

Chapter 5221

Elaine stood at the roadside of the airport exit and kept calling Jacob, but she couldn't get through.

She cursed, "This damn Jacob, I don't know where he's gone, not answering my calls."

Claire asked her, "Mom, are you sure you talked to him about the time?"

Elaine said in exasperation, "Of course, I told him clearly,"

"He also promised me on the phone, who knows why he still hasn't shown up and didn't answer the phone, he's really unreliable."

Claire also hurriedly took out her cell phone and called Jacob,"

"But the phone was indeed unanswered as Elaine had said.

She said with a very nervous expression, "Dad, he can't be in some kind of accident, right"

"It's not bedtime now, how come the phone can't even be answered?"

Charlie hurriedly advised: "wife you do not think blindly, Dad's is quite good,"

"Can't have any accident, not sure he is asleep maybe, we should go home first to see!"

"Yes!" Claire agreed and said: "Hurry home if Dad is not home,"

"We need to go out to look, really can not call the police!"

Elaine on the side said with great displeasure:

“Go home? How can we go home? Your father did not drive over to pick us up, how can we go back?”

Claire subconsciously said, “Let’s take a taxi.”

“Take a taxi? Elaine said with a very exaggerated expression,

“Your mother is a celebrity, in New York, in Bedford Hills Correctional Facility,”

“Your mother is the number one person, I’ve been on a private jet all the way back.”

Claire helplessly said: “Mom, what time is it, you still talk about these,”

“Let’s hurry home first to see what happened is the most important!”

Saying not waiting for Elaine’s reply, and hurriedly reached out to stop a roadside cab.

Seeing Charlie and Claire pull open the car door and ready to go up,

Elaine said with a depressed face:

“Claire, at least call a luxury car or something, getting a broken Jetta, how shabby!”

Claire saw her mother acting like this, could not help but be a little angry, and said,

“If you want to take a luxury car, then you can wait here, I’ll go back with Charlie first.”

Saying that she pulled open the car door and sat in.

Once Elaine saw this, she lost her insistence just now and could only resentfully sit in the passenger side.

Once in the passenger side, she frowned and covered her nose, and said to the driver:

“Hey, why does it smell so much smoke in this cab?”

The driver said casually: “Smoke smell?”

“Yes!” Elaine’s tone of voice is not good:

“It is all smoke, you can not smell? Is that a nose above your mouth?”

The driver bristled: “The smell of smoke is natural because I smoke, so what’s the big deal.”

Elaine said in exasperation, “How can you drive a cab and smoke in the car?”

“There is too little sense of service, right?”

The driver was also a bit angry, his eyes glared, and said,

“I didn’t smoke when you came up, the cab company rules we are not allowed to smoke in front of passengers,”

“I did not violate the rules, did I?”

“You’ve been riding in my car for a few minutes at most,”

“Don’t you allow me to smoke the rest of the time?”

Elaine said annoyed: "You know what, the cab is your service place,"

"You have to maintain the cleanliness of your service place,"

"And the air should be fresh, so you have a reason to make such a big smoke smell?"

The driver choked: "This service place is provided by the cab company, not by me,"

"I just drive, if you have any dissatisfaction, you go to the cab company to raise the opinion."

Saying that the driver discontentedly muttered: "It is just smoking a cigarette only,"

"What's the fuss, your old man does not smoke huh?"

Elaine glanced at him, and grunted: "He did smoke!"

The driver said, "That's it, what's the difference between smelling smoke at home and coming out?"

Elaine disdainfully said one word: "dead."

The driver subconsciously asked, "What's dead?"

Elaine deliberately said loudly: "You did not ask my man to smoke?"

"I answered you he smoked, and died from smoking."

The driver's expression was suddenly ugly, but still pale and argued,

“Look at you, speaking out of turn, there are many possibilities for people to die,”

“How do you know he died from smoking?”

“Lung cancer!”

Chapter 5222

Elaine said: “He smoked so the lung cancer, metastasized to the heart, liver, spleen, lungs, kidneys, and brain,”

“It is said that even in the bones it was growing,”

“He went to the hospital, the doctor said he was hopeless, at most three months to live,”

“After he died, I donated his body to the medical school,”

“So that those medical students to open his belly to practice,”

“In this way, it is considered that he did something for society.”

