

Chapter 571

"Tong Xin, how can this be? You should know how important this necklace is. I'd rather change my son Ye than let Huo Tingchen get this necklace."

Lu zhanyan flatly refuses Zhao Tongxin. He knows very well in his heart that if this necklace falls into Huo Tingchen's hands and he finds the right way to open the treasure, then the threat to Jin Zhengting group will be huge.

"It doesn't matter. Even if Huo Tingchen gets the necklace, he won't be able to open the treasure immediately. And don't forget that the treasure in Southeast Asia is still under our control, and Zhengting won't give up either of you or ziye because of this necklace."

Zhao Tong Xin said with a smile. She looked at Jin Zhengting tenderly and said faintly that she knew the man around her very well. Although he always seemed to be aloof and hard to approach, he always had a kind of high cold attitude, but in fact he was a very emotional person, with a hot heart under his cold appearance.

"Tong Xin is right. Just a necklace can't make Huo Tingchen stir up any storm. Even if he can open the treasure, you and ziye are more important than the treasure."

Jin Zhengting has infinite tenderness in his eyes. The only one who really knows him is Zhao Tongxin.

Lu zhanyan wanted to say something more, but he was interrupted by Jin Zhengting with a wave: "zhanyan, this matter is so decided, and I gave the necklace to Tong Xin. How to use it is her personal decision, and you and I have no right to interfere."

There was no doubt in his tone that even Lu zhanyan, his best friend, could not disobey.

Lu zhanyan was silent for a while, and a trace of gratitude appeared in his eyes: "well, it's up to you, but I must see Mo Yan. Some words must be made clear. I don't want the Lu family to be completely separated from Huo Tingchen because of this misunderstanding."

Jin Zhengting sighed a little: "zhanyan, I think you'd better not have too much fantasy. From the current performance, Mo Yan is unlikely to turn back."

"I know that I know Mo Yan's character very well, but I still want to make it clear to him face to face. Zhengting, I hope you promise me one thing. No matter how much Mo Yan does, you can let him live in the future."

Lu zhanyan's eyes flashed a look of sadness. From the fact that Lu Moyan could betray Yang ziye, he knew that he had completely stood in opposition to Jin Zhengting, but he was his own brother after all, so he was still begging Jin Zhengting to forgive him.

"Zhanyan, you should understand Zhengting's character. How can he kill Mo Yan? You can rest assured

that I can promise you."

Zhao Tongxin said with a smile that she can really make the decision for Jin Zhengting in this matter, because Jin Zhengting will do the same.

"Well, it's time to take action now. Contact Xu Zheng immediately."

Jin Zhengting got up, said faintly, and stroked Zhao Tongxin's hair: "rest early, I may come back very late, don't wait for me."

"Well, be careful."

Zhao Tongxin nodded her head cleverly. She knew that Jin Zhengting would do it in person. At this time, what she had to do was not to let him distract.

"Yan Ke, you stay with Tong Xin."

Jin Zhengting tells Xu Yanke that no matter when, he will always put Zhao Tongxin's safety first.

Xu Yanke says yes and looks at Zhao Tongxin. In fact, she is willing to follow Jin Zhengting, because Rong Lei is bound to be with Jin Zhengting, and she is afraid that he will be in danger alone.

"Court, or let spoon to accompany me, Yan can this time but can't leave Rong Lei."

Zhao Tongxin naturally can see Xu Yanke's meaning, she said to Jin Zhengting with a smile, and also gave Rong Lei a light look.

Rong Lei some embarrassed faint smile, Jin Zhengting also rare corner of the mouth slightly Yang: "according to the pupil heart meaning to do it."

Xu Yanke snorted, saying that he didn't lead Zhao Tong's heart, but happily took Rong Lei's hand and walked out of the living room happily.

In the bedroom, Jin Ying, holding her mobile phone, whispered to Huo Tingchen: "they have decided to exchange the diamond necklace for Yang ziye. You should prepare early. I know you want to lead this matter to Xu Zheng, but if you do that, the necklace will surely fall into Xu Zheng's hands. As far as I know, Cheng mobing should also know this necklace "Is it worth it?"

Huo Tingchen was silent for a moment and said, "I see. Miss Jin, thank you this time."

Jin Ying's face is still flat, she chuckled: "needless to say thank you, I help you also to help myself."

With that, she hung up the phone and groped for her way to the bed. Leaning on the head of the bed, her face became deep and quiet, as if thinking about something, but no one knew what she was

thinking.

Tianhong Group, President's office.

Huo Tingchen's eyes with a trace of dignified, he put down the mobile phone, feel that this matter is a little tricky. If you step in now, even if you don't get rid of Yang ziye or Lu zhanyan, if you can get the diamond necklace, then the achievements are enough.

But he will also face the anger of meeting Jin Zhengting, which he does not want to see. However, if he works behind the scenes, he is afraid that Xu Zheng will not obey his orders. He knows that Xu Zheng and Cheng mobing are also very concerned about the necklace, and they spare no effort to get it.

Long Jiu looked at Huo Tingchen with charming eyes and said with a smile: "brother, there's no need to worry so much. As long as we can get the necklace, we don't care whether Jin Zhengting will retaliate against us. When we find a way to open the treasure, even if Jin Zhengting blocks the Jiangbin market, we can also use overwhelming capital to open the gap."

"The question is, haven't we found a way to open the treasure yet?"

Huo Tingchen impatiently said that he is now very contradictory. In fact, it is not so much contradiction as fear of Jin Zhengting. Facts have proved that every time he threatens people around Jin Zhengting, Jin Zhengting will immediately make a strong counterattack, which will cause him heavy losses every time. It has left a deep shadow on Huo Tingchen's heart.

"Brother, you forget that Jin Ying is not our undercover agent. Last time she said that Jin Zhengting had found a way to open the treasure. This time we will get the necklace first. On the day of the gambling Stone Fair, we will raid Jin's villa. As long as we control Jin Zhengting's family, I think he will tell us the way obediently."

Dragon nine charming said, she received agent training, the ability to deal with things far more than ordinary people.

Huo Tingchen's eyes brightened: "you are right. This time we only get the necklace, and Jin Zhengting will not care too much. He will never think of our action in a few days. If we succeed, the treasure will be ours."

"If you get the treasure, it won't be long before you can win the summit of Jiangbin."

Dragon nine's smile is also very bright, this is the end of their dream, seems to be in front of us, it can be said that it is easy to get.

"OK, then do as you say. Now go to inform Xu Zheng immediately, and say it's my order. I'll have a talk with Jin Zhengting in person."

Huo Tingchen's eyes flashed with excitement. This time, he felt that facing Jin Zhengting again, he believed that he would never lose to Jin Zhengting again.

"We also need to be prepared. If Xu Zheng knows that the diamond necklace is what he exchanged hostages for this time, he may do us a disservice. After all, the people who took part in this action are all under his and Cheng mobing's hands, so we have to defend them."

Long Jiu's eyes flashed and said that she and her half brother, like her, were careful and never believed anyone.

Huo Tingchen's eyes across a trace of ruthlessness: "I think Xu Zheng will not do this kind of thing, he is now fledgling, still need our help, but your worry is not unreasonable, we can be prepared, but it's best not to tear the skin with Xu Zheng, we still need him for the time being."

Two people quickly out of the office, take the elevator downstairs, straight to the parking lot under the building, long Jiu in the elevator has quickly finished the phone call, now although it is late at night, but obviously her men are still well-trained, in a very short time, dozens of men in black have been waiting in the parking lot.

These people can be said to be the last strength Huo Tingchen can use at present. He looked at these last men, nodded with a smile, and said faintly: "let's go."

On the outskirts of Jiangbin City, it hasn't been developed yet. Everything looks very desolate. Xu Zheng asked his men to turn off the car and turn off the lights, so after a short period of noise, it became dark again.

Jin Zhengting called just now and set up the place to exchange hostages here. Xu Zheng is not afraid that Jin Zhengting will ambush him, because Yang ziye is locked in the car like a rice dumpling, and there are two men close to him. If there is a bad situation, he can be pulled out as a shield at any time.

Lu Moyan leans in front of the car and smokes silently. His expression is very complicated. I don't know if he regrets betraying Yang ziye.

"What's the matter, Mo Yan? You won't have regretted it?"

Xu Zheng patted him on the shoulder with a smile, and then took out a cigarette to light it. The bright and dark fireworks made his handsome face blurred.

Lu Moyan took a deep breath and said coldly, "I don't regret it. I just think it's a little mean to do so."

"Mean?"

Xu Zheng looked at landing Mo Yan like an alien. He suddenly burst out laughing. In this open place, his laughter spread far away, and there was a faint echo echoing in the air.

"Mo Yan, it's not that we are mean, but that you are too naive. I can tell you very responsibly that no one in the world is mean, Jin Zhengting, Huo Tingchen, Lu zhanyan, Yang ziyue, you and me. None of us is hypocritical and cunning, because this is our survival rule, so I advise you to put away the so-called nobility, Come and face the dirty world with me. Maybe you will find that sometimes dirty is colorfulXu Zheng said faintly that his eyes were shining with wisdom. Maybe he was persuading Lu Moyan, maybe it was just his inner monologue. He was such a man, who could endure, disguise and do whatever he wanted, but he had to win.

Only the winner can see the rainbow after the rain, and the loser can only be washed away by the storm. This is Xu Zheng's principle.

"Xu Zheng, we have known each other for quite a long time. For the first time, I think you are really a strange person."

Lu Moyan looked at Xu Zheng as if he had never known him, because he seemed to have a philosophical attitude when he heard what Xu Zheng said just now.

Xu Zheng light smile: "Mo Yan, you really should know me again, because from today on, I am not the original Xu Zheng, or can say, now Xu Zheng, is the most real Xu Zheng, because I have been patient for too long."

Xu Zheng threw the smoke out of his hand and drew a wonderful arc in the air. Now, like this parabola, he is at the peak of his life, because he can finally become Jin Zhengting's opponent.

Chapter 572

Xu Zheng and Lu Moyan didn't wait long. Several luxury off-road vehicles soon appeared on the road.

Xu Zheng's eyes showed a sharp light, and his hand could not help shaking into a fist. This was his nervous and unspeakable excitement when he faced Jin Zhengting alone.

The motorcade slowly stopped not far from them, the door opened, and Jin Zhengting's figure came into Xu Zheng's eyes.

Xu Yanke, Rong Lei, Rong Qi, Lu zhanyan and Qian Yuanyuan get off the bus one by one and stand behind Jin Zhengting. Several strong bodyguards protect them in the core area. Their hands are all in their clothes, obviously holding weapons.

With a smile, Xu Zheng greets Jin Zhengting from afar: "Mr. Jin, this is just a small event. It doesn't need such a big scene, does it?"

After all, Jin Zhengting is the pinnacle of the city. He naturally carries a kind of oppressive momentum, which causes great pressure on his mind.

Moreover, almost all the core members of Jin Zhengting group have come here, which proves that it is Jin Zhengting's most elite force this time. Although the number is small, it seems that it is difficult to defeat.

However, Xu Zheng is very confident. He has studied Jin Zhengting hard for many years. He knows that although he seems to be a very cold man, he attaches great importance to his feelings. As long as he controls Yang ziye, at least he can retreat completely. He just worries that Jin Zhengting will use other means, because this man's strength in Jiangbin is too huge.

Jin Zhengting lit a cigarette. There was no nervous emotion on his face because he was very confident in doing anything.

"Xu Zheng, it's just a small scene. If you really want to know what a big scene is, I will let all hands go to your company and let you see enough."

He said light, a face of calm let Xu Zheng heart more no base.

Xu Zheng reluctantly smiles. As soon as he turns his eyes and sees Lu zhanyan in the crowd, he feels more nervous. Although Jin Zhengting's words are obviously threatening, he knows that they are also warning him not to mess with Yang ziye. In fact, Jin Zhengting is still very concerned about Yang ziye, so Lu zhanyan will follow him.

He hasn't said anything yet, but Lu Mo Yan around him can't bear the anger in his heart. He takes a gun out of his pocket and wants to shoot Lu Zhan Yan now.

Xu Zheng motioned him not to mess with his eyes and said to Jin Zhengting with a smile, "Mr. Jin, can we exchange

Jin Zhengting looked at his watch and said, "there are still three minutes left."

Xu Zheng's pupils suddenly contracted, and he suddenly had a bad premonition in his heart. It seemed that Jin Zhengting was not procrastinating, because three minutes was not enough to make any small movements, but Jin Zhengting's indifferent expression made him feel very inappropriate.

