only call Huo Tingchen and never meet him during this period of time. "Gu Chen on the other end of the phone was stunned for a moment. He carefully thought about the two days. It was too coincidental indeed. Jin Ying's worry was not unreasonable. He said, "I know. It's late. You have a rest early."

"Well."

In fact, Jin Ying wanted to say something more, but she was keen to hear a sound of footsteps coming to her room. She immediately hung up.

As soon as I put down my cell phone, I heard a few very light knocks on the door, then Zhao Tongxin's voice: "Xiaoying, are you asleep?"

Jin Ying's face shows a trace of resentment. She can't get Gu Chen. It's because Gu Chen can't forget this damned woman. Now she cares about herself hypocritically. Jin Ying really hates Zhao Tong.

She bit her teeth a few times and said coldly, "I've already gone to bed. Let's talk about something tomorrow."

Standing outside the door, Zhao Tong wanted to say something more, but after thinking about it, he left with a sigh.

Chapter 522

"What's the matter?"

Zhao Tong heart thoughtfully back to the bedroom, Jin Zhengting a look to see that she has something on her mind, light asked.

"I always think something is wrong with Xiaoying, but she seems to be very resistant to talking to me, and I don't know how to help her."

Zhao Tong sighs gently. She really wants to make Jin Ying better, but she knows that she has a deep prejudice against herself. After this injury, her character becomes more eccentric. She always looks indifferent, but it's her disguise. In fact, she has closed herself in a person's world, showing her respect for everything outside Deep indifference and resistance.

Jin Zhengting gently stroked her hair and said, "don't always worry about others. She will be fine."

This is his consolation to Zhao Tongxin. He also knows that his younger sister is very boring and the blow of blindness is so great to her, so it's hard to avoid abnormal behavior. As her brother, Jin Zhengting feels it's necessary to care about her, but there are too many things now. He really has no time to deal with the family affairs. Because of Zhao Tongxin's relationship, he and Jin Ying There is a crack in the

relationship between them, which can not be made up casually.

"Zhengting, why don't I take the time to talk to her? These days, we are only busy with the company's affairs, and seem to ignore Xiaoying. Originally, she is a person who doesn't like to talk very much. Now her eyes are like this again. I'm afraid she will have problems."

Zhao Tongxin said anxiously that Xu Yanke had already gone home, and now only Jin Ying's problem had not been solved, and it was quite difficult.

She can feel Jin Ying's hostility to her, but Zhao Tongxin doesn't know it's because of Gu Chen, and simply thinks it's just because Jin Zhengting once put her in a mental hospital because of himself.

"Not for the time being. We all have more important things to do, and your health is not very good. You'd better concentrate on your work and have more time to rest."

Jin Zhengting didn't agree, because he knew that Zhao Tongxin was very tired for the company's affairs, so what he needed most now was rest. He always thought about things from the perspective beneficial to her. In fact, it was also his fault. Jin Ying will play a very important role in the future.

Zhao Tong thinks that what Jin Zhengting said is reasonable. She is still very young, and she was at an energetic age. But because of her pregnancy, she always feels tired after dealing with the company's affairs. Maybe it's the phenomenon that pregnant women often appear after three months of pregnancy.

She had one experience in this aspect, so she really didn't have enough energy to care about Jin Ying.

"Well, let's put Xiaoying's business aside and think about it after we get on the right track. Zhengting, what's the name of our child in the future?"

Zhao Tong Xin blinked her beautiful eyes, looked at Jin Zhengting and asked, the child before them died without a name. This is her eternal regret. Thinking of the child killed by Huo Tingchen, her heart will be stinging. Fortunately, the child in her stomach can soothe her sadness to some extent.

Now, she wants Jin Zhengting to give their children a name, because she doesn't want to leave any regrets.

Jin Zhengting was stunned for a moment, and then his cold eyes became gentle gradually. He gently held Zhao Tongxin in his arms, stroked her back, thought for a while, and said faintly in her ear, "what do you want the child's name to be?"

"You are the father of the child. Of course you will take it."

Zhao Tong said with a little coy heart, she knew that although Jin Zhengting looked very difficult to approach, but in the heart, she still liked children very much.

"The boy's name is Haoran, and the girl's name is Siyan."

Jin Zhengting said faintly that it was a name he had long thought of. When the last child was born, he had already thought about it, but before he could say it, there was such a change.

It was his first time as a new father. It can be said that Mr. Jin, who had been through numerous storms, had an indescribable sense of joy when his child was born. It was only Huo Tingchen who destroyed this happiness.

He was never a person who put his sadness and happiness on his face, so no one except Zhao Tongxin knew how painful he was in his heart and how strong his hatred was. Just in front of the overall situation, Jin Zhengting always warned himself to keep calm, so he could have killed Huo Tingchen without scruples several times, but he finally put up with the price he would have to pay. Because of the best opportunities, Huo Tingchen has Zhao Tongxin as a hostage. He can abandon everything without hesitation, but he will never give up Zhao Tongxin. This is all his feelings for her.

"Well, just listen to you. The boy's name is Haoran. I hope he can have a noble spirit. But why should the girl be called Siyan? You still miss Xu Yanke, right?"

Zhao Tongxin nestles in Jin Zhengting's arms and makes a joke. She naturally knows that Jin Zhengting can't have such an idea, but she always feels that sometimes Jin Zhengting is too serious. As his wife, she wants to activate the atmosphere appropriately.

Jin Zhengting also knew that she was joking and gave a faint smile: "because every time you are not by my side, I will inadvertently think of your face." This is one of his few moments to express his feelings. Most of them are with Zhao Tongxin, because only she is qualified to see everything in his heart, and only in front of her can he express his feelings without reservation, which is why they have been integrated into one.

Zhao Tong shyly lowered his head and hugged his chest with his side face. It was the nearest place to his heart. Listening to his heartbeat, she could feel his true feelings for her.

"I see, Zhengting, I love you."

She said faintly, but with unspeakable tender feelings in her voice. When she hugged him, she could almost fall asleep. Unconsciously, she would express what she wanted to say to him most. This situation rarely happened before, which proved that their feelings gradually sublimated to a new stage after the test of time and many things. New heights.

"Well, me too."

It's impossible for a man like Jin Zhengting to say that I love you, but if he doesn't say it, it doesn't mean Zhao Tongxin doesn't know. She knows that he loves himself, and he loves her so deeply that ordinary

people can't understand him. Although he never uses words to express his love, he releases his love for her all the time from his actions.

"You say, can we love to the end?"

Zhao Tong Xin nestles in his arms and asks, she doesn't know why she thinks of this problem. Maybe women are born with a lack of security. When they have, what they fear most is to lose, so they are always looking for evidence to make them confident.

"We love it to the end."

Jin Zhengting's eyes become deeper. In his eyes, there is a strong love. This is his answer, because he loves, and his love for time is eternal.

Some feelings come fiercely and go without trace. Some feelings are flat and light from the beginning to the end, but his feelings for Zhao Tongxin are fierce from the beginning, and will always remain hot.

Maybe at the beginning, he just took Zhao Tongxin as Xu Yanke's stand in, but with the passage of time, the unique temperament she showed deeply attracted his heart. Maybe from the moment he was moved, it was doomed that the other half of this life belonged to Zhao Tongxin.

Therefore, even if there are countless women around him and thousands of pursuers are waiting, he will never be moved. Even Cheng mobing and Xu Ting, who are not inferior to Zhao Tongxin in appearance and ability, can't move him.

Because his heart is as hard as a diamond. Once someone carves a mark on his heart, it will never be erased. If someone can carve a mark on his heart, there will be no other one in the world except Zhao Tongxin.

So when Zhao Tongxin asks this question, he can give her the most affirmative answer without hesitation, because diamonds represent eternity.

"I believe you. In fact, I am the same to you. Zhengting, I will give you all my love for a lifetime."

Women usually rarely make a commitment, but Zhao Tongxin has given him a lifelong commitment. She has determined that Jin Zhengting is the man who can walk through forever hand in hand with her.

Fate is really strange. Some people go after it as hard as Xu Ting did to Jin Zhengting, but they can't get anything. Some people don't need to pursue it at all, but when fate comes, that person will naturally come to us, just like she and Jin Zhengting.

All this is like an occasional small probability event, and it's like a predestined encounter. However, Zhao Tongxin doesn't think about these mysterious things. He's at his side now, and his love for himself has reached the point of no more, so that's enough.

Jin Zhengting gave a cool smile: "well, all my life."

"Zhengting, I want you to promise me one thing."

Zhao Tong Xin showed a rare look of coquetry. She peered into his arms and said that her eyes were clear and bright as stars.

Jin Zhengting was deeply attracted by her simple eyes, fondly stroked her hair, eyes full of extreme doting: "what do you want me to promise you?"

"You must live longer than me."

Zhao Tongxin said very seriously that her face became very serious. It seems that this is a problem that she is very concerned about. No one should have thought that she would think of this problem at such a warm time, but Jin Zhengting did.

"Well, I promise you."

He gave a faint smile. He knew why Zhao Tongxin said that. Now they are very young and have a lot of good time to spend together. But Zhao Tongxin suddenly mentioned this problem, which proved that she had thought about it for a long time. She was afraid that she would be very lonely after leaving him, because she never wanted to leave him.

"Am I selfish?"

Zhao Tong Xin's eyes suddenly flashed a sad look, women sometimes very strange, clearly in the most happy time, she just think of the saddest thing, or this is the so-called rainy day, so that women's eyes is the most long-term."No, I won't allow you to bear all the loneliness and sadness alone. These things will be very painful, so it's better for me to bear them. We agreed before that I would bear everything for you."

Jin Zhengting's eyes are extremely firm. He will always remember what he promised Zhao Tongxin, and he will do it. As a man, there is no reason why he can't do what he promised his woman.

"Zhengting, you are very kind to me."

Zhao Tongxin's eyes are already full of honey. The commitment of his favorite man to himself is the most romantic expression of love in the world.

"It's right to be nice to you, because you're my wife."

Jin Zhengting smiles and kisses her on her red lips. Zhao Tongxin quietly closes his eyes, puts his hands around his waist and asks for his love.

Chapter 523

Tianhong Group, President's office.

It's late at night, but the light is still on in the office, so the key members of Huo Tingchen group are in the conference room, and the emergency meeting is being held.

"I've got the exact information that this gambling stone will be destroyed by Zhao Tongxin, because she has extraordinary keen sense of touch and can judge the quality of the original stone from the slightest temperature difference."

Huo Tingchen frowned and said that not long ago he received a phone call from Gu Chen, who told him the truth about the information he got from Jin Ying.

In essence, Gu Chen doesn't want to sell Zhao Tongxin. He can give everything to protect Zhao Tongxin, but his jealousy has completely lost him. Now he just wants to bring down Jin Zhengting, which is the biggest block in his pursuit of Zhao Tongxin.

With Gu Chen's own strength, it is absolutely impossible to do it. Although he is famous, he is just an entertainment star. No matter from the background, influence, or assets, he is not qualified to be Jin Zhengting's opponent.

Therefore, he had to turn to external forces. Now in Jiangbin, those who can confront Jin Zhengting head-on can't find a second person except Huo Tingchen. No one has Huo Tingchen's strength, and no one has Huo Tingchen's courage. Therefore, from the aspect of Gu Chen's feelings towards Zhao Tongxin, his loyalty is more important than anyone around Huo Tingchen. Reliable, of course, this is what Huo Tingchen thought of, which is also an important reason why he believes in Gu Chen very much.

