

Chapter 5354

Charlie asked again: "Then tell me what was this comparison?"

Mateo said arrogantly: "Compare the pulse! Determine the age of the other party in the first competition, and who can be accurate in the second competition..."

Charlie interrupted him without waiting for him to finish, and blurted out: "That's enough, don't talk about it, just talk about the first point, I'm curious, how did you set the rules for guessing the age of your pulse?"

Mateo said coldly: "The rule was that the two of us work together for that the woman takes her pulse, then writes down the date of birth on a piece of paper, and then asks the woman to take out her ID card to see whoever writes the date closest to the woman's actual date of birth will win!"

Charlie nodding, he asked again: "What about the specific results of your date yesterday?"

Mateo immediately said loudly: "Yesterday, I found out that the woman was born on August 8, 1966, and Tianqi found out that the woman was born on March 3, 1967."

"On August 1st, the date of birth on the woman's ID card was August 15th, 1966! It was only a week away from the date I proposed!"

Charlie frowned and asked, "Are you so awesome? You assign a number to the other party's birthday, and the error is only seven days?"

Mateo snorted and said, "Frog in the well, I can name a lot!"

Charlie curled his lips, stretched out his hand to him, and said, "Come on, you number mine."

“Take a pulse, look at the year, month and day of my birthday! I can tell you in advance, if the error is more than seven days, be careful I will slap you in the face!”

Seeing that when Charlie threatened to slap him, he even stretched out his hand to gesture around his face,

Mateo really wanted to tear him into pieces, because he had never suffered such humiliation in his life.

However, when he thought that he still had important matters in Aurous Hill, and that he would go to the police station when he went out, even if there was a huge hatred in his heart, he could only suppress it desperately at this moment.

Seeing that his face was livid and his whole body was like a pressure cooker about to explode, Charlie sneered: “What’s the matter? Don’t you dare to give me the pulse? I see you old ba5tard, yesterday you cheated and won! Why don’t you dare give me my pulse now?”

Charlie originally suspected that this Mateo had set up a trick for Tianqi, but seeing that he turned out to be an eight-star warrior today, he confirmed his guess even more.

An eight-star martial artist must spend most of his time practicing martial arts every day. Even if such a person has the talent to become a top traditional doctor, he absolutely does not have the time and opportunity for this.

In this world, there are many top scientists who can win the Nobel Prize, and there are also art masters who can study a certain musical instrument or a certain painting to perfection, and there are also many athletes who can practice like sports to become world champions.

However, who has heard of a Nobel Prize winner who can also become the world’s top pianist and Olympic champion?

Human energy is always limited. Since Mateo is an eight-star martial artist, it is doomed that he does not have much time and energy to become a leader in other fields.

At this moment, seeing Charlie being aggressive all the time, Mateo felt a little nervous in his heart.

Although he is a Daoist celestial master, he can be considered a great figure, but for so many years, his main energy has been devoted to practicing martial arts, and his secondary energy has been used to study the refining of some low-level Daoist elixir, and he has not gone deep into it at all.

However, it's not that he doesn't know anything about medical skills. After all, the Taoist sect is good at medical skills, so he is still better than most traditional doctors with limited levels, but compared with Tianqi, a master of traditional medicine, there is still a big gap.

When he fell in love with Tianqi's clinic, and at the same time wanted to occupy the magpie's nest and step on Tianqi to quickly gain a foothold in Aurous Hill, he thought of digging a hole for Tianqi.

It is precisely because his own medical skills are not as good as Tianqi's, so he deliberately found a few nurses, and then took the opportunity to compete with Tianqi in medical skills.

All the female patients who came to see the doctor yesterday were arranged by him. As long as Tianqi agreed in the competition with him, no matter who Tianqi chooses to be the benchmark of the competition, he was doomed to lose.

But at that time, he had been leading Tianqi by the nose, and using the witnesses on the scene to put pressure on him, he didn't think about it at all.

But Charlie is not Tianqi.

Tianqi may feel that everything is fine because he chose the benchmark for the competition from a few patients.

But Charlie felt that this sounded a little tricky.

