

Chapter 551

Tianhong Group President Office.

Huo Tingchen lit a cigarette, originally won Lu Moyan, his mood should be very happy, but now there is no happy mood, eyebrows are locked up, this is his typical performance in the face of trouble.

All the key members of Huo Tingchen group came together. Of course, Lu Moyan agreed to join hands with Huo Tingchen, but Huo Tingchen is not sure about him. He will not be allowed to participate in this occasion. After all, what we will talk about next is the secrets of the group.

"Mr. Huo, what's wrong with calling us here so late?"

Xu Zheng saw at a glance that Huo Tingchen had something on his mind, so he took the lead to ask tentatively. He suddenly had a very bad premonition.

Huo Tingchen took a deep breath and then said coldly, "the situation has become very serious. I just got accurate information. Jin Zhengting has found out how to correctly solve the treasure."

Cheng mobing's face changed as soon as he said this. She was the only one who knew the real value of the treasure. As for long Jiu and Xu Zheng, they were mostly hearsay. Xu Ting didn't care about the treasure at all. She just wanted to kill Zhao Tongxin.

"Mr. Huo, is the information reliable?"

Cheng mobing asked in a trembling voice, she would rather keep some hope. If Jin Zhengting can really get the treasure, then what it means to them is self-evident.

Huo Tingchen could not help sighing: "I also want to tell you that the news is unreliable, but the news was delivered by Jin Ying. I think she must have heard Jin Zhengting's own words before she risked being found to call me."

Cheng mobing's face turned pale immediately. Jin Ying's news from Jin's villa is nearly 100% true. It seems that Jin Zhengting is really going to open the treasure this time. In that case, his capital will be greatly improved, and their capital injection plan will not be realized.

"Mr. Huo, things are not out of control, so the most important thing for us now is not to mess up and keep calm all the time."

Xu Zheng kept calm enough, because he didn't invest any money at all. He just gave advice to Cheng mobing and Huo Tingchen. This is also his wisdom. Although he put his treasure on Huo Tingchen, he got closer to Cheng mobing secretly. At the same time, he was ready for Jin Zhengting's victory. If Huo Tingchen failed in the end, he would lose There will be no loss.

In addition, Zhao Tongxin is his cousin, and Jin Zhengting won't kill him. It has been proved several times

before that the relationship between Zhao Tongxin and Zhao Tongxin is his talisman. At most, he is pushed out of the upper class by Jin Zhengting. He can afford the loss.

This is also the reason why he can keep calm, but Huo Tingchen and Cheng mobing are different. They have almost put everything they can bet on Jiangbin's business. Once they fail, they really have nothing.

"I want to calm down, but I don't know how to calm down. Do you have any ideas?"

Huo Tingchen didn't respond to him angrily. From his tone, he could tell that he was on the verge of anger. His plan today was perfect and successfully won over Lu Moyan. Originally, it was a matter worthy of celebration. However, what he didn't expect was that Jin Zhengting suddenly wanted to move those treasures at this time, which made him extremely annoyed, because every time when he came to visit him When he is in the upper hand, Jin Zhengting's action can turn the passive situation around.

don't be directed against me. Jin Zhengting, I think there are two purposes for moving that treasure, but every purpose is aimed at us.

Xu Zheng lowered his head and thought about it. When he looked up again, his face showed a smile and looked very relaxed. His words undoubtedly gave Huo Tingchen and Cheng mobing hope. They suddenly looked up and stared at Xu Zheng without blinking.

"Say what you think."

Huo Tingchen said coldly, but his voice also had uncontrollable joy.

"One of the most important reasons why Jin Zhengting chose to move treasure at this time is his response to our action today. I think deterrence is more important than reality. He can't separate himself now. He is unlikely to open treasure immediately. At most, he just has a general action plan, so we still have a lot of time. I want to wait for this gambling stone meeting After that, we will accumulate enough capital, so that even if he opens the treasure, we will have enough money to deal with it. "

Xu Zheng's subtle analysis, Huo Tingchen nodded frequently while listening, what he said is really reasonable, but Huo Tingchen soon found that Xu Zheng's face became dignified.

"Mr. Huo, I think Jin Zhengting has begun to suspect that there are some of us in his group. He may also deliberately test our reaction when he releases this news. If we have a fierce reaction, it will prove his conjecture."

Huo Tingchen seriously thought about it, and then nodded his head: "you are right, he may have this idea in it. If we hear this news, we will stop him at all costs. In this way, we will expose the fact that there are our people inside them. This move is really brilliant." "So we must not have any action at this time. I think another important reason is that he doesn't want Zhao Tongxin to be threatened again, so he is eager to open the treasure. If the diamond necklace is used, we will not pay too much attention to Zhao Tongxin."

Xu Zheng's analysis is very reasonable, which proves that he is very sober now. He should keep a cool head in any dangerous situation. This is a necessary condition for a person who does great things.

"Well, I think our action today has sounded the alarm for him. We can kidnap Qian Yuanyuan quietly and deal with Zhao Tongxin. Jin Zhengting probably feels that he will be in danger, so he is in such a hurry to open the treasure."

Huo Tingchen's eyes brightened. He felt that as long as he didn't do anything these days, maybe Jin Zhengting would give up opening the treasure.

Now, that treasure is just like a nuclear weapon. The significance of deterrence is far greater than the practical significance. This also proves one thing from the side. Jin Zhengting is not fully sure about opening that treasure safely. Otherwise, he should have opened it long ago.

After figuring out the key problems, Huo Tingchen and Cheng mobing are finally relieved. They also admire Jin Zhengting's calculation. If Xu Zheng didn't analyze the purpose of doing so in time, Jin Ying might have been exposed now. After losing Jin Ying's inner line, the news of many things would not be very flexible.

"Mr. Huo, I suggest that it's better to make full preparations for the gambling Stone Fair. I've also sent someone to inquire about the news. Now the senior management is dissatisfied with the Jin family, so I think Jin Zhengting will be more restrained. It's impossible to do too much. However, in case of Wanyi, we'd better send someone to stare at the backbone of Jin Zhengting group."

Huo Tingchen nodded and agreed: "well, just do as you say. Xu Zheng, there is one more thing you need to come forward."

Xu Zheng was stunned for a moment, but he felt a little elated. Huo Tingchen valued his mind very much, so he would ask for his opinions on many important matters. On the other hand, he did not trust him very much. Since the founding of United Group, although he has been the vice president of United group, Huo Tingchen has never given him the right to work as president, which is very important. It also proves that Huo Tingchen relies on him, but he will not really give him the actual rights, only treat him as a senior assistant.

But today Huo Tingchen said that he should come forward, which means that it's time to really give Xu Zheng the right. Xu Zheng thinks it's reasonable. In this coalition, the only one who can really compete with Jin Zhengting is Huo Tingchen. Although Cheng mobing is also a very powerful figure, she is still inferior to Jin Zhengting One grade.

"Mr. Huo, just say what you want."

Although Xu Zheng was secretly happy in his heart, he didn't show it on his face. He still looked indifferent and answered in a very calm tone.

"I have decided to appoint you as the president and set up a catering company that can compete with Zhao Tongxin. I will give you my full support."

Huo Tingchen's eyes with a smile, looking at Xu Zheng said, but the fundus of his eyes flashed a sinister light that no one had seen.

Xu Zheng's heart suddenly moves, which means that Huo Tingchen has agreed that he can control a considerable part of the group's capital, and his opponent is Zhao Tongxin, who has little experience. This is the best opportunity for him to develop his own power.

But he immediately realized that it was wrong. Huo Tingchen could not trust himself so much. He could only prove one thing by doing so. He used himself to achieve some ulterior purposes. Huo Tingchen was the president of the United Company in name. What he said was an order, and Xu Zheng could not refuse it.

"OK, Mr. Huo, I'll finish the task you gave me. I just want to know if I need to deal with other people besides Zhao Tongxin?"

Xu Zhengxian accepted the task, and then asked calmly, so as to know more about Huo Tingchen's purpose of using himself.

Huo Tingchen gave a cold smile: "it's just a Zhao Tongxin. Naturally, you don't need to go out. In fact, just tonight, I received another bad news. In addition to Jin Zhengting's going to move those treasures, I also asked someone to help Zhao Tongxin. That's why I appointed you president of the catering company, because no one is right except you "I've lost my hand."

Xu Zheng's heart suddenly sank, he knew that he was really used by Huo Tingchen this time, but he did not show too much frustration, because opportunities and risks always coexist, which means that although he has to bear a lot of pressure, it is also a great opportunity to strengthen his strength.

He asked faintly, "who did Jin Zhengting invite?"

Xu Zheng is also thinking about this issue at this time. He is familiar with all the key members of Jin Zhengting group. Yang ziye, the Playboy, is not his rival at all. Lu zhanyan will not recover from today's attack for a while. Even if he recovers, it is not worrying. Rong Lei is Jin Zhengting's effective assistant, but he obviously lacks experience in managing large companies As for Xu Yanke, Shaoyuan and Rong Qi, although they can be competent for the management of a certain department, they obviously don't have the qualification to run such a large company under Zhao Tong's heart. So he couldn't figure out who his opponent was for a while.

Huo Tingchen light smile, spit out a cigarette, said: "Jin Zhengting asked Cheng Mohan to help Zhao Tongxin, I think you should be enough to compete with him?"

Xu Zheng's face immediately changed. He had thought that Huo Tingchen had a purpose, but what he didn't expect was that he used this vicious trick to drive the wolf and fight the tiger.

Both Xu Zheng and Cheng Mohan are potential opponents of Huo Tingchen, so now he wants them to have a duel before they are ready. No matter who wins in the end, I'm afraid they can't threaten Huo Tingchen.

Chapter 552

"Mr. Huo, I'm afraid I can't fight against Mo Han alone. I think Mo Bing should help me. After all, they are brothers and sisters. They are very familiar with each other and can give me good advice."

Xu Zheng naturally won't be deceived, he also secretly put forward his own conditions to Huo Tingchen, that is to transfer Cheng mobing to him.

Huo Tingchen's pupil immediately shrinks. He knows that Cheng mobing and Xu Zheng are closely related. At this time, Xu Zheng wants to transfer Cheng mobing to his company. It's obvious that he intends to get rid of his control, which has already touched his vital interests. Huo Tingchen naturally won't agree.

"Xu Zheng, you know that our group has come to the critical moment of developing the market. At this time, Miss Cheng still has very important things to do. If you really need help, I can send longjiu sect to help you. What do you think?"

Huo Tingchen seems to follow Xu Zheng's meaning, but in fact he makes Xu Zheng give up, because long Jiu is the most trusted person around him. At this time, sending long Jiu to Xu Zheng is not to help him, but to monitor him. This is also a secret warning to Xu Zheng not to make small moves.

Xu Zheng naturally couldn't let Huo Tingchen put an eye liner on his side, so she shook his head and refused: "Miss long is responsible for Huo's safety. I certainly can't let her help me. Huo's safety is the most important thing. Now that Mo has other arrangements, I'm still alone."

He is talking to Huo Tingchen about the conditions, hoping that he can lead the restaurant company that will soon open by himself. At the same time, he will also give up the opportunity to form a group with Cheng mobing.

Huo Tingchen's face was uncertain. If it was normal, Xu Zheng would have been torn apart by him when he talked about the terms with himself. But now it's an eventful time, and Xu Zheng is also a rare talent, so he nodded his head and agreed: "yes, I'll arrange it according to what you said."

Cheng mobing looks at Xu Zheng strangely, which means she is asking why she doesn't fight for it any more. She is also very uncomfortable in the United Group now. Almost all her power has been elevated by Huo Tingchen. In the face of such a good opportunity, she doesn't understand why Xu Zheng doesn't insist on their favorable opinions.

Within the United Group, she and Xu Zheng are the same force, so naturally, they regard Xu Zheng as one of their own.

However, Xu Zheng slightly shakes her head, indicating that she should not worry. Cheng mobing knowingly nods her head, saying nothing. In this respect, the two people still have a tacit understanding. From one look, she can see that Xu Zheng asked her not to have any unhappiness with Huo Tingchen.

"Miss Cheng, you have your own mission."

Huo Tingchen suddenly smiles and says to Cheng mobing that when he talks to girls, he is always polite and gentlemanly. Naturally, he is no exception to Cheng mobing.