"Mr. Huo, I don't think it's possible. Our company also has quite professional gambler identification experts, and we haven't heard of their strange ability."

Xu Ting doesn't believe it. In fact, she doesn't consider the truth of this matter at all. She just doesn't want to believe that Zhao Tongxin is a capable person. She never thinks that Zhao Tongxin will be stronger than herself.

"Xu Ting is right. Huo can't be mistaken. I've been concerned about jewelry for some days, and I've never heard of anything so strange."

Xu Zheng also raised a question. He had been planning to deal with Jin Zhengting for a long time. He was a smart man, so he knew that to deal with Jin Zhengting, he had to start from his most pillar industry. There was no doubt that this industry was the jewelry industry. When he came up with the idea of letting the Xu family replace the Jin family, he began to devote himself to jewelry research. I'm no stranger to the gambling industry.

He knows that it's very difficult to become a professional stone appraiser, and it also needs rich experience and professional knowledge, so he absolutely does not believe that Zhao Tongxin, who has never been in contact with this industry, can master the identification skills of gambling stones at once.

Huo Tingchen's Phoenix eyes are cold, staring at Xu Zheng and Xu Ting's cousins, with a trace of dissatisfaction in his tone: "why, don't you believe me?"

He is in a very bad mood now, because he knows that Jin Ying's news is highly reliable, so gambling stone may fall short because of Zhao Tongxin's special ability, and even become a big pit to bury his efforts. His mood will be seriously affected, and his speech will not be as gentlemanly as usual.

Huo Tingchen has a dual personality, always moody, so no one can guess what kind of mood he will be in the next second, but there is no doubt about his deterrent power.

"Mr. Huo, I'm not doubting you, but it's almost impossible for this kind of thing to happen. Can we give up the gambling stone that we have been preparing for for a long time because of an unconfirmed news? If this plan can succeed, it will bring billions of revenue to the group. Our current financial situation is very unsatisfactory, and we need a capital injection urgently, no It is likely to be crushed by Jin Zhengting. "

Cheng mobing naturally sees Huo Tingchen's dissatisfaction. She euphemistically says that this gambling meeting is the reason why she can't give up, because she knows Huo Tingchen's weakness, that is, she can't bear to be crushed by Jin Zhengting.

Sure enough, after she finished speaking, Huo Tingchen's face had changed. His face was uncertain. Everyone who knew him well knew that it was a sign of his anger.

Fortunately, after talking with Jin Ying, Huo Tingchen gradually realized his shortcomings. In order to deal with Jin Zhengting, he is also trying to change his weaknesses a little bit.

So this time, he didn't vent his anger, forced himself to suppress his anger, and a gentleman's smile appeared on his face again: "what you said is not unreasonable, but gambling stones will matter. We can't have any mistakes, and I believe the source of the news, because it's from inside the Jin family."

his words made Xu Zheng and Cheng Mobing be stupefied. They didn't know that Huo Tingchen had already distributed their eyes to Jin's house, which seemed almost impossible to them.

"Mr. Huo, since you believe it, we must take it seriously. The plan must be revised."

Xu Zheng secretly motioned Cheng Mobin not to speak. He told Huo Tingchen faintly that Cheng mobing would be the biggest gambler this time. Now he and Cheng mobing can be said to be lovers, and he is also attached to Cheng Mobin, so he is bound to speak for Cheng mobing. However, Xu Zheng is not a perceptual person. The reason why he strives for the interests of Cheng mobing is that he is not ready to

annex Huo Tingchen.

Huo Tingchen felt more comfortable when he heard that. He was not a person who would like to hear different voices. Although he and Jin Zhengting were mortal enemies, he also imitated Jin Zhengting's style everywhere. He needed to be as high as Jin Zhengting and have an unquestionable atmosphere.

It's just that Huo Tingchen doesn't know that his imitation is nothing more than imitation. He only learned Jin Zhengting's skin, but not the essence, because Huo Tingchen, who controls his subordinates by terrorist means, will never learn the essence.

"It's necessary to modify the plan, but the gambler will never make mistakes."

Huo Tingchen very much hopes that Cheng mobing will suffer heavy losses, but the current situation does not allow him to have such an idea. Now the two people form an alliance, and only reluctantly compete with Jin Zhengting. If there is another internal conflict between them, then the situation will only be worse. Although Huo Tingchen's strategy is not as good as Jin Zhengting's, he still has this vision.

"We can change the temperature of the original stone. For example, we can find some pieces with better quality. After low temperature treatment, she can't feel the subtle difference."

Xu Zheng's reaction is very fast. He assumes that Huo Tingchen's news is true. Since Zhao Tongxin uses temperature difference to identify the quality of raw stone, he believes that Zhao Tongxin's method will not work as long as the temperature is destroyed.

"Mr. Huo, my cousin is right. In this way, even if Zhao Tongxin can sense the subtle temperature difference, she is unlikely to be able to select rare stones all at once."

Xu Ting agrees with Xu Zheng's idea. Her position is rather vague. She neither stands firmly on Huo Tingchen's side nor shows Cheng mobing that she wants to draw a clear line, because she is only using Huo Tingchen's and Cheng mobing's ambitions to achieve the goal of dealing with Zhao Tongxin. Therefore, in the current United Group, she supports Whoever makes sense.

Huo Tingchen thought for a while and nodded his head slightly: "this is a way, but it's not very safe. There are no other ways to continue to transform that rare stone. It's our bait. If we are selected once, we will have no chance to sing."

Among the thousands of original stones, only one is rare, and the chance of being selected is one in a thousand. However, Huo Tingchen feels that it is not safe. He demands 100% assurance, because he especially wants to win Jin Zhengting, even if only this time.

"There are still some ways. I've sent someone to make some good quality stones look like rare stones, which is enough to cheat most of the stone appraisers."

Cheng mobing confidently said that she had prepared for this plan for a long time, and naturally came to

Huo Tingchen's worries, so she made preparations early.

"Not bad."

Huo Tingchen's face showed a satisfied smile, but soon disappeared from his face, replaced by a very cold expression: "but the existence of Zhao Tongxin always makes me uneasy, I don't know what can prevent her from participating in the gambling fair."

Xu Zheng pondered for a moment. He knew that although Huo Tingchen was asking everyone, he was actually asking him to think of a way, because if all of you here were wise and resourceful, no one would dare to say that he was the first.

"Huo, I want to ask, who is your eye liner inserted in Jin Jia?"

In fact, this question already has an answer in his mind. He just wants Huo Tingchen to say it himself, so as to determine his own judgment, because he needs this person to hold Zhao Tong's heart.

Looking at Xu Zheng's expression, Huo Tingchen soon realized that the cooperation between Jin Ying and himself would not hide from Xu Zheng. He was much smarter than he thought, so he did not hide any more: "to tell you the truth, we should be Jin Ying, the eldest lady of Jin family."

With this remark, everyone except Xu Zheng, including long Jiu, Huo Tingchen's closest friend, was shocked. They didn't know why Jin Ying would betray her family and chose to cooperate with Huo Tingchen, the Jin family's most bitter enemy.

Only Xu Zheng has thought of the answer long ago. He has been secretly watching everything in the Jin family since a long time ago. All the servants of the Jin family are carefully selected and their loyalty is absolutely reliable. Old lady Jin and Jin's father and mother will not betray their family. Zhao Tong's heart is bent on Jin Zhengting, so it's impossible to betray Jin Zhengting. The servants of Zaba are not qualified to know these things. The only one who is qualified to contact the core members of the Jin family is Jin Ying.

He knows that Jin Ying is a very introverted and boring person. This kind of person usually keeps everything in mind, including dissatisfaction with others. As long as it accumulates to a certain extent, it will explode like explosives.

Some time ago, because of her conflict with Zhao Tongxin, Jin Zhengting put her in a mental hospital. It must have hit her a lot. She was blinded by Xu Yanke. The damage she suffered was unimaginable. When she learned that Xu Yan was her sister, the hatred could only be more deeply hidden in her heart. The most important thing was her favorite Gu Chen, who only had Zhao Tongxin's shadow in her heart. For this reason, she refused her confession many times. All these things together, a normal person will have psychological distortion, not to mention Jin Ying who has psychological problems. Xu Zheng has made a detailed understanding and analysis of everyone in the Jin family, so he firmly believes that what Huo Tingchen said is Jin Ying.

"Mr. Huo, I've come up with a plan that may hold Zhao Tongxin back, but I don't know if you have the courage to take risks."

Xu Zheng's eyes flashed a very sinister and vicious light. He looked into Huo Tingchen's eyes and said coldly.

Huo Tingchen was stunned for a moment, but he soon laughed: "I know what you mean. You want Jin Ying to show us the way. When Zhao Tongxin is going to take part in the gambling fair, he raids Jin's villa, right?"

Xu Zheng nodded his head with a grim smile, and his eyes became more fierce.

Chapter 524

"I'm afraid your plan won't work. We've suffered losses twice in a row. Jin Zhengting will pay great attention to protecting his family. Now our strength has suffered a great loss. Even if we can barely gather the manpower to raid Jin's family, if it's the same as the previous two times, we really don't have the capital to fight against Jin Zhengting."

Huo Tingchen is very cautious on these issues. He has been playing against Jin Zhengting for many years. He knows his old opponent very well. Jin Zhengting will not make such a low-level mistake.

But Xu Zheng laughed, lit a cigarette and said, "Mr. Huo, you have already cooperated with Jin Ying. I think she will have a way to find out the distribution of Jin's guards. As long as we can control any one of Jin's old lady or Jin's mother, even if we are surrounded, we can retreat."

Huo Tingchen's eyes brightened for a while. At the beginning, Xu Yanke was able to sneak into Jin's house several times because he knew the guard situation of Jin's villa.

"Well, you're right. I'll contact Jin Ying tomorrow. It's most appropriate for her to do it."

"In addition, we need to pay attention to the fact that Mr. Huo, even if Jin Ying is cooperating with us now, we can't stimulate her too much, so don't hurt Jin's family when we act, otherwise we may lose the threat placed around Jin Zhengting."

Xu Zheng obviously has other considerations. He is really an excellent talent in making long-term plans.

Huo Tingchen also realized Xu Zheng's idea, so he asked with a smile, "do you have any other plans?"

Xu Zheng doesn't intend to hide Huo Tingchen, because any of his plans need Huo Tingchen or Cheng mobing to complete, and he only hopes to be able to control everything behind the scenes.

Over the years, he has been used to such a mode, never showing his ability in front of others, and often

acting like a playboy to make others think that he is a dandy.

But now the chaos in Jiangbin makes him see his hope of replacing Jin Zhengting. So it may be dangerous to cooperate with Cheng mobing or Huo Tingchen, and he has to gamble at any time. After all, the strength of the Xu family is limited, so he is not qualified to challenge the Jin family. He can only rely on external forces to complete his plan.

This time it's a critical moment, so he can't hide anything from Huo Tingchen. Many things must be done by Huo Tingchen.

"Yes, Mr. Huo, think about it. If we hijack Mrs. Jin and his mother, he will not give up his grandmother and mother with Jin Zhengting's character. At that time, we will really take the initiative and we will get the necklace. If they know how to open the treasure, at least we will not let them get it."

Xu Zheng's attention has never left the treasure. In fact, he wants to get the treasure more than anyone else, because he needs to expand his strength rapidly.