"Mr. Jin, I need to remind you that it's better not to delay. Yang ziye's life is in my hands. You probably don't want to get his body?"

Xu Zheng said without fear, but his eyes kept flashing. He didn't know what kind of means Jin Zhengting would use, but anyway, he came to negotiate with Jin Zhengting today, which is tantamount to pushing himself to the front desk.

He is a smart man. He knows that Huo Tingchen did it intentionally, so he won't withdraw long Jiu, the most trusted man, after hijacking Yang ziye. In this way, all Jin Zhengting's hatred will lead to him, but he

doesn't want to give up the opportunity to weaken Jin Zhengting. No matter he does Lu zhanyan or Yang ziye this time, he will give Jin Zhengting the heaviest blow Strike.

So even if Huo Tingchen takes a wise attitude, he will carry on the plan. Now he has no consideration of his own gains and losses, and only makes a judgment that is beneficial to the overall situation.

"There are still two minutes and twenty seconds left. You should also know that I can't complete any action deployment that threatens you in such a short time, so I'd better be patient."

Jin Zhengting is still very indifferent. He knows that Huo Tingchen's undercover agent is inside his group. The discussion in Jin's villa may have spread to Huo Tingchen now. If Huo Tingchen learns that he is going to trade a diamond necklace for Yang ziye, he will appear in the shortest time, which confirms his conjecture.

Xu Zheng was stunned for a moment. He didn't know how to answer. He looked back at Lu Moyan and wanted to ask for his advice. But at this time, Lu Moyan had only Lu zhanyan and Qian Yuanyuan in his eyes. His eyes had become red. Where was he in the mood to think about these.

So Xu Zheng hesitated again, but soon he calmed down. Anyway, he was in charge of Yang ziye's life and death, and he didn't dare to do anything to himself.

So he said with a smile: "well, since Jin always wants to wait, I will naturally give you this face, but I am a generous person, I will give you five minutes."

"Well."

Jin Zhengting nodded faintly: "I owe you a favor. I will give it back to you in the future."

Xu Zheng's pupils contracted again. Jin Zhengting's bearing made him feel very uneasy. It was like they were not in the same level at all. Jin Zhengting was always condescending and spoke to him in a very proud tone. This was a winner's attitude. Xu Zheng gritted his teeth. He didn't like this feeling, because it would make him feel inferior to Jin Zhengting. He had to get rid of the shadow created by this man.

He took a look at Lu Moyan, turned his eyes for a while, and soon came up with a solution. He must win Jin Zhengting in some aspects to get a psychological balance.

"Since we still have time, we'll talk about our business later. But as Mo Yan's friend, I think it's necessary for me to say a word for him. I think Lu zhanyan is here too. Let them solve their own problems first."

Jin Zhengting said with a faint smile: "this matter will be solved sooner or later, but it's the business of the three of them, so we should not intervene, otherwise I won't sit back and ignore it."

He calmly finished this sentence and waved back to his subordinates. Except for Lu zhanyan and Qian Yuanyuan, all of them obeyed the order and retreated far away, leaving enough space for them.

Jin Zhengting's words are obviously threatening. He means that it is better for Xu Zheng not to interfere, otherwise he will be rude to Xu Zheng.

Xu Zheng took a cold look at Jin Zhengting and said to Lu Moyan, "Mo Yan, it's your business, but now the opportunity is rare. You'd better seize it."

He said in a low voice and cut his throat at Lu Mo Yan. He was reminding Lu Mo Yan that Jin Zhengting's forces are everywhere in Jiangbin. If Lu zhanyan can't be done now, his chances will be more and more slim in the future.

He was worried about this, because now Lu Mo Yan just wanted to kill Lu Zhan Yan himself. He took out his gun and pushed the bullet into the gun. With anger in his eyes, he came to Lu Zhan Yan and Qian Yuan step by step.

Lu zhanyan has a trace of guilt in his eyes. He feels sorry for his brother in his heart. From what happened to Huo Tingchen and Qian Yuanyuan, to some signs of rekindling of old love with her last night, but this is not his original intention.

He has hurt Qian Yuanyuan, so he needs to give her a way out, that is, if Lu Moyan refuses to forgive her, he will treat Qian Yuanyuan as before. But if Lu Moyan chooses to forgive, he will not fight with his brother, but will silently bless them.

However, he must let Qian Yuanyuan understand that even if Lu Moyan does not forgive them, she will not be lonely, because it is still him, not only responsible for yesterday's things, but also his long-standing feelings for her, which is why he gave Qian Yuanyuan a hug last night.

Just because of this, the guilt of Lu Mo Yan is more serious. In Lu Mo Yan's eyes, he is ashamed that he and Qian Yuan Yuan have done something sorry for themselves. I have to say that this is a very coincidental misunderstanding.

"Why, now that you are ashamed, I can't figure out why you still have the face to see me?"

Lu Mo Yan's eyes are full of anger. He stares at Zhan Yan and asks coldly.

Lu zhanyan sighed: "Mo Yan, I know you must have misunderstood Yuanyuan and me. What happened that day was really not my original intention, but Huo Tingchen's frame up. He kidnapped Yuanyuan and asked me not to disturb anyone. I went to save her by myself. As a result, I fell into his trap."

He is very smart. He knows that Lu Moyan has completely fallen into Huo Tingchen's trap, but he still wants to explain why. At least he has a little hope that Luo Moyan can be more rational.

It's just that he doesn't know that Huo Tingchen's plan is perfect. He has noticed every detail. He has already used Lu Moyan's anger to brainwash him successfully, which makes him believe that Lu zhanyan

and Qian Yuanyuan have been having an affair behind his back.

"Come on, don't lie to me any more. I'll never believe you again, and I'll never forgive you, you adulterers and whores."

Lu Mo Yan rudely interrupts Lu Zhan Yan's explanation. His gun has been raised and his pupils are constantly shrinking. As long as he pulls the trigger, he can do Lu Zhan Yan. Only a little bit of rationality tells him that the person in front of him is his own brother even if he does something wrong to himself.

"Mo Yan, I know you've been cheated by Huo Tingchen, so you won't believe me in anything I say, but it's a private matter between our brothers. I don't want you to be angry with others and do anything harmful to the overall situation."

Another purpose of Lu zhanyan's visit this time is to hope that Lu Moyan can stop cooperating with Huo Tingchen. The impact of this incident on the situation is really huge, and it is likely to cause the disadvantage of Jin Zhengting group. It can be said that he caused this incident, so he must prevent it from happening.

Lu Mo Yan laughed angrily: "Lu zhanyan, don't defend your friends anymore. Jin Zhengting has provided a place for your tryst and helped you hide me, so you should be grateful to him, right? Then I won't make you happy."

His eyes became colder and colder. When Lu zhanyan met him at this time, he didn't expect to have the opposite effect. This is what Xu Zheng did behind his back.

"Enough, Mo Yan. You keep saying that we are sorry for you. Why don't you listen to our explanation?" Qian Yuanyuan interrupts him because Lu Moyan's distrust of them makes her feel very hurt. After all, the man opposite is his husband. His husband doesn't trust him. What can be more sad than this?

Looking at Qian Yuanyuan, Lu Moyan's eyes have lost the tenderness of the past. Now it's just a deep hatred and pain: "I will divorce you, but you should remember that I will never forgive you. I want you to return my hatred to me a hundred times."

Qian Yuanyuan's body shakes a few times. Now she finally understands that Lu Moyan's love for her is very limited, otherwise he would not say such words. His anger is just from the man's instinct.

"OK, let's divorce!"

Chapter 573

When Qian Yuanyuan said this, her tears were already rolling in her eyes. In fact, this was the end she had long thought of. If there was no Lu zhanyan, she would have made this choice.

Although it is Lu zhanyan, the man she once loved most, who makes her lose her virginity, now she is Lu Moyan's wife, which is also an unchangeable fact. Therefore, even if Lu Moyan chooses to forgive, she will not forgive herself, and will not let such a man continue to live with Lu Moyan.

What's more, Lu Mo Yan's words have completely hurt her heart. Maybe Lu Mo Yan pursued her out of psychological imbalance at that time, just as a disguised revenge for Lu Zhan Yan.

Although two people's married life is OK, but once something happens, this vulnerability is completely exposed.

Lu Mo Yan's eyes were full of killing intention. He snorted coldly: "you have such a plan for a long time. You divorced me just to be with him. I'm sorry?"

His voice became hoarse because of anger, with unspeakable terror: "since you want to be with him so much, I will help you!"

When the last trace of rationality was swallowed up by the division, Lu Moyan now just wanted to kill the dog man and woman in front of him. His gun was raised again. This time, his index finger was pulled on the trigger without hesitation, and his black muzzle was aimed at Qian Yuanyuan standing in front of him.

Qian Yuanyuan's eyes are full of sadness, but there is no fear on her face. No matter whether it is unintentional or not, she also feels that she has done something wrong to Lu Moyan, so she hopes Lu Moyan can be better. However, from Lu Moyan's words, she has been completely disappointed with him, one who has never trusted herself How much love will you have for her?

"Bang" shot, Qian Yuanyuan subconsciously closed her eyes, but she was not hit by the bullet, she opened her eyes again in surprise, only Lu Moyan covered his hands, the gun fell far away.

Lu zhanyan looked at him with sharp eyes, holding a gun with smoke from the muzzle.

He didn't want to hit Lu zhanyan with this shot. He just hit his gun and stopped Lu Moyan from killing Qian Yuanyuan.

"Mo Yan, you've gone too far. I've already said that Huo Tingchen framed this incident, and Yuanyuan was the victim from the beginning to the end. Why don't you believe us, but you believe Huo Tingchen and want to kill Yuanyuan? Are you really so cruel? She's your wife!"

Lu zhanyan doesn't know why his younger brother suddenly loses his mind. According to his understanding of his younger brother, although Lu Moyan is not a person with absolutely superior intelligence, he will definitely not be so easily deceived.

"You shot your own brother."

Holding the wrist cracked by the shock, Lu Moyan sneered at Lu zhanyan and said, "you really don't treat me as a younger brother. I'm just a competitor of the Lu family, right? From the beginning to the end, you think that I will threaten your position, so you try every means to let me marry Qian Yuanyuan. In this way, I will automatically lose the inheritance right of the Lu family, and you can rest easy. Your strategy is really brilliant, worthy of being the owner of the Lu family. I really admire you. "

Lu zhanyan was stunned. He never thought about it like this, and he never thought that Lu Moyan would be so persistent about the inheritance of the Lu family. It seems that he thought his younger brother too simply, and he also faintly felt that this must be the thought instilled by Huo Tingchen or Xu Zheng. In addition, he had been in his shadow for a long time, and Lu Moyan's dissatisfaction accumulated to a certain extent Degree, like a Mars ignited explosive magazine burst out.

"That's all for today's talk. You'd better calm down and call me when you think it through."

Lu zhanyan knows that it's useless to say anything now, because Lu Mo Yan can't listen to anything he says at all. He can only say that Huo Tingchen and Xu Zheng's strategy is very successful, and they have grasped Lu Mo Yan's most dark place in psychology, so as to induce his thoughts. Now Lu Mo Yan is his biggest enemy.

He doesn't want to waste his words in such a place. After all, Yang ziye is still in Xu Zheng's hands. If Lu Moyan continues to speak, he may say something that will hurt Qian Yuanyuan. So he cleverly stops the conversation, takes Qian Yuanyuan's hand and goes back.

Qian Yuanyuan didn't know what she was thinking. Her eyes were a little dull. She let Lu zhanyan walk back to the crowd hand in hand.

Behind him came Lu Mo Yan's hysterical voice: "Lu zhanyan, from today on, we will no longer have any relationship. One day I will tear you to pieces!"

Jin Zhengting came up and handed Lu zhanyan a cigarette. He said faintly, "it seems that Huo Tingchen used a lot of means to win over Mo Yan, but it doesn't matter. After a while, Mo Yan will understand."

Lu zhanyan sighed: "I'm too reckless. I won Huo Tingchen's calculation to make this situation come true. I don't have anything, I just wronged Yuanyuan."

"I'm fine. It's also through this that I can see clearly Lu Moyan's feelings for me."

Qian Yuanyuan said flatly, her heart has been completely dead."Zhanyan, it's up to you to comfort Qian Yuanyuan. I always think that it's the most suitable for you to be together. Of course, I just put forward my own suggestions."