Sayin that Elaine lamented: “Oh, you do not know, the professor of the medical school,”

“Said that my old man’s two lungs, from smoking, were darker than coal,”

“Once they opened the stomach, they could smell smoke,”

“The smell of smoke coming out almost fainted the professor on the spot, two lungs were cut off, lift out,”

“Just like the smoked pork, snapping straight down dripping oil like tar from the smoke!”

“Say it yourself, was it not a death from smoking?”

The driver heard this, he felt like he is having something really toxic.

He felt disgusted but also scared.

Elaine saw that his expression was very ugly and did not say anything,

So she could not help but mutter: “Hey to tell you that this cancer is really powerful,”

“The lungs smoked into charcoal, the cancer cells can still grow stronger and stronger,”

“The vitality is really tenacious, felt like the rotten wood fungus growing in a pile.”

The master said: “What the fcuk can this mean!”

“What the fcuk can you bring this lousy analogy, smoking is normal. How the fcuk it is so diabolical!”

Charlie sat in the back, feeling helpless to the extreme, secretly thinking:

“My mother-in-law is really vengeful, the old man just did not drive over to pick her up,”

“And the result is really picking up a fight here,”

“She cursed the old man to death in front of the cab driver but even donated his body to medical students. She is too much. “

Claire is also angry hard, she is sitting behind Elaine,

Listening to her so curse her father, in her heart she is naturally feeling unacceptable.

However, it was not good for her to poke Elaine's lies in front of the cab driver,

Because that would make the cab driver doubt his life,

So she could only cough hard in the back as a reminder.

When Elaine heard Claire coughing, she naturally knew, what did her daughter mean by this?

But she was angry with Jacob, and did not care about the presence of her daughter and son-in-law,

And continued to say to the driver:

"Master, you were right just now, smoking is actually very normal,"

"Lung cancer from smoking, it is only natural,"

"Just feel free to smoke, anyway, life in this world, is not to live with pain?"

The driver's expression is embarrassed, while stammering he said:

"Ahem, this smoking well really harmful to health,"

"I can smoke less ah, or as little as possible"

Elaine smiled and asked, "Master, how many cigarettes do you smoke a day?"

The driver awkwardly held the steering wheel with one hand,

With the other hand scratched his scalp, and said with no confidence:

“I a little more a day... probably that is a little more than a packet.....”

Elaine nodded, and said casually: “Almost the same before the old man left, he smoked a packet and a half and lived up to thirty-plus years,”

“The results.. he has gone.”

After saying that, she looked at the driver, and curiously asked:

“Master, I see you are forty or fifty years old, right?”

The master smiled: “I I am fifty-two”

“Awesome.” Elaine gave a thumbs up, and said seriously:

“You just stick to this line, with enough capital, bite the bullet and then persist for another ten years,”

“You would have lived double the age of my husband.”

The master’s expression at this time has been much worse than crying.

Elaine at this time can not help but feel: “In fact, you tell me what is the meaning of people living so long?”

“He just left me with my child and went on his way.”

“In fact, sometimes I think it’s better if that person was me.”

“I would have died early and gotten myself a good relief.”

The master skimmed the car under the center console of the shelf, glancing at a pack of cigarettes inside, with mixed feelings.

Claire could not stand it any longer, so she patted the back of Elaine's seat,

And said in anger: "Mom! Why are you not finished yet!"

Elaine turned around and said with a sense of justice,

"Claire, I am holding back my thoughts and grief for your father,"

"And using your father's personal case to kindly remind this man to pay attention to his health,"

"If he can quit smoking after hearing these words, even if it is just to smoke less and live a few more years,"

"Don't you think I have saved his life?"

Chapter 5223

Saying that Elaine waved her hand: “Forget it, we are not saving his life, save his half-life, a quarter of a life,”

“Is it not too much, right? It is said that saving a life is better than creating a seven-level pagoda,”

“Your mother in this way is considered to getting myself a little bit of virtue, right?”

Claire angrily questioned her, “What about father?”

“If you talk about father like that, aren’t you afraid of damaging his virtue?”