Huo Tingchen was silent for a while. He was thinking about the plan put forward by Xu Zheng. It was a very risky thing, because Jin Zhengting was very concerned about the safety of his family. Once someone threatened his family, he would fight back strongly. Huo Tingchen had suffered several losses in this respect, so he had to be cautious.

However, Xu Zheng's plan is very attractive. At this time, both sides are in a very balanced stage. Without other capital injection, both sides maintain a balance of power. However, Zhao Tongxin, Cheng Meiqin's adopted daughter, may get clues about the treasure at any time. It's like a sharp knife hanging over his head, which may fall down at any time.

If Xu Zheng's plan is successful and they can get the necklace, at least Jin Zhengting will not get the treasure that can turn the current situation around. Huo Tingchen bites his teeth. In order to get the result he wants, he has to take risks.

Huo Tingchen is cautious, but when it comes to the critical moment of life and death, he never hesitates, which is one of the reasons why he can survive in Jiangbin controlled by Jin Zhengting.

"Well, just do as you say. Long Jiu and Xu Ting, you choose people to wait for my orders at any time. You must keep it secret. Jin Zhengting is all over the riverside. If he finds out, it's not good."

He decisively gave the order, which also shows that he has a gambler side, because Huo Tingchen's life is a big gamble, win the bet, not only can give Huo family revenge, and will jump to become the first person of Jiangbin, but he must not lose, because the loser is not only out of the game so simple, to both sides accumulated so much resentment Jin Zhengting will never let him live in this world.

"Well, Mr. Huo, Zhao Tongxin's catering company will open in a few days. Shall we go to congratulate him?"

Xu Zheng specially emphasized the two words of congratulation. Obviously, there is something in his words. His so-called congratulation is actually destruction.

As soon as his words came out, Xu Ting immediately agreed: "yes, Mr. Huo, just follow my advice. On the first day of opening, a large number of customers suffered from food poisoning, and her company will not be able to operate."

As long as it's an opportunity to deal with Zhao Tongxin, Xu Ting doesn't want to let go of any of them. Her hatred for Zhao Tongxin has already reached the point where there is no more. This is also the reason why Huo Tingchen is most relieved of her. Xu Ting is a very resourceful woman, which Huo Tingchen has seen very clearly for a long time, but she also has no great ambition. Maybe not all women regard power as the first goal in their life like Cheng mobing. Xu Ting just wants to get Jin Zhengting.

Zhao Tongxin is the insurmountable mountain in her pursuit of Jin Zhengting. Like Xu Zheng, Xu Ting has no ability to eradicate it, so she can only rely on Huo Tingchen's power. However, she is somewhat different from Xu Zheng. After Xu Zheng achieves her own goal, she will seek more. This is why Huo Tingchen always has to guard against him. Xu Ting's goal is the same. It's much simpler. As long as I can be with Jin Zhengting, I won't care about anything else.

Huo Tingchen's eyes pass a cold smile that is not easy to detect. He thinks that Xu Ting can make better use of it and trust more. When Jin Zhengting is defeated, he will let her and Jin Zhengting die together.

Huo Tingchen and Xu Ting have no grudge at all. The reason why they want Xu Ting to die is that she only loves Jin Zhengting in her heart. He will not hesitate to eradicate all the people related to Jin Zhengting.

Now Xu Ting's eagerness is actually her love for Jin Zhengting. The more anxious she is to bring down Zhao Tongxin, the more she wants to be with Jin Zhengting. This has touched Huo Tingchen's sensitive nerve.

If it wasn't for Xu Ting's utility value, and his concern about Xu Zheng's feelings, he would have killed Xu Ting on the spot.

Huo Tingchen resisted the impulse to kill and carefully examined Xu Ting's plan. It is undeniable that her plan is feasible, but the time is not right now.

"No, it's not urgent now. All the staff in Zhao Tongxin's company are employees of the original jewelry company and those transferred from Yang's group. These people are very loyal to Jin Zhengting and Yang ziye. It's hard for us to buy them off. Moreover, if we expose our goal too early, Jin Zhengting will be alert."

Huo Tingchen shakes his head and says that he doesn't want to stimulate Jin Zhengting now. The actions of the last two days have exhausted his most elite men, so there are few capable men around him now,

which makes him feel insecure. At this time, he has no courage to tear his face with Jin Zhengting.

Every vicious person, without exception, is very concerned about their own safety, because they are selfish, so is Huo Tingchen.

Xu Ting was obviously disappointed, but thinking of Huo Tingchen's terrible eyes when she heard different opinions, she swallowed a mouthful of water and didn't complain.

Xu Zheng quietly gives her a look. He knows Huo Tingchen's character. If Xu Ting insists on her opinion, it is likely to infuriate Huo Tingchen, so what kind of means she will face is not known, but any end will be very miserable, so even if Xu Ting shows a tendency towards Huo Tingchen, she is in the position of self-respect. A cousin's pet, he is still very timely to stop her anger. Huo Tingchen may.

"Mr. Huo, we can't focus all our attention on Zhao Tongxin. She does get Jin Zhengting's full support, but it doesn't mean that Zhao Tongxin can defeat Jin Zhengting if she is defeated. He has huge and terrible strength in other fields. If we ignore those, the consequences will be disastrous for us."

Xu Zheng keenly catches Huo Tingchen's intention to kill when he looks at Xu Ting, so he quickly shifts the topic.

Huo Tingchen's thinking gradually calmed down when he heard him say this. He suddenly found that if it wasn't for Xu Zheng's reminding, he really regarded Zhao Tongxin as the biggest opponent at present.

It's hard to ignore Jin Zhengting, the most terrible opponent, as Xu Zhenggang said. During this period of time, he and long Jiu's intelligence network have always focused on Zhao Tongxin's company. Even Jin Zhengting's group has not paid attention to any action now for a long time. If Jin Zhengting makes any action behind his back at this time, he will be in danger. It's the deaf and the blind. They don't even know it.

Thinking of this, Huo Tingchen's forehead was in a cold sweat. He turned his head and asked long Jiu, "is Jin Zhengting doing anything now?"

Long Jiuyi shook his head blankly: "brother, my subordinates have been monitoring Zhao Tongxin's every move according to your orders. As for Jin Zhengting, they really pay little attention to it."

"If it wasn't for Xu Zheng's warning, we would have made an unforgivable mistake. Now you order the intelligence officers immediately. From now on, we can't relax our surveillance on Jin Zhengting."

Huo Tingchen's mouth muscles trembled a few times. Since Jin Zhengting and Zhao Tongxin came back from Southeast Asia, because that was the most competitive time for jewelry companies of both sides, he sent all his intelligence collectors to monitor Zhao Tongxin, but ignored Jin Zhengting's actions. Now he suddenly realized that Jin Zhengting was his lifelong enemy.

"I don't think Jin Zhengting can do anything in a few days, so don't be too nervous."

Xu Zheng light comfort said, his eyes flashed a touch of joy that others can not find, his heart suddenly completely put down.

He and Cheng mobing look at each other casually and find the same expression on her face. Only the two of them can understand what this means. Huo Tingchen has been thinking about his own omissions, so naturally he will not notice the expressions of the two of them, pondering: "now both sides have no ability to change the situation, what do you say we should do?"

Xu Zheng said with a smile: "Mr. Huo, you should know that the strongest fortresses are often broken from the inside. Obviously, as long as we can break up Jin Zhengting's internal group, we will be able to win."

"Oh? But Yang ziye and Lu zhanyan are friends who grew up with Jin Zhengting. It is impossible to divide them. "

Although Huo Tingchen said so, he already had a smile in his eyes, because he saw Xu Zheng's insidious eyes.

Chapter 525

Huo Tingchen and Cheng mobing join hands. The strength of this joint group is unprecedented, but it still can not occupy an overwhelming advantage in strength. In addition to Jin Zhengting's group, which is the largest group in Jiangbin, Yang ziye and Lu zhanyan firmly stand on Jin Zhengting's side, which is also a very important reason.

Yang ziye and Lu zhanyan are second only to the Jin family. They have been operating in Jiangbin for many years and have long been deeply rooted. They both have the same military background as the Jin family. Although Yang ziye and Lu zhanyan always hide in the light of Jin Zhengting, their strength should not be underestimated.

It was they who helped Jin Zhengting bear a lot of pressure, and Yang ziye had already stood in front of the stage. The United catering group, which cooperated with Zhao Tongxin this time, also had a clear sense of declaring war. Through this cooperation, he announced to Huo Tingchen that he was absolutely on Jin Zhengting's side.

Although Lu zhanyan did not invest in the catering industry, he also maintained close cooperation with Jin Zhengting group in real estate and other commercial fields, which also proved that the relationship between the three families has reached an unbreakable level.

If we can't defeat Yang ziye and Lu zhanyan before the decisive battle with Jin Zhengting, these two giants will undoubtedly cause great trouble to Huo Tingchen.

Therefore, Huo Tingchen is eager to remove Jin Zhengting's help by the quickest means. Before

yesterday, he could send his hand to assassinate Yang ziye and Lu zhanyan. However, because of his misjudgment, his underground forces were almost uprooted by Jin Zhengting. So he is not strong enough now.

However, judging from Xu Zheng's reaction, we can see that he has a new plan. What he can think of is that Xu Zheng not only thinks of it, but also has made full preparations. This proves that his vision is far more long-term than himself. After Jin Zhengting is completely defeated in the future, he will certainly become the most powerful enemy on his ideal road of dominating Jiangbin.

In the past, Huo Tingchen would have killed Xu Zheng on the spot without even thinking about it, so as to eradicate the future trouble. But now, it's not enough. First of all, Xu Zheng is Cheng mobing's man, which will expose her ambition of annexing Cheng mobing. At present, even if Cheng mobing knows that she will do it sooner or later, she will try her best to maintain her double interests under the pressure brought by Jin Zhengting. Of course, Huo Tingchen is the same.

But once he starts to fight Xu Zheng, it means that the alliance between the two sides no longer exists, which will make Cheng mobing feel the strongest threat. So he has to bear it for a while, and everything will wait until he has finished dealing with their common enemy.

"Xu Zheng, if you have an idea, just say it. We should trust each other."

Huo Tingchen said to Xu Zheng with a smile that he also needs Xu Zheng to be around him now and give advice for the current situation, because his talents are still too scarce.

"Mr. Huo, I am familiar with Yang ziye. A long time ago, he was also a playboy as famous as me. It is undeniable that he is a very smart man. Maybe his wisdom is no worse than Jin Zhengting."

Xu Zheng says faintly that he once known as Jiang Bin Er Shao in Fengyue place. He knows Yang ziye very well. At the same time, he also praises this dandy who is as famous as himself.

Huo Tingchen's brows are locked. From Xu Zheng's praise for Yang ziye, he can know that Yang ziye should be the same kind of person as Xu Zheng. People only see that Yang ziye and Xu Zheng are dissolute CHILDES, and selectively ignore their abilities. If they are really like what Xu Zheng said, then they have a very strong enemy, plus Zhao Tongxin, who is growing up in the conference room, can't help feeling a headache. Looking around at the people in the conference room, no one can really compete with Jin Zhengting group.

"Don't worry, Mr. Huo. Please let me finish."

