Chapter 579

Unfortunately, with his current status, he was not qualified to call Qian Xinyi's bluff.

A trace of bitterness surfaced on Wang Long's face when he thought of this, 'Miss Qian, what are your words again. Am I, Wang Long, the kind of person who forgets his roots?'

Qian Xinyi looked at Wang Long with a cold face, waved her hand and looked at Wang Long quietly after dismissing the people in the meeting room.

The look in her eyes made Wang Long's entire body sit on pins and needles, because he knew clearly. Why the Qian family would retreat.

'Wang Long, there's something I really want to know. If you are not the kind of person who forgets his roots, why would you lay hands on my family's old man?'

Qian Xinyi looked at Wang Long and didn't bother to beat around the bush with someone like him.

To her, no matter who Wang Long was working for, he was just a dog anyway, so if he was killed, he was killed.

Although it was said that even if you beat a dog, you have to look at its owner, but for a wild dog like Wang Long, I guess no one would dare to ask her after she killed it, right?

Wang Long also knew this very well in his heart, and after hearing Qian Xinyi's words.

He couldn't help but kneel down as his knees went weak, then prostrated himself at Qian Xinyi's feet and said, 'Miss Qian. I really don't know about this matter!'

After saying this, Wang Long looked up at Qian Xinyi and continued, 'The only reason I came to get Xu Qiang was because of his sister, if it wasn't for his sister begging me, I wouldn't even care!'

Qian Xinyi snickered and stomped hard on Wang Long's face!

The sharp heels of her high heels stung Wang Long's face, but Wang Long didn't even dare to dodge!

'Really, so you're really a good man, are you?'

The sarcastic words coming out of Qian Xinyi's mouth were like knives, making it even more uncomfortable for Wang Long.

But thinking of the power behind the Qian family, Wang Long could only look at Qian Xinyi with a gloomy and frightened expression.

Qian Xinyi sensed a hint of induced anger in Wang Long's eyes, more so when she unconsciously increased the strength of her feet by a few points!

'You should know that the reason you are here today is because our Qian family didn't say anything. Understand what I mean?'

As soon as the words left her mouth, Qian Xinyi took her foot off Wang Long's face, then smilingly squatted down to reach out and pat Wang Long's face.

'I'm telling you Wang Long, you are a dog in our hands, if you really dare to think of something unruly, you know the consequences.'

Wang Long looked at Qian Xinyi's arrogant expression, although his heart was indignant but he didn't even dare to stand up.

He could only bury his head deeply and whispered, 'I know, Miss.'

Qian Xinyi looked at Wang Long's kneeling face and snorted before getting up and saying, 'I think that Xu Qiang is a bit inappropriate to appear again. You know how to handle it, don't you?'

Wang Long raised his head to look at Qian Xinyi as he knelt on the ground and nodded. Then he opened his mouth and said back, 'I know, the water in the lower bay seems to be a bit urgent recently, Xu Qiang had to go that way, and there was nothing I could do.'

Looking at Wang Long so good at things. Qian Xinyi smiled and left the meeting room with a nod.

She didn't mean to humiliate Wang Long like that, she just wanted to use such a way to determine if Wang Long was related to anyone.

The person who dared to deal with the Qian family would definitely not be some simple small power, and if someone really wanted to use Wang Long, he would definitely have the bottom of his heart.

What a pity. Qian Xinyi could not help but be a little disappointed in her heart when she remembered how Wang Long had just behaved.

After walking out of the conference room, Qian Xinyi went straight into Chen Qi's office.

Looking at the smoky room, Qian Xinyi said with some disgust, 'I think it's more appropriate for a man to try to clean himself up a little.'

Chen Qi sat on the chair and looked at Qian Xinyi's cold face and said, 'These are just small things, how about it, what did Wang Long's side say?'

Qian Xinyi smiled and looked at Chen Qi and said unnecessarily, 'There's no need to investigate this matter any further, bury that Chinese doctor, and let Xu Qiang out and have someone keep an eye on him.'

Chen Qi looked at Qian Xinyi in disbelief and said, 'Just let Xu Qiang go?'

He snorted and continued, 'That's not like you to do that, Miss.'

Hearing these words. Qian Xinyi's eyebrows flashed with a hint of flirtation as she looked at Chen Qi and said, 'Have someone keep an eye on that little punk, if Wang Long doesn't get rid of him. You can just tell me when the time comes.'

Chen Qi looked at Qian Xinyi and smiled slightly before speaking back, 'That's like the Miss I know, what about the person we arrested earlier?'