Cheng Mo Bing smiles: "Mr. Huo, what can I do for you?"

"Since Cheng Mohan is back, I don't think your brother and sister have seen each other for a long time, so I'd like to invite you to meet him. Now I'd like to know what he thinks. If you can fight for it, try to fight for it to our side."

Huo Tingchen said with a smile, he must be an excuse for saying this, because he seized everything that belonged to Cheng Mohan. Everything that belonged to Cheng Mohan in the Cheng family also fell into his hands, and Cheng Mohan himself almost died in his hands. With such deep resentment between the two sides, it's impossible to turn the fight into friendship.

He just wants to use Cheng mobing's identity to explore Cheng Mohan's reality and make plans for the next step. He always adheres to the principle of knowing himself and the other.

Cheng mobing's eyes changed, and he didn't seem to like it very much. However, under the sign of Xu Zheng's eyes, he nodded reluctantly and agreed: "OK, I'll see him tomorrow."

Huo Tingchen shook his head: "no, not tomorrow, but today. He was drinking in Jiangbin bar tonight. It took about 40 minutes to drive from here to the bar. Of course, he didn't meet the red light."

His meaning is very obvious, that is to let Cheng mobing go now, because he didn't explain to them that Jin Zhenting wanted to open the treasure, which has been handed over to Cheng Mohan. For anyone, Huo Tingchen will habitually keep a hand.

"It's so late. I'll send ink ice."

Xu Zheng stood up and told Huo Tingchen that he now needs to spend time alone with Cheng mobing and tell Cheng mobing what he can't say with Huo Tingchen.

Huo Tingchen didn't mind this. He waved his hand and said, "well, with you as a flower protector, I think Miss Cheng will be very safe. Today you will have a good rest after you finish your work. Tomorrow we

will discuss the details of establishing a catering company."

Xu Zheng nodded and walked out of the office with Cheng mobing.

Looking at them leaving, Huo Tingchen's eyes immediately became serious. Long Jiu looked at their back, and his eyes were full of disdain: "brother, they still want to develop their own power in secret. I can't hide this little trick, let alone you."

"No, they don't just want to develop their own power. I think they want to take advantage of the current chaos to kill me." Huo Tingchen's eyes became dark. He threw his cigarette into the ashtray and said coldly, "I thought I could control Xu Zheng, but now it seems impossible. His ambition is too big. He is a man who will never be willing to live under others."

"So what, brother? If he really has this idea, I'll kill him now. No one can give you an idea. I'll be the first to refuse."

Long Jiu's eyes are angry and excited. She is paranoid about Huo Tingchen's maintenance, because no one can hurt her brother and lover.

Huo Tingchen but a faint smile, he waved his hand and said: "you are too anxious, a few days to the day of gambling stone, we still need them two, when all the dust settled, I will let you kill them two, what do you think?"

Dragon nine charming smile, nestle into Huo Tingchen's arms, she likes this kind of feeling, just like her knife into other people's heart.

"Mr. Huo, I have told you all about them."

When Huo Tingchen's eyes fell on Xu Ting, Xu Ting immediately blinked her innocent eyes and said pitifully that in her heart, she was not afraid of Huo Tingchen at all, but she was used to hiding her strength with this expression.

Huo Tingchen gentleman's smile: "Xu Ting, what are you saying? I know you are sincere to me. You are different from Xu Zheng. I know you just want to deal with Zhao Tongxin, so you don't have to worry. As long as you are loyal to me, I will let you get everything you want."

As for Xu Ting, Huo Tingchen really doesn't pay attention to her. He knows that Xu Ting is a woman with great ingenuity, but that's all. Ingenuity only means that she is smart, but it doesn't mean that she is ambitious.

A smart but not ambitious woman is Huo Tingchen's favorite, which is not only convenient for him to control, but also does not pose a threat to him, and it is not easy to use.

Xu Ting is used by him in this way. Although this woman has no experience in business, she also

manages the jewelry company fairly well, and even occasionally calculates Zhao Tongxin. This kind of person is the best choice to stay by her side.

Of course, what he values most is the irreconcilable contradiction between Xu Ting, Zhao Tongxin and Xu Yanke, which is also the guarantee of Xu Ting's loyalty to him. Therefore, he will treat Xu Ting well and let her continue to work for herself. Of course, this is also temporary. If he wins a decisive victory, Xu Ting will not exist.

"Mr. Huo, you can rest assured that Xu Zheng still trusts me very much. If he has any misconduct, I will inform you at the first time."

Xu Ting also knows that Huo Tingchen wants to use herself, and she also wants to use Huo Tingchen to deal with Zhao Tongxin. In her heart, the woman who robbed Jin Zhengting is more damned than anyone else in the world.

Compared with Jin Zhengting, it seems that Xu Zheng is not important at all, so she should firmly hold Huo Tingchen's thigh, because he is the only one who dares to fight Jin Zhengting in the whole riverside.

Huo Tingchen's face showed a strange smile, he said to Xu Ting lightly: "I know you will do this, of course, you have to hide yourself, don't be found by Xu Zheng that you are the person I put in his side, I don't think I need to teach you how to do it."

Xu Ting nodded her head, looked at Huo Tingchen with her unique innocent eyes and said, "Mr. Huo, you can rest assured that he will not find out."

"Very good, you go to have a rest. Remember, as long as Xu Zheng has any changes, you should inform me immediately."

Huo Tingchen said with a smile that he always acts very gentlemanly in front of girls, but sometimes he is so hysterical and crazy, which makes people doubt whether he is schizophrenic.

In fact, this kind of uncertain personality makes it more difficult for people to guess what he is thinking. A person who can't be seen by others can easily make people feel deeply afraid, which is what Huo Tingchen always wanted.

He always deliberately imitates his lifelong enemy, but he doesn't know that Jin Zhengting's dignity is innate. People are more in awe of Jin Zhengting than they are simply in awe of him.

Xu Ting nodded her head and left the office. It's really late now. Girls like Xu Ting must go to the nightclub.

There are only Huo Tingchen and long Jiu left in Nuo Da's office.

"Brother, do you think Xu Ting is reliable?"

Long Jiu looks at Xu Ting's back at the door with disdainful eyes and asks Huo Tingchen around him.

Huo Tingchen said with a smile: "you are still too young. No one in the world is reliable. Only he can get much benefit from you."

With a smile, he took long Jiu's waist, stroked her back with one hand and said, "Xu Ting is different from Xu Zheng. Xu Ting will always stand firmly on our side."

Dragon nine beautiful eyes such as silk of ask: "elder brother, this is why?"

"Because she can't get what she wants from Xu Zheng, Xu Zheng has always regarded Jin Zhengting and I as the biggest enemies, so there must be a duel between him and Jin Zhengting. Xu Ting knows this very well, because only one person can survive between Jin Zhengting and Xu Zheng. If Xu Zheng wins, she will lose Jin Zhengting forever. If Jin Zhengting wins, she will lose Jin Zhengting forever But she can't deal with Zhao Tongxin, so Xu Zheng is not the object she can rely on, but I am different. "Dragon nine's small hand deftly untied his belt, eyes blurred asked: "what's the difference between you?"

With a smile in his eyes, Huo Tingchen pressed long Jiu's head down: "my difference is that she has seen that my ultimate goal is not just to deal with Jin Zhengting, but to plot the top position of Jiangbin. So if I win, maybe I can leave Jin Zhengting's life and let them two go away. It's just a pity that she will kill me I think it's too kind. Does my character really look like Zhao Tongxin? "

Long Jiu can't answer him now, because her mouth is full.

Chapter 553

"Why didn't you fight for it just now? You know, since my capital was robbed by Jin Zhengting and Zhao Tongxin, the group has come to a very difficult time, which is already quite fragile. Huo Tingchen asked you to take the lead in setting up a catering company, which is the best opportunity for our development. If we can't grasp this opportunity again, we are likely to be attacked by Huo Tingchen He swallowed it

On the bus, Cheng mobing complains to Xu Zheng. She really doesn't understand why such a good opportunity is in front of her. However, Xu Zheng doesn't insist on his opinion, but compromises with Huo Tingchen. In her voice, she seems to even begin to suspect that Xu Zheng's group is facing difficulties. He is ready to abandon himself and turn to Huo Tingchen.

Although the two sides are still in alliance, their cooperation is different from that of Jin Zhengting, Yang ziye and Lu zhanyan.

The three giants of Jin Zhengting group are close friends who grew up together. Nothing can divide them. However, the alliance between her and Huo Tingchen is totally different. They are just forced to unite to resist the pressure of Jin Zhengting. Although they have set up a united group, they are still in

the same bed Strange dream.

Jin Zhengting puts a lot of pressure on them, so they will put aside their selfishness for the time being and agree with the outside world. But if Jin Zhengting doesn't put pressure on them, they will start to think about how to swallow each other, so as to improve the strength of their group.

Xu Zheng sneered: "Hey, you didn't find that Huo Tingchen asked me to take the lead in setting up a catering company, but actually used me as a gun?"

Cheng mobing was stunned. She looked at Xu Zheng and asked, "what do you mean?"

"What I mean is not obvious enough. Now among us, who can fight against Cheng Mohan, is there anyone else besides me?"

Xu Zheng's smile is colder. He is not a person who likes to be manipulated by others. But for the sake of the future, he has no way back this time.

Cheng mobing shakes his head. Cheng Mohan is her brother, so he knows what kind of strength his brother has. Except Jin Zhengting, no one seems to be his opponent. Even if he is robbed by Huo Tingchen, it's because he's not very familiar with everything about Jiangbin. In addition, the reason why old lady Cheng intends to kill him is in it. To be fair, no matter what she does Ji, Xu Ting and long Jiu can't be Cheng Mohan's rivals.

Of course, Xu Zheng, who is now driving with a cool face, thinks that she should be similar to Cheng Mohan, at least in terms of IQ.

"Huo Tingchen pushed me to the front desk at this time, but he just used a trick to drive the wolf and fight the tiger. He wanted to use me to contain Cheng Mohan, and at the same time, he also used Cheng Mohan to restrain my hands and feet. In this way, his pressure not only reduced a lot, but also limited my development, which also showed that he never really trusted us."

Xu Zheng said faintly that he has analyzed Huo Tingchen's psychology, which is also his most powerful talent. He is good at analyzing various people's psychological activities.

"In this case, you should strive for the opportunity of development, otherwise, once Cheng Mohan suppresses us, how can we turn over?"

Cheng mobing doesn't understand his intention. Xu Zheng is also a hidden figure. Few people really guess his idea.

Xu Zheng sneered: "if I insist that you join in the founding work of the catering company, then there is really no chance to turn over. I can imagine that Zhao Tongxin is not as stupid as we thought. The three women in her team also have certain abilities. Now with Cheng Mohan, do you think I can get away from it My own strength, that is to say, now I have fallen into the mire and can't extricate myself. At this time,

if you follow me, it will be the end of the world. "

Cheng mobing is a smart woman. After careful consideration, she thinks that Xu Zhenggang's failure to insist is correct. Moreover, she suddenly finds out that Huo Tingchen's opposition just now was pretended. People always have such a characteristic that the more people object to something, the more they want to try it. It seems that Huo Tingchen just used this psychology and almost let them be deceived. Fortunately, Xu Zheng's response was quick, so he did not make an irreversible mistake.

"It seems that I underestimated Huo Tingchen. I didn't expect that he was also good at using intrigue."

Cheng Mo Bing patted his chest and said that the secret way was dangerous. He couldn't help looking higher at Xu Zheng. The people who suddenly realized the conspiracy had first-class insight and reaction.

"That's why I didn't fight for it. You'd better find other ways to develop yourself."

Xu Zheng smiles faintly. He doesn't know why. He deliberately doesn't let Cheng mobing fall for it. In fact, in theory, Cheng mobing is also one of his potential rivals. What he should do at this time is to let her and Huo Tingchen bite the dog. However, he can't get rid of this cruel heart. When he sees Cheng mobing's charming eyes, his heart suddenly moves, and he can't help himself. Ask yourself, don't you really like Cheng mobing?

Recalling the two people's relationship during this period, we have experienced a lot of ups and downs together. After all, people have feelings, and Cheng mobing is so beautiful, especially in the dead of night. Cheng Mo Bing looks at Xu Zheng with a smile and reminds him in a soft voice, "look what I'm doing. You're driving. Look at the road."

"Oh."