Xu Zheng took a deep breath and continued to say faintly: "although Yang ziye is smart, he is still not deep in the world. I admit that he chose to live a life full of money in disguise to prevent Jin Zhengting from paying attention to my ability, but Yang ziye really likes to spend time and drink. No matter how smart he is, there is no difference between him and Zhao Tongxin in business. In addition, they are all inexperienced rookies. To sum up, Mr. Huo doesn't have to worry about the Yang Group at all, because

he won't pose a substantial threat to us. "

Huo Tingchen's eyes turned a few times. He also felt that what Xu Zheng said was reasonable. He had investigated Jin Zhengting's friends. Naturally, Yang ziye must be included in it. He didn't think that Yang ziye would suddenly become a decisive figure.

"Lu zhanyan is different. He may not be as smart as Jin Zhengting and Yang ziye, but he is very pragmatic and down-to-earth. He is also very calm and has rich experience. It is very difficult to deal with him."

Naturally, like Huo Tingchen, Xu Zheng has carefully analyzed all the people around Jin Zhengting, and the conclusion is that if he wants to deal with Jin Zhengting, he must defeat Lu zhanyan first, otherwise he will greatly involve his own funds and energy.

Huo Tingchen can't help nodding. He agrees with Xu Zheng's analysis, because he also regards Lu zhanyan as the first group of people to deal with. However, Lu zhanyan is different from Yang ziye. He seldom appears in public, and people who don't know him are not familiar with Lu zhanyan. This is why Huo Tingchen didn't do it late, or he has no way to deal with Lu zhanyan."Huo always doesn't think that Lu zhanyan is a very low-key person, so he knows little about him. There is a feeling that he doesn't know what method to use for him?"

Xu Zheng asked with a smile. He had already guessed Huo Tingchen's difficulties, and obviously he had already figured out the countermeasures.

"Yes, I don't know how to deal with him, because he has very little information, even we don't know how much assets he has and what projects he mainly deals in. What do you think we should start from?"

Huo Tingchen is not very angry. Thinking of this, he has a kind of inexplicable irritability in his heart. He has the feeling that a dog bites a hedgehog and can't get off his mouth. Yang ziye can let him go for a while, but Lu zhanyan must clean it up immediately, otherwise he can also bring great threat to himself.

"We don't need to know how many assets he has, let alone what projects he operates. As long as we can make use of one thing, we can make the whole Lu family uneasy."

Xu Zheng showed a very confident smile. His performance made Huo Tingchen look at him differently. It seems that he has been prepared to deal with Jin Zhengting group for a long time, but he has no good partners, otherwise he would not even think of how to deal with Jin Zhengting's allies.

"Well, let's hear it. If it's possible, I'll send someone to do it right away."

Huo Tingchen asked with great interest. He can't wait now. He thought that if he occupied the Cheng family's property, he could launch a fatal attack on Jin Zhengting. But he misestimated the situation. He overestimated his own strength and underestimated Jin Zhengting's energy in Jiangbin, so that most of his assets can't enter the Jiangbin market. This also made him interested To the point of frustration.

Mingming has achieved the utmost, but he can't defeat Jin Zhengting. In the long run, he is afraid that he will doubt his ability. This is a dangerous signal. No matter what he does, he can't do without confidence. A person without confidence will accomplish nothing.

So Xu Zheng seems to have a way to change this dilemma, and his heart can't help beating faster.

"Mr. Huo, you should know that besides Lu zhanyan, there is another man in the Lu family."

Xu Zheng sold a small pass. In fact, he did it on purpose, because he also wanted to see Huo Tingchen's understanding of other rich and powerful families in Jiangbin. If he knew very well, it would prove that his Xu family also came into Huo Tingchen's sight. It is very likely that in Huo Tingchen's series of annexation plans, the Xu family is one of them.

"Of course I know. He has a younger brother named Lu Moyan, who is in the business of entertainment company. Gu Chen has a very close relationship with his company."

Huo Tingchen is a smart man, but he is also a person who is easily influenced by emotions. Such a person will have a common feature, that is, it is difficult to be thoughtful. Therefore, he has no feeling for Xu Zheng's exploration, but simply thinks that Xu Zheng is selling the key to improve his weight in his own heart. So he casually says that he really has an annexation Plan, so I had a deep understanding of Jiangbin's rich family, and I'm not unfamiliar with Lu's information.

His words confirmed Xu Zheng's conjecture. He was really ambitious, trying to annex the whole family of Jiangbin. His own Xu family was also one of his goals, but his face was still silent, pretending that he didn't know anything. He said faintly: "Mr. Huo is right, the person we want to use is Lu Moyan."

Huo Tingchen was stunned for a moment: "Xu Zheng, what the hell are you doing? As far as I know, the relationship between the Lu brothers is very close. It's almost impossible to cooperate with Lu Moyan like Jin Ying."

Xu Zheng said with a smile: "Mr. Huo, it may not be possible before, but now it is very possible. When two men fall in love with a woman at the same time, many people will ignore their family relationship."

Huo Tingchen's eyes brightened for a moment, but soon faded down: "you mean Qian Yuanyuan. I know that both Lu brothers like her, but since she married Lu Moyan, Lu zhanyan seems to have given up on her. I'm afraid that your plan to alienate them through emotional entanglement won't work."

"No, Mr. Huo's intelligence work is not careful enough. In fact, Lu zhanyan has never forgotten Qian Yuanyuan. I can even conclude that he still has a deep love for his sister-in-law."

Xu Zheng said with a smile that he was also a man who did everything he could.

"How do you know?"

Huo Tingchen narrowed his eyes. He felt more and more that Xu Zheng was smart and terrible. Now he was thinking about how to guard against Xu Zheng.

"Yang ziye and Lu zhanyan often patronize a bar. Several times when they drink too much, Lu zhanyan has called Qian Yuanyuan's name more than once. It can be seen that he still has her in his heart. As long as we have a little means, it's not difficult to alienate Lu's two brothers."

Xu Zheng said faintly, with a confident expression on his face. He also deliberately showed his ability to make Huo Tingchen afraid, because now after Cheng mobing lost the fund, the group is very vulnerable, and Huo Tingchen's batch of arms successfully landed tonight will soon become a large sum of money, in order to prevent Huo Tingchen from swallowing Cheng mobing group He also had to push himself to the front, although this will arouse Huo Tingchen's vigilance and suspicion, there is no way to do it. After all, compared with Huo Tingchen, Cheng mobing is better to deal with, so he must firmly adhere to Cheng mobing. Huo Tingchen didn't understand his intention, but he did have some fear for Xu Zheng. However, their contradiction has not yet broken out. The most important thing is to solve the common enemy first.

"I see. It seems that your intelligence work is really all pervasive. When shall we start?"

Xu Zheng light smile: "Zhao Tongxin's company opened, it provides us with the best opportunity."

Chapter 526

For several days, the situation in Jiangbin was unusually calm. Huo Tingchen did not take the next step, and Jin Zhengting did not deliberately break this balance.

But both sides are aware that they are both saving their energy, waiting for the arrival of a new round of confrontation.

Today is the opening day of United catering group, so Zhao Tongxin came to the company early with his team.

The scene is very busy, both employees and executives in the company are nervously and orderly preparing for the opening reception.

The United catering group is the most powerful company under Jin Zhengting and is jointly established by the city's leading catering industry Yang Group. It also sends a signal to the upper class of Jiangbin, that is, the Jin family and the Yang family are integrated, which also makes many groups who are ready to take refuge in Huo Tingchen have to consider the situation anew.

Many of them saw that Zhao Tongxin's jewelry company was defeated in the competition with Huo Tingchen and was forced to move to the catering industry. In fact, they didn't know the inside story. They didn't know that Jin Zhengting and Zhao Tongxin had thought of this for a long time, but they didn't have time to implement it. In addition, Huo Tingchen used malicious means to disrupt the jewelry

market. Have an ulterior motive for the

Yang Group at this time suddenly announced that Jin Zhengting and cooperation, which is secretly warned those ulterior motives, the order of the riverside is still the Jin, Yang, Lu three family has the final say, this is Yang Ziyi's most powerful response to Huo Tingchen.

Everyone knows Zhao Tongxin's identity. She is Mr. Jin's favorite wife, so none of the rich people who received the invitation were absent from the party, because if they were absent from the party, they thought that they were enemies of Mr. Jin Zhengting, so his fate would be very miserable. Although the situation is not clear now, Mr. Jin Zhengting still has enough deterrent power.

Wearing a lavender dress, Zhao Tong is elegant and approachable. With a gentle and polite smile on her face, she greets the rich at the door of the company.

Xu Yanke, Shaoyuan and Rong Qi are very close to her. They watch every person passing by Zhao Tongxin with vigilant eyes. If someone does something against her, they will take it down immediately.

When Zhao Tongxin came to the reception one after another, he could not help feeling that she was the wife of president Jin, or the most powerful woman in Jiangbin. However, she treated people who were different from her in identity with an equal attitude. Many of them had experienced the boat gambling incident, and Zhao Tongxin was also kind to them. The rich, who were grateful for saving their lives, now have a better impression of her.

However, even if Zhao Tongxin is so beautiful and outstanding in the crowd, just like the existence of pianpianpian fairy, those rich people who linger in romantic places all the year round dare not make even a little excessive move, and even dare not hold Zhao Tongxin's hand.

It's no secret that Jin Zhengting dotes on Zhao Tongxin. They don't want to be taken care of by Jin Zhengting just because of a handshake. After all, they are told by their enemies that if they eat Zhao Tongxin's tofu, their good days in Jiangbin will come to an end.

So when the rich bring their other half to the door, in addition to respectfully saying hello to Zhao Tongxin, they all look straight at each other and hand over the handshake to their female partners.

"Tong Xin, people are almost here. You'd better go back first. The scene is a bit chaotic. I'm afraid something will happen."

Shaoyuan took advantage of no one to come, came to Zhao Tongxin's side, whispered to her, in fact, the scene of the opening reception is very orderly, no matter how dirty those rich people are behind, but in this kind of public places, they still show enough quality. Although there are many people, there is no sense of disorder, there is no chaos at all, everything is so chaotic in order.

Zhao Tongxin's security work is still very easy to do, but Shaoyuan sees Zhao Tongxin standing at the door all the time. Although she is not allowed to wear high-heeled shoes under Jin Zhengting's orders,

she is a pregnant woman after all. Shaoyuan worries that her long standing will have a bad impact on her health.

Zhao Tong Xin knows that Shaoyuan is concerned about himself, but he still smiles and shakes his head: "spoon, don't worry about my body. In addition to the necessary work these days, I have been taking care of my body. Besides, now it's time to exercise. Originally, my body is weak."

Shaoyuan heard Zhao Tongxin say it in a joking tone, but she also knew that she couldn't persuade her, because Zhao Tongxin really spent a lot of effort on the business of the company. She is a girl who pursues perfection and strives to be impeccable in every detail.

"Well, if you're not feeling well, let us know immediately."

After all, Zhao Tongxin's body matters a lot, which is what boss cares about most. If Zhao Tongxin didn't insist on it again and again, he didn't even want her to attend the opening reception.

"Tong Xin's body will be fine. I think she has a ruddy complexion and stable breathing, which means that all the life indicators are very normal. She is very healthy now."

A soft voice came. Zhao Tongxin and Shaoyuan looked back. Ke Jingteng had his hands on his back, his face was wearing a trademark peaceful smile, and he was wearing a pair of gold rimmed glasses on the bridge of his nose, which made him more like a gentle man. Although Ke Jingteng doesn't often appear in the upper class circles, his family's status in Jiangbin is not inferior to that of Jin's. moreover, he is gentle and handsome. He is the perfect man in the eyes of many girls, so he has a very warm attitude towards him.