Jin Zhengting said faintly. After taking a deep look at Lu zhanyan, he raised his wrist and looked at his watch. A smile appeared at the corner of his mouth.

Just as he put down his watch, on the road in the distance, a motorcade was speeding towards them.

Xu Zheng's heart suddenly became nervous. If the team was under Jin Zhengting's hands, it would undoubtedly have an absolute advantage in the number of people. He quickly gave his hands a look. Although his hands felt guilty, they still took out weapons one after another.

"Don't be nervous. They're not my people. They're your boss."

Jin Zhengting said faintly that Xu Zheng's eyes were shining with uncertain light. He didn't know why Huo Tingchen would come at this time, and it seemed that Jin Zhengting had made it clear in advance.

When the team stopped, Huo Tingchen and long Jiu took the lead to get out of the car, followed by a lot of subordinates. It seems that Huo Tingchen's residual forces are already in full swing.

"Xu Zheng, you have done a good job."

Huo Tingchen comes over and praises Xu Zheng first. He is really quite satisfied with this matter. If Xu Zheng had not thought that he could use Lu Moyan to lead Yang ziyue, he would not have had a chance to get a diamond necklace.

Although Xu Zheng didn't understand why Huo Tingchen praised himself, he could see from his excited eyes that he must have gained some benefits, and it was probably related to Jin Zhengting.

His brain is running at a high speed, and he suddenly thinks of a possibility. His face immediately changes. It's true that the mantis catches the cicada and the Yellow sparrow is behind. If Yang ziyue is a cicada and he is a mantis, then Huo Tingchen is undoubtedly the sparrow now.

He had already thought that if he could let Huo Tingchen go out in person and even drag Jin Zhengting's hatred to himself, it was only the diamond necklace in Jin Zhengting's hand.

With Jin Zhengting's emotional character, he must have promised Huo Tingchen that he would exchange the diamond necklace for Yang ziyue. Only in this way can Huo Tingchen arrive here without scruple. At the same time, it also shows that Huo Tingchen does not trust himself, for fear that he will get the necklace first.

"Mr. Jin, it seems that we seldom talk in such a quiet environment. It's not bad."

Huo Tingchen came to Jin Zhengting with a sense of provocation in his eyes. There are not many times when he can threaten Jin Zhengting. He needs to enjoy this feeling more.

Jin Zhengting light smile: "you seem very happy."

"Of course, as long as I can make Mr. Jin unhappy, I will be very happy."

Huo Tingchen doesn't hide his joy at all, because as long as he holds Yang ziye in his hand, the diamond necklace must be in his pocket. As for Xu Zheng, he doesn't need to think about it at all. He has so many subordinates. If Xu Zheng doesn't behave well, he will order him to be killed.

He knows that when Xu Zheng sees this situation, he will also guess his intention, so he doesn't need to communicate at all. With Xu Zheng's super high intelligence, he will continue to choose to be patient.

Sure enough, when Xu Zheng saw long Jiu and his subordinates standing behind him and his subordinates intentionally or unintentionally, he understood what Huo Tingchen meant. He wanted to get the necklace very much, but his current strength was not enough to have a direct conflict with Huo Tingchen. Moreover, if they had a conflagration, Jin Zhengting would be the most profitable one, and he didn't want Jin Zhengting to get it Benefits.

So Xu Zheng reluctantly laughed, pulled Lu Mo Yan's clothes and said with a smile, "Mr. Huo, since you come to talk with Mr. Jin, I'll go first. Mo Yan's hand is slightly injured. I'll take him to the hospital."

Huo Tingchen is most proud now. He doesn't care about Lu Moyan. After all, he can get the necklace. He will raid Jin's family in the next few days and force Jin Zhengting to tell him how to open the treasure. Then the treasure is his own. At that time, he doesn't need these people at all and can sweep the whole riverside.

So he waved impatiently: "go ahead, there's no business for you here."

Xu Zheng nods his head and pulls Mo Yan away. Lu Mo Yan is on the verge of anger. He is very dissatisfied with Huo Tingchen's attitude towards him. As soon as he is about to express his dissatisfaction, he is stopped by Xu Zheng's eyes. He can see that Xu Zheng's face is a little complacent, so he doesn't ask much. He takes a resentful look at Jin Zhengting, Lu zhanyan and Qian Yuan standing behind him Yuan and Xu Zheng got on the bus and left soon.

"Mr. Jin, the people who hindered us have left. Now is it time for us to talk about business formally?"

Huo Tingchen said with a smile that he would like to put it forward immediately, but as a favorable party to the negotiation, he preferred to handle Jin Zhengting's pleasure.

"Give Yang ziye to me safely. This necklace is yours."

Jin Zhengting raised his hand. With a burst of dazzling light, he had a diamond necklace in his hand, which is exactly what Huo Tingchen dreamed of.

"Mr. Jin is really a pleasant person. Since you are so sincere, I can promise you, but I have one more condition."Huo Tingchen's eyes flashed with cunning light and said to Jin Zhengting with a smile.

"Ziye is in your hands, so I have no reason to refuse you."

Jin Zhengting's face is very calm. He deeply knows that Huo Tingchen is the leading Party now, and he does not have much say.

"I hope we can get along with each other peacefully in the period before the gambling stone meeting. Of course, we can rely on our own abilities at the gambling stone meeting. I have some family affairs to deal with during this period. I don't know if Mr. Jin can agree?"

Huo Tingchen's meaning is very obvious. His so-called family affair is that after he gets the diamond necklace, it depends on the reaction of Xu Zheng and Cheng mobing. He does not rule out the possibility of a conflagration. This is his plot. In fact, his real intention is to let Jin Zhengting turn his attention to the gambling meeting, so as to cover up his plot to raid the Jin family.

It can be said that Huo Tingchen is really a crafty hero.

Chapter 574

Jin Zhengting's eyes flashed. Huo Tingchen's words gave him a very bad premonition.

He had been hostile to Huo Tingchen for many years. Naturally, he knew this terrible opponent very well. He was a madman who was always crazy and constantly provoked fights. However, he suddenly wanted to talk about keeping peace during this period of time. In this way, Jin Zhengting faintly felt that he was brewing some conspiracy.

But Jin Zhengting can't manage so much now. After all, Yang ziye is still in Huo Tingchen's hands. Compared with Xu Zheng, Huo Tingchen is the more terrible person.

"OK, I promise you, but do you really believe that I will treat you in a peaceful way during this period of time?"

Jin Zhengting said coldly that he had already tested Huo Tingchen's intention.

Huo Tingchen said with a smile: "Mr. Jin, I'm still very confident about your character. I believe that as long as you promise, you will do it. We have been rivals for so many years. I may know more about Mr. Jin than myself."

Jin Zhengting also calmly smile: "I can take this as a compliment to me, but people will change, don't use habitual eyes to see a person, otherwise you will die miserably."

Huo Tingchen laughed: "Mr. Jin is joking. If I could die at will, I would have died 30 years ago, and you have many chances to kill me. Don't I still stand in front of you?"

His tone is full of pride. He can survive under the pressure of Jin Zhengting for so long, and now he has the strength to fight against Jin Zhengting. This is really something to show off.

"You are right. I admire your tenacious statement, but there is no eternal life in this world, and I will not allow you to live too long."

Jin Zhengting's deep eyes are full of impressive momentum. This kind of domineering is born with him, and it is also the strong self-confidence tempered by the man who is at the top all the year round.

"Mr. Jin, you are indeed a very aggressive man, but you must not forget that I am the one who has the upper hand in the negotiation. Are you really not afraid that I will not want the necklace in your hand in my anger, but tear Yang ziye to pieces in front of you?"

Huo Tingchen's pupils are shrinking. He is obviously irritated by Jin Zhengting's words. He doesn't like Jin Zhengting's domineering attitude of holding everything in his own hands, but he has to agree that the man in front of him really has such capital.

But the thing he was most angry about was that no matter what he did, Jin Zhengting, the arch enemy, had to beat him, which made him have the illusion that he was much worse than Jin Zhengting in any aspect.

In fact, this is not his illusion at all, because Jin Zhengting is able to stand at the top of the river because he is more excellent than anyone else, including Huo Tingchen, who thinks he can compete with Jin Zhengting.

Jin Zhengting smiles and says firmly: "you won't, as you said, we are old rivals for many years. It's not only the process of you understanding me, but also the process of me understanding you. If you are willing to give up the necklace in my hand, you won't be here at all. Huo Tingchen, don't try to threaten me with ziye In fact, I am the one who has the upper hand in the negotiation. "

He said, raising the diamond necklace in his hand: "you immediately release ziye, this necklace is yours, otherwise, I guarantee you nothing."

Huo Tingchen's pupils suddenly contracted, and his anger was burning. If someone said such provocative words in front of him, he could barely accept it, but this sentence was from Jin Zhengting's mouth, which was a huge insult to him.

However, when he saw the necklace that Jin Zhengting held in his hand, his mood immediately calmed down. The most important thing now is to get the necklace. According to his plan and long Jiu's plan, as long as he gets the necklace, it means he has got the treasure, so he must be patient now.

Thinking of this, Huo Tingchen's face reluctantly showed a smile: "Mr. Jin, you can rest assured that as long as I get the necklace, I will release Mr. Yang, and ensure his safety."

Jin Zhengting snorted coldly: "Huo Tingchen, your credit record is not very good, so I have to see Yang ziye come back to me safely before I give you the necklace."

Now the negotiation positions of the two sides have changed fundamentally. Jin Zhengting has made full use of Huo Tingchen's eagerness to get the diamond necklace. Instead, he has made Huo Tingchen very obedient. It has to be said that this is the result of Jin Zhengting's powerful means. He is better at using other people's weaknesses than Huo Tingchen, but he usually disdains to use them. It's just this kind of means. Except that he is an upright man and doesn't like to use these tricks, the most important thing is that no one deserves him to use this kind of means to deal with others.

Huo Tingchen's eyes shake a few times, obviously he is trying to control his emotions, but Jin Zhengting intentionally or unintentionally shakes the necklace in his hand, which makes his anger disappear.

He clenched his teeth and gave a cold smile: "Mr. Jin, although you are a man of great reputation, you and I all know what this necklace means. How can you guarantee that you will give it to me after I release Yang ziye? We are enemies, so I'm not stupid enough to have mutual trust with an enemy." Jin Zhengting smiles faintly, his hand is a little hard, the diamond necklace immediately split into two, Huo Tingchen's face changed, the body also involuntarily moved forward a step, want to stop Jin Zhengting's damage to the necklace, this also exposed his desire for the necklace.

"You don't have to be nervous. I think you know very well that the value of this necklace lies in the code on the diamond. If you don't trust me, I can only give you some diamonds first. After you release ziye, I will give you the remaining diamonds immediately. I don't think you will refuse my proposal."

Jin Zhengting said faintly, handed some diamonds to Huo Tingchen and looked at him with a smile.

He knew that Huo Tingchen could not refuse, because from Huo Tingchen's greedy eyes, we can see how eager he is for these diamonds with treasure codes.

"Well, I believe Mr. Jin's character is good once. Come and bring Mr. Yang."

Huo Tingchen reaches out his hand and takes the diamonds from Jin Zhengting. His heart is already filled with ecstasy. This time, Xu Zheng's temporary plan is intended to weaken Jin Zhengting's helpers. He didn't expect to get the diamond necklace by accident. This is an unexpected joy he didn't expect.

Soon, his men brought Yang ziye. Although he was kidnapped by Xu Zheng, it can be seen that Lu Moyan was still thinking about his friends. He just tied him up and taped him to his mouth in order to keep him from moving and making a sound. But from his smooth face, it can be seen that he has not been beaten or abused.

"Mr. Jin and Mr. Yang are here. You can rest assured now."

Huo Tingchen smiles and pushes Yang ziye to Jin Zhengting. Lu zhanyan, who is anxious, has already stepped forward and started to tear the tape off Yang ziye's mouth: "are you OK, ziye

Yang ziye shakes his head in pain and doesn't speak, but there are big beads of sweat on his forehead, which proves that he is in great pain now.

"Ziye, where are you injured? Are you broken?"

Lu zhanyan is more anxious. As his best friend, he has no time to pay attention to his elegant demeanor now.

Finally he took the tape off Yang ziye's mouth. Yang ziye took a breath, rolled his eyes and said to Lu zhanyan, "I'm not hurt anywhere. You stepped on my foot!"

Lu zhanyan is very embarrassed. Xu Yanke and others behind him try their best to restrain their laughter. After all, it's a very serious occasion now, and it's not good to laugh aloud. But Yang ziye is so funny that everyone feels a little stomachache.