Seeing that Mateo still didn't speak, he frowned and said, "Don't you dare to compete? I think you are a liar! Before I call the police and arrest you, get out as far as you can!"

Mateo gritted his teeth and said, "Who Say I don't dare? It's just that you are Tianqi's person, and you are all in the same boat, what's the point of me giving you the pulse? Even if I guess correctly, you will say that I didn't guess correctly!"

Charlie smiled and directly revealed his identity he took out his ID card, put it on the table backwards, and withheld his name and date of birth, and said lightly:

"Come on, my ID card is here, you give me a pulse, as long as the date of birth you give out is the same as my date of birth."

"If the error of the ID card is within seven days, I will count you as the winner."

Mateo suddenly became nervous. Things like age itself are not that simple.

Yesterday, he was afraid that Tianqi would have the ability to determine the age of the other party, so before he asked them to act, he found the person who issued the fake certificate in advance,

Gave them fake IDs, and deliberately deviated the birthday from the actual age by a year or two,

For double insurance, not only let Mateo know the answer in advance, but also confuse the real answer, so that even if Tianqi is very capable, the age on the number cannot match the age on the ID card.

So now that Charlie suddenly launched an attack, how could he dare to fight casually?

So, he said in a cold voice: "Hmph! What is an ID card? ID cards can also be faked. In case you make a fake ID card to deceive me and change the date of birth, you will be as old as I am! It's impossible to guess the age on your ID card, so you won't lose?"

After hearing his question, Charlie asked curiously: "It seems that you don't like this kind of junior? What a shame! Could it be that you just relied on this kind of little trick to win Doctor Shi?"

Mateo immediately denied it: “Of course, I didn’t! I won over Tianqi because of my real ability! I just thought, you kid don’t look like a good person at first glance, you probably designed to cheat me on purpose!”

Charlie nodded: “You are afraid that I will collude with Doctor Shi to cheat you, right?”

Mateo immediately said: “That’s right!”

“Okay !” Charlie smiled slightly, and said to Zhovia: “Zhovia, invite all the people I asked you to invite in!”

Zhovia quickly said: “Okay, Master Wade!”

After finishing speaking, she immediately ran out and waved. Soon, a dozen or so women of different ages were brought in from outside,

Some of whom looked to be in their early twenties and some who looked at least sixty or seventy years old.

After these people came in, they all stood in a row. Charlie looked at the dumbfounded Mateo, and said with a smile,

“Come on, Milo, these ladies are all hired by me from our Aurous Hill labor market early in the morning.”

They are all casual workers who came here, you come and take their pulses to see if you can guess their ages correctly, or the rule I just said, your error cannot be greater than seven days.”

Mateo was very flustered in his heart, but he deliberately sarcastically said: “How do I know if these people are your new babysitters?!”

“And I was afraid that you would say that you are a master of gynecology and can only tell women’s pulse, so I asked Zhovia to invite all women.”

Then, Charlie said: “Of course, the most important thing is you regarding the issue of childcare, I asked Zhovia to take them with them early, and they all

went to the police station to issue birth date certificates, and they all affixed the official seal of the police station to ensure that the birth date certificates issued by the police station were consistent with their birth date on their ID cards.”

“If you still lie to me and say that you are the babysitter I found, then I will directly invite the police to come over to be a witness!”

Speaking of this, Charlie simply shook his hands: “Forget it, if you think this is not enough, then I will just call a friend to introduce the people in the notary office, and then contact the people in the TV media, let them come to witness together,”

“And then we will go to the street to randomly select testers under their witness. Choose the head office? If you can really control everyone’s age difference within seven days, when the TV station reports it, your reputation will be even higher. Not only can you promote our traditional medicine, but you can also apply for a new Guinness World Record!”

After speaking, Charlie looked at Mateo and said with a smile, “Look, I have a lot of ways to make you famous.”

When Mateo heard this, his whole body was struck by lightning.

He never dreamed that the kid in front of him would be so smart! This is almost blocking all of his roads! Moreover, he also wanted to find the media. He was also a famous figure in North America. If he lost face in front of the media, wouldn’t his wisdom be ruined?!