Ke Jingteng reluctantly pushed his glasses. This action was very natural and unrestrained. The exclamation followed. He had no choice but to smile: "that's why I don't want to participate in this kind of activity."

"Ke Jingteng, you came in late. I thought you wouldn't come. Why, your busy doctor has leisure time."

Zhao Tong heart faint smile, and Ke Jingteng chat up.

Ke Jingteng also laughed: "if it's someone else's opening reception, I will definitely push it off without hesitation, but your company is the most powerful company under Zhengting, or cooperate with ziye. Both of them are my good friends, so I can't help but come. My good friend's face still needs to be given."

"So you mean we're not good friends?"

Zhao Tong heart feigned anger said, blinking bright eyes looking at Ke Jingteng.

Ke Jingteng said with a smile: "in fact, I haven't finished my words. If it's the two boys' cocktail party, I

don't need to come at all. The face of my good friend is naturally yours."

"It's almost the same. You won't come empty handed. Today is the big day for the opening of our company. Don't you mean it at all?"

Zhao Tong said with a small mouth in his heart that she was joking. He and Ke Jingteng were already very comfortable and could be regarded as very good friends. Moreover, he and Jin Zhengting had been friends since childhood, so naturally there was no need to avoid them.

"Tong Xin, I found that you have become very philistine after doing business. I should reflect to the court and transform a good simple girl into a money worshiper. This is not good."

Ke Jingteng is also in a good mood. He is really happy for his friend and Zhao Tongxin. As he talks, he takes out a card from his pocket and hands it to Zhao Tongxin: "fortunately, I have been prepared. This is a little of my heart. I know that you have just started business and the capital is difficult. Some time ago, ziye and zhanyan collected a sum of money for Zhengting I've also prepared a billion, so I think it's in my gift. "

Zhao Tong heart Leng for a while, did not pick up Ke Jingteng handed over the bank card: "no, this is too expensive, I can't accept."

"Tong Xin, take it. Ke Jingteng always pretends to be poor. It's rare for him to be so generous. If he doesn't accept it, I feel sorry for myself."

It's Yang ziye, the partner of Zhao Tongxin, who is late. It seems that he must have been drunk in gentle village last night.

"Ziye, you are short of funds now. I can only take out so much now. Just take me as a shareholder."

Ke Jingteng cleverly gives the bank card to Yang ziye. His friends for many years know each other's personalities very well. Yang ziye never cares about them.

Yang ziye grabs the card and puts it into his pocket. He also slaps it hard. He shows a satisfied expression on his face: "if you want to be beautiful, you still want to be a shareholder. This is your gift. It's not the capital to buy shares. If you really want to be a shareholder, you can get another two billion yuan."

This is a joke between the closest friends. They don't need to be polite to each other. Ke Jingteng smiles faintly: "no problem. Why hasn't the court come yet?"

"Who knows? Maybe I'm waiting for the speech. It's a long time since the four of us have been together. Today, we are all proud."

Yang ziye shrugs and says that Jin Zhengting is very close to them because of his business relationship, but Ke Jingteng, who doesn't like business, seldom gets together with them. He prefers quiet medical

research.

Perhaps in this noisy world, people like Ke Jingteng will become calm and restrained.

Zhao Tongxin pursed a smile: "how can I have such a big face? The court has some things to deal with, so it will come later. You go to the living room first, and I will greet other guests."

"Well, we'll make it up to you first. I wish Mr. Zhao great success."

Ke Jingteng smiles and walks into the living room side by side with Yang ziye. After all, Yang ziye is also one of the shareholders of United catering group, and many guests need him to greet them.

"I didn't expect Ke Jingteng to be so generous and give a billion red envelopes."

Xu Yanke said that when she was still working under Huo Tingchen, she knew that Ke Jingteng had some background. However, because the Ke family was not in business, she didn't pay much attention to him. She didn't expect that Ke Jingteng was also a rich young man.

"Xu Yanke, you don't know. Although Ke Jingteng is only a doctor, his family background may be deeper than boss."

Shaoyuan said that she had been with Jin Zhengting for a long time, so naturally she knew Ke Jingteng's background.

"Is it?"

Xu Yanke can't believe it. You know, the Jin family's background is very deep, and Ke Jingteng's family background is so huge that she can't be more similar."You two are chatting. There's a situation."

It's Rong Qi who is talking. Her face has shown a vigilant expression. Her eyes focus on the parking lot not far away. Xu Yanke and Shaoyuan look along her eyes, and their faces become dignified. They involuntarily approach Zhao Tongxin, and Xu Yanke even stands in front of her.

Zhao Tong Xin also looked at that direction, but her face was very calm, did not show any other expression, but her eyes were frozen into ice.

She saw a luxury car stop, the door opened, Huo Tingchen with a gentleman's smile came down from the car, he also saw Zhao Tongxin, distant nodded to her side, long Jiu took his arm, at the same time appeared in their line of sight, eyes with a smile.

Behind them, two luxury cars stop. Xu Zheng, Xu Ting and Cheng mobing all get out of the car and walk towards Zhao Tongxin.

Chapter 527

"What are they doing here? Do they want to destroy it?"

Spoon garden asked in a low voice, her hand has been holding the gun, if these people dare to have a little abnormal action, she will immediately shoot.

Xu Yanke is the first to bear the brunt. She is the closest to Huo Tingchen. It is undeniable that she still has a deep fear of Huo Tingchen. However, when she thinks that the person behind her is Zhao Tongxin, she bites her teeth and does not step back. At the same time, she is doing the same action as Shaoyuan.

"I don't know. Anyway, Huo Tingchen came here with those minions. He certainly didn't come to congratulate me. It's better to be careful, Zhao Tongxin. Otherwise, you should leave here first. I'm afraid he will be bad for you."

Zhao Tong Xin, however, raised his mouth slightly and showed a calm smile: "in broad daylight, I don't believe he has the courage to mess around. If I leave, he still thinks I'm afraid of him. You don't have to be nervous. They have to come here. I'll send them an invitation. If they don't come, it will prove that they have lost. With Huo Tingchen's good face character, it must be coming. "

She is very clear that when she and Jin Zhengting sent the invitation to Huo Tingchen's site a few days ago, Huo Tingchen had to come to the reception, because no matter when, he didn't want Jin Zhengting to take the lead.

"In a word, we should play the spirit of 12 points, and there should be no mistakes."

Rong Qi has a calm face. In this team, she is the person in charge of security work, so she will never allow any accident to happen within her scope of responsibility.

"Congratulations, Miss Zhao Tongxin."

Huo Tingchen comes to Zhao Tongxin with a symbolic gentleman smile, with an unspeakable demon in his voice. After dealing with the residual forces of the Cheng family, he no longer needs to wear Cheng Mohan's mask to appear in the public view.

This is a very comfortable thing for Huo Tingchen. He is a person who attaches great importance to self-esteem. So when he appears in front of the public with the image of Cheng Mohan, he always feels very uncomfortable. This feeling is unbearable.

"Well, you should congratulate me, but I'm afraid it's the beginning of a nightmare for you."

Zhao Tongxin looks into Huo Tingchen's eyes without the slightest timidity. Even if she is facing a cruel madman, she thinks of what Huo Tingchen has done, and her anger has occupied the whole heart.

"Well, is Miss Zhao a little too confident? I came here today just to see how big your company is, and

then I will open a chain restaurant. We will be colleagues again. I just hope you can stick to it for a long time this time, and don't start changing production in less than a week."

Huo Tingchen raised his eyebrows. He didn't want to talk with Zhao Tong, but he thought that she was Jin Zhengting's wife, so even though he was very polite to girls, he couldn't help sarcasm this time.

Zhao Tong Xin did not have any special expression. She said with a faint smile: "only competition can make you do the best, so I am looking forward to your investment in the catering industry. However, I heard that your group has some difficulties in normal turnover now, and I don't know where the capital comes from?"

Although her voice is flat and her face is smiling, her voice is very disdainful, and there is a trace of irony hidden in her smile.

Huo Tingchen's pupils suddenly contracted. Because of Jin Zhengting's relationship, his group is really struggling now. He is not willing to admit that he is inferior to Jin Zhengting. But from Zhao Tongxin's mouth, it sounds ironic to him.

Thinking that Zhao Tongxin is now pregnant with Jin Zhengting's child, his eyes flashed a sense of killing, his hands quietly clenched into fists, and he seems to be ready to fight at any time. He is really a person who is easily influenced by emotions.

Seeing Huo Tingchen's whole body muscles tense, Xu Yanke immediately pulls Zhao Tongxin to her back, so as to protect her from being hurt. A pair of beautiful eyes are staring at Huo Tingchen tightly, and she is ready to fight at any time. She never thought that one day, in order to protect Zhao Tongxin, she would confront Huo Tingchen. The reality is always so unpredictable.

On their flank, Shaoyuan and Rongqi have also stepped forward, protecting Zhao Tong's heart in the middle, looking at Huo Tingchen with sharp eyes.

Huo Tingchen looked at these three women with good strength, and his mind gradually recovered. Even if he started here, he would not get any advantage. Moreover, the quantity and quality of his work are far less than Jin Zhengting. Therefore, Haishu should not stimulate Jin Zhengting at this time.

His eyes turned to Xu Yanke, a trace of resentment flashed in his eyes, but he still showed a smile: "Yan Ke, we meet again."

"Well, I really don't want to see your face that makes me sick."

Xu Yanke said with disgust that she hated Huo Tingchen to the bone now, and this angry hatred also replaced her fear of him. If Huo Tingchen had not existed, she would not have left the Jin family for more than 20 years, and would not have suffered so much in these years. Moreover, because of his deliberate concealment and revenge, she hurt her family and sister, which she absolutely did not want Things that can be forgiven."Why, forget what I've done to you so soon? Sure enough, women are fickle

animals."

Huo Tingchen seems to be very sorry, but his eyes betray his inner joy, because he has used Xu Yanke to revenge the Jin family. Although the effect is not very obvious, it is also his rare victory over Jin Zhengting.

"I remember. You remember everything I did, so I will give it back to you."

Xu Yanke coldly said that her silver teeth have been clenched, and may burst out at any time.

"Well, if you really can do it, I'll let you handle it, but don't forget, you are trained by me, so you are far from winning me."

Huo Tingchen said with a smile, and then took a deep look at Zhao Tongxin: "Miss Zhao, I can't afford your welcome, so I'd better go in first. Maybe there are many old friends waiting for me to chat with them. Excuse me."

With a smile, he walked into the living room with long Jiu arm in arm. When he passed by Xu Yanke, his face again showed that sinister smile.

Xu Yanke's whole body is cold. She is very familiar with this kind of smile. Only when he thinks of any conspiracy, will he have such a smile.

"Tong Xin, congratulations."

There was no expression on Xu Zheng's face. He just said faintly that his feelings for Zhao Tongxin were very complicated. On the one hand, because of Zhao Tongxin, Jin Zhengting could have killed him several times, but he didn't do that. Instead, he let him go. It's not too much to say that Zhao Tongxin is his life-saving benefactor. Moreover, he's a senior sister controller, so he doesn't like Zhao Tongxin Beautiful as a fairy cousin, he is willing to approach from the bottom of his heart.