Even Jin Zhengting's eyes showed a gentle smile. He was sure that Yang ziye was OK. He handed the remaining diamonds to Huo Tingchen: "remember, I am a man who does what I say."

Huo Tingchen is focusing on checking the authenticity of the diamond. In fact, there is no need to check it at all. From the first sight of seeing the necklace, he can conclude that the necklace is real, because he is too familiar with it.

"In fact, I really like to do business with Mr. Jin. If we are not in the current situation, I think we will become good friends and even close partners."

Huo Tingchen took over all the diamonds. He patiently counted the number of diamonds. After confirming that the number was correct, he raised his head and said to Jin Zhengting with a smile. It can be seen that he is very excited now.

Jin Zhengting disdained a smile: "you are wrong, we will never be friends, different ways do not conspire, we will never be on the same road, I promise you to keep peace before the gambling stone will start, will also do, but if you challenge first, you should know what the consequences will be."

Huo Tingchen's face changed, but he immediately returned to a gentleman's smile: "Mr. Jin said it's too serious. We'll see you again. I really hope you can get that rare stone worth more than one billion."

"I will. I'm sure you'll be there. I think you already know Tong Xin's talent in gambling stones?"

Jin Zhengting's eyes became deep. His eyes were like a falcon. He stared at Huo Tingchen and asked faintly.

Huo Tingchen was shocked. His first reaction was that he felt that Jin Ying had exposed her identity, but he soon regained his calm. After all, Jin Zhengting was not a simple person. It was normal for him to find someone who had his own inside, but he didn't necessarily know that person was Jin Ying, so it's better to keep quiet now.

"I've only heard a little about it. Why, does Mr. Jin want your wife to be a stone appraiser?"

Jin Zhengting light smile: "although your news is well-informed, but not necessarily true, or distinguish well, we will see you at the gambling stone meeting."

With that, he got on the bus without looking back. Soon, all the people of Jin Zhengting got on the bus and left.

Huo Tingchen stands in the same place, his eyes constantly flicker. Jin Zhengting's last sentence makes him very uneasy. Does he know that Jin Ying is an undercover in Jin's house, so he deliberately divulges the news to her?

In fact, Jin Zhengting does not know who is the real traitor. He is just taking advantage of Huo Tingchen's suspicious mentality. He knows that from today on, no matter what information the traitor sends to Huo Tingchen, Huo Tingchen will not believe it completely. Instead, he has a dubious attitude, which should be able to minimize the loss of the group. Sometimes being suspicious can help people avoid danger, but at the same time, many opportunities will be missed. In this respect, Huo Tingchen is undoubtedly caught by Jin Zhengting.

Now he is more concerned about the necklace. He has no time to think about other things. When he looks at each diamond carefully in the dim light of the night, his face suddenly becomes ugly, and his teeth cackle: "Jin Zhengting, you are also a liar!"

Chapter 575

"Hello, Zhengting, how can you give Huo Tingchen the necklace?"

In the living room of Jin's villa, when Yang ziyi learns that Jin Zhengting used the diamond necklace to get him back from Huo Tingchen's hands, he is not only moved, but also complaining about Jin Zhengting. He knows how valuable the necklace is. Falling into Huo Tingchen's hands is always a future trouble.

Of course, he is very grateful for Jin Zhengting's actions, which also proves that in Jin Zhengting's mind, his friends are far more important than anything else.

"Zi ye, don't say these words. It's not easy to save you. The court has made such a big sacrifice, and you are blamed on him."

Lu zhanyan said on one side that he saw everything Jin Zhengting had done for them. Although they had been together for so many years, it was the first time for them to meet today. This also showed how important Jin Zhengting was to their friendship.

"In fact, Huo Tingchen just got all the diamonds of that necklace. As for the others, he didn't get anything."

Jin Zhengting said faintly that his face was as calm as ever, with only a faint expression, but his eyes flashed with the light that only belonged to the winner.

"Zhengting, don't play the game. I'm very guilty now. If I didn't believe Mo Yan so easily, I wouldn't let Xu Zheng catch me. You don't need to exchange me with such an important necklace."

Yang ziye said with a bitter face that although he is very enthusiastic about Lu Mo Yan's behavior now, Lu zhanyan is here after all, so he still put down his temper, which proves that his EQ is still very high.

"Zi ye, you don't have to feel guilty. There's nothing wrong with what the court said. Huo Tingchen just got the diamond on the necklace, but he can't get the code on the diamond."

It's Zhao Tongxin. Although it's very late now, she hasn't used to sleep, because she worries about Jin Zhengting's safety all the time. Seeing that they are back safely, she makes them fragrant coffee.

"Tong Xin, what does this mean? Why am I getting more and more confused?"

Yang ziye is very surprised to ask, at the same time, he looks at Lu zhanyan, trying to let him tell the secret.

Lu zhanyan shrugged: "don't look at me. If I had known, I would have said it. I don't know what tricks Zhengting and Tongxin are playing."

Zhao Tongxin sat down beside Jin Zhengting and said with a smile, "before I started, I prepared a small thing for Zhengting."

Jin Zhengting took out a delicate knife from his pocket and put it on the table: "this is the titanium knife prepared by Tong Xin for me."

"Titanium knife?"

Yang ziye curiously picks up the knife which is smaller than the nail clipper. He looks at it carefully. The blade of the knife is very smooth, flashing cold light under the light. At first glance, he knows it is very sharp, but he still doesn't know what the knife is used for.

"Tong Xin, come on."

Jin Zhengting said to Zhao Tongxin with a gentle look in her eyes that Zhao Tongxin designed this thing. When she proposed to exchange a diamond necklace for Yang ziye, she thought of this method. It seems that Zhao Tongxin really mastered a lot of professional knowledge when she was the president of a jewelry company at that time.

Zhao Tong heart faint smile: "well, let me explain, well, this knife looks nothing special, in fact, it is made

of rare metal titanium, you should all know that titanium is the hardest metal in the world?"

Yang ziye nodded: "although I spent most of my time at school picking up girls and sleeping, I still know this common sense."

"Well, this titanium knife is not very common in real life, but it can be seen everywhere in the jewelry industry. You all know that diamonds are very hard crystals. It is impossible to carve diamonds with ordinary knives, so only with this titanium knife can we complete the task of processing diamonds."

Zhao Tongxin patiently explained, and Yang ziye's face gradually showed a clear look: "Oh, I see. Zhengting uses this titanium knife to quietly erase the code on the diamond, right?"

Zhao Tongxin said with a smile: "yes, we naturally know how terrible it is that this necklace falls into Huo Tingchen's hands, so of course we can't let him succeed. So I prepared this titanium knife for Zhengting before I set out, and let him do something on the diamond at the right time."

Yang ziye raised his thumb and said with admiration: "Tong Xin, you are worthy of being Jin Zhengting's wife. You have learned his cunning so quickly."

Zhao Tong heart white he one eye: "we are also to save you, later you must not easily believe that we outside of the people, if caught again, we can only use the treasure open way to change you."

Yang ziye nodded awkwardly: "don't worry, there will never be a next time. Besides, I just praised you completely, and there is absolutely no derogatory meaning. Just don't take it to heart."

Zhao Tongxin chuckled: "it's almost the same. I think Huo Tingchen has found that the code on the diamond has been erased by the court. I think he is in a rage now?" "By the way, Tong Xin, do you still remember Gu Chen stealing the code on the necklace under Huo Tingchen's instruction? If you let him get the correct code according to the broken code on the diamond, isn't your strategy completely ineffective?"

Yang ziye is still a little worried. He knows that Huo Tingchen will spare no effort to get the password.

Jin Zhengting said with a faint smile: "I've thought about this problem. Gu Chen should have photographed the code on the diamond necklace, but not all of them, because I've seen it carefully. The code is engraved on every diamond, so Gu Chen can only photograph half of the code, and Huo Tingchen can't speculate about the other half, because every diamond is engraved I have carefully scratched the stone with a titanium knife. You should believe my hand speed. "

"Then there's no problem."

Yang ziye finally put down his heart, because everything in Jin Zhengting's hands will be perfectly solved.

"Tong Xin's small action can be said to be very perfect, and did not let Huo Tingchen's plot succeed, but

Mo Yan's betrayal makes the current situation more complicated."

Lu zhanyan thought that Lu Moyan had already stood on their opposite side, and he couldn't help looking dejected.

Yang ziye also sighed: "yes, Zhengting, if Mo Yan is determined to follow Huo Tingchen or Xu Zheng now, then Tong Xin's catering company will face too much pressure. I think he is likely to inject all his capital into the company Xu Zheng is about to create. That's three billion yuan, which is about the same size as Tong Xin's company 。 ”

"Not only that, I heard that Xu Zheng is very close to Cheng mobing now, and she will certainly give her full support. The funds she can use now are about three billion."

Lu zhanyan ponders that he can feel the pressure from Xu Zheng now. It seems that Jin Zhengting makes a lot of sense to regard Xu Zheng as one of his main opponents. Xu Zheng, who has never been a prominent figure, is like a cobra with a tight body. He seems to show weakness and never strive for strength. In fact, he is firmly guarding the position of the weak and waiting for him at any time Waiting for a sudden and deadly attack, such an enemy is the most terrible.

Everyone knows the situation of Jin Zhengting and Zhao Tongxin. In order to prevent Huo Tingchen's large-scale capital invasion, Jin Zhengting has invested almost all of his working capital into various industries. Although Huo Tingchen's development momentum in Jiangbin has been restrained, there is no remaining capital investment now.

Although Zhao Tongxin's company is the most powerful one under Jin Zhengting group, with fixed assets of about \$3 billion, it has just completed the transfer of production, and even the capital was so tight that it could not even get the endorsement fee. After opening, the situation has improved, but it is not enough to cope with Xu Zheng's upcoming competition.

"Zhenqting, shall we ask Ke Jingteng for help? That guy is studying medicine in the hospital every day now. It's too idle. Should we find something for him to do?"

Yang ziye frowns and thinks for a long time. Suddenly his eyes are bright. He seems to have the best solution.

Jin Zhengting waved his hand and said, "ziye, let's not trouble Jingteng. He and we are not the same people in the world. There's no need to force him into our circle. Let him live the life he likes."

"I really don't understand. It's not right for a well-established company to be a doctor. It's just for my own ideal. It's really brain disease."

Yang ziye said with his mouth curled, as if he had some complaints about Ke Jingteng. However, from his words, Zhao Tongxin felt that Ke Jingteng's family affairs must be unusual.

According to normal thinking, people who can grow up with Jin Zhengting naturally have a very good background in their families, which can be seen from Yang ziye and Lu zhanyan. However, they seem to be reluctant to mention Ke Jingteng's background. It seems that there are many stories here.

Every woman has a heart of gossip, but Zhao Tongxin never asked Jin Zhengting about Ke Jingteng, because she could feel that Jin Zhengting did not want to mention it. As a smart and understanding woman, she naturally would not talk too much.

"Well, let's get down to business. Now Xu Zheng has a huge amount of capital to control. It's not the most fatal. The most fatal thing is how much his capital will accumulate after the gambler's meeting. Although Tong Xin has a keen sense of the original stone, we can't guarantee that we can choose the rare original stone at once. Once we don't choose the one If so, it is likely to give Xu Zheng an opportunity to accumulate capital. "

Lu zhanyan frowned and said that although the operation in the evening was very successful and defeated the plot of Huo Tingchen and Xu Zheng, the current situation is still very serious. The main reason is Lu Moyan's sudden defection.

Thinking of this, he felt a deep remorse in his heart. If it was not for his carelessness, he would not have been trapped by Huo Tingchen, and things would not have come to this point.

"Zhanyan, you don't have to blame yourself. Maybe it's also a good start. At least it proves that Mo Yan and Yuanyuan are not suitable together. This is also your chance."

Zhao Tongxin is very understanding, she saw Lu zhanyan's remorse, so timely comfort said. Yang ziye also patted Lu zhanyan on the shoulder: "Tong Xin is right. Now that everything has happened, it means that it's providence. It's not a bad thing. Through this, Mo Yan has vented his long-term dissatisfaction with you. In the future, you will not get along with each other. Maybe you will be closer than before."

Lu zhanyan reluctantly smiles. He knows that it's because everyone cares and comforts him. It's hard for Lu Mo Yan to forgive him. In fact, from this evening, the Lu family has been completely split.

"Zhanyan, Yuanyuan must be in a bad mood recently. You should spend more time with her."