Elaine said with a serious face, “He’s dead, so what’s wrong with me talking about it?”

Claire said angrily, “Mom! It’s too much to say that again!”

When Elaine saw that Claire was really angry, she hurriedly said,

“Okay, okay, I won’t say anything, I won’t say anything, okay?”

After saying that, she said to the driver: “Master, you, in the future should keep smoking,”

“Do not take what I just said seriously, just think I’m teasing you.”

The corners of the driver’s mouth twitched a few times and said awkwardly,

“Uh that is..... okay okay”

Subsequently in this journey, Elaine seems to have vented almost and did not say a word.

Charlie and Claire also because of this awkward atmosphere, did not speak again, all the way remaining speechless.

More than half an hour later, the cab stopped in front of the villa area of Tomson One.

Charlie paid, and the three of them got out of the car.

The driver saw the three people walking away, grabbed the half-pack of cigarettes,

And threw it out the window, cursing and swearing, "Fck you, I'll never smoke again!"

Charlie before entering the door, in the afterglow, glanced at the driver and saw him throwing a box and felt amazed.

The three of them pushed their luggage into the community, they heard a short car horn sound from behind.

The three subconsciously looked back, only to see a large Mercedes-Benz SUV slowly drove over,

The car window came down, and a woman poked her head out, surprised:

"ouch, Elaine! When did you come back from America?"

Elaine heard this, was immediately surprised, and said: "Horiyah? Is it really you?"

Horiyah drove the car forward and stopped directly beside Elaine,

Lying on the window with a smug face and said smilingly,

“Elaine, you are really interesting, you went to the United States for a month and still can’t recognize me as your sister-in-law?”

Elaine’s two eyebrows were immediately furrowed.

There were several voices rising and falling in her heart at this moment.

The first voice was: “Dmn, how can this bltch drive a Mercedes?”

“When did she become so rich that she can afford it?”

“There are two disabled people lying at home, and an old mother of more than eighty,”

“Every day they eat a meal without knowing about the next,”

“Where she got the Mercedes-Benz car?”

The second voice is: “Dmn, this changing face is really fast when I did not go to the United States,”

“She was like a faggot all the time stick to me, sister this, sister that,”

“Now driving a Mercedes-Benz, no longer calling me sister, but began to call me Elaine,”

“But also fcuking sister-in-law, who fcuking recognize her sister-in-law”

The third voice is: “Dmn, this Horiyah should not have hit some sh!t luck,”

“Accidentally let her turn over, right?”

“She can drive a Mercedes-Benz cross-country,”

“This must be a certain economic strength.....”

Horiyah saw Elaine did not speak, deliberately smiled and said:

“Ouch Elaine, you went to the United States, the change is really big,”

“We two sisters-in-law have had many years of relationship, I am talking to you you do not take care of me.”

Elaine saw Horiyah speak in a strange way, and coldly snorted: “Hey, to say that this change, I think your change is really big!”

“I remember that before I left, you were calling me “Sister” every day,”

“And said you wanted me to buy you a gold chain,”

“But now you are calling me sister-in-law in front of all?”

Horiyah hummed and laughed and said, “Elaine, as the saying goes,”

“It takes three days for a scholar to be impressed,”

“Not to mention that you’ve been gone for more than a month.”

“Cut it.” Elaine said disdainfully, “I’ve known you for more than 20, 30 years,”

“But I haven’t found anything impressive about you,”

“Not to mention that I’ve only been gone for a month this time.”

Chapter 5224

Horiyah skipped a smile and waved her hand,

“Oh, forget it, you talk is also an old yin and yang master, and narrow-minded,”

“Can not see others live better than you, these two points I know better than anyone,”

“I also do not take my hot face to your cold a s s, going first, goodbye.”

After saying that, she stepped on the gas pedal,

The Mercedes-Benz issued a roar of the engine, leaving the three far behind.

Elaine’s body was shaking with anger, gritting her teeth and cursing:

“Fck, this woman dares to be so crazy with me, she must have found an opportunity to turn over!”

Claire said casually, “It’s good if auntie can have a chance to turn around,”

“Their family was really in difficulty before, not to mention grandmother,”

“Uncle and cousin, I heard that they have been lying in bed,”

“Almost incapable of taking care of themselves,”

“All depending on her, now that they have money, the days are definitely better for them.”

