

# Chapter 567

Most girls in their 25s and 6s are still unmarried. In fact, the lady is still the girl who gives her some sunshine, she is very brilliant.

The reason why the lady has always been so cold and calm is because she has received too little warmth in this world.

Christopher was right.

Suzi is indeed a girl who can bloom sunflower flowers in her heart as long as she has a little sunshine.

She almost bounced and tightened the elevator. When she arrived at the elevator, she only managed to curb the cost when she saw someone in the elevator.

Suzi has no social phobia.

On the contrary, she also likes to make friends if she meets someone who gets along well.

However, Suzi also knows that others have always vilified her, and all she can do is to be silent.

Therefore, Suzi habitually bowed his head slightly when he saw someone in the elevator.

However, when the two female employees in the elevator saw that it was Suzi, they immediately bowed to Suzi respectfully: "Fu...Mrs. Fu."

Suzi was taken aback for a moment.

Then his face blushed.

She can bear any attack on her by others.

The more others attacked her, the more she could straighten her spine, even with silent resistance, she could withstand any wind and rain.

However, suddenly someone respected her so much, but Suzi was a bit at a loss.

She had a bit of a sentence: "Um... we... are all colleagues, you don't need to do this to me, just call... call me Suzi, that. ... The elevator has arrived, I...I'm getting off. Good morning... Good morning!"

After that, Suzi also ran away from the elevator.

Behind them, the two female staff looked at each other and laughed at each other.

"In other words, Mrs. Fu has been working in our company for more than a month and has always been so honest and dutiful. It is those people who are just like others. They are rude and clumsy. It's because Mrs. Fu is low-key. They bullied people without revealing their identities, but Mrs. Fu was so secretive that she had never bullied anyone."

Another female staff member smiled and said, "Mrs. Fu is so cute, and she looks like a little girl."

"By the way, her daughter is five or six years old."

"So pure and beautiful."

When the two female employees said this to Suzi, Suzi had already come to his design department.

She didn't dare to come in at the beginning, and stood outside the door, a little hesitant.

Song Zhuoer was the first to see Suzi.

"Suzi! You are here!" Song Zhuoer shouted in surprise.

Then several other male colleagues also saw Suzi one after another, they got up to welcome Linda, everyone tacitly didn't mention Linda.

After all, Linda got used to being domineering in the company.

He took the soles of the shoes and hit Suzi in the face so viciously, so at this moment, where Linda went, whether it was alive or dead, no one in this office cared.

Even if it is dead, what to do with them.

Linda took the blame.

Even the female designers who have a good relationship with Linda have tacitly chosen to remove Linda at this moment.

They also wanted to deal with Suzi without barriers, just like a few male colleagues.

However, several female colleagues dare not.

The only female colleague Sun Moli who had never squeezed out Suzi before came to Suzi boldly: "Shen...Mrs. Fu, you are here for work."

Suzi immediately took out a lipstick from her bag and gave it to Sun Moli: "This is the lipstick my husband brought back from Kyoto. I realized that the color of this lipstick is quite consistent with your lip color. I hope you like it. "

Sun Moli was flattered: "Thanks...Thank you Mrs. Fu."

Suzi was a little embarrassed: "But... can you call me Suzi?"

"Thank Suzi!" Sun Moli changed her words immediately.

Then, the two women laughed at the same time.

The other women, in their eyes, don't mention too much in their hearts.

However, no one dared to take the initiative to seek peace with Suzi.

Suzi didn't matter, she had no more important people, she picked up the landline on the table, she called out, and the other end was connected quickly:  
"Hey..."

Suzi immediately shouted: "Galia..."

## Chapter 568

On the other end, Galia hesitated: "Shen...that, Mrs. Fu, yes... I'm sorry, I... I didn't know you were Fu... ..Mrs. Fu, so offended you so much, and... please forgive me."

Suzi groaned: "Galia! When did you become stuttering!"

Galia: "..."

Is she scared?

Also, she was actually angry with Suzi.

Obviously it is Arron's wife, but she wants to conceal her identity. She always sympathizes with Suzi and feels that Suzi is pitiful. Actually, she is a big boss!

At that end, Suzi coaxed with a good temper: "Galia, I have known you for more than a month, and I haven't seen you stuttering. If you don't tell me why you stuttered, I will go up to you now. Up."

Galia said in a panic: "Don't come up to me, I'm very busy at work, I'm hanging up!"

Galia hung up the phone immediately.

On this side, Suzi felt a little guilty.

She likes Galia very much.

She is not as good at talking and sociable like others.

Since childhood, she has made a friend very much.

It's the same as she cherished Joan before.

She decided to organize the work at hand, and then went to find Galia in person.

Even if she apologized to Galia, she was willing.

I haven't come to work for a few days. I thought I couldn't do this job. At this time, Suzi picked it up and sorted them one by one. She had always been responsible for her work, and she was organized in order, within two hours. , The work has been sorted out. Her tired neck was sore.

He raised his head and stretched.

Next to her, a cup of milk tea was handed to her, and a very flattering female voice said respectfully: "Mrs. Fu, drink a cup of milk tea when you are tired. I ordered the milk tea specially for you according to your taste. Don't look at your short time in the company. I have always cared about you. I can see that you love sweets. You taste it, it will suit your taste."

Hearing this voice, Suzi felt disgusted.

This woman is called Lina, and she has the best relationship with Linda.

She also often muttered to Suzi in front of Linda, and even Suzi was in front of her. Linda said, "Don't tell me, she is here." But this Li Na would still blatantly trample on Suzi.

Suzi came to work on the first day and saw the two gossiping women in the elevator, among them Li Na.

Although Li Na did not beat Suzi viciously and put Suzi to death like Linda, Li Na was not a good person either.

So Suzi doesn't like Li Na, who is exquisite and double-faced.

"Take it." Suzi said calmly.

"Mrs. Fu, try it. You will know that I have not lied to you." Li Na didn't hear it at all, she still smiled at Suzi with a smile on her face.

Li Na believes in a saying that is not to hit a smiley person by reaching out.

Sure enough, she pushed the milk tea in front of Suzi again, but Suzi did not refuse.

Li Na felt happy for a while.

Humph!

She hasn't had a thorny head that she can't hold.

She Lina is notoriously exquisite in the office, and she is a small public relations expert in the office.

Feeling happy, I was about to turn around to show off to a few colleagues, but saw Suzi very indifferently putting her in the trash can with a cup of milk tea in front of Suzi.

Li Na: "..."

Her face was more embarrassing than crying father.

Suzi was not angry with Li Na.

She is not angry with anyone.

She just felt that there was no need to accept Li Na. She would never need a friend like Li Na in her life. Since there is no need to deal with each other, why bother?

Make yourself unhappy?

She doesn't hate Lina.