Zhao Tongxin blinked her beautiful eyes and said that she didn't particularly agree with Qian Yuanyuan's marriage to Lu Moyan from the beginning. Now it seems that her prediction is right. Maybe only when she is with Lu zhanyan can Qian Yuanyuan get real happiness.

From a friend's point of view, she hopes that Qian Yuanyuan can be with the people who can give her happiness, because there is a gentle man who can bring her happiness around her.

Chapter 576

Xu family.

Xu Zheng and Lu Moyan sit opposite each other. Cheng mobing nestles up to Xu Zheng with a charming look.

"Mo Yan, you should see Huo Tingchen clearly. He is just using you now. When he finds that he can get what he wants without using you, you are nothing in his eyes."

Xu Zheng said faintly that his eyes kept flashing. Now his biggest enemy is Jin Zhengting, but Huo Tingchen's distrust made him feel an impulse to deal with Huo Tingchen first.

Lu Mo Yan in front of him is very important. The financial and social background of the Xu family is relatively limited. In Jiangbin, they can only rank behind Jin, Yang and Lu families. If they want to improve their strength by investing in the catering industry, they must rely on Lu Mo Yan who has a lot of money.

Although Lu Moyan is not the legal successor of the Lu family, Lu zhanyan takes good care of his younger brother. He opened an entertainment company for him early. Moreover, Lu Moyan has considerable strength in such lucrative industries as catering and real estate. Even though he has broken up with Lu zhanyan, he will not shake his capital. Xu Zheng knows this very well.

And more importantly, even if Lu Moyan breaks up with the Lu family, he still represents the landing family in the eyes of outsiders. Xu Zheng infers that Lu zhanyan will never disclose such things to the outside world. Therefore, in the rich class, Lu Moyan can still appear as the second son of the Lu family, which means that he can still take advantage of the Lu family's background Xu Zheng always wanted to get the benefits he wanted.

The most important point is that Huo Tingchen's performance has aroused Lu Moyan's antipathy. This is a good opportunity for him to win over Lu Moyan.

"Well, I knew from the beginning that Huo Tingchen was just using me. That's why I trust you more. I need talents like you to defeat Lu zhanyan now. In order to defeat Jin Zhengting, you can't do without my help. Since our goals are the same, we'd better start cooperation. For us, it's also a win-win result. "

Lu Moyan's IQ is also very high. Now he calms down and analyzes the situation. He finds that if he wants to defeat Lu zhanyan, he must pass Jin Zhengting. However, with his current strength, he can't do it at all. In the case of Huo Tingchen's lack of sincerity, Xu Zheng, an ambitious guy, comes into his sight.

Xu Zheng poured a glass of wine, put it in front of Lu Moyan, and said with a smile: "our strength is not strong now, but it is also an advantage. At least Jin Zhengting and Huo Tingchen will not pay too much attention to us. Even if they think that we have constituted a threat, at most it is because the industry we are going to operate is the catering industry of Zhao Tongxin company, you know Well, what Jin Zhengting cares about most is Zhao Tongxin, but it doesn't matter. Soon Jin Zhengting will give up the idea of dealing with us and concentrate on dealing with Huo Tingchen. "

"Oh? Why are you so sure that our current capital is about 5 billion, which is enough to pose a great threat to Zhao Tongxin's company. At this time, Jin Zhengting must be trying to deal with us. How can he give us up? "

Although Lu Moyan is clever, he doesn't know why Xu Zheng made such a judgment. It's incredible to him. After all, they are Zhao Tongxin's enemies now. Judging from Jin Zhengting's dotting on Zhao Tongxin, he will spare no effort to solve Zhao Tongxin's problem.

"Mo Yan, don't be too short-sighted. I don't think Jin Zhengting's vision will be too short-sighted. He must have seen it now. I can affirm that they will discuss the situation after the gambling Stone Fair tonight. According to the current situation, Jin Zhengting is likely to destroy Huo Tingchen's gambling Stone Fair plan. Unfortunately, Jin Zhengting doesn't know that he is in charge of it Huo Tingchen's spies appeared in the Ministry of Finance and exposed all their plans at the gambling stone meeting to Huo Tingchen. Now Huo Tingchen is ready for the gambling stone meeting, so Jin Zhengting is likely to lose the gambling stone meeting. "

Xu Zheng confidently analyzes that he is basically sure that Jin Ying will tell Huo Tingchen all Jin Zhengting's actions in the next period of time. In this way, no matter what Jin Zhengting plans, Huo Tingchen will face them calmly.

"Who is Huo Tingchen in Jin Zhengting?"

Lu Moyan asked in surprise. He always thought that everyone around Jin Zhengting was very reliable, but he was very surprised that Huo Tingchen's spy suddenly appeared.

Xu Zheng light smile: "a person you can't think of, she is Jin Zhengting's sister, Jin Ying."

"What?"

Lu Moyan was even more surprised: "how could Xiaoying be Huo Tingchen's person? Have you made a mistake?"

Naturally, he is very familiar with Jin Ying. Although Jin Ying is usually quiet and doesn't like her personality, he never thought that Jin Ying would take refuge with Huo Tingchen. What he can't figure out is why Jin Ying combined an outsider to deal with her family.

"Why, is the truth surprising you?"

With a smile, Xu Zheng sat up straight and said, "my analysis shows that Jin Ying didn't get any attention from anyone during the period after she was injured. You should know that her character is not very good and she has no friends at all. When she doesn't get attention for a long time and her body is disabled, her psychology is easily distorted. I think it's probably based on this reason Because of this, she has a hatred for the Jin family. ""What you said is that there is some truth, which is not enough for her

to take refuge in Huo Tingchen?"

Lu Moyan still asked in a strange way. He thought it was a funny thing, but he couldn't laugh because he didn't seem to be lying when he saw Xu Zheng's serious expression.

"Of course, this reason is certainly not enough to make her betray the Jin family. I have thought about this problem, perhaps because of Gu Chen."

Xu Zheng's eyes sparkled with wisdom. He was extremely thoughtful and good at reasoning. He soon got the general idea of things.

"Gu Chen?"

Lu Moyan's face showed a thoughtful expression. As the chief executive of the main entertainment company, he is familiar with this hot star now. Jin Ying likes Gu Chen, which is no secret in the upper class circles. But he doesn't know why Gu Chen became Jin Ying's betrayal of Jin's family.

"Yes, it's a very popular star now. You may not know that Gu Chen was Zhao Tongxin's lover a long time ago. It was Jin Zhengting who robbed Zhao Tongxin of his love."

Xu Zheng knows the background of everyone in Jin's family very well. This is the information that he secretly worked hard to get: "although Gu Chen has no ability to take Zhao Tongxin back from Jin Zhengting, he still loves Zhao Tongxin, so he always refuses Jin Ying's confession. Over time, I think Jin Ying will have resentment against Zhao Tongxin Xu, and she is a very smart woman. If she wants to deal with Zhao Tongxin, Jin Zhengting will not be the first to agree. "

Lu Moyan pondered and said: "it's a fact. At the beginning, it was because she was always aiming at Zhao Tongxin, and even was once put into a mental hospital by Jin Zhengting. I still know about it."

"So, she has a deep-rooted resentment against Zhao Tongxin. If she wants to deal with her, it's natural to create the necessary conditions, so she chose to kill Jin Zhengting first. As I said just now, she must be very upset that she didn't get the care of Jin's family during the injury. In addition, she is blind now, so whatever she does will be extreme. I think that's right That's why she wanted to join Huo Tingchen. "

Xu Zheng showed extraordinary reasoning ability. What he said was the truth of the matter.

Lu Moyan nodded: "I can understand what you say. No wonder you think Jin Zhengting will lose to Huo Tingchen, but even if he loses to Huo Tingchen, there will not be too much loss. It just increases Huo Tingchen's capital. You and I all know that Huo Tingchen has no entity now. Even if he has a large amount of money, it is difficult to invest."

What he analyzed is right. Most of the industries in Jiangbin market are controlled by Jin Zhengting. If he blocks Huo Tingchen completely, it will be difficult for foreign capital to enter the market.

"You are wrong. Huo Tingchen is not as simple as you think. If he gets a lot of money, he will invest in a weak link of Jin Zhengting. In this way, he will attract all the attention of Jin Zhengting to that industry. At that time, he will take care of us perfectly. This is the best opportunity for our development, and there is still a long way to go. The important reason is that whether you are Lu zhanyan or not, after all, you are also a member of the Lu family. With your identity as a cover, he will not kill us all, so we have a very broad space for development. "

Xu Zheng said faintly that there was a trace of wildness in his eyes. This was the time for him to show his ambition.

When Lu Moyan heard Lu zhanyan's name, his eyes became sharp like a blade: "I will destroy everything of Lu zhanyan myself, but I'm afraid he will be defeated by Huo Tingchen if he doesn't persist until then."

Xu Zheng laughed: "Mo Yan, you are wrong again. Huo Tingchen can't win Jin Zhengting."

Lu Moyan was very surprised and asked: "you just told me about the importance of that necklace, and with my understanding of Jin Zhengting, he will definitely exchange this necklace for Yang ziye. That is to say, now that the necklace has fallen into Huo Tingchen's hands, it is a very big threat. If he gets the treasure, Jin Zhengting group will not insist on it for a long time."

"If Huo Tingchen was so easy to get the secret in the necklace, Jin Zhengting would have been broken into pieces by Huo Tingchen. Do you think he is a man who can be easily defeated? And recently Zhao Tongxin has grown up. It's much harder to deal with them than you think. "

Xu Zheng took a sip of wine from his glass and said faintly, "if what I expected is good, the necklace should be true, but Jin Zhengting will certainly do something on the necklace, so that Huo Tingchen can't get the password. Otherwise, how can Jiangbin be so quiet tonight? If I am Jin Zhengting and Huo Tingchen gets the necklace with overwhelming force, I will be happy. It is certain that the police station will have the hand to hunt down Huo Tingchen, but Jin Zhengting has not done so, which shows that Huo Tingchen is the one who failed in this game. "

Lu Moyan bowed his head and thought for a while, and said, "yes, if I were Jin Zhengting, I would do the same. It seems that I underestimated Jin Zhengting."

"So you still have a long way to go to avenge Lu zhanyan. What we need to do is to lay a solid foundation, at least to the point where we can compete with Jin Zhengting and Huo Tingchen. Therefore, we should not take any action during this period. Peace is what we need most at present." "But will Huo Tingchen make us peaceful?"

Cheng mobing looks at Xu Zheng with appreciative eyes and asks softly. Now she is completely convinced by Xu Zheng's reason and wisdom.

"Yes, not only us, Jin Zhengting and Huo Tingchen need peace, at least before the gambling stone meeting."

Xu Zheng said with a smile and drank all the wine in one breath, his eyes gradually deepened.

Chapter 577

"Zhengting, do you really promise to keep peace with Huo Tingchen?"

Yang ziye pondered and asked, he really did not expect that, because according to Jin Zhengting's habit, if someone does something against his bottom line, he will immediately make a strong counterattack, and this time Jin Zhengting even agreed to keep peace with Huo Tingchen, which is never the case, but he also knew that Jin Zhengting would never be afraid of Huo Tingchen, but had a deeper understanding Layer considerations.

"Well, as far as the current situation is concerned, Huo Tingchen must have some conspiracy, otherwise he would not ask for peace with us before the gambling stone meeting."

Jin Zhengting gave a light answer. When Huo Tingchen put forward this request, he had already thought that there must be some conspiracy. He would not act rashly without seeing clearly the current situation.

"Is it because he knows that we will be determined to win at the gambling stone meeting, so he has to use this time to find a way?"

Lu zhanyan pondered that it was reasonable for him to think so, but it was also in Huo Tingchen's favor. The reason why he made this request was to attract Jin Zhengting's attention to the gambling Stone Fair, so as to relax their vigilance and provide more convenient conditions for his plan to attack Jin's villa.

"I don't think so. Although there is a secret agent in our group, we should not be able to find out all these things. If that is the case, it would be terrible."

Yang ziye frowned and said that he had thought that if Huo Tingchen had even heard of the news, it means that the spy hidden inside was very close to them.

Jin Zhengting's eyes flashed with the light of uncertainty. He suddenly lowered his voice and said, "I still doubt Jin Ying."

As soon as the words came out, Zhao Tongxin, Yang ziye and Lu zhanyan were stunned. Zhao Tongxin shook his head first: "Zhengting, you are just too sensitive. Have you ruled out Xiaoying's suspicion? How can you start to doubt her again?"