Elaine said angrily, "I tell you, Claire, in this world, anyone can live well, but only this family can not!"

Claire was surprised and asked, "Why? Mom, in the end, we are all family,"

"Blood is thicker than water, even if the two families don't get along much anymore, but they are still relatives."

"No!" Elaine gritted her teeth and said, "Let me tell you,"

"Sometimes the people who want to hurt you to death are the ones who are close to you!"

"You don't know how ruthless this dmn Horiyah is!"

When talking about this, Elaine couldn't help but remember the time,

When Horiyah cheated and almost cheated herself out of her family's money.

That time, if it were not for Charlie, she was really all finished.

It is also at that time, Elaine really realized that they could have eaten her alive if they were given a chance.

Therefore, Elaine to Horiyah, has been very hateful, and very wary!

The reason why she was close to Horiyah was that Horiyah had been licking Elaine like a pug,

So that Elaine found a great sense of superiority,

And she enjoyed that feeling of stepping on Horiyah under the feet,

At the same time also worried about her stretching thighs feeling.

However, even if she took Horiyah to eat, drink and play every day,

She still always remembered that Horiyah is a snake scorpion that eats people without spitting out bones,

And she must always be careful to prevent her from biting her again.

Originally, she thought Horiyah is certainly impossible to turn over in this life,

But did not expect, this b!tch turned over so fast!

She recalled the logo she just saw on the rear of the car and couldn't help but ask Charlie:

“Good son-in-law, what kind of car is the g500, is it very expensive?”

“g500.....” Charlie said casually: “is a Mercedes-Benz big g in the one,”

“A little stronger than the g350, a little worse than the g63.”

Elaine said off the cuff: “not that the big g is g63? How come the g500 is also one of the big g?”

Charlie laughed: “The g series of cars, are called big g, and g500 although not as expensive as g63,”

“But also not cheap, and the car has always had a premium, costing more than two million.”

“What do you mean?!” Elaine was wide-eyed, shocked beyond words:

“Just that g500, is more than two million?”

“Yes.” Charlie nodded: “More than two million is definitely necessary, after all, it’s a big g.”

Elaine was so angry that she kept stomping her feet:

“Dmn! God is blind! Horiyah can afford to drive a two-million-dollar car!”

“How can she do that? The family is so poor that they can’t even uncover the pot,”

“But they still drive a two million dollar Mercedes Benz big G. Where did she get that face!”

Charlie said heartfelt words: “Mom since people can afford to buy such an expensive car,”

“It is certainly not impossible to uncover the pot,”

“Before they really could have uncovered the pot,”

“But now it seems that they have indeed turned around.”

Elaine remembered something and frowned: “Is it, Wendy? I think I heard her say before,”

“Wendy engaged in that etiquette company, business seems to be quite good,”

“Dmn I thought she is working, did not expect to earn so much money!”

Charlie shook his head: “Mom, it is unlikely, even if Wendy’s income is good,”

“A year to the end, it is estimated to buy half of a big g,”

“Not to mention that she seems to have done only a few months, where can she earn so much money.”

Wendy’s that etiquette company’s situation, Charlie is actually still relatively clear,

After all, that company was taken down for her to run in the first place.

With cooperation from Orvel and Issac, the etiquette company this time is doing good business,

If according to the general etiquette, company play hard to squeeze the etiquette lady model,

That company can indeed earn a lot of money. However, Wendy is now considered reformed,

And has also experienced the ordeal of being victimized, so the company is sincere,

Not only the commission draw is less, and she even created a lot of benefits for the workers.

Just to buy a commuter car for the ladies, and hire a full-time driver, is a considerable amount of expenditure.

Besides, the company’s net profit is not 100% going into the pockets of Wendy,

Wendy can only get a small part, so from the calculation,

A year down, these earnings to justify a Mercedes are not realistic.

Elaine heard this, with a horrified face asked: "If it is not Wendy, then it is difficult for Horiyah to buy it over herself?"

"This this is also impossible..... Horiyah this idle old woman has not much of a network,"

"And not much of a skill, what can she do to make a turnover?"