Xu Zheng replies to hide his embarrassment. For a moment, he doesn't know what to say. Cheng mobing is also thoughtful. For a moment, the two people in the car fall into silence.

About ten minutes later, Cheng mobing suddenly turned to Xu Zheng and said, "Xu Zheng, stop first."

Xu Zheng quickly parked his car on the side of the road. It was more than two o'clock in the morning, so there were not many cars on the road. Only a few sporadic taxis passed by them, and the rest of the environment became quiet.

Today's night is very dark, there is no moon, there are no stars, only the haze all over the sky, dim street lights shine a layer of hazy warm color halo, sprinkled on Cheng mobing's body, her people are more charming and moving.

"What's the matter?"

Xu Zheng doesn't know why Cheng mobing asked him to stop, but her face is dignified, so there must be

something very important.

"Xu Zheng, let me ask you a question. You should answer me honestly and don't lie. Is that ok?"

Cheng mobing has never been as serious as she is now. Her watery eyes stare at Xu Zheng, as if to see through his heart, and her voice is also as serious.

Xu Zheng has no reason to move in his heart. He probably has guessed what Cheng mobing wants to ask him, but as a smart man, he won't choose to tell the truth, so he pretends not to know, and asks: "you ask, I promise not to tell lies."

"Are you in love with me?"

Maybe there were countless men before Cheng mobing, and she never thought that love was something that a person should have. When she was with other men, she just had a purpose to exchange her body for what she wanted. It was an exchange of equal value, which had nothing to do with love or even emotion.

But today, she really can't help asking Xu Zheng, because during these days, she found that Xu Zheng is a very capable man. Although he has the same huge ambition as Huo Tingchen, his feeling is not the same as Huo Tingchen. Although both of them are unscrupulous in order to achieve their goals, Xu Zheng is not as insidious as Huo Tingchen.

At the beginning, she also committed herself to him to make use of Xu Zhengcai, but now she feels more and more inseparable from this man. It seems that she has formed a kind of dependence on him in her life. This kind of feeling is very special, which she has never met before. She thinks that this is what people often say about love.

In fact, today she had thought of Huo Tingchen's plot. She pretended not to know, and just wanted to see Xu Zheng's reaction. Originally, she would sell her without hesitation and let them hook up with each other. Fortunately, he benefited from it. Unexpectedly, Xu Zheng even stopped her, which suddenly made her cold I'm very moved.

After seeing the strange look in Xu Zheng's eyes, she decided to ask clearly. After all, Xu Zheng is a rare man. It may be a good thing to be with him. This time, she really didn't mean to use Xu Zheng.

A woman like her, who read countless people, naturally would not beat around the bush, so she asked Xu Zheng to stop the car and then asked him.

Xu Zheng thought to himself that he had not guessed wrong. They were both very sensitive people and had a good understanding. So as soon as Cheng mobing spoke, he knew that she wanted to ask this question.

This time, Xu Zheng did not cover up and said directly, "I fell in love with you."

"Are you afraid that I will use you?"

Cheng mobing is quite frank at this time. Although she has never loved others, she still says this sentence under the drive of instinct.

"Don't you use me all the time, just like I use you all the time, originally we just use each other, but I don't know when I think I no longer use you, but really like you, so many decisions I make are for us, not for me, you are so smart, I don't think I need more You should be able to feel it, too

Xu Zheng said faintly, his eyes also become bright, and rare clear and transparent, it can be seen that now he has no intention.

Cheng Mo nodded his head and said with a smile, "of course I can feel it. What I want to tell you is that I'm in love with you, too."

"It's inevitable that a good man like me, if you don't love me, I will doubt whether you are gay or not."

Xu Zheng confidently said, his hand forward, and Cheng Mo Bing's hand together, although they have had many close contacts, but now this is the first time.

When Cheng mobing's hand is caught by him, her heart trembles for no reason. This is the feeling that other men haven't given her. Even when she is facing Jin Zhengting, who claims that no woman doesn't love her, she doesn't have this feeling. It can be seen that her heart may really fall in love with Xu Zheng in front of her.

"I promise that I will not use you in the future, I will only plan for you. I don't know what commitment I can give you, and I don't know what commitment you want, but this is my commitment." Xu Zheng said calmly to Cheng mobing that as a famous playboy, his skill of picking up girls is no less than Yang ziyue. But this time, these two simple words are the first time he said to a girl from his heart.

"I've used you, so now we're tied. Don't mention it again, as long as we can be together in the future. I just want to ask you, you know, everything I've got now is from sleeping with other men. Don't you really dislike me?"

Cheng Mo Bing does not have the slightest inferiority, blinking beautiful eyes at Xu Zheng asked.

Xu Zheng laughs: "the men you've slept with are not as small as the women I've slept with. Do you dislike me?"

"Then we'll be together. Anyway, others will dislike us."

"Whatever, we are bad people in many people's eyes. I'm afraid no one else is willing to accept us except ourselves."

Chapter 554

The night is already very deep, but Jin Zhengting is not sleepy. He leans on the windowsill of his bedroom and looks out the cloudy window. His eyes become dark and deep.

Zhao Tongxin wakes up from his dream and finds that Jin Zhengting is not around. He immediately sits up. Maybe it's because he gets up so fast that he suddenly feels dizzy and holds the bed with his hand.

The subtle sound startled Jin Zhengting. When he came back, he saw Zhao Tongxin's tottering appearance. He rushed to her with almost the speed of human beings. He held Zhao Tongxin carefully with both hands and asked in an anxious and gentle voice, "what's the matter with you, Tong Xin?"

"I'm ok, Zhengting. I just got up a little dizzy."

Zhao Tongxin looks at his slightly anxious face, and can't help feeling a little moved. After being together for such a long time, it's reasonable to say that the emotion should also become flat from the initial passion. This is the process that every couple must experience, from love to family.

But he seemed to be always full of passion for himself. From the moment he fell in love with himself, she could always feel his doting and love for him. No matter what happened, he always came to him for the first time, just like now.

Jin Zhengting is not a good talker, but he can always express his concern for himself with his actions, which makes her feel that she will always be his little princess. To be honest, no woman does not like this feeling.

It is said that a man's feelings will change when he and a woman stay together for a long time. In fact, that only means that the man doesn't love her. Just like Jin Zhengting, he always gives her all his love and tenderness, which is also the reason why their feelings can keep fresh forever.

Zhao Tongxin likes the feeling of being in love every day. Although Jin Zhengting always looks cold, after a long time together, he will know his heart and the burning soul for her.

"Don't be so anxious when you get up later. It's bad for your health, you know?"

His tone is just like that of a child. Zhao Tongxin knows that Jin Zhengting also likes to speak to himself in such a tone, because he will also feel happy.

"I'll remember, Zhengting. Why haven't you slept yet?"

Zhao Tongxin hugs his arm, puts his side face on his shoulder, and asks gently, but there is a trace of heartache in her eyes. She knows that Jin Zhengting is thinking all night about the group's affairs and the current situation.

Jin Zhengting raised his hand and stroked her long hair. He said with a smile, "it's nothing. It's just something bothering."

Zhao Tong Xin blinked her beautiful eyes and asked, "can you tell me something about it? I used to be the Secretary of general Jin."

Jin Zhengting stroked her hair. He liked the touch of her silky hair. In fact, he just liked the contact with Zhao Tongxin.

"I wonder, can we really get those treasures?"

Zhao Tongxin was puzzled and asked, "isn't it clearly recorded in my mother's diary? As long as you put the necklace into the keyhole according to the correct code, the warehouse can be opened."

Jin Zhengting shook his head: "no, I always think it's not that simple. First of all, how did your foster mother know the secret? It should have been the secret of the Cheng family, so Mrs. Cheng should keep it absolutely secret. Moreover, she didn't trust the Cheng family. How could your foster mother get it?"

Zhao Tong lowered his head to think about it, and said, "maybe it's my mother who overheard. That's why he ran away from Cheng's house all night. He's afraid of being killed by old lady Cheng."

Jin Zhengting has a different opinion: "the necklace was brought out by your adoptive mother from the Cheng family, and the Cheng family also knows how to open the treasure, so why don't they open the treasure? They haven't even moved the idea of opening the treasure in recent decades, which is really puzzling."

Zhao Tongxin's eyebrows also wrinkled. Jin Zhengting's analysis is very reasonable. Although the Cheng family's influence in Jiangdong is unique, there is no one in the world who does not want to expand her assets. It is obviously unreasonable that Mrs. Cheng has not opened the treasure for so many years.

"Zhengting, what do you think is the reason? Listening to you, I also feel that this matter is very strange, but my mother's diary is the evidence. She won't lie in the diary, will she?"

She asked suspiciously. Now she's not sure, but she believes more in her adoptive mother's diary. It's unnecessary for a person to lie in his diary. After all, the diary is for himself.

"I think it's a conspiracy."

Jin Zhengting said astonishingly. Zhao Tong was stunned and asked, "what's the plot?"

"At that time, your adoptive mother must have got the necklace secretly, and Mrs. Cheng already knew about it. She must have thought that if your adoptive mother wanted to escape from the Cheng family, she would come to Jiangbin, because according to the 30-year treaty, the influence of the Cheng family

could not penetrate into Jiangbin, and although the relationship between the Jin and Cheng families at that time had broken down, it was still a long way to go. It's not a feud. Mrs. Cheng must have thought that your foster mother would take a necklace to the Jin family, so she deliberately revealed a fake arrangement. Zhao Tongxin's eyes lit up: "then my mother came to the Jin family with a necklace and a fake opening method, and the Jin family would open the treasure according to this fake opening method. However, due to the wrong opening method, the explosives put together with the treasure in the warehouse would explode, and the Jin family would suffer heavy casualties at that time."

Jin Zhengting took a deep breath and nodded his head: "this is probably the truth of the matter. Mrs. Cheng really has a long-term vision. She has calculated to such a point that she is worthy of being able to control the power of the Cheng family in just a few years. It's a pity that she didn't expect that your adoptive mother would have no intention of revenge on the Cheng family. She just wanted to live a normal life in anonymity. This is something Mrs. Cheng has not figured out."

Zhao Tongxin also patted his chest in fear: "if my mother really sent the necklace and the way to open the treasure to the Jin family, then such an important thing must be the responsibility of the Jin family's owner at that time, that is, our father, who will definitely take someone to open it in person. In that case, the consequences are simply too serious."

"It's not just my father, maybe my grandmother will follow. A few tons of explosives will explode instantly, and the main person in charge of the Jin family will be destroyed. What a vicious scheme."

Jin Zhengting's eyes became dark. Although he was used to all kinds of tricks, he could not help feeling cold for Mrs. Cheng's tricks.

"Then we'd better not let brother Mo open the treasure. Since we know that the way to open the treasure is wrong, we should not let people die."

Zhao Tongxin holds Jin Zhengting's hand and says that she is a kind person, especially after she is pregnant. She is pregnant with a new life, so she doesn't want to see any death.

"Zhenyting, don't get me wrong. I don't have anything to do with brother Xiaomo. I just don't want to see innocent people die for our selfish thoughts."

As soon as the words came out, Zhao Tongxin was a little sorry. She was afraid that Jin Zhengting would be jealous of her worried attitude towards Cheng Mohan, so she quickly explained that, in fact, she didn't really have anything to do with Cheng Mohan, just regarded him as her brother.

Jin Zhengting said with a faint smile: "I'm not a vinegar jar, and I believe you, so don't talk about it later. Besides, do you really think I'll let Cheng Mohan open the treasure?"

Zhao Tongxin a little confused: "how, at dinner, don't you let him be responsible for this?"

Huo Tingchen calmly smile, dotting on her head gently patted: "in fact, it is not like this, this is my plan

and Cheng Mohan has long been good, the purpose is to hide in the group inside the spy to find out."

Zhao Tong Xin more confused: "so you can find out the spy?"

"Yes."

Jin Zhengting's eyes twinkled with wisdom: "Cheng Mohan and I deliberately chose to say it in the living room because my intuition told me that the person who betrayed us was probably the person in Jin's villa, so we deliberately said it, and then paid close attention to Huo Tingchen's every move. If Huo Tingchen had any action, it would prove that the spy was right It's the Jin family. "

Zhao Tong Xin immediately understood: "so it is. Did you guess who betrayed us?"