Yang ziye also echoed: "yes, Zhengting, is it really good for you to doubt your sister like this? If you let her hear it, she will be sad."

Lu zhanyan kept calm. He frowned and pondered for a while, then suddenly said, "I agree with the

court's conjecture."

"Don't talk nonsense, Zhan Yan."

Zhao Tong can't help but stare at him. At this time, everyone is persuading Jin Zhengting not to doubt his sister. Unexpectedly, he is adding fuel to the fire here. Naturally, he won't give him a good look.

Jin Zhengting's face showed a trace of clarity. He raised his hand to stop Zhao Tongxin and said to Lu zhanyan faintly: "zhanyan, I know you will think of it. Speak it out, but keep it down. Since she lost her sight, her hearing is very keen."

Lu zhanyan nodded his head and said in a low voice, "guess how I know that ziye has been kidnapped, and Xu Zheng wants to exchange me for ziye's news?"

Zhao Tong frowned and shook his head: "I don't know. At that time, I remember that Zhengting specially told you not to let you know about it for the time being. I was afraid that you would be too hot to do stupid things."

Jin Zhengting's eyes became deep: "the situation was very chaotic at that time, so I didn't care about it. I thought about it on the way back. If I guess correctly, Jin Ying should have told you, right?"

Lu zhanyan nodded: "yes, Jin Ying told me. I was in a bad mood. I was sitting alone in the garden. She suddenly appeared in front of me and told me that ziye had been kidnapped by Huo Tingchen, and Xu Zheng wanted me to change ziye."

"That's right."

Jin Zhengting's eyes flashed a sad look. He sighed and said, "I think today's situation is like this. Because Xu Zheng wants to set up a catering company on his own, the relationship between Xu Zheng and Huo Tingchen has been split. As Huo Tingchen's old rival, Mo Yan naturally won't trust him, so he turned to Xu Zheng. At that time, they may be talking about things. When he is in love, he receives a call from ziye, so Xu Zheng comes up with a plan to kidnap ziye. "

Lu zhanyan nodded: "yes, after they kidnapped ziye, they sent him to Huo Tingchen, because Xu Zheng wanted to push this matter to Huo Tingchen, so as to avoid his counterattack."

Jin Zhengting said faintly: "Huo Tingchen has found out Xu Zheng's intention, so he thought of using you to replace Zi Ye. First, in business, you can help me a little more than Zi Ye. Moreover, he can kill you through Mo Yan's hand. In this way, it is tantamount to pulling the hatred to Mo Yan, and he can also get rid of it."

Lu bit his lip: "he knows that when I hear that ziye has been kidnapped and needs to exchange information with me, he will definitely do this exchange, because the three of us grew up together. We have a very good relationship and are willing to do anything for each other."

"But he also thought that I might not tell you about it, but try to find another way to save ziye. That's why he told the undercover in Jin's house to tell you the news, and the person who told you the news proved that he was Huo Tingchen's man."

Jin Zhengting had a more sad look in his eyes. No matter what, Jin Ying was his own sister, but now all the disadvantageous things are aimed at her."Although I don't want to admit this fact, Jin Ying is really suspicious. I just don't understand why she wants to cooperate with Huo Tingchen to deal with her family."

Lu Zhanyan sighed. He did have the same doubts as most people. He couldn't figure out what Jin Ying's motive was.

"What you said is very reasonable, but there is no evidence that Xiaoying has contacted Huo Tingchen."

Zhao Tongxin is always reluctant to believe that Jin Ying is a traitor, because she doesn't want to see Jin Zhengting sad.

"It's very easy for Huo Tingchen to delete all the call records. Now it's very obvious that Jin Ying and Gu Chen have been working for Huo Tingchen from the beginning to the present."

Jin Zhengting coldly said that his current tone proved that he was in a very bad mood. Although he was also strongly denying his inference, it was a pity that his inference was persuading him, because this was the truth of the matter.

"If Xiaoying is really a traitor, then many of our plans have been known by Huo Tingchen, such as the plan of this gambling stone meeting."

Yang ziye frowned and said that now they are faced with a very terrible thing, that is, a lot of confidential information has been leaked to Huo Tingchen, so the loss is very huge.

"So from now on, we'd better not say anything at home."

Jin Zhengting said faintly and glanced at Jin Ying's bedroom upstairs with sharp eyes. He found that with Jin Ying's hearing, she could hear everything she said in the living room clearly, which was also the reason why many secrets were leaked out.

"Zhengting, we'd better not be so arbitrary. In case the traitor is not Xiaoying, she knows how sad she should be when we doubt her. We haven't taken good care of her since she was injured. Some of her emotions towards us are normal, but she doesn't want to take refuge with Huo Tingchen. There is no motive at all."

Zhao Tongxin is still excusing Jin Ying, because her nature is extremely kind, and naturally does not want her family to be traitors.

"I think the motive is because of the relationship between you and Gu Chen."

Jin Zhengting raised her hand and stroked her hair, and her sharp eyes became more gentle: "because she likes Gu Chen, but Gu Chen is still in love with you, so she has a grudge against you. However, she knows that if she wants to revenge you, she must pass me. For this reason, she will choose to cooperate with Huo Tingchen and use him to deal with us."

He has always had keen insight. No matter how complicated things are, as long as Jin Zhengting finds some clues, he will quickly restore the truth of things.

Zhao Tongxin's heart is very bad. She didn't expect that the reason why Jin Ying betrayed her family was because of herself. There was a sad look in her eyes, because these were beyond her control.

"Tong Xin, you don't have to blame yourself too much. This is also my speculation. Maybe it's just because after she was injured, she had psychological problems and hated the world very much. Besides, it's because Xu Yanke hurt her, but I chose to let her go home. This may also be the reason why Jin Ying chose to betray us."

Jin Zhengting took her waist and said softly in her ear.

Zhao Tong heart can't help but sigh, reluctantly smile: "Zhengting, you don't have to comfort me, I know it should be because of the relationship between me and Gu Chen, Xiaoying will psychological distortion, or find a time, I'll talk about this problem with her, hope she can go back."

"No, it's too late. She caused the conflict between Zhan Yan and Mo Yan, and also hurt Qian Yuanyuan. They are all my friends. As the owner of the Jin family, I absolutely can't tolerate her behavior, and I need her to give an account to the people who have hurt."

Jin Zhengting's eyes sharpened again, which was the choice he had to face.

"Zhengting, Tong Xin is right. Although I have a misunderstanding with Mo Yan, it's not necessarily a bad thing. I think it's better to give Xiaoying a chance."

Lu zhanyan saw Jin Zhengting's eyes and knew that he was really angry. He quickly comforted him that he was watching Jin Ying grow up. For him, Jin Ying was like his sister, so he naturally didn't want Jin Zhengting to do anything to hurt Jin Ying.

"Yes, Zhengting, Zhan Yan is right. Xiaoying is still a child. She can be forgiven for doing something wrong once or twice. Why not give her a chance? It's too heartless to do so."

Yang ziye quickly agrees. His feelings for Jin Ying are similar to those of Lu zhanyan, so he also pleads for Jin Ying.

"Since you all plead for her, I'll give her a chance."

After Jin Zhengting finishes speaking, he gets up and goes to Jin Ying's bedroom. Zhao Tong is afraid that he will be impulsive. He quickly gets up and follows him. Yang ziye and Lu zhanyan look at each other and will follow them.

Four people came to the door of Jin Ying's bedroom. Jin Zhengting, with a cold face, knocked on the door a few times. But it was strange that there was no response in the room. His brow wrinkled and he suddenly kicked the door open.

The bedroom is very clean and tidy. It's obvious that it has been cleaned up. The quilt on the bed in the bedroom is spread out. Jin Zhengting walks over and touches it. It's still slightly hot, which proves that Jin Ying was sleeping on this bed not long ago, but now she is gone."Zhengting, look!"

Zhao Tongxin nervously points to the window, only to see that the window is open, and now the night is cooler, so Jin Ying should not sleep with the window open. The only explanation is that someone broke in from the window and kidnapped Jin Ying.

At this time, Jin Zhengting's mobile phone suddenly rang. When he saw it, it was a strange number and hesitated to press the answer button.

"Mr. Jin, I'm Huo Tingchen. Are you surprised why I called you?"

Huo Tingchen's gloomy voice came from the receiver. Jin Zhengting frowned: "what's the matter?"

"I'm in a good mood now, aren't you? In fact, I'm also very happy, because when all your men left, they sent someone to kidnap Jin Ying and president Jin. This time we're even. "

Chapter 578

"What conditions?"

Jin Zhengting asked without changing his face. After hearing the news that Jin Ying was kidnapped by Huo Tingchen, his heart became more stable, because it also proved that Jin Ying had not betrayed the Jin family, otherwise Huo Tingchen would not have done anything to her.

However, although he took part of the bodyguards of Jin's villa tonight, he still has considerable strength. With Huo Tingchen's current strength, he can sneak in and kidnap Jin Ying, which shows that there are still insiders in Jin's family.

But now is not the time to consider these, the most important thing is to find out the purpose of Huo Tingchen kidnapping Jin Ying.

Huo Tingchen gave a cold smile: "Mr. Jin, you cheated me with a diamond necklace without a password.

Originally, I was very angry. I could even kill Miss Jin Ying to vent my anger. However, I have always been a person who cherishes beauty and jade, so I won't settle this matter with you for the time being, but I have to aggrieve Miss Jin Ying for a few days. When I wait for the stone gambling meeting, I will personally return her Well, don't forget what you promised me during this period. We should keep peace. If you have other changes, be careful, I won't be able to protect Miss Jin Ying. "

Jin Zhengting's brows wrinkled. Now he can't imagine what Huo Tingchen's intention was. But after all, the situation forced him to reply faintly: "yes, I always mean what I say."

"Well, Mr. Jin, I'll see you in a few days."

Huo Tingchen said with a smile and hung up the phone.

"Zhengting, what does Huo Tingchen say?"

Zhao Tongxin is still worried about Jin Ying's safety, so after Jin Zhengting put away his mobile phone, Lu zhanyan expressed his worry. Although it's not clear who the ghost is, it's inevitable that it exists, so he guesses that Huo Tingchen already knows their plan for the gambling fair.

"Zhanyan, you have to worry about that. I have a master of gambling. Now I'm flying to Jiangbin. I think you can see him early tomorrow morning."

Zhao Tongxin said with a smile that he received a phone call from Southeast Asia in the evening. Xiaoma was rushing back to Jiangbin, and Chen Dong was with him.

"Oh? Do you have any other plans? It seems that my worries are superfluous

Lu Zhan gave a smile, showing a reassuring expression.

"I always feel something is wrong, Huo Tingchen seems to be deliberately let us focus on the gambling stone meeting."

Jin Zhengting tapped on the table with his slender fingers, and his brows wrinkled. This is the way he would show when he was thinking.

"Do you mean that Huo Tingchen has other conspiracies? Does he want us to pay attention to the gambling stone club so that Xu Zheng can develop the catering company quickly? "

This is the only explanation Yang ziye can think of, because he can't think of any other purpose for Huo Tingchen.

"No, with the relationship between Huo Tingchen and Xu Zheng, he will definitely not create favorable conditions for Xu Zheng's development. For him, Xu Zheng is just a chess piece that can contain us, and this chess piece is very dangerous. Now he may have felt that it is difficult to control it. After all, Xu

Zheng is also his potential strong opponent."

Jin Zhengting denies Yang ziye's conjecture because he knows that Huo Tingchen is a narrow-minded man and will never sacrifice for his potential enemies, even if it is beneficial to the overall situation.

"That is, he wants to use this period of time to keep us out of the way, so that he can free up his hand to deal with Xu Zheng?"

according to Jin Zhengting, Lu zhanyan thinks a little more. He thinks that Huo Tingchen is ready to kill Xu Zheng because he thinks he can no longer control him. But he is afraid that Jin Zhengting will suddenly attack him, so he asks Jin Zhengting to stay in this period of time Don't do anything.

"Huo Tingchen is not tolerant, but he is also a smart man. He should have a very thorough view of the current situation. Although he has the strength to defeat Xu Zheng, he will be greatly weakened, and he has no time to digest and annex the capital of Xu Zheng and Cheng mobing group. He will never expose such a fragile time to us."

Jin Zhengting still shakes his head. He knows Huo Tingchen. As a man who has the capital to be his opponent, Huo Tingchen's vision will not be so short-sighted.