But on the other hand, she is Jin Zhengting's wife, that is, the woman of her biggest rival, and her relationship with Jin Zhengting is almost unbreakable, which means that she and herself will inevitably have a fierce conflict.

So now he doesn't know how to face Zhao Tongxin. Originally, he didn't want to come this time, but Huo Tingchen forced them to come, and he also needed such a gathering of rich people to understand the latest developments, so as to make plans for the future.

Zhao Tong Xin also looks complicated to see Xu Zheng, although she is very indifferent to Xu Zheng's family, but she is also a kind girl, can't help but be soft hearted to her relatives.

"Well, thank you."

Although she knows that her cousin is likely to be Jin Zhengting's opponent, and he has now openly joined Huo Tingchen, which means that she has drawn a clear line with her, she still thanks for the maintenance of that trace of kinship.

Cheng mobing and Zhao Tongxin have nothing to say. At the beginning, her purpose is to seduce Jin Zhengting, so as to control the Jin family. As Jin Zhengting's wife, Zhao Tongxin naturally becomes her main target.

But with the development of things, she found that Jin Zhengting could not be seduced, because he only loved Zhao Tongxin deeply in his life, so even if Zhao Tongxin was assassinated, he would not change his mind.

So she chose the second way, that is, to completely annex the Jin family in the most direct way. At this time, Zhao Tongxin also became the president of the largest company under the Jin family group, and their relationship became a direct competitive relationship.

In a word, she and Zhao Tongxin are enemies. There is no doubt about this. But even Cheng mobing can't explain why she and Zhao Tongxin are enemies. But she knows that there will only be one winner between her and Zhao Tongxin.

In other words, deep down in her heart, she really likes Jin Zhengting. Unlike those men who can help her in her career, when she sees Jin Zhengting, she will have a heart beating feeling, so Zhao Tongxin naturally becomes her rival.

This is probably the main reason why she spared no effort to find Zhao Tongxin.

"Mr. Zhao, congratulations on your opening. At the same time, I will not let you alone in the catering industry. I will accompany you personally in the future."

Cheng Mo Bing's face with a charming smile, but there is a needle in the smile.

Zhao Tong Xin is also a smile, she looked at Cheng Mo Bing said: "I know you like the court, I allow you and I fair competition, but you will lose."

Cheng Mo Bing's smile smothers, and her pupils are slowly shrinking. She keeps smiling. She looks very familiar with Zhao Tong Xin, but she whispers in her ear: "don't think that you can always be ahead if you are ahead now, I may surpass you at any time."

Zhao Tong heart faint smile: "you are wrong, you can never catch up with me, because the court will not run with you."

Cheng mobing's face suddenly became very ugly. She could naturally hear that Zhao Tongxin was mocking her. Jin Zhengting really didn't care for her at all. This is Zhao Tongxin's capital, because in this world, Jin Zhengting only loves her.

"We'll see."

Cheng mobing dropped a word and entered the scene of the reception with Xu Zheng.

After they left, only Xu Ting was left with them. She was also the one who was most hostile to Zhao Tongxin. She liked Jin Zhengting for a long time. When Xu Yanke suddenly disappeared from Jin's family, she thought it was God's chance for her, but what she didn't expect was that a Zhao Tongxin suddenly came out and robbed her Jin Zhengting with her heart. "Zhao Tongxin, I'm not here to congratulate you. I won't congratulate you either. I'm here to declare war on you."

Today's Xu Ting removed all the camouflage, her face showed a ferocious twisted expression, staring at Zhao Tongxin said.

"I accept, Xu Ting. If you have any tricks, just use them. I won't run away or retreat. I'll wait for you here."

Zhao Tong said that she knew the reason why Xu Ting was against her and that she and Xu Ting were the real enemies.

It's true that Cheng mobing likes Jin Zhengting, but at least half of her purpose is to plot Jin's assets, but Xu Ting is different. She also loves Jin Zhengting, so from this perspective, Zhao Tongxin pays more attention to Xu Ting.

It seems that all her enemies have come to the party.

Chapter 528

"Zhao Tongxin, I'll make you regret it."

Several guests come to the reception, Xu Ting's face immediately put on a pair of very lovely face, blinking a pair of innocent big eyes, is completely pure and harmless little girl image, but she quietly close to Zhao Tongxin's ear, bite to say this sentence.

However, from her sweet smile, others still think that she is Zhao Tongxin's very good friend. When she is whispering with her best friend, she is used to pretending to be like this in front of others.

Zhao Tongxin smiles politely at the guests, then approaches Xu Ting and says faintly: "it should be the most regretful thing in your life to fight me. No matter what you do, Zhengting will not like you. You know why, because I am sincere to him, but you are too hypocritical. Don't you know that a hypocritical woman is the most annoying thing for men ?"

"Zhao Tongxin, you wait!"

Xu Ting was speechless by her, but she was unable to refute anything. Zhao Tongxin said nothing wrong. To a large extent, Jin Zhengting didn't like Xu Ting from a long time ago because he saw through the essence of Xu Ting. I'm afraid no man likes a woman who is good at pretending to be innocent and compassionate.

In desperation, Xu Ting has to give out cruel words, and it's not clear when to cash it, because even she feels that it's far away. Obviously, as long as Jin Zhengting is still there, no one will hurt Zhao Tong's heart.

So now Xu Ting is going to be angry. She has even thought about taking advantage of the fact that others don't know her kung fu skills. She secretly gives Zhao Tong Xin a chance to have a miscarriage because she is pregnant.

However, when she saw that Xu Yanke, Shaoyuan and Rong Qi were protecting Zhao Tongxin, she finally gave up revenge on Zhao Tongxin, because as soon as she made a move, she would be attacked by the three men. At that time, she could not hurt Zhao Tongxin, even her own life. They must have listened to Jin Zhengting Anyone who dares to attack Zhao Tong can be killed on the spot.

"Why, do you still want to do it, Xu Ting? I know you are a master. You disguise well and can cheat most people, but don't try to hide it from me. If you dare to touch Zhao Tongxin's finger, I promise to cut you into pieces and throw it out to feed the dog."

Xu Yanke stares at Xu Ting coldly. She knows her character very well. After all, Xu Ting is also on her blacklist, so naturally she is more careful. Since last time she was on the gambling boat, she discovered the secret of Xu Ting. Now she sees that her hand has become the fist head, which seems to have the meaning of touching Zhao Tong, so she immediately warns Xu Ting not to do it fuck around.

If it's just her, Xu Ting may not care at all, but Shaoyuan and Rong Qi are also eyeing. This is the factor that Xu Ting must consider. The reason why she chooses to pretend innocent is to hide and protect herself. Usually such people will first consider their own safety when they encounter things.

Sure enough, Xu Ting hesitated. She knew that Zhao Tong was attracted by her. Not only the three experts present would not let her go, but Jin Zhengting would not let her go. She would even be angry with the whole Xu family. With his energy in Jiangbin, it was not any problem to destroy a Xu family.

Thinking that Jin Zhengting could be an enemy to Zhao Tongxin and even against the whole world, her psychology was even more unbalanced. Her jealousy completely occupied her chest. However, facing Zhao Tongxin who defends like an iron wall, she seemed helpless.

"Xu Yanke, don't you hate Zhao Tongxin very much? At the beginning, didn't you plan to deal with her with me? How can you become a dog of her now? Before your master barks, you jump up to bite people."

Xu Ting suffered a loss, of course, she will not give up, but she has no way to take Zhao Tongxin now, so

she can only turn to attack Xu Yanke. Today is the opening day of her company. Even if Xu Yanke doesn't rub the sand in her eyes, Xu Ting thinks that she doesn't dare to do it herself in public, and her words sound like words of ridicule for Xu Yanke, but in fact they also mean to alienate Zhao Tongxin and Xu Yanke.

She knows that with Xu Yanke's arrogant temper, she can't bear to live under Zhao Tong's heart. What's more, she also understands the contradiction between Zhao Tong's heart and Xu Yanke, and shakes out the previous discussion between Xu Yanke and her about how to deal with Zhao Tong's heart, in order to make Zhao Tong's heart doubt Xu Yan.

No matter Zhao Tongxin or Xu Yanke, they are the people she hates most in the world, because they have robbed Jin Zhengting from her, so they have to pay for it.

Being able to respond in such a short time and come up with a plan to carve a name with one arrow shows that Xu Ting is worthy of being a scheming woman.

Xu Yanke's face became gloomy immediately. It was the first time that she was scolded as a dog. Such an insult was absolutely intolerable. Fortunately, Shaoyuan saw her emotional change early. When she was ready to move, she grabbed her hand and shook her head with an extremely firm look: "Yan Ke, don't do this. Today's Day is special. You can't move casually Hands

Shaoyuan is very considerate. If Xu Yanke hits Xu Ting in front of so many guests, then a bullying hat is a real thing. No one in the business is willing to cooperate with such businesses, which means that the company's market is bound to shrink. After all, the company only recently transferred to the catering industry, which belongs to the initial stage of entrepreneurship. At this time, it has a good reputation It's very important." Spoon garden, don't stop me. I will kill this bitch."

Xu Yanke is very angry now. Once she loses her temper, I'm afraid few people can calm her down. Shaoyuan and Rongqi can hold her, but they don't let her fight Xu Ting. Fortunately, Xu Yan is a person who doesn't like to make a noise, so few guests notice the tense atmosphere here.

Xu Ting looks at Xu Yanke with a sarcastic face: "what's the matter? Xu Yan in those years didn't claim that whoever provoked her would be killed. How can she be as gentle as a good cat now? It's really amazing."

She said so weirdly, but Xu Yanke calmed down and said coldly to Shaoyuan and Rongqi who were holding her arm: "Hey, you let me go, I promise I won't do it to her."

Two people look at each other, as a member of a team, they still choose to believe Xu Yanke, at the same time, they let go of Xu Yanke's hand.

Xu Yanke's face is not very good-looking, it can be seen that she forced her anger down. She gave Xu Ting a cold look and suddenly said to Zhao Tongxin, "sister-in-law, I'll give you a face. Today is a good day for the company, so I won't make trouble for you. Let some clowns perform outside our company. What

do you think?"

This sentence is obviously for Xu Ting. It is to tell her that Zhao Tongxin is Jin Zhengting's wife, and she is Jin Zhengting's own sister. The relationship between any of them and Jin Zhengting is far more than that of Xu Ting. It is ridiculous for her to compete with them for Jin Zhengting, just like a clown.

Xu Ting's pupils immediately contracted, because she understood Xu Yanke's intention at once. Even if she couldn't do it to Xu Ting, she didn't suffer a loss in language. Instead, she made Xu Ting angry.

This is what Xu Ting didn't expect. According to her previous impression of Xu Yanke, she should be a woman who doesn't know how to speak, but today she is extremely sharp, which is far beyond her expectation.

She doesn't know that the reason why Xu Yanke was not good at words before was due to the environment she grew up in. Since returning to the Jin family, Xu Yanke has been working hard to learn how to integrate into normal people's life, joined Zhao Tongxin's team, and later came together with Rong Lei. These are the factors that promote her transformation, like Xu Yanke Smart girl, what else can't learn?

Zhao Tongxin smiles. This is the first time that Xu Yanke calls her by the name of sister-in-law. Although she is suspected of acting in front of Xu Ting, from her sincere eyes, Xu Yan recognizes her from her heart.

"Yan Ke, you are wrong."