Jin Zhengting's face became serious immediately. The corners of his mouth trembled slightly. Obviously, he was a little excited. However, he soon controlled it and said coldly, "I thought for a long time and found that Jin Ying is the most likely person."

"How could that be?"

Zhao Tongxin's voice immediately raised, but she soon closed her mouth. Now it's late at night, so she can't speak too loud. Besides being afraid of disturbing others, what's more, she's afraid that a wall has ears.

Her voice was much smaller: "it's impossible. How could Xiaoying betray us? She's our sister!"

"If you think about it, when Qian Yuanyuan disappeared, only she and Gu Chen showed up once, and she fell down. At that time, our attention was focused on her. We didn't see what Gu Chen was doing at that time. She probably used this to attract our attention and let Gu Chen take medicine into Qian Yuanyuan's water cup. I've already finished it He sent his men to inspect it and proved that Qian Yuanyuan's water cup contained a large amount of sleeping pills, which were obviously transferred out after he was dazed. "

Jin Zhengting said coldly, he has always had keen insight, especially in the dead of night, it is easier to concentrate on thinking about the truth of things.

"But why does Xiaoying do this? What can she get from doing things for Huo Tingchen?"

Zhao Tongxin still doesn't believe it. Although Jin Zhengting's inference is reasonable, she can't think of Jin Ying's motive for doing so.

Jin Zhengting also shook his head: "I don't know what her motive is, or I don't know what benefits Huo Tingchen can give her."

"Zhengting, although your inference is reasonable, I still can't believe that Xiaoying did it unless I find

direct evidence."

Zhao Tongxin still insists on her own view, because she doesn't want to see Jin family fighting each other at all. Since she fell in love with Jin Zhengting, his family has naturally become her family. "It's all my inference. It all depends on Huo Tingchen's actions. If Huo Tingchen doesn't act at all, it will prove that my inference is wrong. But if Huo Tingchen does something, Jin Ying must have leaked it out. Today, I specially added a lot of secret sentries. No one came close to the living room. Grandma and mother went out for a walk together and were not in the room. Only Jin Ying has never come out, so only she is suspected. "

Jin Zhengting sighed. He didn't want Jin Ying to betray them.

"Zhenyting, let's wait and see. Her eyes have been hurt. I don't want her heart to be hurt by us again. Even if she really makes mistakes, I think I will forgive her. After all, she is our own sister."

Zhao Tong Xin clenched his hand, and her eyes flashed with infinite tenderness. She knew that her attitude was very important, and at the same time, she could comfort Jin Zhengting's heart.

Chapter 555

"Naturally, I don't want her to do it, but if she does it, as the owner of the Jin family, she must clean up the door."

Jin Zhengting's face is very cold and stern. Although Zhao Tongxin's words can warm him, he will never be soft hearted to Jin Ying, because she has caused Lu Zhanyan and Lu Moyan to turn against each other. Qian Yuanyuan's originally happy marriage is also precarious. This is something he can never forgive.

Of course, this can only be done after it has been proved. Jin Zhengting still has a glimmer of hope for Jin Ying.

"Well, Zhenyting, I don't want anything to happen to our family. As you know, I grew up in a bad environment. I'm eager to get a warm home, so if it's Xiaoying, I hope you can open up. If it's not Xiaoying, it's better. After her injury, we are all busy with our own careers, ignoring her feelings, so we should pay attention to her in the future. Better for her. "

Zhao Tongxin nestles in Jin Zhengting's arms and half coquettishly tells him that Jin Zhengting feels warm in his heart. He knows that she is saying this to give her a step down so that he can let Jin Ying go.

"I see what you mean. Have I ever refused you anything since we realized it?"

Jin Zhengting held her in his arms, looked at her bright and clear eyes and said faintly.

"Zhenyting, you are very kind to me."

Knowing that Jin Zhengting had promised her, Zhao Tongxin blinked her beautiful eyes gently and looked at him quietly.

"It's late now. You'd better have a rest early. You'll be busy tomorrow. The company has just opened. There will be a lot of things, but I've told Shaoyuan that you can only work six hours a day, which is compulsory."

Jin Zhengting said faintly that there was a smile in his eyes. No matter how bad he was, he always felt relaxed when he was with Zhao Tongxin.

"I can't limit my working hours like this. As you know, the company has just opened. Six hours is not enough for so many things. Can I add two more hours?"

Zhao Tongxin immediately toots small mouth, not happy and Jin Zhengting bargaining.

Jin Zhengting was unmoved: "you are pregnant now, so you can only work six hours, and it's more than three months. You can only work another two months. When you are five months old, you have to rest at home. You are not allowed to go anywhere."

"Well, Zhengting, I want to ask you something."

Zhao Tongxin knew that Jin Zhengting was for the sake of her and the baby in her stomach, so she didn't argue any more. She was lying on the bed, holding her delicate chin in her hands and blinking her beautiful eyes.

Jin Zhengting's eyes became soft and said, "ask me."

"You said you would treat me like this all the time. In fact, sometimes I'm afraid. If one day you won't treat me so well, I'll be very uncomfortable. Maybe I'll die of sadness."

Zhao Tongxin seldom shows such a little woman's appearance, but when she is alone with Jin Zhengting, she prefers to show her innocence in front of him, because she knows that Jin Zhengting also likes her appearance.

Sure enough, Jin Zhengting's eyes became extremely gentle. He gently stroked her hair and said, "you know, a real man will never make his own woman sad, never."

"I know, Zhengting. I really hope we can go on like this forever. I can't leave you any more."

Zhao Tongxin stares at Jin Zhengting's eyes. She likes to look at his eyes. They are deep and dark, and always have a kind of intoxicating look.

"No, you will never leave me, because I won't allow it."

Jin Zhengting said aggressively, in fact, how can he leave Zhao Tong's heart?

"Mr. Jin, is our contract about to expire?"

Zhao Tong could not help but smile at the thought that they had just signed the marriage agreement. She felt that fate was really a mysterious thing, as if everything had been predestined. She would never think that she would have intercourse with Jin Zhengting, the first person in Jiangbin, or that she would become his wife or that he would fall in love with her, I will also fall in love with him, love each other so deeply.

"No, our contract will never expire. You are my wife. You used to be, you are now, and you will be forever."

Jin Zhengting said with a smile that he seldom smiles, but he can't help smiling tenderly when he thinks of the previous pictures.

"Well, since Mr. Jin insists, we'll renew the contract. But before renewing the contract, you have to do one thing. If your performance satisfies me, I may consider changing the contract to permanent."

Zhao Tong Xin flashed a pair of beautiful eyes, more and more moving, her smile is very beautiful, very gentle, has been deeply imprinted in Jin Zhengting's heart.

He light smile: "I know, when we finish what we should do, I will give you a grand wedding."

Over the years, they have cultivated a tacit understanding. When Zhao Tongxin said that, he already knew what she wanted. In her, Jin Zhengting really put his heart into it. It can be said that he gave Zhao Tongxin all his energy except his work. Any woman who meets such a man should have nothing but happiness. Now Zhao Tongxin's heart is full of these two feelings. She narrowed her eyes, nestled up to him, felt his temperature, and said quietly: "Zhengting, in fact, I don't need any grand wedding. In fact, as long as you are by my side, I will be very satisfied. As long as you are good, our family is safe and happy, more than the so-called grand wedding A wedding is more meaningful, isn't it? "

Jin Zhengting lay down beside her, staring at her with deep eyes: "as long as I have this ability, I will give you the best. Everyone's wedding is only once. Of course, I will give you the best wedding, because that's our lifelong memory."

Zhao Tongxin was moved. She gently picked up Jin Zhengting's angular face. After closing her eyes, in the slight trembling of her long eyelashes, her pretty face took the initiative to come forward and printed Jin Zhengting's lips with her own red lips.

Jin Zhengting felt her love and her feelings, because her kiss was sweet.

Holding her delicate body in both hands, Jin Zhengting began to attack actively. His tongue easily pried open her shell teeth and explored in her mouth.

Zhao Tong breathes out like LAN. She can feel that the dishonest tongue invading into her mouth is entangled with her own tongue, so she puts the two lips closer to his lips, so that he can better ask for the fragrance in her mouth.

Two people lingering for a long time, Zhao Tongxin finally face if peach blossom of escape his lips, the bottom of the head whispered: "Zhengting, I am pregnant now, can't and you that."

Jin Zhengting gently hugged her and said, "I know."

"Are you not happy?"

Zhao Tong carefully asked, she knows Jin Zhengting is also a normal man, there will always be physiological needs.

Jin Zhengting calmly smile: "of course not, I should not be so sensible man."

"But I'm afraid you won't do that for a long time. What if it's too bad?"

Zhao Tong Xin blushed shyly and said softly in his ear.

Jin Zhengting gently stroked her long hair, and her voice was extremely gentle: "Tong Xin, it's very hard for you to be pregnant with our child. I'm ok. Do you think I'm the kind of irresponsible man, because my wife is pregnant, you have to find a substitute?"

"I don't mean that. I mean, if you really want to, I can."

Zhao Tongxin's voice is very small, her face looks like a ripe red apple, which seems to imply something.

Jin Zhengting's heart suddenly moved. He is really a normal man. Zhao Tongxin hasn't touched her in the three months since she was pregnant. Now the fetus hasn't formed. If you force that, it's not a good thing for the pregnant woman and the fetus.

As a normal man, Jin Zhengting has long had a normal reaction to Zhao Tongxin's beautiful woman and her favorite woman.

Zhao Tong blushed, moved his position, stroked his huge tent twice, and then bent his head down.

This is destined to be a very warm night.

In the garden outside Jin's villa, Xu Yanke sits on a stone bench, and Rong Lei, who is opposite, looks at her silently.

They are all on duty today, because Jin Zhengting has revealed the news of opening the treasure. If Huo

Tingchen knows, he will attack Jin's villa at all costs, so tonight is a very important moment. He puts Rong Lei and Xu Yanke, the two most powerful experts, here, waiting for Huo Tingchen's arrival at any time.

But it's early in the morning, and Huo Tingchen hasn't heard of anything. Moreover, the weather is not very good. The night wind is cool, and Xu Yanke doesn't wear many clothes. He can't help sneezing.

Rong Lei doesn't speak, but takes off his clothes and puts them on Xu Yanke. Xu Yanke is very moved by this considerate action, because no one has ever treated her like this since she was young, and she also enjoys being cared about.

But she didn't accept it. She put the clothes back into Rong Lei's hands and said haughtily, "I'm not cold. You'd better keep it for yourself."

In fact, she is lying, because she knows that Rong Lei's injury has not been completely healed, so he needs this dress more now.

Rong Lei naturally can feel her intention, has always been cold eyes across a trace of warmth, he is still stubborn to put clothes on Xu Yanke's body: "I'm not cold, you must put on."

Xu Yanke's beautiful eyes glared: "Rong Lei, you are promising these two days. You dare to speak to me in the tone of command, don't you?"

Rong Lei's face is still no expression, he said faintly: "Yan Ke, and your health related things, I will not compromise."

Looking at his serious face, Xu Yanke suddenly burst out with a smile: "Hey, why are you so stupid? We can use a piece of clothes."

"Well?"

Rong Lei Leng for a while, looking at his clothes, said: "my dress is not big, can only be used by one person, how can two people use it together?" "It's really a piece of wood without sentiment."

Xu Yanke sighed helplessly. She put her clothes on the table, bit her lips, and suddenly rushed up to hold Rong Lei. Her face is very red. Fortunately, it's very dark here. It's hard to see her face now. That's why she takes the initiative.

"Then we won't be cold, you idiot."

Rong Lei's eyes with a touch of happiness, can't help but live around Xu Yanke's waist, whispered in her ear: "Yan Ke, will it be warmer?"

Xu Yanke shyly nodded his head: "it's really warm. It seems that it's good to have you by my side. You

can keep warm at any time when it's cold."

Rong Lei holds her like this, does not have the speech, is quietly experiencing two people when only then has the happy feeling together.

The spoon garden in the distance said to Rong Qi seriously: "see, your brother has fallen completely. He never made such a numb move in public before."

Rong Qi white her one eye: "spoon garden elder sister, you this is envy envy."

"Cut, how can I be jealous of them? When Chen Dong comes back from our family, I'll show you my love. Hugging is nothing. It's OK to make people live."

Chapter 556

When the car stops, Cheng mobing and Xu Zheng get out of the car and walk into the bar together.