"There's only one possibility. He wants to focus our attention on the gambling stone meeting and prepare to deal with us secretly. It's just that the plot is huge and he has to have enough time to prepare for it."

Listening to their analysis, Zhao Tongxin's heart moves. She thinks of Huo Tingchen's mean means in the past, and seems to be aware of his purpose.

Jin Zhengting's eyes flashed a trace of light. He lowered his head and continued to think. After a moment, he raised his head: "it must be so. He wants to use the gambling Stone Club to attract me and Tong Xin, and then take this opportunity to attack Jin's villa."

Lu zhanyan's face showed a look of surprise: "no, Huo Tingchen's strength has been seriously damaged since he suffered two attacks. I'm afraid he doesn't have the strength. Isn't he suicidal?"

"What Zhan Yan said is right. Huo Tingchen has always been cautious. How can he do such a risky thing at this time? Zhengting, you are really too sensitive." Yang ziye also thinks that it is impossible. After all, Huo Tingchen has always been cautious about the conflict with Jin Zhengting. Now that he has not been forced into a desperate situation, he should not take such extreme measures.

"No, he will. He is a cautious man, but now he has to gamble."

Jin Zhengting said firmly: "the current situation is in a delicate state of balance. Neither side can help the other. In addition to Huo Tingchen's getting the capital of the Cheng family, the support of Cheng mobing and Xu Zheng is also very important. But he also finds Xu Zheng's ambition, which is a man who

will not be reconciled to others. He even feels it There is a threat from Xu Zheng, so he has to take action. "

"It's true, but he should know that if he loses Xu Zheng and Cheng mobing, the situation he has painstakingly built will fall apart in an instant. As you said just now, Huo Tingchen will not be so stupid."

Lu zhanyan pondered that he changed his position and thought about it for a while. Now Huo Tingchen's position is not very secure, but it is not so precarious. He does not understand why Huo Tingchen has any reason to take risks.

"You have overlooked one point, that is, the benefits that this will bring to him. Huo Tingchen must have planned. Today, he got the diamond necklace. He thought he had got the password of the treasure. Then, during the gambling stone meeting, he raided Jin's villa again and forced me to give him the correct opening method after controlling his grandmother and mother. In this way, he would be happy You can get the treasure. Since you can get the treasure, there is no need for this so-called alliance to exist. "

Jin Zhengting said faintly that he had seen Huo Tingchen too thoroughly.

Lu zhanyan nodded as he listened, but he still had some doubts: "Zhengting, your analysis is very right, but it's just speculation. Gambling Stone Club is also very important. We will take a lot of bodyguards when we go to it. After all, it's Huo Tingchen's territory, so it's the empty guard of Jin family. It's really an opportunity for Huo Tingchen to take advantage of it, but once we take only a few bodyguards If he suddenly turns over when the escort passes, then there is no guarantee of safety. "

"Don't you find his attitude towards Mo Yan when I exchanged the necklace with Huo Tingchen for ziye? According to common sense, Mo Yan was won over by him, which is a heavy blow to us, and Mo Yan can also provide them with much-needed funds, but he suddenly has a very cold attitude towards Mo Yan. Huo Tingchen is a man who will be overjoyed, which shows that he has lost his mind After a lot of assurance, but at that time he just got the necklace, how can he be sure to get the treasure? This shows that he has a plan to raid Jin's villa

Jin Zhengting, a wise man, saw Huo Tingchen's conspiracy from a detail that was easy to be neglected. He had to say that he was really an invincible man.

"Zhengting, I believe your inference."

His words succeeded in persuading Lu zhanyan: "at the gambling fair, we can only bring a small number of bodyguards. Most of our men will stay at Jin's house and wait for a rabbit."

But Jin Zhengting shook his head: "no, on the contrary, I will take all the bodyguards away from the gambler's club, and none of the Jin family's defenses will be left."

"Zhengting, are you crazy? Didn't you mean to let Huo Tingchen's plot succeed?"

Yang ziye exclaimed, he doesn't understand why Jin Zhengting, who is always calm, suddenly utters such nonsense.

Zhao Tongxin showed a clear look. She already understood Jin Zhengting's intention: "in fact, Zhengting is scheming. To tell you the truth, Zhengting and I have analyzed it. The way to open the treasure recorded in my mother's diary is probably a conspiracy of Mrs. Cheng. Therefore, even if Huo Tingchen is left, what he gets is not the treasure, but a few tons It's just explosives. "

"So it is. It's a good idea, but isn't it inappropriate to take risks with the old lady and aunt?"

Yang ziye understood, but he was still worried. Although he knew that Jin Zhengting was not a person who didn't recognize his relatives in order to achieve his goal.

Chapter 579

"Of course not, ziye. Do you think I'm a person who can sacrifice my family for my own purpose?"

Jin Zhengting said faintly, his eyes became dark.

"Then how can you let Huo Tingchen be deceived? When he stormed into Jin's villa and found that old lady Jin and his aunt were not there, what would he use to threaten you? There is no way to threaten you. How can you give him the way to open the treasure? I can't say that I admire you very much. Please accept this diary?"

Yang ziye curls his mouth and says that for him, such a problem is really a bit tricky, so it's better not to let him think about it. After being kidnapped, he just wants to find some beautiful women to drink with him.

"You forget that Xiaoying is still in his hands. Anyway, he has to save Xiaoying at that time. Naturally, he can use the diary of Tongxin's foster mother."

Jin Zhengting looked at Yang ziye with a faint smile and said that he had thought about every detail since the plan was formed in his mind.

Yang ziye showed a look of admiration: "Zhen gting, you really deserve to be our leader. You have perfected the whole plan so soon."

Lu zhanyan nodded: "the court's strategy is very good, and it will not arouse Huo Tingchen's suspicion. I agree with this plan."

"Tong Xin, what do you think?"

Jin Zhengting saw that Zhao Tongxin had been frowning and meditating, so he gently asked, for these

things, Zhao Tongxin never spoke much, but Jin Zhengting wanted her to participate in, as his wife, he wanted her to have more sense of existence.

"I think it's a good plan, but Huo Tingchen's character is that he should not go in person, but let Xu Zheng and Cheng mobing open the treasure. If he opens it successfully, he will lead people to snatch it. If he fails, he will easily get rid of two potential enemies."

Zhao Tong heart timidly said, this kind of thing she really does not have any experience, just feel Huo Tingchen will do such things, so just said, also don't know whether their analysis is wrong.

Jin Zhengting's eyes are bright. This is a possibility he didn't think of. Even Yang ziye and Lu zhanyan show a look of admiration. Zhao Tongxin's analysis is very likely to happen. In terms of Huo Tingchen's character, he is very likely to do so.

Huo Tingchen's character is very suspicious. Even if he gets the password and diary, he will doubt Jin Zhengting. Moreover, he knows that there are several tons of explosives buried in the treasure, which he has to be on guard against. Therefore, he may deliberately ask Xu Zheng and Cheng mobing to open the treasure, so as to test whether the method of opening the treasure is really correct.

"Zhengting, people say that two people will be married after a long time together. It seems that this theory is very correct. Now Tong Xin is becoming more and more intelligent. He is really catching up with you."

Yang ziye says with a smile that he admires Zhao Tongxin's wisdom. In fact, his intelligence quotient is also higher than that of ordinary people, but he is more willing to use his high intelligence quotient to pick up girls. As for the business of the group, if there are people like Jin Zhengting and Zhao Tongxin, he will be too lazy to worry about it.

Jin Zhengting also gave a faint smile. He was very proud of Zhao Tongxin, and felt warm in his heart. When he first met Zhao Tongxin, she was still an ignorant student, and now she has gradually grown into a talent who can take charge of her own affairs. He was very pleased. He knew that Zhao Tongxin made these changes for him, and she also paid for them A lot of effort.

"Tong Xin is right. Huo Tingchen is likely to do so. How do you think the plan should be revised?"

Lu zhanyan thought about it and said, "there's nothing to say. I think even if Huo Tingchen really wants to do this, we'll let him do it. Anyway, Xu Zheng and Cheng mobing are also our enemies. It's a good choice to eliminate them by Huo Tingchen's hand. Even if Huo Tingchen will swallow up their capital, he will lose two excellent talents. In fact, in the process of ebbing and ebbing, it's a good choice He can't take advantage of anything. "

Jin Zhengting did not answer immediately, but looked at Zhao Tongxin with a smile and said in an encouraging tone: "Tongxin, what do you think should be done?"

Zhao Tongxin seldom takes part in this kind of struggle, so she usually listens in. Although she has her own thoughts, she seldom speaks them out, because Jin Zhengting, Lu zhanyan and Yang ziye are all experienced in this kind of struggle, and she thinks their methods are better than her own, so she never expresses her opinions.

I didn't expect that Jin Zhengting would take the initiative to ask her. Seeing his encouraging eyes, he knew that he was taking advantage of this opportunity to cultivate his decision-making ability.

Zhao Tongxin bit his lip, slightly worded, and said, "I don't agree with the idea of zhanyan. First of all, although Cheng mobing and Xu Zheng are our opponents, they are not enemies, because in essence, we don't have much hatred with them, but they are more competing for interests, which is different from Huo Tingchen."

She said a few words, then peeked at Jin Zhengting, and saw that he was still looking at her with encouraging eyes, indicating that she would continue to speak.

Originally, she thought her opinions would be superficial, but Jin Zhengting gave her great courage, so she took a deep breath and continued: "the enemy of the enemy is a friend. I think this sentence will never be out of date. When Cheng mobing and Xu Zheng know about Huo Tingchen's plot, they will hate him to the bone. At this time, we just need to unite with them It's easy to beat Huo Tingchen, which is much better than the result of killing people with a knife. "Lu zhanyan shook his head: "Tong Xin, your consideration is still too shallow. Even if we tell Cheng mobing and Xu Zheng that everything is Huo Tingchen's conspiracy, under the great attraction of treasure, they will not listen to our suggestions, and even suspect that we deliberately spread rumors, so as not to let them get the treasure. To say the least, even if they believe us, they will choose Join hands with us and defeat Huo Tingchen naturally. The problem is how to get along with them after the defeat of Huo Tingchen group. "

Yang ziye also echoed: "Zhan Yan is very thoughtful. We all know that Xu Zheng is a man who will not be willing to be subordinated to others. His ambition is very huge. What he wants is the leading power of the whole Jiangbin. Cheng mobing is also an ambitious woman. She wants all the power of the Cheng family, and even wants to extend her hand to the territory of Jiangbin This means that after we beat Huo Tingchen together, we must face their challenges. As the second miss of the Cheng family, Cheng mobing has more advantages than us in swallowing everything Huo Tingchen originally stole from the Cheng family. "

Zhao Tongxin shook his head and objected: "ziye, you seem to forget that Cheng Mohan is in our company now. He is the legal successor of the Cheng family. After we defeated Huo Tingchen, he is qualified to take over the assets that originally belonged to the Cheng family, and he is also our own person. Of course, he won't be our enemy. In terms of the capital that Cheng Mohan can control, she is very happy Xu Zheng will not have the strength to be our enemy at all, so I think your worries are superfluous, and you can defeat Huo Tingchen group. Xu Zheng has lost the power he can rely on, and his ambition should be reduced. "

Jin Zhengting nodded: "Tong Xin's analysis is correct. I think her opinion is correct. I decided to use her

plan."

Now that Jin Zhengting has decided, the plan has been decided. Yang ziye and Lu zhanyan think about it and think that Zhao Tongxin's analysis is very reasonable, so they don't raise any objection. They also hope to end the chaotic situation in Jiangbin as soon as possible.

The emergence of the Jiangbin chaos is fundamentally due to the existence of Huo Tingchen. He is planning to revenge on Jin Zhengting every day, which leads to the ambition of a large number of people who are not willing to live under Jin Zhengting. That's why the current chaos is caused. If Huo Tingchen can be defeated and his influence completely disappears, it will be very important for these ambitious people. It can also serve as a deterrent.

What's more, Zhao Tongxin is right. Whether Cheng mobing or Xu Zheng, they are more competitive with Jin Zhengting. In essence, there is not much hatred between the two sides. If we can take this opportunity to reach a settlement, it will be good for both sides. At least it won't be wasted like now.

Although it is still far away from this goal, it is possible that we can really achieve it through efforts and layout.

After negotiating some details, Yang ziye and Lu zhanyan get up and leave. After a night's tossing, they are a little tired, especially Lu zhanyan. Although they haven't solved the misunderstanding with Lu Moyan, they finally put it down. Now he just wants to have a good sleep, because Qian Yuanyuan's problems are still bothering him, so he needs to have a good rest when he is full of energy. Think about what to do.