Thinking of that person. A strange look flashed in Qian Xinyi's eyes, Jiang Hao's tactics had left her somewhat puzzled up until now.

After a slight hesitation. Qian Xinyi let out a light sigh and said, 'Let that person go for now, I think we might have to ask for him again later.'

Chen Qi understood the meaning of her words, so he let out a bitter smile and said, 'No matter what you think, I don't want to have to need his help that day anyway.'

The two of them chatted briefly for a while before Qian Xinyi left and Chen Qi cleaned up his clothes a little.

Then he walked out of the office to the conference room and looked with a smile at Wang Long who was sitting on a chair, smoking one cigarette after another and said, 'Mr. Wang, please come with me, the person you want has already been presented.'

Wang Long looked at Chen Qi with a depressed expression and gave a cold snort, then got up and followed Chen Qi outside the venue.

Xu Qiang was dragged all over the place by Chen San to Wang Long, then spoke and laughed, 'Sorry, Mr. Wang, our people were too enthusiastic, so your brother-in-law inevitably suffered a little.'

Wang Long looked at Xu Qiang and the anger in his heart was just about to burst.

But after taking two deep breaths, Wang Long suppressed his anger and said to Chen Qi with a cold face, 'Please help me carry him to the car, thank you very much.'

Chen Qi smiled at this and then had Chen San drag Xu Qiang straight to the door on the ground and throw him into Wang Long's car.

Wang Long walked to the door and looked back deeply at Chen Qi, with a hint of gloom in his eyes.

He swore that as long as he could take the final step, he would not spare any of these people today!

After driving away from Thirty Mile Bay, Wang Long parked the car and then looked at Xu Qiang and spoke, 'There are only two of us here, what is going on, you tell me.'

Xu Qiang was already breathing less in and more out, after hearing Wang Long's words, he spoke in a broken voice, 'Sister's husband Jiang Hao, help me take revenge!'

As soon as the words left his mouth, without waiting for Wang Long to drive to Ha Wan to dispose of Xu Qiang he had already gone.

Wang Long looked at Xu Qiang and kept muttering under his breath, 'Jiang Hao.'

After a long time he took a deep breath, then kicked Xu Qiang out of the car and drove away.

Chen San followed behind Wang Long and saw this scene, a faint trace of mockery flashed in his eyes, really a bunch of beastly people!

Chapter 580

Xu Qiang and Dr. Liu interpreted the true meaning of this saying with their lives.

The truth of the matter could no longer be known as the two men left one after another, but Wang Long had memorised the name Jiang Hao.

There were some people who never sought the truth in what they did. Qian Xinyi was one of them, as long as everyone involved in the matter disappeared, that was enough.

Wang Long was also in this category, but what he was holding a grudge against now was not Qian Xinyi. Instead, it was this man called Jiang Hao!

At this moment, Jiang Hao did not know that he had somehow been hated by Wang Long, but looked at the invitation on the table and was a bit worried.

Master Zhang was also sitting on the side, looking at the invitation on the table with a sad face. This is because it is from the Qian family.

To be honest, Elder Zhang really didn't want Jiang Hao to have anything to do with the Qian family.

But what happened last time made it impossible for Jiang Hao to have nothing to do with it even if he wanted to!

Dr. Liu had inexplicably died and Xu Qiang's body was found on the road to Ha Wan!

The people who got this news, and Jiang Hao as well, could figure out with their toes that these things must be the Qian family's tactics!

Zhang Tian Sheng was also squatting on the threshold smoking a cigarette, after a long silence he looked at Jiang Hao and said, 'Do you, have to go?'

Hearing this, Elder Zhang couldn't help but let out a soft sigh, 'This Qian family, it's not something to be messed with.'

Jiang Hao let out a bitter smile somewhat helplessly, he hadn't wanted to provoke anyone's attention. But yet, he didn't expect things to develop to this point.

Thinking of this Jiang Hao shook his head and spoke, 'Forget it, I'd better go, after all I said I'd go for a follow-up before I came back.'

Elder Zhang looked at Jiang Hao and said, 'I can go, but I'm worried that if you go this time, you might not be able to come back, look at Xu Qiang and Dr. Liu.'

After saying this, the old man's heart couldn't help but rise up with a hint of sadness that a rabbit had died.

Although Zhang Tian Sheng did not feel this way, the death of the two men still gave him quite a shock.

Jiang Hao was already used to seeing these things, and looking at the gloomy expressions on their faces, he smiled slightly and said, 'Don't worry, nothing will happen, just wait for me at home.'

As soon as he finished speaking, Jiang Hao got up and walked out of the pharmacy. Then he walked towards the Qian family.