It's early in the morning, so there are not many guests in the bar, and Cheng Mohan is such an outstanding man, so they just came in and saw Cheng Mohan in the corner.

A trace of resentment flashed in Cheng mobing's eyes. Xu Zheng looked at it clearly. He pulled Cheng mobing's coat and asked, "have you ever had a festival with him?"

Cheng mobing's eyes were even colder: "holiday? Is that a light word? He's my brother and the one I hate the most

Xu Zheng wants to ask again, but seeing Cheng mobing's slightly ferocious face, he chooses to close his mouth. Everyone has his own secret. Obviously, she doesn't want anyone to know what happened between her and Cheng Mohan. But from her resentful eyes, we can see that there must have been a very fierce conflict between Cheng's brother and sister. Otherwise, even if they are indifferent, they will face each other They are not as cold to their relatives as Cheng mobing.

Two people directly came to Cheng Mohan's front, but soon, there are several strong men around them quietly, don't ask, these people are Cheng Mohan's bodyguards.

Although Huo Tingchen has taken everything away from him, there are some hidden forces for men like Cheng Mohan that will not be exposed. Obviously, he has used these forces.

Cheng Mohan holds the wine glass and takes a look at the two people with the remaining light from the corner of his eyes. A faint smile appears on his handsome face. He waves his hand and says faintly: "she's my sister. Let them come here."

Several strong men immediately withdrew from a certain distance, showing good executive ability, but the eyes are still vigilant staring at them.

Cheng mobing and Xu Zheng sit in front of him. Cheng Mohan pours a glass of liquor into his throat and then raises his head. The corner of his mouth slightly touches: "mobing, I know you will come to see me."

Cheng mobing snorted coldly: "yes, I will find you, because I have never forgotten what I said that night. Sooner or later, I will kill you myself."

"It's been a long time, haven't you put it down yet?"

Cheng Mohan's eyes flashed an imperceptible sadness, and his face also showed a helpless expression. Although Xu Zheng didn't know what they were talking about, he found that Cheng Mohan had a deep guilt for Cheng mobing.

"Put it down? It's easy for you to say, but how can I put it down! "

Cheng mobing's eyes became colder and colder. Her voice trembled slightly because of emotional excitement. Xu Zheng could also realize that what they said must have done great harm to Cheng mobing.

Cheng Mo Han had no choice but to smile: "Mo Bing, although I didn't mean it, I didn't want to. You should know how much I hurt you before it happened."

"You want to put that on grandma again, don't you?"

Cheng Mo Bing coldly said, her face showed a smile, but it is with irony.

Cheng Mohan sighed again: "I don't mean that, but after all, it was my grandmother who designed me. You should know that although I'm not a good man, I can't do anything inferior to animals."

Cheng Mo Bing sneered: "maybe it is, even if you are designed by grandma, but you should not forget that my life is ruined in your hands."

Cheng Mohan's look was gloomy. He tried to keep a smile on his face and said faintly, "we'd better not argue about this. You came to me today. Did Huo Tingchen ask you to test me?"

For his change of topic, Cheng mobing didn't say anything. She snorted: "since you already know, why ask a piece of rubbish?"

Cheng Mohan smiles: "do you think I will tell my thoughts to an enemy who takes everything away from me?"

"You will, I know you will."

Cheng Mo Bing looks at him with burning eyes and says that his expression is very firm.

"It seems that you are always the one who knows me best."

Cheng Mohan smiles again. He smiles a lot today. Usually, he is a person who is not happy or angry. Today's abnormality may be due to meeting his sister, whom he has not met for a long time, although she is already an opponent on the opposite side.

"You can go back now and tell Huo Tingchen that I'm going back to Jiangbin this time just to get back what I lost, and that I've been hurt a hundred times and a thousand times."

His eyes gradually became sharp, and there was a hint of the domineering power of the president of Tianhong Group.

"Hey, when you were in Jiangdong, you were the president of the company. For the sake of your so-called revenge plan, did you want to condescend to Jin Zhengting as a subordinate?"

Cheng Mo Bing's tone is disdainful, but her eyes twinkle a few times. Xu Zheng can see that she has begun to use her mind. Men like Cheng Mo Han are not things in the pool after all, and they will not be willing to live under people.

Cheng Mohan laughed for a while, and said earnestly: "Mo Bing, your stratagem doesn't work in front of me. Don't use such a clumsy estrangement plan. I can tell you frankly that Jin Zhengting is much better than you and me, and the end of fighting against him will not be very good, so I advise you to get together from Huo Tingchen before you get too deep. The regiment will come out so that I won't be able to save you in the end." Cheng Mo Bing sneered: "do I need you to teach me what I want to do? After that, I was driven out of the Cheng family by my grandmother. At that time, I had nothing. Didn't I also create such a huge group? Do you forget what you said at the beginning? You said that I was doomed to accomplish nothing. I have proved that your judgment is wrong. Maybe it won't be long before I can complete the plan that the Cheng family hasn't realized in 30 years. At that time, I will prove to everyone that I am more suitable to lead the Cheng family than you."

Cheng Mohan sighed helplessly. He poured a glass of wine and said, "Mo Bing, you are still so stubborn. Forget it, the road is your choice, and I won't advise you. But when you are in danger in the future, remember to tell me that I will find a way to save you. No matter how you say it, you are my sister."

"Don't worry, I won't ask you even if I die."

Cheng Mo Bing cold finish saying, no longer speak, a time on the wine table into a silent world.

Cheng Mohan drinks a mouthful of wine and turns to look at Xu Zheng. There is a sharp light in his eyes. His eyes are as sharp as a knife, much like Jin Zhengting at some times.

"Are you Xu Zheng?"

Cheng Mo cold with a smile, light asked, but the voice seems to have a kind of intake pressure, this is a successful upper inherent dignity.

However, Xu Zheng has no fear of his dignity. He is a challenger full of fighting spirit, and no one can scare back his ambition.

"I'm Xu Zheng. Hello, Mr. Cheng."

Xu Zheng takes the initiative to hand it over. Cheng Mohan smiles and holds his hand together. Both of them keep a smile on their faces. But from the blue veins protruding from the hands they hold together, we can see that they are just fighting in secret by shaking hands.

"I've heard Mr. Xu's name more than once, but I'm not familiar with it. I should know more about it in the future."

Cheng Mohan smiles, and his hands are gradually exerting. Although he is not a master who is famous for his strength, his strength is much stronger than that of ordinary people because of his constant exercise.

Xu Zheng's smile is also hanging on his face. He feels the great power from his palm. His brow is slightly wrinkled, and his hand is also starting to work hard. He is confident that he will not lose in strength to anyone, because he always takes Jin Zhengting as his goal. When he sees Jin Zhengting's skill, he begins to train himself constantly in order to surpass Jin Zhengting, so he faces the challenge With Cheng Mo Han, his heart is not empty at all.

"It doesn't matter. We'll get familiar with it soon, because we'll have a lot of contact in the future."

Cheng Mohan's eye muscles are shaking slightly. He has already started to use all his strength, but his voice is still very stable: "Oh? It is said that Mr. Xu runs a jewelry company. I'm afraid he doesn't have much in common with our company, does he? "

Xu Zheng's chest is fluctuating violently, which shows that he is also using his last strength, but his language function is normal: "Mr. Cheng's news is not very well-informed. Now I'm ready to start a catering company, so it's natural to have business contacts with Mr. Cheng's company."

"Well, I'd like to congratulate Mr. Xu first, but the catering industry is not so easy to do. Mr. Xu is better to be careful. He will lose all his money if he is careful."

Cheng Mohan's forehead is covered with sweat, but he still has some spare power. Men's instinct makes him want to fight Xu Zheng. At that time, Jin Zhengting solemnly told him at the dining table of Jin's villa that there is one person in Huo Tingchen group who should pay special attention to, that is, this man named Xu Zheng. Even Jin Zhengting said that Xu Zheng might be in some way Face is not worse than him, which makes Cheng Mohan have a sense of challenge.

Xu Zheng is also very hard at this time, but he keeps telling himself in his heart that if he can't even win Cheng Mohan, what capital is there to challenge Jin Zhengting, so he is also persisting.

"At the beginning, Jin Zhengting's jewelry company also monopolized the whole jewelry market in Jiangbin. In the end, didn't this company change production?"

Cheng Mohan suddenly let go of his hand, with a trace of appreciation in his eyes. It is a man like Xu Zheng who gives him a sense of crisis in competition. At the same time, he understands why Jin Zhengting invited him to help Zhao Tongxin. From a simple thing, we can see that Xu Zheng is a very strong opponent.

His momentum is not weaker than Jin Zhengting, but Xu Zheng can deal with it freely, which proves that Xu Zheng's psychological quality is very good, and his ambition is quite strong.

When wrestling with him, although Xu Zheng lost a little, he didn't take the initiative to let go, which was enough to see his endurance and tenacity.

In the process of exerting himself on both sides, he answered his questions like a stream. He also said that Xu Zheng had a good IQ and quick reaction.

As a man as famous as Jin Zhengting, Cheng Mohan quickly analyzes Xu Zheng's personality characteristics. His already cool fighting heart is instantly ignited by Xu Zheng's performance.

"Mr. Xu, you are a good opponent. I can tell you frankly that I appreciate you very much, but since we are antagonistic, we have to have a chance to see you again." Cheng Mohan moves his wrist and says to Xu Zheng with a smile.

Xu Zheng's hand is very painful, but his face is not any different, very calm said: "no problem, Jin Zhengting can invite Mr. Cheng to be my opponent, I feel very honored, but even if you are such a person, I don't think I will lose."

"Very good. I like your momentum. It's very late today, so I won't leave you to drink with me. But Mr. Xu, I want to tell you that if Huo Tingchen wants to kill you, I will let Tong Xin leave you a place in the company."

Cheng Mohan said sincerely, with unspeakable feelings in his eyes: "also, please take good care of Mo Bing for me, go well, don't send."

Chapter 557

When Zhao Tongxin got up, it was almost noon. Jin Zhengting finished washing and was about to go out. Today, he got up very late because he was too tired last night.

Thinking of what he did on his own initiative last night, Zhao Tongxin was a little shy when he looked at Jin Zhengting. Fortunately, they were not very embarrassed when they were together for so long.

"Tong Xin, I'm going to the group headquarters right away. When you get up, you can have something to eat. If you want to go to the company at noon, Shaoyuan and Rongqi will wait for you outside. Remember, don't be too tired. You'll have to relax in an hour."

Jin Zhengting, with a smile, swept her slender waist, gently kissed her forehead, and carefully explained her precautions. Before, he never said so much, but Zhao Tongxin was a pregnant woman after all, so he had to be told.

"Well, I see."

Zhao Tong Xin nodded his head cleverly. Now Jin Zhengting has a lot of things to do. She will take good care of herself to avoid his distraction.

"Well, I'll go first."

Jin Zhengting turns around and gives her a charming smile. He turns out of the bedroom. Rong Lei has been waiting for him outside the door for a long time. Now Rong Lei has recovered well and can continue to be competent as an assistant to the president.

Jin Zhengting looks at Rong Lei's fatigue and knows that everyone was very hard last night. He asks faintly, "how's the injury?"

"Boss, I'm ok. It's just that Huo Tingchen didn't come last night. Does it mean that no one inside of us betrayed us?"

As a core member of Jin Zhengting group, Rong Lei naturally knows Jin Zhengting's inference, but last night they stayed all night, but they didn't find that Huo Tingchen had any action. Even the news that they had been monitoring Huo Tingchen's subordinates said that Huo Tingchen had no action.

So it's no wonder Rong Lei said so. In fact, he doesn't believe that someone inside the Jin family will betray them.

Jin Zhengting frowned and pondered for a while. At this time, he didn't want to be disturbed. As the number one subordinate who had been with him for many years, Rong Lei stood quietly beside him waiting for him, and didn't make a sound.

After a long time, Jin Zhengting's brows spread, and he has come to the conclusion that maybe he is too sensitive recently, so he suspects Jin Ying. Maybe Zhao Tongxin is right. Although Jin Ying's character is not pleasant, she is not likely to betray her family.

In other words, he just reasoned according to all the existing clues. He thought that Jin Ying was the

most suspicious person, but subconsciously, he didn't even agree with his reasoning. Huo Tingchen's no action meant that no one informed him, so Jin Ying's suspicion was naturally eliminated.