She took a step forward, and Xu Ting close, a pair of beautiful eyes staring at Xu Ting: "I never like to make trouble, but if someone provocative door, if we swallow our words, that is no face, spoon, Rongqi, heard that Xu Ting's merit is good, but you two can't beat her, that's too humiliating."

Xu Ting is stunned immediately. She dares to challenge Xu Yanke. That is to say, Zhao Tongxin is a very gentle girl. On this occasion, she will try her best to avoid conflicts with others. What she never expected is that Zhao Tongxin personally orders to deal with herself, which is just incredible.

When Shaoyuan and Rongqi listen to it, a flame has been burning in their eyes. Of course, it's hard to be humiliated. Although Xu Ting is targeting at Xu Yanke, they are a team. If one person is provoked, everyone will feel the same.

Rong Qi is determined to carry out Zhao Tong Xin's order. Although Shaoyuan thinks a lot, since Zhao Tong Xin doesn't care about the consequences, she is ready to beat Xu Ting again.

As soon as two people flash, they come to Xu Ting. Xu Ting's heart sinks. Any one of them can compete with themselves. They come up two at a time, so they don't have to fight to know that they will lose.

Before she can recover from her stupefied kungfu, Shaoyuan and Rongqi have already cheated her. They

cooperate with each other tacitly. At the same time, they grasp Xu Ting's wrist and twist it in the opposite direction. Xu Ting is completely subdued.

"Tong Xin, what are you going to do with her?"

It's not that Xu Ting doesn't want to fight, but that Shaoyuan and Rong Qi have rich experience. They use her wandering Kung Fu to subdue Zhao Tong immediately. After winning, Shaoyuan asks Zhao Tong Xin.

Zhao Tongxin and Xu Yanke come to Xu Ting together. Zhao Tongxin looks at Xu Ting faintly. Suddenly, a loud slap hits Xu Ting's face with his backhand. The clear voice spreads far away, which startles many guests to look at her curiously.

Zhao Tong Xin completely ignored these curious eyes. She looked at Xu Ting's face with five handprints and said in a flat voice: "this slap is your provocation to me."

Her behavior completely subverts Xu Ting's hostages to her and Xu Yanke. She has never seen Zhao Tongxin have such a strong side. Although she was beaten by her last time, it is because she maliciously mentioned Zhao Tongxin's child who died, and it is reasonable to do it. But this time, in front of so many people, she dares to kiss herself, which only shows Zhao Tongxin's weakness Grid has changed fundamentally.

But now is not the time for her to think about it. The burning pain on her face made her remember the fact that Zhao Tongxin hit her again, and Xu Ting's teeth were about to be crushed. In front of so many people, such treatment was humiliating. However, it's not over yet. After Zhao Tongxin has finished one, he suddenly raises his hand and swings it round again. It's another slap in the face. This time, his strength is stronger, and he makes Xu Ting's mouth bleed directly.

"It's your duty to scold Xu Yanke."

Chapter 529

Xu Ting's face turned purple. She had never been humiliated in public, not to mention Zhao Tong Xin.

She looks at Zhao Tongxin angrily. Her facial features are distorted by anger, but in the fundus of her eyes, she seems to be deliberately avoiding Zhao Tongxin's indifferent eyes.

I don't know why, in the face of Zhao Tongxin who suddenly becomes very tough, she has a deep fear in her heart for no reason. Maybe Zhao Tongxin's momentum is too strong, or she is worried about Zhao Tongxin's current power. In a word, she has no courage to face Zhao Tongxin.

"Well, why are you so angry? Now that you are pregnant, you should be careful to move the fetal Qi and slap people in the face. Just leave it to me. "

Xu Yanke is very dissatisfied with that, but just now Zhao Tongxin slapped Xu Ting in the face, and also

explained that it was for her, which made her feel very happy. She and Zhao Tongxin have reconciled, so Xu Ting naturally becomes her most annoying person. It's hard to feel happy when she sees her most annoying person being beaten.

"Today is the big day for the company to open. What's the matter with you?"

Zhao Tong heart light said, just now that really too hard, now hand feel faint pain, hit this kind of thing she is really not very good at.

"It seems that you are the president of the company. If I can't do it, you can do it?"

Xu Yanke is not satisfied with Zhao Tongxin's explanation, and always habitually contradicts her.

"You can't do it, of course, but I don't think there's any problem with it."

When a magnetic voice came, Zhao Tongxin's eyes became tender in an instant. This voice was very familiar to her. When she looked back, Jin Zhengting and Rong Lei had already come to her.

In recent days, Rong Lei's wound has basically healed. He also knows that Jin Zhengting is the right time to employ people, so he discharged himself and continued to be Jin Zhengting's assistant.

"Brother."

When Xu Yanke saw Jin Zhengting, he immediately lost his temper, which was the same as before. He always became very good in front of Jin Zhengting, because no one was afraid of his aura except Zhao Tongxin.

"Well."

Jin Zhengting replied faintly: "I didn't let Rong Lei leave the hospital. He insisted on coming back to help."

Xu Yanke's resentful little eyes immediately look at Rong Lei. Rong Lei immediately lowers his head in embarrassment. He knows that she will blame herself, but now the situation is tense. He wants to contribute his own strength to Jin family. Whether it's Jin Zhengting and his friendship, or now Xu Yanke is the second miss of Jin family, these reasons are enough for him to stick to his ideas.

"Rong Lei, come with me."

Xu Yan can be cold a face, a to Rong Lei pulled over, two people quickly hide into a nobody's corner to whisper, but can foresee is, Rong Lei's situation will not be very optimistic.

"Zhengting, the matter has been dealt with?"

Zhao Tongxin naturally stretches out her hand and holds it together with Jin Zhengting's hand. Xu Ting, who has been restrained, is jealous. When Zhao Tongxin and Jin Zhengting show their love in public, she wants Zhao Tongxin to die immediately, but now she is tightly suppressed by Shaoyuan and Rongqi. His life is in Zhao Tongxin's hands.

What makes her even more angry is that Jin Zhengting has never looked at her from the beginning to the end. When he looks at Zhao Tongxin, his eyes are so gentle. No one knows how Xu Ting hates Zhao Tongxin now. Even if she has to hide her ferocity in front of Jin Zhengting, her eyes are full of murderous.

The corner of Jin Zhengting's mouth raised, a faint smile: "just finished, am I late?"

"No, the party hasn't started yet. Let's go in."

Zhao Tongxin nestles in Jin Zhengting's arms and says gently. She glances at Xu Ting with the light from the corner of her eye intentionally or unintentionally. That's when she declares her sovereignty over Jin Zhengting to Xu Ting.

"Well."

Jin Zhengting took Zhao Tongxin's hand and walked into the hall together with a lot of envious eyes.

"Tong Xin, what about Xu Ting?" Shaoyuan asked, twisting Xu Ting's arm.

Zhao Tong Xin's head did not return, light said: "irrelevant people, let her go."

This sentence almost makes Xu Ting almost fainted. She always regards Zhao Tongxin as her enemy to the big, but Zhao Tongxin doesn't pay attention to her at all. She is just an irrelevant person who doesn't care about her life or death at all. If her opponent is not there, then this person's existence has no value at all.

Shaoyuan and Rong Qi look at each other and let go of Xu Ting, far behind Zhao Tongxin, but they don't even look at Xu Ting. Compared with Huo Tingchen, Xu Ting is really just a clown.

"Zhao Tong Xin, I'll remember today's things, and I'll make you regret it!"

Xu Ting looks at Zhao Tong Xin's disappearing back and covers her red and swollen face with one hand. Her teeth cackle. She doesn't know how to vent her anger. It seems that she can't do anything in Zhao Tong Xin's territory. "What's the use of just talking? She gave you two slaps in the face, but you can only hide behind her back and curse her. This is the performance of the weak."

In the corner, Jin Ying turns out with Gu Chen's help. Her face is very flat. Her wounds are better these days, but her eyes can't be opened any more. However, after careful dressing, even if there is a faint scar on her eyes, it can't cover up her outstanding beauty.

There is no expression on her face, calm as a pool of stagnant water, but the smile slightly raised in the corner of her mouth, but with the ridicule and contempt for Xu Ting.

"What did you say?"

Xu Ting's fist has been clenched. Now she needs to find someone to vent her anger. Jin Ying's words and expression undoubtedly deeply stimulate her sensitive nerve.

"Gu Chen, you go first. Xu Ting and I have something to say."

Of course, Jin Ying can hear the anger in Xu Ting's voice. Instead of saying anything, she asks Gu Chen to leave first. Xu Ting is a very smart woman. Although she is very angry now, she can see from Jin Ying's performance that Jin Ying certainly doesn't mean to ridicule her, but has something to talk to her alone.

"Xiaoying, are you OK alone?"

Gu Chen asks uneasily, after all, Jin Ying is blind and no one is around. It's very inconvenient, and just now she made a mockery of Xu Ting. He's afraid that Xu Ting will do something bad to Jin Ying after he leaves.

He doesn't know that with Xu Ting's skill, if she really wants to fight Jin Ying, she can't stop her even here.

However, listening to his words of concern, the chill on Jin Ying's face seemed to melt, and even her voice was a little emotional: "don't worry, I'm ok. Xu Ting will help me later."

"Well, you talk first."

Gu Chen takes a look at Xu Ting, then turns around and leaves. He is the spokesperson of Zhao Tongxin company. Today's reception is also half of the leading role, so he must attend on time.

Wait for Gu Chen to leave, Jin Ying straightforward mouth: "cooperate with me, we deal with Zhao Tongxin together."

Xu Ting is stunned for a moment. She knows that Jin Ying and Huo Tingchen are working together. But she didn't expect that she would hate Zhao Tongxin so much. It's not enough to work together with Huo Tingchen. She has to cooperate with herself.

"No doubt, I know you hate Zhao Tongxin. She robbed your man, but I hate her more than you, because she robbed the heart of the man I love."

Jin Ying continues to say faintly. Although her tone is calm, her face muscles are shaking constantly. Obviously, her mood is not as calm as she shows.

"I see. OK, I promise you."

Xu Ting and Jin Ying have known each other for so many years. They don't have much in common, but because of Zhao Tongxin, the two women choose to stand together.

"Well, if I have a chance to attack Zhao Tongxin, I will definitely put forward my own request in Jin Ying. She knows that Xu Ting will promise herself. As Xu tinggang just said, they are identical in their interests.

"But Zhao Tongxin is Zhengting's lover, and Xu Yan is Zhengting's sister. If I deal with them, will Zhengting blame me?"

On the contrary, Xu Ting is worried. The reason why she chose to take refuge with Huo Tingchen is mainly to use his strength to deal with Zhao Tongxin. In fact, her love for Jin Zhengting has never changed, so she is very concerned about Jin Zhengting's views on her.

Jin Ying faintly smiles: "as long as Zhao Tongxin exists for one day, my brother will not like you. You can use Huo Tingchen's hand to get rid of Zhao Tongxin. In this way, you will have a chance. Why do you have to come out in person? In this aspect, your cousin Xu Zheng is much better than you. He never really came to the stage, but he successfully used Huo Tingchen and Cheng mobing Big power, no matter whether he can succeed or not, at least there will be no loss, so you'd better be smart. I don't like to cooperate with idiots

Xu Ting's eyes turned a few times. After thinking for a while, her eyes suddenly lit up. She said with a smile, "you're right. Since I have Huo Tingchen as a supporter, why do I have to do everything by myself? OK, just do as you say. Xiaoying, you must help me when you encounter anything in the future."