After walking for a short while, a car suddenly stopped in front of Jiang Hao, and a head poked out of the car was none other than Chen San!

'Hey, Doctor Jiang, going to the Qian Residence for dinner, right?'

Jiang Hao looked at Chen San and thought about refusing, but on second thought he smiled and said, 'Sure!'

When he got into the car, it turned out that Chen Qi was also in the car!

Chen Qi looked at Jiang Hao and smiled slightly and said, 'I've offended you a lot before. Please forgive me.'

When he saw how polite Chen Qi was to him, Jiang Hao didn't show any surprise. Instead, he nodded with a smile and said, 'You're welcome, it's just my job to save people and heal them.'

As soon as the words left his mouth, Jiang Hao looked at Chen Qi and continued, 'There is one thing I would like to ask you, what did the Qian family's old man do before?'

Chen Qi touched his nose. Then he looked at Jiang Hao and said with a bitter smile, 'It would be fine if you asked about something else, but this, I really don't dare to say.'

Jiang Hao didn't take it personally when he didn't get the answer he wanted. Instead, he laughed lightly and dismissed the matter.

After arriving at Qian's house, Jiang Hao found that there weren't really many people coming to Qian's house for dinner.

But the cars parked at the entrance were all luxury cars, among which Jiang Hao even saw a white license plate.

Jiang Hao naturally knew in his heart what such plates represented.

However, he pretended not to see it, got out of the car and handed his invitation to Yuan Hou and said with a smile, 'I didn't bring any gifts for today's dinner, so the host family won't take offense, right?'

It's strange, Yuan Hou used to despise Jiang Hao, but this time, for some reason, he was respectful to him!

'You are very kind to say that. Miss is already waiting for you inside the house.'

Jiang Hao smiled and then walked into the villa, where some people were already sitting in twos and threes chatting in low voices about something.

Qian Xinyi was standing at the door when she saw Jiang Hao coming and took the initiative to greet him, 'Hi. Jiang Hao, you've come over!'

Jiang Hao greeted her with a bland expression. Then he smiled and said, 'Of course, when I left, I said I would come over for Master Qian's follow-up consultation. Naturally, I'll come over today.'

Qian Xinyi smiled at that before leading Jiang Hao upstairs while speaking, 'I was worried that you wouldn't come over before, huh.'

After saying this, Qian Xinyi continued to speak, 'Grandpa has been in good health for a while, just that he keeps coughing some times, I don't know what's wrong.'

Jiang Hao hesitated for a moment when he heard this, then estimated the time and said with a smile, 'It's no big deal, the last incident made grandpa hurt his vitality, so he'll be fine after a little bit of recuperation.'

As they chatted, they reached the door of Elder Qian's room, and Qian Xinyi knocked gently on the door.

A middle-aged man's voice rang out and said, 'Come in.'

After walking into the room, Qian Xinyi respectfully looked at the middle-aged man sitting by Qian Lao's bed and said, 'Dad, Dr. Jiang is here.'

The middle-aged man nodded after hearing this, then looked at Qian Xinyi and said with a frown, 'A doctor is here, why are you following me up here, why don't you hurry up and go down to entertain the guest.'

Qian Xinyi was yelled at by the middle-aged man, some aggrieved glance at Jiang Hao and left.

Qian Lao lay on the bed and looked at the man and whispered, 'Hao Wen, no matter how you say Xin Yi is also your daughter, she has also been working very hard for so many years, it's almost enough.'

Qian Haowen looked at the old man and sighed slightly before speaking, 'After all, it's only a daughter, she simply can't inherit the family business of my Qian family.'

After saying this, Qian Haowen ignored Jiang Hao and continued to look at Qian Lao and said, 'Father, take your time to get well, I will take care of the outside matters!'

Jiang Hao frowned, then walked towards the bedside and said in a cold tone, 'Please make way, I need to take the patient's pulse.'

This was the first time someone had dared to treat him like this, and in his own home!

Qian Haowen was about to lash out, but was stopped by Qian Lao's eyes and had to stand to the side.

'At the moment, our company has already hooked up with the Chu family side, and I want to release twenty percent of the interest in the south of the city project to consolidate it a bit more.'

Jiang Hao's hands involuntarily trembled when he heard these words, but nothing showed on his face.

Old Man Qian lay on his bed with his eyes closed in contemplation, 'The Chu family, ah, well, it's better to put out a little more, take out thirty percent of the interest.'

After saying this, Elder Qian opened his eyes to look at Qian Haowen and said, 'Being a man should be atmospheric, and this aspect of relationship should know how to be in place at once!'