"Well, we should be able to eliminate the suspicion of some people, but we still need a very important piece of evidence."

Jin Zhengting said lightly that he is also a very cautious person. He will not make a conclusion immediately about a matter, but needs to find reliable evidence before making the final judgment.

Soon, Rong Qi quietly came over with a printed note in her hand and looked around. When she found no one around, she lowered her voice and said to Jin Zhengting, "boss, I've checked. Miss Jin Ying's phone records are normal. Except for calling her colleagues and Gu Chen, she never called anyone else."

What Rong Qi said about other people naturally refers to Huo Tingchen. With the energy of Jin family, it's very easy to retrieve a person's call records.

Jin Zhengting gently nodded his head and asked: "so Gu Chen's should have checked?"

"Well."

Rong Qi nodded: "also checked, he rarely called, all the call records are agents and Miss Jin Ying, also did not contact with other people."

Rong Lei listened to him and said thoughtfully: "boss, now the suspicion of Miss Jin Ying has been cleared. If she really has contact with Huo Tingchen, she will leave a record. But now we can't find it. It can only prove that we have wronged Miss Jin Ying."

Jin Zhengting can't help breathing out at last, and his heart is released at this moment. He has determined that his previous judgment is wrong, and he really wronged Jin Ying.

At this time, Jin Ying just fumbled out of the room, stopped not far from them and asked, "who's there?"

Rong Lei and Rong Qi replied: "Miss Jin Ying, it's us."

"Oh."

Jin Ying gave a simple answer and asked, "is my brother gone?"

"No, I was just about to go out."

Jin Zhengting answered faintly, but his voice was not the same as usual. Instead of the usual severe and cold, he had a kind of gentle tone.

Jin Ying seems to find that Jin Zhengting is here, and there is not much expression on her face: "brother,

I have something to do with you. Can we talk about it alone?"

Rong Lei and Rong Qi look at each other. Rong Lei says, "Miss Jin Ying, you can talk to boss first. Boss, we'll wait for you outside." Jin Zhengting nodded a little and agreed. Rong Lei and Rong Qi left here soon.

"Xiaoying, what do you want to say to me?"

Jin Zhengting asked, he now has a trace of guilt for his sister, so his voice is very soft.

Jin Ying bit her lips and seemed to have a lot of courage before she timidly said, "brother, I talked with Gu Chen very late last night. I know what you said to him. In fact, I also know about it. At that time, he promised to help Huo Tingchen not only for his sister-in-law's sake, but also for my safety. Can you not blame him?"

Jin Zhengting was silent for a moment: "Oh? Did Huo Tingchen threaten him with you at that time? "

Jin Ying's face showed a frightened expression: "yes, Huo Tingchen pointed a gun at my head and told Gu Chen that if Gu Chen didn't agree with him and helped him get the image data of the necklace, he would kill me immediately. Gu Chen was also forced to do nothing."

Jin Zhengting's pupil contracted for a while, but the tone is still very insipid: "Gu Chen seems to care about your appearance very much."

Jin Ying's face suddenly showed a little girl's coyness. When she lowered her head, her face was already dyed with a blush.

"In fact, we are already together, brother, you won't object to us?"

Her voice became extremely gentle, hands back in the back, fingers constantly in friction with each other, but the face is filled with a happy smile, but this smile is trying to hide.

"Won't, since together, good, Gu Chen before do of thing also have no matter, after all he is also forced helpless, I won't put on the heart."

Jin Zhengting laughed for a while and said faintly, "it's not safe recently. I'll send some bodyguards to follow you so as not to repeat what happened last time."

Jin Ying shook her head: "brother, I know you are good to me, but now I am often together with Gu Chen. Can't we show our love in front of so many people? So I don't want to. We'll pay attention to safety. We'll try to go to places where there are as many people as possible. No matter how crazy Huo Tingchen is, he doesn't dare to do anything out of line. "

Jin Zhengting thought about it, nodded and agreed to her: "well, it's OK, but it's better to go home before dark and stop running around."

This sentence also reflects his concern for his sister. Jin Zhengting seldom asks about these trivial matters.

Jin Ying's face was touched: "well, I know, brother, I'm going out now. Gu Chen is waiting for me in the company."

Jin Zhengting naturally took Jin Ying's hand: "I'll help you."

Jin Ying cleverly let her brother help her out of the villa. She lowered her head, but her mouth slightly raised, revealing an imperceptible sly smile. Her performance was so lifelike.

When Jin Zhengting asked Gu Chen to speak last night, she felt the danger. It is very likely that Jin Zhengting suspected Gu Chen. He thought that Qian Yuanyuan's kidnapping had a lot to do with Gu Chen.

At this time, Jin Ying has already begun to think about countermeasures. In the evening, Jin Zhengting and Cheng Mohan's conversation let her overhear them all. She thinks it is important to inform Huo Tingchen, but when she finished calling at great risk, she immediately felt cheated.

Jin Zhengting is a very smart man. He can think that Gu Chen is working for Huo Tingchen. He is so close to Gu Chen that he can't get rid of the suspicion. Even if Jin Zhengting wants to move those treasures, he will only discuss with Yang ziye and Lu zhanyan. He tells Cheng Mohan about it, and his intention is to lead him out.

She told Huo Tingchen the news that he would not be able to sit still, and then he would snatch Zhao Tongxin's necklace at all costs. As long as Huo Tingchen had these actions, it proved that Huo Tingchen's spy was in Jin's villa.

Jin Ying thought about it carefully. At that time, except for Jin Zhengting and Zhao Tongxin, she was the only one left in the Jin family villa. In this way, she was completely exposed.

So she immediately called Huo Tingchen again. Fortunately, Xu Zheng is very clever and has thought that this may be a trap set by Jin Zhengting, so he has not made any action.

So Jin Ying asked Huo Tingchen to clean her call records overnight and Gu Chen's by the way, because all the signs showed that Jin Zhengting now began to doubt her, and she had to be fully prepared.

Sure enough, the conversation between Jin Zhengting and Rong Lei and Rong Qi in the morning was secretly heard by her. Maybe they tried to keep their voices down when they talked, but Jin Ying's hearing was excellent, so she listened to something.

At the same time, she is also very glad that she has made a very correct choice and has no control. But at this time, she is going to clean up for Gu Chen, because Jin Ying has confirmed that Jin Zhengting

knows the fact that Gu Chen works for Huo Tingchen, so she tries to impress Jin Zhengting with realistic performance.

Jin Zhengting doubted her, but he overturned his conjecture, so she must feel guilty for her. At this time, Jin Ying only needs to tell him that Gu Chen is in love with her, and Jin Zhengting, who loves her very much, plus that sense of guilt, will let Gu Chen go, so that she can protect Gu Chen well. This is all Jin Ying's plan. Judging from the current effect, it's perfect. People who can cheat Jin Zhengting in the world can count it with one palm.

But when Jin Zhengting came out of the villa holding her hand, she hesitated about her choice. However, she soon thought that the reason why Jin Zhengting was so much better to herself was not that he cared more about his family, but just his guilt.

When this sense of guilt disappears, he will still be cold to himself, because in this world, he will only be gentle to Zhao Tongxin, especially when she thinks of Zhao Tongxin, she naturally thinks of Gu Chen. Gu Chen has not accepted herself for the sake of that damned woman, which makes Jin Ying's attitude towards Jin family more determined.

But now she is not only mentally unbalanced. What Jin Ying pursues is something at a higher level. She suddenly realizes that as long as she has absolute power in her hand, no matter what she does, she can get satisfactory results. So what she wants to pursue now is to control the whole Jin family.

The premise of achieving this goal is to defeat Jin Zhengting, his brother who is holding his hand.

Chapter 558

Zhao Tongxin has been lying on the bed for a while, maybe because she is pregnant, so she always feels a little lazy in spirit. However, the company opened yesterday, and today is the time for its official operation. As the president of the company, she still has to be in charge herself today.

After a simple wash, she pushed open the door of the bedroom. Shaoyuan and Rongqi were waiting for her. Seeing that her face was not very good, they all showed concern.

"Tong Xin, are you ok? It looks like your face is so bad. Why don't you have a rest today?"

Shaoyuan asked with concern. She knew that although Zhao Tongxin was living in the hospital recently, her work had never been left behind. When she was in the hospital every day, she would also deal with the business of the company. In fact, she didn't have much rest, so she let Zhao Tongxin be lazy.

Now the company has entered the normal track, even if Zhao Tongxin does not go to the company, according to the normal mechanism of operation, there will be nothing too big.

"No, spoon, let's go to the company. We haven't been to the company these days. I'm afraid Yang ziyi can't do it alone." As in the past, as like as two peas allow all doubt,

Zhao Tongxin is quite strong in some women's power. Her voice is gentle as ever, but her tone is just like Jin Zhengting's air.

"Well, anyway, the boss has explained that you can only work six hours a day. If you exceed this time, we have the right to enforce it."

Spoon garden Du mouth said, she is also concerned about Zhao Tongxin's body.

Zhao Tong Xin chuckled and gently beat the spoon Garden: "well, I know. Don't worry about the spoon. I won't make it difficult for you to do it."

"Well, it's almost the same. I said Miss Zhao, you are pregnant now. Don't be too tired. Health is the most important thing, you know?"

Shaoyuan seriously said that she was very sincere to Zhao Tongxin.

Zhao Tong Xin had a kind of small move, she nodded: "don't worry, I know."

She looked at Rong Qi and said, "Rong Qi, you should not go to the company these days. Don't forget that you still have a very important task to finish."

Rong Qi nodded her head: "I know, Tong Xin, don't worry. I'll watch Qian Yuanyuan. I'll let you know if she has anything."

"Well, let's go."

Zhao Tong Xin said a Hello, and spoon garden together came to the villa parking lot.

Xu Yanke had been sitting in the driver's seat for a long time. She yawned and said to Zhao Tongxin: "Hey, as the president of the company, I don't even have a sense of time. I don't know what time it is now. I just get up and go to work."

Although she has gone home, she still thinks it's better to stay in Zhao Tongxin's company, so she still works as Zhao Tongxin's driver. However, her attitude towards Zhao Tongxin has not changed, and she is always looking for opportunities to disagree with her.

Zhao Tong heart light looked at her: "you know I'm the president, when I go to the company is not your tube, concentrate on driving your car on the line."

Xu Yan can white her one eye, originally wanted to say two words, finally still did not speak, wait for Zhao Tong heart and spoon garden on the car, started the car.

"Zhao Tongxin, Huo Tingchen didn't send someone last night. Can Xiaoying's suspicion be clarified?"

On the way to the company, Xu Yanke asks Zhao Tongxin that what she is most concerned about now is Jin Ying's problem. When Jin Zhengting called them together last night and said that Jin Ying might be a spy sent by Huo Tingchen, she couldn't believe her ears. Like everyone else, she was unwilling to admit that Jin Ying would betray her family.

Zhao Tong thought about it and said, "I don't think Xiaoying will betray us. At present, Huo Tingchen hasn't changed, which proves that Xiaoying should not be."

"I think brother is just too sensitive. How can Xiaoying betray us? It's no good at all. I've been worried since last night and haven't eaten yet."

Xu Yanke got the answer she wanted, and her pretty face immediately showed a relaxed look. She held the steering wheel in one hand and kneaded her stomach in the other. She said that she was really nervous, so that she hasn't entered the water meter since last night.

"Spoon, you didn't eat, did you?"

Zhao Tongxin suddenly realized what, turned to ask the back of the spoon garden, spoon garden shrugged and replied: "what happened, who is still in the mood to eat, that is, this morning when everything is clear, just feel hungry."

Zhao Tong thought for a while, and suddenly said to Xu Yanke, "then we won't go to the company first."

Xu Yanke asked, "if you don't go to the company, where are you going? Do you want to have a meal first? "

Zhao Tong heart smile: "yes, we are to eat first."

"Hey, although you are the president of the company, you can't be so headstrong. Although it's almost noon and it's time for dinner, it's hard to say if you even won't go to the company for dinner."

Xu Yanke is very unhappy to say that although she is really hungry now, she always subconsciously finds fault with Zhao Tongxin. The natural enemy is the natural enemy. When she and Zhao Tongxin are together, they can always make all kinds of gunpowder smell."You're right. Our job today is to eat. I remember there should be a chain restaurant nearby. As the top management of the company, shouldn't we try the taste?"