"Tong Xin, I find you have improved a lot."

In the bedroom, Jin Zhengting holds Zhao Tongxin's waist, looks at her with gentle eyes, and says faintly.

Zhao Tong Xin's face was flushed. Jin Zhengting didn't praise her so much, so she was a little embarrassed: "no, I just thought of it occasionally."

Her voice is very gentle, more and more like a little woman. Although she has become more and more powerful at some times, when she is with Jin Zhengting, she is still a habitual little bird.

"Do you want to unite Xu Zheng and Cheng mobing because Xu Zheng is your cousin?"

Jin Zhengting asked with a smile in his eyes.

Zhao Tongxin didn't hide anything in front of him. She nodded her head and said, "no matter what bad things he did before, it's the people of Xu family. Although I haven't lived in Xu family, I can say that I have no feelings with the people of Xu family, but I still hope the Xu family can live in peace in the future."

Jin Zhengting's eyes became more gentle: "although sometimes kind-hearted people are vulnerable, I still like kind-hearted you."

Zhao Tong heart head nestled into his arms, soft voice said: "not only is the Xu family, I hope our family, Yang family, Lu family, so the family is happy, I really don't like to fight for a little benefit of life and death, maybe I'm a woman, I prefer big family can live in harmony."

"Yes, your wish will come true, but after the eradication of Huo Tingchen, he is the one who is afraid that the world will not be in chaos, so he must disappear from the world."

Jin Zhengting's eyes became sharp. Although he looked calm, his heart was full of hatred for Huo Tingchen.

Huo Tingchen once killed the first child of Zhao Tongxin and him, threatened Zhao Tongxin's safety several times, and calculated many friends around him, which has already touched Jin Zhengting's rebellion. Therefore, Huo Tingchen must die. Jin Zhengting left him here because he had a deeper consideration. After all, Ke Jingteng disclosed some news at the reception. The senior management has begun to pay attention to the fight between him and Huo Tingchen. At this time, he must temporarily stop his aggressive momentum, because the senior management will not tolerate the two sides to make things too big.

"Zhengting, I don't want to see hatred in your heart. I just hope you can be good and I will be satisfied."

Zhao Tong Xin felt his momentum and could not help hugging him. He whispered in his ear that as long as he was with him, other things in the world were no longer important.

Chapter 580

The villa is still brightly lit.

Huo Tingchen didn't feel sleepy at all. Today, he was fooled by Jin Zhengting, which made his heart full of hatred for Jin Zhengting. He even wanted to take people to rush into Jin's villa immediately and kill all the people he hated.

However, he was able to maintain his basic sense. Judging from the contrast of strength, Jin Zhengting is undoubtedly the one who has the absolute advantage, and he is just going to die.

Long Jiu nestles in his arms, can feel his heart beating violently, know that his mood is fluctuating greatly, so she lovingly caresses his bottom, with a beautiful look in her eyes. She likes to comfort Huo Tingchen in this way.

This bold action is going on in front of Jin Ying's eyes, but she doesn't need to worry, because Jin Ying is blind and can't see that they are doing something shameful now.

Jin Ying's ears moved a few times, and her slight voice could not hide it from her. She knew what the two people sitting on the opposite sofa were doing.

Even though she has always been very indifferent, now she can't help blushing. After all, it's the first time that she has contacted two people so closely to do such a thing.

With the gentle caress of long Jiu's little hands, Huo Tingchen's mood is better at last. The constant pleasure has diluted some negative emotions, so his attitude towards Jin Ying is better. After all, there are many places to use her in the future. As long as it is valuable, he can still maintain his gentlemanly demeanor.

He didn't mean to let long Jiu stop. Feng Mou, with satisfaction and excitement, said to Jin Ying with a smile: "Miss Jin Ying, you are sure as expected. If you hadn't found out that Jin Zhengting suspected you, I'm afraid it would have been exposed now."

With these words, Huo Tingchen throws the earphone on the table. This is a bug that Jin Ying installed under the table in the living room before she left Jin's villa. All the conversation just now has been mastered by Huo Tingchen.

It has to be said that Jin Ying's innate sixth sense is very keen. After she told Lu zhanyan that Yang ziyao had been kidnapped according to Huo Tingchen's order, she felt that Jin Zhengting's suspicion would be aroused by this action, so she immediately thought of countermeasures.

If she wants to get rid of the suspicion, she has to turn herself into a victim, so she immediately calls Huo Tingchen. Although Huo Tingchen doesn't get the code on the diamond necklace and is in a rage, after getting Jin Ying's help, she still sends a small team of the most elite men to get Jin Ying out of Jin's villa.

Because Jin Ying knew the security situation of the bodyguards, the team did not encounter any obstacles, easily avoided the closed-circuit surveillance system and bodyguards, and directly sneaked into Jin's villa. Other people in Jin's family are much bigger than ordinary people think, so there are not bodyguards everywhere.

After receiving Jin Ying here, Huo Tingchen immediately made that call to Jin Zhengting, which is also helping Jin Ying clear the suspicion.

Therefore, Jin Ying changed from a person suspected to be a ghost of Jin's family to a poor victim, and successfully cleared the suspicion.

Considering that Jin Ying was not at Jin's home during this period, Jin Zhengting had a lot of inside information that he didn't know, so he specially ordered Jin Ying to install an eavesdropper in the living room. In this way, no matter what kind of action Jin Zhengting had, he would know it like the back of his hand.

It has to be said that both Jin Ying's performance and his disposal were just right, so even Jin Zhengting

didn't notice.

Jin Ying adjusted her mood a little: "I know Jin Zhengting better than anyone else, so I'll listen to me in the future. Do you still want to get that diary and password now?"

Huo Tingchen thought about it, and then said with a smile, "of course, it's just that the diary and password are the death charms of Cheng mobing and Xu Zheng."

"Are you really going to let Xu Zheng and Cheng mobing open the treasure as Zhao Tongxin said?"

Jin Ying asked faintly. There was no expression on her face. No one could see through what she was thinking from her expression.

Huo Tingchen's eyes flashed a hint of coldness: "now they are gradually out of my control, and even Lu Moyan thinks that I am not an ideal partner. Let them develop, they will soon develop into a force that can compete with me. Is it not enough for me to have Jin Zhengting as an enemy? Do I need another strong enemy?"

"But you're not afraid that Zhao Tongxin's plan will succeed. At that time, Cheng mobing and Xu Zheng won't regard you as an opponent, but as a mortal enemy. After all, it's you who want them to die."

Jin Ying's mouth showed a faint smile. No one knew why she was smiling.

Huo Tingchen's eyes beat for a moment. He thought about it and then sighed: "this is the end of the matter. I don't think there is any better way. In a word, we have mastered the plan of Jin Zhengting group. We can only make plans according to their plan."

"That's not necessarily true. You should know that the treasure is a great wealth. Are you really willing to let this treasure be buried with Xu Zheng and Cheng mobing?"

Jin Ying's words, like a needle, deeply pierced Huo Tingchen's heart. He really didn't want to give up the treasure. As long as he got the treasure, he would soon defeat Jin Zhengting. In the Jin family, which had lost its huge economic support, he would soon be uprooted. He pushes away long Jiu, who is moving under him, sits up to light a cigarette, frowns and thinks about the countermeasures. Long Jiu looks at Jin Ying angrily, but he sees that Huo Tingchen is meditating, so he doesn't say anything more, and continues to cuddle up with him.

Huo Tingchen's eyes suddenly brightened. He looked at Jin Ying, who was sitting calmly in the opposite direction. A smile appeared on his face: "Miss Jin Ying, you are so calm. You must have had an idea long ago. You can speak it out and let's study it together."

Jin Ying's mouth was filled with a smile, which made Huo Tingchen and long Jiu, two murderers, feel chilly after watching.

"You have to do two things. The first thing is to hand over all the profits of this gambling club to Xu Zheng, and quickly cultivate him into a force that can compete with you."

Huo Tingchen was stunned and blurted out: "it's impossible. You should know how ambitious Xu Zheng is. His purpose is to reach the summit of Jiangbin. If we support him now, even if we can defeat Jin Zhengting, he will become my confidant."

Jin Ying light smile: "now the best way is to let Xu Zheng become your heart trouble."

Huo Tingchen was stunned again: "what do you mean?"

"If you want to develop your own power, you must learn to show weakness and let Jin Zhengting feel that Xu Zheng is his real enemy. So you have to give up something and give everyone a feeling that Xu Zheng has the strength to annex you. If this step is completed, Jin Zhengting will certainly focus on Xu Zheng."

Jin Ying light said, casually lit a cigarette, few people know, once that pure Jin Ying, now can be said to be a smoker.

Huo Tingchen thought about it and nodded: "you're right. I can't set up two strong enemies at the same time. I think Xu Zheng wants to deal with me first, and then fight Jin Zhengting. In this way, I'll be attacked from both sides. Your suggestion can solve this dilemma. What's the second thing?"

"The second thing is to give up all the original plans for the Jin family. Because Jin Zhengting is very clever, he has already deduced our next goal. So what we have to do now is to stop and wait for the development of the situation quietly."

Jin Ying is extremely calm. Huo Tingchen found for the first time that Jin Ying was always insignificant under the light of Jin Zhengting, but now she has a kind of commanding demeanor. At the same time, he also secretly congratulated herself that Jin Ying chose to cooperate with herself. If she chose Xu Zheng, then she would be really lucky.

"Well, it's up to you. Now I don't have much power to compete with Jin Zhengting."

Huo Tingchen rarely told the truth, because he knew that even if he lied, he could not hide Jin Ying. She was really as smart as her brother.

"That's the best. Besides, the plan of the gambling club must be successful. Besides Zhao Tongxin, there seems to be another powerful enemy. I seem to have heard that Zhao Tongxin is the director of the Security Department of the company. People call him Xiaoma. I didn't expect that he is the apprentice of the king of gambling."

Jin Ying ponders, but Huo Tingchen's eyes change. From the details of her speech, he suddenly feels that Jin Ying has been collecting information about Jin Zhengting group for a long time. Otherwise, a small

head of security department can be named.

"Miss Jin Ying, can I ask you a question?"

Huo Tingchen has always been very gentlemanly towards girls, and Jin Ying is no exception. But he knows that Jin Ying is definitely not an ordinary girl. Maybe she is the same person as Xu Zheng, so he has to be on guard.

"Don't ask. I can tell you that I wanted to replace Jin Zhengting a long time ago, but he was pretty good to me at that time. I think since he is my brother, he will treat me well in the future, and it doesn't have any special meaning to compete with him for the dominance of the Jin family, so I gave up my ambition. But since Zhao Tongxin appeared, he was very happy. She was more and more indifferent to me. Everything that originally belonged to me was taken away by her, so my ambition revived again. If you want to get what you want, you have to have absolute authority, and then obtaining the power of the Jin family is the best shortcut. "

Jin Ying said faintly, this is also the first time for her to say what she really thinks, because she can feel that Huo Tingchen began to doubt her, and now the situation has to be made clear.

Huo Tingchen and Long Jiu's faces changed. They didn't expect Jin Ying to be so frank. Huo Tingchen laughed: "Miss Jin Ying, you are really Frank. To tell you the truth, I appreciate you more and more. Although you are from Jin family, I think we can cooperate well."

"My ambition and you don't conflict, I just want to get Gu Chen, even if can't get his heart, get his person is enough, as for Zhao Tong heart, even if he can't forget it doesn't matter, because I want her to live in Gu Chen's memory forever."

Jin Ying said calmly, but there was a ferocious expression on her face.

Huo Tingchen's Phoenix eyes are full of appreciation. Although Jin Ying confesses her ambition in front of him, it doesn't affect the cooperation between the two sides, and I don't know why. His intuition tells him that Jin Ying will not pose a threat to him. Long Jiu takes a worried look at Jin Ying. She doesn't like the feeling of Jin Ying.

"You don't have to look at me. Since I can tell you this frankly, it represents my sincerity. If you don't believe me, you can kill me now. Anyway, I'm just blind and have no ability to resist in front of you."

Jin Ying seems to be able to see the movement of Long Jiu and see through her heart. She says it lightly.

Long Jiu's face immediately changed. She was a little confused about whether Jin Ying was blind or not.

"No doubt, I am really blind, but my heart is not blind."

There was a smile of self mockery on Jin Ying's face.