Her voice sounds very sincere, but the smile on her face is very hypocritical. She never really appreciates someone. What she cares about most is what she wants.

"Don't be so hypocritical to me in the future. Although you deliberately make your voice very sincere, your breathing is very scattered, which proves that you don't really care now."

Jin Ying coldly said that although she can no longer see, her perception of things has reached a new height. Through the subtle breathing sound, she can probably guess the person's emotional changes.

Xu Ting was really surprised. She had never paid close attention to Jin Ying over the years. At this time, she found that Jin Ying and her brother were both meticulous people.

Embarrassed smile twice, Xu Ting very intimate arm up Jin Ying: "Xiaoying, you are too sensitive, how can I be false to you, we have a common enemy, so we must and sisters, so that we won't be the two hate women to see a joke." Jin Ying did not resist. She helped herself to the hall and said faintly, "I didn't want to be a good sister with you, as long as we are sincere when we cooperate."

"That's for sure. I must make Zhao Tongxin pay for today's things."

Xu Ting said as she walked, biting her teeth, because her face is still aching. Zhao Tongxin humiliated her, and she vowed to return it ten times and a hundred times.

Chapter 530

The reception hasn't started yet, and the hall is full of celebrities and celebrities. Such a grand gathering, on the one hand, is to give the Jin family face, on the other hand, is also to get in touch with other rich people. In fact, many people come here to socialize.

When people chatting in twos and threes saw Jin Zhengting leading Zhao Tongxin into the hall, everyone said hello to the most powerful couple in Jiangbin.

Jin Zhengting is as cold as ever. He just responds with a light look. He is the only one in the whole riverside who has the capital to be proud of everything.

Zhao Tong's heart is to maintain a gentle smile, frequently nodded to greet people, full of soft female brilliance.

From the social can see their character is very complementary.

"Zhenyting, you are late."

Other rich people will not take the initiative to chat with Jin Zhengting. Everyone will think that Jin Zhengting is an unattainable person, but for Yang ziyue, there is no such problem. Growing up with him, he is naturally different from others, so Yang ziyue separated from the crowd and patted Jin Zhengting on the shoulder.

"Well, the group has something to deal with."

Jin Zhengting is also used to Yang ziyue's personality and gives a light answer.

"Why hasn't Zhan Yan come yet?"

Yang ziyue looks around. He doesn't see Lu zhanyan, so he can't help but ask. Normally, the three of them will always attend this kind of occasion together.

"We just got on the phone. He will come with Mo Yan later."

Ke Jingteng came over with his glass. Even on such occasions, there were few opportunities for the four of them to get together.

"Jingteng, I didn't expect you to come too."

Jin Zhengting did not think of the emergence of Ke Jingteng. In his impression, Ke Jingteng would never attend such a commercial gathering.

"Today is the opening of ziye and Tongxin's joint company. With our relationship, even if I don't like this kind of environment, I'd like to be present to congratulate you."

Ke Jingteng looked at Jin Zhengting with a deep look and said faintly.

Jin Zhengting's eyes flashed. He felt that Ke Jingteng was here today, not just to attend the opening reception.

"Zhengting, Ke Jingteng sent us a billion red envelopes. I said it was too expensive and asked him to take them back, but he just refused."

Zhao Tong whispered to Jin Zhengting that she knew that Ke Jingteng was Jin Zhengting's best friend and had a deep family background, but she didn't know his specific background very well, and she was worth one billion at a time, which completely subverted the gentle and silent doctor image.

Jin Zhengting light smile: "nothing, he sent the red envelope can be accepted, a billion for him is nothing."

"That is, Tong Xin, you don't know Ke Jingteng's family situation. This guy looks very shabby, but you can't imagine his huge family property. I think it's too little to give us a billion red envelopes."

Yang ziye interjected, listening to his tone, Zhao Tongxin knew for the first time that Ke Jingteng was also a rich country.

Ke Jingteng gently held his glasses and said faintly, "ziye talks too much. Don't listen to him. The Ke family property has nothing to do with me. I'm just a doctor."

"Hey, what's wrong with me? It seems that you are the only child in your family. In the future, your property will be yours. If you don't want it, you can send it to me. At that time, I will be richer than Zhengting."

Yang ziye made a joke. Today, he is in a good mood. Although he is the president of Yang's group, he is still eating the old capital created by Yang's father. He is a very smart man, but he doesn't like doing business very much. Fortunately, Yang's group has a stable position in the catering industry, so he can barely maintain the current state. The opening of the United catering group is also a success His first serious business.

For Yang ziye's mood, as an old friend, Ke Jingteng naturally knew his character, so he also laughed and didn't speak.

"Well, ziye, go and greet the guests. You are the host here today."

With a smile, Yang ziye picks up a glass of wine and goes to the crowd to search for the beautiful women who can get into his eyes. He is ready to treat them well.

"Zhengting, Tong Xin, do you think ziye is a reliable partner?"

Looking at Yang ziye swimming among beautiful women like a bee in flowers, Ke Jingteng's face shows a trace of worry. Yang ziye's character is really a bit unreliable.

Jin Zhengting smiles: "ziye loves to play a little bit, but he is really a very smart person. He has been influenced since he was a child, and he is very familiar with the catering business. There is also the status of Yang Group in the catering industry, so he is the most suitable partner."

"But I'm always a little worried. Tong Xin doesn't have business experience. Zi Ye is a dandy with no business in mind. Zheng Ting, you have to worry about it."

"Ke Jingteng, you look down on me too much." Zhao Tong's heart feigns anger. She knows that Ke Jingteng is joking. In fact, she is very confident about the company's switch to catering industry.

"Well, no kidding, Tong Xin. If something can't be solved by the court, give me a call. Maybe I can find a way."

Ke Jingteng said to Zhao Tongxin with a smile that his feelings for Zhao Tongxin are very simple now, and he regards her as a good friend.

"Zhengting, don't get me wrong. I don't mean that you are inferior to me. I don't think I need to say more about that."

Jin Zhengting smile, light said: "I know."

"I've got something to talk with you when the show is over, and now I'll give you a light bulb."

Ke Jingteng once again took a deep look at Jin Zhengting, and then went to a quiet corner alone. He never liked the noise, but only the quiet environment, just like his character, peaceful and gentle.

"Zhengting, I don't seem to understand what you two mean."

Zhao Tong Xin blinks her beautiful eyes and asks. She is a little curious about Ke Jingteng's background. Every girl has a heart of gossip.

"You will know later, but I hope you never will."

Jin Zhengting said with deep meaning that he didn't answer Zhao Tongxin's question for the first time.

Obviously, he didn't want to talk about Ke Jingteng's background. Zhao Tongxin naturally knew that he didn't want to say it, so he didn't continue to ask.

"Zhengting, Huo Tingchen is also here."

Zhao Tongxin saw several lonely figures from the crowd, one of whom was Huo Tingchen.

He was in the living room with Cheng mobing, Xu Zheng and long Jiu. Few people came to say hello to them. After all, everyone knew his hostile relationship with Jin Zhengting. When Jin Zhengting was present, no one was willing to talk to him.

Everyone is not very clear about the specific details. All they know is that the president of Tianhong Group suddenly changed from Cheng Mohan to Huo Tingchen. Naturally, all the people who can receive the invitation are from the upper class. Everyone has their own background. They also know the great changes in Jiangdong. The whole Cheng family has fallen into Huo Tingchen's hands. From these things, it is not difficult to find that Huo Tingchen is bound to become a leader. It took some means to achieve its present position.

However, even if his strength is greatly increased now, and he is even better than before his bankruptcy, and he has the support of Cheng mobing, the second miss of the Cheng family, no one is optimistic about them, because in their impression, Jin Zhengting is Jiang Bin's worthy elder brother, and this idea has long been firmly rooted.

"Whatever he is, in front of so many people, it's hard for us to move him, but soon we'll get rid of this mess."

Jin Zhengting said in a flat tone, with sharp cold in his deep eyes. Then he took Zhao Tongxin's hand and went to say hello to his familiar friends.

Huo Tingchen has been used to this situation. As long as Jin Zhengting is around, he is unlikely to be popular. Even when he was at the height of the day, no one would like to talk to him more except a few consortia who had a deep relationship with Jin family.

He knew that this was Jin Zhengting's reason. No one in Jiangbin wanted to offend Jin Zhengting.

"Mr. Huo, it seems that you didn't mix well before."

Cheng mobing holds a glass and smiles to him, saying that she doesn't mean to mock Huo Tingchen, because she is in the same situation as he is now, and no one wants to cause the Jin family's antipathy for the sake of a Jiangdong Cheng family, so even if she is so outstanding in the crowd, she has no other role except to attract a few hostile eyes.

Huo Tingchen gave a cold smile: "look at these people clearly, they are all the grass on the wall. As long as we get the absolute advantage over Jin Zhengting, I guarantee that they will immediately change into

another face."

"Mr. Huo, let them be arrogant for a few days. When the gambling stone meeting starts, they won't be the smiling face now."

Xu Zheng has always been very calm. His forbearance over the years has taught him to keep a peaceful attitude towards irrelevant people.

"Yes, we have plenty of time to clean them up and see these people clearly. I want each of them to pay a heavy price for belittling us."

Huo Tingchen is also learning how to control his emotions. He thinks that he has found a gap with Jin Zhengting. As long as he changes, he will not be worse than him at least.

"Brother, Lu zhanyan hasn't come yet. If he doesn't come today, our plan will fail."

Long Jiu carefully searched the crowd and made sure he didn't find Lu zhanyan, the voice of Lu Moyan and Qian Yuanyuan. He came close to Huo Tingchen's ear and whispered.

"Don't worry, don't you see that even Ke Jingteng is here today? The companies of Jin Zhengting and Zhao Tongxin, together with the shares of Yang ziyue, as the most staunch allies of Jin and Yang, the Lu family will definitely come."

Huo Tingchen said with a smile that he was sure that Lu would come and that his plan of giving priority to the Lu family would succeed.

"Yes, brother, I have made people ready at any time. As long as there is no special situation in the middle of the journey, I will succeed." Long Jiu is also confident to say that this plan was determined after they prepared all night last night. They have noticed every detail, and after one night's preparation, it can be said that they have made sure.

"There is still a little time before Lu zhanyan and them come. We'd better say hello to Jin Zhengting."

Huo Tingchen sees the back of Jin Zhengting and Zhao Tongxin in the crowd. He knows that attacking them at this time is tantamount to seeking death, but he doesn't want to lose to Jin Zhengting in momentum. He takes the initiative to talk to them, which will give everyone an impression that he is not afraid of Jin Zhengting.

"Mr. Huo, what should we do if Jin Zhengting is suddenly in trouble? This is his territory and we have no weapons. If there is a conflict, it will be very unfavorable."

Cheng mobing first objected. She was not sure if Huo Tingchen would infuriate Jin Zhengting. With Jin Zhengting's strength in Jiangbin, even if he attacked them on the spot, it would not have any impact.

She is still the first to consider her own safety. After all, she is not Huo Tingchen's subordinate and is not willing to be the cannon fodder.

"Don't worry, Jin Zhengting won't do anything to us. I've been fighting with him for so many years and I know his character very well."

Huo Tingchen smiles and takes long Jiu to Jin Zhengting and Zhao Tongxin.