Zhao Tong Xin blinked her beautiful eyes and said that this is what she suddenly thought of. As the president of the company, she should have a general understanding of its restaurants. It happens that Shaoyuan and Xu Yanke are also hungry, so she should take them to a private visit.

The eyes of the spoon garden smile to become a crescent moon: "Tong Xin this idea is good, I raise both hands to approve."

Zhao Tong Xin smiles and asks Xu Yanke, "Hey, are you going or not?"

At this time, Xu Yanke couldn't go against Zhao Tongxin, because he would be sorry for his stomach, so he turned his mouth and said, "go ahead. Anyway, I'll treat you if you don't die."

The three beauties soon reached an agreement. As soon as Xu Yanke turned the steering wheel, the car came to the parking lot of a restaurant chain.

When the luxury Rolls Royce stops, the drivers who are going to park around drive away one after another. It's a shame to park next to this Rolls Royce.

Three people get out of the car and walk into the chain restaurant together.

This restaurant is not very big, but the decoration is very warm. The dining table is not a luxury hotel style dining table, nor is it a common fast food table in a fast food restaurant, but a common family style dining table.

Just from the dining table can see Zhao Tongxin's design concept, everything to give customers the feeling of home.

The whole restaurant is not a common commercial decoration, but the home decoration that can be seen everywhere in the folk houses. When they come in, Zhao Tongxin feels as if they are back to the era when they lived with their adoptive mother.

This is also designed according to her concept. All chain restaurants do not pursue the so-called high-end, as long as customers feel like they are back at home.

"I can't see that your idea is quite good. I never have a home, so I don't know what it's like to be at home, but I feel very comfortable after I come in."

Xu Yanke, who always disdains Zhao Tongxin, is also attracted by this design. As soon as she walks in, she feels a very warm atmosphere.

"It's true that Tong Xin's idea is really good. I'm sure that our company will have a bright future in the catering industry in the future."

Shaoyuan also agrees with Zhao Tongxin's business philosophy. Of course, it's not that no one has thought of this philosophy, but it requires a lot of money and will take certain risks, so many people are deterred.

There are only a few companies that can realize this kind of business philosophy. Zhao Tongxin's company is one of them.

When the waiter saw a guest coming, he immediately showed a professional smile. However, he didn't wear ordinary hotel clothes, but dressed casually. He didn't look like a restaurant waiter at all.

This is also Zhao Tongxin's idea. She deliberately weakens the image of the restaurant in the hearts of customers, so that customers can integrate into a more casual dining environment, just like at home.

"Three beauties, what would you like to eat?"

The waiter led them to a small elegant room. Although the place was not big, it was just like a small living room. After three people sat down, they really felt like friends dining at home.

Zhao Tongxin took the menu, her eyes lit up immediately. The dishes on the menu are civilian prices, rarely more than three digit prices, but the name of each dish is very familiar to her, especially the front specialty, which is her favorite, and each dish is often made for her by her adoptive mother.

Needless to say, Jin Zhengting must have done it for her, because a few days ago, he took Zhao Tongxin to taste it.

Of course, Zhao Tongxin knows how much effort he has spent in order to make people taste what his adoptive mother can make. Her heart is full of emotion. What's more, he even takes her favorite dishes made by her adoptive mother as the restaurant's signature dishes. Needless to say, this must be what Jin Zhengting asked Yang ziye to do.

"Tong Xin, what's the matter with you? What's the matter with you?"

Spoon garden see Zhao Tong heart Lengleng Leng looking at the menu in a daze, concern asked a, she thought Zhao Tong heart where uncomfortable.

"Oh, it's OK."

Zhao Tong Xin this just returned to God, but this time his face has shown a happy smile: "you two are lucky, today is finally a blessing."

"Hey, this is a very ordinary restaurant. What can I do for you?"

Xu Yanke doesn't know why Zhao Tongxin is suddenly happy, but she still can't help choking. This is one of Xu Yanke's few pleasures when Rong Lei is not around.

"You'll know in a moment."

Zhao Tong Xin confidently replied to her, and then ordered several signature dishes. The waiter left with a smile.

"The service quality is too bad, Tong Xin."

This time, it was Shaoyuan who found the problem first. She thought that as a waiter in the catering industry, she should be very polite. Although the waiter just now looked very friendly with a smile, she didn't bow politely, which made her feel that the service quality of the restaurant still needs to be improved."Spoon, that's what you're wrong with. The waiters are human beings. Everyone is equal. Even if they serve the customers, politeness is a must, but they don't need to please the customers. They feel inferior to others. I don't care about other catering enterprises. But in our company, I won't let this happen, and our business philosophy is not perfect It's the feeling of home. Do you have relatives who are low to you? "

Zhao Tong said faintly, but from her tone, she was not very satisfied with people's prejudice against employees in the service industry.

Shaoyuan thinks about it carefully and nods her head. She thinks that what Zhao Tongxin said is reasonable. After all, she does not grow up from the bottom of society like Zhao Tongxin, so she does not know much about the dignity of these so-called bottom people, but this does not hinder her support for Zhao Tongxin.

"Zhao Tongxin, although I think you are very upset, I also support you in this matter."

Not only Shaoyuan, but also Xu Yanke agreed, because she also deeply understood what Zhao Tongxin said. On this issue, the two people still have a tacit understanding.

Chapter 559

Soon the dishes were ready. Zhao Tongxin said with a smile, "this is our company's product, so we must try it first."

said as like as two peas, she first picked up a dish with chopsticks and carefully savor it. When the dish was just in the entrance, her eyes lit up. The taste of the dish was just the same as that of a foster mother.

All the chefs in the chain restaurant are selected from Yang's group and have received professional training for about a week. It can be seen that this is also Jin Zhengting's order. These chefs must learn to make this kind of taste.

Xu Yanke and Shaoyuan also began to try it, but they couldn't stop at once. They were used to eating delicacies, but they felt an unprecedented kindness to this homely taste.

The lunch was finished in a very pleasant atmosphere. Xu Yanke and Shaoyuan seem to be still savoring the delicious food just now.

"Well, the restaurant's products are good, aren't they?"

Zhao Tongxin is a little proud to say that she is more proud of her adoptive mother's craftsmanship. Being recognized by the same characters as the two young ladies shows that her adoptive mother's craftsmanship is very excellent.

Spoon garden stirred up the thumb: "Tong Xin, I didn't expect that this is the essence of your idea. It reminds me of the taste of my childhood. I can guarantee that relying on these dishes, we can make our company's business prosperous."

As the director of the marketing department, she is very keen to see unlimited business opportunities from the taste of these dishes. It can be said that Zhao Tongxin's idea and the taste of the food are enough to arouse the memories of most people.

Jiangbin is a very developed coastal city, so there are a lot of immigrants. Most of them leave their hometown to work here. Many people seldom go home because of their work. The opening of chain restaurants is a spiritual comfort for these potential consumers.

Zhao Tong heart faint smile: "in fact, I also in a very accidental time, thought of this idea, it seems that this idea can adhere to."

Xu Yanke light said: "this time I still support, but first say good, I support is not you, but my 20% shares."

"Xu Yanke, I really don't understand you. Now that you are the second lady of the Jin family, how can you still value money so much? Besides money, you have no other pursuit?"

Shaoyuan is dissatisfied with her saying that she has no malice towards Xu Yanke. She just likes to quarrel with Xu Yanke. When she was in the group, everyone knew Shaoyuan's character, so even if she didn't forgive others, no one would care with her, so she was very boring. However, the appearance of Xu Yanke just filled her boredom in her spare time Time.

"Who said I have no other pursuit, except money, gold, jewelry, diamond, jade, antiques and jadeite, none of which I don't like."

Xu Yan Ke's cold reply is obviously fighting with Shaoyuan.

"You are the second lady of the Jin family. Why did you fall into the eyes of money?"

Shaoyuan doesn't understand Xu Yanke's style very much. She always looks at the interests as the most important thing, which is also the place she doesn't like most.

Xu Yan Ke curled his little mouth: "cut, you are married now, of course, don't worry, but now I am preparing the dowry for myself."

Zhao Tong Xin asked with a smile: "so quickly think of the problem of dowry, you and Rong Lei development is very fast."

Spoon garden immediately said: "more than fast, last night also showed a public love, I and Rongqi envy do not want it."

Xu Yanke's face flushed. Among the three people, she had no emotional experience. When she was teased by Zhao Tongxin and Shaoyuan, she was even shy: "bah, who is in love with Rong leixiu? I don't want to talk to you about nothing."

"If you don't blush, it's obviously guilty."

"Spoon is right. Tell me quickly, what did you and Rong Lei do last night?"

Three people teased each other for a while, then left the restaurant and went to the company.

Company, President's office.

Yang ziye, with a cigarette in his mouth, leans on the back of the swivel chair and puts his feet on the desk at will. There is no image of vice president of the catering group, but this does not prevent many female employees from quietly looking inside from the open door.

It's time for lunch break, so no one will be dismissed. Since Jin Zhengting was surrounded by female staff last time, no one has ever looked at president Jin. As we all know, although president Zhao is usually very approachable, someone dares to make Jin Zhengting's idea, and she will become a female tiger immediately.

But Yang ziye is different. In the whole city of Jiangbin, there are no girls who don't know that he is still single. Although this guy often changes his partner, there are more girls flocking to him.

Yang ziye is also very handsome. He has a mixed race gene. His appearance is somewhat different from that of Chinese men. His nose is higher and his pupils are deeper, which makes him more attractive.

In Jiangbin, his wealth and status are only a little worse than Jin Zhengting. This handsome and golden Gao fushai still meets the requirements of most girls. Even if everyone knows that he is very playful, no one expects all Gao fushai to be as emotional as Jin Zhengting. So during the lunch break, many female employees find all kinds of excuses to have an encounter with Yang ziye. Maybe they can date him soon.

In the eyes of these female employees, he is now the image of a fool, exuding the natural charm of a man.

Yang ziye's nose suddenly moves. He raises his hand to call a female employee who is peeping at him at the door. Although the female employee's appearance is not as good as Zhao Tongxin '.

When the female employee saw that Yang ziye asked her to go in, she was immediately elated. However, she tried her best to restrain her excitement and came to him with great grace. She said hello

with a lady's manner: "Mr. Yang, do you want to call me?"

Yang ziye's eyes immediately narrowed, showing a ray of appreciation from the gap between his eyes. His face became very serious, as if there was something important to say, which made the female employee who won the first prize nervous.

"you smell delicious. What brand of perfume do you usually use?"

No one thought that what Yang ziye said was that even the female employee was stunned. For a moment, she didn't know how to answer.

Yang ziye doesn't care whether she answers or not. He puts his face close to the female employee's body and sniffs it gently. His face suddenly shows an intoxicated expression. Then he gently raises his hand to touch the female employee's face and continues to ask, "your skin is slippery. How do you maintain it?"

Just as the female employee was talking about how to reply, Yang ziye took her hand again: "your hand is so tender. Do you want to be a secretary? I like dating a secretary best. How about I invite you to dinner tonight?"

"No, you have to work overtime tonight, so you can't go anywhere."

It's Zhao Tongxin. She thought that although Yang ziye was a little unreliable, she should have finished the work of the catering group well. But what she didn't expect was that he didn't work, even though he was still thinking about female employees. Fortunately, he was knocked down by himself before he had time to start. Otherwise, she didn't know how many female employees would be poisoned by him I've lost my hand.

"Tong Xin, you are not at home to have a good rest. Why did you come to the company without notice? Oh, I was talking about business with this young lady just now. Now that you are here, my task will be finished. Don't you have to work overtime?"

Yang ziye first pretends to explain, then pleads with a bitter face.

"Are you going to the nightclub tonight?"

Zhao Tongxin goes directly to the desk and sits down. Without raising his eyelids, he waves the female employee to leave. The female employee keenly finds that the atmosphere is not right, and she leaves the office in a hurry regardless of Yang ziye's favor.

"Well, it's found out."

Yang ziye sighed with chagrin and said, "well, Tong Xin, can't I concentrate on my work?"

"It's almost the same. Today is the first day of business of the company's chain restaurants. Has the turnover in the morning been counted?"

Their chain restaurants are open 24 hours a day, so by this time, the turnover in the morning should have been counted.

Yang ziye hesitated and said, "well, maybe the statistics department is still doing the statistics, but it hasn't been submitted yet. It will be done in the afternoon. You can rest assured."

Zhao Tongxin picked up a document from his desk, glanced at it and put it in front of Yang ziye: "this document is the turnover in the morning, but your fingerprints were not found on it. That is to say, after the statistics department sent the document, you didn't read it at all."

"Tong Xin, you are too good. You can infer it. I really admire you, but I will find a chance to tell Zhengting not to teach you so cleverly. I can't be lazy in the future."

Yang ziye wants to cry and says that if he is allowed to stay in the nightclub every day, he will raise both hands and feet in favor of it, but it's better to kill him to let him handle the documents.

"Ziye, you still want to be lazy. Now that the company has just started, Huo Tingchen may inject capital into the catering industry at any time. We'd better be diligent and lay a solid foundation for the company."

Zhao Tong did not raise his heart to educate Yang ziye. He quickly scanned the documents sent by various departments. She entered the working state very quickly. Yang ziye even felt that she was very similar to Jin Zhengting.

"Tong Xin is right. We should be nervous now."

A voice came from the door. Everyone looked to the door. Cheng Mohan was standing there with a smile.

"Brother Mo, you're here."

Zhao Tongxin smiles and greets Cheng Mohan, but Yang ziye looks at him with wide eyes and asks Zhao Tongxin, "Tong Xin, how did Cheng Mohan appear in our company?"

"Zhengting and I invited him to help."

After explaining to Yang ziye, Zhao Tongxin ignores him and says to Cheng Mohan, "brother Mo, what happened?" Cheng Mohan walked in with great magnanimity, nodded slightly to Xu Yanke and Shaoyuan, and said faintly, "I met Xu Zheng and Cheng mobing last night. They seem to be ready to invest in the catering industry, so we don't have much time left."

"I thought it was a big deal. Even if Huo Tingchen asked Xu Zheng to invest in the catering industry, we don't have to make a fuss. In Jiangbin, Yang's group is the leader of the catering industry. If he wants to invest, he must ask me first."

Yang ziye confidently says that he does have proud capital, because after decades of operation, Yang's group has already monopolized the whole catering market in Jiangbin. It's really difficult to compete with Yang's group.

"Originally I thought so, but last night I thought about the current situation and found that I can't take it lightly, because there is another person that Huo Tingchen can use. Once he steps in, our company can't deal with him."

Cheng Mohan entered the role very soon, and now he has begun to consider the future of the company.

Yang ziye can't help asking, "who is the man you are talking about?"

"Lu Mo Yan."

Chapter 560

After Cheng Mohan finished, everyone including Zhao Tongxin was stunned.

After a long time, Yang ziye said unhappily: "Mo Yan should not help Huo Tingchen deal with us. I don't agree with your inference."

Lu Moyan is their little partner growing up together, so he will never believe that Lu Moyan will betray them, so he is very angry at Cheng Mohan's groundless inference.

Zhao Tongxin raises her hand to stop Yang ziye, and her eyebrows gradually lock up. She and Jin Zhengting have exchanged many times about whether Lu Moyan will turn to Huo Tingchen because of Qian Yuanyuan. Jin Zhengting's view is similar to Cheng Mohan's, and they all think Lu Moyan will do so.

"Don't make any noise. It happens that the core members of the company are here. Let's discuss it together."

As soon as Zhao Tongxin's words were finished, Shaoyuan immediately went to the door and called two men in black suits. He explained in a low voice. The two men in black nodded and left immediately. Then Shaoyuan closed the door of the office.

The two men in black are the bodyguards sent by Jin Zhengting to protect Zhao Tongxin. They are about to start a meeting about the company's future strategy. In the absence of Rong Qi, she will be responsible for the conversation of the company's senior executives. Although Shaoyuan's character is always careless, she will be very concerned at this critical moment I mean every detail.

Zhao Tongxin naturally knew that Shaoyuan was doing this to prevent the walls from having ears, so after the door of the office was closed, she was very relieved to discuss with the people present.

"Brother Mo, you said Mo Yan would cooperate with Huo Tingchen. What's the basis for your opinion?"

Although she also believes that Cheng Mohan's inference is likely to happen in the near future, she also knows the relationship between Yang ziye and Lu Moyan, so she must give Cheng Mohan a chance to persuade Yang ziye.

If Yang ziye doesn't agree, it's hard for them to take corresponding measures against Cheng Mohan's inference, because Yang ziye is a man who values friendship very much, and it's hard for him to make up his mind to become an opponent with Lu Moyan, a friend he grew up with.

Cheng Mohan sat down and said faintly: "the situation is very obvious now. Huo Tingchen has long regarded our company as a thorn in the side. I think he should now be planning to invest in the catering industry and form a confrontation with us. He will rely on a lot more capital than us to launch unfair competition with us, and then swallow our company completely."

"I agree with that. If I were Huo Tingchen, I would do the same. But he doesn't have to pull Mo Yan to invest in the catering industry, does he?"

Yang ziye is still speaking for Lu Moyan, because he doesn't want to be an enemy with Lu Moyan in his heart.

"What you have overlooked is that Huo Tingchen is now planning to transfer capital. However, in Jiangbin's business, in addition to the jewelry industry, which Mr. Jin has decided to give up for a long time, Mr. Jin seems to have the upper hand. In other industries, Mr. Jin is firmly holding the initiative. Therefore, Huo Tingchen's current capital is mainly used for capital injection. In this case, I checked before I came here. He now has a lot of investment projects, accounting for almost all the industries owned by Jiangbin. However, because of the existence of president Jin group, his investment progress in each industry is extremely not smooth. "

Cheng Mohan said faintly that as the first person in Jiangdong, he had a hint of instructing Jiangshan. This kind of charm is innate.

Yang ziye is a little impatient. He is not interested in business at all. It's better for him to go to the bar to find some beautiful women and have a few drinks together.

"Hey, what do you have to do with Mo Yan? I always like to go straight, and I don't like you to beat around the bush. Is there anything I can't say more clearly? "

His words are full of temper. It's not because Cheng Mohan doesn't like his eyes, but because Cheng Mohan pushes Lu Moyan to the opposite of himself, which Yang ziye can't accept emotionally.

Cheng Mohan keeps his usual demeanor. Even if Yang ziye is obviously emotional to him, he is not dissatisfied with him. He still has that kind of indifferent smile on his face.

"Zi ye, take it easy. Now I'm analyzing why Huo Tingchen wants to invest in the catering industry with Lu Moyan. As I said just now, Huo Tingchen's investment has been greatly hindered in all industries. Although his current capital is stronger than our group, he also has a fatal weakness, that is, if he has no capital but no entity, his capital will be reduced. Like stagnant water, it will never increase. If this discovery continues for a long time, the capital of our group will surpass it sooner or later. "

Zhao Tong can't help nodding. Cheng Mohan is really a very talented person. He has seen through the essence of the current situation in just two days when he returned to riverside.

The reason why Jin Zhengting group has a capital gap is that Huo Tingchen has started to invest in various industries in Jiangbin. He does not want to use his investment to get much return. The purpose of his investment is to open up a base in Jiangbin. With this base, Jiangdong's capital can be continuously injected into Jiangbin. Jin Zhengting has seen through Huo Tingchen's purpose from the beginning, so no matter which industry he invests in, Jin Zhengting's capital will be injected into. As far as the social background is concerned, everyone in Jiangbin knows that Jin Zhengting is undoubtedly the climax, so it is impossible to compress Huo Tingchen's capital into one corner and form the scale as Huo Tingchen expected.

Although Jin Zhengting's goal has been achieved, the group's capital has been dispersed, resulting in the current difficult situation of working capital turnover. However, even at a relatively high cost, in the long run, Huo Tingchen can still be suppressed.

Therefore, Huo Tingchen has now given up the strategy of large-scale investment and turned to find opportunities in some key industries of Jin Zhengting group. This can not only bring down Jin Zhengting's key companies, but also provide a platform for his subsequent capital injection. This is why Huo Tingchen can't wait to set up a catering company.

"That's inevitable. This court has already told us, but I still want to ask, what's the relationship with Mo Yan?"

If Yang ziye makes a serious analysis, he will soon be able to find out the answer, but he is not in the mood to use his brain now, and he has brought Lu Moyan into this matter when the Lu brothers are having a bad time.

"Ziye, you are a smart man. You can imagine that Huo Tingchen's investment area is too large. Even if his capital is stronger than ours, it will dry up. Now he is at the end of his tether. Although he has occupied the jewelry industry, he has been stagnant all these days, which shows that his working capital is also in a huge decline. As far as I know, his capital in Jiangdong has not been fully digested. During this period, there will be a capital vacuum period, so he will find a strong partner. To sum up, Lu Moyan is undoubtedly the most suitable candidate now. "

Cheng Mohan said faintly that his analysis was very reasonable, and Zhao Tongxin nodded: "yes, now if Huo Tingchen wants to set up a catering company that can compete with our company in a short time, he needs billions of capital at least. I'm afraid he can't get these funds now, and all the funds of his ally Cheng mobing have been frozen by us, That means they are at the end of their tether. "

"Even if what you say is very reasonable, I still won't believe that Mo Yan will help Huo Tingchen. I know him. He won't do such a stupid thing with a hot head."

Yang ziye is still tough, but he has been almost convinced by Cheng Mohan's analysis, because his analysis is reasonable and in line with the trend of the current situation, but he always has hope for Lu Moyan. He doesn't think Lu Moyan will turn around because of a misunderstanding, although it is a misunderstanding that all men in the world can't accept.

"Ziye, I know you have a lot of feelings for Mo Yan. Naturally, you don't want him to take refuge with Huo Tingchen. But don't forget that Huo Tingchen designed this thing to divide the Lu family. We didn't notice it from the beginning to the end. Now he has succeeded. I believe he met Mo Yan sometime yesterday, and they must have reached some agreement. "

Cheng Mohan confidently said that he believed in his own judgment, and this self-confidence is a necessary personality element for a successful person.

Yang ziye suddenly raised his head: "how can you be so sure that Mo Yan has joined Huo Tingchen?"

"Very simple, if Huo Tingchen did not get the support of Lu Moyan, with his current economic situation, may he make the decision to set up a catering company? Lu Moyan and Xu Zheng must have contributed to the establishment of the company. One of these two people has a deep hatred for Lu zhanyan, and the other is a very ambitious figure. They are united. Our company has just opened, so we are facing a very strong challenge. We must take measures now, otherwise we will be defeated by them. Our company will be defeated If it breaks down, you should know better than me how much impact it will have on president Jin's group. "

Cheng Mohan said faintly that the expression on his face is very calm. There is a kind of person who will be calm no matter what urgent things happen. He is such a person.

Yang ziye lowered his head, his eyes constantly changing, proving that he is now doing a fierce ideological struggle. He only raised his head a long time later, with a determination in his eyes: "well, if Mo Yan really chooses to join hands with Huo Tingchen, I will not care about the past friendship, I will spare no effort to defeat him."

His attitude shows that the company with Zhao Tongxin as the core has formed a community, that is, whoever threatens their company will be defeated.

Yang ziye knows that if their united catering group collapses, the commercial defense line established by Jin Zhengting will face the possibility of collapse. Once Huo Tingchen injects a large amount of capital,

the Jin family, the Lu family and their Yang family will not escape the fate of collapse. Although he has a close relationship with Lu Moyan, when this is the key to the fate of several groups At that moment, he still stood firmly on Jin Zhengting's side.

"Well, now that we have a clear goal, we need to focus on how to deal with the competition we are going to face." Zhao Tong see everyone's opinion has been unified, smile began to guide the topic to the main topic.

"Tong Xin, I am very clear about Mo Yan's economic strength. If he wants to inject capital into the catering industry, it will cost at least more than three billion yuan. Moreover, he has a deep background in Jiangbin, and many big men in the catering industry will give him face, so if he really wants to invest, we can't stop him."

Fortunately, Yang ziye knows Lu Moyan very well, so he can provide Lu Moyan's investment in the catering industry.

"Three billion, plus Huo Tingchen will certainly mobilize part of the capital, then their company's capital will surpass ours. In this way, the market initiative is likely to change hands."

Zhao Tongxin's brow is locked, which is the most powerful challenge she has faced since she accepted the company.
